Power of Advertising

THE CITY DIRECTORY is the power that generates information for the buyer that he may know who deals in the product he wishes to purchase. If your business is not classified properly, and a display advertisement arranged to describe your business, how can you expect the buyer to trade with you?

ADVERTISING is the foundation upon which successful businesses are built. You must apply this to your own particular business.

ADVERTISING is the power of an idea multiplied.

PUBLISHERS NOTE

This directory contains public information gathered by an actual door-to-door canvass and is compiled in a way to insure maximum accuracy.

The publishers cannot and do not guarantee the correctness of all information furnished them nor the complete absence of errors or omissions, hence no responsibility for same can be or is assumed.

The publishers earnestly request the bringing to their attention of any inaccuracy so that it may be corrected in the next edition of the Directory.

INTRODUCTION
AND
GENERAL INDEX

R. L. POLK & CO. presents to subscribers and the general public, this, the latest edition of the Red Bank City Directory. (In all, R. L. POLK & CO., and its affiliated companies publish more than 1,300 city and suburban Directories).

Confidence in the growth of Red Bank's industry, population and wealth and in the advancement of its civic and social activities, will be maintained as sections of this Directory are consulted, for the Directory is a mirror truly reflecting cities and communities to the world.

The enviable position occupied by R. L. POLK & CO.'s Directories in the estimation of the public throughout the country, has been established by rendering the best in Directory service, with an unrivaled organization, and having had the courteous and hearty cooperation of the business and professional people and residents, the publishers feel that the result of their labors will meet with the approval of every user, and that the Directory will fulfill its mission as a source of authentic information pertaining to the city and county.

Four Major Departments

The four major departments are arranged in the following order:

I. THE BUYERS' GUIDE constitutes the first major department of the Directory, printed on yellow paper. In the first section of this department, grouped under appropriate headings, are included the advertisements and business cards of firms and individuals desiring to make a complete presentation of their products or services. Following this is the Classified Business Section, which embraces a list of the names and addresses of all business and professional concerns of the city, arranged in alphabetical order under appropriate headings-a catalog of all the activities of the city. The Buyers' Guide represents reference advertising at its best, and merits the attention of all buyers and sellers seeking sources of supply or markets for goods. In busy and diversified communities the necessity of having this kind of information up-to-date and always immediately available, is obvious. The Directory is the common intermediary between buyer and seller, and plays an important role in the daily activities of the commercial, industrial and professional world.

II. THE ALPHABETICAL LIST OF NAMES, of residents and business and professional concerns is the second major department, printed on white paper. This Directory aims to show the name, marital status, occupation, home owner symbol, telephone number and address of each adult resident, and the name, official personnel, nature, telephone number and address of each firm and corporation.

III. THE DIRECTORY OF HOUSEHOLDERS, INCLUDING STREET AND AVENUE GUIDE, is the third major department, printed on green paper. In this section, the numbered streets are arranged in numerical order, followed by the named streets in alphabetical order; the numbers of the residences and business concerns are arranged in numerical order under the name of each street, and the names of the householders and

concerns are placed opposite the numbers. The names of the intersecting streets appear at their respective crossing points on each street. Special features of this section are the designation of owner occupied homes, the listing of telephone numbers, new householder symbols and Zip Code numbers.

IV. THE NUMERICAL TELEPHONE DIRECTORY is the fourth major department, printed on blue paper.

Community Publicity

The Directory reflects the achievements and ambitions of the community, depicting the unbiased terms what it has to offer as a place of residence, as a business location, as a manufacturing site and as an educational center, The publishers have placed copies of this issue of the Directory in Directory Libraries, where they are readily available for free public reference as perpetual and reliable advertisements.

The Directory Library

Through the courtesy of the publishers of the City Directory, a Directory Library is maintained in the offices of the Chamber of Commerce, for free reference by the general public. This is one of many Directory Libraries installed in cities and towns throughout the United States and Canada through the courtesy of your publisher.

The publishers appreciatively acknowledge the recognition by those progressive business and professional people who have demonstrated their confidence in the City Directory as an advertising medium, with assurance that it will bring a commensurate return.

RED BANK

"THE SHOPPING CENTER OF MONMOUTH COUNTY, NEW JERSEY"

(Courtesy Red Bank Area Chamber Of Commerce)

Red Bank, one of the most important towns in Monmouth County, is located on the Navesink River, also known as the North Shrewsbury River. It was named Red Bank because of the red color of the soil along the river banks. In 1609, the area was inhabited by the Navarumsunk, Neversink, and Port-Au-Peck Indians, members of the Lenni-Lanape Nation. The settlement became an incorporated town in 1870, and was incorporated as a borough in 1908. Today, Red Bank has a population of 13,090.

