BARCLAY K. REED

NEW HOURS 9-9

Barclay K. Reed of McLean, Virginia and Sanibel Island died October 14 in a Washington, D.C. hospital.

Mr. Reed spent much time on Sanibel and as owner of the Sandpiper Cottages on Sanibel he was well known and made many friends.

He is survived by his wife, Eleanor and two sons, Perry and George.

Graveside services were held October 16th in West Virginia.

SYMPHONY ORCHESTRA

The Fort Myers Symphony Orchestra, under the baton of conductor Arlo Deibler, begins its eighth exciting season on Saturday, October 26 with a colorful program of music for guitar and orchestra, featuring renowned classical guitarist Juan Mercadal.

Mr. Mercadal, a native of Cuba, has been a resident of Miami since 1961. He made his United States concert debut on March 5, 1961 before a large and wildly enthusiastic audience in White Temple Auditorium in Miami. Since then he has given concerts throughout the United States and South America, receiving rave reviews at every performance. Doris Reno, music editor for the Miami Herald, said in a review, "Everything that can be done on a guitar, Mercadal can do, the faintest, lightest stroked tone to incredibly brilliant pyrotechnics that sound almost orchestral." Mr. Mercadal is presently on the faculty of the University of Miami, Department of Music, teaching classical guitar.

Saturday's program will begin with a performance by Deibler and the Orchestra of the Brahms "Academic Festival Overture," followed by the featured piece of the evening, the "Concerto No. 1 for Guitar and Orchestra" by contemporary Latin American composer Radames Gnattali, with Mercadal and the orchestra joining forces. After the concerto, Mercadal will perform music for solo guitar as an encore.

After the intermission, Deibler and the orchestra will play the great and noble Fifth Symphony of Beethoven. This is the so-called "Victory Symphony" used as a theme by the Allies during World War II as a symbol of hope, determination and final victory.

The concert will be held at the Fort Myers Senior High School Auditorium on Cortez Blvd., and will begin at 8:00 p.m. Tickets are \$2.00 for adults, \$1.00 for students, and may be purchased at the door or by calling the Symphony Office at ED 4-3256. Children under 12 are admitted free.

REAL ESTATE NEWS

Sanibel Captiva Real Estate reports the following closings: Four lots in Sanibel Center to A. A. Malawaski of Levittown, N.Y. from W. S. Bartelt of Zion, Illinois.

Two lots in Sanibel Estates to Mr. & Mrs. Albert Keet of Fort Lauderdale, from Sanibel Estates Development Corp.

Priscilla Murphy, Realtor reports the following sales:

A Gulf front lot on Sanibel Island to Mr. & Mrs. Robert C. Lake of Pontiac, Mich. from Mr. & Mrs. James Cope of New York City.

Lots 1 & 2, 31 thru 38 inclusive in Blk. 2, Sanibel Shores Unit #1 to Mr. & Mrs. Charles G. Patterson, Jr. of Lynchburg, Va. from Francis, Jr., John M and Sam Bailey.

SMOKING PROGRAM PLANNED FOR ELEMENTARY STUDENTS

The Charlotte-Lee-Collier Interagency Council on Smoking & Health met this week to finalize plans for the Intermediate Conference on Smoking and Health to be held October 16 at the Edison Park School in Fort Myers.

98 elementary students from Charlotte, Lee and Collier Counties are expected to attend this program to hear Doctors John Agnew and Joseph Isley speak on the health hazards of smoking.

This conference, the first of its type for elementary students to be held in Florida, is an outgrowth of a similar program held last January for junior and senior students who suggested that the Interagency Council present a smoking and health program to their younger brothers and sisters.

The Charlotte-Lee-Collier Interagency Council on Smoking & Health is composed of the Florida Heart Association, the American Cancer Society, the TB & Respiratory Disease Association of Southwest Florida, the county public boards of instruction, and the school health departments.

