Remembrances Through Music

Dawn Of A New Harmony

Log 1977 — Volume VII
Red Bank Regional High School
Ridge Road, Little Silver, New Jersey

Aspects of music tell much about life in general, for this art form reflects values, dreams and purposes.

As individuals work together in harmony, there is a feeling of achievement towards the goals of the future.

The rhythms of Red Bank Regional are in part expressed through determination and cooperation in the sports program.

Student life is captured by the individual moods throughout the student body.

The spirit and unity portrayed are unique qualities of this high school.

Leaders Set New Goals

Dr. Donald D. Warner
Superintendent

Salvatore F. Giovenco
Board Secretary

The current school year has seen an increased attention to meeting the needs of each member of the student body. It has also witnessed a more active student participation in the evaluation of the present status of Red Bank Regional and in the identification of future goals.

Members of the senior class in particular have exerted a real influence on decision making and have assumed a leadership that promises much for the high school. They have further demonstrated a concern for the objectives of the overall program as well as a seriousness of purpose that bodes well for the achievement of academic excellence.

Upon graduation it is my hope that all will be employed or will go on to institutions of higher learning. They will take with them my congratulations for a job well done and sincere best wishes for the future.

Counselors Set Tempo

Mr. Scott advises Orlando Nieves on choosing classes for next year's schedule.

Rose Graves and Joanne Chieffalo listen to Mrs. Reed's advice on colleges.

David Blaklock and Thomas Seamen listen intently while Mr. Albizio works the teletype, which yields occupational information.

Student Personnel Services consists of guidance counselors, a Child Study Team, Special Education and the Learning Resource Center. Mr. Frank Teeple, the coordinator of this department, is mainly concerned with administering services to students, parents, and teachers.

One of the highlights of the department is the computer, which many students use for "college search." The computer also aids in locating financial aid and occupations. Another highlight is the emphasis placed on student-counselor relationships. Each counselor is assigned, on a rotating basis, one period a day to be in the commons area. This is done to encourage casual relationships between students and counselors, and to extend counseling services on a more informal basis.

English Accents Students' Ideas

Barbara Trochan, Kim Sharabba and Jeff Welsted practice for the video taping of an original soap opera "That's Life" in Mr. Hird's Exploring Television class.

The current school year has seen members of the English Department revising some aspects of the curriculum in order to meet T & E goals, evaluating the entire program as part of the requirements for Middle States accreditation, ever sedulously engaged in assisting each student in the pursuit of knowledge.

Such efforts reflect laudable vitality and dedication to the cause of education.

Andrew Trocchia views filmstrips during class time in the Social Studies Lab for U.S. History II, which is taught by Miss Johnson and Mr. Perry.

Robin Kirkpatrick consults a map of Europe during World War I while completing work for U.S. History II.

Through the adoption of a conceptual approach, the Social Studies Department, under the supervision of Mr. Robert Strangia, has maintained its focus on a skill-oriented program. Experimenting with team teaching in U.S. History II has permitted teachers to provide individual students with added attention.

Bringing about an awareness of government so that individuals are prepared to take an active role in their future has been a major objective of the department. There has also been a re-emphasis of government and law as a result of the revised voting age. Since the voting age has been lowered to 18, students should leave high school with an understanding of the fundamental principles of our government.

Supervised by Mr. John Kuhar, the Math Department has instituted many revisions in the past year. Major changes have occurred in designing the General Math program into two levels, Basic Math I and II, which have been previously taught in a traditional manner. This program has been taught in preparation for the working world and everyday life. Another revision has been in the sequence of algebra and geometry. Algebra I, Geometry then Algebra II is the new sequence recommended. This has been done in hopes of improving the students' background for taking the Scholastic Aptitude Tests and Math Achievement Tests.

Computer Programming, a course reinstated into the curriculum due to renewed student interest, has provided the student with an opportunity to learn basic computer programming. Students have the use of a school computer which is linked to a major terminal in Asbury Park.

In a biology lab Mr. Layton assists Paul Goodhue in making a calorimete which measures the number of calories in different food substances.

Susie Patterson concentrates on measuring the amount of substance used in a Science Research class.

It is the desire of the Science Department, under the direction of Mr. Larry Seip, to instill in the science students a sense of curiosity, an awareness of scientific concepts and the pursuance of research methods.

After researching specific scientific concepts, students learn through discovery. Laboratory sessions provide students with the opportunity to test scientific theories. Collecting and organizing data and graphing the results, students gain a greater awareness of the concepts of science. This research is done within many facets of the department, animals are raised and observed under experimental designs, data is obtained by students who are monitored with an EKG machine for exploration in the Senior Science Research Program and plants are observed through the terrarium, a controlled environment.

A recent addition is the Laboratory Assistants Program. Individual students utilize unstructured time to set up needed apparatus, prepare the solutions and offer students extra help.

Language Bridges Communication Gap

Mr. Andrew Camerota
Chairman

David Adams listens to the teacher's instructions through the headphones in the language lab.

Under the supervision of the new department chairman, Mr. Andrew Camerota, the Foreign Language Department has set new goals for students. This year, as in past years, teachers have focused on preparing the students for college achievement tests. Emphasis has also been placed on the practical application of each individual language. This has been done through the skills learned in the classroom and continuous practice in the language laboratory.

Students Prepare for Life's Tempo

Vocational Education, Home Economics Education, Cooperative Education, Industrial Arts Education and Art Education are under the direct supervision of Mr. Robert Nogueira.

Vocational Programs are intended to provide students with occupational information and experience within various career clusters. The experiences and instruction prepare students for entry into careers or into advanced career programs at the post-high school level.

In Home Economics Education the dual thrust is on exposing students to possible career opportunities within the field and providing information and experiences concerning the well-being of individuals and families.

Cooperative Education provides the community with an opportunity to assist in the education of a number of students. A portion of the Cooperative Education students' school day is spent working at a "training station" provided by a local employer. In addition to high school

credit, Cooperative Education students receive wages for their "learning and earning" experience.

Industrial Arts Education involves developing the individual talents, aptitudes, interests and potentials of students related to industry and technology. It includes problem solving and creative abilities involving the materials, processes and products of industry.

Art Education Programs are intended to develop a keener awareness of aesthetic values, explore interests and aptitudes and to acquire a knowledge of man's visual art heritage. The courses also develop manipulative and organizational skills in expressing ideas and feelings.

Recent accomplishments include having students place fifth in the nation in the Plymouth Troubleshooting Contest held last June in Chicago and working with the Borough of Red Bank in restoring the turn-of-the-century Red Bank Train Station.

Priscilla Gandel prepares an oil painting for the annual art show.

Mr. Daniel Wainwright points out a malfunction to Steven Rall in a Small Engines class.

Ronald MacLawhorn cuts out a piece of copper in preparation for the making of an arm bracelet.

Michael Dobry sends Morse Code messages through a hand-made key in Mr. John Orr's Electronics class.

Angel Cintron, Kyle Rothgeb, James Hussey and Nick Belanikis monitor the voltage dimmer as Mr. Robert Nogueira supervises.

Sam Jones installs a duplex outlet inside the storage shed built by Mr. Warren Booth's Building Trades students.

Cynthia Douglas key punches information which later will be fed into a computer during a Data Processing class.

Joanne Smoot listens to Mrs. Melser's technique of teaching typing, "Look at the book only."

Business Education, managed by Mr. Allan Morrison, prepares students for entry into and advancement in jobs within the business and marketing world, and equally important, prepares students to handle their own business affairs and to function intelligently as consumers and citizens in a business economy.

Business training starts in business courses designed to provide business like organization and management, to help students organize their work and to develop business behavior and performance.

Initial exposure to business is followed by intensified learning experiences structured in a business environment. In a capstone experience specific competencies and business behaviors are merged in a simulated office occupied laboratory, or in real business experiences. "The Buc Stop" bridges the gap between school and business.

Pat Neely ambitiously strives to do leg presses on the Universal Gym.

Under the leadership of Mr. James Leo, the objectives this year in the Physical Education Program have been to promote physical growth, development, and maintenance through activities that develop strength, vigor, vitality, skills and coordination leading to the ability to do the day's work without undue fatigue and to have additional energy stored up for personal out of work activities. Also, the program has been trying to provide healthful and integrating recreation for the present and the future and to help each pupil establish appropriate balances between work, play, exercise, and relaxation in daily living.

With these objectives in mind, the Physical Education Department has been introducing new activities in gymnastics and individual fitness programs this year. In both areas training has been provided to develop precision and accuracy in gymnastics and muscle tone in the individual fitness programs.

Media Center Hustles Concentration

Brian Wong and Greg Currier spend their unstructured time leafing through the periodicals in the Media Center.

Providing print and non-print resources needed to further the development of academic excellence is the main function of the Red Bank Regional High School Media Center.

Currently, under the management of Mr. James Zuccaro, the Media Center has been upgrading the periodicals collection. Recent issues, as well as back issues, of periodicals have been purchased and bound for future reference.

