CASHIERS! TELLERS! CLERKS!

Do your employers furnish you with the latest edition of the City Directory?

You need it at your elbow at all times, to protect your company from forgers and bad-check artists. A few questions, checked against City Directory information, will trip them at once. Intelligent use of the City Directory for this purpose has saved thousands of dollars and helped make some cities "too sharp" for bad-check "operators."

AIDS TO PROPER MAILING

Write name and address plainly and completely.

Place name and address of sender on all matter.

Prepay postage fully on all letters and parcels.

Always address mail for city delivery to street and number and request correspondents to do likewise.

Use designation North or South, East or West when it is a proper part of the address and save delay in delivery.

Insure valuable parcels except those containing small articles of considerable value which should be registered.

Wrap parcel post carefully in heavy paper and tie knots securely.

You will often gain a day's time in delivery by depositing mail as soon as it is ready.

Use Postal Unit numbers on mail addressed to cities where Unit Numbers are required.

RED BANK, N.J.

INTRODUCTION

R. L. POLK & CO., publishers of more than 750 city, county, state and national Directories, present to subscribers and the general public, this, the 1950 edition of the Red Bank City Directory, which also includes Little Silver, Fair Haven, River Plaza and part of Shrewsbury.

Confidence in the growth of Red Bank's industry, population and wealth, and in the advancement of its civic and social activities, will be maintained as sections of this Directory are consulted, for the Directory is a mirror truly reflecting Red Bank to the world.

The enviable position occupied by R. L. POLK & CO.'S Directories in the estimation of the public throughout the country, has been established by rendering the best in Directory service. With an unrivaled organization, and having had the courteous and hearty cooperation of the business and professional men and residents, the publishers feel that the result of their labors will meet with the approval of every user, and that the Red Bank Directory will fulfill its mission as a source of authentic information pertaining to the community.

Four Major Departments

The four major departments are arranged in the following order:—

THE BUYERS' GUIDE, separately paged from 1 to 32 on goldenrod paper, contains the advertisements of leading manufacturing, business and professional interests of Red Bank and vicinity. The advertisements are indexed under headings descriptive of the business represented. This is reference advertising at its best, and merits a survey by all buyers eager to familiarize themselves with sources of supply. In a progressive community like Red Bank, the necessity of having this kind of information immediately available, is obvious. General appreciation of this fact is evidenced by the many reference users of this Directory service.

THE CLASSIFIED BUSINESS DIRECTORY is included in pages 49 to 106, on yellow paper. This department lists the names of all business and professional concerns of the whole community in alphabetical order under appropriate headings. This feature constitutes an invaluable and indispensable catalog of the numerous interests of the community. The Directory is the common intermediary between buyer and seller. As such it plays an important part in the daily activities of the commercial and professional world. More buyers and sellers meet through the Classified Business Directory than through any other medium.

THE ALPHABETICAL LIST OF NAMES of residents and business and professional concerns is included in pages 109 to 354, on white paper. This is the only record in existence that aims to show the name, marital status, occupation and address of each adult resident of Red Bank and vicinity, and the name, official personnel, nature and address of each firm and corporation.

THE DIRECTORY OF HOUSEHOLDERS, INCLUDING STREET AND AVENUE GUIDE, on pink paper, covers pages 357 to 396. In this section the names of the streets are arranged in alphabetical order; the numbers of the residences and business concerns are arranged in numerical order under the name of each street, and the names of the householders and concerns are placed opposite the numbers. The names of the intersecting streets appear at their respective crossing points on each street. Special features of this section are the designation of tenant-owned homes and the designation of homes and places of business having telephones.

Community Publicity

The Directory reflects the achievements and ambitions of the community, depicting in unbiased terms what it has to offer as a place of residence, as a business location, as a manufacturing site and as an educational center. To broadcast this information, the publishers have placed copies of this issue of the Directory in Directory Libraries, where they are readily available for free public reference, and serve as perpetual and reliable advertisements of Red Bank and vicinity. There are more than 600 of these Directory Libraries, installed and maintained in the chief cities of the U. S. and Canada through the courtesy of members of the Association of North American Directory Publishers, under whose supervision the system is operated and of which R. L. Polk & Co. is a member.

The publishers appreciatively acknowledge the recognition by those progressive business and professional men who have demonstrated their confidence in the City Directory as an advertising medium, with assurance that it will bring a commensurate return.

RED BANK

"RIVER SPORTS CENTER OF THE EAST"

(Courtesy Red Bank Community Chamber of Commerce)

Red Bank, New Jersey, is one of the most important towns in Monmouth County, and is located on the Navesink River, also known as the North Shrewsbury River. It was named "Red Bank" because of the red color of the soil along the river banks.