The following poem written by Mrs. Eleanor Douglas Clapp of Fort Myers appeared in the December 1965 issue of Columbia Magazine. With their kind permission we are reprinting the poem for her many friends and acquaintances on Sanibel and Captiva Islands.

A PRAYER FOR PEACE

Open our eyes and let us see
The beauty of Thy artist's touch
That all may know how close to
Thee

Our lives could come and mean
so much.

Open our ears and let us hear
The harmony that springs from
Thee

That all may sing without the fear
This world will crumble with you
and me.

Fill our souls once more with
truth

So we can save this twisted earth
that all may shape anew and youth
can live again Thy way from
birth.

Give us the inner strength we need
So the hovering wars will cease
That all may ask for Him to lead
The world from chaos into peace.

CHRISTMAS PRESENT IDEA

You may get a beautiful portrait map of the world by Rand McNally if you will send a \$2.00 donation to the disabled veterans, Cincinnati, Ohio, 45214. Ruth Hunter says they make a handsome wall decoration as the colors are outstanding.

BLUE CIRCLE

The ladies of the Blue Circle will meet for the first time this season on Monday, November 4, at 2:30 p.m. to make bandages for the sick and poor throughout the world through the Catholic Medical Mission Board.

For information phone Ruth Hunter, GR 2-3943.

Hialeah Race Track's flamingo colony has been increased by 85 hatched additions, bringing the population of the only flamingo colony of its type to well over 500.

**EXPLANATION
RATE INCREASE
ISLAND WATER**

In 1966 Association agreement with Water Association agreed to purchase per thousand gallons was arrived at projected cost that time they ing the first year Island would 100,000,000 (one hundred million) gallons of water. The islands would use approximately 60,000,000 (60 million) gallons of water. The estimated cost was based on a total production of 160,000,000 (one hundred and sixty million) gallons of water. At the end of the first year the actual cost of production was to be determined and the Island Water Association was to adjust the price to the true cost retroactive to the start of production. It was anticipated that this cost would be adjusted only by fractions of a cent.

However, at the end of the first year the Islands had used 66,000,000 (66 million) gallons of water or 6,000,000 more than anticipated, while Pine Island had used only 33,000,000 (33 million) gallons or approximately 67 million gallons less than they estimated.

Due to certain fixed charges the lack of consumption on the part of Pine Island ran the production costs up by nearly 9¢ per thousand. As a result, since April the Island Water Association has been subjected to increased cost of water without being able to recover by a rate increase. The situation is further complicated by the fact that the Water District was required to start repayment of its F.H.A. loan 60 days before we actually started the sale of water.

In April we requested an increase but engineers reviewing this matter for the County, District and the F.H.A. determined the increase requested to be insufficient as it applied only to the bulk users or 39% of our customers. They pointed out that it would take the District at least 5 years to work its way out of its financial difficulty and suggested we broaden the base of the increase to include minimum users and add additional charges to bulk users.

The Water Board acted on these recommendations and the resulting increase amount to \$2.00 per month increase in the minimums and the bulk rate was raised to 75¢ per thousand gallons of water.

Due to the fact that we have been trying to reduce this deficit the Water District has limited its personnel and maintenance expense to a dangerously low level. Therefore, we feel that this increase plus a reexamination of our costs will move the Water Association into the black within the next 18 months and at that time increased Water Consumption and rate adjustments should result in the Water Board reducing the rates.

**UNITED TELEPHONE NAMES
GENERAL COMMERCIAL MGR.**

Harry D. West, Personnel Director for United Telephone Company of Florida, has been named General Commercial Manager of the company. The announcement was made today by L. E. Travis, President. Named to replace West as Personnel Director was Michael M. Goldwire, formerly Personnel Administrator.

In his new capacity, West will have charge of business office training, practices and procedures development, rates, marketing, public information and advertising.

"We will devote our principal efforts," West said about his new assignment, "to improving training and procedures designed to render more effective service to

all customers."

