CAPTIVA ISLAND, FLORIDA

Guests at the Gallery are Dr. & Mrs. ROBERT DE SALVO and family of Parkridge, Ill., Mr. & Mrs. OSSENKOP of Orlando, here for their fourth visit, Mr. & Mrs. P. J. MAGLIONE and family of Upper Monclair, N.J., also at the Gallery on their fourth visit, Mr. & Mrs. HAROLD BARID Jr. of Nashville, and Major and Mrs. GEORGE SCHNIEDER of Cornwall, New York. Major Schnieder is connected with the New York Military Academy. Here on their second visit are Mr. & Mrs. M. G. WARE and family of Hollywood, Fla.

At the Reef on their annual visit are Mr. & Mrs. RICHARD BEEBE and family of Batavia, N.Y. Mr. & Mrs. HARRY HERMAN of Ft. Lauderdale are guests at the Reef for the first time. Mr. Herman hauled in a nice 17 lb. snook casting in front of the Reef. Back for another stay at the Reef are Mr. & Mrs. JOHN SMITHERS Decatur, Ala.

Vacationing and enjoying their stay at the Island Inn are Mr. and Mrs. DAN BRUSH of St. Petersburg, Mr. and Mrs. STANLEY KOHONY of Miami, Mr. and Mrs. JAMES CARR and daughter, TEMPLE of Roanoke, Va., Mr. & Mrs. B. C. SWENSEN of Pensacola, Mr. & Mrs. ROBERT CARLISLE of Coral Gables, Mr. and Mrs. JOE PULLEN of Summer-ville, Ga., Mr. & Mrs. JAMESE. ADAMS, also of Summerville, Mr. & Mrs. T. BENNETT of Lake Park, Fla., Mr. & Mrs. V. R. THORP of Chicago, Ill., Mr. and Mrs. BRUCE WALKER of Laurel, Miss., and Dr. & Mrs. ELLIOTT D. ALLEN of Deland.

Dr. CONRAD HAZEN and his family who have been staying at Beachview Cottages had a slight accident while doing some vigorous fishing. Reports have it that Dr. Hazen latched on to a real lunker and while battling the fish, fell and broke three ribs. However, it seems that Dr. Hazen isn't in as bad a shape as one might think. Yesterday he and friend, Mr. J. R. NORDMAN went out fishing and brought home 40 trout and 8 mackerel - some people just don't know when to quit!!

Other guests at Beachview are Mr. & Mrs. BENSON FUGUA of Nashville and their three sons. The whole family are having a great time on their first visit to Beachview.

Back again for another visit are Mr. & Mrs. JOHN EARLY Jr. of Columbia, Tenn.

There have been some strange goings on at Sanibel Siesta this past week. Seems like Chinese food and the name of Sanibel Siesta are foreign to each other. The WUS visited their daughter-in-law's family, the McQUADES, for the first time. Mrs. WU is the former JUDI McQUADE of Sanibel. The family of Wu have operated the Canton Restaurant in Savannah, Ga., for the past 35 years. The guests there won't eat Chow Mein or Chop Suey, they want real Chinese food. Naturally for one meal on Sanibel it had to be Chinese to see how the McQuades would make out. Everything was fine but the chopsticks have to go!! The amazing thing was the meal took less than one and a half hours to prepare and yet had four main courses. The Wu family visited St. Michael's and All Angels Episcopal Church where Judi and Paul were married on October 27 and met Rev. Madden.

The Wus left Sanibel and visited relatives in Miami and then headed back to Savannah. Judi's brother Mark is visiting the Wus in Savannah this week and plans to return to Sanibel with Judi and Paul who are also visiting in Savannah.

The Wus are real fishing enthusiasts and took advantage of the fantastic fishing around Sanibel and all in all had a great time.

Displaying their fine catch are Mr. John Allen and his son John, and Red Mauller (center).

The Allens are from Coral Gables and Sanibel. Red is in the Air Force and is now staying with the Allens on Sanibel. Their guide was Bob Sabatino.

HAPPY LOSER, HAPPY WINNER!

After taking the jackpot aboard the Blue Heron three times in five weeks, Mario Hutton did NOT win it again on his next try. However, he told us that he was happier than if he had won it, because it went to Miss Mary Beaver, daughter of his good friends Fred and Helen Beaver of Winter Park, who clinched it with a red grouper weighing over 15 pounds on her first deep sea fishing venture. Of course, Mario's delight was enhanced when he once again resumed his winning ways on his latest outing, when he brought in a 15 pound red, biggest fish caught by any of the 49 fishermen aboard the Blue Heron.

MARY GAULT and son JODY of the Sea Horse are visiting her sister in Michigan for a week or so.

