When the Bigelows moved into their new home, the brook at the rear of their property had just been channelled by the town. Much to their dismay, the far side of the brook appeared to have been a dumping ground for some time for all kinds of trash. With hard work, they "reclaimed" the area, built the bridge and walkways and planted the area. While they realize that the planting is "young" in some aspects and "too thick" in others, natural causes and judicious elimination will eventually bring the area to a more desirable mature stage.

Suburban news

"These Are a Few of My Favorite Things" is the theme of a standard placement open homes show and garden pilgrimage scheduled for today from 2 to 5 p.m. and from 7 to 9 p.m. by The Rake and Hoe Garden Club of Westfield.

Illustrating the song from the Rodgers and Hammerstein musical "The Sound of Music" five area homes will be open to the public.

On the North side of Westfield is the home of Mr. and Mrs. Alpheus Albert, 23 Hawthorne Drive. Featured here is Mrs. Albert's collection of Wedgewood in the four Wedgewood colors, blue, green, terra cotta and black jasperware, as well as black basalt. Horticulture exhibits and hanging plants will also be found at this home.

The home of Mr. and Mrs. Henry L. Jamieson of 3 Hawthorne Drive will be of special interest to those who visited the Club's open

homes show of six years ago, when the house was owned by another member of the club. Formerly furnished in a traditional manner, the home now has an oriental motif throughout. In keeping with this a special exhibit of Bonsai prepared by Mr. Max Rolland of Rutgers will be shown on the terrace.

A landscape design exhibit with tagged shrubbery and the original blueprints for the plantings will be a special feature at the home of Mr. and Mrs. Robert J. Boutillier of 930 Minisink Way.

On the South side of town is the home of Mr. and Mrs. Claude I. Bigelow of 787 Knollwood Terrace where the horticulture classes for junior gardeners will be seen. The Bigelow garden is of special interest because the Bigelows reclaimed it from what was once a dumping area. When the house was built, the town channelled a brook at the rear of the property and the Bigelows transformed the spot with a bridge and walkways as well as by establishing plantings.

Fifth home on the tour is that of Capt. and Mrs. Paul J. Burr of 776 Norman Place. Of special interest in their home are botanical

reports prepared by Mrs. Burr's mother as a school girl in 1898.

Complete with examples of dried plant material, the reports have been framed and may be viewed in the living room of the Burr home.

Tickets for the tour may be obtained at the door of any of the homes on ~~xxxxxxx~~ display. Tourgoers are urged to wear low-heeled shoes. All proceeds from the sale of tickets will be used by the club for civic and educational projects. The club is an affiliate of the Westfield Y.W.C.A.

RAKE AND HOE OPEN HOME SHOW, 1966

Treasurer's Report

Show account was opened August 3, 1966, at the National Bank of Westfield. Checks against the Show account required two signatures, those of Martha Mayer as Chairman and myself as treasurer.

Initial deposit comprised \$150. advanced for the purpose by the Club treasurer, and \$36. from Ways and Means Committee. That Committee had drawn authorized advance of \$50 from the Club treasurer, for purchase of materials to be converted into articles for sale at the Show; owing to change of plan, \$36. was left over.

On October 18, \$140. was withdrawn from the Show account in the form of assorted currency and change. This was furnished to Members handling sale of tickets, and of plants, containers and the like, at the various open homes on Show Day, for their use in making change for purchasers. After the Show closed, \$140. was collected from these Members and redeposited in the Show account.

Ways and Means Committee remitted \$59.15 realized from sale of plants, etc., and this amount was deposited in the Show account. That Committee reported to your Show treasurer that the \$59.15 included \$2.01 collected as sales tax, as well as \$14. (from the \$50. advanced by the Club treasurer) representing cost of materials for conversion into articles for sale.

Remittance of \$2.01 has been made to the Y. W. C. A. for above sales tax collected, by them to be forwarded to appropriate State tax agency.

A portion of the surplus of sandwiches was bought by Hospitality Committee members, and the \$2. so realized was deposited in the Show account.

To the best of my knowledge and belief, all obligations for account of the Show have been discharged. Net profit of \$504.68 has been paid to the Club treasurer by a check which closes out the Show account with National Bank of Westfield.

Respectfully submitted,

January 10, 1967

(Mrs.) Irene Compton
Treasurer of F. L. Show

Floral Tour Designs Offer a Wide Variety

WESTFIELD—Five area women have accepted invitations to make floral arrangements for the standard placement open homes show and garden pilgrimage to be conducted by The Rake and Hoe Garden Club Tuesday from 2 to 5 p.m. and 7 to 9 p.m.