Red Bank is only five miles from the Atlantic Ocean, and is famous for river sports. During the summer, there are weekly races for several sail boat classes, frequent water skiing meets and the National Sweepstakes Regatta, which is held on the Navesink River. More than 20 world's records have been set at this annual event.

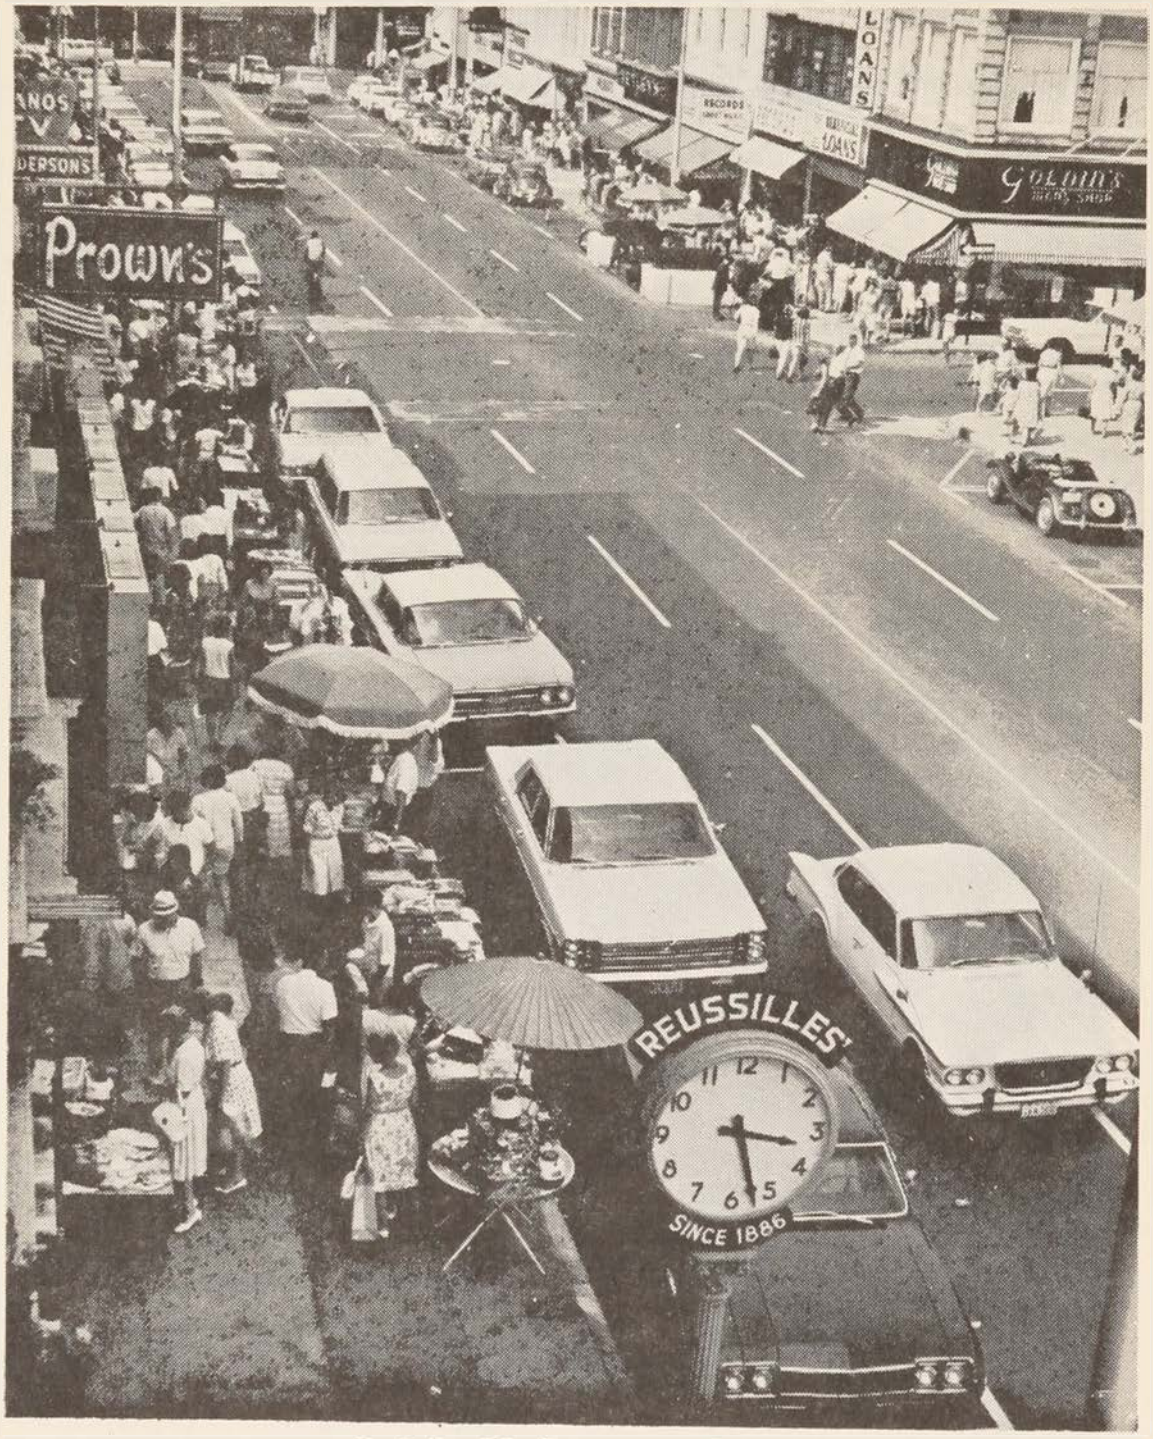

Broad Street, 1890

Red Bank is served by four newspapers, The Daily Register (evening daily) and The Asbury Park Press (evening daily), both of which maintain bureaus in Red Bank. The Ad-Visor (weekly), and The Courier (weekly), which have offices in Middletown.

Red Bank is primarily a retail center However, within the borough, there are several light industries, and in the surrounding area, there are a number of others, many of which are primarily in the field of electronics. Fort Monmouth, headquarters of the U.S. Army Communications-Electronic Command is only two miles from Red Bank and is the

county's largest employer with over 11,000 civilian and military personnel.

Bell Labs in Holmdel, 5 miles west of Red Bank is Monmouth County's 2nd largest employer with close to 4,000 employees. A recent addition to our area is PRUPAC (Prudential Property and Casualty Ins Co.) with 1,000 employees, soon expected to increa to 1,500 employees.

Red Bank's Downtown District

Besides being known as "The River Sports Center of the East," Red Bank is also known as "The Quality Shopping Center of Monmouth County."

Red Bank celebrated its Centennial with special events throughout 1970, and the Volunteer Fire Deparmtment marked 100 years of Volunteer Service during 1972.

The Borough of Red Bank has two high schools. One is a new regional public school starting in 1971; the other is the Red Bank Catholic High School. There are also three

public grammar schools, and a parochial grammar school. The Red Bank schools are well-known for their academic achievements and their well-rounded sports activities.

