PUBLISHERS NOTE

The information in this Directory is gathered by an actual door to door canvass and is compiled in a way to insure maximum accuracy.

The publishers cannot and do not guarantee the correctness of all information furnished them nor the complete absence of errors or omissions, hence no responsibility for same can be or is assumed.

The publishers earnestly request the bringing to their attention of any inaccuracy so that it may be corrected in the next edition of the Directory.

INTRODUCTION AND GENERAL INDEX

R. L. POLK & CO., publishers of more than 1,400 city, county, state and national Directories, present to subscribers and the general public, this, the bicentennial commemorative edition of the Red Bank City Directory, which also includes Little Silver and Fair Haven.

Confidence in the growth of Red Bank's industry, population and wealth, and in the advancement of its civic and social activities, will be maintained as sections of this Directory are consulted, for the Directory is a mirror truly reflecting Red Bank to the world.

The enviable position occupied by R. L. POLK & CO.'S Directories in the estimation of the public throughout the country, has been established by rendering the best in Directory service. With an unrivaled organization, and having had the courteous and hearty cooperation of the business and professional men and residents, the publishers feel that the Red Bank City Directory will fulfill its mission as a source of authentic information pertaining to the community.

Four Major Departments

The four major departments are arranged in the following order:-

I. THE BUYERS' GUIDE constitutes the first major department of the Directory, printed on yellow paper. In the first section of this department, grouped under appropriate headings, are included the advertisements and business cards of firms and individuals desiring to make a complete presentation of their products or services. Following this is the Classified Business Section, which embraces a list of the names and addresses of all business and professional concerns of the city, arranged in alphabetical order under appropriate headings—a catalog of all the activities of the city. The Buyers' Guide represents reference advertising at its best, and merits the attention of all buyers and sellers seeking sources of supply or markets for goods. In a busy and diversified community like Red Bank, the necessity of having this kind of information up-to-date and always immediately available, is obvious. The Directory is the common intermediary between buyer and seller, and plays an important role in the daily activities of the commercial, industrial and professional world.

II. THE ALPHABETICAL LIST OF NAMES of residents, business and professional concerns is the second major department, printed on white paper. This is the only record in existence that aims to show the name, marital status, occupation and address of each adult resident of Red Bank, and the name, official personnel, nature and address of each firm and corporation in the city.

III. THE DIRECTORY OF HOUSEHOLDERS, INCLUDING STREET AND AVENUE GUIDE is the third major department, printed on green

R. L. Polk & Co. 4/13/78 50.00

paper. In this section, the numbered streets are arranged in numerical order, followed by the named streets in alphabetical order; the numbers of the residences and business concerns are arranged in numerical order under the name of each street, and the names of the householders and concerns are placed opposite the numbers. The names of the intersecting streets appear at their respective crossing points on each street. Special features of this section are the designation of owner-occupied homes, the listing of telephone numbers, new householder symbols and Zip Codes.

IV. THE NUMERICAL TELEPHONE DIRECTORY is the fourth major department, printed on blue paper.

Community Publicity

The Directory reflects the achievements and ambitions of the community, depicting in unbiased terms what it has to offer as a place of residence, as a business location, as a manufacturing site, and as an educational center. To broadcast this information, the publishers have placed copies of this issue of the Directory in Directory Libraries, where they are readily available for free public reference, and serve as perpetual and reliable advertisements of Red Bank and vicinity. There are more than 800 of these Directory Libraries, installed in cities and towns throughout the United States, Canada, and Puerto Rico through the courtesy of your publisher.

The publishers appreciatively acknowledge the recognition by those progressive business and professional men who have demonstrated their confidence in the City Directory as an advertising medium, with assurance that it will bring a commensurate return.

RED BANK

"THE SHOPPING CENTER OF MONMOUTH COUNTY, NEW JERSEY"

(Courtesy Red Bank Area Chamber Of Commerce)

Red Bank, one of the most important towns in Monmouth County, is located on the Navesink River, also known as the North Shrewsbury River. It was named Red Bank because of the red color of the soil along the river banks. In 1609, the area was inhabited by the Navarumsunk, Neversink, and Port-Au-Peck Indians, members of the Lenni-Lenape Nation. The settlement became an incorporated town in 1870, and was incorporated as a borough in 1908. Today, Red Bank has a population of 13,090.

Red Bank is only five miles from the Atlantic Ocean, and is famous for river sports. During the summer, there are weekly races for several sail boat classes, frequent water skiing meets and the National Sweepstakes Regatta, which is held on the Navesink River. More than 20 world's records have been set at this annual event.