All National Council Accredited Flower Show judges, they will prepare arrangements to illustrate the theme "These Are a Few of My Favorite Things" from the Rodgers and Hammerstein musical "The Sound of Music."

Mrs. Harold L. Brooks of Westfield, author of several books on flower arranging, will display an arrangement in the home of Mr. and Mrs. Alpheus H. Albert, 23 Hawthorne Dr. Other features in the Albert home will be a display of Wedgewood collected by Mrs. Albert, horticulture exhibits and hanging plants.

The home of Mr. and Mrs. Henry L. Jamieson, 3 Hawthorne Dr., will feature an arrangement by Mrs. Harold Pletcher of Morristown. A charter member of Ikebana International, Montclair chapter, Mrs. Pletcher will make an arrangement to accent the oriental feeling of the Jamieson home. A bonsai exhibit on the terrace by Max Rolland of Rutgers will further carry out the theme.

Mrs. Arnold W. Treptow of Fanwood, also a charter member of Ikebana International, Montclair chapter, will display an arrangement in the foyer of the home of Mr. and Mrs. Robert J. Boutillier, 920 Minisink Way. This home will also feature a landscape design exhibit complete with the original blueprints, as well as tagged shrubbery to help with identification in the garden. A Donald Duck cartoon "The Litterbug" will

in the Burr living room. Prepared by Mrs. Burr's mother, reports have been framed and as a schoolgirl in 1898, the re-are on exhibit.

Tickets for the show are available from all club members as well as at the desk of the Westfield YWCA. A YWCA affiliate, the club will use all proceeds for civic and educational projects.

Rake And Hoe Garden Pilgrimage, Show To Include Two South Side Homes

The Rake and Hoe Garden Club will feature tours through two homes on the south side of Westfield as part of its standard placement home show and garden pilgrimage to be held Wednesday, Oct. 19, from 2 to 5 p.m. and 7 to 9 p.m.

In addition to three homes on the north side with such features as a Wedgewood collection and landscape exhibits, the homes of Mr. and Mrs. Claude I. Bigelow and Capt. and Mrs. Paul J. Burr will also be open to the public.

Of special interest at the Bigelow home, 787 Knollwood Ter., is the garden. When the Bigelows moved into their house the brook at the rear of their property had just been channelled by the town. The far side of the brook appeared to have been a dumping ground for all kinds of trash. With new plantings, a bridge, a walkway and much hard

work, the Bigelows have reclaimed the area.

At 776 Norman Pl., the Burrs will display a cherished collection of botanical reports prepared by Mrs. Burr's mother when a student at Pennington Seminary in 1898. Complete with pressed and dried samples of plant material, the reports form a unique decorative note in the Burr living room.

Tickets for the tour may be obtained from any member of the club or at the YWCA. All proceeds will be used for civic and educational projects.

Three North Side Homes To Be Opened For Rake And Hoe October Show, Tour

Three houses on the north side of Westfield are among the five which will be open to the public during the standard placement home show and garden pilgrimage planned for Wednesday, Oct. 19, by the Rake and Hoe Garden Club.

A tour of the home and garden of Mr. and Mrs. Alpheus H. Albert of 23 Hawthorne Dr. will feature her collection of Wedgewood china. Acquired during trips to Canada and Nassau as well as throughout the United States, the pieces include the four well-known Wedgewood colors of blue, green, terra-cotta and black jasperware, as well as black basalt.

The home of Mr. and Mrs. Henry L. Jamieson of 3 Hawthorne Dr. offers a unique opportunity to those who attended the open home Christmas show given by the club six years ago. Owned by another clubmember at that time, the house was furnished in a traditional manner. The new owners have achieved an entirely different effect in the same setting with an oriental motif.

A special feature in the garden of Mr. and Mrs. Robert J. Boutillier of 920 Minisink Way will be a landscape planning exhibit. Designed by a former member of the club, the original blueprints of the landscaping will be on display. All shrubbery will be identified by name tag. Refreshments will be served in the dining room.

Amateur horticulturists in the area are invited to enter the horticulture exhibit. Schedules and other information are available at the desk in the YWCA.

Tickets for the tour are available from all clubmembers as well as at the YWCA. Proceeds will be used for educational and community projects.

This was a very well organized show, there was a feeling of being completely developed - not the often felt - push to finish on time. With the rain (which poured) this I felt was very commendable.

