FRIDAY OCTOBER 2 1914

THAT, S. P. C. A. CASE

n another column of this issue the President of the Rahway Branch of the Society for the Prevention of Crueity to Animals replies to an editorial which appeared in the Record, issue of September 25. The S. P. C. A. President fully explains, and quotes abstracts of the law governing S. P. C. A. arrests, and everyone will agree that, not only in Rahway, but elsewhere, the Society is doing a work that is most commendable.

The article in question, reflected, in no way upon the integrity or sincerity of purpose of the S. P. C. A. nor any of its representatives but simply voiced the sentiments of a great many people. "What is the Reason" why the S. P. C. A. agent withdrew his complaint when defendants counsel, asked that the case be tried before a jury. The S. P. C. A. president has evidently answered the question and gives the reason, in that part of the communication, wherein it is stated that the "Magistrate thould declare the defendant guilty or anot guilty on the charge after which the defendant may exercise his right to tappeal if he desires" The State agent so it is said, "quoted the law in vain on the occasion in question." If he d.c. and the magistrate failed or refused to decide one way or the other, then the S. P. C. A. agent had no other alternmative than to withdraw his complaint against the defendant. That is perfect-

The fact that the arrest was made and the case brought before Judge Buckley without the knowledge of the Rahway Branch, etc., is irrelevant, as is also the writer being "unaware of the fact that it requires two witnesses to the act of cruelty. The writer of the editorial is aware that defendant in a case has a right to be adjudged hinocent, until his guilt is proven. It matters Bitle whether it pertains to S. P. C. A. arrests or any other breach of the

We think that the editorial in question dealt very fairly with the S. P. C. A. side of the case. We credited, and still credit the society with doing good work, but we still adhere to the fact that no man can be judged guilty anf a breach of the law until it is proven against him.

ATTRACTIONS AT THE EMPIRE Because of the extra and popular attractions at the Empire Theatre Wednesday night, it was necessary to repeat the shows in order to accommodate the large crowd in attendance.
