"ALL YOUR NEEDS FROM FOOD TO FILM"

"Not just the biggest, but the greatest number of exceptionally fine collections I've ever judged in one show," said Dr. R. Tucker Abbott, who, with Mrs. Abbott, served as the first man and wife team ever to judge a Sanibel Shell Show in the scientific division.

Shells valued at several hundred thousands of dollars were displayed in competition at the 31st annual Sanibel Shell Fair. Many entries included shells that are so rare that only a few specimens have ever been found. The competition was keen in almost every category. Dr. Abbott said he'd never thought he'd see the day that he would have to put an Honorable Mention ribbon on one entry that included some of the world's finest.

The artistic exhibits left many viewers with the feeling that many hours of exacting work as well as artistic ability were represented. The entries were an inspiration to all the artistically gifted.

Even the weather man co-operated! The thousands of visitors to the show could enjoy all of the outside exhibits to their fullest. The live exhibits had a constant gallery of lookers. The artists who exhibited their work in the new art building were besieged with buyers for their lovely paintings. The Audubon exhibit was a point of great interest, as always. In a long history of fine shows, this has been the greatest.

Sanibel Community Association president Gerald Martin expresses his thanks to the hundreds of people who have helped make it such a tremendous success.

#### SHELL TABLE WINNER

Once again, the shell table, a feature of the Shell Fair, is going out of the state. The lucky number was 2,748, held by Jean McCraill of 1 Sutton Place, N.Y., N.Y. Dr. R. Tucker Abbott, who judged the scientific section of the show, made the drawing in a hushed atmosphere as a waiting crowd of hopeful ticket holders held their breath.

And while we're on the subject of winners, Howard Schriener got the most votes from the art show audience and is therefore popular artist of the 1968 Shell Fair for his work in oils entitled "Fasciatus," the portrait of a child entranced by a snail shell.

#### DEMO CLUB DUES DUE

Dues for the Sanibel-Captiva Democratic Club are due as of April 1 and must be paid if you plan to attend the annual dinner meeting, details of which we will have later. It's \$1 for one person, \$2 for a husband-wife membership, and any check over that amount will be greatly appreciated. Checks should be made out to the Sanibel-Captiva Democratic Club and mailed to Peggy Maloney, treasurer, Sanibel Island.

Mr. and Mrs. DONALD TOWNLEY returned once again to Tiki Cottage for five weeks. They are looking forward to some warm sunny weather in contrast to the bitter cold of Connecticut.

Mr. and Mrs. DAVID MCCOY of Oak Lawn, Illinois, are having some happy times on Sanibel. This will be the McCoy's first time at Tiki Cottage and we are looking forward to seeing them many more times.

HAZEL FRIKE, a guest at Mitchell's Sand Castles on Sanibel was very elated by her shelling find when she picked up the Atlantic carrier shell--- and won Sanibel-Captiva Shell of the Show at the Shell Fair.

Mrs. LEON BERKOWITZ of Phila., Pa., who is vacationing at The Colony, found a 4 1/2 inch Junonia to add to her collection of shells. Mr. and Mrs. Berkowitz have been coming to Sanibel for eight years, and this was the first Junonia she found.

Other Colony guests are: Mr. and Mrs. Bob Warner of Ontario, Canada; Mr. and Mrs. Carl Gibson and daughters of Chattanooga, Tenn.; Dr. and Mrs. Robert G. Anderson and family of Glenview, Ill.; Dr. and Mrs. Grant Wilmer and family of Atlanta, Ga.; Mr. and Mrs. Robert Sagers of Atlanta, Ga.; Mr. and Mrs. Frank Brugger of St. Louis, Mo.; and Mr. and Mrs. R.G. Hickerson of Mpls., Minn.

#### FREE STATIONERY

The Bettes at the Black Pearl, have (as you probably have noticed) designed some different and attractive Sanibel stationery---boxes of which they donated to the Shell Fair and the S.P.C.A. sale. A very nice (and pretty) way to spread the word, we'd say!

#### A NOTE OF THANKS

Our enduring gratitude to the wonderful woman who picked up the lost miniature (sp) poodle on the beach in the vicinity of the Steam Boat and delivered him to Mr. Purdy at Segunda on Saturday, March 2.

