Patterson Urges Strong America For World Peace

Secretary Of War Speaks At Battle Of Monmouth Service

"It was that training, that confidence, that turned rout into victory at Monmouth", said Secretary of War Robert P. Patterson, who urged the United States to have a strong and ready military force as the best insurance of peace, Sunday at the annual memorial service for the early Americans of the Revolutionary War Battle of Monmouth at the grounds of the Old Tennent church. The program was sponsored by the American Legion County organization. The service was attended by about 2,000.

Secretary Patterson was introduced by Representative James C. Auchincloss, an American Legion member of Shrewsbury Post 168 of Red Bank.

Morris Miller of Shrewsbury, chairman of the Americanism committee of the State Legion department, former county commander and former commander of Shrewsbury post, Red Bank, was in charge of the program and introduced Congressman Auchincloss.

The Secretary of War outlined the requirements of a trained military force today and drew a comparison with the Continentals who fought the battle of Monmouth after becoming an effective fighting force by the training they had received during the winter at Valley Forge.

"Today the issue is urgent", he stated. "Shall we again close our eyes to the facts of the world we live in, a world where force still rules, where great nations still regard war as a legitimate weapon for national expansion, where the weak have no rights that the strong respect?"

He advocated as a solution a six-month universal military training program, followed by enlistment in National Guard, organized reserve or reserve officers training corps in college.

The combination of the will for peace and a ready military force is the best insurance for peace, according to Mr. Patterson. Emphasis was placed on modern weapons but on the premise that trained men are still an indispensable part of a fighting force.

The program was started by Edgar O. Murphy, director of the board of freeholders, who gave a welcoming address. Seated on the stand with Secretary Patterson was Brig. Gen. Francis H. Lanahan of Fort Monmouth.

The American Legion committee in charge of arrangements consisted of Edward J. Welsh, Arthur McFarland, Morris Miller, Fred Kruser and Clarence N. Chamberlain. The musical program was presented by the Fort Monmouth band and the Manasquan Men's chorus. Invocation was delivered by Rev. Charles H. Neff, pastor of the Old Tennent church, and benediction was offered by Rabbi Ario S. Hyams of Temple Beth El of Asbury Park, who served as a chaplain in the Atlantic and Pacific theaters in World War II.

Dominicans Buy Sea Bright Estate

Second Purchase On Ocean Front

The Dominican Fathers of Washington, D. C. have purchased from Miss Marie Waters of Philadelphia the former Lynn H. Korndorff estate on Ocean avenue, Sea Bright. The sale was negotiated by the Charles E. Sweeney agency of Rumson. Mr. Korndorff of the Federal Shipbuilding & Dry Dock company, Keary, sold the property a few months ago through the Sweeney agency to Miss Waters.

The property is located just across the Monmouth Beach line, and extends from the ocean, where it has a fine ocean beach, about 900 feet to the South Shrewsbury river, with riparian rights. The main dwelling contains 14 rooms, four baths, three fireplaces and a central heating system. On the river end of the property there is a three-car garage with chauffeur's apartment comprising four rooms and bath. All furnishings were included in the sale.

The Dominican Fathers own the adjoining John Dugan estate, which they purchased last summer, and will now use both properties as a summer school for members enrolled in the priesthood.

Rotarians To Greet Their New Officers Today

Elmer Hesse Becomes President Of Local Civic Club

Today's program of the Red Bank Rotary club at the Molly Pitcher hotel will be in the nature of a farewell to the retiring president, Harry S. Rowland, and a greeting to the new officers for 1947-48, President Elmer Hesse, Vice President Daniel Dondi, Secretary Paul A. Young and Treasurer Edward H. Pringle.

ELMER HESSE

The club is indebted to Mr. Pringle, manager of the local office of the New Jersey Bell Telephone company, for the fine talk and demonstration on radar given by David Page last week on "Electrical Midgets".

Tickets for the clambake Wednesday, July 16, may be secured from William A. Miller and Judge John Crowell. William G. Sherwood is recruiting ball players for the game with the Lions club, which will be the main event on the afternoon card of fun.

Ronald W. Allen is working on the golf match, which is held annually between the Rotarians and Lions. Mr. Allen will be glad to receive suggestions as to courses, prizes, etc.

Guests at the meeting were Dr. Frank Pignataro of Broad street, former Rotarian of the Freehold club; Howard Sherman and Robert Gallagher, guests of their dads; Harry Hesse, a guest of Mr. Pringle, and James Murray, Al Gersten and F. N. Swensen, guests of Ralph Mauriell. Visiting Rotarians included Jacob O. Herr and William Smith of Long Branch, John Jackson of Nutley, John Barbar of Matawan and Francis Petersen of Taunton, Massachusetts.

Legion In Drive For Members

Local Post Sets Goal Of 600

The Shrewsbury Post, American Legion, of Red Bank, is conducting a drive for a membership of 600 in order to have 12 delegates at the national convention August 28 to September 1 at New York city, it was reported Monday night at the post home on Riverside avenue.

The post now has a paid membership of 489, and members were instructed to submit their dues before July 10 to get credit. Three new members were welcomed in the post Monday night. They were William McKenna, Thomas Duncan and Albert Laehder, Jr.

The American Legion junior baseball team, which plays home games Thursday evenings and away games Tuesday evenings, has beaten teams from Spring Lake, West Long Branch and Eatontown, while dropping contests to Freehold and Long Branch.

Henry Inselberg reported that a new sign would be placed in front of the post home soon, and Walter Bosky, Sr., said that the basement would be enlarged to house a pool table and other inside games.

Veterans were advised to submit applications for terminal leave pay before the September 1 deadline.

Mortimer VanSauter, County Legion vice president, reported that a large number of members attended the Battle of Monmouth services Sunday at Old Tennent.

Michael Toscano, president of the junior class of Red Bank high school, is the post representative at the Boys' state meeting at Rutgers university, at which the boys are taught the workings of the government, at the expense of the legion.

Parade July 4 In Sea Bright

Plans are being completed by Sea Bright post, American Legion, for a parade on the Fourth of July. The time of the parade will be set tomorrow.

The Legion Fife & Drum corps of Asbury Park, which will participate in the Long Branch parade, will also take part in the Sea Bright event. Members of the fire department and ladies' auxiliary, first aid squad, Legion and auxiliary, lodges and local organizations will march in the parade. There will be patriotic exercises at the park and a fireworks display will take place in the evening.

Two Playgrounds To Open Monday

Events Planned For Local Children

The Red Bank borough playgrounds will be conducted under the sponsorship of the board of education at two play centers, one at Branch avenue, adjoining the high schools, and the other at the Athletic field on West Bergen place. These centers will open Monday, for a period of eight weeks and the daily hours will be from 9 to 11:30 a. m. and from 1 to 3:30 p. m., Monday through Friday.

Solomon Popler, teacher at the Red Bank senior high school and director of the program last year, will be director again this year under the supervision of Edwin C. Gilland, supervising principal. Mrs. Grace Clark, a teacher with many years of playground experience, will be in charge at the Branch avenue playground, assisted by Miss Daisy Loud, a college student specializing in the field of education. At the Athletic field play center, Burnet Henyon, a teacher at the Red Bank senior high school, is to be in charge, assisted by Miss Lois MacIntosh, who served in a similar capacity at the Athletic field in 1944 and 1945.

Handicraft work including felt and leather projects, story telling, softball, horseshoe pitching, track meets, hobby shows, pet shows, etc., will be among the attractions featured for the youngsters.

Renew Licenses At Sea Bright

Approve Fourteen Tavern Applications

The Sea Bright mayor and council last Thursday night approved 14 tavern license renewal applications, three package license requests and one club license request, but were forced to call a special session for June 30 to await a delayed request of renewal by Regan's bar.

John D. Watkins of Long Branch, sewer disposal plant supervisor, informed the borough that the Penn Salt Manufacturing company notified him that no chlorine will be sent to swimming pools at the shore area, but that Sea Bright plants and disposal works would be supplied. Mayor Thomas Farrell commended Mr. Watkins for an excellent job in caring for borough units.

At the request of Assessor Arthur O. Axelsen, the council voted to deny payment to Charles E. Sweeney, Rumson realtor, of a bill for five per cent commission on the sale of a borough-owned lot to Ovid Bianco, on the ground that there was no competitive bidding.

The council discussed possibilites of relaxing state regulations in regard to tying and muzzling dogs. Faced with a problem of loose dogs in the borough, the official body is attempting to eliminate the nuisance.

250 Are Enrolled In Troop School

"Troop School for Christian Soldiers" is setting all-time attendance records this year with an enrollment of over 250 and an average attendance of more than 200.

This school, which is being conducted for the third year at the Port Monmouth fire house each week-day morning from 9 to noon, will continue until next Thursday, July 3. The closing exercises will be held Sunday evening, July 6, in the New Monmouth Baptist church, which, with the Belford Methodist church, is sponsoring the project.

Award $12,500 To Woman For Cuts On Face

New York State Resident Hurt In Route 36 Crash

A jury before Judge Robert V. Kinkaid of the Monmouth circuit of the New Jersey Supreme court at Freehold Friday brought in a verdict of $12,500 to compensate Mrs. Luther Cicora of Elmira, N. Y., for severe lacerations and disfigurement of her face as a result of an automobile accident.

Mrs. Cicora, her husband and Edward Nasti of Corona, N. Y., were traveling along route 36, February 19, 1945, when their car was hit by the truck of Isadore Kaminsky of William street, South River. Mr. Cicora and Mr. Nasti were in the military service and stationed at Fort Hancock at the time of the accident. When the accident occurred they were traveling toward New York in a blinding snowstorm when, according to them, the truck of Kaminsky, proceeding in the opposite direction crossed over in front of them and struck them head-on. Mrs. Cicora testified in court that 50 stitches were required to heal the lacerations in her face and the passenger, Edward Nasti, also testified that he had strained his back.

Theodore D. Parsons of the firm of Parsons, Labrecque, Canzona & Combs represented the Cicoras and Mr. Nasti and Patrick Dwyer of Carpenter, Gilmour & Dwyer of Jersey City represented the defendant.

Mr. Kaminsky testified that he did not cross over the highway and that his truck was struck while he was on his side of the street. State Troopers, however, called in by Mr. Parsons, fixed the accident on the side of the highway on which Mr. Cicora was driving.

In addition to the verdict for Mrs. Cicora, the jury also awarded damages of $250 to Mr. Nasti.

Mr. Kaminsky operates a bakery business at South River.

Light Co. Files New Schedule

Electric Customers To Save $724,200

Electric customers of Jersey Central Power & Light company will save approximately $724,200 per year beginning July 1, according to E. H. Werner, president of the company, who announced that the new schedules have been filed with the Public Utility Commission as the result of negotiations between the commission and the company. Based on revenues for the 12 months ending February, 1947, this reduction represents a decrease of 5.13 per cent.

With the filing of the new rates the number of rate schedules has been reduced to five. According to Mr. Werner, this completes a program of standardization of rate schedules and "is the potential of future reductions direct to the ratepayer according to his classification of service". Over a period of years the company has eliminated more than 45 rate schedules.

Residential customers under the new rate will benefit to the extent of $211,200 on an annual basis; the two general service rates for mixed lighting and power of greater and lesser use will benefit by $209,600. The bills of power customers will be reduced by $196,400 and municipal street lighting costs will be reduced by $107,000 per year.

The new residence rate will increase the first block of use at $1 from 11 to 14 K.W.H. While the kilowatt-hours in the next block are increased from 39 to 46, the rate is decreased from $.06 to $.056 per K.W.H. The kilowatt hours in the third block are reduced from 80 to 70, the price remaining the same at $.035, while all use over 130 K.W.H. per month remains at $.02.

In February of 1946, the company reduced its electric rates, saving customers a total of $1,003,000 on an annual basis, and at that time the number of schedules was reduced to ten.

Union Laundry Firm Buys Place In Shrewsbury

Plans New Garage And Building For Business Station

Property on the southeast corner of Patterson avenue and Broad street, Shrewsbury, owned by Paul and Emilie Mokler, which is occupied by the Union laundry, has been purchased by Thomas Crowley, one of the executives of the laundry firm.

Plans of the firm include erection of a new garage as soon as possible and when materials are more plentiful construction of a modern building to be used for a receiving and shipping station for the business.

Walker and Tindall, realtors in the transaction, also report sale of a house at 17 Washington street, Red Bank, owned by Mary R. Morse, to Louis Meyer, Jr., of Richmond Hill, L. I. Mr. Meyer, an engineer of International Business Machines, plans to move into his new home July 1. Mrs. Morse, who has been conducting a steak house there, has given up the business and is moving to New York.

The same realtors sold the property at 42 Branchport avenue, Long Branch, owned by Jack and Pauline Schmookler of Drexel Hill, Pa., to Aaron H. Coleman of Oceanport, who is employed at Fort Monmouth laboratories and plans to occupy one of the apartments in his new home.

Atlantic Highlands Renews Licenses

Borough Council Reappoints Brasile

Atlantic Highlands mayor and council Tuesday night approved 15 liquor license renewal applications and called a special meeting for Saturday morning to consider several applications that had not been prepared.

During a sale of borough-owned property, Harvey H. Bowtell purchased an eight-lot tract at Eighth and Prospect avenues for $750. Mr. Bowtell also purchased five other lots. Andrew Richard bought a lot on Center avenue and Avenue B for $425. Several pieces of borough property were passed up as no one present desired to purchase them. Confirmation of the sales will be made at Saturday's meeting.

John C. Brasile was reappointed to a five-year term on the Harbor commission and William R. Dawson resigned from the zoning board of adjustment. Councilman Herman Dauster, on behalf of the council, congratulated Mayor Waldron P. Smith on his 20th wedding anniversary.

Some exceptions to the zoning ordinance will also be discussed at the meeting Saturday.

Little Silver Requests Postal Delivery Service

Postmaster General Is Asked To Make Survey Of Borough

Little Silver's mayor and council Tuesday night passed a resolution calling upon the Postmaster General to make a survey of the borough to determine whether or not carrier postal delivery service will be in effect there.

Council President Frank Dean, who presided in the absence of vacationing Mayor Frank Gregory, explained that the service requested would cover the entire borough and that Little Silver would not lose its identity even though its postoffice would become a branch of Red Bank.

The session was an hour late in starting, residents of Sunnycrest and Colonial Terrace having conferred with the town fathers in executive session. The condition of roads in those areas of the borough was believed to have been the basis of discussion.

Renewal of three liquor licenses was approved, with Councilman Chester Apy not voting.

The Little Silver boat house case again was discussed. Although the council previously announced they had revoked the building permit of R. E. Johnson, the written opinion has not yet officially been sent to Mr. Johnson. Mr. Apy held up forwarding the opinion, objecting to the wording of one phrase.

Councilman Joseph C. Davison reported that officials of Jersey Central Power & Light company had agreed to remove the Prospect avenue trees which had been killed by escaping gas. He said arrangements for replacement or reimbursement will be made at a later date.

Building Inspector Winfield S. Wainwright will report at the next meeting on the condition of temporary housing in the borough. Council has received complaints that no effort has been made, in some instances, to improve temporary structures erected when building materials were scarce.

A petition of Pinckney road residents asking for action to clear a lot on one of the corners of that street was referred to the road committee.

Doctor Talks On T.B. Work At Allenwood

Says Tie-Up With Medical Center Helps County

The first post war luncheon and meeting of the board of managers of the Monmouth county hospital for tuberculosis at Allenwood was held Sunday, and Dr. Benjamin P. Potter of the Jersey City medical center spoke. Through its affiliation with the Jersey City medical center, Dr. Potter said, "Allenwood is served by all the facilities and benefits from advice of staff members of the larger hospital at a distinct saving to Monmouth county."

Dr. Potter urged the managers to drop the reference to tuberculosis in the institution's official name and call it, as it is generally known, Allenwood hospital. No longer is Allenwood solely a haven for tuberculosis sufferers, he said, but about ten of the 105 patients have other chest afflictions. He said this proportion is due to increase.

He discussed modern treatment, and explained that treatment by streptomycin has been successful, but another three to five years' experimentation and study with this drug is needed.

Dr. Frank J. Altschul of Long Branch, medical member of the board of managers, introduced Dr. George J. McDonnell of Freehold, medical director, and Dr. Howard C. Burkhead and Dr. A. Downey Osborn, visiting physicians.

Freeholder Victor E. Grossinger traced the history of the hospital since its establishment in 1921 with 28 beds to the present time when its operation costs between $90,000 and $100,000 annually. The broadening horizons of tuberculosis control were discussed by Dr. William Arkwright Doppler, executive secretary of the state tuberculosis league. Miss Elizabeth Hynes, R.N., superintendent of the hospital, was cited for her outstanding work since 1920.

July 4 Program Being Arranged By Holmdel Residents

Event To Feature Parade, Flower Show And Contests

Plans for the sixth annual July Fourth celebration at Holmdel were made at a general committee meeting recently at Holmdel Fellowship hall. The parade theme will be in the Mother Goose tradition, with free choice given to all entries, patriotic, historical or otherwise. The parade will start at 1:30 o'clock.

W. J. Duncan is general chairman, assisted by John Mount and George Schanck. Mrs. Frank Sindlinger, Mrs. William Pitcher and Mrs. Harold Holmes are parade chairmen. Mrs. Wesley Buck will serve as committee secretary and Joseph H. Holmes finance chairman, assisted by Richard French and Leroy French.

A flower show will be staged in the chapel adjacent to the celebration grounds, directed by Mrs. Earl Benton. Community residents and members of Garden club R.F.D. have been invited to exhibit. Entries will be judged at 1 o'clock.

Harold Holmes, Murray Todd, Daniel S. Ely, William C. Riker and Leroy French are in charge of athletic events and Harry Pitcher, Carlton Kinhafer, Wesley Buck, William Cross and George Coudrier are in charge of the grounds.

Joseph Phillips is chairman of the police committee, George Schenk, Douglas Fromm, William B. Duncan, Wesley Buck, Richard French, Frederick Harrison and Ralph Morgan are in charge of refreshments. Members of the prize committee are Harry Pitcher, Mr. Riker, Mr. French and Harold Holmes.

Other members of the parade committee are Mrs. William C. Riker, Mrs. W. J. Duncan, Mrs. Adrian Moreau, Miss Dorothy Ely, William Pitcher, Douglas Fromm, Joseph Phillips, John Jeffrey, John Mount and George D. Schanck.

Tells Advantages Of Army Training

Officer Stresses New Techniques

Not all high school graduates can afford to go to college, but additional education, plus technical training, is available to qualified young men in the United States Army, Capt. Henry J. Boudreaux, army recruiting officer, postoffice building, Red Bank, declared today.

"In these days of international responsibilities," he said, "it is more important than ever before that every young man obtain the best education possible. Though many cannot go to college, they can, in the army, get real career training.

"The army can give an able high school graduate training that will be useful not only in the army but also in civil life. Higher education subjects are taught in classes and through correspondence courses and training is provided in the many lines of scientific and industrial endeavor in which the army works."

Army technical schools use new training techniques developed during the war which teach students faster, particularly in the engineering, mechanical and electronics lines.

The army has made training interesting by using new training aids, demonstration boards, charts of every description, training films, working models, phonograph records, slide films and, most important of all, the actual equipment on which the soldier learns while on the job itself.

To the alert student, the army type of teaching is fun. Instructors are able to communicate their ideas simply and clearly. And the man who has been trainer in army schools can either use this knowledge to win promotion in the service or to win success more rapidly in a civilian career.

Capt. Boudreaux said that a special effort is being made in this area now to put the facts about the advantages of army service before high school graduates.

Property Owners Plan Financing Of Water Case

Highlands Group Sees "Clean Government" If Legal Battle Is Won

The Highlands Property Owners' association meeting Monday night at the grammar school auditorium, arranged a program to educate the population of Highlands to their plans and announced they intended to gain a "clean government" and the saving of some $69,000 of funds, in fighting the awarding of the water plant contract to the Layne company of Linden.

The members claim that if they win their case before the Supreme Court on July 8, the $69,000 Layne contract will be used for other and more needed water improvements. The money, they claim, can be diverted from the Layne company and be used to clean mains or install meters. It has been the contention of the association that a new plant, to include a well and building, is not necessary.

As their case against the borough of Highlands and the Layne company was reviewed, members wanted to know if other contracts awarded by the borough were also subject to the recently issued injunction. James Kinlan, a member of the association and defeated councilmanic candidate, explained that Justice Albert Burling only upheld the case against the Layne company on the ground that the contract was not awarded to the lowest bidder and two other contracts issued by the borough and the awarding of the bonds were not and could not be under attack.

Frank Hall, Republican leader of the borough, attended the meeting, became a member and gave his support to the action of the association. He stated that a victory for the Property Owners' association in the case would defeat Borough Engineer Craig Finnegan, who he charged "redrafted the well plant specifications to make it convenient for all".

The main problem before the group was to raise about $700 for the present deposition hearings now in progress. It has been planned to divide the expense three ways. A contribution from the association, one from Raymond Travers, president of the American Drilling company, and the company holding the meter contract. The meter people lost their bid to a higher bidder but their case in the injunction was ruled out by Justice Burling on the ground that the difference in the bids was only $15.

Because the meter company was not included in the case, members felt that a contribution from them would not be forthcoming. The meeting adjourned temporarily while two members contacted Mr. Travers by phone and received a promise from him that he would add $250 to his contribution. It is expected that the balance of the expense will be underwritten by a few members of the association who will be paid back by the membership at large.

The deposition hearings began yesterday morning in the offices of Ward Kremer, Asbury Park attorney, who is representing both the association and Mr. Travers. They are expected to last several days. Several citizens of Highlands have received notice to appear.

A nominating committee was formed to make selections for a vote for permanent officers of the association.

Missionary Group Holds Luncheon

Young Folks Give Play —Donate To School

The final meeting of the Women's Missionary society of the Red Bank Presbyterian church was held Wednesday of last week at the church. A covered dish luncheon was served, and hostesses were Mrs. Irving N. Doremus, Mrs. Edward Truex, Mrs. Herman D. Woolley, Mrs. H. F. Dowstra and Mrs. Joseph Koehne.

A play, "Won't You Come Into My Home?" was given by a group of young people, coached by their leader, Mrs. Hubert M. Farrow, Sr. Participating were Christa Worden, Jane Wiley, Eleanor Dodge, Sally Schantz, Joanne, Roberta and Margaret McDonald, Gail Gilbert, Donald Beer and Billy Dowstra. Piano solos were played by the three McDonald sisters.

The society, through its Mary K. Park Memorial fund, gave a $125 gift certificate to the Sheldon Jackson Junior College in Alaska. George Morton of Fair Haven, a member of the Sea Scouts, will attend the summer youth conference this week at Blair academy, Blairstown, with expenses paid by the society. Assignments for Sage Memorial hospital and the Ganada mission in Arizona were filled. The opening fall meeting will be September 10.

Singers Render Negro Spirituals

The members of the quartet of the Presbyterian church, augmented by 12 other voices presented a program of Negro spiritual songs Sunday morning in the church. Allan R. Woolley was director.

The regular quartet is composed of Mrs. J. William Heim, soprano; Mrs. Thomas McClintock, contralto; A. Leroy Baker, tenor, and Mr. Woolley, baritone and director. William H. Crawford was at the organ for all selections. The other singers included Mrs. Ronald W. Allen, Mrs. Marjorie King and Miss Zelma Woolley, sopranos; Mrs. Gertrude Bradley, Mrs. Barbara Demaree and Mrs. Pauline Foster, altos; Eugene M. Magee, Jr., and Charles Meeker, tenors, and Howard Bradley, Jack Jeffery, Russell Morgan and John Ousterman, basses.

The program was presented as follows: Organ prelude, Mr. Crawford; choral prelude, "Come Ye and Let Us Walk;" hymn by congregation, "Fairest Lord Jesus;" short introduction to Negro spirituals by Rev. John A. Hayes; chorus, "Let Us Cheer the Weary Traveler," "Steal Away" and "I Want Jesus to Walk With Me;" tenor solo, "Were You There?" Mr. Baker; chorus, "Somebody's Knocking at Your Door;" soprano solo, "City Called Heaven," Mrs. Heim; chorus, "Swing Low, Sweet Chariot;" contralto solo, "By and By," Mrs. McClintock; chorus, "Go Down Moses" and "Oh! Rise and Shine," and organ postlude, Mr. Crawford.

Wonders Of "The Garden State" Shown In Film

Trinity Church Men Planning Active Fall Program

Men of Trinity Episcopal church learned from a movie shown for the Fellowship club last Thursday night that New Jersey has such a wide variety of vacation possibilities, the summer vacationist need not cross its borders to find any popular kind of recreation.

The film was "New Jersey Journey," depicting the scenic wonders of the Garden State, its ocean-front beaches, its quiet sun-flecked forests, its trout streams, its valleys and its mountains, as well as the industrial and agricultural development which has brought the state fame since it emerged from its status as a British colony.

Of course one of the most popular parts of the picture was that showing the National Sweepstakes Regatta at Red Bank. Many in the audience could identify their friends as they took part in the 1946 event. Several had seen the film before when it was shown to other Red Bank organizations during recent months.

Plans were announced for the first autumn meeting September 18, at which a special agent of the Federal Bureau of Investigation will come here to speak at a forum-lecture at which mayors, police commissioners, chiefs of police and other interested officials of Red Bank and its many surrounding communities will be asked to participate.

Men's Fellowship club members, in discussing these plans, agreed there is a definite need for such an inter-community program to help reach an understanding about the citizens' responsibilities in working together to prevent any serious spread of crime from reaching this area. It was shown that once in the past year Red Bank was the target for serious criminal operations in the burglary of the Merchants Trust company, a crime still not reported as solved.

Other neighborhood crimes of varying degrees of seriousness also have penetrated this area. With officials like F.B.I. Chief J. Edgar Hoover reporting crime on a dangerous post-war upswing, the Men's Fellowship considers it important that its church members, as one of the borough's responsible groups, should know what their individual duties are in co-operating with town, county, state and national authorities.

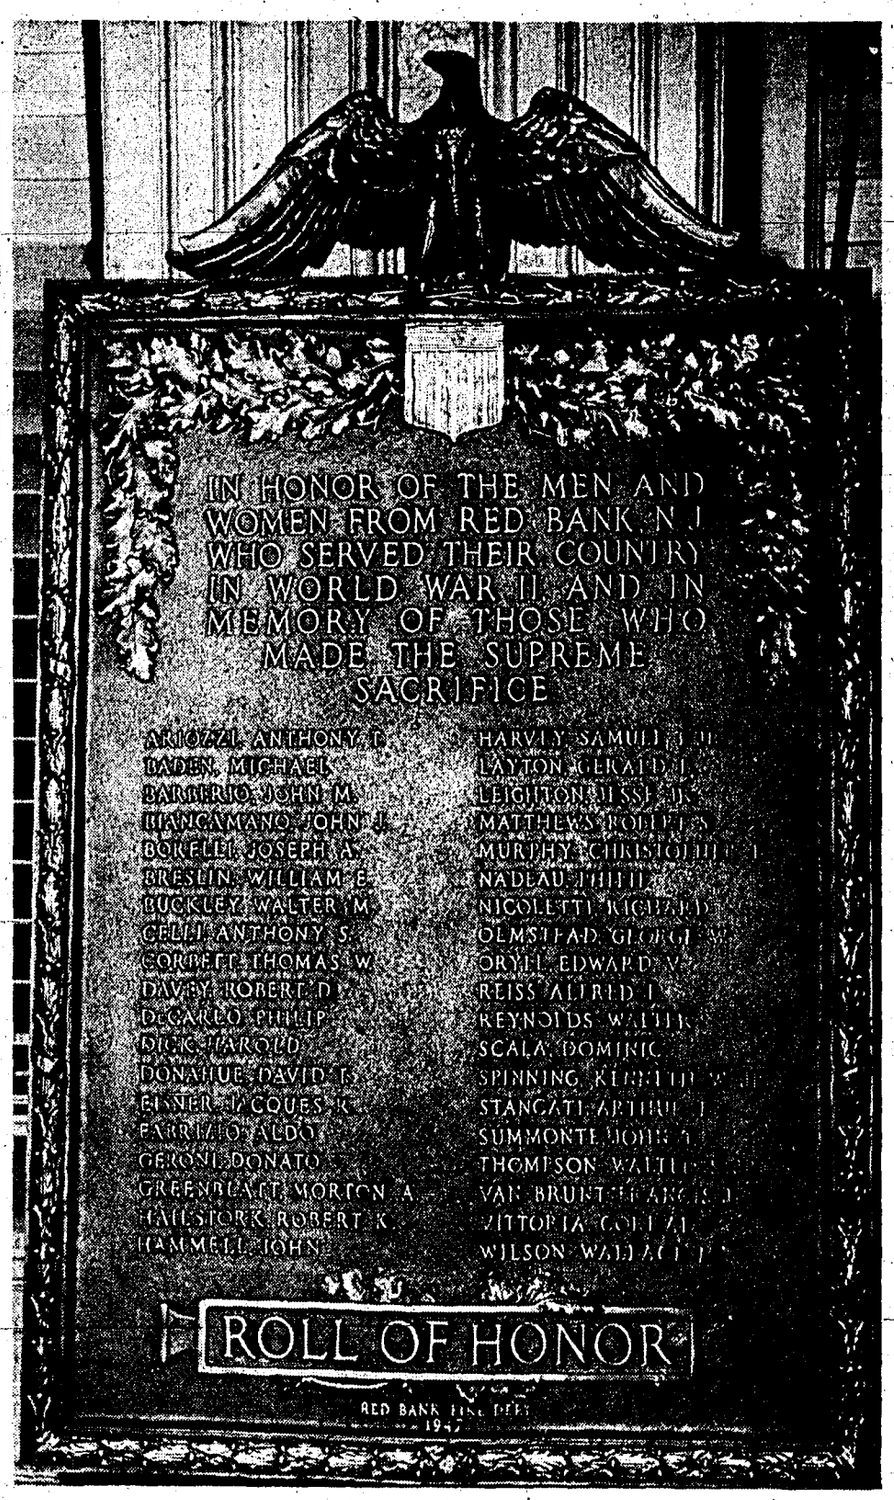

With the F.B.I. agent—an official trained to know the answers—as the main speaker and central figure of the gathering, the forum will be so arranged as to have the authorities from the neighboring communities ask him leading questions after the talk. It is felt that these authorities, with their benefit of experience, thus can restrict to the important those local problems now being confronted.

