INTRODUCTION

R. L. POLK & CO., publishers of more than 750 city, county, state and national Directories, present to subscribers and the general public, this, the 1945-46 edition of the Red Bank Directory, which also includes Little Silver, Fair Haven, River Plaza and part of Shrewsbury.

Confidence in the growth of Red Bank's industry, population and wealth, and in the advancement of its civic and social activities, will be maintained as sections of this Directory are consulted, for the Directory is a mirror truly reflecting Red Bank to the world.

The enviable position occupied by R. L. POLK & CO.'S Directories in the estimation of the public throughout the country, has been established by rendering the best in Directory service. With an unrivaled organization, and having had the courteous and hearty cooperation of the business and professional men and residents, the publishers feel that the result of their labors will meet with the approval of every user, and that the Red Bank Directory will fulfill its mission as a source of authentic information pertaining to the community.

Four Major Departments

The four major departments are arranged in the following order:—

THE BUYERS' GUIDE, separately paged from 1 to 48, on goldenrod paper, contains the advertisements of leading manufacturing, business and professional interests of Red Bank and vicinity. The advertisements are indexed under headings descriptive of the business represented. This is reference advertising at its best, and merits a survey by all buyers eager to familiarize themselves with sources of supply. In a progressive community like Red Bank, the necessity of having this kind of information immediately available, is obvious. General appreciation of this fact is evidenced by the many reference users of this Directory service.

THE CLASSIFIED BUSINESS DIRECTORY is included in pages 65 to 114, on yellow paper. This department lists the names of all business and professional concerns of the whole community in alphabetical order under appropriate headings. This feature constitutes an invaluable and indispensable catalog of the numerous interests of the community. The Directory is the common intermediary between buyer and seller. As such it plays an important part in the daily activities of the commercial and professional world. More buyers and sellers meet through the Classified Business Directory than through any other medium.

THE ALPHABETICAL LIST OF NAMES of residents and business and professional concerns is included in pages 117 to 374, on white paper. This is the only record in existence that aims to show the name, marital status, occupation and address of each adult resident of Red Bank and vicinity, and the name, official personnel, nature and address of each firm and corporation.

THE DIRECTORY OF HOUSEHOLDERS, INCLUDING STREET AND AVENUE GUIDE, on pink paper, covers pages

377 to 411. In this section the names of the streets are arranged in alphabetical order; the numbers of the residences and business concerns are arranged in numerical order under the name of each street, and the names of the householders and concerns are placed opposite the numbers. The names of the intersecting streets appear at their respective crossing points on each street. Special features of this section are the designation of tenant-owned homes and the designation of homes and places of business having telephones.

Community Publicity

The Directory reflects the achievements and ambitions of the community, depicting in unbiased terms what it has to offer as a place of residence, as a business location, as a manufacturing site and as an educational center. To broadcast this information, the publishers have placed copies of this issue of the Directory in Directory Libraries, where they are readily available for free public reference, and serve as perpetual and reliable advertisements of Red Bank and vicinity. There are more than 500 of these Directory Libraries, installed and maintained in the chief cities of the U. S. and Canada through the courtesy of members of the Association of North American Directory Publishers, under whose supervision the system is operated and of which R. L. Polk & Co. is a member.

The publishers appreciatively acknowledge the recognition by those progressive business and professional men who have demonstrated their confidence in the Directory as an advertising medium, with assurance that it will bring a commensurate return.

R. L. POLK & CO.,
Publishers.

Public Libraries—1, with 30,000 volumes.