West, who has been in the utility business twelve years, joined the Florida company in 1967 from United's telephone subsidiary in Iowa where he was in charge of personnel, training, public relations and advertising functions.

Goldwire, a native Floridian, will have charge of employment, wage and salary administration, management training and labor contract administration. A graduate of the University of Florida, Goldwire came to United early in 1968 from the personnel department of Continental Can Company in Houston, Texas.

Maynard W. Matz, formerly Director of Commercial Operations, has been assigned to special duties within the organization.

Travis also announced that

Data Processing has been re-aligned under the Controller, Kenneth W. Hansen, and John C. Kennedy, Data Processing Manager.

part of the meeting inasmuch as Houser is running for office.

All interested residents of the area are invited, including Captiva and Sanibel islanders.

**CANDIDATES TO SPEAK
TONIGHT**

An open meeting of the Fort Myers Beach Chamber of Commerce will be held at 7:30 p.m. tonight at the Commodore Hotel. All opposed candidates for office in or from Lee County have been asked to appear and speak briefly. Ray Houser, President of the Beach Chamber, states that without exception, all have accepted. At the end there will be a question and answer period for those who wish to question the candidates.

Don Bottorff, Manager, and Chad Wiltshire, President of the Ft. Myers-Lee County Chamber of Commerce, will conduct this

Visitors to Beachview Cottages this week are Mr. & Mrs. McGOWAN of St. Petersburg, Fla., there for a pleasant week of shelling and relaxing. Mr. and Mrs. C. H. GILMORE of South Charleston, W. Va., are back for their second visit this year and Mr. & Mrs. RAYMOND SALTER of Barlet, Ill., are back with their parents for their second visit to Beachview. The first was on their honeymoon.

South Seas Plantation reports minor damage to the golf course after an exciting time with Gladys. All is back to normal now after a fairly good scare.

ASK YOURSELF -

WHICH OF THE 2 CANDIDATES FOR DISTRICT 3 COUNTY COMMISSIONER HAS SHOWN A CONSISTENT INTEREST OVER THE LAST EIGHT YEARS IN SANIBEL-CAPTIVA PROBLEMS?

ELECT ROLAND Q. ROBERTS:

THE MAN WHO LIVES ON FORT MYERS BEACH!

THE MAN WHO KNOWS OUR NEEDS!

THE MAN WHO WILL DO SOMETHING ABOUT THEM!

VOTE FOR REPUBLICAN

ROLAND Q. ROBERTS

FOR LEE COUNTY COMMISSIONER — DIST. 3

PAID POLITICAL ADV.

Cherish That Moment

HUSTON PHOTOS

MO 4-6655 (NOT a toll call from the Islands)

STOP - LOOK - LISTEN

Roland Q. Roberts running for County Commission from Dist. 3 is one of our community leaders who is deeply concerned with our present problems which include the sanitation of the area and particularly at this moment when plans for a water pollution program study are in the works.

"We should take a look at Dade County sanitation problems," he said. "Pollution of its canals and streams has reached such a point that much waterfront has lost its value. In addition to the property loss, the cost to the County of a new sanitation answer is estimated at 323 million dollars...in addition to the millions they have already spent. Their mistake was due to lack of foresight in planning.

"This extremely high cost to the taxpayers could happen to us unless our sanitation plan is an integral part of the county-wide planning for which I have been pushing for years and which we are already paying for in the service of Adley and Associates.

"Florida counties are experiencing enormous growth beyond one's wildest dreams. We must take into consideration what we, too, will need in the future as it would be terribly expensive for various sections of Lee County to go off on their own uncoordinated program which could mean they might have to redo the whole system and of course, at an increased cost to the taxpayer, because of not fitting into a master plan allowing for growth.