It was made clear that at present only tentative plans can be made but invitations soon will go out to the community authorities who will be asked to participate.

The Men's Fellowship, at this final meeting of the spring season, also went on record as agreeing to help the Women's Guild of Trinity church in the sale of tickets for a card party to be held during the fall months.

Both the Men's Fellowship and Women's Guild soon will undertake a job to redecorate the church parish house and its basement.

Our Honored Dead

Above is a photo of the bronze plaque bearing the names of Red Bank men killed in action in World War II. The plaque, a gift of the Red Bank Fire department, will be dedicated and installed on the war memorial monument on the borough hall grounds July Fourth.

All six fire companies in the borough and the department's executive council contributed toward the plaque, which cost $377. Serving on the committee in charge were LeRoy Deacy chairman, Raymond Brower and Joseph E. Fix.

Fare For The Fourth

HOLIDAY HAMBURGERS . . . For a Hearty July 4th

By CHARLOTTE ADAMS,
Associated Press Food Editor

There'll be lots of fine parties over the Fourth of July week-end. It is always such fun to have the holiday fall thus properly. Fun for everybody—even the cook if things are planned right. Try to have food which can either be cooked ahead or very simply put together at the last minute. Here are dishes which fit both categories:

Fourth of July Hamburgers

1 pound ground beef
1 tablespoon minced onion
1 tablespoon Worcestershire sauce
1 teaspoon salt
⅛ teaspoon pepper
1 egg
8 bacon slices
8 onion slices

Mix together ground beef, minced onion, Worcestershire sauce, salt, pepper and egg. Shape into small patties. Place bacon slices in a skillet and cook for about five minutes. Remove bacon from fat and allow to drain on absorbent paper. Brown both sides of onion slices in bacon fat. Put meat patties together, sandwich fashion, with sliced onion between. Wrap a bacon slice around each hamburger "sandwich" and fasten with a toothpick. Arrange hamburgers on heat-resistant dish. If you have one of those new glass platters, it is perfect for the purpose because you can serve the dish "as is" from the oven. Place in pre-heated broiling oven about three inches from source of heat. Broil for about eight minutes on each side, turning once.

To give a fine, Independence Day touch, make a "Drum Salad" by spreading cream cheese between two tomato slices and arranging strips of green pepper around the cheese like the lacings on the side of a drum. Drum sticks are made of celery sticks topped with pitted, unstuffed olives.

You can prepare the following casserole in the morning, store it in the refrigerator, and just pop it into the oven in time to have it ready for company without any fuss. Double the recipe for eight—this is just for the family.

Chicken and Chips Casserole

3 tablespoons butter or chicken fat
3 tablespoons chopped green pepper
1 tablespoon minced onion
¼ cup flour
1 cup chicken broth or stock
1 cup evaporated milk or light cream
½ teaspoon salt
Few grains pepper
Few grains powdered thyme
2 cups coarsely crushed potato chips
1½ cups cubed cooked chicken
3 tablespoons grated Parmesan cheese.

Melt butter in saucepan. Add green pepper and onion and cook slowly for several minutes. Remove from heat, blend in flour and slowly add chicken broth. Return to heat, stir in milk or cream and cook until thickened, stirring constantly to keep smooth. Add salt, pepper and thyme. Arrange one cup potato chips on bottom of a greased 1½ quart casserole. Spread one cup chicken over this, then pour on half of sauce. Repeat these layers, then sprinkle top with grated cheese. Bake in a moderate oven (350 degrees) until bubbly and browned—about 25 minutes.

Butter Vegetable Soup

1 cup cubed potatoes
½ cup coarsely chopped celery
2 tablespoons finely chopped onion
1 cup diced carrots
½ cup string beans (fresh, quick-frozen, or canned) cut into 1-inch pieces
⅛ cup butter
1½ cups canned tomatoes
1 teaspoon salt
Dash of pepper
2 cups milk
½ cup shredded American cheese

Combine potatoes, celery, onion, carrots and beans in a kettle; add butter, and simmer 10 minutes. Add tomatoes, salt and pepper; cook until vegetables are tender, about 15 to 20 minutes. Add milk, and blend thoroughly. Heat rapidly to boiling point, and serve immediately. Sprinkle each serving with shredded cheese. Serves 6.

STUFFED CABBAGE LEAVES

(Recipe Serves Four)

1 head cabbage
1 cup cooked beef
1 small onion
3 sprigs parsley
¼ green pepper
1 cup cooked rice
1 teaspoon salt
¼ teaspoon fresh ground pepper
1 carrot, sliced
1 cup stock
4 slices bacon

Remove eight large cabbage leaves from head. Wash thoroughly and cover with boiling water. Cook gently for ten minutes. Put through food chopper the beef, half of an onion, parsley and green pepper. Add the cooked rice, salt and pepper. When blended place a heaping tablespoon of mixture on each cabbage leaf, roll and fasten with toothpicks. Place the remaining half of onion and carrot in a casserole. Lay the stuffed cabbage leaves on top and add the stock. Cut bacon in thirds and lay on top. Cover and bake one hour of 350 degrees.

Cheese Noodle Ring With Creamed Shrimp

1 8-oz. pkg. medium noodles
3 tablespoons butter
¼ cup minced onion
4 tablespoons flour
1 teaspoon salt
¼ teaspoon paprika
2 cups milk
3 eggs, separated
1 teaspoon prepared mustard
1 cup grated American cheese

Cook noodles in boiling, salted water, until tender about 15 minutes. Drain and rinse in hot water. Meanwhile, melt butter in sauce pan, add onion and cook slowly for 5 minutes. Stir in flour and seasonings; gradually add milk while stirring and cook over low heat until smooth and thickened, stirring constantly. Beat yolks; add a little hot sauce to yolks and blend. Stir mixture into remaining sauce, add prepared mustard and grated cheese, remove from heat and stir to blend. Add hot sauce to drained noodles, mixing well. Beat egg whites until stiff and fold into mixture. Pour into a well-greased 1½-quart ring mold and bake in a pan of hot water in a moderate oven, 325° F., for about 45 minutes or until lightly browned. Turn out on hot platter and fill center with creamed shrimp. Serves 6 to 8.

Potatoburgers With Gravy

1 pound ground chuck or round beef
2 cups grated potato (use coarse grater)
3 tablespoons finely chopped onion
1½ teaspoons salt
¼ teaspoon black pepper
1 egg, beaten slightly
½ cup milk
2 tablespoons butter

Combine ground meat, grated potato, onion, seasonings, egg and milk. Shape into patties and cook in hot butter, until brown on one side. Turn and cook on other side until patties are cooked through and browned. Patties may be covered and steam-cooked a few minutes, if desired. Serve with Creamy Brown Gravy. Serves 6.

Creamy Brown Gravy

Remove potatoburgers to hot platter and keep hot. Allow 2 tablespoons fat for each cup of gravy. Add 2 tablespoons flour for each 2 tablespoons fat, cook over low heat, stirring constantly, until flour is browned. Gradually add 1 cup milk for each 2 tablespoons fat, while stirring. Cook until gravy is thickened and smooth. Season to taste. Serve with potatoburgers.

Laboratory News

Synthetic perspiration now makes it possible to test the color-retention qualities of a fabric under summertime wearing conditions.

The synthetic is produced by making up a solution of, among other things, a material called disodium ortho phosphate anhydrous. Simulating a summer day in an air-conditioned laboratory, textile technicians bring samples of cloth into contact with the synthetic preparation to determine whether the fabric's dye will fade or "run."

This test is one of many conducted in the laboratories at Joliet, Ill., of the American Institute of Laundering, national trade association of the laundry industry, in a continuing study on fabric wear designed to improve launderability of fabrics and serve the consumer public.

Be Alive On The Fifth

What shall we say to these people?

One is a man driving with his family on a vacation trip. He is hurrying to arrive at his destination before dark. A slow-moving truck tempts him to pass on a hill.

One is a mother who failed to hear the summer cottage screen door slam, nor did she notice her 18-month-old son toddle to the bluff overlooking the lake and disappear. . .

Another is a teen-age boy driving friends home from a movie. Laughing and cutting up, they were into the intersection before anyone saw the big, black sedan. . .

What can we say to these people? They have no names—yet, but they will be the victims of Fourth of July accidents. They are a few of the 8,000 or more Americans who will be killed by accidents in July. This estimate is made by the National Safety Council, which regretfully notes the grim lessons of experience. Many of these deaths will happen during the Fourth of July holiday, which this year is a three-day week-end.

What can we do to stop it? There must be something. All of these deaths will be needless, because virtually all accidents are preventable.

You—the man who passed the truck on the hill—we can't send a policeman to you now and say, "On July 4, at exactly 5:43 p. m., you will become impatient at following a truck and try to pass. You will crash head-on into an approaching car at the crest of the hill and only your baby daughter will survive."

No, we can't warn you. We don't even know who you are. But you are somewhere.

All we can do is tell everyone, those marked for death and those who are not, to be careful. That's a flat and distasteful phrase to most Americans—Be Careful!—but it's all we can say.

Be careful. Be Alive On the Fifth!

Not So Bad As Painted

Benjamin Boisseau Bobbitt in his Monmouth American Friday, took a fall out of Red Bank for its lack of free off-the-street parking facilities.

Mr. Bobbitt said in part, "If you want to see a place that has a very serious parking space problem, visit Red Bank's business section on a Saturday or other busy day. With no free off-street parking facilities provided, the jam is so bad that one woman who went there to shop Saturday remarked, "The last time I'll come here to buy anything soon. Asbury Park is bad enough, but this is even worse'."

We know Red Bank has a serious parking problem, but Mr. Bobbitt made a slight mistake when he said Red Bank provides no free off-street parking facilities. There is a big lot on the west side of Broad street, between White and Front streets, which will accommodate more than 200 cars, a lot on Wharf avenue will take care of 100 cars, and a smaller lot on Mechanic street will accommodate 50 cars. Furthermore according to official reports, there has always been space available in the Wharf avenue lot ever since it was opened.

A National Highway Safety Program

Through the combined efforts of thousands of daily and weekly newspapers throughout the United States, a National Highway Safety Program was launched this week throughout the nation. Because of its purpose alone, the campaign is one of the most praiseworthy and beneficial public services in recent years.

Any effort to reduce or eliminate the tragic toll of traffic accidents which annually account for thousands of needless deaths is worthy of wholehearted support.

Last year 33,500 persons were accidentally killed on our streets and highways. The staggering total of 1,150,000 were injured and an economic loss of over two billion dollars resulted.

What makes those lost lives, the pain and suffering, and the economic loss more tragic is the realization that, with proper care and precaution, they could have been avoided.

Now, as a result of the President's Highway Safety Conference last year and the second meeting of the Conference last week, an intensive effort is being made to prevent traffic accidents in the future. Much has already been accomplished in the way of traffic enforcement and engineering. The National Highway Safety Program is the newspapers' contribution to the educational phase of accident prevention.

But it has been significantly pointed out by Maj. Gen. Philip B. Fleming, general chairman of the President's Highway Safety Conference, that brief, spasmodic campaigns will not bring lasting results. There is need for intensive effort on the part of every man, woman and child.

"Each one of us, as driver or pedestrian," says General Fleming, "must accept in good faith our own individual responsibility. Each man, woman and child must accept in his own conscience, as before the law, the responsibility for the consequences of his own acts."

That can mean only one thing. We must all, by our own individual efforts, strive constantly for the improvement of the public attitude toward safety. The result will be the sparing of our own lives or those of the ones near and dear to us.

Intolerable Uncertainties

When Congressional Committees held hearings on the Bulwinkle-Reed bill, which is designed to clarify certain legal aspects of railroad ratemaking under Interstate Commerce Commission regulation and supervision, more than a thousand organizations representing shippers put themselves on record as being in favor of it. That was virtually unanimous shipper endorsement—and it was buttressed by ICC commissioners, officials of the Office of Defense Transportation, consumers' groups and others who are interested in maintaining the highest possible standards of railroad service.

Last session, the House passed the bill by a vote of 277 to 45—a majority of a size given to few measures. The adjournment of Congress prevented the bill from reaching a vote in the Senate. However, the Senate Committee on Interstate Commerce, after hearings extending through 33 days, overwhelmingly recommended that it be passed.

The Bulwinkle-Reed bill is pending in Congress once more, and it should be brought to a vote at the earliest possible moment. In essence, it empowers the ICC to approve agreements among carriers which meet certain exacting tests and standards laid down by Congress itself. Those agreements must be appropriate to the proper performance of service to the public, and they must not unduly restrain competition. They must be consistent with the public interest. And, of equal importance, the bill is necessary to clear up intolerable uncertainties and confusions affecting not only our transportation system but every shipper who uses it.

Lives Saved

Adequate precautions, good construction, and fire safety rules are saving lives in hotel fires, according to the National board of Fire Underwriters.

In Terre Haute, Indiana, for instance, fire broke out in a ten-story hotel. Fire department officials said that the action of guests in not opening doors and running into corridors prevented what might have been a disaster.

In the Hotel Lincoln in New York, a mattress burst into flame from a cigarette. A heavy door prevented the spread of fire and smoke—proving that proper construction is one of the best defenses against conflagrations.

It is estimated that an inspection of hotels inaugurated on a statewide basis by Arkansas insurance men last summer saved 18 lives when a Hot Springs hotel burned. The inspection led to the clearing of a fire escape down which guests fled to safety.

Efficient work by the service personnel of a St. Louis hotel prevented panic from breaking out among 800 guests when fire started in a porter's room on the first floor and raced up a shaft to the 16th.

Fire prevention measures, including newly-installed protection of an elevator shaft, is credited with averting disaster in a recent Grand Rapids hotel blaze.

There are signs that the war against fire is bearing some fine fruit. We must keep up and intensify the work.

The shipment of oil to Russia in tankers transferred to that country under lend-lease during the war has drawn the fire of several Congressmen. With talks of gas rationing in this country, the whole picture appears to be out of focus. But the situation is not unusual; we've always been big-hearted that way. Only a few years ago we sent shipload after shipload of scrap iron to another country across the Pacific and it came back as bullets and shrapnel. Let's hope the Russian deal wont "backfire."

THE HIGH PLAINS

Wheat stands tall on the high plains, oceans of wheat rippling green in the sunlight, and the wheat ranchers have only two fears—hail and rust. Spare them hail and spare them rust and they will again fill the nation's granaries to overflowing. All across the plains, Kansas, Nebraska, eastern Colorado, the wheat is lush with a wet spring's growth. And already the harvest crews, with their big-mawed "combines", are moving up from the South, from Texas and Oklahoma toward the Dakotas, harvesting as they go.

The grass stands tall, too, on the high plains, taller and more lush than in many a season. The range is in peak condition, and cattle, the ranchmen say, are fat as ticks. You see them, broadbacked, white-faced cows and calves and steers, dotting the rolling range land in buffalo grass a foot high and still green as the wheat fields on the eastern horizon.

This is a rich year on the high plains and even the flowers are lavish. Wild sweet peas flush the long slopes. Cowboy's Delight splashes the flats with fragrant geranium-red. Buffalo beans and lupines show all the shades of purple and blue. Desert primroses sweeten the evenings and brighten the dawns with sunny yellows and sunrise pinks.

In dry years the meadow larks sit in the shade of the fence posts and sing only in the cool of early dawn. This year they perch on the posts and fill the noonday with their song, sweet celebration of a generous season on the high plains.
—New York Times.

AGREEABLE DISAGREEMENT

There are defeats that history turns into victories, like Bunker Hill. A young Negro letter carrier who has been fighting unsuccessfully for 14 months to gain admission to the all-white University of Texas Law School thinks that his successive defeats in Texas courts are of that sort. The victory, he feels, lies in the steady growth of moderation and liberalism illustrated by the atmosphere surrounding his case.

While it has been in progress he has not received one word of threat or a single hostile letter, reports the New York Herald Tribune. Instead, 21 campus organizations of the University of Texas—many of them allied with church groups—have rallied to his support, and the students have contributed money to help him fight his case.

The issue has been treated strictly as a legal matter. In handing down his recent decision, the presiding judge commended the well-mannered behavior of the crowd in the courtroom and the high level on which the case was argued. This is a welcome contrast to the passion and prejudice which too often mark racial disputes in all parts of the country.

Where honest disagreements can be settled in this liberal spirit, both the winner and the loser share the victory in the end.—Christian Science Monitor.

LETTERS FROM OUR READERS

DEFENDS RUSSIA

June 20th, 1947

To The Editor,
Red Bank Register.
Dear Sir:

In an editorial in the [illegible] 19th Register entitled "A Good Job for Henry" you mentioned the "nefarious schemes" of Stalin and Molotov. The editorial further stated that the Russians "have been anything but frank and open in their demands".

The truth about Russia and her "demands" are both frank and open for anyone who wants to understand.

Twice in one generation, Russia has been invaded by Germany at enormous cost to the Russians in life and property. During World War II, the Nazis were facilitated in their operations by the then bitterly anti-Russian governments of Hungary, Slovakia, Finland, Rumania, etc.

Having finally driven out the invaders, Russia is determined, and rightfully so, not to permit a similar situation to exist again.

Let us imagine that we had been twice invaded through Canada or Mexico. Would we for a moment tolerate a government hostile to us existing in those countries? I think not.

In conclusion, to those who speak of Russia's "aggression" today, let me state that, as of this date, Russia has less territory in square miles than she held in 1900. Think it over!

Very truly yours,
Mrs. Bessie Strasburger,

Gentlemen:

On behalf of the joint Universal Training Forum Committee, I should like to express our appreciation of your cooperation.

We trust that the full discussion of all phases of Universal Military Training at this forum, of which you were a sponsor, by speakers thoroughly familiar with the problem has better enabled citizens of this community to understand this important and timely topic.

Very truly yours,

Agricultural Agents Warn of Tomato Blight.

In a recent letter from the Monmouth county extension service to Monmouth county tomato growers, the county agricultural agents point out that plant diseases cannot be cured, they must be prevented. County Agent Clark says the problem is like fire insurance on buildings. Most far-thinking people pay the annual premiums, even though the buildings don't burn every year.

The letter points out that the blight is a disease which is carried by the air currents. Its development is favored by cool, wet weather, and it is likely to appear first in low, poorly drained fields.

The Monmouth county agents recommended spraying with a fixed copper compound as the most effective control, with the old fashioned Bordeaux mixture next in line and dust with a fixed copper as a close third. The Monmouth county agricultural office gets periodic reports on the status of the blight in the states south of New Jersey, and thus far there have been no alarming reports received. Clark and Rice are of the opinion that prevention is the surest method of control.

Watch Breeding Dates to Help Milk Yield.

Some farmers whose cows are being bred naturally, still allow the bull to run with the herd on pasture. This is a mistake, if more even production is to be realized, according to Enos J. Perry, extension specialist in dairy husbandry at the College of Agriculture, Rutgers university.

Such a practice permits the bull to breed too early some cows that should be held back a few weeks. The most natural season for cows to conceive in most parts of this country is summer. This helps explain why most cows in many herds freshen in spring and so upset the aim of even year-round production, especially in fluid milk areas.

Many dairymen have found it is easier to get more fall and winter milk by artificial breeding because the cow's heat periods are watched more closely, with the result that cows are bred at the right time.

Unrestrained service may weaken the bull, Perry adds, and furthermore, any bull running at large is a menace because he often destroys life and property.

Potato Growers Told of Government Price Support.

A recent announcement by Stanley M. Orr of Freehold, chairman of the Monmouth County AAA committee, outlines the procedure which Monmouth's potato growers must follow in order to be eligible for the government price support program at harvest time. The County AAA office reports that measurements of the potato fields are about complete, and that practically all the growers' acreage in Monmouth are within the goals set by the county committee last spring.

The next step is for the growers to visit the office at 44 West Main street in Freehold, and make formal "application for eligibility." This consists in estimating the 1947 production by hundredweights, and paying one cent per hundredweight on this estimate. Growers must make every effort to sell their potatoes through the regular commercial channels at not less than the announced government support price. They must also agree to hold from the market the lower grades of potatoes, if and when the governments asks that such action be taken.

Local dealers, according to the announcement, will enter into contracts with the government to handle potatoes under the support program and to buy only from eligible producers. Mr. Orr's announcement stresses the point that growers must communicate with the County AAA Office to complete this application for eligibility before July 11.

Poultry Briefs.

Laying flocks generally appreciate a salad course in their rations. Poultrymen can grow, with little work, a poultry garden of chicken lettuce, Swiss chard, cabbage, collars, kale or mangel beets. Any of these will help add vitamins to the flock's diet.

Monmouth county stands sixth among all counties of the United States from the standpoint of the number of chickens on farms, according to the 1945 census.

Poultry and poultry products sold stood first among all farming enterprises in New Jersey during 1945 and accounted for about 46 million dollars of the 173 million dollars of agricultural income for that year.

Chickens on hand, eggs produced and chickens raised all have more than doubled in numbers in New Jersey since 1930. Turkeys raised have increased from 31,609 birds in 1930, to 202,973 in 1945.

Hornworms Are Active on Tomatoes.

Tomato hornworms do a lot of damage to tomato plants in a short time. They are ravenous eaters and unless they are controlled before becoming half-grown, are hard to kill with an arsenical poison.

A dust made of 20 pounds of calcium or lead arsenate mixed with 80 pounds of a hydrated dusting lime or a spray may be made by adding five pounds of either of the arsenicals with eight pounds of hydrated lime to 100 gallons of water. Either arsenical may be added safely to Bordeaux mixture, says County Agent Clark.

Thirty to 40 pounds of dust and 100 to 150 gallons of spray, depending on the size of the plants, should be enough to cover an acre. For nearly mature worms, more arsenical must be used to kill them.

Stop Cutting Asparagus By July 4th

The first week of July usually is the time growers should discontinue cutting asparagus, according to M. A. Clark, agricultural agent. This will give plants time to develop good brush and to store up plant food in the roots for next year's cutting season. If the asparagus field has not previously received the full amount of fertilizer, it should now be broadcast and cultivated in after the last cutting and before ridges are usually broken over and the field is disked.

It is important to keep weeds under control in asparagus fields and to apply arsenicals to protect foliage from asparagus beetles.

Beets and Carrots.

Seed for the fall crop of beets and carrots to be stored for winter use is sown just about the first of July. The soil in which the seed is planted should be firm, but not hard or crusted. Sow seed thinly in rows far enough apart to fit in with the system of farm machinery which will be used in their cultivation. When carrots or beet tops are three to four inches tall, they should be thinned to stand at least two inches apart in the row.

The amount of fertilizer to use to grow a good crop of fall carrots will depend on the present fertility and the amount of fertilizer which has been applied to the preceding crops. Both carrots and beets will stand a generous application of a 5-10-10 complete fertilizer placed fairly deep in the soil. If weeds become a problem in the young carrots, a solvent oil may be used to eradicate them. Do not use this oil on beets.

Winter Pumpkins and Squash.

Winter squash should be planted the latter part of June. Boston Marrow and Hubbard are popular varieties and usually are planted in hills eight feet apart, allowing three plants per hill. Seed may also be planted in corn rows on soils which are not subject to excessive drying out or erosion.

The Small Sugar or Cheese variety of pumpkin may be planted until about July 10, but not much later. When these crops follow an early heavily fertilized crop, there should be plenty of plant nutrients left in the soil to mature the crop. Otherwise, an application of from 300 to 400 pounds to the acre of a complete fertilizer may be advisable. These varieties of pumpkins and squash may be stored for winter use.

Drainage Project.

A dragline is now at work in Upper Freehold township cleaning and deepening Horse brook to provide a drainage outlet for several hundred acres of farm land. This piece of equipment was obtained by the supervisors of the Freehold District from the Federal soil conservation service and will be used to further the conservation program in Monmouth, Middlesex and Mercer counties.

According to R. C. Clayton, chairman of the district supervisors, one of the greatest needs in keeping our land productive is to maintain proper drainage of our rich bottom lands. It was with this in mind that the group of farmers adjoining Horse creek, got together to undertake the dredging of over a mile of the upper portion of the brook. Those co-operating in the project are William B. Buryce, Stephen Punk, Enos Herbert, J. Kelsey Booth, H. L. Gibbs, John Kubinsky and Fred I. Eldridge.

The water has already been lowered as much as five feet in sections, and these men feel that their investment in doing the job will be one of the best they ever made.

Groups interested in this type of work should contact the district supervisors or county agents for further details.

Happenings Of Years Ago From Our Columns For Your Enjoyment

Fifty Years Ago.

The steamboat Albertina struck on a sunken rock near Lower Rocky Point as she was on her way to New York and a hole was stove in her botton. The hole was not a very large one, but it let in a great deal of water and the boat sunk just as it reached the Highlands dock. The boat was raised by a wrecking company from New York and taken to the latter place for repairs.

Capt. George A. Bowne's house at Middletown was entered by burglars. The thieves got $9.75 in cash and a gold watch and chain.

Irving Brown, son of Morris Brown of Red Bank, fell off the steamboat dock. He climbed on a float and reached shore without difficulty.

Benjamin Jones died at Navesink. He had been sick several days, but his death was sudden and unexpected.

Frank Polhemus of Navesink, left his team of horses in front of Joseph Stankiewicz's blacksmith shop while he went inside. The horses walked off up the road and ran into a large willow tree in front of Milbury Stearns' hotel. The wagon and harness were slightly damaged, but the horses were not hurt.

A game of baseball was played between a nine from Goosetown and a nine from Texas. The game was played at Goosetown and was won by the Texans by a score of 16 to 9. On the Texas team were Will Ashmore, James Lane, Joe Clayton, George Dugan, Andrew White, Edward Cole, Joe Dugan and Myron Worthley. On the other team were Will Asay, Irving Vine, William Reed, Oscar Becker, Oscar Brown, Joe Asay, P. Holmes, J. Glennon, Fred Kaiser and Frank Tetley. Harry Clayton acted as umpire.

Frank Weeks of Vanderburg and Henry E. Armstrong of Holmdel had a horse race at Byram's track, near Lincroft, for fun. The race was for the best three in five heats. Gen. John Sheehan of West Red Bank was timekeeper and judge. The race was very close, but Armstrong's horse came under the wire about a nose ahead.

A cake walk and dance was held in Memorial hall, Red Bank. The judges were Jacob Kridel, George R. Lamb, Gen. John Sheehan, John B. Bergen and Whitall S. Hill. The cake was won by Miss Josephine Harbrough and Isaac Smith.

Edward Denise of Oceanic, entered the bicycle races at Trenton. He was a scratch man in a half-mile handicap and won the second prize, a silver tea set of six pieces. In a second race, a half-mile scratch, Denise came in second, the prize being a silver carving set. In a one-mile handicap he was scratch man and came in fourth.

The marriage of Miss Helen Coriell, daughter of Abner Smalley of Dunellen, to Clarence White of Red Bank, was celebrated in the First Presbyterian church at Dunellen.

Sarah, daughter of Amanda and John Polhemus of Scobeyville, was married to Dr. Alonzo I. Hunt of Hamilton, South Carolina. The wedding took place at the bride's home and was performed by Rev. Garrett Wyckoff.

Miss Maude Littlefield, daughter of Charles Littlefield of Eatontown, was married at her home to Dr. Charles R. Blundell of Paterson.

The 19th annual commencement of the Red Bank public school was held at the Opera House. There were 23 graduates. They were Louvene W. Worthley, G. Florence Brand, Grace W. Holmes, Libby A. Chambers, K. Cecil Weaver, Florence S. Murphy, Martha E. Sutton, Grace M. Chadwick, Emma L. Voorhees, Rachel S. Grover, Sarah A. Venable, Rachel A. Conover, Hortense Thompson, Sadie T. Grapel, M. Annie Colon, Grace D. Johnston, Stephen H. Tallman, E. B. Graham Caldwell, Theodore T. Compton, Robert M. Forsythe, Thomas Irving Brown, Henry W. Allstrom and Clinton F. Elliott. All the girls wore white dresses and the boys wore black suits.