Red Bank is only forty miles from New York City. It is unexcelled as to commutation facilities, having both the railroad and bus lines. It is the largest commuting center on the North Jersey Shore, with over 7,000 people commuting daily to northern New Jersey and New York by both bus and rail. There are regular bus schedules to New York, and the local bus corporation serves nearly all the towns and boroughs on the Shore.

Think It Over

LITTLE SILVER

Little Silver is located on the South Shrewsbury River, and has inland streams. Off Little Silver Point, the river is a bay-like expanse of tidal water, which is dotted with white sails about half the year. The 2.8 square mile town has a population of 6,010 (1970 census.) Many of the homes are of modern ranch or split-level styling, although there are a considerable number of Victorian and Colonial vintage that have been carefully maintained and add charm to the community.

Little Silver was first settled in 1667 by Joseph and Peter Parker, brothers from Portsmouth, R. I., who purchased land from one of the Monmouth Patentees, and called this area Little Silver, after their father's holdings, "Silverton." (There is reported to be a town of Little Silver in northwest Devon, England). Little Silver was well-known for its summer vacation facilities, with guests arriving by paddle-wheel steamer at the end of the 19th and beginning of the 20th centuries. Until 1923, when it became an independent Borough, Little Silver was part of Shrewsbury Township. It will celebrate its 50th anniversary in 1973.

The Borough has two well-equipped grammar schools, both recently enlarged. Graduates have received academic honors in their further education. The proposed Red Bank Regional Hill School will be constructed on a 53-acre tract of the land (formerly Lovett nursery) at the northeastern section of the town. Secondary education students attend the regional's present Red Bank facility and area private high schools.

The town is proud of its Willow Drive Nature Study area, a 14.5 acre tract of natural woodland which serves as an outdoor classroom for its schoolchildren, and is available to its scout, senior citizen and other service groups.