Broad Street, 1890

Red Bank is served by five newspapers, The Daily Register (evening daily) and The Asbury Park Press (evening daily), both of which maintain bureaus in Red Bank. The Bayshore Record, which maintains its bureau in Long Branch, The Ad-Visor (weekly) and The Courier (weekly), which have offices in Middletown.

Red Bank is primarily a retail center. However, within the borough, there are several light industries, and in the surrounding area, there are a number of others, many of which are primarily in the field of electronics. Fort Monmouth, headquarters of the U. S. Army Electronics Command and the U. S. Army Signal Center and School, is only two miles from Red Bank.

Besides being known as "The River Sports Center of the East," Red Bank is also known as "The Quality Shopping Center of Monmouth County."

Red Bank's Downtown Business District

Red Bank celebrated its Centennial with special events throughout 1970, and the Volunteer Fire Department marked 100 years of Volunteer Service during 1972.

The Borough of Red Bank has two high schools. One is a new regional public school starting in 1971; the other is the Red Bank Catholic High School. There are also three public grammar schools, and a parochial grammar school. The Red Bank schools are well-known for their academic achievements and their well-rounded sports activities.

Red Bank is only forty miles from New York City. It is unexcelled as to commutation facilities, having both the railroad and bus lines. It is the largest commuting center on the North Jersey Shore, with over 7,000 people commuting daily to northern New Jersey and New York by both bus and rail. There are regular bus schedules to New York and Newark, and the local bus corporation serves nearly all the towns and boroughs on the Shore.

LITTLE SILVER

Little Silver is located on the South Shrewsbury River, and has inland streams. Off Little Silver Point, the river is a bay-like expanse of tidal water, which is dotted with white sails about half the year. The 2.8 square mile town has a population of 6,010 (1970 census). Many of the homes are of modern ranch or split-level styling, although there are a considerable number of Victorian and Colonial vintage that have been carefully maintained and add charm to the community.

Little Silver was first settled in 1667 by Joseph and Peter Parker, brothers from Portsmouth, R. I., who purchased land from one of the Monmouth Patentees, and called this area Little Silver, after their father's holdings, "Silverton." (There is reported to be a town of Little Silver, in northwest Devon, England). Little Silver was well-known for its summer vacation facilities, with guests arriving by paddle-wheel steamer at the end of the 19th and beginning of the 20th centuries. Until 1923, when it became an independent Borough, Little Silver was part of Shrewsbury Township. It will celebrate its 50th anniversary in 1973.

The Borough has two well-equipped grammar schools, both recently enlarged. Graduates have received academic honors in their further education. The proposed Red Bank Regional High School will be constructed on a 53-acre tract of land (formerly Lovett nursery) at the northeastern section of the town. Secondary education students attend the regional's present Red Bank facility and area private high schools.

The town is proud of its Willow Drive Nature Study area, a 14.5 acre tract of natural woodland which serves as an outdoor classroom for its schoolchildren, and is available to its scout, senior citizen and other service groups.

There are close to 100 businesses, which offer shoppers a variety of merchandise and services, in a main shopping center in the heart of town, and three smaller ones at other locations. Two industrial parks are available for light industry development. The town has 34 miles of roads, well-maintained by both municipal and county departments.

Residents live "on the water," with water sports closeby and also memberships available at nearby shore beach clubs. There is a large privately owned tennis racquet club. Municipal playgrounds and tennis courts provide recreational facilities.

The Central Railroad of New Jersey and Penn Central trains stop at the local railroad station. A 400-car commuter parking lot was completed recently to serve those entraining from Little Silver. There is local and metropolitan bus service.

Two churches, Embury United Methodist and St. John's Episcopal, have been serving the community a century or more.

Little Silver has a modern Borough Hall, Library and Post Office; progressive police and fire departments. In 1971, the Northeast Monmouth County Regional Sewerage Authority began sewer service to the town.

Out of Sight! - Out of Mind! - Out of Business!

The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised.

The City Directory is the natural medium for keeping a business or product name in the spotlight. Insist on being well represented in its pages.

**Do your employers furnish you with
the latest edition of the City Directory?**

*

You need it at your elbow at all times, to protect your company from forgers and bad-check artists. A few questions, checked against City Directory information, will trip them at once. Intelligent use of the City Directory for this purpose has saved thousands of dollars and helped make some cities "too sharp" for bad-check "operators."

CAUTION

• • • • •
 Pay no money in advance to itinerant Directory Canvassers. We are
 led to mention this from the fact that certain parties have been fraudulently
 using our publications as specimens, and by that means collecting money
 in advance. Before signing an order, see that it has the name of the
 publisher of this City Directory printed thereon. We ask no payment until
 the work is delivered, and our solicitors have strict orders not to take
 advance payment for either advertising or subscriptions.

SERVICES OF R. L. POLK & CO.