Abram Bennett and Charles Nestler of Fair Haven and David Dare were painting a bathing house on a dock at Sea Bright when the scaffold broke, throwing them into the river. The men swam ashore and afterward had to swim out again to recover their hats and paint brushes.

Mrs. Susannah E. Tilton was found dead in bed at her home on Pearl street. She was the widow of William Tilton. She was 72 years old and left one son, William A. Tilton, with whom she made her home.

The graduating exercises of the class of 1897 of the Oceanic graded school were held in the schoolhouse. The graduates were Nettie Briggs, Hettie Brill, Gussie Pintard, Leolin West and Charles White.

Rev. James T. Shock, pastor of the Keyport Reformed church, was appointed principal of the Keyport public school at a salary of $1,400 a year.

Wellington Emery and Edward Jeffrey of Oceanic were riding from Trenton on a tandem when they collided with a bicyclist near Hightstown. Both bicycles were broken.

Rev. Thaddeus Wilson announced his formal retirement and preached his farewell sermon at the Shrewsbury Presbyterian church. This marked the close of Rev. Wilson's 45th year as pastor of the Presbyterian church.

Miss Anna B. Tilton of Scobeyville was run over by a young man on horseback. She was riding a bicycle, which was completely wrecked by the collision. Miss Tilton was very badly scared and sustained a severe shock, but was not otherwise hurt.

Joseph H. Holmes of Holmdel was 13 years old. His brother, John S. Holmes, Jr., was six the same day. The boys invited a number of their friends to celebrate the day by eating ice cream and cake and playing games.

Twenty-Five Years Ago.

The meeting of the Red Bank commissioners was a night of complaints. Kicks were registered galore and the session was enlivened by a fiery battle of words betweeen James Norman and a contractor.

A surprise birthday party was given by Miss Eleanor Morris of Wallace street for Miss Estha Howard of Hudson avenue. The guests were Mrs. Beatrice Wilber, Misses Bertha Stanger, Anna and Madie Morris, Cornelia Minton, Grace Allaire and Ethel Roxey.

The Crawford's Corner schoolhouse was filled to overflowing at the closing exercises of the school. The large attendance was partly due to a desire on the part of the folks at that place to give a final hand shake to W. Hugh Ryder of Red Bank, the popular young teacher, who was to become principal of the Oceanport school the following year. He was to be succeeded at Crawford's Corner by Mrs. John Ackerson.

Theodore Butterfass of Middletown village won a scholarship in Columbia college on the strength of his fine record at the Middletown township high school at Leonardo. The scholarship was worth $250.

About 150 persons, mostly South Jersey men, who specialized in raising and selling seed potatoes, visited the Holmdel potato country. They came to observe crop conditions from seed which they sold to Holmdel farmers.

Ten pupils of the Atlantic Highlands public school had a perfect attendance record for the school year. They were Arthur Mooney, Tessie DiFazio, Wilson Pollacek, Vivian Rolandelli, Aldred DiFazio, John Kozak, William Brittingham, Edith Nason, Olga Sorrensen and Helen Kadenbach.

Oswald Roop of Belford went to Red Bank and bought a straw hat of the latest and sportics type. On his way home he stopped at Daniel Ahearn's store at Belford to converse with some friends. He put his hat, which was in a bag, on a bench. A gust of wind blew it in the road and an instant later an automobile ran over the head gear and mashed it as flat as a pancake.

William McDonough of Holmdel, died of Bright's disease after a sickness of four and one-half years. He was 59 years old and had spent all his life at Holmdel. For a number of years he was a constable of Holmdel township and he also carried on a shoemaking business in the village.

Mr. and Mrs. Thomas Carney of Colt's Neck, entertained a number of friends at a dinner party in celebration of the birthday of their son, Henry Carney.

Weddings of the week were those of Miss Mary Pryor, daughter of Benjamin Pryor of Fair Haven, and Albert B. Phillips, son of Albert Phillips of College Point, Long Island; Miss Lavinia V. Coddington, daughter of Mrs. Harriet Coddington of Navesink, and William R. Schramm, son of Henry Schramm of New York; Miss Helen A. Crine of Matawan and Paul J. Hartnedy, son of Michael Hartnedy of Red Bank; Miss Bertha Lawrence of Belford and John S. Dolson of Keyport; Miss Harriet Nagel, daughter of Mrs. Marie Nagel of Belford, and William E. Walling, son of Mrs. Kate Walling of Keyport; Miss Paula Breidenbach of Brooklyn and Raymond Benjamin of Vanderburg, and Miss Ruth Hall, a Red Bank school teacher, and Harry R. Blackman of Newark.

Frank Thompson and Frank White were slightly injured while at work on the White brothers' new building on White street, near Broad. Thompson was cut over the right eye and White smashed one of his fingers while driving nails.

Henry Levy of Atlantic Highlands, who had conducted a novelty and cigar shop for several years at Atlantic Highlands, sold his business to H. Delford Little of that place. Mr. Little was formerly in the hotel business.

Three parcels of land at Eatontown, owned by Norman Dickinson Chetham were struck off at auction by Arthur C. Sheridan of New York for $27,300. The property was sold in three parcels. One parcel, which was a building plot with a trifle less than four acres on the Shrewsbury road, was struck off to F. Stanley Higginson of Eatontown for $4,000. This sale, which was at the rate of more than $1,000 an acre for vacant land, caused much comment at Eatontown as it set a new record for Eatontown real estate.

Frank Pallso of Fair Haven gave up his vegetable business and started in the express business with two automobile trucks.

The children of the Oceanport Methodist Sunday-school gave a cantata in observance of Children's day. Mrs. D. W. Shipp drilled the children. She was assisted by Mrs. Charles Walling, Mrs. Harry Stryker, Mrs. Brazilla Gant, Mrs. Frank Lundy, Miss Viola Gant and Miss Annie DuBois.

Taking Roosters Out of Breeding Flocks.

Just as soon as the season for collecting hatching eggs is over, take roosters out of breeding flocks. As a matter of fact, males can be removed a week or 10 days before last hatching eggs are gathered, as fertility will carry through for at least that length of time.

This advice comes from Richard O. Rice, associate agricultural agent. He adds it may pay to carry over some of the more highly bred males for a second breeding season. Less desirable ones can be sold for meat.

Fertility in eggs is one of the factors causing market eggs to depreciate from a quality standpoint.

It is estimated that more than a quarter of all fresh fruits and vegetables grown in the United States spoil before they can be used.

Bayshore Men Sent To Jail

Thomas Fleming of Atlantic Highlands was sentenced to one to three years in state prison Thursday at Freehold, and Emmet Rosenberry of Keansburg was sent to Annandale reformatory, both on conviction for the robbery of Christian Straub of Atlantic Highlands last March. The pair stole Straub's car and took about $500 from his person.

Edward Gontraz, Fort Monmouth soldier, who pleaded guilty to breaking and entering the home of Arthur Gregory of 170 Broad street last month, was given a suspended sentence to Rahway and turned over to military authorities. William Holbert and Haywood Siniard, both of 140 Shrewsbury avenue, were given suspended sentences to Rahway, placed on probation for three years and ordered to pay $250 each, on conviction of assault and battery on the person of William E. Leary, Fort Monmouth soldier, last Christmas.

Buffet Supper Marks Anniversary

A buffet supper in honor of the 25th wedding anniversary of Mr. and Mrs. James Glendinning, Sr., of Middletown township, was held at the home of Mr. and Mrs. James Glendinning, Jr., of Belford, on Sunday evening.

Miss Patricia Glendinning entertained with accordian selections. Others attending were Mr. and Mrs. James Bartholomew, Maureen, Albert and William Glendinning, Mr. and Mrs. Albert E. Glendinning, Patricia and Bruce Glendinning, and Miss Viola Maidell.

Register Joins In Nation Wide Safety Campaign

Publishers Hope To Save 10,000 Lives This Year

The Register joins in this issue with the New Jersey State Press association and the President's Highway Safety conference in the National Highway Safety program in an intensive and continuous effort to curtail traffic deaths. The plan is to save at least 10,000 lives by reducing traffic accidents this year. This is the minimum goal President Truman has fixed for the campaign this year and it is hoped this can be done with the support of the public spirited newspapers of the country.

This is the first of a weekly series of news articles, editorials and illustrations which will appear in The Register up to and including the week of September 15. The article which follows is by Major Gen. Philip B. Fleming, administrator of the Federal Works agency and general chairman of the President's Highway Safety conference.

Last year 33,500 persons died in automobile accidents in the United States.

That fact may not register very strongly. After all, 33,500 is just a figure.

Maybe you can visualize the extent of the slaughter a little better if you will imagine that many people lined up in parade formation and marching from noon to sundown to pass a reviewing stand.

Or, suppose all those people had been killed at the same place—in front of your home, say. Then you could have stood on your front porch day and night, week in and week out, and witnessed a death on the average of every 13 minutes.

That's as many people as live in such a city as Elkhart, Indiana, or Paducah, Kentucky, or Watertown, Massachusetts. They are all dead now, killed in accidents that could easily have been avoided. Hundreds of thousands of orphans, widows and bereaved parents are left to mourn in every city in the land.

Even so, 1946 was not our worst year for traffic fatalities. All things considered, the record for that year was pretty good. The most tragic year in motoring history was 1941 when 37,512 persons were killed. That was the high point to which traffic fatalities had steadily climbed over a 30-year period beginning about 1912 when 1,758 died. After 1912, the popularity of the automobile grew, and so did the number of deaths. Year by year the number killed increased with a few exceptions—notably during the war when gasoline rationing drastically curtailed driving.

After Japan surrendered and gasoline rationing was abandoned, fatal accidents shot upward. In the first four or five months of last year, people were being done to death in such staggering numbers that it was confidently predicted the fatality list would exceed that for 1941. So when I say that the record for 1946 was "pretty good," what I mean is that it might have been much worse, that the rising curve of fatalities was turned downward, and that the number killed in proportion to miles driven was substantially less than in the year before. The improvement seems to be continuing into 1947.

It is significant that the tide turned last year following the President's Highway Safety Conference held at Washington early in May. Alarmed by the senseless and inexcusable slaughter, President Truman called together the governors of the States, mayors of the larger cities, legislators, engineers, judges, educators, and other outstanding citizens to see if some means could not be devised to put an end to it.

The Conference adopted an Action Program which contained recommendations of experts on various phases of the problem. Engineers, for example, showed how safer highways could be built. Lawyers stressed the importance of uniform traffic regulations. Judges and police officials drew up a list of the best techniques for traffic law enforcement. Educators drafted a program for teaching safety in the schools.

The 2,000 delegates to the Conference took the Action Program to their home communities. Some 20 of the governors called safety conferences of their own to supplement the President's Conference. So did the mayors of some of the larger cities.

Everywhere it was agreed that brief "spasm" campaigns for traffic safety, which run for a few weeks and are then forgotten, bring no lasting benefits. Rather, the need is for intensive effort on the part of police, judges, educators, engineers, and the general public every day of the year. Each one of us, as driver or pedestrian, must not only support the efforts of our public officials, but we must accept in good faith our own individual responsibility. Each man, woman and child must accept in his own conscience, as before the law, the responsibility for the consequences of his own acts.

Where the Action Program has been put into effect and backed up by intensive effort, you will find traffic fatalities declining. Where public officials are conducting only occasional "spasm" crusades and the public is indifferent, you will find such fatalities rising.

This is the first of 13 articles dealing with the subject of traffic safety. Other articles to follow in The Register by authoritative spokesmen in the safety field, will show concretely how accidents are caused, how they can be prevented, what they cost in property damage as well as in lives lost, and what you, as a citizen, can do about them.

In the United States the average white woman lives to be 69½ years old and the average white man to be 64½ years old.

Six Motorists Fined At Holmdel

Recorder Stanley Stilwell of Holmdel township collected a total of $21 in fines Monday night from six motorists, charged with traffic violations in Holmdel village. They were arrested by Constable Joseph Phillips.

John R. Hayes of Farmingdale received a suspended sentence for failing to stop at a stop street. Charles P. McGovern of Wilmington, Del., was fined $3 for reckless driving, and William H. Wilkins of Matawan received a suspended sentence on a reckless driving charge. Allen R. A. Beeber of Matawan was fined $3 for speeding and H. M. Jensen of Staten Island was fined $10 for failure to have a driver's license or car registration.

Timely Notes On the Great Outdoors

BY STEW VAN VLIET

Sandy Hook is not the only spot where the fish are located. They are scattered all along the coast. The rock pile at Low Moor, jetties at Sea Bright, Monmouth Beach, Long Branch, Takanassee, Avon and Manasquan inlet. Some 200 stripers were brought into Cranmer's tackle shop at Long Branch during the past week.

The fish are choosey as to baits at the various localities. Sand, blood and tape worms are the killers at Sandy Hook, while skimmer clams prove effective further south. Eel rigs and strip squid is what they want while trolling, and some good catches have been taken on spoons.

The regulars who fish the Shrewsbury river at the Sea Bright bridge area are not doing too bad. Ike Johnson of Sea Bright boated six on one tide, while Johnny Parmly of Parmly's tackle shop at Sea Bright, Chris Christiansen, Jack Regan and "Sparkie" Mallison kept the frying-pan sizzling. The fish in the river are large, running up to 18 pounds. Worms and spinner rig is the preferred bait, although two unidentified anglers offered them eel rigs with excellent results.

So, fellows, there is the striped bass picture, and it is a bright one. If you don't get 'em, don't blame us. We are not doing so well ourself. But we know the fish are there, and so we are just going to keep on plugging away.

Sea bass, small but plentiful, with a scattering of fluke, filled Sandy Hook bay with hundreds of anglers over the week-end. Bluefish made an appearance in the "mud hole," where net drifters are picking up a few. The first reported hook and line bonito of the season was made last Sunday. At Barnegat and Beach Haven a number of school tuna have been boated.

While the salt water anglers have been busy heaving lead out into the briney deep, our brother freshwater anglers have not exactly been letting the grass grow under their feet. With the opening of the black bass season June 15, the fresh water addict will find many varieties to choose from.

Narrow Escape

Four occupants of the fishing cruiser "Vera M," out of Great Kills, New York, narrowly escaped drowning last Monday when their craft was swamped in the huge breakers off the rock wall at Sandy Hook. Following is an eye-witness account as told to the writer by a surf caster, who assisted in the rescue: "When I first saw the "Vera M" she was trolling too close for comfort in the cove off the first long jetty. I mentioned this fact to my fishing partner, who said, "The darn fools. They had better get out of there in a hurry." Just then a wave broke over them and we thought they were goners. She managed to right herself and continued on out around the point of the jetty, but instead of staying off shore, they headed in again.

"From where I stood I could see several big, ground swells making up, and the next instant the first wave slammed into her, knocking out the controls and tearing her outriggers off. The next wave was larger and when it struck the helpless craft, three of the occupants were thrown high into the air and landed in a sea of foam. It looked for a minute they hadn't a possible chance of reaching shore.

"It was then that the surf casters joined hand, forming a life-line, and waded out into the breakers, where they managed to rescue the crew of the "Vera M." During this time the cruiser was taking a terrible pounding, with the captain still aboard. The boat was finally thrown up on the beach by a big wave.

"The Fort Hancock Coast Guard emergency squad was summoned, and the injured removed to the dispensary, where it was found that one of the men was suffering from a crushed chest. All the others were cut and badly bruised."

When we saw the "Vera M" she had been pulled high and dry on the beach, where she should serve as a warning to skippers who are not familiar with the hazards of trolling the surf for striped bass.

Catches "Gaytor" Black Bass

Down South, when some one lands a big black bass, the natives refer to it as a "gaytor." So when Larry Hull of Pleasure Bay park walked into our office lugging a 4¾ pounder, 20 inches long and 13½ inches in girth, which he tagged in Takanassee lake, we figure his catch qualifies for the "gaytor" class. We are entering Hull's fish in the Governor's New Jersey fishing contest.

Striped Bass Fever Sweeping New Jersey Coast

The green-head fever is spreading so rapidly along the Jersey coast it is feared it will develop into an epidemic. Already large sections of our population are suffering from this strange malady, and daily many more are being infected.

In last week's column we cited some astronomical figures of catches which could have been taken from the pages of the New Deal. This week the figures are even more astounding. In looking through the pages of our notebook, covering the last 20 years, we find nothing to compare with the present run of striped bass. They are up and down the coast, at every rock pile, jetty, beach, inlet and river. The amazing thing about it is that they are all big fish. Very seldom is one caught weighing under ten pounds, with the average up into the 20's.

However, notwithstanding their numbers the actual catching of them is not as simple as it would seem. You have got to know how and you have got to work for them. Once in a while a beginner will hit the lucky combination and make a killing, but as a rule the fellows who know the game are those who consistently bring home the bacon.

We won't attempt to list all the names of the fellows who were in the groove over the past week, as it would look like a telephone directory. Picking out a few at random we have Lester Rogers of Sea Bright, who boated six weighing 41, 40, 38, 36, 34 and eight pounds. Charles Schrenshel of Newark, while trolling aboard the "Claire S," Capt. Ray Schodt, Highlands basin, gaffed a 42-pounder. This catch puts Schrenshel at the top of the heap for the season. Two 35-pounders and a 25-pounder went to Frank Muldoon, an 86-year-young angler, and Mr. and Mrs. William Schenk, all from Freehold. The party also boated six more, which averaged from 12 to 25 pounds. They fished aboard the "Miss Take," Capt. Fred Morenze, out of Highlands basin. Ted Parsons of Red Bank and Bill Willard of New York, fishing aboard the "Tookit," Capt. Ad Howland of Rumson, outfished the writer, five to zero. The weights were two 16, two 14 and a 13-pounder. Incidently, these are the first green-heads our eminent Monmouth county barrister ever brought before the bar of justice. For a while it looked as though he might lose the case until he cited a precedent, and from then on he had the judge on his hook.

Charters out of Johnny's landing, Bahr's land and Roxy's, Highlands; Chris' landing, Capt. Jim Mann, Sea Bright; Pauels', Rumson and others who cater to this thrilling sport, are fishing the clock around, with catches too numerous to mention.

Along the surf, Fort Hancock public fishing grounds is the center of attraction. A 31-pounder, caught by Warren Wenzel, ranks No. 1 on the bulletin board at the guard gate. It was a pleasing sight last Sunday when we trolled along this stretch of ocean to see the hundreds of anglers enjoying the thrill of surf fishing. Many women anglers were among the group and we saw grandmas standing in their bare feet at the edge of the undertow, executing beautiful casts. It was the casters' day. The fish were in the "white water," which was too rough for the trollers, and we saw 12 catches as we went by.

The U. S. automobile industry has approved a plan to make all bumpers the same height, thus eliminating in the future the frequent annoyance of locking bumpers with cars in front or in back.

Moderate Rise In Food Prices

Advance Of 0.26 Percent Last Month

Retail food prices advanced 0.26 per cent (one-fourth of one per cent) in May as compared with April, 1947, according to "New Jersey Farm and Retail Food Prices," monthly survey of the State Department. D. T. Pitt, statistical supervisor, reports that the average May retail price of 83 essential food items was 20.39 per cent higher than in the same month a year ago and 93.0 per cent more than in August, 1939, the month before war broke in Europe. During May of this year the New Jersey food dollar purchased only as much as could be bought for 51 cents in the pre-war days of August, 1939.

The group of meat, canned fish, fruits and vegetables and beverages and chocolate showed an upward trend last May as compared with April, while dairy products, eggs, fats and oils, and sugar and sweets declined. Cereals and bakery products as a group registered no change.

Comparing average retail prices among the various commodity groups, the survey reveals that meats were 0.63 per cent more costly than in April, with the price being 32.85 per cent above that of May a year ago and 109.1 per cent more than in August, 1939.

Cereals and bakery products showed no change in average price between April and May of this year, but the May price was 21.70 per cent higher than a year ago, and 82.8 per cent in excess of the August, 1930, price.

Last May, dairy products were 4.30 per cent lower than in the previous month, with items, such as fresh milk, butter, store cheese and evaporated milk, less in average retail price. However, the group was 19.46 per cent higher than in May a year ago, and 60.2 per cent more than in pre-war 1939.

Eggs averaged 63.92 cents a dozen in May as compared to 64.76 cents in April of this year, making the group 1.3 per cent cheaper in the more recent month. Higher than in May, 1946, by 28.13 per cent, the group also averaged 69.0 per cent more than in August, 1939.

The group of all fruits and vegetables was 7.51 per cent more costly in May than in April, with fresh fruits and vegetables 9.56 per cent higher and canned and dried items 2.75 and 3.09 per cent lower, respectively. The group was about 1 per cent cheaper than in May a year ago but as much as 132.2 per cent higher than in 1939.

Beverages and chocolate showed a slight upward trend of 0.14 per cent in May as compared with April, being 22.12 per cent higher than in the same month a year ago and 109.3 per cent more than in August, 1939.

Last May fats and oils dropped 13.06 per cent below average prices in April. The group was estimated to be 53.36 per cent above prices a year ago and 160.4 per cent higher than in August, 1939.

Sugar and sweets were 0.55 per cent cheaper in May than in the previous month. The group registered 28.88 per cent more than in May, 1946, and 97.7 per cent higher than in August, 1939.

A Class Picture Of Fifty Years Ago

Attracting much attention recently was a picture in the business office window of The Red Bank Register. It shows the class of the Red Bank high school of 50 years ago, who received their diplomas on the night of June 17, 1897.

Stephen H. Tallman, formerly of Shrewsbury, was class president. Thomas Irving Brown and Clinton Fisk Elliot were responsible for getting out the class paper, The Eureka.

Other members of the class were Henry W. Allstrom, G. Florence Brand, M. Anna Colon, Elizabeth Chambers, E. Graham Caldwell, Theodore Compton, Rachel A. Conover, Grace Chadwick, Robert Forsythe, Sadie T. Grapol, Rachel S. Grover, Grace W. Holmes, Grace D. Johnson, Florence S. Murphy, Martha E. Sutton, Hortense Thompson, Emma L. Voorhees, Sarah A. Venable, Cecil K. Weaver and Louvene W. Worthley.

SAFETY TIP OF THE WEEK

What is so rare as a day in June—when at least 90 Americans aren't killed, 3,000 injured, in highway accidents?

June is the first month of crowded holiday traffic—long bumper-to-bumper lines of cars on the move to the mountains, the beaches, the lakes. It is a month when daytime smashups increase sharply. National Conservation Bureau safety specialists say one out of every five happens when a driver gets tired of looking at the same old jalopy in front of him and pulls out of line to make a dash for the first free space he can find up ahead. Too often he slams head-on into another out-of-liner; or in trying to squeeze by, he sideswipes the car ahead.

The center line of a highway is a safety line; crossing or straddling it, except when the road is clear and straight, may be courting disaster.

June days are perfect days—for the careful driver to live and let live.

The Old Spanish Trail, connecting Pensacola, Miss., and New Orleans, La., is 250 miles long and cost $4,000,000.

Will the 4th of July be "Labor Day" for you?...
Lots of things *could* go wrong to spoil that wonderful weekend trip you've planned. Big things . . . like tire or engine trouble. Little things . . . like windshield wiper failure during a summer storm. Troublesome things . . like a burned-out headlight. Upsetting things . . . like the wrong road without a good road map.
Why not let your nearby Esso Dealer *keep the fun in your Fourth* with a thorough car-check? He knows what your car needs for hot weather performance. He'll inspect . . . lubricate . . . and put it in top-notch running shape for that big 3-day weekend or vacation trip you're starting.
JUST A WORD OF ADVICE—don't wait too long. You can avoid the last-minute rush by taking the car to your Esso Dealer's now . . . *today*. While you're there, get a free, accurate Esso Road Map of the roads you plan to travel.
AND ONE OTHER SUGGESTION . . . have your Esso Dealer put in fresh, long-lasting Esso Motor Oil—it's unexcelled. Then fill 'er up with powerful Esso Extra Gasoline and you'll be off to a lively start . . . a great holiday weekend—and remember when you're at the wheel that CAREFUL DRIVING PAYS!
Your Esso Dealer has the New ATLAS Tire

See today's big tire value—the husky new ATLAS, with the road-proved Grip-Safe tread! Have worn tires replaced before that trip with this long-mileage beauty—a great road performer that will add enjoyment and extra safety to your summer driving.
ONLY ESSO DEALERS sell the ATLAS Tire, backed by a liberal make-good warranty that is good at 38,000 Dealers on the road throughout the United States and Canada! In our honest opinion, there's no better tire value than ATLAS!

PROBABLY that faithful Buick of yours still can show a clean pair of heels to other cars on the road — probably still rides and runs like a charm. It makes you realize how wise you were to have picked a Buick in the first place.
Even though time always takes a toll, Buicks do carry their years well. They can keep their eagerness to go, their lighthearted gait and gentle comfort — particularly when they are rewarded with the considerate care that Buick dealers know how to provide. It's care that brings out your car's youthful spirit — care that lets you feel that suddenly it's young again.
Buick car care is something far different from what's regularly called service. It's something that only a Buick man can give.
Because he is trained in all the needs and preferences of Buicks. The tools he uses are the right Buick tools. And any replacement part your car may need is a Buick-engineered part.
So it's easy to see why your car is so ready to give you its best when it receives regular Buick car care — care by men who know Buicks through and through and love them heart and soul.
BUICK CARE KEEPS BUICKS BEST
THIS WORM TURNS A BIG CAR
A Buick steers with a finger touch. Part of the secret is a stream of 66 steel balls that circle the worm on the steering column. With these balls there is so little friction that steering is feather-light — so little wear that the gear stays taut and firm without frequent take-ups.
Your Buick dealer lubricates this gear with just the lubricant Buick intended. Anything heavier would make steering stiff in winter — anything lighter fails to give full protection against wear.
It's another instance of how Buick care keeps Buicks best. And the same holds true in whatever your car needs—lube job, tune-up, major or minor repair.

Diving School Will Open Here

Roy R. Hansen Will Be Instructor

Roy R. Hansen, now residing at 47 Waverly place, who holds the world's record for deep sea diving, announces the opening of private instruction for prospective deep sea divers.

Mr. Hansen purchased a building at the foot of Maple avenue from the Red Bank police and will use this as a class room for public instruction when state and Veterans administration officials have completed an inspection. Until the opening of the school, private classes will be held with the possibility that outstanding pupils may be engaged as instructors for the school.

In 1936 at a slate quarry in Pennsylvania, Mr. Hansen made a dive of 510 feet, which he claims is the world's record. He has 37 years of diving experience under his belt and served as a mine layer in World War II in a civilian capacity. Mr. Hansen learned the business from his father.

Before World War I, he worked for the navy at New London, Conn., and since that time has been employed by private concerns in removing valuables from wrecked ships, blasting fish, and general under-water work along the East coast.

When established, the school will be the only one of its kind along the East coast. Pupils will be schooled in fundamentals for a month before they start taking practice dives in the Shrewsbury river channel. Diving equipment has been ordered.

During peace time, Mr. Hansen has aided in keeping East coast channels clear and helped the fishing industry.

He moved from Keansburg to Red Bank a year ago and has always made the Jersey shore his home. He is an expert on under water sound and has laid many under water cables.

C.D.A. INSTALLATION

Mrs. Agnes Armstrong, district deputy, installed the officers of Court of St. Ann, Catholic Daughters of America, of Keansburg, Tuesday of last week in St. Ann's school. Mrs. Grace Ryan, grand regent, and Mrs. Armstrong received gifts from the court, presented by the monitor, Mrs. Margie Maines. Refreshments were served in the dining room, where the tables were decorated with cut flowers. The next meeting will be held Tuesday, July 1.

Army Offers Buildings For Sale

Public sale of nine structures located at Fort Hancock, Sandy Hook, is announced by the real estate officers of the North Atlantic division of the War Department, Corps of Engineers. Sealed bids will be received until 2 p. m. July 15, when they will be publicly opened.

The items for sale are a steel frame balloon hanger, 120 feet by 74 feet; pavilion, 20 feet by 24 feet; two prefabricated buildings, 20 feet by 76 feet, and 20 feet by 72 feet; an office building, barracks building, two sheds and an overhead cable box.

Prospective bidders are requested to inspect property indicated for sale and removal prior to submitting bids. Veterans may claim priority for this sale by executing a certificate supplied with the invitation to bid. Admission for inspection of the structures to be sold will be granted to prospective purchasers by applying at the guard booth at the entrance to Fort Hancock.

A sausage made from soybean and skim milk formed the mainstay of the German army diet during the recent war.

Your community hospitals stand guard over your health twenty-four hours a day --- *preventing* as well as treating and curing disease. Here are some of the facts behind the work that goes on in Monmouth Memorial Hospital --- a non-profit, 315-bed voluntary hospital that provides health care for nearly 8,000 residents of this area each year.

Last year more than 18,000 days of free care were provided for patients who could not pay --- the equivalent of caring for 49 patients without charge every day for a year. Payments by Monmouth County help to meet part, but not all, of that cost --- the balance must be met by members of the community who are willing to give to help those less fortunate than themselves.

The cost of operating Monmouth Memorial Hospital last year was more than $110 an hour --- resulting in a *loss* of more than $5 an hour. In 1947, because of still-increasing costs, the hourly expenditure and loss will be even higher if you are to receive the health protection you need.