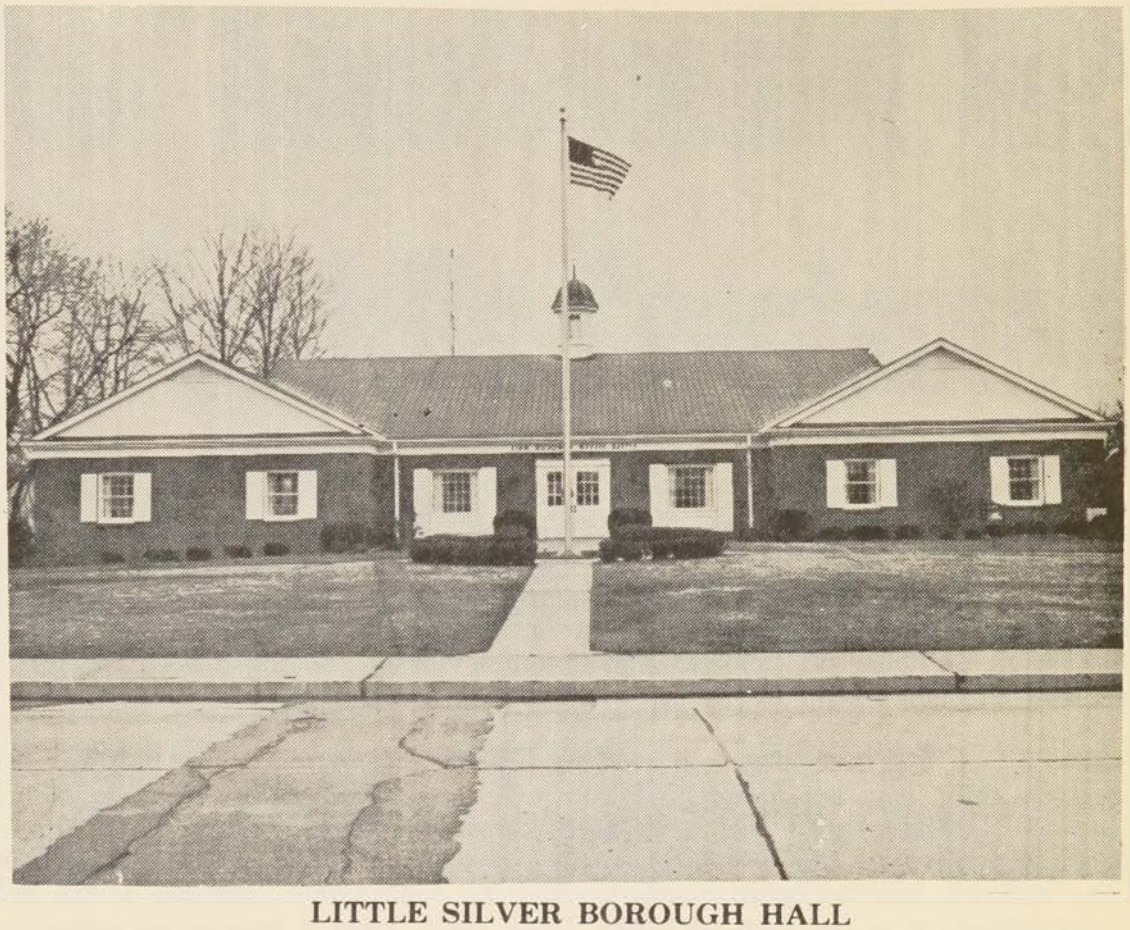

There are close to 100 businesses, which offer shoppers a variety of merchandise and services, in a main shopping center in the heart of town, and three smaller ones at other locations. Two industrial parks are available for light industry development. The town has 34 miles of roads, well-maintained by both municipal and county departments.

Residents live "on the water", with water sports closeby and also memberships available at nearby shore beach clubs. There is a large privately owned tennis raquet club. Municipal playgrounds and tennis courts provide recreational facilities.

The Central Railroad of New Jersey and Penn Central trains stop at the local railroad station. A 400-car commuter parking lot was completed recently to serve those entraining from Little Silver. There is local and metropolitan bus service.

Two churches, Embury United Methodist and St. John's Episcopal, have been serving the community a century or more.