"Our Islands would probably have to have independent systems but I fell the sensible thing to do is to have a proper engineering survey in the County as a whole, and not run the risk of wasting millions of tax monies; the survey could be conducted by Adley and Associates if possible or if by another engineering group. It should be fitted into the joint overall County planning, thus insuring wise programs and saving many tax dollars."

BEACH NATIONAL BANK OPENS ON FT. MYERS BEACH

The new Beach National Bank of Fort Myers Beach, located at the corner of Estero Blvd. and Tropical Shores Way, opened for business Monday, October 21.

Pending the completion of its permanent building, the bank will be operated in temporary quarters consisting of a large mobile home which has been adapted to serve the public. The temporary quarters will be located directly behind the construction of the new bank building and will be accessible from Tropical Shores Way. While the staff will be limited due to the size of the temporary quarters, there will be drive-in service and an adequate staff to serve the bank's customers.

Harry Fagan announced that banking hours will be 9 a.m. to 2 p.m., Monday through Friday. The bank will offer regular and special checking accounts, savings accounts, and commercial and installment loan service.

Ralph D. Dandridge, Vice President and Cashier, will be the executive officer and head a staff of six employees during the temporary phase. Other officers of the bank are Harry Fagan, President, and Edward M. Henry, Vice President. Directors are Fagan, Dr. Fred Snider, H. B. Foster, Lawrence W. Shafer, Sam W. Johnson, Eric S. McNab and Henry.

Construction of the permanent building is expected to be completed about the end of January 1969, and a formal opening will take place at that time. The main building will contain 5,700 square feet and an extra storage area plus drive-in teller windows and another 200 square feet. There will be parking for 35 cars when the building is completed and more space is available if needed later.

HAUNTED HOUSE TO OPEN

Again this year, the Junior Welfare League of Fort Myers is sponsoring the "Haunted House" for the children of Lee County during Halloween week. The maze-like tour through wierd and wacky rooms is highlighted by ghosts, ghouls, and goblins. The "House" is located at 2541 First Street, near downtown Ft. Myers. Admission is 50¢ per person, with all profits going to the League's community projects which include the Volunteer Service Bureau, the Youth Concerts, and Suitcase Museums for the Lee County Schools.

The "House" will be open October 26, 28, 29, 30 and 31st from 4 p.m. until 9 p.m. The deathly decor will delight young and old alike. To soothe the dry tongues and queasy stomachs, a concession area will be available for those who make it through the house. The children of this area need something exciting to capture the real spirit of Halloween. What fun to go through....."The Haunted House."

DAYLIGHT SAVINGS TIME

The nicest looking clock in town is created by the lovely Weeki Wachee Mermaids to remind residents to turn their clocks back one hour on Oct. 27. Although many object to giving up their extra hour of daylight, we say, "Clock it to me!" for that extra hour of sleep!

THE ISLAND SCHOOL NEWS

The first meeting of the Sanibel-Captiva P.T.A. was held on October 14th. After an Open House which gave parents an opportunity to meet briefly with the teachers and view some of the children's work, the meeting was addressed by Mr. Ray Pottorf, Lee County Assistant Superintendent of Schools. The meeting was well attended and parents had the privilege of asking questions concerning our school directly to our County Superintendent, Mr. Ray Williams, who was present with his wife and Mrs. Pottorf.

SCOUTS

Saturday, October 12th, Den 2 of the Webelos, Cub Scout Pack 88, took their first hike as part of their training in preparation for moving up into Boy Scouts. Cubmaster Gene Karr and his

wife Sally, along with "Tuck" Daniels, accompanied the boys on a 5 1/2 mile trek. The hardy group, including "Denner" Dale Legel, Mike Billheimer, Peter Burner, Tony Jordan and Ronnie Sabatino, made the trip from the Sanibel School to the Karr's house by way of the Ding Darling Sanctuary.

An exciting fishing trip has been scheduled for October 19th. Professional fishing guide, Bob Sabatino, will take the boys, and the lucky Cubmaster, to the Federal Pier to show them the latest expertise in catching fish. (Watch for the follow-up story next week.)