Not only does the Media Center provide materials to Red Bank Regional High School but it also services community organizations such as the First Aid, Fire and Police Departments. To provide school and community involvement, the Media Center is open to individuals in the district for personal use.

Providing supplementary instruction to the students of Red Bank Regional High School in the basic skill areas of language and mathematics is the purpose of the Title I Program. Developing and strengthening the students' skills through small group and individual work is the dominant goal. Assistance is offered to students in the 9th and 10th grades.

In addition to federal funding, recent state aid has enabled this program to extend its services to more students.

Maryann McGuire and Liz Riegelman practice with Mr. Murray Glass for the annual Christmas orchestra concert.

Mr. John Luckenbill and Mr. Murray Glass have combined talents to create a comprehensive music program through such courses as: Band, Orchestra and Chorus.

Directing the Red Bank Regional High School Band, Mr. John Luckenbill gives students the chance to develop musical talents. Gifted students go on to compete for positions in All-Shore, All-State and All-Region Bands.

Daily rehearsals of string, wind, and percussion instrumentalists make orchestra a learning experience of the highest order for students interested in performing music as a career or as an avocational pursuit.

Chorus teaches the basic fundamentals of singing and affords group singing experiences.

Mr. John Luckenbill practices with band members Laurina Godwin and Cindy Marrah for the Thanksgiving Day show.

Mrs. Karen Hess punches budget information on cards to be loaded into a computer.

Much of the organization process which goes on behind the scenes at Red Bank Regional High School is overseen by John Galloway. It is doubtful that anyone realizes Data Processing involves a great deal more than simply pushing a button.

Some of the functions of Data Processing include budgeting, accounting, grading, scheduling, recording attendance, sending discipline letters and ranking class members.

In addition to performing everyday tasks, the secretaries have typed and collated the curriculum guides completed by the teachers during the summer work program.

Another necessary element for the smooth functioning of the school is the custodial staff. Under the direction of Mr. Robert Tiederman, some of the responsibilities include cleaning indoors and outdoors, snow removal and general repair work.

Planning, preparing and serving nutritiously balanced meals is the major responsibility of the cafeteria staff, which is under the direction of Mrs. Elizabeth Pinto. Feeding hundreds of students daily is a trying job, but the dedicated cafeteria staff manages to serve meals with a smile.

This year the immunization plan has added weeks of hard work and preparation to the school nurse, Mrs. Charlotte Gersten. The massive record keeping has proved to be an enormous challenge. Mrs. Charlotte Gersten, with the assistance of Mrs. Estelle Mond, has provided necessary school health services.

As the tone sounded at the end of period 13-14, Red Bank Regional's loyal students rushed to the gym for a pep rally. Cheers of enthusiasm and songs of spirit added to the support of all of the Buccaneers' athletic programs. The pep rallies always proved to be successful. Under the inspired conducting of Mr. John Luckenbill, the band added to everyone's spirits. The twirlers helped set the mood for a zealous time. Miss Uva Thompson's lively cheerleaders, led by Co-captains Cindy Frick and Theresa Gongora, cheered for all sports, wishing them much luck.

Enthusiastic students showed much spirit by pulling together to form the backbone of the Bucs' victories and accomplishments. These triumphant pep rallies produced an optimistic outlook for the Bucs' fall and winter sports.

Seniors and Juniors Show Class Support

Saturday mornings in the fall for many meant sleeping late, but not for a group of seniors who ran the Class of 1977 Concession Stand. Beginning at 9:00 on Saturday mornings, this handful of seniors perked coffee, boiled hotdogs, and prepared for hundreds of appetites brought on by the thrills of the games. Money was raised for senior expenses such as the senior prom and the yearbook. Nothing dampened the spirits of the group, even when they ran out of hotdog rolls and when the bitter weather arrived. A good time was had by all and the concession stand proved a success.

Junior Play Brings Mirth and Money

On the evenings of March 3, 4, and 5, Red Bank Regional's Junior Class presented the play "My Sister Eileen," directed by Mrs. Renee Maxwell. The plot revolved around the life of two sisters, Ruth and Eileen, who came to New York from Columbus, Ohio to pursue their careers. The sisters, both known as "Miss Adventurers," lived in an apartment in Greenwich Village. Ruth, played by Liz Hendrickson, was determined to be a successful writer, while her sister Eileen, played by Suzanne Alexander, was determined to be an actress.

Other main characters were Jeff Siegler as Mr. Appopoplous, Anthony Veney as "Wreck" from Georgia Tech, Marc Gutleber as Frank Lippencott and Scott Wilson as Chick Clark.

Scott Wilson "Chick Clark" offers Elizabeth Hendrickson "Ruth Sherwood" two tickets to a ball game while Suzanne Alexander "Eileen Sherwood" and Marc Gutleber "Frank Lippencott" look on in bewilderment.

Tracy Walter "Violet Shelton" shocks Elizabeth Hendrickson "Ruth Sherwood" by telling her about a job offer at a "Nude Ranch."

Five Portuguese Admirals John Marx, Jeff Jensen, Rick Fitzpatrick, Steve Florian and Robert Duffie dance "The Conga" while Suzanne Alexander "Eileen" greets the character Robert Baker, who is portrayed by John Clark and her sister Ruth, who is portrayed by Elizabeth Hendrickson.

'Music Man' Makes Money

After three long months of rehearsals, the Senior Class presented the musical play "The Music Man," directed by Mrs. Renee Maxwell, on the evenings of April 28, 29 and 30. Assuming the leading roles were Cindy Marrah as Marian Paroo and Brian Fuorrry as Professor Harold Hill.

"The Music Man" is the story of a rascally but attractive salesman of musical instruments and band uniforms. Shuffling about the midwest and prevailing on small town people to outfit school bands on the promise of teaching its members to play, Professor Hill cannot read music and leaves town on a freight after collecting his money and breaking a few local hearts.

Mr. James Landi, a new faculty member this year, was in charge of technical work; he also assisted with coaching. Mr. Murray Glass was the musical coordinator doing the conducting and the vocal coaching. Mrs. Karen Cook provided assistance in choreography.

Boosters Sponsor Dinner

Sponsored by the Booster Club, the awards banquets, held during the school year for each of the three seasons, honored all of the sports activity members and the honor students of the school. Another awards banquet during the year was the Senior Awards Banquet, which the school sponsored. At this banquet all senior athletes and the top five students in the Senior Class were honored.

Reasons for holding the banquets were simple — to give recognition to those students who truly deserved it because of their efforts in athletic and scholastic endeavors.

After much planning, the Spaghetti Dinner, sponsored by the Senior Class, took place on February 17. The theme for the dinner was "Mangio Italiano." Over 400 dinners were served to the community, staff and students. Seniors donated the spaghetti and desserts for the dinner. A day in advance, the committee for the dinner made 800 meatballs from the 80 pounds of beef. A romantic appeal was established with a cafe style atmosphere of candles in wine bottles placed on red and white checkered tablecloths.

This event served as a major class fund raiser and all who helped with the dinner had a fun-filled evening.

Beasts Emerge From Student Tradition

It was Valentine's Day, a time when love was in bloom and Red Bank Regional could not let the day pass without something to commemorate the occasion. Under the direction of Mrs. Renee Maxwell, the Sophomore Class sponsored the infamous "Ugly Day." Taken from an idea created by Mr. Gance during 1974 for his Sophomore Class, "Ugly Day" enabled students to compete for the ugliest couple award. A couple was chosen from each class and the students voted on them by placing a penny in the class container. Winners of the contest split the profits 50/50 with the Sophomore Class.

In this year's competition the freshmen were represented by Laurie Kettyle and Kevin Nesci. Lisa Bruno and Benjamin Minton volunteered their services for the Sophomore Class. Liz Hendrickson and John Halverson competed for the Junior Class and for the Senior Class Patricia James and James Watson entered to try their luck.

Throughout the day, the votes were cast and by the end of the day it was obvious that Liz Hendrickson and John Halverson were the ugliest couple around and the amount of \$110.76 was split between the Junior Class and the Sophomore Class.

