DON'T FORGET

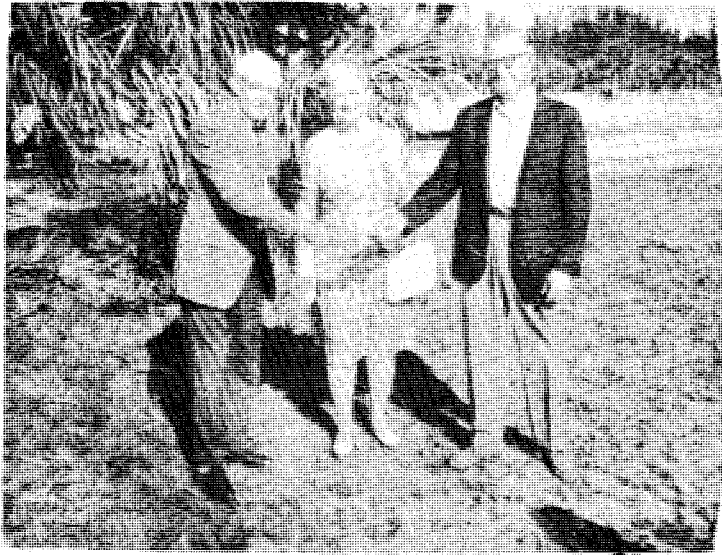

The annual general meeting of the Chamber of Commerce, April 19, 1971, will be held at the Chamber of Commerce building at 8 p.m. Come and bring a fellow member. There will be election of officers.

AUDUBON ANNUAL MEETING

The Sanibel-Captiva Audubon Society holds its annual meeting tonight, Thursday, April 8, at 8 p.m., in the Sanibel Community House.

Following the president's and treasurer's reports, members will vote on the slate of candidates for officers submitted by the nominating committee, that includes: Mario F. Hutton for president; Griffing Bancroft for vice president; and Louise Goodwin for secretary-treasurer. No new directors will be appointed to the Board this year, in view of the fact that the term of none of those presently serving will expire until April 1972.

After completion of the official business on the agenda, a full "photo-verse" program will be presented by Mario Hutton. The show will include some of his latest compositions, such as 'Beyond Beauty' and 'My Rhapsody in Blue.' Also to be presented are 'Duty before Beauty,' 'The Yucca Parade,' 'Homing Ibis' and 'Woodmen of the World,' besides a selection of Mr. Hutton's all-time most popular features. As usual, the meeting is open to the public, and all are cordially invited.

SANIBEL PUBLIC LIBRARY

Another milestone has been passed in the ever developing progress of the Sanibel Public Library. Over one half acre of business property has been donated as a building site for a new and enlarged Library building.

This business lot on Pine Ridge Drive was given to the Library on March 31, 1971 by Mr. & Mrs. Gerald T. Martin. A building committee has been active with plans for an enlarged library. Now with this generous gift of a centrally located lot, more definite and detailed plans should be forthcoming. (A recent report to the contrary was in error.)

It is anticipated that the new facility will be approximately four times the present area and will include reading rooms, a conference room and ample space for exhibits. This large lot will enable a much greater parking area. At the deed presentation, which took place on the property, many of the volunteer workers of the Sanibel Public Library were present.

PROJECT LOGGERHEAD

Very shortly, with the arrival of the 1971 sea turtle nesting season in Southwest Florida, which generally begins in mid-May, the Caretta Research workers will begin the third year of "Project Loggerhead." The overall project is aimed at studying the ecology of the population of loggerhead turtles (Caretta caretta caretta) that make nesting visits to Sanibel-Captiva and other locations in Southwest Florida, to foster education of young people in local schools on our endangered environment and wildlife; collection and transplantation of loggerhead turtle eggs in areas where certain predators cause great losses in turtle colonies; and the releasing of young turtles produced in hatcheries at strategic locations once they have been brought through incubation; and limited captive rearing in tanks, on Sanibel and in several classrooms of the Lee County schools of young turtles for release at approximately 10 months of age.

Plans for 1971 include the establishment of two additional hatcheries on the west coast of Florida and tagging of adult turtles will continue to be an active program by

Inside a pen shell she found a live squid. Marge is a great shell collector and her husband John is a great bird watcher. TARPON BAY MARINA

Letter To The Editor

TO THE ISLANDER:

Will the lady or gentleman who demolished our driveway bench, please fix it. We can't. Thank you.
/s/ Pirate Playhouse.