Red Bank is five miles from the Atlantic Ocean, and is one of the best spots in the East for river sports. Each year thousands of people are attracted to the Red Bank community by one of the biggest river sporting events in the U. S., the National Sweepstakes Regatta. In this event, some of the most famous sportsmen of the country take part in a series of thrilling events in what experts have termed one of the finest natural protected water race ways to be found anywhere.

Red Bank has grown rapidly in the past ten years and it is believed that there are now 16,000 residents in the borough alone. There has been a remarkable growth in the building of fine homes in the Red Bank area since the war. More than $12,600,000 worth of new homes and dwellings were built from January, 1945, to January, 1949. These include three large garden apartments in Red Bank proper, plus more that 1,500 homes within a five-mile radius, including Red Bank.

Red Bank is forty miles from New York City, and is served by the Pennsylvania Railroad and the New Jersey Central Lines. It is a commuters' center. Over 2,500 persons commute daily to northern New Jersey and New York. It is the largest commuting center in the northern Jersey Shore area.

Also there are regular bus schedules to New York, and the local bus corporation serves nearly all the towns and boroughs in the north Jersey shore.

There is an air field located here, privately-owned. It is known as the Red Bank Airport.

Red Bank is primarily a retail center, and serves approximately 60,000 potential buyers, who purchase nearly $30,000,000 worth of merchandise in its stores annually. There are over thirty manufacturing establishments, employing about 4,000 people, with many more industries in the surrounding towns using Red Bank as a shipping center and address. The principal products made here include clothing, television sets, boats, electrical appliances, dishwashing machines, etc.

As the residential sections of this area have been expanded, so has the Red Bank business community. In one year, 1948, merchants installed 22 new store fronts in the "Fifth Avenue manner," and expanded their interior facilities. One of these, the F. W. Woolworth Co., is the fourth largest store of its kind in New Jersey.

The borough has two high schools, public and parochial, both of which are well-known for their academic achieve-

ments and their well-rounded sports activities. Also there are a parochial grammar school and three public grammar schools, well spaced throughout the town so that no student has a long distance to walk between his home and classroom. School children from nearby communities also use the high school facilities.

Red Bank is served by three newspapers: The Red Bank Register, the largest weekly in the U. S.; and The Long Branch Daily Record and The Asbury Park Press, afternoon dailies, both of which have bureaus in Red Bank.

Four miles from Red Bank is Fort Monmouth, headquarters of the U. S. Army Signal Corps. It is closely allied with Watson Laboratories, a laboratory for the Wright-Patterson Air Base in Ohio; Camp Coles, part of the Engineering Laboratory for the Signal Corps, and the Earle Navy Ammunition Depot at Earle, N. J. Also located at Fort Monmouth is the Armed Services Electro-Standards Agency, which serves in the standardization of electronic components for the Armed Services.

Use Our Library of

OUT-OF-TOWN CITY DIRECTORIES

A complete library of out-of-town City Directories is maintained especially for the reference use of our subscribers. We invite you to consult this library of up-to-date Directories when in need of names, addresses, and other information about firms and individuals in other cities. This is a part of our service to local City Directory users.

Out of Sight - Out of Mind
★ *Out of Business* ★

The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised.

★

The City Directory is the natural medium for keeping a business or product name in the spotlight. *Insist on being well represented in its pages.*

CAUTION....

Pay no money in advance to itinerant Directory canvassers. We are led to mention this from the fact that certain parties have been fraudulently using our publications as specimens, and by that means collecting money in advance. Before signing an order, see that it has the name of the publisher of this City Directory printed theron. We ask no payment until the work is delivered, and our solicitors have strict orders not to take advance payment for either advertising or subscriptions.

WHO'S GETTING MARRIED?

Names and addresses of brides-to-be—of her parents—and the young man in the case—are available throughout the country, or in individual states or territories. From the latest available information, R. L. Polk & Co. compiles mailing lists of engagements as a weekly service. Invaluable information for furniture, clothing and gift merchandisers. Most engagement information is secured approximately three months prior to wedding—just when the engaged couple are buying and shopping for their many future needs. Ask us about this unique mailing list service.

SPECIAL MAILING LISTS

R. L. Polk & Co. makes available special mailing lists, built from the latest available information. Among unique services provided by the compiler of this City Directory are lists of:

BIRTHS

If you have a product or a service for the baby market you will want to know to whose home new babies have been delivered. Birth lists are available either nationally, or in metropolitan New York and northern New Jersey. The date of birth, name or sex of the child, parents' name, street and city address, and telephone number (if desired) can be provided. Keep up with the baby market through this unique listing service.

