AUDUBON INITIATIVE COMMENDED

In connection with the local Audubon reward for Alligator and Turtle poaching information, Mario Hutton, President, recently received the following letter:

Dear Mario:

I trust your ears are burning every time Sanibel-Captiva Audubon is mentioned at alligator conferences, and last week at the Senate Natural Resources and Conservation Committee meeting at the Capitol, when Senator Henderson's "package" of alligator bills was discussed and passed by the Committee, Sen. Henderson feels that the example you set in creating the reward for information on poaching will do the trick, if anything will, in getting a State Law passed that will enable the Game and Fish Commission to set up a similar \$500 revolving award. (SB 238 and HB 834.) If this gets through, maybe the State Board of Conservation could be permitted to offer a reward for sea turtle poaching information, and again use Sanibel-Captiva Audubon as an example.

/s/ William M. Partington, Assistant Executive Director, Florida Audubon Society.

A NEW LOOK AT THE OLD LIGHTHOUSE

COUNTY BOARD MEETING

Priscilla Murphy, Sanibel Realtor, advised the Commissioners there are "no Gulf front lots available for purchase on Sanibel Island and one small Gulf front lot on Captiva."

"We have been deluged by requests for such property," she said, "but have been unable to fill them because there just isn't anything to be had."

In view of this, the Realtor said, no more land should be zoned commercial on Sanibel or Captiva. She added that for the best interests of all concerned, more land should be reserved for residential purposes. The Commissioners received the letter as information.

GAME NIGHTS

The Friday night card games are getting better and better. At the May 9th games, 5 tables played Bridge, Canasta and Pinochle. Door prize was won by Mrs. Laura Messimone of Fort Myers, Fla.

Come out and join the crowd and meet your fellow Islanders next Friday May 16, 7:30 p.m. Everyone welcome, singles or partners.

The month of May Game Nights are being hosted by Fae and Charles Muller, of the Black Pearl's "Li'l Jewel" cottage.

To The Islander:

Please reprint this article appearing in the Ft. Myers News Tuesday. I believe that now that skeeters once more replace the tourists on Sanibel, we could use a grin between two bites. Skeeter Bait. (Below reprinted from the Fort Myers News Press.)

BIRDS AND SKEETERS

I can't believe anyone would write a letter such as "Save Mosquitoes" which appeared in your paper May 2. To quote, "The senseless liquidation of this insect is creating a serious unbalance in nature for which we, the nature lovers, will suffer."

I am a nature lover too but I don't want to adopt a mosquito or send one to camp for the summer. It's bad enough that they come on all my fishing trips and picnics. Next this guy will be telling us, "ants are good for our pants."

Being a bird watcher is great if you like bird watching. But if it is going to affect someone like this, he'd better take up pine-cone watching. Can you imagine anyone breeding mosquitos? We need mosquitos like Custer needed another Indian.

This man is worried about the birds eating. He no doubt has had a "man to bird" conversation with a local bird and found out that their favorite dish is breast of mosquito, or for a quickie lunch, mosquito patties. Then for the younger birds we have frozen mosquito-cicles. Has this man ever heard of bird food or bread crumbs?

Just think back when you were a kid, how many times did your mother tell you to go out in the backyard and throw the birds a handful of mosquitos? If they must have meat, I'd rather leave bologna sandwiches in my backyard than mosquitos. And I don't think if the birds lack vitamin 'M' they would suffer a loss of feathers or develop pimples. Does he think the NBC peacock got so colorful by eating mosquitos. Or maybe he thinks it's a chicken on LSD. I know most

TRUE FISH STORY

On Friday, May 9, thirty-six
anglers aboard the party boat
Blue Heron, besides many red
and black grouper, hauled in six
hefty giant sea bass. No less than
50% of these monsters were reel-
ed in by Sanibel anglers; two by
Mario Hutton, and one by 'Uncle'
Clarence Rutland, who accounted
for the biggest, a whopper weigh-
ing in the vicinity of 200 lbs. The
trunk of Mario's car was not big
enough to accomodate the record
catch, so a phone call to Sanibel
brought Cliff Guthrie to the res-
cue, who was able to bring back
the overflow in his station wagon.