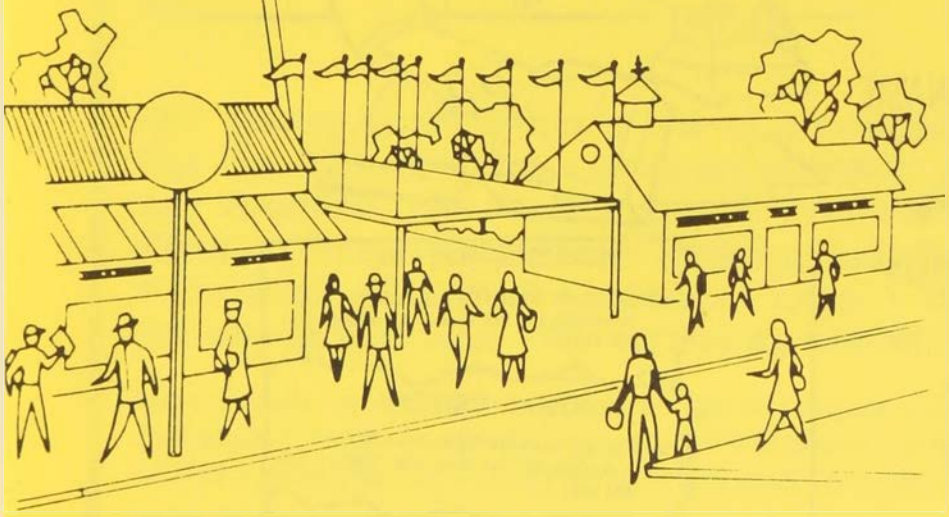

Little Silver has a modern Borough Hall, Library and Post Office; progressive police and fire departments. In 1971, the Northeast Monmouth County Regional Sewerage Authority began sewer service to the town.

Sales Promotion

If your entire list of customers is placed in our computer, then you can do carefully selected promotional mailings to any of them at any time.

We can record names of customers, dates of purchases from you, price of purchase, names of salesmen, what product or service was bought, etc. You can then send personalized letters (or post cards) to each customer to thank them for past purchases, announce special sales or tell them of opportunities to trade in old purchases for new ones. Letters can even be typed for the signature of your individual salesmen.

Sales Analysis

When your list of customers is computerized by us, you will then easily be able to see any correlations you need among sales such as seasonal variations, types of products bought, follow on sales, etc.

Our service organization is one of the largest on the East Coast. Our five IBM word processors are operated on two shifts to meet any deadline. We do Business & Personal Letters • Reports • Presentations • Proposals • Personalized Mailings • Mailing Lists • Technical Manuals • Financial • Legal • Medical. We also offer worldwide telex and TWX service as well as electronic mail.

We cordially invite you to visit our offices to discuss your particular typing or word processing needs. It would be our pleasure to give you a demonstration of the power of this space age technology to increase your own sales and profitability.

PROPERLY USED, YOUR CITY DIRECTORY IS ONE OF THE BEST SELLING TOOLS

STREET DIRECTORY of HOUSEHOLDERS and BUSINESSES

The Street Directory information is secured by an actual door to door canvass and includes these important features:

- Street Name and Address
- Occupants
- Home Owners
- Telephone Numbers
- New Householder This Edition
- Apartment Residents
- Office Building Occupants
- Types of Business or Profession
- Street Descriptions
- Zip Codes
- Street Intersections

Addresses showing No Return indicate that after repeated efforts the publisher was unable to obtain information.

NUMERICAL TELEPHONE DIRECTORY
BLUE PAGES

This Directory takes the "mystery" out of blind numbers. It lists telephone numbers in numercial sequence, making it easy to "decode" blind phone numbers in classified ads—especially valuable for real estate agencies, used car dealers, etc.

WHAT'S IN A PHONE NUMBER?

ABOUT THE FIRM:
Who called me? When your call back message gives a telephone number only—or includes a common surname such as Jones, Smith, Brown, etc.—this Numerical Telephone Directory will assist in determining correct firm name. Make use of both Alphabetical and Street Guide information to establish names of officers, owners or partners, products and services, and correct address. Properly identify firm and caller and have needed records, file or correspondence on hand before returning call.

ABOUT THE INDIVIDUAL:
Who called me? When only a telephone number is known, this Numerical Telephone Directory will assist in determining the name of the subscriber—with this information combined with other sections of your City Directory you may quickly establish such information as wife's name, place of employment, job title, home address, business address and telephone number.

Power of Advertising

THE CITY DIRECTORY is the power that generates information for the buyer that he may know who deals in the product he wishes to purchase. If your business is not classified properly, and a display advertisement arranged to describe your business, how can you expect the buyer to trade with you?

ADVERTISING is the foundation upon which successful businesses are built. You must apply this to your own particular business.

ADVERTISING is the power of an idea multiplied.

IDENTIFY EACH PROSPECT

- **by neighborhood, area, section of city**
- **by occupation, job title, marital status**
- **homeowner/renter/new occupant**

No other source provides so much vital information about the residents of your community. Use it to compile a prospect list.