ENGAGEMENTS

Names and addresses of brides-to-be . . . of her parents . . . and of the young man in the case . . . are available throughout the country, or in individual states or territories such as metropolitan New York or northern New Jersey. This service is provided weekly. Invaluable information for furniture, clothing and gift merchandisers. Information is provided approximately three months prior to wedding date . . . just when the engaged couple are buying and shopping for their future needs.

HOME BUYERS

To sell merchandise or services to new home buyers you must know who they are and where they live. R. L. Polk & Co. supplies weekly lists of new home owners. The information is available by county in metropolitan New York and northern New Jersey. Advance information is provided for those who have purchased or are building homes for personal occupancy and have not yet taken possession. List data includes present address and phone number, approximate date of removal and location of newly purchased property and price paid.

BUSINESS TENANCY SERVICE

Through R. L. Polk & Co. it is possible to obtain, tri-weekly, advance information concerning new firms about to enter business and established firms who, due to expansion, are about to move. This unique information is available for metropolitan New York and northern New Jersey. Data includes name of the firm, name of a chief executive, the type of business, present address, phone numbers, and the new address.

In addition to these special mailing lists, R. L. POLK & CO. provides mailing lists of more than 7,000 classifications.

Out of Sight - Out of Mind
★ *Out of Business* ★

The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised.

★

The City Directory is the natural medium for keeping a business or product name in the spotlight. *Insist on being well represented in its pages.*

POLK'S
RED BANK
Directory of Householders, Occupants of Office Buildings and Other Business Places, Including a Complete Street and Avenue Guide
1950

Copyright, 1950, by R. L. Polk & Co.

In the following list the streets are arranged in alphabetical order, the intersecting streets being shown. The numer of each building on the street is given in numerical order, and opposite the number is placed the name of the occupants or houseowner or tenant. In the business blocks containing offices the occupants are shown by room numbers where practicable, in apartment homes the number denotes the number of the apartment. In all streets both sides of the street are included in one list. The profession or business of individuals or firms is given only at their respective place of business; to find occupation of others refer to Alphabetical List of Names.

The symbol ⓞ following a householder's name indicates that we have received information during the canvass that the house is owned by some member of the family, but as the publisher cannot and does not guarantee the correctness of the information furnished, nor the complete absence of mistakes no responsibility for errors can be or is assumed, nor can the publisher furnish further information than that shown.

The ⍙ preceding names denotes householders and places of business having telephones.

This section includes some listings reading "No return." In each case the Publishers tried diligenty, by various means, to obtain the information for the occupants but were unsuccessful. First, two personal calls were made by an enumerator; next, a double postal card was mailed and the telephone used when possible.

This Publication Is The Product of a Member of

—thus assuring you the ultimate service that skill and care can produce in the way of City Directories or other reference media, and providing protection against fraudulent advertising schemes which operate under the name of Directories.

The following "Standards of Practice," adopted at the inception of the Association of North American Directory Publishers in 1898, and strictly adhered to over the years, is your guarantee of satisfactory Directory Service.

The publisher of a Directory should dedicate his best efforts to the cause of business uplift and social service, and to this end pledges himself:

1. To consider, first, the interest of the user of the book.

2. To subscribe to and work for truth, honesty and accuracy in all departments.

3. To avoid confusing duplication of listings, endeavoring to classify every concern under the one heading that best describes it, and to treat additional listings as advertising, to be charged for at regular rates.

4. To increase public knowledge of what Directories contain; to study public needs and make Directories to supply them; to revise and standardize methods and classifications, so that what is wanted may be most easily found, and the Directory be made to serve its fullest use as a business and social reference book and director of buyer and seller.

5. To decline any advertisement which has a tendency to mislead or which does not conform to business integrity.

6. To solicit subscriptions and advertising solely upon the merits of the publications.

7. To avoid misrepresentation by statement or inference regarding circulation, placing the test of reference publicity upon its accessibility to seekers, rather than on the number of copies sold.

8. To co-operate with approved organization and individuals engaged in creative advertising work.

9. To avoid unfair competition.

10. To determine what is the highest and largest function of Directories in public service, and then to strive in every legitimate way to promote that function.

$100 Reward will be paid by the Association of North American Directory Publishers for the arrest and conviction of any person or persons engaged in the publishing, collecting or canvassing for any fraudulent or fake directories.