That is why, on July 1st, Monmouth Memorial Hospital will open a special appeal for funds to meet its financial needs. Your help is needed, but there may not be enough volunteer workers in your area to ask you personally for your contribution. *Please don't wait to be asked.*

By sending your gift now, addressed to *"Campaign Office, Monmouth Memorial Hospital, Long Branch, New Jersey"* you will do much to bring comfort and care to the needy sick who must look to their neighbors for help. A receipt — *explaining how your contribution may, if requested, be credited on any hospital bill that you or a member of your immediate family may incur at Monmouth Memorial within the year* --- will be sent to you promptly.

Voluntary hospitals don't make money. They can't be operated on a profit basis. They need your help --- so that they will be able to help you when you need health care. These statements of our financial condition reflect ever-increasing service to the community, and to you. Your contribution to the hospital *today* will help provide that service for *tomorrow's* health needs.

Comparative Statements of Expense and Income for the Years 1936, 1941 and 1946

	Year 1936	Year 1941	Year 1946

Beaman House At Fair Haven Sold By McCue

Purchased By Mr. And Mrs. Crawford S. Dennis Of Norwood

The modern Georgian colonial residence on the corner of River road and Woodland drive, Fair Haven, has been purchased by Mr. and Mrs. Crawford S. Dennis of Norwood, from Chester Jenks Beaman of Red Bank. The house was built for Mr. Beaman by Allen Brothers shortly before the war and is one of the outstanding homes in the River Oaks section. The sale was negotiated by the Red Bank office of the Joseph G. McCue agency

Included in the house are a living room with fireplace, dining room, kitchen, den, enclosed porch, three bedrooms, and two tile baths. There is a two-car garage.

The same office also reports the sale of a modern country home located on the south side of Colt's Neck road, Tinton Falls, by Charles P. Shields to Leon Kramer of Lakewood. In addition to the house, a modern six-room bungalow, buildings include a two-car garage, tool shed, turkey shed, poultry house and buildings for live stock. The property contains more than 18 acres lying between the estates of Roger Gilbert and Fiske Waring.

Annual U. S. coal production tonnage is normally 20 times that of wheat and seven times that of corn.

Auxiliary Honors Past Presidents

Past president of the auxiliary of the Red Bank branch of the National Association of Letter Carriers were guests at a dinner held Thursday at Peter's Piping Rock in Rumson. Plans were completed for the next meeting Tuesday, July 24, at the home of Mrs. Harold Ely at Tinton Falls.

Past presidents present were Mrs. Arthur Slattery, Mrs. Melvin Stout, Mrs. Mortimer E. VanSauter, Mrs. Walter W. Noble, Mrs. William Sweeney, Mrs. Victor M. Dorn, Mrs. M. J. Moore, Mrs. Edward Piccolie and Mrs. Ely. Others present were Mrs. Albert Bloom, Mrs. Arthur Capen, Mrs. Harold Stout, Mrs. Carl Hansen, Mrs. G. Edmond Delatush, Jr., Mrs. Harry Boskey, Mrs. John Scheidt and Mrs. Daniel Dorn, Sr.

Belford Scouts Receive Awards

Members of Boy Scout troop 27, Sea Ship 27, Air Scout Squadron 27 and Cub Scout pack 27, all of Belford, received several awards at the court of honor held recently at Highlands. They also participated in various contests held at that time.

Star rank badges were given to Bruce Smith and Donald Merker and first class awards were given to James Kane, Robert Benson, Herman Schmidt and Robert Johnson.

Merit badge winners were Bruce Miller, who received public health, personal health, first aid and life saving badges; Donald Merker, life saving, first aid, public health and personal health; Richard Benson, wood working, carpentry, home repairs and photography; William Thorne, first aid, public health, personal health and life saving; Kenneth Duffie, personal health, first aid, public health and swimming; George Phillips, electricity, reading and first aid; Chester Rockhill, photography and art; Bruce Smith, life saving; Guy Dunn, photography; James Kane, home repairs; Robert Johnson, photography, and Herman Schmidt, home repairs.

Scout Squadron Receives Charter

Members of Air Scout squadron 27 of Belford received their charter at a recent meeting at the Belford Methodist church annex. More than 50 attended the ceremonies, including Morgan C. Knapp, assistant executive director of the Monmouth County Council of Boy Scouts, and other scout leaders of the county.

Mr. Knapp gave the group a large airplane propeller to be used in decorating their meeting headquarters. Charter members of the squadron are Albert Cook, Norman Smith, John Millbrooke, Edward Crane and Norman Merker.

RED BANK REGISTER

VOLUME LXX, NO. 1. RED BANK, N. J., THURSDAY, JUNE 26, 1947 SECTION TWO—PAGES 1 TO 12

THE FEED BAG AT OCEANPORT:—Broad street turned into a huge crying room Friday morning, with nearly everyone on the main drag using the word "if" to excess, explaining how a fortune narrowly missed coming their way . . . Certainly glad Pianist Al Kenny of Jack Sullivan's Lodge in Spring Lake sent us a card announcing the birth of his daughter, Linda Lee. We predict the little "baby grand" will be a show girl. At least we know for certain a horse of the same name came in third Monday and paid the tidy sum of $7 for a twin-bill bet . . . It looks as though Cacique will have to be our choice in the future. And shame to the Sports Register for not having more emphatically backed the Roebling colt in Thursday's opener, after having been somewhat of a tout in the February 13 edition . . . Complaints about the New York Daily News for failing to print Monmouth Park entries and results have been numerous. If they have not already corrected the situation, look for an early change. Reason is the News has a policy of carrying but three tracks on its sports pages and those they have been using were in operation when Monmouth opened . . . Mrs. John O'Giarerty, true to her word, was in the grandstand Thursday. She gave us the winner of the fourth race. Unfortunately, she kept the information until a short while before the fifth.

Jack Moran, he is the J. D. Moran of racing programs, arrived back in town for the current meeting. His Tee Midge, heavily backed, ran second in the second race opening day. He is stabling at Brookdale farm . . . Monmouth pays for the vans bringing race horses here from Atlantic City tracks . . . Roebling's Jockey Johnny Adams is a popular rider with localites . . . The Horsemen's Benevolent and Protective association will fete Samuel D. Riddle, leading racing patron and owner of Man O'War, at a July dinner . . . Stevens, Monmouth's caterers, had a complete sell-out of dining reservations opening day. And the hot dog stands did all right, too, in case you were wondering . . . This portable toter is certain the only thing which could improve the view from the press box, which is located atop the grandstand, would be his watching a few of his selections win . . . N.B.C.'s television unit will televise Monmouth's important races . . . Herbie Shaw, the admissions manager, had a longer day than he expected Thursday. The patrons began arriving in the morning before his admissions crew were at their posts. Incidentally, Herb is a former orchestra leader, in case you are trying to place him. Last baton job was in Florida at the night spot in which Tony Sharabba was master of ceremonies.

Amory Haskell's Lighthouse had plenty backing in the Oceanport Handicap, but that Polynesian really gits . . . Mayor Alfred Beadleston of Shrewsbury, polo1st recuperating from a recent hospitalization, managed to take in the opener as well as Saturday's running . . . Bert Flynn was the most envied man in the Bachelors' club Thursday night. He drove the car in which sat a couple of the prettier models who performed on the clubhouse terrace before post time. Bert says he could tell it was opening day at the track because some of his best friends kept their eyes glued on the paddock rather than giving with the wolfish eye toward the well-rouged lassies . . . What next? Joe Alexander of Woodland farm was recently kicked by a dead horse. Disregarding the fact that sounds like a joke we once heard, Albert Snyder assures us that Joe was assisting Al Smith, Whipporwill Kennel man, dissect a dead horse when he cut a tendon, which snapped back, hit him in the chest and required first aid treatment from Fred Kroepke before work could be resumed.

GEMS AND DIAMONDS:—Sad baseball news is the Red Bank Towners' play in the Jersey Shore league. They have more pitching talent than they know what to do with and they are losing games. For our sweet change, Gordon Sayre, one of the best we have witnessed in his loop, could he used more effectively . . . Dalton Carhart is reported taking pitching lessons from his 15-year-old brother, Ronnie.

WHIPPET RACES SUNDAY at Rumson Country club, when the Monmouth County Kennel club unfolds its 17th annual dog show, should afford the down-to-earth touch which many such events need. All indications are that a good day's outing will be the reward for those visiting the event, which starts at 10 a. m. and continues through the afternoon.

Newspaper results of dog shows generally have the tendency to convey the thought that the performances are only for those well schooled in the more technical points of dog-breeding and showmanship. Actually, it is a day for Junior and Sis to roam the grounds and compare "Rover" against what they place their little peepers on.

The obedience tests, always an interesting feature, has taught more than one youngster, and elder, how the canine set should be trained and just about how much may be expected after careful instruction has been given the pet.

Those on the committee arranging Sunday's show have repeatedly been associated with successful affairs, presenting them with the right amount of sportsmanship and taste. We are glad they have placed the sleek whippets in the spotlight.

MONMOUTH'S OPENING Thursday was as fine an afternoon as one could have, particularly if they happened to have Cacique doubled up with Esterita for that $76 daily double pay-off.

There is a friendly spirit prevailing at the Oceanport oval which is missing at most other tracks in the East. We could discount that feeling entirely, being a home-bred product, but New Yorkers are of much the same opinion.

One reason for the conviviality while you offer the iron men your hard-earned two dollars is that plenty of the ticket sellers are local men. They apparently refuse to treat the patrons with that "Hello Sucker" attitude which is so much a part of a lot of "big city" sports enterprises.

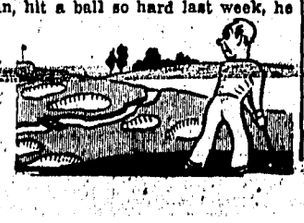

That the track started off so well financially is good. We hope it continues. We hope, too, the metropolitan press keeps up the near-unbelievable raves it has been giving Monmouth. But, more than that, we offer a sincere wish that Monmouth continues to deserve raves.

INCIDENTS AND INCIDENTALS:—Joe Hintelmann has been named sports editor of "The Signpost," Red Bank Catholic's paper and one of the finest high school sheets in the nation . . . If you go in for high diving, contact Roy Hansen of Waverly place, who has opened a school for such stuff in the boat house formerly owned by the Red Bank PBA at the foot of Maple avenue. It might be good fun, but personally a sinus condition precludes our enrollment.

PLOWING UP THE FAIRWAYS:—If you wanted a golf lesson Thursday, you would have had to make arrangements at Monmouth Park. Among those pros viewing racing programs were George Sullivan, Johnny Kinder, Frank Pringle and Reggie Watkinson of Wilson . . . The pro-amateur for the Jersey Shore group goes again this afternoon at Jumping Brook. That is a tough layout, so do not look for subpar scores. Ben Yasko of Homestead will be trying again, teamed with John Brady, Joe Sharkey and Lindy Siciliano. Roddy Newman will also be on the trail. His partners will be Henry Landis, Paul Brahney and Ed Farrell . . . A fine foursome took to Beacon Hill's course Sunday. It included Ray "I Want a Buick" DeRidder, Ed Conway, Buc Coach Frank Pingitore and Jim Humphreys . . . Leo Goldberg, Joe Eager and Art Weeden tied for the first kicker's at Old Orchard Sunday, which was 73. Respective scores were 91, 79 and 88. In the afternoon, Doc Morgan Colio came up with an 85-5-80 to cop the prize.

Still playing excellent golf is Amos T. Dwight, who generally tours Fort Monmouth's course. Lately, he has had a tough time breaking 80, but he is always knocking at the door . . . The Monmouth hotel trophy, one of the nicest awarded locally, will soon be put into play at Homestead in Spring Lake Heights. A handicap-match-play event, five scores must be filed with Pro Yasko. The tourney is open to anyone anxious to enter . . . Jack McGalliard posted a 70 Sunday . . . Tony Savage and Johnny Maher will probably be teeing off as Old Orchard's representatives with George Sullivan this afternoon. Jack Welsh, George's assistant, will have Freddie Merriman and Art Turner. Merriman entered Sunday's kickers, but did not post his score, leading us to believe he has been properly shamed into conduct becoming a tournament committee chairman.

Ray Daly, assistant at Colonial Terrace, will be striving for the top spot in today's pro-am. One of his partners may be Harold "Gus" Hounihan . . . Jim Martyn of Rumson will again be stroking the ball in the Shore event. His partners will most likely be Messrs. King, Tompkins and DeForrest Smith . . . Plastic club heads will be the next thing in nearby golf shops. They are on the market . . . A three-wheeled scooter, "Arthritis Special," has been designed by an automobile distributor, and is in use in Texas. The buggy seats four and has racks for four golf bags. It goes as fast as 16 m.p.h. or as slow as 5 m.p.h. . . . Our boss-man, Jim Hogan, hit a ball so hard last week, he threw his hip out of place . . . We would have liked to see Vic Ghezzi repeat his '41 special by copping a tourney of comparable importance only to the national Open. Vic is generally rated golf's most earnest student, a description gained through many hours on the practice tee.

Rube Williams Leads Polo Team To First Victory

Veteran Harry East Aids In Initial Win; 300 Witness Match

Displaying the form which gained him the reputation of being one of the country's greatest all-time polo1sts, Rube Williams, Sunday afternoon drove in three goals to give his Rumson quartet their first victory over the Monmouth four in this season's campaign at Rumson Country club.

Taking the lead at the outset, the blue-shirted Rumsonians showed they meant business. They were never behind in the game and only in the final two chukkers did the Monmouth men come close to making a threat.

Inserting five-goaler Harry East in the Rumson lineup proved a deciding factor. The veteran of more than 30 years with stick and ball, played his usual cagy, effective game. Nursing the ball, he fairly stole the white pellet from under the mallets of the opposition. His well-placed shots time and again got his team out of trouble, as well as setting up plays for Williams. To prove he still has the wrists to power the ball, East went on a couple scoring drives in which his powerful belts amazed the crowd of 300 who lined the banks of Shrewsbury river to witness the sporting event.

For the losers, Dave Evans played his best game of the current season. Scoring twice, he rode hard and did a bang-up job on defense. Teamed with him was Mike Trammel of Sweetwater, Tex., who made his seasonal rebut. At the number three spot was Texan Phil Smith. Missing from the lineup was Dr. Clarence "Buddy" Combs. He was playing a tune-up game at Pete Bostwick field on Long Island.

In the lineup for the winners was lanky Ray Harrington, Williams' Texas protege, who is fast gaining a reputation as one of the best riders ever to perform in this section. Specializing in breaking-in jumpers, Harrington's style of riding draws praise from the spectators. This is his first year of polo, he having wintered with Williams at the latter's San Antonio ranch.

Another regular to miss action was Shrewsbury's Mayor Alfred E. Beadleston. Usually number two man for Rumson, Beadleston still

Highlands A.A. Takes Branchport

Patterson, Gowers Drive In Victory

Highlands A. A. baseball team visited Long Branch Sunday afternoon and handed their hosts, the Branchport Eagles, a defeat by way of a 13-11 slugfest. Earl Patterson and Ted Gowers led the victors to the win, with handy work at the platter.

Patterson poled out three hits in four trips, including a double, and Gowers had a perfect two for two.

An up and down contest, Highlands pushed across their winning margin in the ninth. To score the runs, Jake Supienski singled and Patterson rapped out his double to bat in the 12th run. Gowers, next up, touched the horsehide for a single and Patterson scampered home.

The victory marked the seventh win for Highlands. They have lost two by narrow margins, the Red Bank Braves taking them, 3 to 2, and the Red Bank Towners easing out a 7 to 6 tally.

Middletown Wins Over Laird Nine

Eddie Keyes Clouts Three-Run Homer

Middletown A. C. was host to Laird's Three Stars Sunday afternoon at their Port Monmouth field and they handed their guests a 7 to 2 defeat behind the pitching of 15-year-old Ronnie Carhart.

Albie Duncan relieved Zebrowski on the mound for the losers and although he quieted the A. C. batting, the damage had been done. Middletown went into a 4 to 2 lead in the first inning, pushing in another three in the fourth.

Eddie Keyes pounded out a homer with two aboard to seal the game for Vic Sigler. Outfielder Johnny Murphy was a power at the plate, getting three hits in four appearances.

Outdoor Bouts Begin Tomorrow Night

Pucci-Kelly, "Black Bill"-Carson Headline Program At Long Branch

Four star bouts, featuring youngsters who are making fistic names in the Metropolitan district, will be the program when Promoter Nicholas "Buzzy" Connors ushers in his summer fight program in Long Branch stadium tomorrow night. For the feature attraction, Connors will bring together Frankie Pucci of Toronto and Babe Kelly, young Riverside prospect. Pucci, a classy featherweight, has campaigned against the best in his class. He endeared himself to local fans two seasons ago by sentational battles with Benny May. In Kelly, Pucci should receive the acid test. The boy from Riverside is a rugged, two-fisted puncher who numbers among his victims such outstanding featherweights as Archie DeVino, Ivor Escobar, Earl Mints and Jimmy Jerico.

Jesus "Black Bill" Compos of Porto Rico and Frank "Kit" Carson of New York, will mix it in another six. Compos showed his mettle at the shore last summer when he defeated Jimmy Nichols and Georgie Knox. He has campaigned in New York rings the past winter and last Friday night scored a startling upset in the Garden when he decisioned Archie DeVino. In Carson, Compos should be in for a hectic evening as Frankie is a windmill in action, employing a style reminiscent of the late Harry Greb. Carson has an enviable record of his own, having defeated Jackie Harris and Terry Moore and recently holding the highly-regarded Eddie Compos to a draw.

Sharing the spotlight with these bouts, will be a six between Jimmy Mills, Cleveland welterweight, and Ted Giammo of Jersey City. Mills is no stranger to local boxing fans, having captured their fancy two seasons ago when he conquered Pete Martin, Vic Costa and Danny Martin. Mills also holds a decision over Joie LaMotto. In taking on Giammo, Mills has quite an assignment. Before entering the service, Giammo established himself as a terrific card in North Jersey. Since his discharge he has defeated, among others, such boys as Eddie Prince, Jimmy Hampton and Lee Garrett. The fourth six will show Tick Melozzi of Elizabeth against Al Dockery of New York. In a four-round preliminary, Benny Rusk, promising Lakewood heavyweight, will take on Matty Minzi of New York.

Bam, Tina, Teal Win First Point Events

Three Classes Compete In Opening M.B.C. Races

The first point races of the season on the North Shrewsbury river were held Saturday by the Monmouth Boat club. Keator's Bam, handled by Charlie Burd, won the opening point in the Lightning class. Morrison's Tina finished 13 seconds ahead of Miltenberger's White Cloud to take the Comet race, and Florence Pye sailed the Teal to a 43-second win[illegible] Jerolamon's So-So II in the [illegible] competition.

Marie Irwin's Dawn was runner-up in the Lightning race, trailing by 2 minutes 25 seconds. Cox's new Coxswain nosed out Bennett's Blue Streak by 19 seconds for third. Five seconds behind Blue Streak was Bull's Bull Frog.

It was a nip-and-tuck race between Tina and White Cloud, in which 14 craft started and finished. Jerolamon's So-So II took third honors. Only five boats competed in the Sneakbox event, won by Teal, with So-So second and Tern II third.

Tina repeated in the Sunday race with So-So II second, Margio third and White Cloud fourth. Teal also made it two straight Sunday, with Tern II second, Pink Lady third and So-So fourth.

Heavy Betting At Local Track Insures Success

Million Dollar Handle On Opening Day Is Contrast To '46

Monmouth Park race track's opening Thursday was enough to confirm the pre-inaugural optimism of Amory L. Haskell, president, and and other officials of the beautiful Oceanport plant. A total of 16,596 paid admission to bet $1,107,686 as compared with last year's attendance of 12,974 and a $702,359 handle.

Again Saturday, the mutuels hummed the million-dollar tune. A crowd of 19,500 came to see the great sprinter, Polynesian, cop the day's feature, the Oceanport Handicap, and while there managed to bet $1,153.054.

With such an auspicious start, a definite contrast to last year's opening week, Monmouth stands an odds-on favorite to go through its second full meeting in a better financial status than it did in the 1946 meeting.

Thursday's big event, the Colleen Stakes, was won by an outsider, Elastic. The $10,00 special ended with the fans' attention divided between the winner and Jockey Merritt A. "Junior" Buxton, who was aboard Battle On. The popular jock was thrown by his mount while in the lead, just as it appeared to be moving out in the home stretch. Although unconscious and well shaken up, Buxton went through the deal without serious injury. And those whose eyes were necessarily glued on Elastic also saw the tote board register prices of $31.40, $13.30 and $8.60. Dusty Legs was second to pay $6.20 and Spring Song finished third, paying $12.60 for a $2 investment.

In the Saturday $10,000-run, Misleader unleashed a surprising speed in the home stretch to trail Polynesian and Gallant Bull placed second.

Local Skippers On Ocean Voyage

Ingram, Kelly Make Run Of 1,000 Miles

Walter E. Ingram, Jr., of West Front street and Robert Kelly of Little Silver last week returned from a week-long ocean run of 1,000 miles from Melbourne, Fla., to Woods Hole, Cape Cod, Mass. The voyage was made on a 50-foot yawl, property of Walter Masland of Melbourne, who desired to summer his boat in New England waters.

Named "The Anchorite," the yawl at one time docked in Red Bank. It is fairly new, having been built in 1938 by Nevins of City Island. The owner expects to enter his craft in next year's Bermuda race.

Except for one short session when the crew of four experienced winds from 35 to 40 miles-per-hour, a smooth sail was recorded on the log.

Leaving Melbourne May 9, the crew took the inland waterway to New Smyrna, Fla., about 70 miles north. Through the Panama Canal inlet, The Anchorite headed for open sea, traveling 950 miles until Martha's Vineyard was sighted.

Aboard besides the two localites were Mr. Masland and Keith Robinson, an Oregon boatsman.

Monday's Scratch At Track Recalls Other Runaways

History Of Turf Filled With Tales Of Unscheduled Runs

Dancing Gob was a late scratch from Monday's second race at Monmouth Park after tossing his rider at the gate and then waltzing away on a three-mile run. The Stewards promptly ordered his withdrawal, with a refund of all money wagered on him, although it has only been in recent years that officials assumed the authority of ordering horses scratched once they had entered the running strip. Prior to that, thoroughbreds were considered starters the moment they stepped through the paddock gates; no matter what might ensue there was no turning back after that point. Runaways, sore horses, broken legs—the rule was an unbending as bronze. The changing times have definitely worked to the benefit of the racing fan.

One horse currently stabled at least a sentimental interest in Dancing Gob's long jaunt. His name is War Watch, a son of Watch Her, a good race mare of a decade ago. It was at the starting gate at Belmont that Watch Her threw her jockey and ran four circuits of the track before being cornered and returned to the barrier. In those pre-pari mutuel days her price had soared from 6-5 favoritism to 100 to 1 and no takers. Whereupon Watch Her, despite her exertions, took the track at the break and galloped home in front in one of the most astonishing races of the year.

Interest must also be shared by the veteran trainer, George M. Odom, who is looking after a string of horses at Monmouth Park. Before becoming a conditioner, Odom was a jockey for some years and his first mount was on Waterman in a distance race at the end of the card one cold, sleety day. The old horse was in a running mood; so much so that, after running second in the race, beaten a head, he kept right on running until the incentive wore off. That was in the era before pony boys, and Waterman made the circuit of the track six times as George's 78 pounds were unequal to the task of pulling him up. The last time around the boy saw the others eating dinner in the [illegible] kitchen and he figured he [illegible] all-night ride when [illegible] finally decided to head [illegible]

Runaway horses have contributed many tales to the story-book of the turf. Those who watched Dancing Gob on his endurance test Monday afternoon at Monmouth Park will keep the hot-stove league warm when winter rolls around.

Fair Haven Y.C. Point Race Won By Irwin's Dawn

Eleven Lightnings Compete In First Event Of Season

Fair Haven Yacht club's opening point race of the season was sailed Sunday afternoon in a light breeze over the regular course on the North Shrewsbury and was won by Marie Irwin's Dawn, which finished second to Randall Keator's Bam in the first point Monmouth Boat club event Saturday in the Lightning class.

Bam, with Charlie Burd as skipper, finished fifth in the Fair Haven race, George Bull's Bull Frog took second place, trailing the winner by 1 minute. Ed Bruce's Technique finished fourth just 20 seconds ahead of Bam. The others trailed closely behind.

Ten of the 11 starters finished, marking the largest fleet of Lightnings ever to compete in the Fair Haven races. Dr. Edwin F. Stewart, chairman of the regatta committee, conducted the race, assisted by Capt. Regan.

Keansburg Begins Junior Ball Loop

First Game Saturday; 60 Youths Enrolled

A junior baseball league in Keansburg begins Saturday, according to Louis Mazzie, manager of the Keansburg Baseball club, who is working out details with Jack Clark and Walter Lessing, baseball umpires.

Boys from 9 to 14 years of age will be eligible. Games will be played Saturday mornings on the Keansburg school grounds. Members of the senior club will coach and instruct the youngsters.

George "Smoky" Stover will handle pitchers; George Preston, catchers; Pete Peltz, William Walling, Joe McGuire and George Pelose, infielders, and Joe Pelose, Mike Stelmach and Charlie Walling, outfielders.

About 60 youngsters have signed up for play in the loop. Mazzie states the league was formed to promote baseball as an athletic activity as well as teaching sportsmanship.

Sunday's Dog Show To Be Biggest Ever

Obedience Tests, Whippet Races At Rumson To Vie For Top Popularity

The 17th annual dog show of Monmouth County Kennel club Sunday will be one of the largest ever held in the county. A total of 640 dogs have been entered and 71 breeds will be represented when the judging starts at 10 a. m. on the grounds of the Rumson Country club.

By far the most popular breed this year are the boxers, with 42 dogs entered. Vying for second place are the collies with 32 entries and cocker spaniels and German shepherds with 31 entries each. However, the continued popularity of old favorites is shown by the following: 24 Irish setters, 15 Springer spaniels, 18 beagles, 29 Dachshunds, 19 Doberman pinschers, 22 Great Danes, 29 smooth and wire fox terriers, 16 Scotch terriers, 23 Sealyham terriers and 25 poodles.

Some of the unusual entries include: 11 Lhasa Apsos, seven Chihuahuas, one Papillon, six Schipperkes, 13 Kerry Blues, nine Afghan Hounds and six Borzois. In addition to the 71 classes of the individual breeds there will be judging of the six groups, "sporting," "hound," "working," "terrier," "toy" and "non-sporting."

The full day's judging will be climaxed by the selection of the "Best American-bred in show" for the Annette T. Haskell Memorial trophy in honor of the late Mrs. Amory L. Haskell, who headed the club many years, and the "best in show" for the President's trophy of sterling silver, presented by Thomas Frelinghuysen.

Of great spectator interest will be the five obedience classes and the children's' handling classes for boys and girls between ten and 16 years of age. During the afternoon six whippet races will be held on the polo field, run by the Maryland Whippet Breeders' association.

Extensive arrangements for the comfort and entertainment of exhibitors and spectators have been completed by the committee. The benching tents and show rings are being erected on the former tennis courts under direction of George Foley, superintendent of the show.

Ample parking space is provided along the sides of the polo field directly adjoining the show rings. Entrance to the show will be from Buena Vista avenue only. The road between the clubhouse of the country club and the show grounds will be closed. Luncheg and other refreshments will be served on the grounds. Net proceeds are to be donated to Monmouth Memorial and Fitkin hospitals.

Polynesian Gets Heaviest Impost This Saturday

Long Branch Handicap Holds $10,000 Reward At Mile And Sixteenth

Asked to travel a distance under the heavy impost of 129 pounds, the Elmendorf farm's great sprinting star, Polynesian, faces a stiff test at Monmouth Park in Saturday's first running of the $10,000 Long Branch Handicap. The son of Unbreakable tops a field of 46 nominees in weights.

Polynesian, acknowledged sprint champion of the day, seldom has been sent after middle distance events, such as the Long Branch—a mile and a sixteenth race—although in 1945 as a sophomore, he galloped to a smashing score in the historic Preakness at a mile and three sixteenths. Since that time his principal scores have been achieved among short distance runners. Thus far Polynesian has graced the winner's circle 22 times in 48 starts, running up total earnings of $273,735.

Turbine, who outgamed Polynesian in last year's Trenton Handicap, is second topweight with 124 pounds. Greentree Stable's Coincidence appears well rigged at 123 pounds, while T. P. Morgan's consistent Thwarted gets in with an impost of 116 pounds.

Polynesian and many of his adversaries in the Long Branch are among leading eligibles for Monmouth Park's $25,000 Monmouth Handicap. Saturday's race is in the nature of a preview for that richer and longer fixture, to be renewed July 26.

Weights for Saturday's gallop:

GAMES SUNDAY

Matawan at Earle Post.
Vail Home at Lakewood.
West Belmar at Freehold.
Asbury Park at Cliffwood.

