SANIBEL COMMUNITY ASSOCIATION

Tuesday the 5th is the date for the April meeting of the Sanibel Community Association at the Sanibel Community House beginning at 6:30 p.m. with a covered dish supper. Hosts will be Mr. and Mrs. Roy Gochenour and Mr. and Mrs. Tom Nix. Reports on the 1966 Shell Fair will be given and new officers for the coming year will be elected.

The permanent shell collections at the Sanibel Community House are drawing many visitors from the mainland as well as the Islands on the days the Community House is open---Tuesdays and Wednesdays from 2 to 5 p.m. The Jeanne Schwengel and Helen Raines collections are a continuing source of help in identifying specimens found. Mr. Tom Nix, Chairman for House and Grounds, is on duty to assist any visitors.

CAPTIVA EROSION DISCUSSED

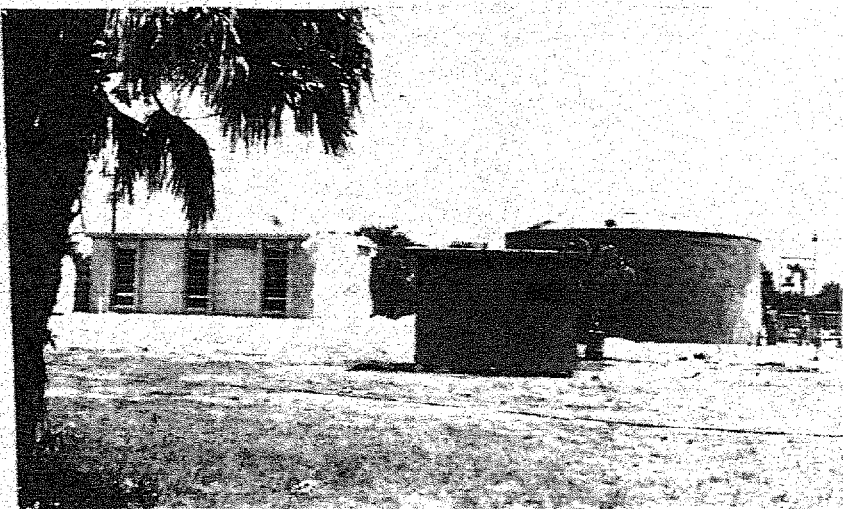

A public hearing called by the Corps of Engineers of Lee County was held at the Captiva Community Center on Tuesday, March 22. Approximately 150 people were present.

County Engineer F. James DeLozier, Jr., declared that the erosion that is going on on Captiva is an emergency demanding immediate action and urged that the county-wide erosion study planned by the Corps of Engineers be directed first at Captiva so that Federal funds for correction and prevention can be secured with all haste.

This survey will seek to determine the extent and cause of the erosion that is going on on all the beaches of Lee County. To secure Federal funds it is necessary that the local taxpayers first put up funds themselves. Local taxpayers have not been idle, however, for in the last seven years it is reported that about \$300,000 has been spent in attempts at control of the erosion on Captiva.

It was decided to continue to haul sand for the road and beach and also to continue the present dredging for fill between the groins.

BOWLING 'EM OVER

Dotti's Island Boys went on a rampage this week. Working hard, with only three nights to go, they came up with four games to their credit. Top games were Ed Legel, 180-187, Gogo, 169-175, and Doc Bryant, 199-201. They are just six games out of first place now; a few good nights will put them on top.

The B-Hive took two games from Hart's Dairy in the McDonald Classic Trio Monday night. Shirley Walter blasted a 247 and a 199 for a 595 series. Jessie Dugger was high with 543 series, bowling loners of 201 and 184, to give B-Hive a two-game win over Port Comfort Marina in Bill Corbin's Ladies'

Classic on Wednesday night. Thursday night the B's led with total handicap series of 1910 and a one-game scratch of 601 with individual scores of 202, Dugger 206, S. Walter and 193 C. Walter in the Rusty Lee 3-Star Classic, taking 3 points overall.

LADIES' GUILD

The March meeting of the Ladies' Guild of the Sanibel Community Church was held at the home of Mrs. Cecil Hudson Thursday evening, March 24. Mrs. Walter Strong was co-hostess.

MR. ALBERT RAU

Our sympathy goes out to Edith Levy and her husband, Leon. They are temporarily absent from Sanibel on account of the death of Mrs. Levy's father, Mr. Albert Rau, of New York City. Mr. Rau died on Wednesday, March 23, in his 92nd year, after a long illness. Besides his daughter, Edith, he is survived by his wife and two other daughters, Mrs. Maurice LeBauer, of Lawrence, L.I., and Mrs. Ellis K. Reinach, of Woodmere, L.I., five grandchildren and seven great-grandchildren.