TO THE ISLANDER:

I believe a vote of thanks is due the members of the Sanibel Fire Department and the many volunteers who fought the large fires on the Island Saturday, the 27th.

We are extremely fortunate in having such dedicated people when there is such an emergency. I am sure we all realize what would have happened if these fires got out of control as there are so many homes surrounded by trees and shrubbery.

This is the only means we have to thank so many who worked so long. Please accept our gratitude for a job well done.
/s/ Sidney G. Keevil
Sanibel Island

TO THE ISLANDER:

A copy of the following letter was sent to the Islander for publication:
Mr. Bruce Scott, Chairman
Board of County Commissioners
Lee County Building
Fort Myers, Fla.

Dear Commissioner Scott:

As a property owner on Captiva Island I write to express my opposition to two proposals recently recommended to the Board of County Commissioners:

1. The petition of Trost International for multi-family and business zoning east of Tarpon Bay Road on Sanibel Island.
2. A building density ordinance submitted by Jamestown-Beachview and the developers of Captain's Walk Condominiums.

I am opposed to the above two proposals simply because such a concentration of people would render our current water and sewage facilities inadequate. The eventual addition of 35,000 to 40,000 people, should the proposals be approved by the Commissioners, would be nothing short of a disaster for Sanibel-Captiva.

/s/ Terence G. O'BRIEN
St. Paul, Minn.

TO THE ISLANDER:

Conservation or Ecology is more than protecting our wildlife. Wildlife includes grass, weeds, bushes and trees needed for two or four-footed animals.

Sanibel and Captiva Islands have some vegetation unique in Florida, as described by Mr. Comsey, Mr. Brumbach and listed by Mr. Coombs.

Let us go one step further. Let all of us plant seed, or transplant these unique specimens before the bulldozers put them on the extinct list.

Let every residence be a living museum of our flora. Could the Sanibel-Captiva Conservation Foundation collect from our amateur and professional botanists the description, propagating ways, and care of these plants or trees? Could some artists sketch them? A pamphlet containing this information could be sold to the benefit of the society and it would enable everyone to participate in our flora conservation.

/s/ Mrs. Yvette Remus
Sanibel, Fla.

SANIBEL ROCKS CIVIC ASSOCIATION

A formal meeting of an expanded executive committee of the Sanibel Rocks Civic Association was held last month at The Rocks on Sanibel Island.

This incorporated association is made up of concerned local taxpayers to Lee County. It is one of the largest and older groups of its kind on Sanibel Island. Many of its members, both men and women, have aided directly or indirectly in the establishment and operation of the Sanibel-Captiva Planning Board. Continuing support and advice was pledged to that Board and appropriate public officials on matters promoting the tempered growth and general development of the islands.

The executive committee also reaffirmed the Association's original purpose of providing strong public emphasis to those aspects of Sanibel problems that especially affect The Rocks area. Cited as some of those problems were: housing density; water supply and costs; sewage disposal; garbage and

trash disposal; taxation and county budget and services; road and bridge proposals; beach protection and use; fire protection; building and zoning codes amendments and enforcement; and adequate, strong law enforcement services to protect the peace and tranquility of Island life.

Colonel Robert C. Aycock was selected by the executive committee to serve as the Association's president to succeed B. K. Tremaine, who will continue to serve in an advisory capacity. When asked to comment on the Association's future, Col. Aycock said, "I consider it a distinct honor to be chosen to this post. With the varied talents available in the membership, the Association should become a strategic marshalling point for constructive thinking on Sanibel's future welfare. I look forward to a continuance and broadening of our liaison with the Island's other fine groups that have a similar goal."

Other officers of the Association appointed by the executive committee are: Donald J. Marshall, 1st V-P; B. K. Tremaine, 2nd V-P and Advisor; John M. Vanarsdell, treasurer; Ken M. Walter, secretary; and Paul A. Howe, public information.

The current expanded executive committee, in addition to the above named officers, includes John Cook and James Robson, Michael C. Jackson, a Fort Myers attorney prominent in past efforts by the group on the Island's behalf, has been asked to represent the Association in its legal and legislative matters.

BOULRIS HEAD OF S.W. AUDUBON AGAIN

The Audubon Society of Southwest Florida met Friday evening at the Recreation Center South in Fort Myers and reelected Leo Boulris president; Bill Hammond, first vice president; Jim Nisbet, second vice president; Mrs. Joseph Bonak, recording secretary; Mrs. Dorothy Klemmer, corresponding secretary; and Byron Wilson, treasurer.