Fourth graders have been studying Alaska and have written about what interested them most.

ALASKAN INDIANS

by Barbara Purdy
A long time ago in Alaska

there were Indians and they lived in the woods. Indians had to use canoes to go places. They had no cars or planes of anything like that. The Indians lived in little houses made out of wood. They caught fish and they ate deer and other game. They used stones and bones for tools.

TOTEM POLES

by Isabel Gavin

A totem pole is a large carved tree. The Indians owned them long ago in the far lands of Alaska. It took Indian Artists several years to make the carved totem poles. A totem pole will stand a long, long time as a history of the Indian tribe or family. Some totem poles are still standing in the land of Alaska.

Second graders tell us how they feel about dogs.

DOGS

Dogs are good. I like dogs. Poodles are cute. Poodles like

chicken and boes.

by Ernest Liggins

I like dogs. I like poodles. I love my dogs. I love Princess and I love Hobo.

by Sherry Sabatino

I like Dachshunds. Dachshunds are cute. They have short legs. Dachshunds are happy dogs.

by Mary Mead Bailey

My dog is a German Shepherd. He went to the garbage and he knocked the garbage over, and when the parents came home, the garbage was spread all over the place.

by Ronie Holley

Another timely Poem.

GLADYS

by Gary Holtzman

Gladys came knocking at my door,
And picked the house up from its floor.

It blew the boat up on the shore,
And blew me down and hurt me sore.

by Hans Wilson

Gladys came knocking at my door,
It raised the tides that watered my floor.

We put everything in from out-
doors,

Then I was lucky, no school
chores.

Frank Schaub, candidate for State Attorney for the Twelfth Judicial Circuit which includes Manatee, Sarasota, Charlotte, Lee, Collier, Hendry, DeSoto and Glades Counties.

He has served as State Attorney since 1960 as a Democrat.

Other positions he has held have been Judge of the Combined Justice of Peace & Small Claims

Court of Manatee County, 1952-1956 and Attorney for Manatee County Planning & Zoning Commission, 1956-1959.

He lives with his wife, Evelyn and their 5 children at 1813 Manatee Avenue West, Bradenton, Florida and has been a practicing lawyer for the past 20 years.

Among the trials in which he has served as prosecutor and convictions have been obtained are the following lengthy and complex case:

State v. James Joseph Richardson, for the parathion poisoning of his children.

State v. Floyd Albritton, for the child-bearing death of an infant.

State v. Lemuel Dean Burnett, for the shotgun slaying of his girlfriend.

State v. Carl Coppolino, for the poisoning of his wife.

State v. L. A. Horsted, for the fatal shooting of a Highway Patrolman.

State v. Tommie Henry and others, as bolita bankers in Collier County.

State v. David Silar Marsh, for the scalding death of his infant daughter.

State v. Robert Williams and Newell Allgood, for the murder

of a State Road Department Guard.

State v. Woodrow Byers, first Gideon decision release, for higher-degree of murder than first sentenced to for the hammer slaying of his wife.

Mr. Schaub's reasons for seeking re-election are:

1. Our communities need the services of every experienced prosecutor and police officer with the rapid increase in crime, the widespread lack of respect for police and the law, and the continual erosion by the Supreme Court of the evidence and laws needed for convictions.

2. To complete the development of the State Attorney's Office in this Circuit to a prosecution agency second to none.

3. To obtain the results possible from the forthcoming power to appoint the Assistant State Attorneys and the legislative recognition of our budgetary needs.

4. To establish a co-ordinated effort between prosecutors, law enforcement agencies, educators, members of the medical profession, and parents, to convince our youth to refuse to try any form of narcotics or hallucinatory drugs.

5. To continue the widespread image of our area as the most law abiding in the State of Florida.

6. To insure that the hard fought and expensive convictions we obtained in such cases as the Richardson, Coppolino and Sikes cases are not reversed by the higher courts.