Again this week, Red Bank's representatives in the Jersey Shore Baseball league suffered decisive defeats, dooming them to a tie for next to last place, as the first half of the schedule ended. Next Sunday the Braves will be at home, hosts to the league-leading Point Pleasant [illegible] nation, while the Towners take to [illegible] visiting Belmar.

The [illegible] showing none of the spark which won the league championship last season, visited Freehold last week and were handed a 4 to 2 defeat by the Gullstans as Dave Cashion, temperamental hurling star for the rugmakers, scattered six hits, including a wallop by Ray Sanborn in the second inning. His round-tripper gave the Towners a temporary lead.

Sanborn had a field day, getting three for four, but his efforts were ineffective due to empty satchels each time he connected.

For Red Bank, Bill Wichmann started on the mound, being relieved in the eighth by Gordon Sayre. Wichmann found himself in difficulty throughout the game, generally working with men on base. Four Towner errors did not help the cause, even though his mates came up with two double plays, one engineered via Estelle-DeFranco-Sanborn and the other by Brenner-Sanborn. Besides giving Freehold all their hits, eight, Wichmann walked seven. In his two-inning tour, Sayre struck out one Gullstan and walked one. Wichmann struck out three and Cashion whiffed six.

For the Braves, Keyport Legion's Hal Roman gave up but six hits, four of them to heavy-hitting Jim Taylor, who had a perfect day at the platter. The Braves jumped to a 2 to 1 lead in the first inning, but it proved their final threat, Roman blanking them the remainder of the way. Final count was 11 to 2. The victors' Jim Genovese had a field day with the stick, clouting five for six, including one double.

Youth Rally Held At Leonardo

Citizens Urged To Aid Children

A Youth rally was held Friday night by the Middletown township Youth Center committee at the Leonardo Grade school for the purpose of arousing interest among township residents for the needs of youth and to establish a place for youth entertainment and meetings.

Among several speakers were Howard W. Roberts, senior partner in the Atlantic Highlands law firm of Roberts, Pillsbury, Carton and Sorenson, and Middletown township clerk, who outlined the whole program in the sentence; "Youth is the greatest asset any community can have, and it is the privilege of the older persons to see that youth is given an opportunity to be that asset, by helping to train and guide them along the right paths."

Other speakers included Stanley Flint of Interlaken, treasurer of the Monmouth County Council of Boy Scouts, Rev. Elwood S. Wolf, pastor of the Leonardo Baptist church, Rev. Robert Bulman, pastor of St. Mary's church of New Monmouth and Jack Hackett of Rumson, who is assisting Highlands Police Chief Howard Monahan in the police athletic league there.

All speakers urged the need for a recreation program and a meeting place for the youth in the township. Morgan Knapp, executive of the Monmouth County Boy Scout council, and John J. Connolly, president of the Leonardo Youth Center committee, also delivered short addresses.

Harold Copeland of Belford, member of the township school board, was master of ceremonies and Mrs. Clifford Gordon was in charge of entertainment which included a tap dance by Mary Lou Richmond, an acrobatic dance by Caroline Otten and singing by Donald, Rodney and Bruce Gordon.

Mr. Roberts has donated a plot of ground on route 36 near Concord avenue upon which the youth committee intends to erect a building for youth activities.

Cub pack 62 closed its weekly meetings last week for the summer season with an evening of games, supervised by Oscar Benson. Refreshments were served. The pack will go on a hike July 15. Through the efforts of Bruce Goodwin, $5 has been collected for the Cubs to be turned over to the Red Cross, in addition to the Pack's annual gift of $5 to that organization. Bruce Goodwin, Robert Benson and Michael Benson have graduated from the Pack and will become Scouts. Present at the meeting, besides those mentioned, were Roger Morris, Richard Van Doeren, Billy Rock, Alexis Saharic, Harold Saharic, Leonard Charmack, Mr. Benson, chairman of the Cup Pack committee; Mrs. Walter B. Williams, den mother, and Mrs. Deborah Armstrong.

The junior fellowship of the Methodist church closed its 26-week course Thursday with a party, following a brief devotional period in the church. Attending were Carol Emmons and Terry Salmon, who received awards for best attendance; Virginia Chamberlain, Sue Chamberlain, Judie Ellenberger, Mary Ellen Ellenberger, Barbara Jean West, Jennie Covert, Helen Gaynor, Nancy Gaynor, Elaine Welch, Bobbie Letson and Elaine West.

Mrs. Ronald Earley of Charleston, S. C., is visiting her mother, Mrs. Walter Covert of New street.

Mrs. Emily Carlson of Center street and Edward Halstrom of Woodbury, have returned home after a two weeks' visit with Mrs. Carlson's son-in-law and daughter, Mr. and Mrs. Harry Painter of Shantytown, N. Y.

Navoo Rebekah lodge has discontinued its meetings for the summer and will resume Friday, September 5, with a covered-dish supper.

Tickets are being sold here and in Rumson on a 1947 four-door custom sedan to be given away at the annual harvest home and bazar to be held August 8 to 16, on the Holy Rosary church grounds.

Miss Virginia Walker, who is in charge of the Quaker library in Swarthmore college, was a weekend guest of Rev. and Mrs. Walter B. Williams at the Methodist parsonage. Miss Walker is a long-time friend of Mrs. Williams.

Plans have been completed for the annual cake sale in charge of the Woman's Society of Christian Service to be held Saturday, July 5, from 2 to 5 p. m., for the benefit of the Methodist church.

The public library located, in the school building, will be closed on the Fourth of July.

Mr. Womer, son of the secretary of the Sunday league, gave an interesting talk Sunday morning at the Methodist Sunday-school session prior to preaching in the Fair Haven Methodist church.

The fourth quarterly conference of the Methodist church will be held Wednesday, July 2, at 8 p. m., in the church. Rev. A. C. Brady of Red Bank, district superintendent, will preside.

Legion post auxiliary will meet next Tuesday evening. A social was held last week at which cards were played and refreshments were served. Game parties are being held the third Tuesday of each month at the Legion home.

Residents were urged by Mayor Thomas Farrell at last Thursday night's council session to support the refreshment stand being conducted by the American Legion post next to the Legion home. Receipts will be turned over to a fund to assist the Legion in its juvenile delinquency fight.

Red Cross To Help Locate Civilians

The Monmouth county chapter of the American Red Cross, again is accepting inquiries concerning the present location of civilians in foreign countries. This service was discontinued as a national program in August, 1945, George Clark, chairman of the home service committee announced today.

Mr. Clark said that inquiries will be accepted only after attempts to communicate through normal postal channels with the addressees have proved unsuccessful. Inquiries, he said, are then forwarded by the local chapter to Red Cross societies of the countries where the addressee was last known to reside. Local workers there start at the last known address and try to trace the missing relative or friend.

During the war the Monmouth county chapter handled 4,350 inquiries of the more than 1,750,000 civilian messages and inquiries that went through Red Cross channels to and from this country. Mr. Clark explained that the Red Cross was the only agency that provided communication with residents of enemy countries but that this service was discontinued, except for inquiries originating abroad, when normal mail channels with European and other countries were reopened. Resumption of service for inquiries originating in this country is being resumed at the request of the State and War departments.

Buy Window Shades Wisely!
LOOK FOR THESE SIX FEATURES:

1. Colors to go with your room are just as important in your window shades as in slipcovers and curtains. They style up your whole interior. You can choose from many lovely colors of "Tontine"* shade cloth!

2. Resistance to sun, rain, wind keeps colors from fading. And it guards your shades against damage from rain coming in open windows; cracking or fraying by wind. Shades of "Tontine" give this protection!

3. Translucency. Window shades should let a lot of daylight in . . . yet keep the sun's glare out. "Tontine"-made shades are more translucent!

4. Shades that scrub clean can be kept just as neat and colorful as the rest of your home. Washable "Tontine" saves you money, too—instead of throwing dirty shades away, you have them washed!

5. Long wear is a window shade "must"—it saves you money and trouble. Here's how to pick a shade that will wear for years—just look to see if it's made from *Du Pont "Tontine," your best window shade buy!*

6. CREDIT on your old window shades. Bring them in, choose from our lavish selections of colors. At a low price, we'll supply you with shades—custom-made and mounted on your old rollers—of washable, long-lasting "Tontine."

OH, WHAT A *BEAUTIFUL* HOME!

An expanse of green, velvety grass more than any other feature, adds to the beauty of a home.

But don't think a rich lawn is reserved only for those few possessed of a magical "green thumb." The three chief requirements for a carpet of green to stretch before your house are: well-nourished soil, good grass seed, and plenty of water—from your garden hose if nature won't supply it.

Choir Assembly For Young People

Special Feature Of Vacation School

A special feature of the Community Daily Vacation Bible school, which opens Monday at 9:30 a. m. in the Methodist church, will be a choir assembly for all young people under the direction of Mrs. Harold Hornberger, wife of the Lutheran church pastor.

All children of the community are invited to attend the school sessions, which will be held daily except July 4, 5 and 6. The program will include Bible stories, creative handwork, dramatization and recreation. All the churches are participating.

The children will sing two selections at the concluding session of the school Sunday, July 13. They will be "O Jesu, So Sweet," a choral by John Sebastian Bach, and "Glory to God," by Palestina. The director of the choir is a graduate of the Eastman School of Music and studied under Maurice Garabrant of the Cathedral of the Incarnation, Garden city, N. Y. She has had extensive training in leading young people in choir work.

State House Letter

Trenton, (AP) — The Constitutional convention, which last week continued to occupy the spotlight in the New Jersey political picture—was advised that regulation of lobbying does not properly belong in the State Constitution.

William Miller, research director of the Princeton surveys, in one of a series of monographs prepared for the delegates by the Governor's committee on preparatory research, pointed out that enforcement of lobbyist regulations "is obviously difficult, if not impossible".

Emphasizing that some aspects of lobbying were "admittedly useful," Miller said; "the subject appears to require too much flexibility of treatment to permit more than a mandate to the legislature and a statement of principles in the Constitution."

"Successful regulation of lobbyists," he added, "depends more upon the tradition of law enforcement among legislators than upon any specific form of license."

Miller, who said that in his opinion the present-day technique of lobbying seldom descends to bribery, listed the furnishing of technical information to legislators as one of the important useful functions of lobbying.

Although 32 states have adopted regulatory legislation, only three—Wisconsin, Maryland and Massachusetts, have had any reported success, Miller said. In these states, he added, publicity was largely responsible for curbing of lobbying.

Milk Price Boosts.

News of particular interest to milk farmers and the consuming public alike came during the week from State Milk Control Director Arthur Foran when he announced a milk price hike effective July 1.

The new order will cost consumers an additional one cent per quart in the Metropolitan North Jersey and Monmouth-Ocean county shore areas and 1¼ cents more in the rural South Jersey, west and northwest counties.

Foran explained the quarter cent differential was granted to "adjust in part the deficiency in margin" resulting from a shorter work week and wage increases granted union drivers by dealers.

Dairy farmers, who claimed at a recent hearing that production costs had gone up two cents per quart, will receive one cent a quart more under the new order, which establishes the minimum return at $5.12 per hundred weight, a boost of 46 cents.

Female Labor Laws.

A recommendation for legislation requiring compulsory maternity leaves for women in New Jersey's industries was advanced early last week by State Labor Commissioner Harry C. Harper. At the same time, he suggested a limit of 25 pounds on the weights female workers should be required to lift.

The labor commissioner, in an address before a panel of the women's auxiliary of the New Jersey Medical society, pointed out that many states prohibit employment of females for stipulated periods before and after childbirth. "It would seem that New Jersey might well enact similar legislation," he observed.

Harper told the panel also that he believed "there is room for improvement by employers with respect to adequate plant medical facilities including personnel, sustained and intelligent safety programs, complete records of physical examinations and medical treatments, and case histories of all accidents."

Highway Safety.

Governor Driscoll has called for full public support of the highway safety educational program to be carried out by New Jersey newspapers for a 13-week period beginning this week.

The Governor, referring to the New Jersey accident death toll last year of 712 and the injury total of 21,905, said "most of these accidents could have been prevented, had their participants exercised greater caution in their use of the streets and highways."

During the program, sponsored by the N. J. Press association, the newspapers will "tell their readers the story of the cost of traffic accidents, their causes, and how easily they can be eliminated," Driscoll added.

Truck Crops.

The State Department of Agriculture reported last week that growers of truck crops in New Jersey are selling as much produce as usual this spring despite losses from excessive rain and frost damage. Sales of fruit and vegetable packages from January 1 to May 31 at produce auctions totaled 439,381.

There are veins of coal under about two-third of Illinois.

Novel Stamp In Action

Edward J. Brennan, right, general manager of Monmouth Park Jockey club, has his hand stamped by Miss Frances Townsend as Herbert J. Shaw, admissions manager, looks on. The hand-stamping equipment is novel for Eastern tracks. By using invisible ink, the stamping acts as a pass-out check from the club house. Upon return, patrons' hands are exposed to an ultra-ray lamp, which makes the marking stand out brilliantly. The innovation has already proved popular with club house visitors. The ink does not rub off and it is non-injurious to either clothing or delicate fabrics.

Women Democrats Plan Card Party

Plans for summer activities of the Women's Democratic club of Monmouth county were arranged at a meeting of the executive board last Thursday at the home of Mrs. Katherine Elkus White on Harding road. The next meeting will be Thursday, July 24, in Asbury Park.

Mrs. Cecile Frankel of Sea Bright will be chairman of the annual summer card party, a dessert-bridge to be held August 12, at the Sea Bright Yacht club. Further details will be announced.

Attending the session were Mrs. Frankel; Mrs. Rita H. Douglas and Mrs. Fred L. Jones of Red Bank; Mrs. John Wermert, Middletown; Mrs. Howard Height, Sea Girt; Mrs. Mary Maloney, Avon; Mrs. Wayne Ward, Neptune; Mrs. Joseph Hahn, Bradley Beach, and Mrs. Adeline Barton, Mrs. Bland Applegate, Mrs. Mae Mulcahy and Mrs. Josephine Raines, Asbury Park.

LICENSES RENEWED

The Fair Haven mayor and council Monday night approved three liquor license renewal applications. They were those of the Willowbrook inn, Atlantic hotel and Fred Maffeo.

Edward A. Crozier of Fair Haven was awarded the contract to paint the fire house for $320. The borough will advertise for bids this week on a borough owned lot on Cedar avenue.

COMPLETES ARMY COURSE

PFC. Robert E. Ring, nephew of Mrs. J. Applegate, 65 White street, this week was graduated from one of the world's greatest educational programs—one of the Air Training Command's airplane mechanics training courses at Keesler Field, Miss.

The training he received in the mechanics school covered basic airplane and engine operations. The technical course extended over a period of approximately 16 weeks and included instruction in aircraft electrical systems, engine operation, fuel and oil systems, propellers, structures, instruments and basic inspection. This qualified him for additional specialized training in the maintenance of heavy bombers, cargo planes, jet and rotor aircraft.

Boston is the largest American fishing port on the Atlantic.

Planning Campaign

Leaders in the Monmouth Memorial hospital campaign for funds to help meet that institution's critical financial needs discuss plans for conducting the appeal in the Little Silver and Red Bank areas. Left to right are Edwin Bry, chairman of the county-wide appeal; Mrs. Chester A. Alberts, chairman of the Little Silver area, and Mrs. Harry Rowland, whose husband will head the drive in the Red Bank area. The hospital's 1947 deficit is expected to be approximately $125,000 as a result of steadily increasing prices for commodities and services, campaign leaders report. More than 18,000 days of free care were provided by Monmouth Memorial last year. Part of this cost is met by payments received through the County Board of Freeholders but the balance must be met by contributions from the community. The hospital campaign will open July 1st.

ENTERS TRAPHAGEN SCHOOL

Miss Edna Mae Kruse, daughter of Mrs. E. Kruse, 11 Bay avenue, Highlands, has enrolled as a student at the Traphagen School of Fashion, New York city, where she will major in costume design and illustration during the four-month summer term. This long session which is being given this summer for the third successive season, corresponds to one full term of the regular winter course. The interim session was planned to meet the demands of students waiting to enter the school and this year includes many young men and women veterans of both United States and Canadian forces.

Miss Kruse's class, matriculating this month, has already had an opportunity to see the school's 24th annual exhibition of student work which has given them a quick, comprehensive view of the varied branches of a career in the fashion field.

Of Timely Interest To Rose Growers

Beginning with today's issue, the Register has been favored with a campaign advertising Pestmaster 3-in-1 Rose treatment. This campaign will run in consecutive issues of the Register for several weeks. The producers of this new chemical preparation have supplied the Register with the following concerning their product:

Rose growers are hailing a new product called Pestmaster 3-in-1 Rose treatment because it unites in one formulation everything needed for rose health—an insecticide, a fungicide and a stimulant. This easy-to-use combination treatment appeals to every type of rose grower, ranging from the individual who wishes to produce specimens of flower show caliber to the back-yard amateur who raises roses for no other reason than that "I like 'em". Now the incessant attacks of fungi and insects on growing roses can be readily controlled.

Pestmaster 3-in-1 Rose treatment kills such destructive rose insects as the rose chafer, beetles, aphids, rose spiders, slugs and midges. At the same time, it protects against the fungous diseases of roses by controlling black spot, powdery mildew and rust. And goes on from there to stimulate nature to greater efforts by perfecting plant health.

The preparation, a product of Michigan Chemical corporation, one of the pioneer producers of DDT, is also recommended in the cultivation of other types of flowers. For those who wish to enjoy their roses this summer and early fall, Pestmaster 3-in-1 Rose treatment points the way to a garden of flourishing blooms.

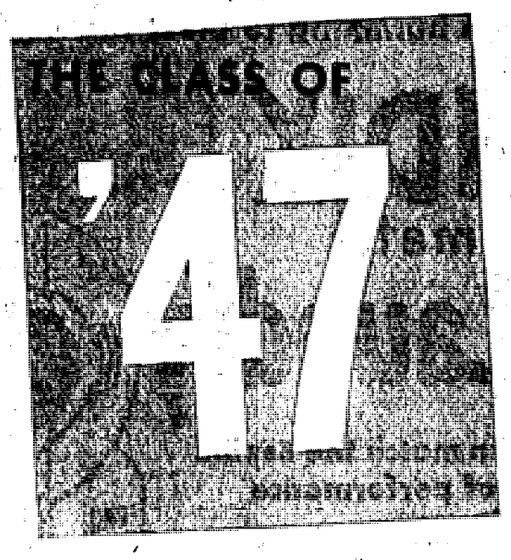

SNAKE INSIDE CAST

Several young pranksters played a "practical joke" on 15-year-old Richard Drake of 151 Leighton avenue Friday, Richard, who fractured his pelvis a few weeks ago in a fall and who is forced to wear a cast from the waist down, was the brunt of a joke which ended by calling the Red Bank first aid squad to remove a garter snake from his cast which was placed there from behind by the pranksters. With the aid of his crutches, Richard hurried home as fast as he could and his mother called the first aid squad. Before they arrived, she was able, with the help of neighbors, to remove the garter snake.

TO YOUNG MEN OF

As 1947 high school graduates, you are members of one of the nation's most important single groups. What you and 500,000 other seniors from all over the country do after graduation will decide whether or not your nation can keep its Army up to strength through volunteer enlistments alone.

You are free to make your own choice after graduation. You will not be subject to call by the Draft—a status high school graduates have not had since 1940.

Your freedom—and the nation's—carries responsibility with it. Keeping the peace is a big job. Your Army must stay up to strength if it is to carry out its commitments. For this vital work, it needs men like you.

The Regular Army gives you more than a chance to take a personal part in keeping your nation safe. Few organizations offer a young man finer advantages. Pay is higher than ever before. World travel, valuable training in many skills and trades, and an excellent opportunity to qualify for Officer Candidate School make the Army a valuable step toward *any* future career. Active Schedule For Fair Haven Sea Scout Ship

Several Cruises And A Mixed Beach Party Planned

The Fair Haven Sea Scout ship, which was inaugurated two short months ago, is planning an extensive and active program for the summer months, reports District Commissioner Louis E. Cooke of Rumson.

Several cruises have been scheduled with the County Flagship of Keyport, and seaworthy Atlantic Highlands organization, and a mixed beach party is also on the agenda.

With the signing aboard of a new first mate in Thomas Edward Morton of Fair Haven, and the relaxing of studies at school, more stress will be placed on advancement to Ordinary Seaman rank for the young men, practically all of whom have already attained Apprentice ratings.

Skipper A. P. Tinnesz is endeavoring to enlist the enrollment of a larger crew, and extends the privilege of "signing aboard" to any boy of Rumson or Fair Haven who has attained the age of 15.

Ostendorff Studio Gives Recital

Performance By Young Students

The annual student's recital of the Ostendorff music studios held Friday night at the Red Bank Presbyterian church was attended by a large audience. The studios are conducted by Adalbert Ostendorff, composer and theorist, and Angelica Ostendorff, concert violinist and young people's choir and choral director.

The Ostendorffs have conducted their studios in Red Bank for many years on Waverly place, and also conducted a studio in Carnegie Hall, New York, for 20 years. The pupils taking part in the program ranged in ages from 9 to 16 years.

BIRTHDAY PARTY

Eddie Hirst, son of Mr. and Mrs. Frank Hirst of Headden's Corner, celebrated his third birthday Wednesday of last week with a party at the home of his parents. The decorations were in gay colors and games were played. Refreshments were served afterward by Mrs. Hirst. Eddie received many lovely gifts. Those present were Eugene and Harry Hubbs, Peter McGuire, Eddie Hirst, Muriel McGuire, Vivian Hirst, Franklyn Hirst, Jr., Mrs. Fred Bremyer, Mrs. Thomas Simmons, Mrs. Chris Jaeger, Mrs. Howard Hubbs, Jr., Mrs. Martin McGuire, Mrs. Evett Meisler, Peter Jensen, Miss Marion Letsche, Mrs. Louis Letsch and Mr. and Mrs. Frank Hirst.

Home Owners To Organize

Red Bank and vicinity are included in plans for a chapter organization and membership campaign soon to be launched by the National Home and Property Owners Foundation, according to word from the Foundation's headquarters in Washington, D. C.

The aim of the drive, officials of the Foundation declare, is to obtain increased public support for projects designed to safeguard and enhance the rights and interests of "the man who has acquired a home or a piece of land through his own industry, thrift and vision".

Emphasizing the many local benefits to be derived from effective organization of the owners of homes, farms and other real property, the coming drive in Red Bank and vicinity will be under the general direction of Joseph J. Thomas, of Trenton, a Foundation trustee for the New Jersey district.

Every farmer and home owner is eligible for membership in the Foundation, which already includes tens of thousands of members in every state in the Union.

Scout Leaders Plan Program

Officers for the Girl Scout groups of Belford were elected at a recent meeting at the Belford Methodist church annex. Mrs. Martha Zehnick is chairman; Mrs. Ella Bumgay, secretary; Mrs. A. Rausche, treasurer, and Mrs. Mildred Copeland, troop committee member.

Plans for the activities of the Girl Scouts and Girl Scout Mariners were made at a meeting of the combined committees Monday at the home of Mrs. Leslie Parleman at Belford. Brownie groups meet Monday afternoons at 3:30 o'clock in the church annex. Mrs. Thomas Davis is leader.

There are about 200,000 physicians in the United States, about three-quarters of whom are in active practice.

Fair Haven Lions Plan Memorial

New Honor Roll To Be Erected

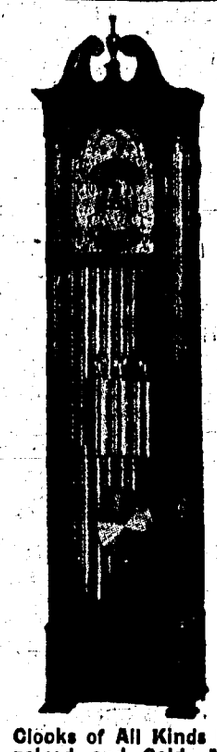

Robert V. VanBrunt, chairman of the civic improvement committee of the Fair Haven Lions club, announced yesterday that the service club was planning to dismantle the borough's honor roll, sponsored by the Lions, and to erect a more permanent memorial on the same site or another designated position.

In answer to several "jibes" as to the condition of the honor roll, Mr. VanBrunt mentioned that the service club and borough officials had not forgotten the sacrifices of the community's men and women but contracting parties had held up the club's progress. In the meantime the wooden memorial did start to deteriorate from weather conditions. The B.&I. contracting firm, a newly organized group, of which Mr. Van Brunt is president, has agreed to dismantle the honor roll in the near future.

The honor roll was under the sponsorship of the club and the borough was not responsible for its condition. Others on the committee of the service club are John G. Anderson, president-elect; Leonard A. Mack, Tony E. Hunting, Alfred P. Boyce, Wilfred H. McCracken and W. Raymond VanHorn.

The club will hold their final meeting of the fiscal term tonight at 7:15 o'clock at the Willowbrook. Harry C. F. Worden, retiring president, will be in charge. Theodore J. Labrecque of Grange avenue, Fair Haven, an active member of the Red Bank Lions, will speak on "Transportation". Installation of officers and initiation of new members will be held Thursday night, July 10.

Alcoholics Anonymous

Help For The Problem Drinker

A. A. is a fellowship of men and women banded together by their inability to use alcohol in any form sensibly. It embraces no race, creed or color. There are no dues, initiation fees or costs of any sort. The only requirement for joining the organization is "a sincere and honest desire to stop drinking."

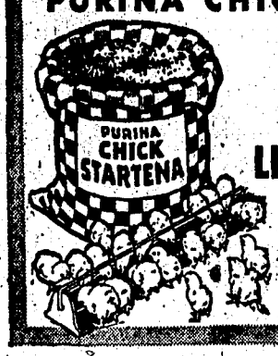

A. A. is not a temperance movement in any sense of the word. A. A. is not concerned with those who can drink in moderation. With those to whom alcohol has become a burden, A. A. is very much concerned and always ready to give a helping hand.

Alcoholism is a disease. An alcoholic is not just a drunk who should be cast out or jailed, but is a sick human being who must be taken care of as any other ill person should. Alcoholism is the fourth most fatal disease in this country.

A. A. cannot help anyone to become a controlled or social drinker. Once drinking has become uncontrolled, the only recourse is absolute sobriety. A. A. can point the way and help in reaching that goal.

If your drinking has become a problem, if it interferes with your business, your home or social life and if you honestly desire to do something about it, then, by all means, write to Alcoholics Anonymous, Box #49, Red Bank, New Jersey, and your letter will be held in strictest confidence.

MANY NEVER SUSPECT CAUSE OF BACKACHES

This Old Treatment Often Brings Happy Relief

Many sufferers relieve nagging backache quickly, once they discover that the real cause of their trouble may be tired kidneys.

The kidneys are Nature's chief way of taking the excess acids and waste out of the blood. They help most people pass about 3 pints a day.

When disorder of kidney function permits poisonous matter to remain in your blood, it may cause nagging backache, rheumatic pains, leg pains, loss of pep and energy, getting up nights, swelling, puffiness under the eyes, headaches and dizziness. Frequent or scanty passages with smarting and burning sometimes shows there is something wrong with your kidneys or bladder.

Don't wait! Ask your druggist for Doan's Pills, a stimulant diuretic, used successfully by millions for over 50 years. Doan's give happy relief and will help the 15 miles of kidney tubes flush out poisonous waste from your blood. Get Doan's Pills.

Don't Take Your Greatest Asset for Granted

★ Most of us throw every safeguard possible around our property. Homes, automobiles, and valuable personal property are carefully insured against losses by fire, theft, and storm. We insure our lives to protect the economic well-being of our dependents.

Yet health, on which depends our ability to earn these material comforts, is often completely neglected. Good health is too frequently taken for granted until it is lost. It is wise to protect this priceless asset. Include a health examination for every member of the family in your yearly budget. When medicine is prescribed, bring the prescription to us for prompt, economical service.

Mr. and Mrs. Robert T. Woolley and Mr. and Mrs. H. Alvin Walling are enjoying an automobile trip to Maine and Canada.

Barbara Wilson is visiting her aunt and uncle at Avenel.

Thomas Rathbone and family motored to Waynesboro, Pa., and visited relatives over the week-end.

Mr. and Mrs. William H. Hinson of Asbury Park visited their cousin, Miss Anna Cowles, Sunday.

William Lehan, Phillip Walling, Gene Wilson, Peter Olsen, Charles Smalley, Clifford Reichenberger and Louis Bennett, scouts of Hazlet Boy Scout troop 92, are spending a week at Camp Cowaw, near Delaware Water Gap.

A Golden Wedding

MR. AND MRS. PHILIP EGAN

Mr. and Mrs. Philip Egan of 47 Little street, Matawan, celebrated their golden wedding anniversary Monday. A special mass was offered for them by Msgr. John P. Burke at St. Joseph's church, Keyport, at which the couple and all their children received Holy Communion. Rev. Raymond Hurley and Rev. Francis McKusker were in the sanctuary. A surprise breakfast was served for members of the immediate family at their Matawan home after the mass. The tablecloth used on the breakfast table was a wedding gift to Mrs. Egan.

The couple were surprised again at night with a dinner for the immediate family at Lincroft inn. The banquet table was decorated with roses from the gardens of the inn, and the couple received a basket of 50 golden-hued roses, with a dollar bill attached to each flower. Another feature was a large wedding cake.