I felt the staging of the hanging plants was well done and haven't seen this done in a show of this type. They were hung from ceiling of the garage - You could see all of the plant material as they were almost at eye level, good circulation too. The horticulture was very nicely staged around the walls of the basement, a good choice as the color was white wainscot which showed off the horticulture. The staging of the Bonsai trees on a patio wall which was visible from the doors of the home - due to rain not many went outside - but it really was so beautifully staged and visible from the inside of the home. The garden that was open could be seen from the home also and the lights had been turned on during the day to give you some idea how it would look at night. It was a shame that we couldn't enjoy looking at each plant in the garden because of the rain.

These artistic designs were good - we gave a Crested Awaras and a Tri Color. Junior Classes were good - I feel we could have given a junior Achievement too.

I did not judge the horticulture but one of the judges who did said that some were not labeled - so removed a point there.

There was a special exhibit of pressed botanical plants. - Conservation by fire prevention - a film on littering, leaflets on how to plant trees seedlings - bulletins on conservation from U.S. Dept of Agriculture, Leaflet on Bonsai explaining what & how to do them. An exhibit of a tour taken by a group through forest and objects displayed that were collected.

There was a very warm feeling of hospitality. There were ample judges. They also had a nice refreshment table for the guests. The homes were easy to move as to circulation of guests. Staging of many of the inside educational exhibits in one area in garage was very well staged.

Have taken off a couple points on the schedule - the cones and inside could have been attached - Smaller more compact booklet would have been easier to handle - no shows perfect - but almost.

This was a very lovely show -- in spite of the rainy and, at times, foggy weather. It was not pleasant going from one place to another but as one entered the houses, a lovely door arrangement seemed to bid you welcome.

Each house had a truly distinctive invitation arrangement which sparked the house and gave the artistic arrangements in the house a look of luxury.

Mrs. Mayer remarked that the show was the fifth put on. They are 15 yr. old club

The members are all friends and a close-knit group of congenial workers -- all of them. Their hospitality was most gracious. Greeted with coffee and coffee cake at 10. The luncheon was prepared by the members -- very delicious and beautifully served. (51 members)

Mrs. Mayer told us that Public Service had wired 2 of the houses for garden display in the evening.

That had an exceptionally good Bonsai exhibit - by Mr. Rolland from Rutgers. (Very educationally - had, not only the usual miniature evergreens but also maples, and other trees)

Had many give-aways: New Jersey Forest Fire Service, "Bonsai - the Dwarfed Potted Trees of Japan," "How to Plant A Tree," "National Audubon Society Publication Lists, Audubon Gift Catalog, Conquest of the Land through 7,000 years - an agriculture information bulletin from U.S. Dept. of Agriculture Soil Conservation Service "It's a Tree Country"-publication by American Forest Products Industries, Wash. DC., 6 give-aways on Beautifying America

Education exhibit -- A Landscape Design of one of the gardens and how the owner had turned this previous neighborhood dumping ground into a beautiful, landscaped home garden

Litterbug Sound Movie - How to Keep America Beautiful -- with sound and in color (a Donald Duck series)

Bird Exhibit -- a Harvest of Birds by Scout Troups.

Letters of Thank you written by elementary school children for the Audubon Bird Books and bird baths donated to 10 elementary schools in Westfield

Community Project Board -- Lyons, Nursing Homes, John E. Runnells Home, Cerebral Palsy Group.

Conservation - a member's daughter had gone to Tetons and made a lovely display of the Y Teen Work Camp at Teton Natl Forest, Jackson, Wyoming

An award of merit given for African Violet
" " " " for hanging basket

A tricolor given in arrangements

A Creativity Award was given (won by Irene Doremus)

It must be remembered that at this time of the year, and with the drought, not too much in horticulture was available. Some of their quality classes had small representation but taking all into consideration I believe people who put on shows in off-seasons should be given credit for trying to extend the flower show seasons.

Dear Mrs. Mayer:

Mr. Reinheimer, who is Rodgers and Hammerstein's attorney, has just returned from Europe, and he says that it will be alright for you to use the title, THESE ARE A FEW OF MY FAVORITE THINGS, and you may use the musical excerpts as classification for your arrangements. I will try to send you the display material on THE SOUND OF MUSIC.

Dear Mr. Rodgers,

The Lake and Lake

having a "Open Home and Garden
Tour," flower show on Oct 19th 1966.

The schedule committee
was so intrigued with the score of
"Sound of Music", we would like to
entitle our show "There are a few of
my favorite things". Excerpts from
the ~~score~~ ^{musical} would be used as
classification for the arrangements
such as "Snowdrops on Roses" -
"Crisp Apple Strudel" etc. May we
have your permission to use these excerpts?