7. To afford training and education to police officers whenever requested.

CANDIDATE FOR SUPERVISOR OF ELECTIONS

H. Clark Kenyon is the Republican Candidate for Supervisor of Elections for Lee County. His reasons for seeking this office are:

1) to make the office one where every qualified person can transact his business according to the dictates of his conscience and not be afraid of being criticised;

2) to apply proper business practices so that errors will be eliminated;

3) to give more courteous treatment and better service to all;

4) to staff the office without nepotism.

The Kenyon Platform is "Courteous treatment to all."

Since coming to Cape Coral in 1964, he has engaged in certain civic activities and for the past three years has been a director of the Cape Coral Retired Citizens, Inc. and is their legislative Chairman. He is a member of the Association of Lee County Residents, Inc., a non partisan organization created to stimulate impartial and effective government at all levels; promote efficient use of public funds and assist and protect consumers and any other matters effecting the general welfare. During the teacher walk-out this year, Mr. Kenyon taught mathematics IX at the Cypress Lake High School.

Mr. Kenyon, with his wife, Lillian and 22 year old son, Harold reside at 5418 Coronado Pky., Cape Coral, Florida.

He was born Nov. 27, 1903 at Westerly, Rhode Island, the son of a machinist. After spending his early years in New York, his family moved to East Hartford, Conn. in 1919.

Mr. Kenyon was educated in the public schools, attended Trinity College and is a graduate of the Hartford College of Law, a division of the University of Connecticut. He has to his credit several accounting courses from

that University.

Mr. Kenyon has been active in all phases of sales, service, administration and executive positions in a family owned auto parts and machine shop service in Hartford, Conn. In 1951, he left this firm to spend five years with Hamilton Propeller Division of the United Aircraft Corp., in the capacity of purchasing agent for small tools and machine parts for their machine maintenance crib. In 1956, Mr. Kenyon returned to the Kenyon Bearings and Auto Parts Company from which firm he retired in 1964.

FLORIDA DEPARTMENT OF VETERANS AFFAIRS

Melvin T. Dixon of the Florida Department of Veterans Affairs announced today that Absentee Ballots must be applied for in writing, either by the voter himself or by a close family member, for military personnel.

Application forms are generally available from the Board of Registrars of each county, or such applications may be made in a letter or on any form so long as the required information is furnished. Such information should include the name and resident address of the elector, the address to which he desires his ballot to be mailed; the identity of the primary or election he wishes to vote in and in the case of electors in the active Armed Forces, his rank; branch of service; and serial number.

The application must contain for a Primary Ballot is a designation as to whether the voter wishes to vote in the Democratic or Republican Primary. It is important that the application for an Absentee Ballot be made as soon as the Elector knows he will be out of town or physically unable to go to the polls, but it should not be made earlier than 90 days before the Primary or Election. Applications received later than five days before the election cannot be processed if the ballot has to be mailed more than 300 miles from the Registrar's Office. No Absentee Ballots may be mailed later than two days before Primary or Election. However, it is noted that the Elector may vote by Absentee Ballot in the Registrar's Office until the close of business on the day before the Primary or Election involved, but NOT on the election day itself. Military personnel and their dependents may have their ballots witnessed by any Commissioned Officer of the Armed Forces of the United States.

EDISON JUNIOR COLLEGE

"The In Trend," an art exhibit consisting of twenty-one psychedelic posters from the University of South Florida, is now on display in the Learning Resources Lobby of Edison Junior College as part of the college's Fine Arts Program. Representative of the hippie movement, these posters were

selected and purchased by James R. Camp, Director of the Florida Center for the Arts at the University of South Florida from the Infinite Poster, Inc., in New York for an exhibition on their campus. They are on loan to Edison Junior College through November 18. Art exhibits have been scheduled throughout the season as a part of the fine arts series.
