SANIBEL-CAPTIVA CONSERVATION FOUNDATION RECEIVES GRANT

A grant of \$25,000.00 from the Alice M. O'Brien Foundation, St. Paul, Minn., to the Sanibel-Captiva Conservation Foundation has been announced by the latter's Board of Directors through its chairman, Roy E. Bazire, and by Mr. Terence O'Brien, Director of the Minnesota organization. Mr. O'Brien and his family have been longtime members of the Captiva community.

The grant was made for the purchase of lands as part of the Foundation's project for a Sanibel fresh water wetlands sanctuary, complementing the J. N. "Ding" Darling Sanctuary in the salt water tidelands.

It brings total funds raised by the local Foundation to almost \$125,000 of its \$375,000 budget goal, Bazire reported. In addition, gift of land have a total value in excess of \$50,000, and the Foundation also has available a substantial line of credit with The Nature Conservancy,

continued to back page

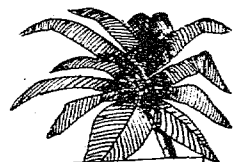

Pictured above are Stephen "Skip" Walter, member of the Sanibel Volunteer Fire Department, who manned the station during the drive for clothing and supplies for the victims of hurricane Camille, along with Mrs. Dianne Mann on the right and Mr. Derwood Sippola, members of the Salvation Army who have done such a wonderful job in collecting the needed articles. This van was "filled to the brim" when they left and an additional load was carried into town on Friday.

All the wonderful people who have helped in this campaign by donation; or volunteering their services in any manner should be justly proud of what has been accomplished. There may be some hope for this old world yet, when the people in it can respond to the needs of their fellow man the way the people of these great United States have responded to the needs of the many, many victims of Camille. THANK YOU!

SANIBEL LIBRARY

We have many books of the latest editions on our rental shelf. To offer more of the latest books we have a rental shelf (a very small charge) and we suggest you take a look at these latest books. Among the group are, Iberia by Michener, The Godfather by Puzo, Ada by Nabakov and Twelve Cities by Gunther. Also in the group are mysteries and for the teenagers such titles as: Peter Beagle, Su Walton, Beatles, Rock and others.

Come and select from our rental shelf and you will be reading the latest books.

RECORDS

Have you checked out one of the many fine records now at the Sanibel Public Library? Pop, vocal, bands, rock & roll, country and Western, all by popular recording artists and bands. We are proud of our record collection. Come one, come all and join the many who are enjoying this newest service of our Sanibel Public Library.

REPORT ON HURRICANE CAMILLE

The total Red Cross figure as indicated at the present time is \$15,000,000 (15 million dollars.) Of this quota the Lee County Chapter share is \$3,077.

Houses destroyed, 5,506; homes with major damage, 12,409; homes with minor damage, 24,227; families suffering some loss, 66,202; individuals receiving mass care, 100,000. There are 20,000 people who will receive recovery assistance in small business and replacement of boats.

While Red Cross has been engaged in mass care of disaster victims since the storm first moved toward the coastal area, and this phase of its operation will continue for some time, with 250 national Red Cross disaster workers at work in the area, the organization is now moving as quickly as possible into the individual family recovery assistance phase of its operation. When the Red Cross case workers interview families they survey their losses and replace on basis of need, which is an outright gift from the American people.

More than 245,000 meals have been served to victims and disaster workers from seven Army field kitchens and 23 mobile vans which travel throughout the stricken area. There are 25 shelters housing and feeding displaced persons and 20 first aid stations are being staffed by Red Cross nursing staff and volunteers.

It was only nine years ago that Red Cross dispersed to 563 families in our area the sum of \$155,000 in recovery assistance. Let us not forget, count our blessings and show our gratefulness by being generous in our contributions to the most worthy cause of our century.

Exceptional small business opportunity just waiting to be snapped up by an energetic husband and wife team. Will pay for itself in less than a year and will make a good living every year thereafter.

Gulf front parcel in more secluded area. Approximately 200 ft. wide x 350 ft. deep. Excellent for gulf front apartment building.

Gulf front parcel with a total of 8 beautiful acres. Excellent location. This is ideal for luxury condominium complex.

Lagoon Estates: Nice large lot on fresh water lagoon. Excellent fishing at your own back door. Very attractive area. Zoned duplex or single family residence. Priced from \$4,200 to \$4,500 with terms.

Sanibel Pines, attractive lots covered with lovely Sabal palms and pine trees. Lots measure 100 ft. x 110 ft. and are ideal for use as vacation cottage sites or moderately priced retirement home. Zoned for duplex or single family residence. Only \$3,000 with terms.