General Review

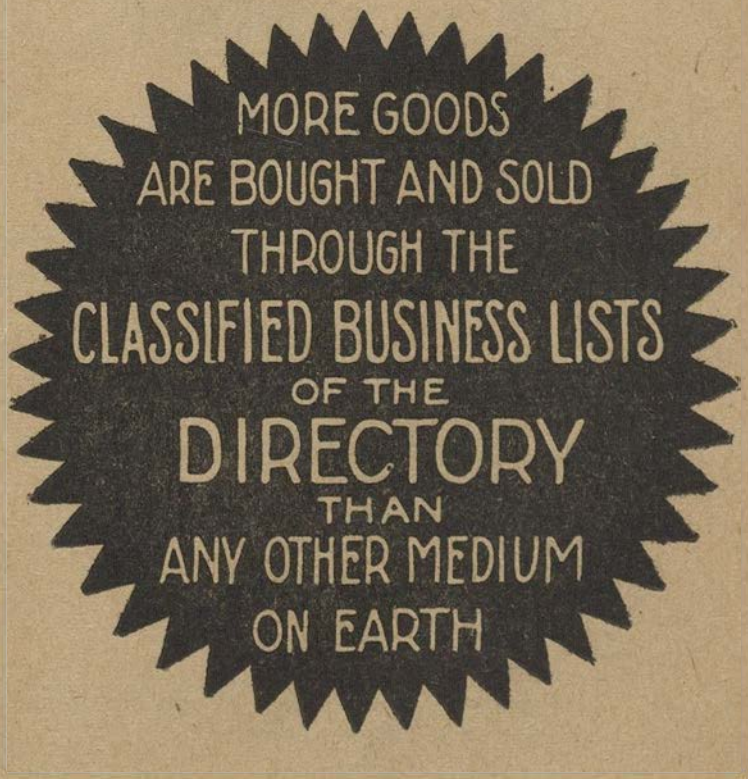

The Borough of Red Bank is a residential commuting center on the Navesink or North Shrewsbury River, covering 1,434 acres (2.24 square miles), on the Pennsylvania R. R. and the Central R. R. of N. J., approximately forty miles from New York City. To the east, it is but a few minutes' driving time from the famous New Jersey shore resort area. To the west are Monmouth County's prolific agricultural sections. In and immediately surrounding the borough proper are some of the finest homes and estates in the entire country.

Red Bank is a retail and commercial center for some 40,000 people in this and neighboring boroughs, with which it is connected by a network of buses running on regular schedules. Its retail stores have sales nearly three times greater per capita than the average for the state.

Bcause of the limited land area within the borough limits and the large home development, practically all future development must take place beyond these limits, which will build up the neighboring boroughs. For this reason, the Red Bank Community Chamber of Commerce is organized to serve all these boroughs.

Recreation is high-lighted by the largest yearly speed boat sweepstakes regatta in the world. Sailing, canoeing, bathing, fishing, skating and ice-boating are prevalent. The borough is surrounded with country, golf, yacht and boat clubs, and several fine golf courses. It has two service clubs and several lodges of fraternal organizations and patriotic groups. Newspapers published in the borough serve the surrounding areas, and there are ample financial institutions. While not a manufacturing town, Red Bank has two large and several small factories, with the needle trades and radio part manufacturing predominating. Many greenhouses surround the boundary lines.

Quality Sales and Service

—*means* TELEPHONE SUBSCRIBER

—*means* HOME OWNER

THE HOME-OWNER SYMBOL in the Householders' Guide of the New City Directory, designates Home-owners on every Street and Avenue in the city. As a means of Checking Credits, conducting Direct Mail Campaigns, Sales Planning, Prospect Lists, etc., it is of invaluable assistance.

THE BELL SYMBOL designates Telephone Subscribers and appears in the Householders' Guide following street numbers.

NEW FEATURES and **DEPARTMENTS** are constantly being adopted in our efforts to improve and add to the recognized value of the City Directory service demanded by the public.

WHY A *Buyers' Guide?*

★ ***It is customary to include a Buyers' Guide in the City Directory because:***

It gives business firms the opportunity to elaborate upon a description of their products and services impossible in the limited space of regular Alphabetical and Classified listings.

☆

The Buyers' Guide is a necessary supplement to the regular listings; it is good City Directory information . . . *EXTENDED*

=CAUTION=

Pay no money in advance to itinerant Directory Canvassers. We are led to mention this from the fact that certain parties have been fraudulently using our publications as specimens, and by that means collecting money in advance. Before signing an order, see that it has the name of R. L. Polk & Co. printed thereon. We ask no payment until the work is delivered, and our solicitors have strict orders not to take payment for either advertising or subscriptions.