MR. FRED THOMPSON

Mrs. TOM NIX has returned from Portland, Texas, where she, with her brother DEAN GUNN, flew to be with their sister Mrs. FRED THOMPSON following word that Mr. Thompson had suffered a heart attack at sea and passed away on Grand Cayman Island.

Mr. Thompson is survived by his widow, ANNETTE CAROLYN GUNN THOMPSON, their son, WILLIAM RALPH THOMPSON, of Portland, Texas, sister, Mrs. AGNES THOMPSON HOFFMAN, of Tampa, Florida, and brother, Mr. EDEN THOMPSON, Port Arthur, Texas.

The Thompsons own property on Sanibel and have been frequent visitors to the island.

BUYER BEWARE!

The Better Business Division of the Fort Myers-Lee County Chamber of Commerce has been advised that another magazine solicitation via long distance is offering six months free magazines for "just the postage." One caller identifies herself with the Curtis Publishing Company and states "we are sanctioned by the Chamber of Commerce"; another identified with the Curtis(s) Company and stated she had permission of the Better Business Division to conduct the solicitation.

THAT MAY BE TRUE IN MIAMI OR ANY OTHER CITY IN FLORIDA BUT IS ERRONEOUS IN LEE COUNTY, FLORIDA, AND THE CITY OF FORT MYERS. THERE HAS BEEN NO REGISTRATION BY A COMPANY OF THIS NAME INTENDING TO DO BUSINESS HERE. THE BETTER BUSINESS DIVISION DOES NOT APPROVE OF ANY TELEPHONE SOLICITATIONS.

The Solicitors refuse to give their telephone numbers and address on request.

The Better Business Division therefore issues a BUYER BEWARE warning to residents of Lee County.

ARTIST VISITS ISLANDS AGAIN

Lauren Ford has been coming to Sanibel every year for 14 to 15 years (usually early March to after Easter), leaving this year just before Easter. She is an artist---paints in egg tempora and acrylic, does etchings, charcoal and pen and ink drawings.

Years ago Lauren conceived the idea of an illustrated story of the Old Testament written especially to give to her adopted daughter, Lauren, aged three. She was then in Solesme, France, and she showed the partly finished work, done in gouache, to one of the monks at the monastery nearby.

He was so enthusiastic about it he said she had no right to keep it for just one child, so when she returned to the U.S. she walked the streets of N.Y. searching for a publisher. Finally Dorothy Bryant at Doubleday accepted it. First printing was in 1934, "The Little Book about God."

Lauren does Christmas cards for the American Artist Group, who has encouraged artists from all over the country to make their Christmas paintings into cards. She has her own reproducing machine (you other artists take note!) in her cellar to turn out two to three thousand of each of her 36 (monochrome) cards every year. She also has a few of more than one color that she doesn't undertake to do herself.

Lauren's books and cards are stocked at both The Glory of the Sea and MacIntosh Book Shop and she spends some happy hours autographing her books for their customers. But a very special autograph, not just a signature. Always there is added a little picture done by hand and sometimes when a customer joyfully discovers this was one of his own treasured childhood books, she writes a special dedication for the child or grandchild about to receive a copy. All proceeds of the cards and books, beyond paying her own expenses, go to little Lauren, now grown up and married. Lauren, herself, has twelve great grandchildren and four grandchildren all living

near her home in Bethelhem, Connecticut. When she comes to Casa Ybel each year, her old friends give her a warm reception---her arrival is a long-awaited event of the season. Many more happy returns, Lauren!

Dr. MARGUERITE HILL is enjoying her first Sanibel visit at Beachview. Marguerite is relaxing from a rigorous schedule of teaching and lecturing as Physician-in-Chief of Women's College Hospital in Toronto. She is head of the department of medicine and specializes in kidney disease.

Colonel and Mrs. J.W. DUBOSE, long-time Sanibel winter visitors and world travelers, are as thrilled as any freshman shellers with their discovery of a live double jingle (anomia simplex) and a beautiful juvenile albino fighting conch (strombus allatus). Both were found near their cottage at Beachview.

Mr. and Mrs. LOUIS TRADER of Duluth, Minnesota, will leave April 1, after spending six weeks at Gray Gables. En route home they will stop at Tampa for two weeks. Mr. and Mrs. GEORGE MASKE, also of Duluth, will leave Monday after spending a week at Gray Gables.