In the past, we have
had about one thousand people in
attendance at our shows. We are
sponsored by the U.W.C.A. and the proceeds
are for "Community and Civic Projects".
Would it be possible to
secure any program covers, display

material in connection with "The Sound
of Music" for our show?

I would be delighted
to come into New York to discuss any
possibilities.

Thank you for the time
in reading my letter and most
am anxiously awaiting your reply.

Yours Truly,
(Mrs. Elsie B.) Martha Wayne
Flower Show Chairman

As our schedule committee ~~is~~
~~must~~ must present a title for the
show to our Board by May 10th
may we have your prompt

Floral Tour Designs Offer a Wide Variety

WESTFIELD—Five area women have accepted invitations to make floral arrangements for the standard placement open homes show and garden pilgrimage to be conducted by The Rake and Hoe Garden Club Tuesday from 2 to 5 p.m. and 7 to 9 p.m. All National Council Accredited Flower Show judges, they will prepare arrangements to illustrate the theme "These Are a Few of My Favorite Things" from the Rodgers and Hammerstein musical "The Sound of Music."

Mrs. Harold L. Brooks of Westfield, author of several books on flower arranging, will display an arrangement in the home of Mr. and Mrs. Alpheus H. Albert, 23 Hawthorne Dr. Other features in the Albert home will be a display of Wedgewood collected by Mrs. Albert, horticulture exhibits and hanging plants.

The home of Mr. and Mrs. Henry L. Jamieson, 3 Hawthorne Dr., will feature an arrangement by Mrs. Harold Pletcher of Morristown. A charter member of Ikebana International, Montclair chapter, Mrs. Pletcher will make an arrangement to accent the oriental feeling of the Jamieson home. A bonsai exhibit on the terrace by Max Rolland of Rutgers will further carry out the theme.

Mrs. Arnold W. Treptow of Fanwood, also a charter member of Ikebana International, Montclair chapter, will display an arrangement in the foyer of the home of Mr. and Mrs. Robert J. Boutillier, 920 Minisink Way. This home will also feature a landscape design exhibit complete with the original blueprints, as well as tagged shrubbery to help with identification in the garden. A Donald Duck cartoon "The Litterbug" will be shown there every half hour during the show. There will also be a display of educational and conservation projects.

Author of magazine and newspaper articles on flower arranging, Mrs. Tudor Finch of Basking Ridge, will have an arrangement at the home of Mr. and Mrs. Claude I. Bigelow, 787 Knollwood Ter. The rear garden of the Bigelow home, once a dumping ground for all kinds of trash, has been reclaimed. A bridge over the brook and walkways in addition to plantings, have been part of the projects. Junior horticulture classes will also be displayed.

Mrs. Edward Druback, Madison florist, will prepare an arrangement for the home of Captain and Mrs. Paul J. Burr, 776 Norman Pl. Botanical reports illustrated with dried plant material establish decorative notes

in the Burr living room. Prepared by Mrs. Burr's mother, reports have been framed and as a schoolgirl in 1898, the reports are on exhibit.

Tickets for the show are available from all club members as well as at the desk of the Westfield YWCA. A YWCA affiliate, the club will use all proceeds for civic and educational projects.

Three North Side Homes For Rake And Hoe Club

Three houses on the north side of Westfield are among the five which will be open to the public during the standard placement home show and garden pilgrimage planned for Wednesday, Oct. 19, by the Rake and Hoe Garden Club.

A tour of the home and garden of Mr. and Mrs. Alpheus H. Albert of 23 Hawthorne Dr. will feature her collection of Wedgwood china. Acquired during trips to Canada and Nassau as well as throughout the United States, the pieces include the four well-known Wedgwood colors of blue, green, terra-cotta and black jasperware, as well as black basalt.

The home of Mr. and Mrs. Henry L. Jamieson of 3 Hawthorne Dr. offers a unique opportunity to those who attended the open home Christmas show given by the club six years ago. Owned by another club-member at that time, the house was furnished in a traditional manner. The new owners have achieved an entirely different effect in the same setting with an oriental motif.

A special feature in the garden of Mr. and Mrs. Robert J. Boutillier of 920 Minisink Way will be a landscape planning exhibit. Designed by a former member of the club, the original blueprints of the landscaping will be on display. All shrubbery will be identified by name tag. Refreshments will be served in the dining room.

Amateur horticulturists in the area are invited to enter the horticulture exhibit. Schedules and other information are available at the desk in the YWCA.

Tickets for the tour are available from all clubmembers as well as at the YWCA. Proceeds will be used for educational and community projects.