Champs Bounce to Stardom

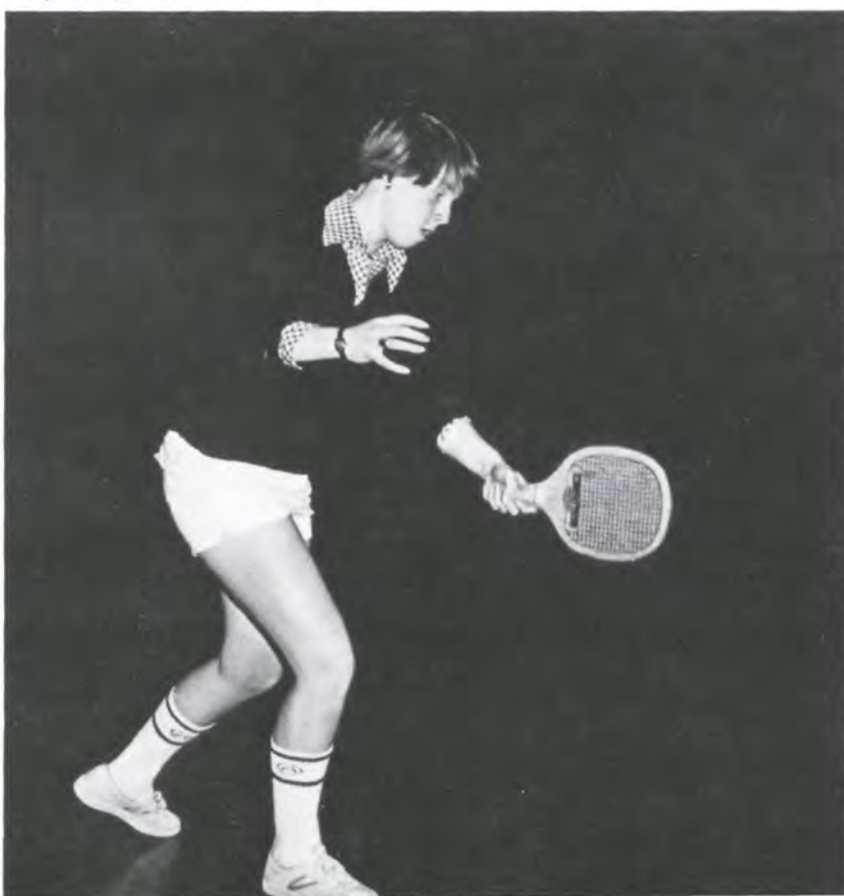

Paddleball began at Red Bank Regional in 1973 and the continued interest of the student body made it a highlight of the 1976-77 school year.

Organized by Mr. Andrew Russo, the paddleball tournaments included boys' singles, girls' singles, boys' doubles, girls' doubles and mixed doubles. Spectators witnessed fierce competition throughout the winter months. Matches were held in the field house and took place during the evenings.

Top contenders for the boys included Bill Piercy and Jon Marx who battled for the title in the finals of the boys' singles. Tough competition in the girls' tournament included Nancy Novotny, Patti Santelle, Barbara Sanderson and Chris Moody.

Patti Santelle concentrates on the ball coming her way, ignoring for a moment her tough competitor, Nancy Novotny.

Forensic Club Talks Up Successful Year

Mrs. Doreen Fish reviews debating material with Jeff Siegler from the recently attended New Jersey Forensic League workshop.

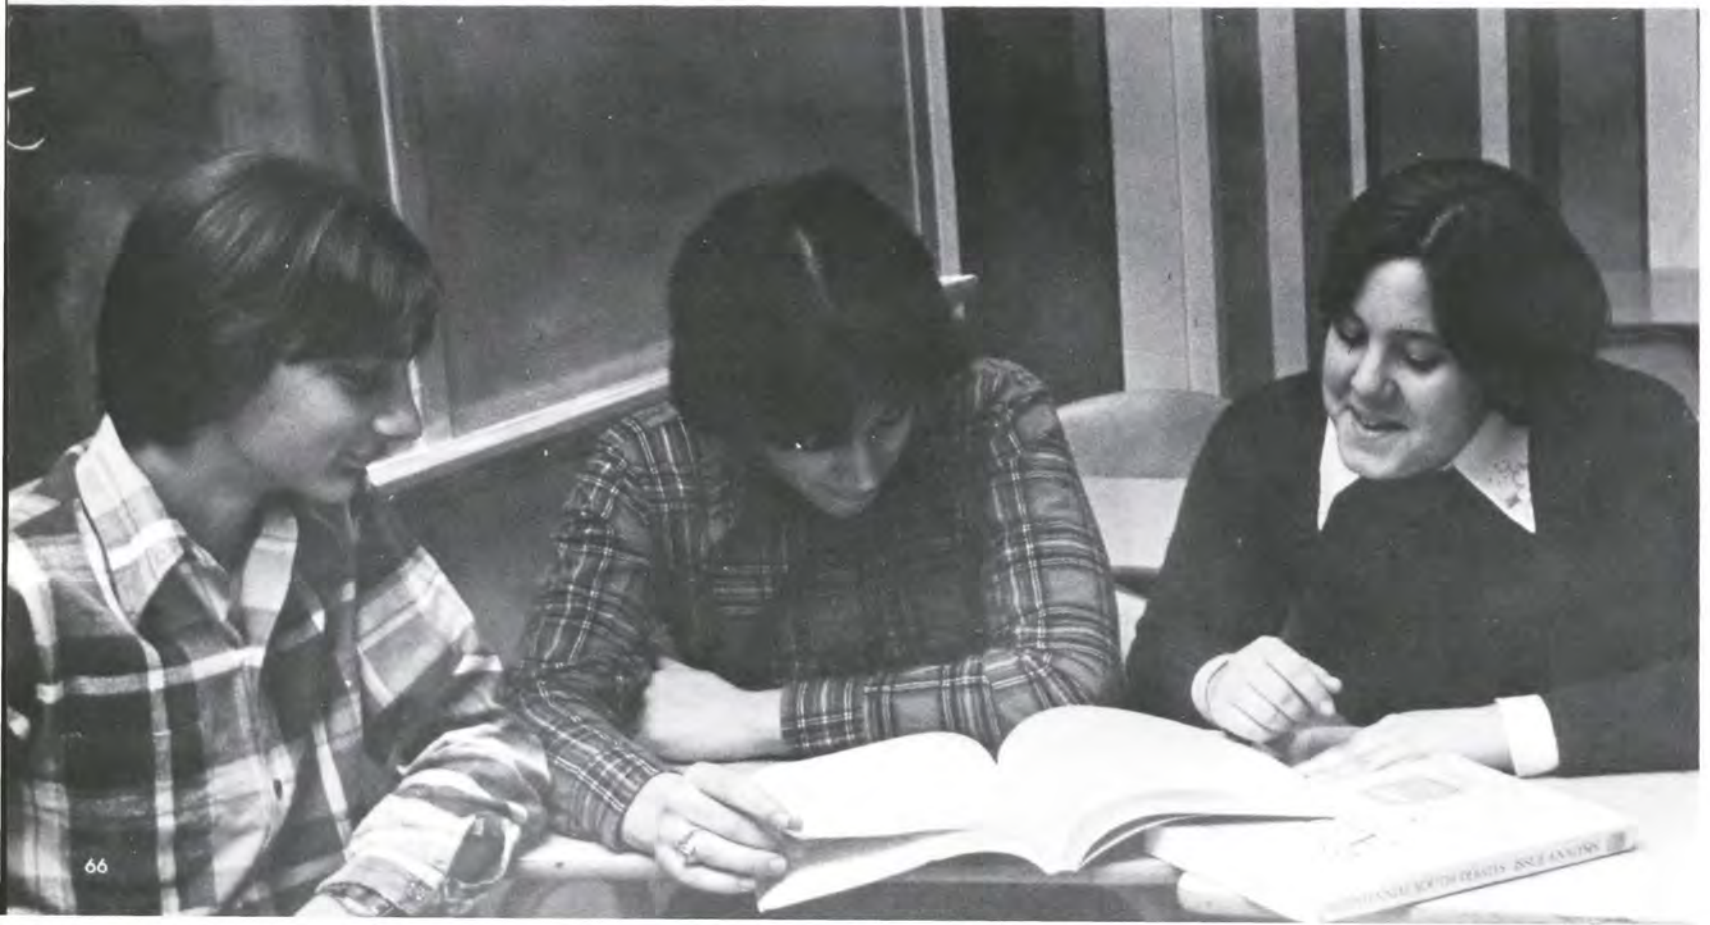

For the Forensic Club this year was a learning experience. Mrs. Doreen Fish, the Club's advisor, brought about an awareness of the forensic arts at Red Bank Regional.

Mrs. Fish taught members skills in public speaking and how to support views meaningfully.

Members gained experience through observation of other teams in the process of debating. At a debating exhibition in the fall, which was sponsored by the New Jersey Forensic League, students observed speaking opportunities available to debaters. After joining the New Jersey Forensic League, this novice squad competed in the Monmouth College Tournament.

Senior Rick Light and juniors Jason Demont and Bob Donaldson practice for an upcoming debate for the Monmouth College Tournament.

Homemakers Prepare for Tomorrow

Future Homemakers of America's main objective was to perform services to the community. The girls and Advisor Miss Robyn Dabbakian held a flea market and raised money for a scholarship to the New Jersey Chapter of F.H.A. This group participated in the New Jersey State Convention, where the girls were given innovative ideas for improvement of the local chapter. An evening of bowling and dinner was scheduled in January. To round off the end of the year, the girls went to Great Adventure for a thrilling day.

The officers were President Nannette Stein, Vice-President Janice Calandra, Treasurer Thayne Huhn, and Secretary Ginny Costello.