MARKETING SERVICES

Polk offers a full range of services to help businesses increase their sales volume. One of Polk's principal services is custom-produced selective mail advertising for many of the nation's leading advertisers. Other services include: Mailing and prospect lists, couponing and sampling, data processing services, publishing of controlled-circulation magazines, contest administration, fulfillment services, consumer and market research, warehousing and shipping and creative services.

AUTOMOTIVE STATISTICS

Polk has served as statistician for the automotive industry for more than 40 years. Polk's total count of cars, trucks, motorcycles and trailers, by make and year model, is the only annual inventory of the nation's wheeled population. Polk's new car and truck reports furnish manufacturers and dealers with regular capitulations of all sales for each territory. To produce these statistics, Polk maintains one of the largest electronic data processing installations in the country. By using Polk statistical services, American business can plan intelligently its production, distribution and sales.

CITY DIRECTORIES

Polk City Directories are published regularly for more than 1,400 North American cities. Each Polk Directory is the one complete inventory of residents and businesses in the community for which it is published. The facts compiled for a City Directory include the name, address, occupation and marital status of each resident; the name, address, ownership and classification of each business. The vast fund of information in a Polk Directory helps bring together buyers and sellers, facilitates credit, speeds deliveries and communication and stimulates business generally.

BANK DIRECTORY

Published semi-annually, Polk's World Bank Directory is recognized as the outstanding reference book in the financial world. The directory carries detailed information on each of the nation's banks, showing officers, directors, branches, statement and other data. The book also includes a Summary of United States Banks, charts and statistics and a listing of governmental banking agencies and banking organizations. Polk also offers financial institutions a portfolio of marketing, advertising and research services.

 Pay no money in advance to Herren's Directory Cleaners. We are led to mention this from the fact that certain parties have been fraudulently using our publications as specimens, and by that means collecting money in advance. CAUTION

Pay no money in advance to Hilversen Directory Contractors. We are led to mention this from the fact that certain parties have been fraudulently using our publications as specimens, and by their means collecting money in advance. Before signing an order, see that it has the name of the publisher of this City Directory printed thereon. We ask no payment until the work is delivered, and our solicitors have strict orders not to take advance payment for either advertising or subscriptions.

We are led to mention this from the fact that certain parties have been fraudulently using our publications as specimens, and by that means collecting money in advance. Before signing an order, see that it has the name of the publisher of this City Directory printed thereon. We ask no payment until the work is delivered, and our solicitors have strict orders not to take advance payment for either advertising or subscriptions.

 Pay no money in advance to timeworn Directory Concerners. We are led to mention this from the fact that certain parties have been fraudulently using our publications as specimens, and by that means collecting money in advance. Before signing an order, see that it has the name of the publisher of this City Directory printed thereon. We ask no payment until the work is delivered, and our solicitors have strict orders not to take advance payment for either advertising or subscriptions.

Power of Advertising

THE CITY DIRECTORY is the power that generates information for the buyer that he may know who deals in the product he wishes to purchase. If your business is not classified properly, and a display advertisement arranged to describe your business, how can you expect the buyer to trade with you?

ADVERTISING is the foundation upon which successful businesses are built. You must apply this to your own particular business.

ADVERTISING is the power of an idea multiplied.

CAUTION

• • • • •
Pay no money in advance to Itinerant Directory Contractors. We are led to mention this from the fact that certain parties have been fraudulently using our publications as specimens, and by that means collecting money in advance. Before signing an order, see that it has the name of the publisher of this City Directory printed thereon. We ask no payment until the work is delivered, and our solicitors have strict orders not to take advance payment for either advertising or subscriptions.

We are led to mention this from the fact that certain parties have been fraudulently using our publications as specimens, and by that means collecting money in advance. NUMERICAL TELEPHONE DIRECTORY

BLUE PAGES

This Directory takes the "mystery" out of blind numbers. It lists telephone numbers in numerical sequence, making it easy to "decode" blind phone numbers in classified ads—especially valuable for real estate agencies, used car dealers, etc.

WHAT'S IN A PHONE NUMBER?

ABOUT THE FIRM:

Who called me? When your call back message gives a telephone number only—or includes a common surname such as Jones, Smith, Brown, etc.—this Numerical Telephone Directory will assist in determining correct firm name. Make use of both Alphabetical and Street Guide information to establish names of officers, owners or partners, products and services, and correct address. Properly identify firm and caller and have needed records, file or correspondence on hand before returning call.

ABOUT THE INDIVIDUAL:

Who called me? When only a telephone number is known, this Numerical Telephone Directory will assist in determining the name of the subscriber—with this information combined with other sections of your City Directory you may quickly establish such information as wife's name, place of employment, job title, home address, business address and telephone number.