Msgr. Burke spoke briefly, as did Father Hurley, and members of the Egan family. Others present were Mr. and Mrs. George J. Egan and daughter Pauline, Mr. and Mrs. Henry Egan, Mr. and Mrs. John Sutliff and Mrs. P. J. Ahern of Keyport; Mr. and Mrs. Paul A. Egan and children, Paul and Patricia; Mrs. Anna O'Neill and Philip Egan of Matawan; Mr. and Mrs. Clarence Egan of Laurence Harbor and Mr. and Mrs. Harold Kelly and children, Margaret, Kathleen and Maureen of Lincroft.

Mrs. Egan before her marriage was Miss Mary Ann Hardy, daughter of Mr. and Mrs. Henry Hardy of Marlboro. Mr. and Mrs. Egan were married at St. Rose of Lima church, Freehold, by the late Msgr. Frederick Kivelitz. Standing up with them were the late Mrs. Michael Crine of Vanderburg, who was then Miss Anna Kane, and the late Charles Mooney of Freehold.

The couple had six sons and one daughter, all of whom are living with the exception of Albert, who died when a child. They have eight grandchilden.

Mr. and Mrs. Egan have lived in Monmouth county all their lives and have been residents of Matawan more than 40 years. Mr. Egan retired in 1939, after 48 years' service with the Central Railroad of New Jersey.

Colt's Neck

Mrs. Max L. Van Doran of Los Angeles, Cal., arrived Tuesday for a visit of a month with her mother, Mrs. Myra Reynolds of this place.

Mr. and Mrs. William Gechan of Somerville were week-end guests of Mr. and Mrs. Edward Frank of Montrose road.

Miss Betty Ellis, daughter of Mr. and Mrs. Charles Ellis of Vanderburg, is recovering from a recent tonsillectomy.

James Howard of the Colt's Neck airport reports that new Stinson planes have been sold to Bill La Marr of Asbury Park, and to George De Garmo of this place. The airport, operated by C. Wings, Inc., is working on the construction of a duster for spraying farm crops.

Mrs. Irwin Campbell has returned home from Riverview hospital.

Those from this place who were graduated Thursday from Red Bank Junior High school were Nancy Sue Moreau, Nancy De Garmo, Sue Lechtrecker, Zenu Conover, Ivis Blanchard, Mildred Frost, Helen Smith, Rose Furiato and Carolyn Sindlinger.

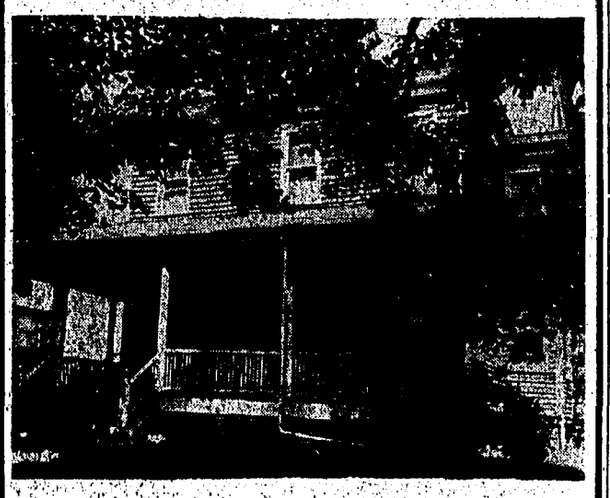

Miss Joan Haltermann of this place is one of 145 students out of a graduating class of 850 at Stephens college in Columbia, Mo., to receive a certificate of competence. Miss Haltermann majored in the field of aviation.

In 1921 there were 100,000 cases of smallpox reported in the United States. There were 356 cases of smallpox reported in the United States in 1946.

A book you ought to study— TONIGHT!

IF YOU HAVE a checking account in a bank, we have a suggestion.

Get out your bank book tonight. Run your eye over the deposits you've made in the last year or two.

Very likely you'll be surprised at the *total* of those deposits . . . surprised at how much you've put in, yet how little you've saved out of it.

Perhaps, too, you'll realize how much you need a *plan* for systematic saving out of your income—*regular* and *automatic* saving, month *after month after month.*

There are *two* such plans available to you today . . . one if you're on a payroll, another if you're not.

The first is the Payroll Savings Plan for buying U. S. Savings Bonds through automatic deductions from wages or salary.

The second is the Bond-a-Month Plan for buying these Bonds through automatic deductions from your checking account in the bank.

Whichever plan you adopt, you'll find it the simplest, easiest way to save money for future wants and needs. The Bonds are one of the safest investments in the world . . . and they pay back, at maturity, $4 for every $3 you put in them today.

Ruins of Rahway Furniture Center

The sprawling, block-long colonial style Koos Brothers furniture center in Rahway, a landmark on heavily-traveled Lincoln highway, lies a heap of twisted debris after an early morning fire raged through it. Members of the firm said the loss would be near $1,000,000 and that the center would be rebuilt.

Several G.I. Rights To End

Harry G. Cole, officer in charge of the Red Bank Veterans Administration office, announces the following deadlines for certain veterans benefits:

June 30 is the last day that applications for cars can be made by amputees.

August 1 is the last date on which veterans can reinstate GI insurance, lapsed longer than three months, without necessarily taking a physical examination.

September 1 is the last day to apply for terminal leave bonds.

Mr. Cole stresses the urgency for all veterans to take care of these matters before the deadlines.

Hook And Ladder Auxiliary Formed In Red Bank

Officers Elected At Meeting Held In Fire House

The Red Bank Hook and Ladder ladies' auxiliary was organized at a meeting last night in the fire house on Mechanic street.

In an address of welcome to the new group, Fred Brown, general chairman for the 75th anniversary of the Red Bank volunteer fire department, asked for their assistance at the celebration set for September 11, 12 and 13, and also at the department fair which opens July 4.

The auxiliary decided to meet the second Wednesday of each month at the fire house.

Mrs. Elizabeth Worden was elected president, Mrs. Louise Brasch, vice president; Mrs. Dorothy Sergeant, secretary; Mrs. Helen O'Connor, treasurer, and Mrs. Marjorie Crispell, chaplain. The committees named include: Uniform, Mrs. Grace Turnock, Mrs. Anne Forbes and Mrs. Betty Bloom; by-laws, Mrs. Forbes, Mrs. Louise Hubbard, Mrs. Grace Turnock and Mrs. Helen Webb; sick, Mrs. Gladys Massey, and auditing, Mrs. Mary Chameroy, Mrs. Bloom and Mrs. Louise Doig.

It was decided that all those present at the meeting would be charter members. They include, besides those already mentioned, Mrs. Helen Nolan, Mrs. Rena Stoye, Mrs. Virginia Lyons, Mrs. Carolyn Munch, Mrs. Daisy Brown, Mrs. Helen Calver, Mrs. Helen Osborne and Mrs. Muriel Minery.

75th Anniversary Invitations Sent

Fire Department Publishes Program

Invitations for out-of-town fire companies to participate in the Red Bank fire department's 75th anniversary program, September 11, 12 and 13, have been sent out, it was announced yesterday by Fred Brown, general chairman.

Out-of-town companies also received entry blanks for the many events and contests and were informed that no Red Bank fire company is eligible to compete for any prizes. Out-of-town judges will be chosen for the contests.

The program for the three-day celebration is as follows:

Thursday, September 11—Registration day, opening of exhibits of fire apparatus, equipment and supplies.

Friday, September 12—Individual ladder climbing contest, motor hook and ladder contest (Class A), motor hook and ladder contest, No. 2; motor pump contests (Class A and B); motor hose contest (Class A); Harold Denegar contest and water drafting contest. Fireworks will be shown at Marine Park in the evening.

Saturday, September 13—Companies will form at 12:15 o'clock and parade will start at 1 p. m. Prizes will be awarded for the following:

Fire organization with the most men in uniform, fire organization presenting the best appearance, best appearing ladder truck, best appearing pumping engine, best appearing utility apparatus, oldest piece of fire apparatus, Monmouth fire company making the best appearance, fire organization coming the most distance, Ladies' auxiliary presenting the best appearance, Ladies' auxiliary with the most members in the parade line, best appearing ambulance and first aid equipment, fire organization having the best band, fire organization having the drum and bugle corps, best appearing exempt association.

Past fire chiefs have been named as honorary chairmen, as have Mayor Charles R. English, Freeholder Joseph S. Irwin, Councilman J. Albert VanScholk, Fire Chief Gordon Wilson, First Deputy Vernon Dey and Second Deputy Dominic Figaro.

Firemen's Fair At Headden's Corner

A 1947 Plymouth, four-door sedan will be the main prize at the Middletown fire company's annual fair to be held at Headden's Corner from July 12 to July 19. The car is on display on Monmouth street in the parking lot next to the service station at Monmouth street and Maple avenue. An electric refrigerator will also be given away by the fire company, announced Arthur Soden and Oliver Hallenbach, co-chairmen of the fair.

July 15 has been designated as Fireman's night for all fire companies. The fire company traveling the longest distance will get a $10 prize; the fire company with the most men in attendance, $15; the jackpot, first prize, $25, and second prize, $10.

TWO ACCIDENTS HERE

Mrs. Gertrude Jeffrey of Elberon lost control of her car yesterday afternoon at the intersection of South Bridge avenue and East Westside avenue and ran into a tree, it was reported by Red Bank police. She was not injured. Cars driven by Barclay Henderson of Keyport and Paul W. Noglows of 283 Broad street collided early this morning at Maple avenue and Monmouth street. Henderson received light injuries.

Yacht Club Opening At Sea Bright

The Sea Bright Yacht club announces its gala opening tomorrow evening, with entertainment consisting of Val Olman and his society orchestra and the Jose Cantafio dancers. The club is open to the public nightly and its food may be enjoyed either in the Meridian room or al fresco on the marine veranda overlooking the Shrewsbury.

The orchestra of Val Olman will be remembered as playing at the West End Casino last season, and has recently completed an engagement at Whitehall in Palm Beach. Frank is back as maitre d'hotel and has arranged special reasonably priced dinners. Another innovation will be the showing of feature sound movies in the Meridah room every Monday evening.

Shade Tree Group To Spray Elms

Take Protective Measures At Rumson

The Rumson Shade Tree commission has closed a contract with the Accurate Tool company of Newark for the spraying of the elm trees of the borough of Rumson with a five per cent emulsion of DDT. This spraying solution has been recommended by the state department of agriculture, bureau of plant industry, as being the most effective toward the control of Dutch Elm disease.

There are 140 elm trees under control of the borough and all of these trees will be thoroughly sprayed. The cost of the work is $1.65 per tree.

At a recent meeting of the Rumson Borough Improvement association the matter was brought to the attention of the members of the association and a resolution was promptly passed authorizing the Shade Tree commission to arrange for the spraying of elms on private property this year at the expense of the association.

Uzal H. McCarter, chairman of the Shade Tree commission, requests that anyone who has elm trees on their property in the borough and who would like them sprayed to contact the secretary of the commission, William H. Hintelmann, immediately as the spraying work will be done early next week.

The DDT emulsion has proved effective against the scolytus beetle which is the carrier of the Dutch Elm disease, and is also effective against the elm leaf beetle which destroys the leaves of the elm trees.

Patients Are Picnic Guests

Marlboro Auxiliary Gives Party

Members of the new women's auxiliary of the State hospital at Marlboro gave their first party yesterday at the hospital for 100 patients. This group is made up of volunteers who assist at the hospital with special therapy programs.

The party was a picnic, held on the hospital lawn, and featured music by "Hart" Weber, who for a number of years entertained at the Red Bank U.S.O. club while he was stationed with the Signal Corps at Fort Monmouth. Refreshments were supplied by the Asbury Park Council of Jewish Women, directed by the organization president, Mrs. Herman Brener.

Mrs. Leslie D. Seely of Eatontown is chairman of auxiliary, and those wishing to serve with the auxiliary, may contact her. Members who served yesterday were Mrs. Frank Best, Mrs. Frank Sindlinger and Mrs. C. Murray Todd of Holmdel; Mrs. J. Berkley Gordon and Mrs. Charles Graves, Marlboro; Mrs. John Bassett, Rumson; Mrs. Harry Bell and Mrs. William Ryan, Fair Haven; Mrs. E. Jackson Lindsay and Mrs. Warren Wilkins, Tinton Falls; Mrs. F. W. Taylor, Red Bank; Mrs. J. Spann Jeffers, River Plaza; Mrs. Arthur Cowan, Deal, and Mrs. Seely, Eatontown.

Travers Questioned In Water Case

At deposition hearings yesterday in the offices of Ward Kremer, Asbury Park attorney, Richard Travers, president of the American Drilling company of Fair Haven, the only witness questioned in the case of the borough of Highlands against the Highlands Property Owners association, claimed that the borough specifications for a new well were designed "exclusively" for the Layne company. Mr. Travers company was an unsuccessful bidder.

He said he felt that his bid to the borough satisfied the requirements of the borough though he admitted they did not follow the specifications. Testimony was heard before Mrs. Lillian Levington, Supreme court examiner. Cross examination of Mr. Travers by John M. Pillsbury, Highlands borough attorney, and Theodore D. Parsons, Red Bank attorney, representing the Layne company, will be held Tuesday.

E. Wolcott Fary, Sea Bright Clerk, Dies In Hospital

Former President Of School Board Was In His 83d Year

E. Wolcott Fary, one of the best-known residents of Sea Bright and well known throughout this part of the county, died Sunday at Hazard hospital, where he had been a patient since May 29. He had been ailing for more than a year. He would have been 83 had he lived until July 29.

Mr. Fary was borough clerk of Sea Bright 28 years, an office he held at the time of his death. He had been president of the Sea Bright board of education, secretary of the fire department more than 30 years, a member of the department 61 years and an exempt firemah. He also was a member of the Sea Bright Methodist church and the Sons and Daughters of Liberty lodge of that borough.

In 1935, on his 50th anniversary as an active volunteer fireman, Mr. Fary was tendered a banquet by the department, at which time he received a solid gold badge.

The minutes of the meetings of the Sea Bright mayor and council, written by Mr. Fary in long hand, were outstanding for uniformity, neatness, legibility and thoroughness, and were placed on exhibition at Freehold one time as a model for other municipal clerks to follow. When Mr. Fary had to give up his duties as clerk because of ill health, his niece, Mrs. Eleanor Lindsay, was appointed acting clerk.

He was a machinist and conducted his own business until he retired a few years ago to devote full time to his position as borough clerk.

Mr. Fary was fire chief half a century ago at the time of the Sea Bright fire, when most of the business section of the town west of the railroad tracks was destroyed. As chief he fought the fire two days and two nights before he was carried away exhausted. After the fire the family moved to the west side of the tracks. Their home had previously been on the ocean side of the tracks.

Born at Wayside, a son of the late Peter and Ellen Fary, Mr. Fary had been a resident of Sea Bright 61 years. His wife, the late Mrs. Ida Johnson Fary, died December 8, 1945.

Surviving are a son, Raymond W. Fary, and a daughter, Mrs. Cyril Smack, both of Sea Bright; two sisters, Mrs. Sadie West of Long Branch and Mrs. Lidie Dangler of Wayside; a brother, Bloomfield Fary of Sea Bright; seven grandchildren and ten great-grandchildren.

The grandchildren are Mrs. Gesine Taylor, wife of Reuben Taylor of Lake avenue, Fair Haven; Mrs. Naomi Rafe, wife of Stephen Rafe; Mrs. Doris Phifer, wife of Garwood Phifer; and Cyril Smack, Jr., all of Sea Bright; Raymond W. Fary, Jr., of Bunker Hill, Ill.; Warren Fary of Long Branch, and Mrs. Lois Fary Canneto, wife of Frank Canneto of West Long Branch.

The funeral was held at 10 o'clock this morning at the Methodist church. Many friends had visited the church since yesterday morning to view the body and pay their final respects. The service was in charge of Rev. Walter B. Williams, with the borough being officially represented by the mayor and council and members of the police and fire departments.

Burial under the direction of the Flock funeral home was in West Long Branch cemetery.

Rumson Veterans To Hold Fair

First Annual Event To Open July 12

Plans have been completed by the Rumson Veterans Organization for the first annual fair to be held on the clubhouse grounds, Avenue of Two Rivers and Blackpoint road, the week of July 12 to July 19.

A 1947 Mercury sedan, to be awarded the last night of the fair, will be on display in front of the Rumson borough hall tomorrow and Saturday.

James Shay is chairman of the fair committee, assisted by Howard Tilton, Louis Vinci, Harold Peters, Sr., Junior Bouck, Francis Duffy, James Tanner and Thomas Brabin.

SCHOLARSHIP AWARDS

Residents of Monmouth county who have been awarded state scholarships at Rutgers university are Marilyn C. Nelson, 89 Prospect avenue, Red Bank; and Emily M. Weeks, R.F.D. 1, Red Bank; John Rogers, Asbury Park; Allen Cahn, Bradley Beach; Marion J. Zeller, Deal; Renee A. Kurman, Freehold; Warner Alexander, Neptune, and Jacquelyn R. Commuters Need Subsidy Support

Train Service Is Not Self-Sustaining

William A. Wyer, an executive of the Central railroad of New Jersey, in his third appearance Monday before Public Commissioner Joseph A. Brophy at Newark on an appeal of the railroad for increased commuter fares said that commuter service to the metropolitan area cannot be self-sustaining, and must eventually gain support in the form of a public subsidy. It is his contention that increases are justified because of the road's dire financial straits.

He said that 60 per cent of the shore trains are now Diesel operated, and claimed that the Central's service along the Jersey shore was on a par with other New York feeder lines. He promised that in five years all the Central trains on the shore line would be Diesel operated.

Shore schedules were attacked by Geoffrey V. Azoy of Rumson, assistant vice president of the Chemical Trust company of New York, who was presented by Lawrence A. Carton, Jr., attorney for several bayshore municipalities. Only two Central trains and one Pennsylvania train operate for coast commuters during the peak hour of 5 to 6:30 p. m., he said.

Railroads are entitled to increased fares, he admitted, but the increases should be in return for improved service. There have been no appreciable improvements in the past year despite many promises, he said. "Railroads are long on promises and short on performances", he observed.

Irving Kappell of Long Branch charged that Long Island trains are ten per cent faster and that that line adds more trains for summer residents than does the Central of New Jersey.

Recalling that he had seen a Diesel on the siding at Monmouth Park race track Saturday awaiting the end of the racing program, Mr. Kappell said it was "typical" of the attitude of the road toward its commuters. "I can't see the good of leaving the Diesel there all day while we ride behind a stinking steam engine", he said.

Mr. Wyer, in rebuttal, asserted the train referred to carried 500 passengers and returned the railroad about $1,200. He said it is good business to provide full paying customers with the best equipment. "If commuters will pay $2.75 a round trip to Oceanport, we will have all trains Diesel drawn", he remarked.

Others who testified were [illegible] Burnham of Red Bank, Nicholas Kaiser of Leonardo and John F. Kraus of Plainfield.

Cross examination of Mr. Wyer, under the direction of Joseph Harrison, assistant attorney general, will be completed Tuesday, July 8.

Citarellas Open Modern Market

Located On Broad St., Shrewsbury

Citarella's market was opened today by Andrew Citarella and Son in the building on Broad street, Shrewsbury, next to the public school, which they recently purchased.

The exterior of the building, formerly occupied by the Shrewsbury market, has been painted and renovated and the interior of the store has been converted into a modern market in every particular. The latest in equipment and refrigeration and lighting has been installed.

A complete line of prime meats, fancy and staple groceries, fruits and vegetables is included in the brand-new stock, and so displayed in cases and refrigeration stands as to make marketing a pleasure.

There will be daily free delivery in Shrewsbury and neighboring communities. An invitation is extended to all to visit the market.

Andrew Citarella and son, Ralph Citarella, will be pleased to greet patrons, old and new. They are no strangers in this section, having conducted a market on Monmouth street, Red Bank, 34 years.

Announcement of the opening is made elsewhere in this issue of The Register.

Local Resident Has 82d Birthday

Mrs. Frank Hetzler of Monmouth street observed her 82d birthday last Thursday. She received many gifts and cards of congratulations.

Mrs. Hetzler is a former resident of Eatontown. She was born at Sydney, Ohio, the daughter of Dr. and Mrs. Charles Manor. She also made her home at Muncie, Ind., where she was married in 1893 to Mr. Hetzler. The couple recently observed their 54th wedding anniversary. During World War I Mrs. Hetzler was chairman of the information bureau conducted by the Omaha, Neb., Red Cross.

Firemen's Fair Set For July 4

The Red Bank firemen's fair will be held the evenings of July 4 through July 12 on Upper Broad street, next to the former Elk's club. Firemen expect one of the largest fairs in many years.

Tents and booths have been set up and final preparations have been made. During the second week of the fair there will be a "Firemen's Night," at which time prizes will be awarded to companies traveling the greatest distance and those having the most representation at the event.

Door prizes will be awarded every evening and a grand prize will be awarded the last evening of the fair. Shares for a Mercury automobile, which will be awarded during the 75th anniversary celebration in September, may be purchased at the fair. Dominic Figaro is general chairman and will be assisted by a co-ochairman from each fire company. Relief Engine company has been assigned the refreshment booth.

Board Avoids Pupil Shifts

Eliminate Half Sessions At Leonardo

A special committee of the Middletown township board of education, meeting with a group of parents Tuesday night, devised a plan whereby Leonardo grade school pupils could remain at Leonardo, Fair View grade school pupils could continue at Fair View and there would be no part-time sessions for the first grade of Leonardo grammar school.

In order to put this plan in effect, the high school art class will be moved from the Leonardo grade school to the high school building, and the administration office will be converted into a sewing room. Miss Catherine Merino was engaged as a test teacher and to keep high school records at a salary of $2,125 a year. Mrs. William Wymbs will replace Mrs. Chester Henry as a dental assistant, and a $3,400 contract with the M.C.O.S.S. was renewed.

A contract to install a new oil burner in the Lincroft grammar school for $1,728 was awarded to the J. M. Bearmore company of Asbury Park. Morris Portner of Red Bank was re-engaged to make the 1946-47 audit, and James Davidheiser was authorized to advertise for bids for a new floor in the high school gymnasium. Donald Gould [illegible] Frank Posten's greenhouse assistant for the summer. Approval was also given a plan to train Fred Phillips of West Long Branch, a blind war veteran, in the agriculture department. Upon completion of his training, he will own his own greenhouse at West Long Branch, provided by public subscription. This is a Veterans of Foreign Wars project.

Gets An Award For Safety Suggestion

Mrs. Ethelyn Ayers of 17 Marion street, who is employed at the Air Materiel Command, Watson laboratories, has received a commendation from Lieut. Col. R. B. H. Rockwell, commanding the air corps, which embraces the laboratory activities, together with a check for $10, as an award. Col. Rockwell's letter to Mrs. Ayers states:

I wish to thank you personally for your suggestion which proposes that the wires in the Main Supply Building, which are suspended two or three inches above the floor, be inclosed in a casing.

The Suggestions and Awards Committee, after investigating and considering your suggestion, has recommended that an award of $10 be made to you for your suggestion.

The amount of this award in no way measures my appreciation for the interest you have shown. On behalf of the personnel of Watson Laboratories, I wish to commend you for your useful suggestion and hope you will continue to submit suggestions in the future.

Extend Enlistment For Combat Wounded

Captain Henry J. Boudreaux, Army recruiting officer, room 8, postoffice building, announced today that the war department has extended the time in which partially disabled combat wounded veterans of World War II may be enlisted in grade as follows:

Former enlisted men who are otherwise qualified may be enlisted in grade held at time of discharge from last active army service, provided application for enlistment is submitted on or before December 31, 1947.

Applicants whose last period of active service in the army was in the status of commissioned officer, warrant officer, or flight officer, otherwise qualified, may be enlisted in the first grade (master or first sergeant) provided application for enlistment is submitted on or before December 31, 1947.

TWO CHARGES

Myer Jackson of 5 Cherry street, Shrewsbury township, received a summons last night from the Shrewsbury state police on a charge of reckless driving. Police report he drove through a fence on route 35, Eatontown. He was also charged with not having a driver's license.

McCue Elected Judge Advocate

St. James CWV Post Names Local Attorney

Vincent J. McCue, member of the Quinn, Doremus, McCue and Russell law firm, Tuesday night was unanimously elected judge advocate of St. James post of Catholic War Veterans when that group met in the Red Bank Catholic high school auditorium.

VINCENT J. McCUE

Rev. Joseph Sheehan, post chaplain, addressed the meeting. He spoke on the need of proper organization and advised the members to bring to the attention of all prospective members the aims of the C.W.V. He said meetings should start promptly and that opening prayer would be offered promptly at 8 p. m., July 8, the next meeting night.

Plans for installation of officers were discussed and August 26 was set as the tentative date of the ceremony.

Frank T. Wise, Sr., commander, presided.

Veterans Plan Communion Day

St. Anthony's Post To Hold Memorial

St. Anthony's post of C.W.V. at their meeting Tuesday at St. Anthony's parish hall designated Sunday, August 31, which is National Catholic War Veterans' Communion Sunday at St. Anthony's C.W.V. memorial and Communion Sunday in memory of their departed comrades of World War II at the 9 o'clock mass.

Commander Dominic Figaro appointed a memorial service committee, Augie D. Vecchia, chairman, Gladys Chiaravallotti and John Galatro.

The following deceased comrades to be remembered in the spiritual bouquet are John Barberio, John Summonte, Anthony Ariozzi, Charles Vittoria, Dominic Scala, Danny Geronie, Joseph Borelli, John Biancamano, Philip De Carla, Richard Nicoletti and Philip Nadeau. Families of St. Anthony's parish who know of any other deceased comrades omitted from the committee's list are requested to notify the Memorial Service committee.

Margaret Mazza, welfare officer of the post, in her report of the month, stated that the family of any deceased veteran could secure her aid in filing for terminal leave.

A change in the C.W.Veterans softball schedule was reported by Frank Mazza, manager. All previously scheduled Sunday games will be played as twilight games during the week.

The dance committee will make a full report at the next meeting of the outcome of a dance given by the post at the Molly Pitcher hotel in May. The dance was held to raise funds for the purchasing of the post's colors.

V.F.W. Auxiliary Wins Plaque

The Ladies' auxiliary of Middletown township post 2179, Veterans of Foreign Wars, won a plaque last week at the annual state V.F.W. convention at Asbury Park in a contest to decide the best initiation team in the state.

The winning team was made up of Mrs. Arabella Burkhardt, who acted as president; Mrs. Freda Winkelman, senior vice president; Mrs. Elsie McCannon, junior vice president, and Mrs. Emily Levering, chaplain. Oath of office was given to Mrs. Theresa Leek, president.

GRANTED DIVORCE

Mrs. Florence S. Allen, 308 Lakeview avenue, Colonial terrace, Asbury Park, received a divorce from Frank F. Allen of 166 Maple avenue, Red Bank, Monday, on grounds of desertion.

The Shaker, with MacAndrew up, copped the $4,000 Asbury Park Handicap yesterday at Monmouth Park, after Dutch Raider, the favorite, suffered a misfortune as it entered the home stretch and came up lame. The winner paid $6.60, $3.60 and $3.30.

Leading around the turn home, the Raider injured his front left foot, reared and limped to a halt. It is the second such mishap for Jockey "Junior" Buxton. Opening day he was thrown from Battle On just as he was moving into the lead.

In grabbing the day's feature, The Shaker broke the existing track record, making the distance in 1:10 to erase the 1:10 and 1/5 mark set by Cassis last July.

Dutch Raider did not finish. After the injury he limped to within a few yards of the wire and was then removed by the track horse ambulance.

It was reported this morning that the Raider would be retired. Badlegged off and on through his colorful career, yesterday's miss-step caused a separation of suspensory ligaments, which will permanently put him out of action. The owner, George M. Crump, will keep the 6-year-old gelding as a sentimental possession.

In the next race, the seventh, Silver Plate came out of the pack to beat the favorite, Alex Barth, by a couple of lengths, capably withstanding a determined challenge by the place horse. It won the Jeff-Lin stables $3,000 purse for "The Shore" run. The winner paid $6.20, $3.20 and $2.90. Attendance was 10,287 and the betting reached $855,667.

The daily double paid $34.10. In the first half of it Jockey Johnny Adams, aboard Super Justice, gamely fought off a late challenge by Flake to win by a head in a photo finish. In the second, Jockey Jimmy Stout brought Terry May in after taking the lead going into the stretch. Stout was leading rider for the day, bringing in Silver Plate and Terry May.

First race: claiming; purse $2,500; 4-year-olds and up, non-winners of 2 races since May 1; six furlongs.

Baby Accidental Death Victim

The three-and-a-half month old baby of Mr. and Mrs. Robert Thomas of Church lane, Red Hill road, Middletown township, died accidentally yesterday evening. According to Middletown township police, Mrs. Thomas placed the baby on a bed in her home, and went out to visit neighbors.

She returned in 20 minutes and found the baby wedged between the bed post and the mattress. The mother phoned the police, who in turn called the Fair View First Aid squad. The squad administered oxygen and took the baby to Riverview hospital where it died. The body was taken to the Scott funeral home.