Art Club Members Display Talents

The Art Club, under the direction of Mr. John Brzostowski, was a unique club that exposed students to art. Members of the club, who may or may not have taken art as a course, met on Wednesdays to plan events and to work on projects. As one of the events, they held a lecture night to show slides of Asia to interested persons. The officers of the club were President Alex Wright, Vice-President Diane Marshall, Secretary Priscilla Gandel, Treasurer Richard Sullivan, Sergeant-at-Arms Betsy McMullin, and Club Recorders Meg McCabe and Debbie Phipps.

Buc Press Meets High Literary Standards

John Paschetto, author of "John's Column," happily delivers a new issue of *The Buccaneer*.

Composing Editor Mary Johnston "pastes-up" a wrestling article on the sports page.

Serving as the voice of the student body, the *Buccaneer* monthly informed the school not only about leading news and sports items, but also gave opinions and amusing stories. Red Bank Regional's motivated staff, under the direction of Mr. Jonni Falk, was constantly on the move searching for items of interest for their fellow students. Honored a number of times by the Columbia Scholastic Press Association, this paper was nationally recognized as a quality newspaper. Many other schools often communicated with the Buc staff in order to exchange ideas and techniques.

Editor Carol Ann Siciliano counts out issues which will be distributed to the student body.

A.F.S. Sends Students Abroad

Anthony Redman, South African A.F.S. student, observes Rick Light, Red Bank Regional's A.F.S. student, who just returned from a year-long trip to New Zealand, explain the significance of his New Zealand souvenirs: yard glass, sheepskin ug boots and Maori Flave headband.

Kofi Adasi Asafa Adjei, the A.F.S. student from Ghana listens to Treasurer John McCabe inform the club of its upcoming fund raiser — raking leaves.

Advisor Mr. Patrick McCormack hands Nina Bogosian, A.F.S. member for three years, Christmas wrapping paper to sell for the financing of a student abroad.

American Field Service was very successful this year. Money was raised by selling Christmas wrapping paper, Christmas tags, and shares. Other money raisers included tag days and raking leaves. The officers were President Larna Godwin, Vice-President Diane Marshall, Secretary Debbie Bartosh and Treasurer John McCabe. Advisor Mr. Patrick McCormack met with students in the evening at a member's home.

Money the club made helped send students abroad to other countries. The two students abroad through A.F.S. this year were Rick Light in New Zealand and Alice Trambarulo in Germany. Students who visited Red Bank Regional through A.F.S. were Anthony Redman from South Africa and Kofi Adasi Asafa-Adjei from Ghana. Thirty-five members comprised the R.B.R.H.S. chapter of A.F.S.

A.F.S. brought students from all over the world together to gain a better understanding of different life styles and beliefs. The A.F.S. Club held their annual dinner at the Red Bank YMCA. All A.F.S. students from the shore area were invited to dinner and then a swim. Students from Red Bank Regional then housed them for the night.

Auto Club Gets in Gear

Supervised by Mr. Daniel Wainwright, the Auto Club was designed to allow students extra time to work on their cars. The club was limited to students enrolled in the automotive program. On the afternoons that the members met, they were given full use of the shop.

During the year, there were trips to such places as the General Motors plant in Linden, the Teterboro Airport's School of Aeronautics and various shops in the area. Also, members of the club participated in the Plymouth Trouble Shooting Contest, which Red Bank Regional has won the last six out of seven years.

At the end of the year, the Auto Club had a banquet where awards were presented.

Daily preparing for a variety of musical events, the Red Bank Regional High School Band was directed by Mr. John Luckenbill. Band members played at all the football games and gave two concerts, a winter concert and a joint concert with a visiting band in the spring. This exchange also included a concert by the Buccaneers in Montreal, Canada. These students also participated in local parades, school assemblies, and pep rallies. Outstanding band members participated in competitive try-outs for All-Shore, Region, and All-State bands. Eric Miller advanced to make All-Eastern with his spectacular performance on the clarinet.

Rah-Rahs Give Zest to 'Red Bank People'

Miss Uva Thompson, new advisor to the cheerleaders, brought with her a new objective, which was to have a good time and get the spectators more involved in basketball and football games.

Like all other organizations, the cheerleaders tried desperately to make money. They had a bake sale to raise funds for purchasing new equipment such as shakers and uniforms, enabling the school colors to be shown in style.

Last year the cheerleaders had two squads, one for football and one for basketball. This year the girls decided to have only one try-out, and that was held in the spring for both varsity and junior varsity squads.

Under the direction of Mr. John W. Luckenbill, the majorettes and flag twirlers practiced twice a week during the summer and every day after school during the football season in order to execute an excellent show for half-time at every football game. The majorettes were headed by Betsy Pope and the flag twirlers were led by Laurna Godwin.

In addition to performing at football games, the girls also participated in the Red Bank Halloween Parade, the Little Silver Memorial Day Parade, a Bicentennial Parade and concerts performed at the high school.

Senior and junior twirlers were included in the annual exchange with a school in Montreal, Canada, which occurred the week of April 21. This trip included sightseeing, performing, traveling, and meeting many other students.

Jill Konzelman, who has been twirling since the third grade, has earned the honor of Solo Twirler while only a sophomore.

Radio Club Sends Sound Waves

With the help of Mr. John Orr, the Radio Club had an active year. President Richard Beam and other members this year received licenses to use short wave radios. The club was open to anyone but most of the members consisted of those students who were enrolled in the electronics courses.

Members of the club spent time examining radios by taking them apart. The club also attended bi-monthly meetings of the Garden State Amateur Radio Association held at Deal Test Site.

Pawn-Pushers Play Perfectly

Red Bank Regional's Chess Team, under the direction of Mr. Charles Unger, competed in the Shore Chess League this year and had a successful season. Team members were Frank Woodward, Joel Tracy, Ted Ross, David Schindler, William Merris, Andre Thompson, Mark Acciani and Jason DeMont.

Interest generated by this sport led to participation in a Chess Club, which met daily in the Mathematics Laboratory. Red Bank Regional students competed against each other gaining experience for conference competition.

Top-Notch Students Recognized

This year 40 seniors and 30 juniors were honored at induction ceremonies for the National Honor Society of Red Bank Regional. The purpose of the group was to acknowledge the academic excellence of these students and to provide services for the student body and the public. In order to be inducted into the group, students were required to have a B average or better, be involved in many extra-curricular activities and exhibit leadership qualities. Projects for this year included a book fair for the school and tutoring for the students in subjects such as English, algebra, and geometry.

This year's officers were President Scott Laird, Vice-President Lester Hauck, Treasurer Theresa Gongora and Secretary Kathy Dobrowsky. The advisor for the group was Mr. John King.

Trainers Treat Teams

Rookie student trainers Ellen Sturfels and Janet Wichman tend to "Truck" Veney's sprained thumb.

Trainers' assistance was available to any athlete who sustained an injury as a result of participating in sports at Red Bank Regional. This facility, located in the field house, was open from 2:45 p.m. to 4:15 p.m.

Guided by the Head Trainer Mr. Daniel Porzio, the student trainers treated most of the injuries that were by-products of Red Bank Regional sports. Trainers operated equipment which included two whirlpool baths, a hydrocollator unit, a thermobath and three treatment tables.

Members included Head Student Trainer Joseph Price, Michael Rich, Nate Tomaino, John Paschetto, Carlos Donato, John Marrah, Ellen Sturfels and Janet Wichmann.

Applause Follows Student Musicians

Running the gamut from hard rock to melodic pop tunes, the Jazz-Rock Group, directed by Mr. Murray Glass, was a voluntary, flexible group that placed the accent on variety. Members of the group met at least once a week for rehearsals. Their purpose was to provide entertainment for school and community groups, while learning as much as possible about their chosen vocation or avocation. They performed for shut-ins and non-ambulatory patients at Riverview Hospital and Monmouth Medical Center and entered the Teen Arts Festival in May.

Choral Groups Sing and Swing

Representing the best singing talent available from the student body, the Men of Note and the Choralettes performed at a variety of school and community programs. Highlighting this year's activities were presenting winter and spring concerts, caroling at the Lions Club and Kiwanis Club at Christmas and singing in the yearly Opera Festival. Students also represented the school at try-outs for All-Shore Chorus, Central Jersey Region II Chorus and All-State Chorus.

Body Builders Flex Muscles

Under the direction of Mr. Richard Martin, the Conditioning Club functioned throughout the school year for any student who wished to participate. This year the average turnout was approximately 50 students per day. A regimented workout was not used but a definite workout was outlined for each individual according to their abilities and needs. Although weight lifting was not stressed, it was used in most of the individual workouts. Most of the students involved improved in sports and activities. The program was also beneficial to the rehabilitation of athletes who sustained injuries and were rebuilding muscles that were injured.

D.E.C.A. Students Receive Sales Experience

Teaching competitive methods in sales was the major objective of the Distributive Education Club of America, which was advised by Mr. Joseph Farrell. Badges were made and sold to support the club and to advertise in the school newspaper. Another club function was designing window displays in an ingenious fashion.

President Liza Power and Vice-President Pam Warner represented the club at state and national conventions. Additional representation saw the members go to Atlantic City to compete in the New Jersey State Convention.