Mrs. ALBERT ELLIS and Mrs. ROY WALKER, of Mt. Desert Island, Maine, are spending a month at Hiers Cottages. They arrived to find two other couples from the same village---all are planning to return to Hiers next season.

Mr. and Mrs. NORMAN MILLER, Merchantville, New Jersey, familiar longtime Sanibel visitors, arrived at The Colony Saturday for a week's stay.

The BRYCE HOLLAND family, Greenwich, Conn., are back at The Colony for a 15 day stay. Recently Mr. and Mrs. Holland flew their two older boys down to Grand Cayman Island for a few days of fishing and snorkeling. They returned Monday to rejoin the younger members of the family and Mr. Holland's mother.

WATER CONSTRUCTION FORGES AHEAD

Construction work is proceeding smoothly on the water distribution system of The Island Water Association on Sanibel and Captiva Islands, according to William F. Bishop, principal in the firm of Bennett, Bishop & Passalacqua, Inc., engineering consultants to the system.

Since the construction work is substantially on schedule, the Board of Directors of The Island Water Association, on recommendation of the engineers, have set June 15 as the cut-off date to accept applications and install new services until the original construction is completed.

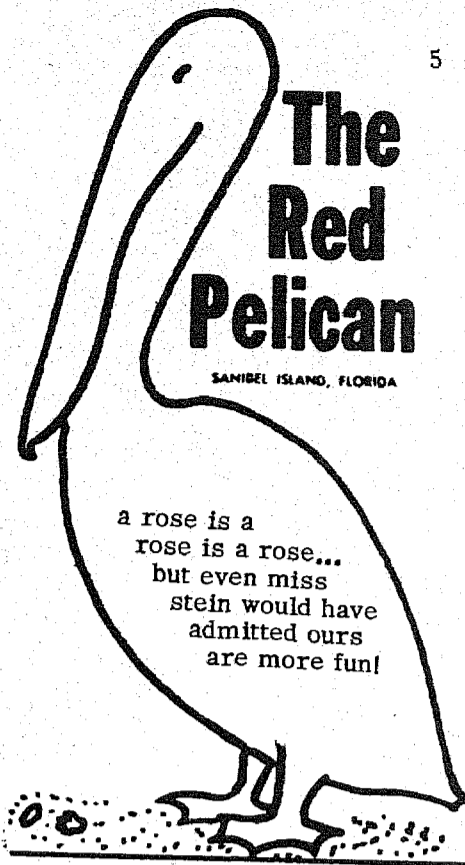

Applications will be received for new services and installations will be made on all applications received until June 15, but following that date, applications will be accepted but installation will not be made until the construction contracts have been completed and new contracts can be let for further installations.

All persons who wish to have service available when the system goes into operation should make their applications to the Association as early as possible so the work can be fitted smoothly into the construction contract.

Mrs. H.M. BIXBY, of Captiva, has been entertaining four young visitors for the school holidays; her grandsons, EDGAR (Ted) and SAM CALDWELL, whose home is Anchorage, Kentucky, and their guests, CHARLES ESTES, of St. Louis, and LEIGHTON LONGHI, of Orange, Connecticut. Ted and Charles recently took their canoe to Buck Key and made an exploratory trip along Roosevelt Channel; they found it a good birding area.

A large number of young people are spending their Spring vacation on the islands. Among the elusively busy teenagers are AMY DEMAREST, attending The Emma Willard School in Troy, N.Y., and JANE LARSON, a student at Renbrook School in W. Hartford, Connecticut.

The girls have been staying at Beachview with Amy's parents, Mr. CHARLES DEMAREST and Dr. JOSEPHINE EVARTS (Demarest). She is one of that vanishing race, the small-town doctor in general practice. The Demarests' home is in Lakeville, Connecticut; her office is in nearby Millerton, N.Y. Mr. Demarest teaches piano and history of music at The Hotchkiss School.

NORMAN CHAMBERS' mother, Mrs. KATHLEEN CHAMBERS, of Rochester, N.Y., is enjoying a six weeks' visit with ROSE and NORM at Hiers Cottages. Mrs. Chambers is skilled at needle work and shell craft. She will be adding to her shell collection to use in teaching artistic shell work to women of the Rochester Home Extension Group.

The unhappy loss of Angus and his friend Scotty in Father Madden's household has prompted some of the winter island guests in his congregation at St. Michael and All Angels to a move to help diminish the grief. They recently surprised him with a gift of two eight-week-old scotty pups.

He has named them Angus II and Flora. He takes them with him wherever he goes and of course brings them to Sanibel on Sundays. They choose their own diet on occasion, recently chewing up two of Father Madden's sermons.