Celebration For Gertrude Ederle At Highlands

Program Planned To Honor English Channel Swimmer

The Highlands Basin company is planning a gala celebration for Miss Gertrude Ederle, comparable to that given her after she swam the English Channel in 1926.

In her honor, the Basin company has planned a firemen's contest for August 9, at which time Chief Vincent Worth and the Highlands fire department will act as hosts to fire companies of the entire county. Invitations have been sent out by Dr. John Opfermann, chairman of the celebration committee. Charles E. O'Brien, director of the Basin company, and Thomas S. Reilly of Newark, a summer resident, will act as a welcoming committee. Preceding the contests, firemen from the whole county will parade down Bay avenue.

The celebration for Miss Ederle is part of the festivities dedicating the new basin at Water Witch. Miss Ederle is at present employed as an aviation instrument expert at LaGuardia field, N. Y., by American Overseas Airlines. During the war she also served in this capacity.

Other events of the August 9 program, the feature day of the ten-day affair, will be a dinner in honor of Miss Ederle and the crowning of "Miss Water Witch" at the Marine theater. A beauty contest, open to all girls in Highlands from 16 to 23, and to summer residents of the borough will be held.

BELFORD FOLKS ON TRIP

Misses Betty and Emma Schnoor left Monday for a motor trip to San Antonio, Tex., where they will spend a few weeks' vacation with Mr. and Mrs. Elmer Schnoor. A farewell tea was given them at the home of Mrs. Anna Rohbach Sunday evening. Miss Betty Schnoor is a teacher at Middletown township high school.

It seems strange to be taking up the fork, rake and spray gun after A. C. McLean has so long wielded them in your behalf, but we hope that we can still render a service to the gardening public of New Jersey.

Rain means weeds, especially if the week-end is the only time for garden work. Of course if you have kept the surface of your garden soil worked up they may not botner you. The chief point about weed control is shallow cultivation—not more than an inch deep. If done often enough it will keep the weeds under control. If you cultivate deeper than that you may bring up more weed seeds. But now try mulching.

As soon as excessive water leaves the soil it will warm up, and then you can apply the mulch. You have been told many times of its advantages—keeps roots cool, holds moisture in the soil and brings about a uniform distribution of moisture. Above all, if thick enough it will keep down weeds. Use any sort of loose material, such as straw, waste hay, dried grass clippings, compost. If the material is open, apply three inches thick. If it is more compact, like peat moss or pine needles, an inch depth will be enough. If you haven't tried it, do so.

It is not too late to set out tomato, eggplant and pepper plants. Weekly sowings of several short rows of corn will result in a constant supply. But sow several short rows to get better pollination. Sow also a short row of beets about every week or ten days, for those who are fond of beet greens with little tender beets. Detroit Dark Red is a good variety to use. Kohl rabi makes a pleasant change, and weekly sowings of this, not too much at a time, will give a succulent, nutritious vegetable. Try it diced and creamed.

Remember the practice of removing flowers as soon as they fade. It is good for all plants, especially lilacs, peonies and rhododendrons. This practice prevents seed formation and thus permits the plant to store up food for next year's bloom.

Wet weather may bring botrytis on lilies and tulips, so keep them coated with Bordeaux mixture or some similar copper spray.

You can continue setting plants of dahlias and such summer blooming bulbs as Montbretias, Tigridia, Tuberose, etc. It is not too late to plant short-season gladiolus.

Nearly all England was once forest; now only two million of her 57 million acres are wooded.

Clean-Up Day At Girl Scout Camp

Saturday will be clean-up day at the new camp site of the Northern Monmouth County council of Girl Scouts, on Smithburg road, West Freehold. The camp will open for the season, July 14 to August 15, and troop leaders and those interested in Girl Scouts are urged to attend.

Miss Bernadine Stewart, camp director, has asked that girls between the ages of 10 and 14, wishing to enter the camp this summer enroll with Mrs. L. E. Dequine of Irving place, Long Branch, at once. Senior Girl Scouts and Girl Scout Mariners, who wish to serve as aides at the camp for one week may register with Miss Stewart.

Know Your Government

IT PAYS TO BE "POOR"

Professional educators and Federal framers of national subsidy programs stick to their story: The Southern states are too poor to support adequate education. Therefore the "rich" states must be heavily taxed to raise educational standards in the South.

Are the Southern states too poor to pull their own weight in the boat? Let's look at the records of the Internal Revenue Bureau. Of 20 states with the greatest percentage of increase in individual income payments since 1940, nine are Southern states. Striking examples of the "poverty" of Southern states are: From 1940 to 1946, the income of individuals in Florida increased 184 per cent, in Mississippi 180 per cent, in Tennessee 179 per cent and in Alabama 165 per cent.

The records show a bleaker story for the so-called "rich" industrial states. For example, individual income in the 1940-46 period increased only 79 per cent in New Jersey and New York and only 74 per cent in Massachusetts. These are among the "rich" states that have been dancing to the subsidy tunes of the powerful educational lobby in Washington.

The ten Southern states classified as having the least financial capacity to support education had aggregate state treasury balances of over $308,000,000 at the end of 1946. Evidently these "poor relations" among the states have their pockets bulging with what it takes to pay a bigger and fairer share of supporting their own schools. Why don't they do it?

The New Jersey Taxpayers Association says: "The lop-sided Federal formula for assessing benefits under national subsidy programs severely penalizes New Jersey which hands over four dollars for every dollar it receives in Federal grants-in-aid."

Doubly blessed is the "poor" state after it gets into the real money. It can hold on to its money and its reputation for poverty, too.

At Last—Taxpayers Week!

Sixty-one "national weeks" have been set aside for observance during the year 1947. May alone had First Aid Week, Golf Week, Raisin Week, Clean-up Week, Foot Health Week and Poetry Week.

Now a new "week" has been proclaimed and it's a good one too because it pertains to almost every adult person in the nation. The new one is "Be Kind to Taxpayers Week" conceived by Andy Anderson, a plain average taxpayer of Oklahoma City, and fostered by the Conference of State Taxpayers Associations of 35 states including the New Jersey Taxpayers Association.

Indeed it's high time that the "be-kind-to-taxpayers" idea was promulgated. It now costs the average American more for Federal government than it costs him to eat. During the past eight years while the cost of food increased 93 per cent, the cost of Federal government increased 371 per cent.

We feed on food but government feeds on us. And eats up a large part of earners' income. During the past four or five years the taxpayers of the nation have had to work for government one day out of every four to pay their taxes.

The government's bite out of taxpayers' income is getting too big. Washington bureaucracy must be cudgeled into an economy program. That's why one of the big objectives of "Be Kind To Taxpayers Week" is to get taxpayers to invest 15 minutes of their time to write to their congressmen and senators and "demand a halt to wartime spending by the Federal government."

A form letter to members of Congress might well be worded: Help the afflicted taxpayers. Think more about helping them and less about helping the bureaucrats. Be Kind To Taxpayers.

ECONOMY WEEPS

In the famous old play "Brewster's Millions", the hero had a difficult time spending a fortune before a set time limit expired. Something like that is going on at the State House in these closing days of June.

The State government's new fiscal year begins on July 1st. All unexpended balances of State departments and bureaus will be turned over to the general State Fund when the midnight bell tolls on June 30th. So there is quite a rush among many of these agencies to spend their unused balances before the deadline—or lose them forever. Some departments will turn over a tidy nest-egg to the State treasury. Yet a thrift-minded department that returns a good-sized balance of unspent funds to the treasury may be penalized by a stiff cut in its budget next year.

This amounts to handing orchids to the big spenders in State government and a cluster of skunk cabbage to the all-year round savers. Economy weeps at the spectacle.

There is room for reform in State budget practices. It has been the custom of department heads to request annual budget appropriations far in excess of actual spending needs in order to allow for a future 30 per cent budget cut by the pruning knives of the State Budget Commissioner, the Governor, and lastly, the Legislative Appropriations Committee. Last minute spending of budget balances makes a bad situation worse.

The New Jersey Taxpayers Association says: "The State government budget for the next fiscal year is $155,000,000, the highest in the state's history and nearly double the budget of two years ago. The state needs every dollar of this year's unspent revenue to make the grade next year."

State spending is now on its way up to the stratosphere. But it is the taxpayer who is most in need of the oxygen tanks.

Farm News

Chickweed Enemy of Young Alfalfa.

Many farmers believe chickweed has been responsible for thinning out alfalfa stands. Herbert R. Cox, extension specialist in soils at the College of Agriculture, Rutgers university, doubts this weed can damage well established alfalfa.

He points to the probability, however, that a thick stand of chickweed during the first winter after August seeding, when alfalfa plants are small, can seriously thin out alfalfa.

Cox mentions an experiment made in Burlington county this spring to test the effects of 2,4-D and ammonium sulfamate, at two different rates of dilution, on chickweed. The weed was scarcely affected by treatments, but the young alfalfa was seriously damaged.

It is possible, according to Cox, that a tillage tool such as a rotary hoe, used sometime between October and early spring, would open the mat of chickweed and permit young alfalfa plants to make headway. He suggests that if a grower knows a field is apt to become infested with chickweed, he avoid August seeding of alfalfa and try spring seeding instead.

Railroads use about 25 per cent of the bituminous coal produced in the United States.

State House Letter

Trenton, N. J., June 26—(AP)—Governor Driscoll went to New Brunswick last Tuesday to tell the Constitutional convention's committee on the executive department, militia, and civil officers that he favors two four-year terms for New Jersey's chief executives.

The Governor had several other views on matters with which the committee is concerned. He gave newspapermen a good preview the day before when he told them what he thought in a news conference.

He said he was inclined to favor a lieutenant governor, and felt that all department heads should be named by the governor for terms concurrent with his. He took issue with his predecessor, Walter E. Edge, who has urged a single four-year term for the governor, in recommending the two-term period of office.

Noting that 30 states impose no limitation on the chief executive's incumbency, Driscoll said he was, however, inclinded toward either the Delaware plan, which limits governors to two successive four-year terms, or the Oregon plan, which provides no governor may serve more than eight years in each 12.

He thought safeguards could be erected against governors building political machines to perpetuate their control. It was this point on which Edge said he based his opposition to more than one term.

Other Driscoll thoughts included the following:

The military department should be united instead of being divided under three heads; all department heads ought to be named by the governor for terms running concurrently with his in order to assure some protection for career men, and the New York state health council set-up should be used as an example of what should be done in as far as departments are concerned.

His reference to the New York health council set-up cited the fact that the council will act in an advisory capacity to a health commissioner named by the governor. The new body and commissioner will take office as of July 1, under 1947 legislation reorganizing the department of health. Under present law, four other departments of the state government name their own department heads.

Legislation

In addition to his trip to New Brunswick, Driscoll was busy completing the long process of examining the multitude of bills passed by the legislature during its past session. He announced last Monday his approval of 25 more, including a measure creating a joint legislative commission to study the procedures and practices of the state legislature with a view towards modernization and improvement.

Sponsored by Senator Arthur W. Lewis (R-Burlington), the legislation sets up a six-member commission consisting of three senators and three assemblymen appointed by the heads of their respective houses.

Charged with recommending changes in the legislature's operation, the commission is also authorized to study the advisability and practicability of the establishment of an agency which would meet periodically during the recesses of the legislature, and during sessions if necessary, to consider legislative proposals submitted to it by the governor. The agency is to be composed of members of both houses.

In offering the measure, Senator Lewis pointed out that the legislative practices and procedures have continued in almost unchanged form for many years. He also noted that the whole work of the legislature must be done during the few months when it is in session, and that there is no easy means of investigating legislative problems in advance of any session.

Another measure signed into law by Driscoll created a state retirement commission to study New Jersey's pension and retirement laws, particularly as they apply to veterans. The legislation empowered the commission to hold public hearings and make recommendations for revision of existing laws on pensions and retirements. Seven members are to comprise the body.

Among Other Bills

Driscoll also wrote his signature on a bill increasing the speed limit on farm tractors using New Jersey highways from four miles per hour to 18 miles per hour. He likewise signed a bill prohibiting clergymen from telling courts or public officers in the state what they hear as spiritual advisers.

Approval was also given by Driscoll to the VanAlstyne bill making it a misdemeanor to give knowingly any false information to the press or radio. As a misdemeanor, the act subjects the misinformer, upon conviction, to fines up to $1,000 and jail terms up to three years.

No Housing Shortage Here

Mr. and Mrs. Luke McSherry of Highland road, Highlands, have solved the housing shortage in a practical manner. They built their own house by themselves and did not have to wait for contractors, plumbers, electricians or masons. As a matter of fact, the house was built quicker than a dwelling being constructed by a whole company.

The plan to build a house was formulated a year ago. At that time the couple, with their then four-year-old son, Douglas, began looking for a home to rent in Highlands. Mr. McSherry was born in Highlands, but had moved to New York city when he was five years old. He had come back many times as a sumer resident.

After combing the town with no results, the couple made up their minds what they were going to do. They pitched a tent on a tract of land they purchased, directly in back of the Overlook hotel on the hill, and lived there while they began work on the house.

The engineering experience Mr. McSherry gained in the army as a consulting engineer in the Signal corps, and his civilian job with Consolidated Edison in New York, gave him the basic fundamentals to proceed.

Materials were gathered from local companies and work began. "We did not run into any trouble while we were building the house", said Mrs. McSherry. "We did have trouble in geting the materials and especially the wood", added the young wife who admitted she served as electrician's, plumber's and mason's helper during the construction.

"Since we had no water", she stated, "we were forced to carry water up the hill to mix with the cement. We had no trouble in acquring the cement blocks, however," she said.

Mr. McSherry did his own plumbing, electrical work and other work that is usually reserved for experts. Only when the family needed to connect their water pipes with those of the borough was help needed.

Young Douglas was a great help. He did his share of hammering, picking up nails, and aiding in the cement mixing. The painting he enjoyed the most". There was fortunately no trouble with unions or things like that", said Mrs. McSherry.

During the summer of 1946, the house was worked on evenings and week-ends as Mr. McSherry commuted to his job in New York city. In October of 1946 the proud family moved into their "home built" home. The house had four rooms and a bath on the first floor, and two rooms upstairs. The house also has a modern kitchen and all the latest improvements. Nor is Mrs. McSherry without a telephone.

The house is not finished on the inside as the flooring desired is hard to get. There are several inside doors that have to be installed but all the essentials are there.

Mrs. McSherry is a native of Westchester, N. Y., but has spent many summers in Highlands visiting her husband's relatives, Mr. and Mrs. Bernard Creighton. The couple were married in 1939, after which Mr. McSherry spent three years in the armed forces.

Apprentices To Play With Theater Group

The Red Bank Players, having received many requests from local aspiring actors and actresses, have decided to take on apprentices. This is an Equity A company expertly directed with cast-off actors experienced in both Hollywood and Broadway. Also, there will be frequent appearances of guest stars. Therefore, apprentices of this company will have the greatest opportunity to work with the best in the theater.

Classes in acting, staging, make-up and scenic designing will be held under the guidance of Herbert Ratner, formerly with the Group theater. Apprentices will actually take part in plays. At the end of this apprenticeship an apprentice will be qualified to become a member of Equity. A limited number of apprentices will be selected, and applications may be made to B. F. Kutcher, manager of The Red Bank Players, at the River Street school.

Local Man Hurt At Navesink

Philip L. Morris, 20, of 82 Bridge avenue, is in a serious condition at Monmouth Memorial hospital this morning, resulting from an automobile accident earlier in the day at the intersection of Monmouth and Locuet avenues, Navesink, near Stone church.

According to Middletown township police, the man was found unconscious outside the car and skid marks were found for 100 feet. The car hit a guard rail at the intersection and rammed into two trees. It was reported that Morris was still unconscious when he was taken to Monmouth Memorial hospital by the Atlantic Highlands First Aid squad.

McAVOY ILL

Johnny McAvoy of Rumson, former boxing referee and jockey, was taken to Riverview hospital yesterday evening with pneumonia. Hospital authorities reported his condition as fair this morning.

NOTICE.

IN CHANCERY OF NEW JERSEY.
146/612

TO JOSEPH M. STRYKER, (also known as Joseph Stryker), and IDA STRYKER:

By virtue of an order of the Court of Chancery of New Jersey, made on the day of the date hereof, in a cause wherein Borough of Shrewsbury, a Municipal Corporation of the State of New Jersey, in the County of Monmouth, is complainant, and you and others are defendants, you are required to appear, and answer to the complainant bill on, or before the 5th day of August, next, or the said bill will be taken as confessed against you.

The said bill is filed to foreclose a certain certificate of tax sale covering the premises therein described according to the official tax map of the Borough of Shrewsbury as Lot No. 58, Laurel Street, in the Borough of Shrewsbury, County of Monmouth and State of New Jersey, made by Ortrude C. VanVliet, Collector of Taxes of the Taxing District of Borough of Shrewsbury, to Borough of Shrewsbury, dated April 28, 1938, and recorded in the Monmouth County Clerk's Office in Book 1135 of Mortgages, on Pages 469&c, of which complainant is now the holder.

And you, Joseph M. Stryker, (also known as Joseph Stryker), are made a party defendant because you are the owner of record of the premises mentioned and described in the said bill, and by virtue thereof claim to have some lien upon or interest in the said premises.

And you, Ida Stryker, wife of said Joseph M. Stryker, (also known as Joseph Stryker), are made a party defendant because you are the wife of Joseph M. Stryker, (also known as Joseph Stryker), who is the owner of record of the premises mentioned and described in the said bill, and by virtue thereof claim to have some lien upon or interest in the said premises.

ITEMS PERTAINING TO OUR LOCAL CHURCHES

BAPTIST
Red Bank

Church school will convene at 9:45, with the pastor, Rev. W. Clinton Powers, speaking during the opening period. Classes in Bible study will follow. During July and August, the school will meet at 10 o'clock and the regular lesson will be discontinued during the summer. Special programs will be presented each week to the entire group assembled in the main Sunday-school room.

At the 11 o'clock worship service, the pastor will preach on the topic, "The Dimensions of a Great Religion." The organ prelude will be Excerpt—Symphony No. 5, by Tschaikowsky, and the choir anthems will be, "From Every Stormy Wind That Blows," and "The King of Love My Shepherd Is." A short history of the church during the pastorate of the Rev. William B. Matteson will be presented and those who joined the church at that time will be recognized.

Mrs. Elmer Cottrell and Mrs. A. W. VanNostrand were full-time delegates to Peddie house party for Baptist women last week. Mrs. Fred Conover and Mrs. John Green attended some of the sessions.

The following young people will go to the summer assembly at Peddie school for ten days: Misses Louise Taylor, Betty Noglows, Betty Green, Ruth Olson, Mary Schwenzer and Dorothy Runyon. Those who will go to Rotary Island, West Trenton, for the junior high conference are Jean Chadwick, Joyce and John Crawford, Ann Stryker and Alice Dix.

Six women from the church will teach at the Daily Vacation Bible school which begins at the Methodist church Monday. They are Mrs. George Morford, Mrs. Marshall Smith, Mrs. M. F. Wafle, Mrs. Adolph Johnson, Mrs. Howard Springsteen and Mrs. John Alexander.

The junior high fellowship and the youth choir will hold a hot-dog roast at the church fireplace Friday evening at 6 o'clock.

Boy Scout troop will go to Camp Joy, near Lakewood, for the week-end.

PRESBYTERIAN
Red Bank

Rev. John A. Hayes will preach Sunday morning at 11 o'clock on the subject "The Tears of the Saviour".

We wish to express our appreciation to the men and women of the church quartet and the visiting singers who presented the Negro spiritual program Sunday morning.

Members of the Sunday Evening Supper club held an outdoor picnic supper Sunday night on the church property. The Senior Christian Endeavor also met Sunday night. Plans for work and study in the forthcoming youth conferences were discussed.

Our church was represented Tuesday by Joseph C. Davison and Herbert E. Werner, elders, at the Presbytery of Monmouth meeting at the Cranbury Presbyterian Church.

The Red Bank Councils will hold a Daily Vacation Bible school at the First Methodist Church, June 30 through July 11, with no meetings on July 4, 5 and 6. The hours are from 9:30 to 11:30 each morning. Movies games, Bible stories, supervised play, etc. All ages welcome.

Our sincere thanks to Mr. and Mrs. Frank K. Koptonak for presenting most of the floral decorations for the baccalaureate service.

Deaths In Red Bank and Vicinity

MRS. MARY LoBIONDO

Mrs. Mary LoBiondo, 55, of 208 Monmouth street, died Saturday morning. She was born in Italy, a daughter of the late Leonardo and Gertrude Mantesie Bavaro. She came to the United States 41 years ago and had resided in Red Bank 35 years.

Mrs. LoBiondo is survived by her husband, Salvatore LoBiondo; two sons, James and Leo LoBiondo; five daughters, Mrs. Anna Sarappo, Mrs. Frances Vetrano, Miss Margaret, Miss Lena and Miss Alice LoBiondo, all of Red Bank; a brother, Nofrio Bavaro of New York city, and three sisters, Mrs. Frances Pasalaqua of Red Bank, Mrs. Nancy Guarnero and Mrs. Rose Pinceri of New York.

The funeral was held Tuesday at St. Anthony's church, Red Bank, where a solemn mass of requiem was celebrated by Rev. Salvatore DiLorenzo. Burial was in Mt. Olivet cemetery, under the direction of the Damiano funeral home.

SYLVANUS T. EMMONS

Sylvanus T. Emmons, 85, died Saturday at his Eatontown home, where he had resided 39 years. He was born in Long Branch, son of the late Sylvanus and Jane Tilton Emmons. He had been ill for 18 months.

Mr. Emmons had been employed as a special officer at the Eatontown school, a guard at the Evans Signal laboratory at Eatontown and as a watchman at the Hollander Fur factory of Long Branch. He was a member of the Eatontown Fire department and was an exempt fireman.

Surviving are his wife, Mrs. Evelyn Robinson Emmons; three sons, William and Edward H. Emmons of Eatontown and John Emmons of Florida; two daughters, Mrs. Novel Henderson of Eatontown and Mrs. Albert Reva of New York, and a sister, Mrs. Amy Wgeeler of Long Branch. Nine grand children also survive.

The funeral was held Tuesday at the Woolley funeral home with Rev. Robert Graham, pastor of the Long Branch Presbyterian church, officiating. Burial was in Glenwood cemetery.

EDWARD C. HICKMAN

Edward Cornelius Hickman, 59, of Rumson, died early Friday morning from an acute heart attack. He had been under a physician's care the past year for a heart ailment.

He was born in Jersey City, a son of the late Edward C. and Mary E. Bunting Hickman. He had been a resident of Rumson the past 26 years and was a painting contracter.

Surviving are his wife, Mrs. Louise P. Laszloy Hickman; two sisters, Mrs. Earl VanInwogen of Spring Lake and Mrs. Elsie DeMond of Far Hills, and two brothers, Charles A. Hickman of Morristown and Floyd N. Hickman of Belmar.

The funeral was held Monday night at the Worden funeral home with Rev. Calvin C. Colby, pastor of the Rumson Presbytorian church, officiating. Burial was in Fair View cemetery.

INFANT LAYTON

The 16-day-old son of Mr. and Mrs. Elmer Layton of Highlands was found dead Monday morning by his mother when she attempted to awaken him for his early morning feeding. The child had been in excellent health and had shown no signs of illness at a previous feeding.

Edward Finley and other members of the Highlands First aid squad worked on the baby for an hour before Dr. Aaron Rosenthal arrived and pronounced the baby dead. He was an only child.

The funeral was held Tuesday afternoon at the Posten funeral home with Rev. J. Hillman Coffee, pastor of the Highlands Methodist church, officiating. Burial was in Bayview cemetery.

MRS. MARY H. OLIVER.

Mrs. Mary H. Oliver, 90, widow of Alfred C. Oliver, one of the oldest residents of Atlantic Highlands, died Friday morning at the Methodist Home for the Aged at Ocean Grove, where she had been a resident 12 years.

Mrs. Oliver is survived by a son, Colonel Alfred C. Oliver, Jr., of Washington, D. C., a former resident of Atlantic Highlands and a shore pastor and an army officer since 1917. Col. Oliver was chief of Protestant chaplains on Bataan and was among 500 Americans rescued from a Japanese prison camp on Luzon in February 1945. During his imprisonment, he conducted services for the prisoners.

The funeral was held Saturday at the Ocean Grove home and burial was in Bayview cemetery, Leonardo.

MRS. AMIELE NAGROSKY

The funeral of Mrs. Amiele Nagrosky, 60, of West Keansburg, who died Saturday, was held Tuesday morning at St. Ann's church, Keansburg, where a high requiem mass was offered by Rev. William Andrew. Mrs. Marie Leaderhaus was organist and the St. Ann's children's choir chanted the mass.

Mrs. Nagrosky is survived by her husband, Anthony Nagrosky; a son, Anthony Nagrosky, Jr., living at home, two daughters, Mrs. Elizabeth Banfield of Locust Point, and Mrs. Martha Neubebauer of West Keansburg; a brother, Walter Palupis of West Lynn, Mass., and two sisters, Mrs. Francis Nagrosky of West Keansburg and Mrs. Ersula Chesnowsky of Pittstown, Pa.

The bearers were George Tamulaitis, Joseph Waivers, Peter Torsiello, Stanley Nagrosst, Charles Kaskauskus and Edward Lewtuienski.

Burial was in St. Joseph's cemetery, under the direction of the John E. Day funeral home.

DAVID J. CHASEY

David Jackson Chasey, 48, of Eatontown, died Monday night of a heart attack. He was stricken on his return from work.

Mr. Chasey was born in Long Branch, a son of Mrs. Carrie W. Wardell Chasey and the late Garrett H. Chasey. For the past 28 years he had been employed as a general engineer at the Sigmund Eisner factory here.

The funeral will be held at 2:30 o'clock this afternoon at the Worden funeral home, with Rev. Carlton Whitehead, pastor of Linden Baptist church, officiating. Burial will be in Fair View cemetery.

Besides his mother Mr. Chasey is survived by his wife, Mrs. Myrtle Bennett Chasey; a daughter, Miss Ruth L. Chasey; two sons, Otis B. and David J. Chasey, living at home; a sister, Mrs. Lida Colmorgen of Eatontown, and three brothers, Wallace Chasey of Salem and Arthur and Edward Chasey of Eatontown.

EMMA MINUGH

The funeral will be held tomorrow afternoon at 2 o'clock in the Mount Memorial home for Miss Emma Minugh of 38 Waverly place, who died early yesterday at the Ivy Nursing home in Middletown, where she had been a patient the past two weeks.

Born in Jersey City, she was a daughter of the late George and Mary Minugh. She resided in Red Bank for many years and was also a resident of Monmouth Beach.

Surviving are a brother-in-law, Thomas Cook of Broad street, and several nieces and nephews.

Rev. Roger J. Squire, pastor of the Methodist church, will officiate. Interment will be in Fair View cemetery.

HERBERT HOLMES

Herbert Holmes, 68, of 12 St. Mary's place, died Thursday at Monmouth Memorial hospital. Surviving are his wife, Mrs. Maggie Holmes, three daughters, Mrs. Christina Richardson and Mrs. Florence Malone of Red Bank and Mrs. Marion Rose of Connecticut, and a brother, Charles Holmes of Matawan.

The funeral was held Sunday at the Methodist Zion church, and burial was in White Ridge cemetery, under the direction of the F. Leon Harris funeral home.

MRS. EMILY S. HILTBRUNNER

Memorial services for Mrs. Emily S. Hiltbrunner, 66, of Rumson, who died June 17 at the state hospital at Marlboro, were held Friday at the Worden funeral home.

Rev. William C. Colby, pastor of the Rumson Presbyterian church, officiated. Bearers were Russell and Raymond Stevens, Owen Roff, Jr., and Theron Roff. Burial was in Fair View cemetery.

MRS. MATTHEW R. TAYLOR

Word was received here late yesterday of the passing of Mrs. Matthew Robert Taylor who died at the home of a daughter, Mrs. William E. Taylor of South Nyack, New York, Tuesday following an illness of several months.

Mrs. Taylor will be remembered by her many friends here as Carrie Walsh, daughter of the late Mr. and Mrs. James Walsh who lived on Linden place, formerly Borden street many years. Her father was chief of police here and for many years was Red Bank's one man police force. He was killed in the performance of his duty when he went to serve a warrant on a colored man by the name of William Bullock residing in East Red Bank, then commonly known as Goosetown.

Besides her daughter with whom she made her home she is survived by another daughter, Mrs. James Gordon Ferguson of Rutherford, N. J.; a sister, Mrs. Paul H. Jaehnig, formerly Miss Leona Walsh, of East Orange, and a brother, Fred Walsh of Lake Mohawk, N. J. She also leaves three grandsons.

While a resident here she attended the old red brick school on Mechanic street and was one of Red Bank's early public school graduates. She was also an active member of the old Grace M.E. church formerly at Broad street and Branch avenue, now Harding road.

Mr. Taylor, also a former resident of Red Bank, died several years ago.

Funeral services will be held tonight at eight o'clock at the "Home for Services" (Smith and Smith) 160 Clinton avenue, Newark. Relatives and friends, also Business and Professional Women's club of Newark, are invited to attend.