Language Groups

Stress Culture

Members of the Language National Honor Societies strove to improve the knowledge of foreign languages and cultures. Students arranged and participated in various activities that gave them a better understanding of the various foreign countries. The most active honor societies for the 1976-77 school year were the Spanish National Honor Society and the French National Honor Society.

Advisor of the Spanish National Honor Society, Mr. Richard Robinson, sharpened and strengthened the Spanish language skills of his club members. Money was raised by bake sales so that the club could see a Spanish play in New York and go to a Spanish restaurant to sample a variety of Spanish dishes.

Under the leadership of Mrs. Carmela Vreeland, the French National Honor Society had a prosperous year. Individuals, in order to present a scholarship to a deserving student who planned to major in a foreign language, raised money from bake sales and concession stands. Money was also raised for a gift to give to the Foreign Language Department to improve students' knowledge of France. New members were inducted at the annual induction dinner in May. Marking the end of the year was a pool party and a barbecue.

Student Council Inspires Homecoming

As the holiday season draws near, Student Council Representative Diane Marshall brightens up the school with decorations for the Christmas tree.

Wanda Register and Brian Johnson take advantage of the wide variety of books offered at the Student Council Book Fair.

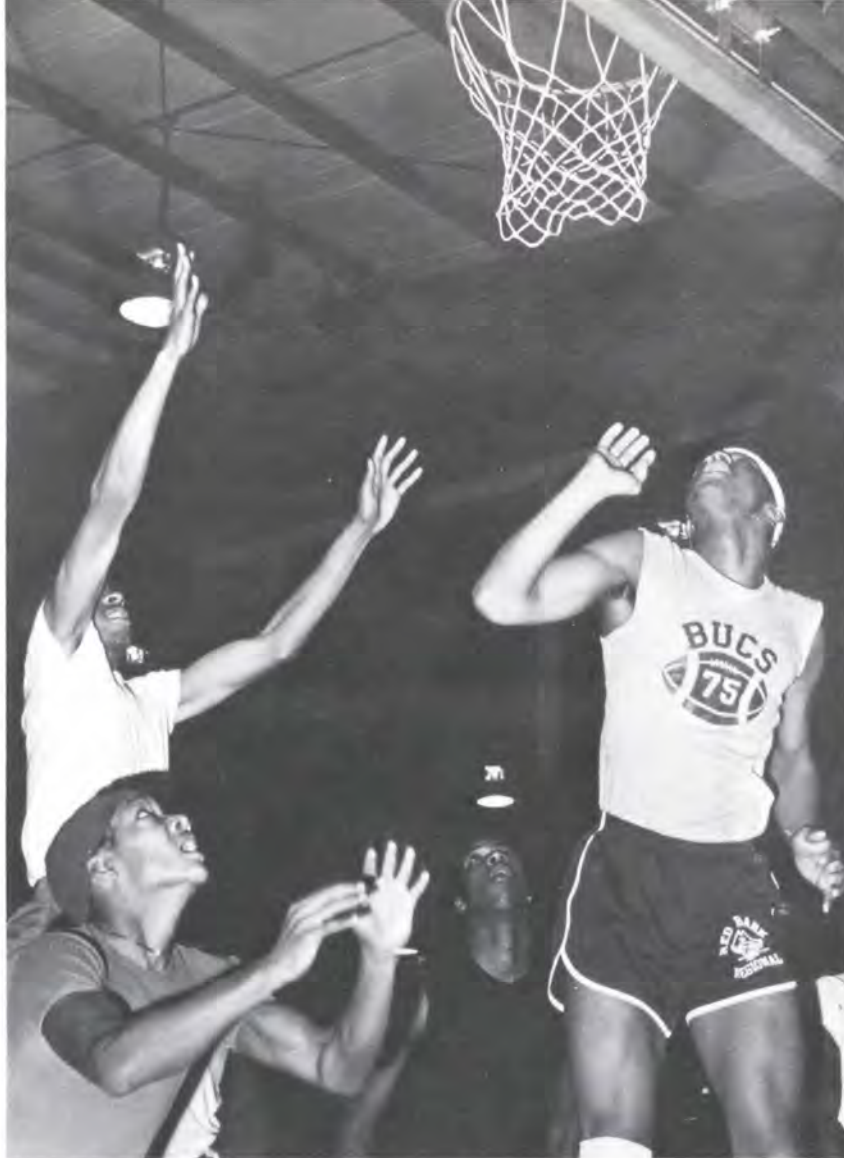

Student Council succeeded in the representation of the student body's programs and assemblies. They sponsored a trip to the Montgomery Nursing Home and provided the people there with small gifts. Homecoming for Red Bank Regional was a great success due to the enthusiasm encouraged by the Student Council. This year's homecoming activities included the election of King James Watson and Queen Pat James, and the Homecoming Dance, at which the Anderson Brothers played. Trips to other schools were planned so the members could compare the scheduling systems and the grading systems.

This year's members were presented to Dr. Warner by advisors Miss Betty Nicholson and Mr. Woodrow Sullivan for induction ceremonies held during a school assembly program. Mayor Bruno of Little Silver was the guest speaker, who spoke on the importance of leadership in today's society.

Student Council officers were President Sue Wollman, Vice-President Veronica Hamrick, Recording Secretary Karen Douglas, Corresponding Secretary Tracy Walter, and Treasurer Richard Sullivan.

C.I.E. Promotes Job Training

Meeting to discuss job-related situations and career opportunities was the objective of the Cooperative Industrial Education Club. Activities included sharing job concerns with other C.I.E. students from neighborhood schools, planning basketball games against other clubs and hosting a yearly banquet for club members and their employers.

Officers this year were President James Watson, Vice-President Charles Perry, Secretary Joanne Badovirac, Treasurer Kenneth Wilson and Parliamentarian Frederick Jose.

During the school year, The Instant Action Club, directed by Mr. John Moses, took part in a variety of school and community activities. Celebrating their twentieth anniversary, this organization held a dinner in April to pay tribute to their many years of school and community related services. Some of the school activities included helping to run and to organize fire drills and also to serve as hall guides during the school year in order to show the night students where the different classes were being held. They also ushered for plays and concerts held in the school. The Instant Action Club also helped in the community during the Halloween Parade, Easter Egg Hunt, snow shoveling for the elderly and ushering at the Monmouth Arts Center.

Serving as officers were President Scott Laird, Vice-President Lester Hauck, Treasurer Chad Heulitt, Secretary Joe Price and Sergeant-at-Arms Jeff Pulda.

Freshman Benton Edmonds checks audio-visual equipment just returned by a teacher.

Media Aides, under the supervision of Mr. James Zucaro, taught students how to operate the Media Center in two fields, the print area and the non-print area. It provided a service to the school by assisting in the library while learning responsibility and skills in the correct use and operation of equipment and materials.

In the print area students learned to charge out books and periodicals, shelve books, help other students find information, prepare bulletin boards and displays and assist with the operation of equipment. In the non-print area the students distributed and operated instructional equipment, and produced learning materials such as video tapes, photographs, photocopies and duplicates.

Key Club —

Good Times and Community Services

Under the supervision of Mr. Willard Browning, the Key Club, sponsored by the Kiwanis Club, was a service organization. The club sponsored and participated in a basketball game, which challenged faculty members and served as a fund raiser. Members also helped with the Halloween Parade and in the sale of football tickets. As a special project, the boys worked with the Kiwanis Club in a booth at the May Fair. Funds raised by this event were given to Riverview Hospital.

Officers of the club included President Bill Stoothof, Vice-President Dan Sickles, Secretary Jeff Welstead, and Sergeant-at-Arms Sean Connair.

Kiennas Service Community

Vice-President Kathy Salmeri makes a suggestion for the location of the Kienna's bake sale for fire victim Kate Dougherty, as Bernie Mulé and Barb Fitzsimmons nod in agreement.

This year's Kienna Club, advised by Mrs. Pamela Farrell, was a service club as well as a social club. The club's purpose was to serve the community in many areas such as leading young children through the Halloween Parade, setting up for the Multiple Sclerosis Luncheon during December, and bringing happiness to others by doing services such as collecting canned goods for the Salvation Army at Thanksgiving and caroling for the elderly.

The officers were President Bernie Mulé, Vice-President Kathy Salmeri, Secretary Mandy Bennett, Treasurer Barb Fitzsimmons, and Sergeant-at-Arms Marcia Needle.

When a team is said to expect a rebuilding season, they do not look to win every game but rather to gain experience and set new goals. But here at Red Bank Regional a rebuilding season means a winning season. The Red Bank Regional "Bucs" achieved this by winning their fifth consecutive "C" Division Championship, beating Keansburg and Freehold, who were Shore Conference "C" Division contenders and continuing on to play in the Central Jersey Group II playoffs, which led them to be second in that group. The "Bucs" also were fifth in Monmouth County, seventh in the shore and won honorable mention in the state.