Exclusive Living on SANIBEL

SUNSET SOUTH GARDEN APARTMENT CONDOMINIUM

The Sunset South Condominium concept is one frankly aimed at providing exclusive luxury living for a compatible few, in deliberate contrast to the current trend of city-type, cliff-swalling, highrise structures. These are spacious two bedroom, 2 bathroom apartments with just 4 units to a building. Our master plan of only 14 buildings will limit occupancy to a select few, 7 are already under construction. Sound clubby? It is! With private fresh water pool, cabanas, putting green, club house, etc---the works. You'll have the new Country Club and Golf Course on one side and the wide, sparkling white sandy beach of the Gulf of Mexico on the other.

There is still time to qualify. Price range---\$35,500 to \$49,500.

HERE'S A 'SALTY' BOATING QUIZ

The era of "Iron Men in Wooden Sailing Ships" produced a unique language of the sea which still survives, at least in part, in this age of fiberglass yachts and high-horsepower outboards, reports Green Keltner, Johnson dealer at San Carlos Marina.

While today's boater would scarcely use the barbed commands that once flew across the decks of great sailing ships (try telling your first mate "Bowse from the larboard thwart or we'll roll), some basic nautical terms are an integral part of the jet age skippers' command, and many of the more commonly used terms of today are derived from a few words from the past in the nautical language. See how many words in Column A you can match with the correct meaning from Column B.

- | | |
|--------------|---|
| 1. Stern | A. to overturn |
| 2. Capsize | B. upper rail of vessel |
| 3. Bull | C. side opposite that from which wind blows |
| 4. Wake | D. buoy tapered at both ends |
| 5. Starboard | E. left side of boat facing forward |
| 6. Lubber | F. green light marks it at night |
| 7. Amidships | G. greenhorn aboard ship |
| 8. Lee | H. after end of vessel |
| 9. Binnacle | I. seats across boat for oarsmen |
| 10. Bar | J. path a vessel leaves behind |
| 11. Draft | K. movement of vessel through water |
| 12. Fathom | L. to lift up |
| 13. Gunwale | M. toward the stern |
| 14. Thwarts | N. the direction of an object from the person looking |
| 15. Way | O. center of a vessel |
| 16. Port | P. bank or shoal |
| 17. Nun | Q. receptacle for the compass |
| 18. Aft | R. sailor's term for a small keg |
| 19. Bearing | S. depth of water needed to float vessel |
| 20. Bearing | T. six feet |

In case you're trying to translate the command above ("Bowse from the larboard thwart or we'll roll") here's how it would go: Pull that tackle (bowse) from the starboard (larboard) seat (thwart) or we'll roll and pitch (labor!) Or something like that.

ANSWERS TO QUIZ: 1-L; 2-H; 3-A; 4-R; 5-J; 6-F; 7-G; 8-O; 9-C; 10-Q; 11-P; 12-S; 13-T; 14-B; 15-I; 16-K; 17-E; 18-D; 19-M; 20-N.

You may ALSO be an Island Beachy basket case --- if you get as confused by the following riddles as we were. By the way, if you can figure them ALL out, write the answers on a post card and mail to the Islander, P.O. Box 2827, Fort Myers Beach. The first proper set of answers received will get a free one year's subscription to the Islander for a year.

By the way, the photo is by Larry huston. (That's not supposed to be part of the puzzles!)

1) The Big Indian and the Little Indian were walking down the road. The Little Indian was the Big Indian's son, but the Big Indian was not the Little Indian's father. Why?

2) "Brothers and sisters have I none, but this man's father is my father's son." What relationship is the person speaking to the person who is being spoken about?

3) A frog at the bottom of a forty foot well jumps up three feet every day and every night falls back two feet. How many days will it take him to get out of the well?

4) What is the start of all eternities,
The end of time and space,
The beginning of every ending ---
And yet the end of every race?

And with that, all we can say, is good luck, have fun and try to get the right answers.

SANIBEL-CAPTIVA CONSERVATION FOUNDATION
RECEIVES GRANT

Washington, D.C.

Membership in the local Foundation has reached a total of 584 persons, this having been achieved in little more than a year, according to Bazire.

Signing of a contract for an engineering study of Sanibel's interior fresh waters was also announced by the local Foundation. This is with Black, Crow and Eidsness, leading sanitary engineering firm in Florida, with offices in many cities and headquarters at Gainesville. Results of the study are expected in about three months. It is part of an overall project dealing with the preservation, protection and management of Sanibel's unique fresh water system that includes research under way by faculty and students of Florida Atlantic University, Boca Raton.