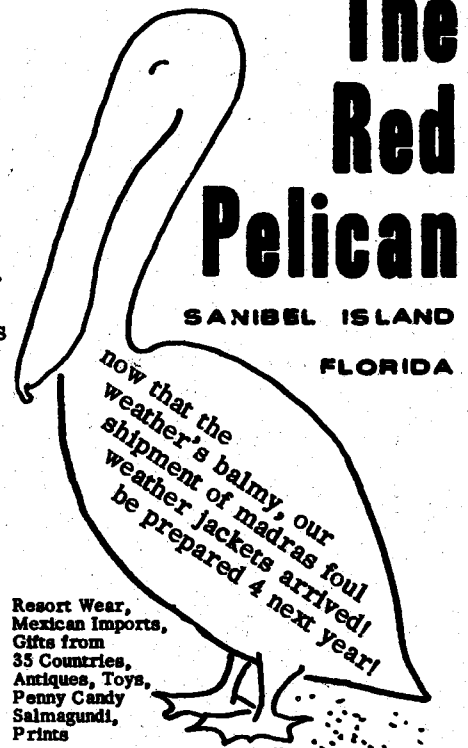

/s/ Owner of poodle.

#### JAPANESE MISSION SCHOOL

Mr. Brian will present a talk and show slides on the Japanese Mission School KEEP on March 22 at 8:00 p.m. at St. Michael's and All Angels Church. KEEP refers to Kiyosato Educational Experiment Project at Yamanashi-Ken, Japan. Its purpose is to instruct children in agriculture, farming, and animal husbandry. All church members and their friends are invited to attend.

#### BIRDING IN NEW ZEALAND - AUDUBON SUBJECT TONIGHT

An illustrated talk entitled "Birding Safari in New Zealand" will be given by Karen Eastman to the Sanibel-Captiva Audubon Society at the Sanibel Community Center tonight (Thursday). The meeting, which will be open to the public, will start at 8 o'clock.

Mrs. Eastman, who divides her home between Sanibel and Minneapolis, is one of the leading birders of the country. She and her husband, Whitney Eastman, are members of the highly exclusive "600 Club," which is limited to people who have observed 600 species of North American birds north of the Mexican border. At present the club has only 19 members, so in the Eastmans Sanibel boasts more than one tenth of the entire membership.

The Eastmans have spent the last 15 years traveling around the world on birding trips. All told they have observed 25 per cent of the world's 8,600 species. To do this they have visited North and South America, Africa, Europe, Australia, the Pacific islands, and Japan.

They are joint authors of many articles in ornithological and conservation publications, based upon their world trips. They are both members and officers of numerous ornithological, Audubon, and birding societies.

Mrs. Eastman has given several programs for the Sanibel-Captiva Audubon Society, and has a considerable following on the Islands. Her talk on birding in New Zealand ties in with a very popular one she gave last winter on birding in Australia.

Dr. Abbott points out a particularly impressive shell to Mr. and Mrs. Neil Helper, who won the Academy of Natural Sciences of Philadelphia award.

These books are duplicates of volumes on the shelves at the library, and have become available for disposition. It is understood that more than 50 volumes of hard cover books, and an uncounted number of paperbacks will be put on sale.

This book sale follows a successful Bake Sale on March 1. Mrs. George Winterbotham, who was in charge of the bake sale, has expressed her thanks to all who contributed food, time and effort to the sale.

## MY THREE ANGELS

That delightful comedy "My Three Angels" will play at the Pirate Playhouse Sunday, St. Patrick's night, March 17.

The same cast who created the roles in December will again be seen in their familiar characterizations, Arthur Orloff, the villain of the piece, Phillip Hunter, Jim Maguire and Roy Bazire as the "angels," Keenan Fishburne and Timmy Gault as the young lovers, Gail Maguire as Madame Parole and Ruth Hunter and Robert Dormer as French Felix and Emille Duca-tel. Gene Karr plays the handsome Lieutenant.

Curtain at 8:15 - Box Office GR 2-3943.

## METAL SCULPTURE

Metal sculpture by Neil Garrison will be on exhibit from Sunday, March 17, through Saturday, March 23, at the Artisan Shop on Gulf Drive.

Garrison has been active as a sculpter, print maker, potter, furniture and interior designer for the past thirty years in California, Oregon and Florida. His three most recent shows have been at the Longboat Key Art Center and The Friends Gallery in Sarasota and the Art League of Manatee County in Bradenton.

Included in this show are several pieces done in conjunction with Jeanne Wilson, enamelist. These two craftsmen designed and created the oak leaf fountain which graced the Artisan Shop windows this season.