Led on to victory by coach Louis Vircillo, the "Bucs" were also directed by tri-captains Randy Dickerson, Tim Johnson and John Waterbury. These seniors as well as Jeff Welstead, Louis Wright, Fred Zoback, Tony Saunders, Mike Scott, Maurice Hayes, Robert Lewis and Chuck Thornton helped to achieve the "Bucs'" season goals. These goals were to maintain a winning tradition, to be a respectable and competitive team and to win the "C" Division title. All of these goals were achieved and surpassed during the 1976 football season.

The 1976-1977 Bucs won this year's Shore Conference "C" Division Championship and placed second in the State Group II Championship.

Second in the "C" Conference, the girls' varsity tennis team finished the season with a 10-9 record. For the second consecutive year the team qualified for the State Tournament only to bow out to an undefeated St. Rose team.

Junior Patti Santelle and Senior Nancy Novotny were co-captains for this year's team. Patti had a record of 10-9 and Nancy's record was 12-4. A new arrival to competition at third singles was Barbara Sanderson. First doubles was juniors Michelle Flanagan and Shelly Wolfson. Their record was 12-4 for the season. They had one of the best records for a doubles team in the area.

Juniors Barbara Fitzsimmons and Diane Schullstrom had a second doubles record of 7-4 for the season. Rounding out the team were four freshmen: Mary Beth Devine, Wendy Denton, Pam Peseux and Lisa Brodifurher. Lisa and Pam won a close match of second doubles against Long Branch, which won the overall match. Mary Beth Devine and Wendy Denton astonished Manchester with their dazzling ground strokes.

Two girls which assisted the team were manager Jill Curchin and Statistician Nancy Waters.

Once again, the girls' field hockey team finished with another successful season. Led by captains Jennifer Newman and Debbie Bartosh, the team posted a 6 win, 5 loss, and 3 tie season. Linda Polonsky, Suzanne Newman, and Debbie Bartosh were selected for the 1976-1977 All-Shore Field Hockey Team. Sophomore goalie Lisa Healy did an outstanding job; she had 8 shutouts for 14 games and 12 goals scored against her for the entire season. Leading scorers were Jennifer and Suzanne Newman with 6 goals each and Kelly Kerner with 4 goals.

Under the coaching of Miss Onnalee Gaze, the girls worked very hard this season and developed into a very talented team. Enthusiasm for this sport motivated many members to attend hockey camp this summer for the purpose of improving basic field hockey skills.

Cross Country Keeps a Steady Rhythm

Despite the lack of membership, the 1976 Cross Country team managed to show spirit and hard work. Under the coaching of Mr. Woodrow Sullivan, the team ran eight miles each day for practice. Returning varsity letter winner Eve Thompson, who went to Cross Country Camp this past summer, received the honor of All-Shore girls Cross Country. Other letter winners were Tom Schroll, Chris Zeiner, Marc Gutleber and Mike Ciampoli.

A small turn-out during September did not discourage the spirit of individuals on this year's gymnastics team coached by Mrs. Karen Cook. With determination and dedication, the girls would daily head for the gym to practice for meets which were usually held on Tuesdays and Thursdays. With new equipment operational, the team was able to host meets.

Freshmen Mariann Orzechowski, Jeanne Zucker, Julie Ellegood, Mona Fedorko and Cathy Bajew spent the year learning the techniques of gymnastics in competition. Captain Bridget Mills and Co-Captain Alison Salm helped motivate the team by spotting underclassmen for new tricks and teaching new routines. Bridget Mills, Alison Salm, Gail Kezer, and Jeanne Naimen were the backbone of the team due to the fact that they performed on every apparatus: floor, horse, balance beam and uneven parallel bars. Bridget Mills qualified for the States and the Shore Conference Championship. All the girls united to form a true team effort.

Junior starter Robert Womble, key offensive player, contributes two points towards the team's victory over Hoimdel.

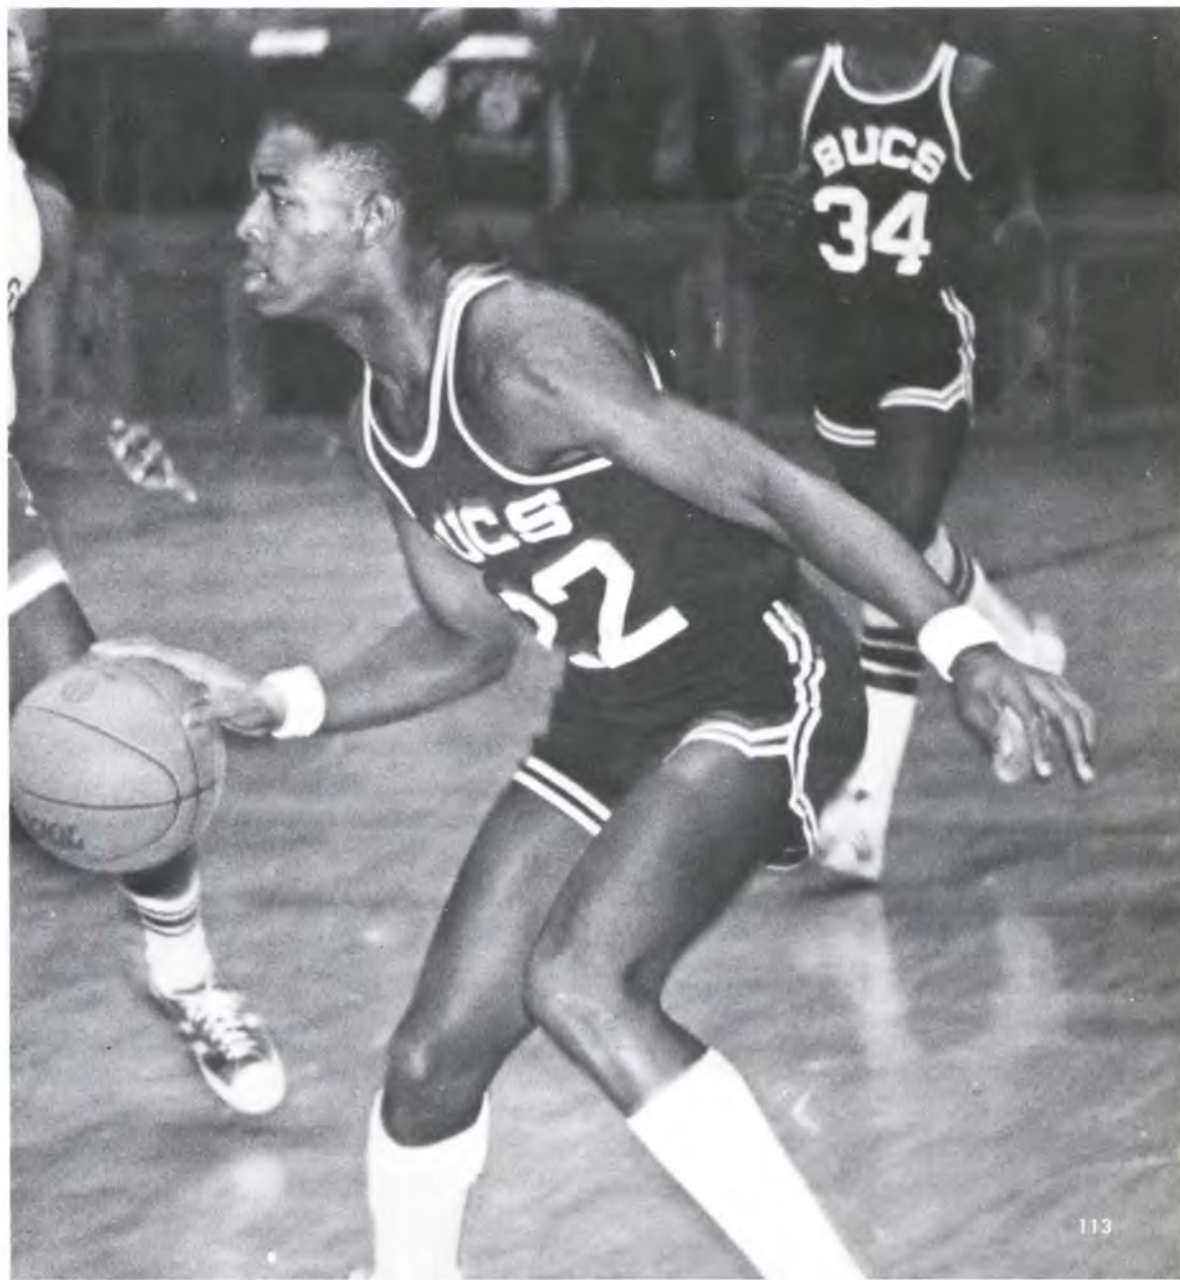

One of the leading rebounders of the team, sophomore starter Dan O'Hern goes up for a lay-up shot in the Shore Regional game.

This year's basketball team once again had a successful season. Under the coaching of Mr. Warren Booth, the team stressed team work and an all out effort to improve skills. Several of the players were able to enrich basic techniques and coordination as they played with summer leagues. Mark Lewis played with the Newark League and Chris Rose played with the Twilight League. Red Bank Regional proved its talent when it captured second place in the annual Casey Tournament. The scoring of Juggy Womble, the rebounding of Chris Rose and Dan O'Hern, and the defense of Mark Lewis and Dwight Atkinson was reflected in the team's winning record. Adding support to the starting players were Earle Agee, Kivin Brown, Ray Livingston, Joe Love, Ron Melser, Anthony Veney, and Louis Wright.