The CITY DIRECTORY

Has a Definite Place in the Business Man's

★ POST-WAR PLANS ★

The average market is nothing like it was at the outbreak of the war. The extent of change has been tremendous. Use the new City Directory to re-analyze the city—to see what it has gained and lost —to check the movements and trends—to secure a record of the vast army of removals—to organize for merchandising new products and services.

The* CITY DIRECTORY *is an Unbiased Picture that Tells a Story

=CAUTION=

Pay no money in advance to itinerant Directory Canvassers. We are led to mention this from the fact that certain parties have been fraudulently using our publications as specimens, and by that means collecting money in advance. Before signing an order, see that it has the name of R. L. Polk & Co. printed thereon. We ask no payment until the work is delivered, and our solicitors have strict orders not to take payment for either advertising or subscriptions.

Of the Information in the DIRECTORY of a city or town changes each year. Did you know this? For this reason is it not money saved to have the latest information handy? The only way to do it is to have the

LATEST CITY DIRECTORY

WHY A *Buyers' Guide?*

★ ***It is customary to include a Buyers' Guide in the City Directory because:***

It gives business firms the opportunity to elaborate upon a description of their products and services impossible in the limited space of regular Alphabetical and Classified listings.

☆

The Buyers' Guide is a necessary supplement to the regular listings; it is good City Directory information . . . *EXTENDED*

Directory of Householders, Occupants of Office Buildings and Other Business Places, Including a Complete Street and Avenue Guide

1945-46

Copyright, 1946, by R. L. Polk & Co.

In the following list the streets are arranged in alphabetical order, the intersecting streets being shown. The number of each building on the street is given in numerical order, and opposite the number is placed the name of the occupants or houseowner or tenant. In the business blocks containing offices the occupants are shown by room numbers where practicable, in apartment homes the number denotes the number of the apartment. In all streets both sides of the street are included in one list. The profession or business of individuals or firms is given only at their respective place of business; to find occupation of others refer to Alphabetical List of Names.

The symbol ⓞ following a householder's name indicates that we have received information during the canvass that the house is owned by some member of the family, but as the publisher cannot and does not guarantee the correctness of the information furnished, nor the complete absence of mistakes no responsibiilty for errors can be or is assumed, nor can the publisher furnish further information than that shown.

The ♙ preceding names denotes householders and places of business having telephones.

This Publication Is The Product of a Member of

—thus assuring you the ultimate service that skill and care can produce in the way of City Directories or other reference media, and providing protection against fraudulent advertising schemes which operate under the name of Directories.

The following "Standards of Practice," adopted at the inception of the Association of North American Directory Publishers in 1898, and strictly adhered to over the years, is your guarantee of satisfactory Directory Service.

The publisher of a Directory should dedicate his best efforts to the cause of business uplift and social service, and to this end pledges himself:

1. To consider, first, the interest of the user of the book.

2. To subscribe to and work for truth, honesty and accuracy in all departments.

3. To avoid confusing duplication of listings, endeavoring to classify every concern under the one heading that best describes it, and to treat additional listings as advertising, to be charged for at regular rates.

4. To increase public knowledge of what Directories contain; to study public needs and make Directories to supply them; to revise and standardize methods and classifications, so that what is wanted may be most easily found, and the Directory be made to serve its fullest use as a business and social reference book and director of buyer and seller.

5. To decline any advertisement which has a tendency to mislead or which does not conform to business integrity.

6. To solicit subscriptions and advertising solely upon the merits of the publications.

7. To avoid misrepresentation by statement or inference regarding circulation, placing the test of reference publicity upon its accessibility to seekers, rather than on the number of copies sold.

8. To co-operate with approved organization and individuals engaged in creative advertising work.

9. To avoid unfair competition.

10. To determine what is the highest and largest function of Directories in public service, and then to strive in every legitimate way to promote that function.

$100 Reward will be paid by the Association of North American Directory Publishers for the arrest and conviction of any person or persons engaged in the publishing, collecting or canvassing for any fraudulent or fake directories.