FRIENDS OF THE LIBRARY  
CAMPAIGN IS UNDER WAY

Friends of the Library are being enlisted and re-enlisted, in a campaign headed by George S. Winterbotham for the benefit of the Sanibel Public Library. Library friends are those who contribute a dollar or more each year for the support of library activities. Residents and visitors who wish to join Friends of the Library may mail their checks to Mr. Winterbotham at his home on Gulf Drive, Sanibel, or leave their dues at the library during open hours: Tuesdays and Saturdays from 10 a.m. to noon, and from 2 to 4 p.m. on Thursdays.

Three friends have made concrete contributions recently.

Mario F. Hutton has given the library a copy of the script of his illustrated lecture "Recapturing Captiva." This script, containing 24 sonnets, is used with 477 illustrations during Mr. Hutton's programs. The booklet will be available for reading at the library, but will not be checked out as a library book.

Leon Levy has given the library an original painting, "October Forest," to be sold for the benefit of the library. The picture is on display at the library building.

Mr. and Mrs. Clarence R. Conklin have given the library a copy of the July, 1949, issue of National Geographic Magazine, a rare and much prized edition, containing more than 50 pages of text and color plates of shells from all parts of the world, including Sanibel. This magazine also will not be available for loan outside the library due to the difficulty of replacing so rare a copy.

## FRIDAY RUNS AGAIN

The decision to offer for re-election to the State Senate was not an easy one, considering the extreme demands on family, law practice and business in the last several years. My wife, law partners and children have concurred, though, and I take pride in announcing my plans to seek re-election to the 34th Senate District of Glades, Hendry, Lee and Palm Beach Counties.

I promise a vigorous and intensive campaign to the voters of this district, so that the decision can be made at the local

level and without undue and unwanted interference from outsiders.

One of the high privileges of my public service has been that of representing these varied and diverse counties, and the state of birth of my wife, children and myself, during these years of unbelievably fast growth and progress.

Few states have had the burdens---or privileges---of such a growth rate as ours. With the urgent problems of conservation, pollution controls, public schools and colleges, real estate and taxation generally, constitution revision and highways, to name a few, Florida's greatest need, and its strength, is experience---tried and proven conservative experience---in its government. This is especially true when an unfeeling federal court has, without reason, forced the varying needs of a rural and remote Glades County into the same Senate District with a metropolitan Palm Beach, a district from Lee County on the Gulf to the Atlantic on the east.

Our experience of two senators from Palm Beach and one from the westerly counties has proven a wise and realistic one, giving balanced representation to the entire district, and I trust this concept of fairness and balance will continue. /s/ Senator E.O. Friday, Jr.

WOULD YOU BELIEVE (EVEN DURING SHELL FAIR WEEK) SOME PEOPLE LIKE TO FISH?

EVERYBODY LIKE TO LOOK AT PRETTY GIRLS --- AND HERE ARE THREE: THE WINNERS IN FORT MYERS BEACH'S SHRIMP FESTIVAL BEAUTY CONTEST LAST WEEK. THEY ARE (L.-R.) 1st Princess SUSAN HENRY, Queen PAT SWAVELY, 3rd Princess SANDY WILKERSON.

A RACING WE WILL GO

When James Garner signed with John Frankenheimer for the filming of the movie 'GRAND PRIX,' little did he know that the part of Pete Aron, which he played so well, would later launch him in real life into international racing on such a grand scale that it would involve spending thousands of dollars

for some of the finest automobile racing machinery built today. Garner will be entering a team of three Chevrolet powered cars in the 12 Hour race at Sebring on March 23. Garner's American International Racing team will be aiming at twin overall placings. The seven liter production Corvette could walk away with the Grand Touring division laurels.

The second pair of brand new Lola-Chevrolet T-70 MK III's may well sweep the entire field, but definitely have the potential of out-performing any other entries in the Sports category.

Dick Guldstrand, Garner's number one driver, reported that the fine engine tuning by the famed speed shop engineers of 'Traco Engineering' in Los Angeles has produced an engine dynamometer reading of in excess of 450 brake horse power. All this from 302 cubic inches or 4,997 cubic centimeters. Guldstrand is due to give one of the Lolas its first road test on the fast Riverside California circuit this month. Just as soon

as any speed figures are available, they will be released.

A galaxy of top West Coast drivers will handle the driving chores of the three cars entered by Garner's American International team.

This team, headed by Dick Guldstrand includes Ed Leslie, Scooter Patrick, Dave Jordon, Herb Caplan and two men whose names are being kept a deep dark secret . . . . . even from us . . . . .