Large Turnout Marks Comeback

Junior Bill Landis competes in the 60 yard hurdles in a meet against Point Pleasant Beach at which Red Bank Regional was victorious.

This was the first year since 1973 that Red Bank Regional had an indoor track team. During a December afternoon, one hundred and eighteen girls and boys jogged down to the Health Office to sign up for this new sport. Coach Lou Vircillo was thrilled with the support and interest demonstrated by students at the large turnout. Much enthusiasm and spirit was shown in all events: 60 yard dash, 440, 880, high jump and shot put. The girls' and the boys' indoor track team worked out together during the week, although the meets were held separately. Due to the large turn-out, this team established itself as a varsity sport at Red Bank Regional High School.

Joe Gutridge, who runs the 60 yard dash in 7 seconds flat, gets off to a good start during practice.

Sophomore standout Ellen Sturnfels strides towards the finish line in a 60 yard dash against Point Pleasant Beach to get a first place with a time of 7.2 seconds.

Freshman high jumper Marianne Orzechowski clears 4'7" in a meet against Point Pleasant Beach.

Junior John Muller gets a quick start in the 500 yard freestyle while Mark Tennebaum waits his upcoming test in the individual medley.

At 6:00 in the morning, the swimmers rolled over in bed to turn off the alarm clock. After dragging their bodies out of bed, they did not even bother to peek out of the window, knowing only darkness awaited. They headed for the Red Bank YMCA for practice. After a long and tiring practice, the members boarded a bus which took them to school. Reporting to the cafeteria, the swimming team's homeroom, members enjoyed a hardy breakfast.

Coach Richard Martin led the team to a winning mid-season record of 3-0. The first four meets of the season were coed, and the rest of the meets were separate teams, the boys' team and the girls' team. Leading the team were captains Terry Turner, Andy Klein, Blaise Markiewicz and Cindy Frick. Other outstanding members of the girls' team were Dana Mihlon, Dana Morton, Alex Writht, and frosh Dianna Kedrowsky and Beth Kingsbury. Outstanding members of the boys' team included Russel Ford, John Muller, Ricky Rell, Frank Woodward, and Randy Dickerson, a diver. Due to the team's dedication, especially during the early hours of practice, Red Bank Regional's swimmers had a successful season.

Girls' Cager Squad Puts up Fight

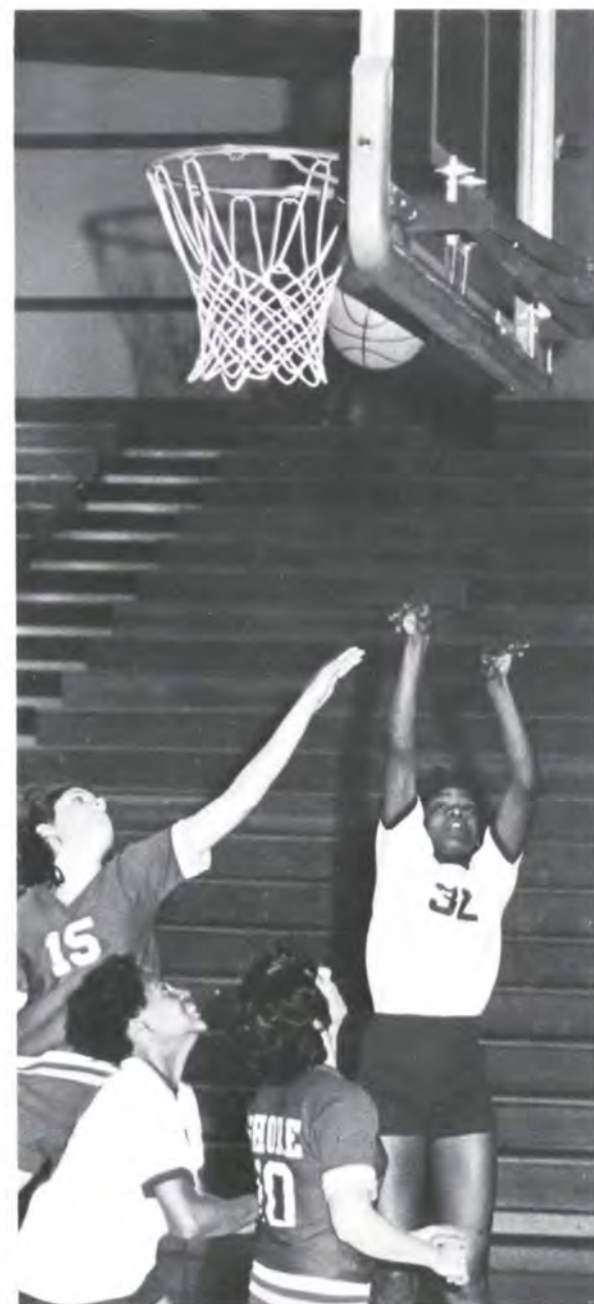

Season's high scorer Allison Scott in-bounds the ball as Shore Regional opponents try to deny it.

Four year veteran senior Robin Kirkpatrick out rebounds the Shore Regional opponents.

This year's girls' basketball team, under the direction of Coach Carmine Forte, had a mid-season record of 3-9, and learned to work together to win. Many members of this young squad were new to the ranks of varsity sports. They practiced every day after school, and the results of this hard work showed in their performance on the floor.

Starting players who led the team's offense were center Robin Kirkpatrick and forwards Allyson Scott, Barbara Sanderson, Lizzie Yarborough and Lederle Carrol. Defensive aces, who managed to keep the opponents from scoring, were Amy Greenberg and Josephine Johnson.

Known for her jumpshot and high scoring, senior Robin Kirkpatrick goes up for a basket against Shore Regional.

Buc Bowlers Roll to Success

Mr. James Zucaro, coach of the boys' varsity bowling team, found it difficult to predict the season's record in late November due to the young team. The team was comprised of mostly freshmen and sophomores. Captain Joe Madura was a junior who bowled an average of 164. Jason Demont bowled a high of 222 at one match, which led the team to a victory. Joe Madura also bowled a high score of 216. Every Tuesday the boys practiced at Red Bank Recreation Bowling Alley in preparation for matches. Five bowlers formed the team for a match. So all could gain experience, a different set of boys bowled at each meet. This team began the season with little experience, but with much dedication and practice, the team was able to develop into a hardworking group of bowlers.

Senior Fred Gaddis goes for his last strike of the game against Keansburg, helping to bring his average to 147 and to bring his team on to victory.

Senior Ed Colmain rolls the ball for a strike, which helped the team to victory over Rumson-Fair Haven High School and to increase his average to 155.