SKIP PURDY, 21, son of Mr.
& Mrs. HERBERT PURDY of
Segunda, returned from Vietnam
on the 11th and left again yester-
day.

SHELL HARBOR INNNEWS

Irene and Bill Tagert of Aspen, Colorado, long time visitors to Sanibel and the Gallery Hotel are now at Shell Harbor Inn. The Tagerts have been doing well at both shelling and fishing. Mrs. Tagert found a perfect live golden olive along the beach near the lighthouse, while husband Bill has been having exceptional good luck catching snook and large reds up to 18 pounds.

Mr. & Mrs. Joe Rakes of Perth Amboy, N.J. arrived at Shell Harbor Inn Sunday afternoon. They got off to a great fishing start -- Sunday evening Mrs. Rakes caught a nice flounder and early Monday morning, Joe caught a 14 1/2 lb. snook.

Ed and Lois Botes of Akron, Ohio enjoyed leisurely fun in the sun last week. They are both getting beautiful tans and enjoying Sanibel to the utmost.

Bill and Evelyn Herget from St. Petersburg, who arrived Sunday are hoping to have the luck of the other Shell Harbor guests in their fishing endeavors in the next week or so. Good luck to them.

Mr. & Mrs. John Cadwell of Burnsville, Minn., have been having a relaxed week and also expressed the desire to never leave Sanibel.

Mr. & Mrs. W. H. Corbett who landed at the airport on Sanibel Tuesday afternoon have been taking it easy and letting the rest of the world do the worrying. They are here for a rest and a fun vacation.

HATS OFF

To Ruth Ross and her young pianists who tinkled the ivories beautifully at their piano recital last Sunday at Community Church. The boys and girls played so nicely, surely there must be a future virtuoso among her talented pupils.

A RARE, RARE FIND

Roger Britton of Longwood, Florida probably found one of the rarest shells this Island has produced for some time; a beautiful perfect, live, albino olive, 1 1/2" long.

Mr. Britton and his family are staying at High Tide and he found his "Shell" near the Steam Boat on Tulipa Way, April 30th on the night low tide.

people have bird baths in their yards, I do, and I have yet to find a note from a bird asking for mosquito-ade.

He also said "Statistics prove that there are fewer birds now than ever." I wish this guy would come and look at the windshield of my car. He also said that the decrease in the bird population is largely due to the mass murdering of bugs by scientific methods. Well he can feel at ease, I've heard that a couple of the newest methods of exterminating will be to send 83 Boy Scouts through the state with fly swatters. Or to send out 71 flamenco dancers to go out and jump on all the eggs. Well, that's my answer to him, and I hope a termite eats his coo-coo clock.

BOY SCOUT TROOP 88

Boy Scout Troop 88, of Sanibel and Captiva, participated in the Southwest Florida Camporee that was held in Fort Myers recently. This event was the local troop's first inter-troop activity, as the island troop is the baby of the Council. Although little of age, the boys proved very efficient in Scoutcraft and placed third in First Aid and Map Reading competition.

The troop was led by Assistant Scoutmaster Chuck Holloway, and supervised by Hans Wilson, Senior Patrol Leader. Well done boys!

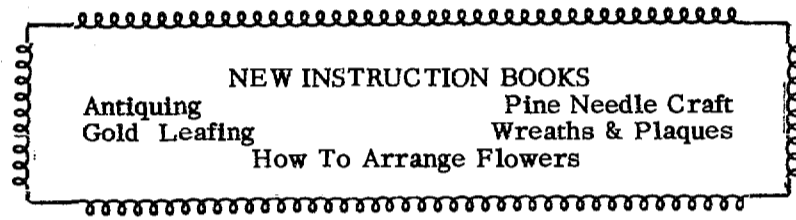

DAN and HOLLY MOORE of Periwinkle Apts., entertained their son and daughter-in-law DAN and JULIE MOORE from Owego, New York for the past two weeks.