KATHRYN ANN WEICHERT, of Cincinnati, is spending her Spring vacation at Island Inn. She will return to the University of Cincinnati this weekend to resume her pre-medical studies. Her parents, Dr. and Mrs. CHARLES K. WEICHERT, are presently traveling in Europe. Dr. Weichert is dean of The College of Arts and Sciences at the University of Cincinnati. He is well known in the field of zoology for his "Anatomy of the Chordates" and several other technical volumes. The Weicherts have been regular winter visitors to the Island for the past 18 years.

Members attending were Mrs. Weldon B. Anderson, Mrs. Lalla Rookh Moore, Mrs. Ernie Croco, Mrs. Edna F. Roberts, Mrs. Billie Dudley Lanier and Mrs. Annie L. Allred, Mrs. Willie E. Glass, Mrs. Hal Erwin and Mrs. Allen Williamson of Ashville, North Carolina, assisted Mrs. Martin in serving refreshments after the business meeting.

LIBRARY FOOTNOTES

Even though the "Friends of the Library" drive has been very successful, there are still a few Islanders who do not belong to this state-wide organization for public libraries. Are YOU a "Friend"? The Sanibel Public Library needs your support! Do come in any Tuesday or Saturday morning between 10 and 12 o'clock, bring your donation and become a "Friend of the Library." You'll receive a membership card.

They have more "Sanibel Island" signs for your car. These attractive black and white plastic license-plate type signs may be obtained during library hours. And while you're there, look around and find a book to read. Form the habit of going to the library each week. They have many good books to suit every taste.

This was Mr. Kogan's very first fish, so you know he was properly thrilled. He and his wife spent a couple of days on Captiva Island enjoying the many wonders available.

PETER SCHUGT of Chicago was very proud of his ten pound redfish, which he landed while surf fishing in Redfish Pass. He caught this beauty on an 8 lb. test line using mullet as bait while fishing from the South Seas shores last week. He was vacationing at Mitchell's Castaways.

REAPPORTIONMENT EXPLAINED BY SENIOR LEGISLATOR:

DEAR MR. AND MRS. VOTER
OF
CHARLOTTE, COLLIER, GLADES, HENDRY, AND LEE COUNTIES

The apportionment of the State Legislature for Southwest Florida as passed by the recent special Session of the Legislature, and approved by the Federal District Court, puts the five (5) Counties of Charlotte, Collier, Glades, Hendry, and Lee in a District with two (2) Representatives, designated as Group One (1) and Group Two (2).

The Group One Representative shall reside in Lee County, and the Group Two Representative shall reside in either one of the other four (4) Counties. The candidates from both Groups shall run in, be elected for, and represent ALL five (5) Counties.

The candidate for Group One is Rep. M.T. "Ted" Randell of Fort Myers, who has no opposition.

I am a candidate for Group Two. I have been the representative for Collier County for ten (10) years, and have served four years longer than the combined service of the other two candidates in the Group Two race. During the 1967-68 term there will be only seven Representatives out of the 117 who will have more Seniority than I.

I have been designated by the members of the House to serve as their Speaker Pro-Tempore, which is the second highest position in the Florida House of Representatives, during the 1967-8 term. In so doing, I will assist the Speaker in setting up the House, making the Committee appointments, and the procedures of the House in general.

During my past service I have served on all the major Committees of the House, and as Speaker Pro-Tem I will be able to choose the Committees on which I wish to serve during my 1967-68 term. This will put me in a position to better serve the various needs of ALL the people of this District than any one person in the race.

I am a Native Floridian, a Native Lee Countian, and a Native Collier Countian, having been born at Marco Island when the present Collier County area was Lee County; Collier County not having been formed until 1923.

I am sincerely asking you to elect me to a Sixth (6) Term of the Legislature so that the five (5) Southwest Florida Counties of Charlotte, Collier, Glades, Hendry, and Lee will have seniority in the House of Representatives and will have the Speaker Pro-Tem for the 1967 Session.

Sincerely yours,
James Lorenzo Walker

ALLEN and LEAH DAVIDSON have recently retired from their joint career of managing a printing business and being editors of the South Bend (Indiana) Mirror. Allen's major field of study was paleontology and he has long been a fossil collector. When he and Leah began their retirement with a visit to Sanibel two years ago they started a collection of

shells, mostly miniatures, and by now they have a well-filled shell and fossil room in their home. Their fossiling has been largely done in the Chicago area, in Indiana, Texas, Iowa and especially in the rocks of Pike County, Missouri. They will end their stay at Beachview on April 4 to leave for Gasparilla in search of miniature shells.