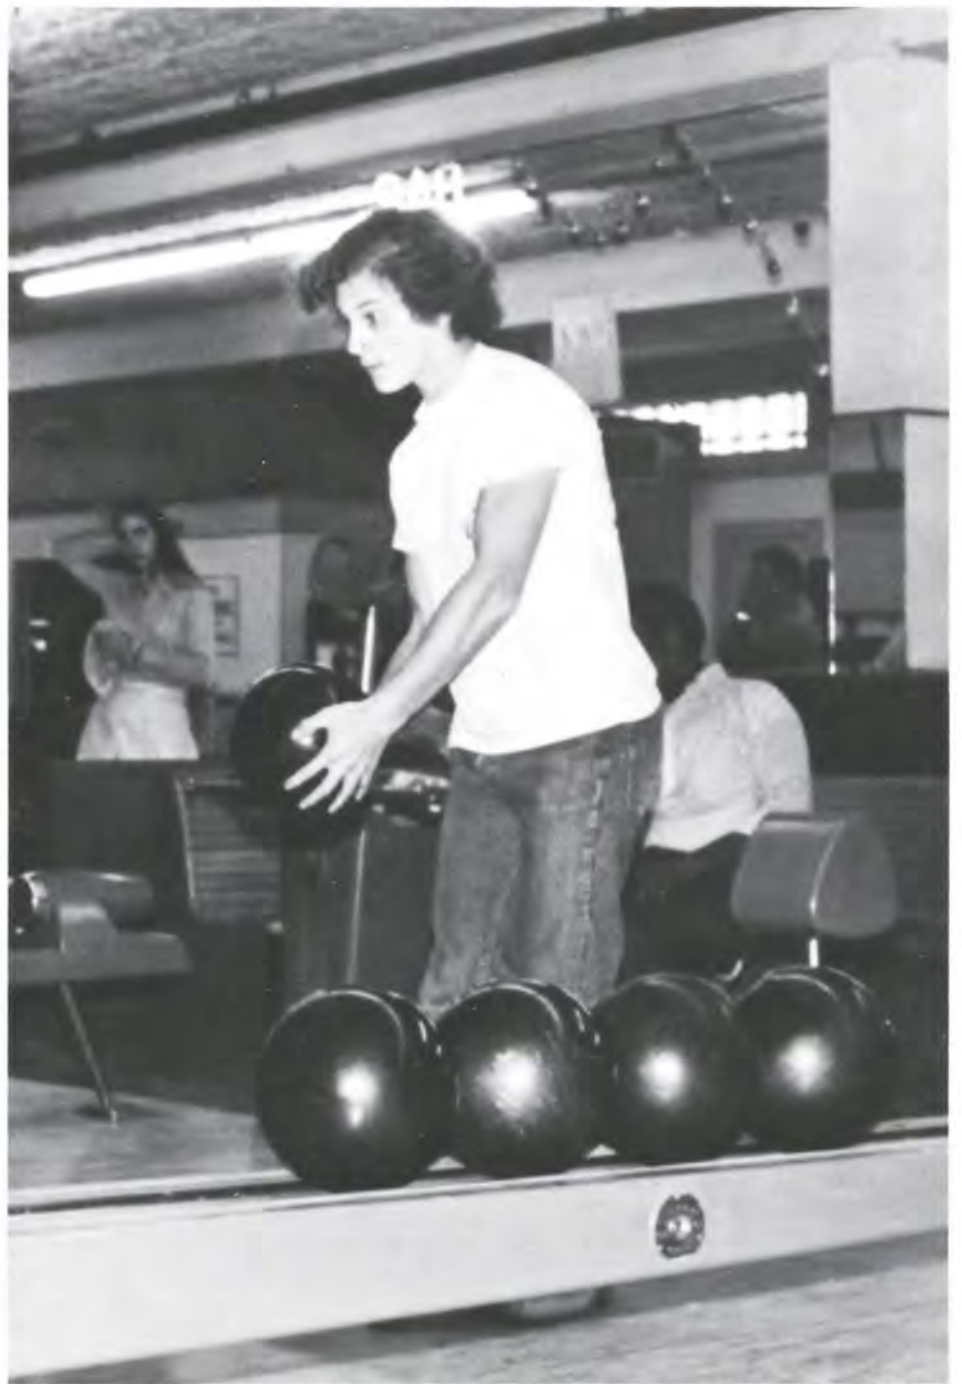

Photo Right: Freshman Frank Madure contemplates on picking up a spare to increase his average to 147 and to help defeat the previously undefeated Middletown North.

Keglers Roll to Success

With a look of determination, senior captain Gail Weston prepares for a strike against Keyport, enabling Red Bank to win the match by a score of 2-1.

Miss Onnalee Gaze, coach of the girls' varsity bowling team, was pleased about the team's hard work and dedication. Senior Captains Gail Westin and Elizabeth Riegelman bowled averages of 140 and 125 respectively. Returning letterpersons Diane England, Margaret Riegelman, and Lisa Ruzika had averages of 140, 145 and 136 respectively. The team bowled two days a week, Tuesdays at Red Bank Recreation and Thursdays at Sycamore Lanes. Also, on certain Thursdays the girls were ready and prepared for the matches. Most of the girls have bowled for several years and have developed their own forms and strategies.

Lisa Ruzicka lets go for another spare in the eighth frame in a match against Raritan, at which she bowled a 161 game.

Senior Captain veteran Elizabeth Riegelman concentrates on her form during practice before a big meet.

Golfers Swing in the Spring

Barbara Sanderson lines up for the first tee.

As a result of four starting seniors graduating in 1976, this year was a rebuilding one for Coach George Fallon's golfers. Leadership on the golf course was assumed by two returning letter persons, Barbara Sanderson and Dave Hubbard. Supporting this nucleus were upcoming Junior Varsity members Jason Demont, Bill Landis, and Robert Duffie, all of whom were juniors.

Members of the Golf Team: Jason Demont, Barbara Sanderson, Rick Fitzpatrick, Bob Duffie and Bill Landis.

Jason Demont prepares to drive a long one home.

Trackmen Gain Experience

Boys' Track benefited from the large number of returning lettermen. This year's seniors were John Waterbury, who ran in the 440 and threw the javelin, Randy Dickerson, who pole vaulted and threw the javelin, and Danny Flippin, who ran the 440 and 100-yard dash. Other returning lettermen were juniors Mark Lewis, Kevin Brown, Pat Mazzuca, Peter Bennet and Keith Sturn.

Coach Reed's main objective this year was to create a greater interest in track among students at Red Bank. After observing the underclassmen for a full season, Coach Reed recognized his team as conference contenders in upcoming years.

With a look of determination Mark Lewis runs the 50 yard dash.

Manasquan.

Coached by Warren Booth, the Girl's Track team had eleven returning letterwomen on this year's roster. Two returning state champions provided the track team with a strong backbone. Michelle Allgood for two years captured the state championship in the hurdles and the 100-yard dash and Suzanne Newman hurled the javelin to gain a state championship.

Also returning were Eve Thompson, who set the state track record for the 440 and the 880, Robin Kirkpatrick, who leaped to a record setting height in the high jump and ran the mile relay, sprint medley and 440 shuttle hurdles relay and Ellen Strumfells who set marks in the 880 yard relay and sprint medley.

Seniors Dominate Diamond Squad

Coached by Mr. Louis DeGeorge, the 1977 Baseball "Bucs" were strong contenders for the "C" Division crown due to the stout pitching of co-captains Fred Gaddis and Jeff Welsted plus veteran right-hander Jeff Pulda. Most of the scoring punch was provided by the bats of seniors Earle Agee, Lester Hauck, Bill Piercy, Fred Gaddis and Jeff Welsted with ample assistance from juniors Ted Soden, Joe Madure and Fred Mazzuca.

Keeping the opposition from scoring was a strong point of this year's team with outstanding glove work provided by Mark Smith, John Wilson, Mark Tenenbaum and Mark Wilson.

Buc Netmen Build for Future

Mark Jaeger looks on after lobbing the ball over the net to receive another Buc point.

Due to the return of six of last year's starting players, the Boys' Tennis Team, coached by Patrick McCormack, met its opponents with depth and experience. These six returning lettermen were seniors Scott Laird, Paul Santelle and Brett Woodward, and juniors Jeff Jensen, John Marx and Mark Jaeger.

Red Bank Regional High School's modernized field house provided the members of the team a chance to develop tennis skills throughout the entire year. The team also used the Little Silver Racquet Club, an excellent community facility, to mature into a competitive force.

Staff Survives Mountains of Work

Assistant Editor Bernie Mulé and Layout Editor George Lewis look over the artwork for the divider pages in the yearbook.

Under constant pressure of deadlines, the yearbook staff challenged mountains of paperwork, endless typing, and piles of photographs. Direction was provided by Advisor Mr. John Hird and Editor-in-Chief Steve Florian. Other editors who worked to complete the *Log* were Assistant Editor Bernie Mulé, Copy Editors Wiff Coffey and Linda Judge, Photography Editor Jerry Linden and Layout Editors Debbie Wadsworth and George Lewis.

Early in September, the staff chose "Remembrances Through Music" as its theme and a modular mosaic design as its new layout pattern. Initial planning stages involved researching copy, photographing school events, and developing layouts to complement photographs.

Aside from some of the tense and hectic moments, completion of the yearbook was a learning and rewarding experience for its staff.

Advisor Mr. John Hird and Editor Steve Florian check the mini-planner for the correct number of pages in the Sports Section.

Photo Right: Photographer Jerry Linden chooses the best photographs for the Senior Section.

Junior Mary Anne Tsadilas and Layout Editor Debbie Wadsworth crop a photograph for the band pages.

Assistant Copy Editor Linda Judge and Copy Editor Wiff Coffey make final corrections on copy before having it typed on a Quad Pak.

The 1977 Log staff poses for a photograph after finishing the final pages for the January 26 deadline.

Completing the 1977 *Log* was welcome after so many months of hard work. As Editor-in-Chief of the *Log* this has been a time of happiness, some stress and much pride. I want to express my thanks to the following people:

Log Advisor Mr. John Hird without whose help and perseverance this book would have never met its deadlines.

Coordinator of Student Activities Mr. Robert Lock, who helped in every way possible to assist us when we were in trouble.

My personal staff of editors who worked just as hard as I did to get this book out, and whom I thank most of all.

The rest of the *Log* staff, whose help was especially appreciated for the many long hours they put in.

The parents of the *Log* staff, for their patience and support which was needed and wanted.

Superintendent Dr. Donald Warner, Principal Mr. Willard Browning, and Vice Principal Mr. Thomas Conlon for giving the Administration's support to the yearbook.

Director of Guidance Mr. Francis Teeple and the rest of the Guidance Department staff, for their cooperation and help in helping to identify students for us.

Taylor Representative Mr. George Franklin for his workshop presentations.

Lorstan Studio Representative Mrs. Shirley for help in getting the student pictures to us as fast as possible.

The clubs, groups, activities, and advisors whose cooperation was greatly appreciated.

The other Red Bank Regional people who have helped to make this book possible.

Stephen Florian
Editor-in-Chief
