"MUTINY ON THE BOUNTY" AT RAHWAY "Mutiny on the Bounty." Metro-Goldwyn-Mayer's sea classic, plays at the Rahway theatre Wednesday, Thursday, Friday and saturday. It is a picture that must take the highest place of all the sea dramas converted to the motion picture screen. Three stars top a notable cast of more than fifty featured players but the outstanding star of all is the sturdy little squarerigger, "H. M. S. Bounty," which figured in one of the most dramatic chapters of sea drama more than 150 years ago. "Mutiny on the Bounty," a crowning production achievement for Irving G. Normal Hall, It is the true story of a scientific expedition of a group of men who rise in mutiny against the tyranny of their captain and who are eventually tracked down by the long arm of England's sea law and led back to an ignoble death on a yardarm. Charles Laughton, as Captain Bligh, far surpasses any performance of his spectacular screen career. He gives the role of

L Rus Pictures

We see good pictures, and we see bad pictures; but both kinds, good and bad, bear the same stamp of the Hollywood formula.

What we crave, and what you probably crave, is something new under the Hollywood sun. That something new has arrived at last at the Empire theatre, and, fortunately, it will remain there until Saturday, giving you, we hope, ample time to see it. "Public Opinion," from Invincible, is the occasion for our excitement. "Public Opinion" is a genuinely unusual picture, well acted, well directed, and attractively staged in the background of the opera. There is not room here to recount the story, but we must repeat that it is an unusual one, which, in itself, is a more than sufficient recommendation or any screen drama. The settings are varied and colorful. The cast is excellent, stellar honors going to Lois Wilson in a dual role, Crane Wilbur, Shirley Grey, Luis Alberni, Paul Ellis,

Ronnie Cosbey, Florence Roberts and Andres De Segurola. Don't miss "Public Opinion." The second Empire Jeature is "The Last Outpost" with Cary Grant and Gertrude Michael. An added attraction Saturday and Sunday presents the exclusive pictures of the recent Louis vs. Uzcudun fight held at the

The Public Pays

It should be everlastingly emphasized that every "class" or special tax falls eventually on the consumer The business taxed simply acts as the agent of government—it collects the tax from its customers, who provide its only means of revenue, and passes it on to the public treasuries.

A first-class example of that is the class tax gasoline. Special taxes against gasoline users on top of all the regular taxes paid by petroleum refiners and distributors, force gasoline consumers to pay excessive sums into the public treasuries.

Today chain retail stores are becoming the principal target for class taxation. In the years since 1927, more than half of the states have enacted class lots of them. taxes of one kind or another against chain organiza tions. Some of these taxes have been upheld by the courts-others have been found unconstitutional But this is true of every one of them—they are discriminatory, in that they favor one type of mer- erty of Lincoln Hook and Ladder Company, dischandiser at the expense of another, and they all soak the consumer.

Chain stores, for example, can pay the increased perating cost by increasing the cost of what they trians to take necessary precautions to get out of the sell. And the public pays and pays and pays for class taxation.

Outstanding Safety For Your Valuables

Valuable documents and other important small-sized belongings are not safe around the house or office-no matter how carefully you hide them. Suppose fire should strike tomorrow-can you be sure it would miss your investments, the deeds to property you own, or mortgages, or insurance policies? Not if they are put away in desk drawer, or closet, or under the mattress or rug!

Or if thieves should visit you-are you certain they couldn't find valuables because they are "hidden" in bureau or clothes closet? For real safety-put your valuables in a Safe Deposit Box in the vault of The Rahway Savings Institution. The cost—a few cents a week.