Interment will be tomorrow in the family plot in Atlantic cemetery, Manasquan.

MRS. MARY WRIGHT

Mrs. Mary Wright, widow of Charles Wright, died Saturday at the home of Mr. and Mrs. Paul Lee of Eatontown, with whom she lived the past 22 years. Mrs. Wright was born in Morristown and is survived by a daughter, Mrs. Etta Waddell of New York, and a son, LeRoy Wright of Brooklyn.

The funeral was held Tuesday at the Woolley funeral home and burial was in White Ridge cemetery.

RESUME BOAT TRIPS

Commuter service from Atlantic Highlands to New York on the Steamer Sandy Hook was resumed yesterday after a layoff of a few days. The owners of the craft claimed that "hazardous conditions" at the Atlantic Highlands pier caused the temporary cancelation of the trips. A meeting yesterday resulted in resumption of the boat service.

Rumson Polo Matches At 4 P. M.

Sunday's Starting Time Is Changed

So as to avoid conflict with the Monmouth County Kennel club dog show, the polo committee at Rumson Country club has changed the time of next Sunday's match from 3:30 to 4 p. m.

Again this week Rumson's quartet will meet the Monmouth four. Having posted their first win last week in three tries, Rube Williams will be attempting to even the count, as he leads his blue-shirted squad.

Strengthening the Monmouth team, however, will be Dr. Clarence "Buddy" Combs, one of the nation's rising polo stars. Last week Combs played a practice game on the Pete Bostwick field on Long Island, missing the action of the Williams-Harry East combination.

The Rumson matches have been arranged as preliminaries to silver trophy tournaments. Williams, who is polo manager at Rumson, plans to form a top-notch team from the two now performing so that a high-goal squad will be able to meet strong Long Island clubs.

Among those taking the field this week will be Dave Evans, Phil Smith, Dick Metcalf, W. Strother Jones and Ray Harrington.

Shore Ball Loop Gets New Protest

Cliffwood Manager Argues 2 Decisions

Jersey Shore Baseball league officials have their second protest of the season to act upon, this time for the Cliffwood Angels. As if one would be insufficient, Angel Manager Dan Downey added a second. Both happened in the Lakewood Legion game, which the Angels lost, 8 to 7, in the 13th inning.

Basis of Downey's arguments are an umpire's call in the fourth and a poke by Dan Ferrante in the seventh. The base umpire called a Cliffwood runner out for failing to touch third. Downey claims the umpire did not see the play, but made the decision on the word of Lakewood players. On the Ferrante incident, Downey asserts the umpire illegally invoked a ground rule, by restricting the runner to two bases when he should have been permitted to take as many as he could make.

Lakewood leads the American division of the loop with six wins and no losses. Cliffwood is in fourth place with two wins and three losses.

Railroad Offers Signal Plan

Following a complaint by several borough officials, the Central Railroad of New Jersey submitted a plan for consideration Monday night at the Keyport council meeting for installing red flashing signals at the local crossings and suggesting the elimination of one of the three crossings in the borough.

There are railroad crossings at Church and Atlantic streets and Maple place. Borough Attorney Howard W. Roberts presented the proposal after a conference with railroad officials. The borough was requested to give their decision on the plan at the next meeting, and if approved, it will be submitted to the Public Utilities commission.

Under the plan automatic flashers would be installed at Green Grove and Fulton streets at Keyport and Stone roads and at the gate at Broad street.

Leading Jockey

JIMMY STOUT

Jimmy Stout of Lakewood is the leading jockey at Monmouth Park, having brought in seven winners, five seconds and six thirds in 32 attempts. Among the country's best riders, Stout for years rode for Belair Stud, finally severing those ties in favor of free-lance work. His success has been amazing. Last year he was leading jockey in the Jersey circuit. Of small frame, he is a student of diet, in order to keep his weight down to riding trim.

HARBERT TAKES GHEZZI

After having come from behind to defeat National Open Champ Lew Worsham in the quarter-final round of the National Professional Golfers' association championship, Victor J. Ghezzi of Rumson, Monday faltered in the semi-final competition against Melvin "Chick" Harbert, to lose, six and five. Ghezzi's putting and approaches, generally the best part of his game, were off, sending his score for the 31-hole stint three over par. Harbert, meanwhile, scrambled to a five-under par total.

Highlands

Though the Living War Memorial committee has sent several telegrams to state officials, they have not received a "go ahead" sign on plans to construct an athletic field on the grammar school grounds.

New benches have been placed at the municipal park on Bay avenue.

William E. Lee was installed as president of the Lions club Tuesday night at Cedar Inn. He replaced Samuel Silberblatt.

A "Tom Brenoman" breakfast program will be held tonight at the church hall of the Methodist church, sponsored by the Youth Fellowship circle.

The W.S.C.S. of the Methodist church will hold a food sale July 5 at the church hall.

The closing exercises of the D.V.B.S. will be held Sunday at the church, at which time the children of the class will display their handiwork.

The fellowship circle of the Methodist church will hold an auction sale the second week in July. Mrs. J. Hillman Coffee is collecting the items to be sold. The proceeds will go toward the building fund for the church.

Rev. J. Hillman Coffee has received an architect's drawing of the new church. An estimate of the construction price of the church is being acquired.

The borough council will meet tomorrow night to review last minute liquor license applications.

The Layne company, which is building a new well on Miller street, was instructed to stop work until the whole case is reviewed and a decision made. Supreme Court Justice Albert Burling. A writ stopping the work, obtained last week by Ward Kremer, is returnable June 30.

Mrs. Emiel Aufleri will conduct a cosmetic show at her home tomorrow night, the proceeds of which will go toward the St. Andrew's church treasury.

The Girls' Friendly society of St. Andrews' church started work on the cancer drive Friday by preparing bandages and pads for the use of cancer patients.

The Girls' Friendly society held a card party at the parish house of St. Andrew's church last night.

Rowing Group Has Tough Day

Bring Barge From Leonardo To Red Bank

The North Shrewsbury Rowing association Sunday had their first run of the current season in a gruelling rowing exhibition from Leonardo to their headquarters in Dickman's.

Having purchased a six-oared barge at Leonardo, members decided to row it to Red Bank. Going against the tide and through the choppy waters of the bay, the trip was made in four hours.

Fred Fisher, oldest member aboard, was also the only one to keep his seat the whole distance. Others assisting were Cal Magee, Arnold Schwartz, Ralph Hendrickson, Borden Hance, Jr., Tom Sinnott, Sam Siegel and son, Bill Wyckoff and Don Asay.

The association meets next Sunday at 11 a. m. at Dickman's to hold an organization session and to elect officers. Those interested in joining the group are invited to attend.

Power Squadron Holds Clambake

Large Attendance At Opening Event

A clambake was held Saturday on the upper Manasquan river in conjunction with the rendezvous of member and guest boats of the Shrewsbury Power squadron.

Attending this first of a series of outdoor activities were member boats from the Shrewsbury and Manasquan rivers as well as those berthed on the Barnegat and guest boats from northern New Jersey, Staten Island and Delaware river. A prize of a Kelvin and White spherical compass in plastic case was awarded to W. C. Moore.

Invited guests of Shrewsbury Power squadron included Charles F. Chapman, editor of Motor Boating and commander of the United States Power Squadrons; F. Ritter Shumway, Rochester, N. Y., vice commander; Charles H. Leach of Englewood, secretary, and William Smith of Staten Island, coordinator for the U. S. Coast Guard auxiliary in the metropolitan area.

Historical Group Gets 300 Members

Trustees of the Monmouth County Historical association, at a special meeting held Monday evening at the home of Mr. and Mrs. Andrew Varick Stout, Middletown, received a report stating that during the present campaign for members that the membership has been increased by more than 300 and that funds in the amount of $13,975 have been received. A resolution was passed by the trustees that each member of the board be asked to solicit an additional $100 by July 15.

The second pilgrimage conducted by the association last week to historic homes was attended by 100 members and guests. The group assembled at Maripit hall, under the leadership of Mrs. William C. Riker, and then visited the two houses originally constructed by Daniel Hendrickson, the first now occupied by Mr. and Mrs. Peter Fleming, and the second by Mr. and Mrs. Nelson Todd. Next visited was the Garret Conover house erected in 1776, and now the home of Mr. and Mrs. Morton W. Lieberman. The Hendrick Luyster house, built about 150 years ago now occupied by Mrs. Amy Van Schoick, also was visited. The pilgrimage ended with refreshments at the home of Mrs. Paul Hughes, formerly the Peter Luyster house, built in 1726, one of the oldest houses in Monmouth county.

Hospital Has $45,000 Deficit

Monmouth Memorial hospital today published a report of its financial condition and an outline of the needs that must be met in the appeal for funds which opens next Tuesday. The statements appear in an advertisement in another section of the Register, showing a deficit last year of more than $45,000 and predicting a much greater one this year.

Campaign leaders estimate that the 1947 needs will be $125,000, as a result of steadily increasing prices for service and commodities. The full impact of rising costs was not felt until the end of last year, hospital authorities reported, and only wide-spread community support can make it possible for the hospital to continue without reduction of services.

Study Death Of Young Model

Miss Matilda Edelmann, a 32-year-old model of Philadelphia, died Friday night while en route to a Cumberland county institution. She allegedly spent a week at an Asbury Park hotel. Bridgeton police are questioning Kenneth Sweeney of Philadelphia in connection with the case.

Miss Edelmann is the sister of Mrs. Joseph C. Williams of Rumson. Also surviving are two brothers, Victor A. Edelmann of Camden and Henry A. Edelmann of Philadelphia, and her mother, Mrs. Anna May Edelmann of Atlantic City. An investigation as to the cause of death is being conducted in Cumberland county, it was reported by J. Victor Carton, county prosecutor.

Story Of A Lawbreaker

Here lie the remains of a driver who thought he could drink and still drive a car. Racing down the highway at a dangerous speed, his car wandered off the edge of the pavement, dragged on the sandy shoulder, and was wrenched into a spin. Drunken drivers are potential murderers of every other motorist who comes near them on the road. They were involved in more than 5,000 fatal accidents last year. National Conservation Bureau safety specialists say even one or two drinks slow up reactions, make judgment unsure, increase chances of accident three to four times.

Lions Witness Scout Program

Local Scout troops presented a program Tuesday night at the Molly Pitcher hotel for members of the Red Bank Lions club. The demonstration was introduced by William Blair, chairman of organization and extension of District 11 of the Monmouth County Boy Scout council.

Scoutmasters of various troops, Cub Packs, Air scouts and Sea scouts gave short resumes of the activities of their groups and presented demonstrations by a few of the boys under their supervision. Henry Stevenson, cubmaster of Pack 67 of the Presbyterian brotherhood of Red Bank; Robert Disbrow, scoutmaster of troop 50 of Shrewsbury; Edwin Phillips, skipper of Sea Scout Ship 6 of Atlantic Highlands, and Robert Bursley, Air Scout Commissioner of Monmouth council, were among those who gave short talks and presented demonstrations.

Meat packing started in Chicago in 1933.

ARRESTED FOR THEFT

County detectives have arrested threo men charged with committing five safe robberies in the shore area within a few hours of each other the night of June 14. The trio was named by Ellis Brooks of Asbury Park, who told police he had chauffered the men while they broke into business establishments at Eatontown, Ocean township and Neptune. The third and last man to be arrested was apprehended in Cleveland, Tuesday. The man, Robert Strickland, is reported to have signed a statement, admiting the entries and identifying the others. Others in custody are Marion Brooks, cousin of the chauffer and Farrell Townsell.

History of Red Bank's Excellent Police Dept.

Work Started By Former Chiefs Completed By Chief VanNote

The history of the Red Bank police department taken from the records, going back to the spring of 1870, when the village of Red Bank was a part of Shrewsbury township, has been completed through the efforts of Harry T. VanNote, Jr., chief of police of Red Bank, who has been greatly assisted in this work by Frederick Olsen, the present police clerk.

The history was started several years ago by the late Chief Harry H. Clayton, who had to give up compiling the work due to poor health. The work, so abruptly ended by Mr. Clayton's illness, was picked up by Chief Harold A. Davison, who became head of the department following Chief Clayton's passing. Chief Davison personally worked on the matter, as did Chief Clayton, for quite some time, and like his predecessor, was compelled to give up the work due to illness.

Chief VanNote immediately upon becoming head of the department thought the efforts of Chief Clayton and Chief Davison should not be without due notice, and he and Police Clerk Olsen have completed the records to date.

The Register takes pleasure in bringing the efforts of our police chiefs and police clerks to the attention of our readers with Chief VanNote's permission. The history brings in many names, and particularly quite a number of the pioneer politicians of this section of Shrewsbury township and more recently the town and borough of Red Bank.

also interesting to note that nuary 1st, 1914, under Mayor Harry T. VanNote was ap- d as a policeman,

April 20th, 1915, with the of Chief Wymbs, Harry H. on was appointed Acting by Mayor Sandt, then rapidly the appointments of Joseph as a policeman and Sprigue ms to the same position until 7th, 1915, at which time Chief n's appointment was con- d by Mayor Sandt at a salary 0 per year,

was on the same date that Sandt established the first cycle officer for traffic duty d Bank and appointed Harry anNote as sergeant and de- him for such duty.

uary 1, 1916, was the date es- hed by the State Legislature ying tenure of office to police- and as a result the practice of appointments of the police was discontinued as is the nt procedure whereunder a man cannot be removed from except on charges and after rial.

department's growth from on has been steady and con- t in proportion with the h of Red Bank, and we note under date of January 1st, Mayor Archibald Miller found cessary to appoint Harold A. on as a police clerk, which been preceded on December 18, by the appointment of Joseph as Detective Sergeant by r Arthur A. Patterson.

was on March 17, 1924, that rdinance was passed covering urchase of a Gamewell police tione system at a cost not to d $8,000 with the understand- hat this system was to be in- d and placed in workable con- by the then Councilman rt S. Johnson, who agreed to sh his experience, time, and for the benefit of the police tment and the borough of Red at large.

s system was placed in oper- on September 29, 1924, with police boxes and 13 overhead to signal lights. So well was work done and so efficiently this system installed that has never been a break down it was first put into use.

s system is the same one in n the majority of large cities forces a patrolman, on his to "pull" his box every hour. "pull" is registered in police quarters on a tape signifying e officer on the desk that the on the tiner is on his job at pot and time indicated.

e system is also so arranged permit the lighting of the sig- lights from headquarters in particular portion of Red , signifying to the officer on in that district that there is ssage for him at headquarters eupon he immediately tele- s from his police box and is d of any special instructions rning the theft of automobiles, ents, or whatever might be the that is to be imparted to him. a result, not only is a careful kept upon the movements of policemen on the street but it lso been proven that an alarm be broadcast to every police- in the borough within three tes after it is received in quarters, assuring the rapid ment of the men to any point ed, which naturally adds to the ency of the organization.

system has since been extend- ntil at the time Mr. Clayton ed his history there were nine and 18 lights in operation.

the present date, May 22, 1947, dition to the present person- f the department, there are lice call lights, 17 police tele- s and eight code wheels, all ting under the Gamewell po- larm system.

November 4th, 1924, at the al election, the patrolmen granted an eight-hour day a salary of $2,000 per year for grade men by the following

he salary increase	1,722

s action necessitated the in- tion of what is known as the -shift system which was to be ursted on January 1st, 1925. ebruary 22 however, with a de- ment of but 14 men, the bor- refused to appoint the addi- five men requested, necessi- almost a complete reorgani- n of the working of the force rtue of the shortening of the time from ten hours to eight without the appointment of ew men to supplant this loss t was not until 1928 that this ency was made up, bringing orce to its srength of Chief on, Captain of Police Harry anNote, Captain of Detectives h Bray, Lieutenant of Police d A. Davison, Lieutenant of Edward Connors, Sergeant ice Osborne Harrison, Ser- of Police Albert E. Newman, lmen Joseph Imlay, Allen , Sprigue Williams, John M. , Benjamin Cook, James B. y, George Clayton, John B. , Lewis Hendricks and Gil- Dahlgren.

Department then had two obile, one for use at head- ers and one used by the police ants, who cover the borough very street thereof where it physical impossibility for the man to extend his activities t, thereby insuring police pro- n in all portions of the bor- together with the additional ies of rapid mobilization of of- to any desired spot in case of ergency.

ry patrolman's activities re- careful supervision both un- he automatic police system by he leaves his location at uarters through his police box ing by his hourly report to the un, who covers every part ding the citizens of not only the service of atrolman but also his super- in case any question should

department, according to Clayton, was also in posses- sion of a perfectly equipped ambulance, due to the kindness of Dr. Ernest Fahnstock, and was, therefore, in a position to answer all accident calls that might be received within the borough limits. They also have the lung motor for use in the case of an asphyxiation and stand ready to assist with the oxygen tanks where necessary in cases of this description.

At headquarters is kept enough riot dispelling apparatus to inject fear into the heart of any but the most hardened criminal, in the form of gas guns, riot guns and tear bombs.

When the myriad duties of a police department are considered in detail, which the average citizen accepts without thought or question, it is speedily acknowledged that the efficiency and equipment of the police department of Red Bank is second to none in the state of New Jersey as evidenced by the fact that of major crime there is practically none, that the borough is absolutely free of disorderly houses and gambling devices of every description, according to the late chief.

A brief review of the report of the chief for the year 1927 gives perhaps a better picture of the department's activities and accomplishments. Eighteen automobiles were stolen and 18 were recovered. Property valued at over $12,000 was recovered and returned to the owners; 103 doors and windows were found open and investigated and reported to the owners; 1,008 complaints were received and investigated, 16 juvenile cases were handled and settled by the department out of court, with the notation that a murderer was arrested and convicted. There were 514 arrests on the records divided as follows: 244 for disorderly conduct, 165 for motor vehicle violations, 27 for violations of various borough ordinances, 17 for larceny, 14 for assault and battery and the balance for minor offenses. It might be well to note in passing that the average age of delinquents appears to bulk largest at between 20 and 30 and that of the 514 arrests mentioned, 414 were white and only 100 were colored, while 493 were of male extraction and only 21 female.

The chief problem, therefore, at that time, appeared to be the safe and speedy handling of traffic through the borough, which had enormously increased by virtue of the opening of the Holland vehicular tunnel and the Staten Island and Perth Amboy and Elizabeth-Staten Island bridges throwing at least 50 per cent more traffic on the borough streets than ever before, as a result of which over 1,100 automobiles were handled every hour on an average week-end or holiday and on the 4th day of July, 1927, over 23,000 automobiles passed and repassed through the borough without accident and necessitated the serving of only three summons for motor vehicle violations.

The real analysis therefore of any police department must depend, first, on its efficiency as evidenced by the results achieved, and secondly, upon its per capita cost to the citizens of the community involved and with these two points in mind it can be clearly demonstrated that the foregoing statement as to the partment being, without question, one of the best in the state is without exaggeration and without exception.

MORE INTERESTING FACTS

At the invitation of Fred D. Wikoff, a charter member and past president of the Red Bank Lions club, Police Commissioner Thomas M. Gopsill appeared before the club in 1923 and told the Lions some interesting facts regarding the police department, including the local department. The Register has been favored with a copy of the talk, which follows:

Mr. President and Members of the Red Bank Lions Club. Mr. Wikoff has asked me to be present and address you. I am glad to do so, but he must bear the responsibility. I have written down a few thoughts regarding Police Departments as they have occurred to me and trust that they will interest you.

The ignorance of the great majority of American citizens in general regarding the police, their method of operation and duties is apparently only exceeded by the utter indifference of the general public in the workings of the police department except in times of immediate personal contact therewith. In other words, the ordinary citizen thinks of the policeman and the organization, that he represents only in a vague manner and very, very often fails to grasp the real significance of the shield and the department behind it. The ordinary man comes in contact with the police only when he is in trouble and then he is not in a position, usually, to properly gauge the value of police work. When a citizen suffers a loss at the hands of thieves or robbers he rushes to the police for assistance in the same manner as he rushes to the doctor when he suffers bodily injury. Because the police do not get excited over his misfortune to the same extent as he is, or if they are unable to fill the role of Sherlock Holmes and immediately apprehend the offender, the aggrieved citizen is very likely to consider the department grossly inefficient and roundly condemn it far and wide. If all citizens would make it a point to inquire into the workings of the police department at their leisure, when need came for police assistance they would not only be better able to realize that, after all, policemen are but human beings and not super-humans; that hard work is the basis of ninety-nine hundredths of results obtained and that co-operation between the citizen and the department is a wonderful asset to each party concerned. Such investigation would serve to make the citizen and the police better acquainted with each other and like all other good acquaintances, would banish distrust and create confidence. A short period of such intercourse would cause the average man to wonder at the great variety of duties devolving upon the department and which the police are called upon to perform; the difficulties they must surmount and the efficiency they must display if the work is to be successfully carried out.

Quite naturally, police headquarters represents to the citizen the real police system and his mental picture of this place would usually be amusing were it not so far wrong as to be almost terrifying. As he pictures it, the station-house is really a dark, dirty room at Headquarters. A dusty desk beneath a dim light, and behind the desk a crabbed officer with a leer in one eye and a stump of a cigar clinched in his teeth. He doesn't talk—he growls and barks. Prisoners are dragged before him, clubbed at his orders and thrown bodily into some foul, obscure dungeon, to lie in filth and despair until morning breaks and their future fate decided upon.

How far from the real facts. The average station-house (and I will include ours) is a light, pleasant office. The desk-officer in charge possesses the "voice with the smile that wins," and one and all, be he hobo or millionaire, is treated with due courtesy and attention—whether he be a voluntary or involuntary visitor. The old days (if they really ever existed except in the minds of the funny-men) when police-headquarters was the throne of rough-necks, is a thing of the past and the department of today is, you will find, conducted along the same business lines and with a dignity and decorum equal to any other municipal office. Get acquainted and know for yourself that police-headquarters is clean—far cleaner than many business offices; that the officer in charge is courteous; that no prisoner is ever assaulted or unjustly abused; that verbal abuse generally falls on the man in charge and not on the prisoner; that no officer gains credit by unwarranted arrests and that a clean blotter showing no arrests is more desired by far than one full of arrests. Come and see how the department works. Sit in a chair at headquarters and see and hear the details of the daily and nightly work. Form your own opinion and be convinced. It will be interesting and instructive and you will realize that the men of the force are trying to do their bit in making good and in carrying out the ideals set before them.

Did you ever stop and think of the multitude of matters the man behind the desk at headquarters must handle and handle quickly and correctly? He is the hub around whom all occurrences radiate. Let it be a fire, hold-up, burglary, runaway, accident, lost person, missing jewelry, crowing rooster, open window, stopped watch, inquiry as to trains, busses, trolleys or picnics, what hour the sun sets or rises, the best hotels and boarding houses, where to borrow money, what nights the Ancient Order of Owls meets, which laundry is the cheapest and sends back the most clothes, where tickets may be obtained for the next dance, requests for early awakening by the telephone route—these and thousands of other questions and details he must answer and fill without a pause, for when you want to know, the first place you think of and the first place at which you inquire is Police Headquarters—and find it ready.

Seriously, the work is exacting but interesting. It is ever changing. No day is exactly like the day before and tomorrow will be different than was today. Co-operation between citizen and department will surely work to the betterment of each and thereby to our borough and its place among the municipalities of our state, of which we are a proud, if small, part. Come in and get acquainted.

Here Mr. Gobsill listed the principal events of the department as from May 7, 1870, to the time of his talk. These are found in the preceeding columns.

Mr. President and gentlemen, I thank you and trust that I may again at some future date have the pleasure of attending your meeting.

PUBLIC NOTICE.
BOROUGH OF SEA BRIGHT.
To Dog Owners.

Under the authority of an Ordinance entitled "An Ordinance to Prevent Dogs Running at Large in the Borough of Sea Bright," approved December 26th, 1896, the public is hereby advised that any dog or bitch found running at large, unattended by its owner, and not properly muzzled, will be picked up by the Police of the Borough of Sea Bright and confined for a period of forty-eight hours unless sooner claimed by the owner or owners thereof, upon the payment of lawful fees.

After the elapse of forty-eight hours, if the animal has not sooner been claimed, and the fees and fines imposed paid, the animal or animals so picked up will be destroyed.

Fisherman Drowns In Raritan Bay

The body of Joseph C. Basey, 35, a crew member of the Sterling, a fishing boat belonging to the J. Howard Smith fish factory of Belford, was found Thursday afternoon by Middletown township police. The body was sighted floating near a buoy, three quarters of a mile off the Belford channel. Basey had been missing since Monday of last week.

According to police, Basey was on watch Monday morning of last week and when he was discovered missing, the captain of the Sterling notified the Middletown township police. Police searched the area, believing that Basey had left the ship.

Basey, who is a native of Horsehead, Va., was born in Virginia and is survived by his parents, Mr. and Mrs. John Basey and an uncle, Herman Basey, who is also a member of the Smith fishing fleet.

The funeral was held last week at Virginia.

WINS SCHOLARSHIP

Miss Marilyn Carol Nelson, daughter of Mr. and Mrs. Morris Nelson of Prospect avenue, has been awarded a state scholarship to New Jersey College for Women. She graduated from Red Bank high school this month. Miss Nelson, who is 16 years old, will major in art and Spanish. All through her grammar and high school years she had been an honor student. This summer she is working at the Sun Ray store on Broad street.

Shrewsbury

Mr. and Mrs. Joseph Sergewich of Monroe avenue held a barbecue on the lawn Saturday evening. Guests were Mr. and Mrs. Joseph W. Thorne, Mr. and Mrs. James MacDowell and Etta Mae Hawkins. A similar affair will be held Saturday at the home of Mr. and Mrs. Thorne.

The women of the Presbyterian church are expecting a large patronage at the food and white elephant sale to be held tomorrow afternoon in the Sunday-school room.

East Keansburg

The East Keansburg Civic association will hold its next meeting at the fire house Thursday evening, July 3. William Vitelle is president.

Mr. and Mrs. Thomas Hanlon of Jersey City visited relatives here over the week-end.

The auxiliary of the East Keansburg fire company met Tuesday evening at the fire house. Final arrangements were made for their third annual bazar to be held on Brunt's corner, opposite the post-office, July 4 and 5. Mrs. Evelyn Vitelle is in charge of the bed-spread which will be a special prize at the close of the bazar. Mrs. Adele Kellett and Mrs. Jennie Carlin were hostesses, and Mrs. Emily Kriftner won the dark horse prize.

The Bay Shore Community church made plans at the guild meeting Friday evening to sponsor an apron party some time next month. The junior choir under the supervision of Mrs. Grace Gonder, organist, will meet in the church this afternoon.

The Girl Scouts, the Brownies and the Mothers club, under the leadership of Mrs. Ruth Krueger, Mrs. Eleanor Reid and Mrs. Betty Connelly, have disbanded for the summer. They will resume their activities in September.

IN CHANCERY OF NEW JERSEY

TO VIOLA McCLANE and SUSIE McCLANE, their heirs, devisees and personal representatives, and their or any of their devisees, executors, administrators, grantees, assigns or successors in right, title or interest; JOHN DOE, husband of Viola McClane, said name John Doe being fictitious, and JOHN DOE, husband of Susie McClane, said name John Doe being fictitious:

By virtue of an order of the Court of Chancery of New Jersey made on the day of the date hereof in a cause wherein First Church of Christ Scientist, a body corporate of the State of New Jersey, is complainant, and you and others are defendants, you are required to appear and answer the bill of said complainant on or before August 11th next or the said bill will be taken as confessed against you.

The said bill is filed to foreclose your equity of redemption in a certain certificate of tax sale made by Julia M. Keough, Collector of Taxes of the Borough of Red Bank, dated October 25, 1929, recorded October 29, 1929 in Book 926 of Mortgages for Monmouth County, at page 165, and covering premises in the Borough of Red Bank in the County of Monmouth and State of New Jersey, designated as Block 105, Lot 18 on the tax duplicate of said municipality, and which certificate was assigned by the Borough of Red Bank, to Raymond W. Baeseman by assignment dated April 16, 1937, and recorded in Book 128 of Assignments of Mortgages for Monmouth county, at page 416; and which certificate was thereafter assigned by the said Raymond W. Baeseman to the complainant by assignment dated December 26, 1944 and not yet recorded; and you, Viola McClane and Susie McClane, are made defendants because you are some of the heirs at law of the former owner of said premises, Charles J. M. Smith, and as such, you each claim an undivided one-sixth interest in said premises; and you, the heirs, devisees, and personal representatives, and their or any of their heirs, devisees, executors, administrators, grantees, assigns or successors in right, title or interest of Viola McClane and Susie McClane, are made parties defendant because in case said Viola McClane and Susie McClane, or either of them, are dead, you claim some interest by decent or devise in the above described premises; and you John Doe, husband of Viola McClane, said name John Doe being fictitious, are made a party defendant because you may be the present husband of the said Viola McClane, and thereby claim a right of curtesy in said premises; and you, John Doe, husband of Susie McClane, said name John Doe being fictitious, are made a party defendant because you may be the present husband of Susie McClane, and thereby claim a right of curtesy in said premises.