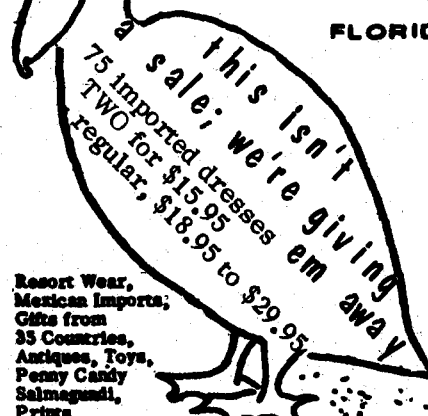

The HAL LEWIS family from Philadelphia are visiting Sanibel for the first time; and they think it's the greatest. LOUISE, HAL, CRIS, LAURIE and AMY really have Sanibel fever and sand in their shoes. They know now what Tucker Abbott meant when he told them that they would fall in love with the islands. They are staying at the Gallery motel and are having such a good time that they have already made plans to return for the Christmas holidays.

Since the Lewis family are shellers, most of their time has been spent on the beaches, in the customary positions. DAN MALONE took them to see his favorite shelling places on the bay side and also Clam Bayou. PRISCILLA MURPHY gave them directions for her favorite fossiling grounds and a good time was had on both trips. Hal started serious collecting about a year ago and has since obtained a beautiful collection of specimen shells. His specialty is Cymatium and Bursa and he also helps Dr. Abbott of the Academy of Natural Sciences of Philadelphia to catalog these shells. We enjoyed having the Lewis family visit us, and look forward to their return. Hal is an artist and owns Hal Lewis Designs in Philadelphia, Pa.

ELSIE MALONE has just received the most beautiful and large specimens of the Baler shell from Australia. They are on display in her Specimen Shell Shop. They measure about 14 inches and THAT is SOME SHELL.

ADVANTAGES

1. Every job is a rush. Everyone wants his order delivered yesterday. With this calendar customers can order on the 7th and have delivery on the 3rd.
2. All customers want their deliveries on Friday—so there are two Fridays in each week.
3. There are seven extra days at the end of the month for those end-of-the-month rushes.
4. There are no 'first of the months', no 'tenths' or 'twenty-fifth', so bills will not have to be paid.
5. There are no bothersome non-productive Saturdays and Sundays.
6. There's a new day each week—General day. On this day, orders may be cancelled, changes made and other matters reopened. For instance a change made on the 8th may reach you on the 5th, but you may make the change even though the goods were shipped on the 6th. Everybody will be happy and we will have an ulcer-free industry.

The new phone booths are taking the place of old ones to upgrade the equipment where needed. They are equipped with tinted glass and are a different color--Red.

PLANNING A LANDSCAPE IS IMPERATIVE

So you have a new home in Florida---where you look across a treeless street to bare front yards, and from your window to a plot of barren land adjoining three neighbors. You feel as tho you have taken up living in a goldfish bowl, with your neighbors to the front, back and on two sides able to watch your every move. Well, don't panic, now! It is the time for some real thought and planning.

Few homeowners are able, according to President Richard C. Johnson of Florida Nurserymen and Growers Association, to look ahead and visualize the total picture they wish to create. The immediate program seems to be planting of grass, trees and hedges!

It is far more important, when planning, to choose your trees thoughtfully, and to select an attractive, quick growing screen material that will add to the beauty of not only your own yard but to those bordering yours. As a matter of fact, in new areas it is quite prevalent for neighbors to collaborate in planting screens so that they all may enjoy privacy and yet cement friendships.

One factor of great importance when planning your plantings is maintenance. If you have a green thumb and enjoy working in gardens regularly, you can really have a beautiful garden with special collections of shrubs. Or perhaps you are one of those folks who just wish to enjoy the privacy of your back yard as you loll in

a hammock on your patio on Saturday and Sunday afternoons and watch or listen to ball games! In designing a garden it is important that you consider this. If you do not like to mow grass, perhaps ground covers or pebbles are the answer. If you personally like to weed flower beds, that is fine. If you had rather do something else, then just mulch your plants with pine straw or shredded bark, or perhaps with black plastic.

A well planned garden usually requires a minimum of maintenance and can stand some neglect. This means that plants that are not temperamental must be used, and a simple arrangement in a natural manner will add to the loveliness of the planting.

One word of caution---do not try to plant one of everything you have ever seen, nor do you want to take every plant that is offered. Repetition in the use of plants makes a landscape planting more attractive. A plant collection, while of horticultural interest, is not particularly attractive for a landscape planting, so don't let your love for plants lead you astray and make your garden a hodgepodge rather than organized beauty.