Bee-keeper Ralph Wadlow gave a program on the pollination of crops in Lee County by honey bees, and honey making, showing live bees at work in a glass sided hive, and a film on honey bees by Disney.

The ARK, conservation movie, was shown by Bill Hammond, Lee County school science coordinator, and Dave Gamble showed a film of Jungle Larry's in Naples.

Hal Scott will speak at the annual dinner at the Kiwanis House on April 23. Scott is Florida Audubon executive director. Over 100 members attended the meeting showing much interest in the bee hive, especially.

SPECIAL DISPLAY AT LEGEL'S GALLERY

A special display of art works by the Adult Education Classes in Lee County will be shown for one week at Legel's Art Gallery starting on April 17 at 9:30 a.m. On Sunday, April 18, there will be a showing of the paintings from 10 a.m. until 4:30 p.m.

The public is invited to come and see these art works of note by local talent. Take down time will be Sunday the 25th, from 10 a.m. till 12 noon.

PROJECT LOGGERHEAD CONTINUED FROM FRONT PAGE

our turtle workers. The project has gained considerable new information on loggerheads and some of this data will be in print later in 1971. In 1970 an aerial survey was initiated which covered the Florida coastline from Egmont Key (in Tampa Bay) south to Cape Romano Shoals to determine just where nesting was taking place and in what concentrations, and to correlate nesting of the species in the entire area included in the nesting season. It is planned to continue this valuable work in 1971.

For the 1971 turtle season the group has prepared a budget of approximately \$2,500. This amount will cover work scheduled but will not meet plans for an accelerated public education program which would include distribution of copies of the film "Project Loggerhead," and publication of a small, informative pamphlet on the marine turtles of the Gulf of Mexico.

Cash is not in hand. The project will require contributions from individuals as in the past. Contributions should be made payable to the Sanibel-Captiva Conservation Foundation -- be sure to mark your check "For Caretta Research."

Some voluntary help can be used during the 1971 season, also, and if you are interested in assisting in this outdoor oriented program, please contact Charles R. LeBuff, Jr., P. O. Box E, Sanibel, Florida 33957.

THE ISLAND GARDENER

Sleeping plants begin to awaken at the first sign of spring. Although Florida has many evergreen plants, there are quite a number that become dormant during the winter months.

A plant that is just now beginning to break new growth is the crepe myrtle. The Florida Nurserymen and Growers Assn. suggests that you spray this plant with karathane or actidion PM for the control of powdery mildew. Rigid spraying at least once a month to hold down mildew is suggested.

Roses are the number one flowering ornamental shrub, but they have problems, too. Damp nights and warm weather bring on a re-occurring infection of black spot if the plants have not been sprayed properly for the prevention of the disease. The Florida Nurserymen and Growers Assn. suggests that you use one of the following materials for proper control of black spot: fore or dithane M-45. Each rose grower has his own method and materials for the control of fungus on rose bushes, but a consultation with your nurseryman may be beneficial.

SACO-71 REUNION

Several hundred Navy, Marine, Army and Air Force veterans of World War II held their annual reunion on the 26th anniversary of the end of that global conflict at Cypress Gardens, Florida. Officially known as U. S. Naval Group, China, or "The Rice Paddy Navy," SACO included a combined force of Chinese, Americans, French, Thais, British, as well as a polyglot group from many countries of the world.

Robert J. Eastman, Winter Haven, and Robert L. Dormer of Sanibel, Florida were co-chairmen of the 1971 reunion. Plans were formulated at the 1971 reunion to hold the 1974 meeting in Taiwan, Formosa.

SHELL CLUB

The Sanibel-Captiva Shell Club will hold its final meeting of the current season at the Sanibel Community House on April 14 at 8 p.m.

At this time an outstanding program is to be presented. The feature of the evening will be a Shellecure entitled "Practical Ecology for the Shell Collector" by Dr. Rudolf Stohler. While this program coast of northern California, similar conditions could exist on almost any shoreline having a cold-water situation. Aside from the fact that color slides are always enjoyable, this lecture is particularly timely because of the current widespread interest in ecology. The author, a lifetime biologist-zoologist-teacher, has spent 42 years with the University of California working on problems related to ecology.

In addition to the feature, Jean Cate will give an illustrated talk on the Shark's Eye (*Polinices duplicatus*).

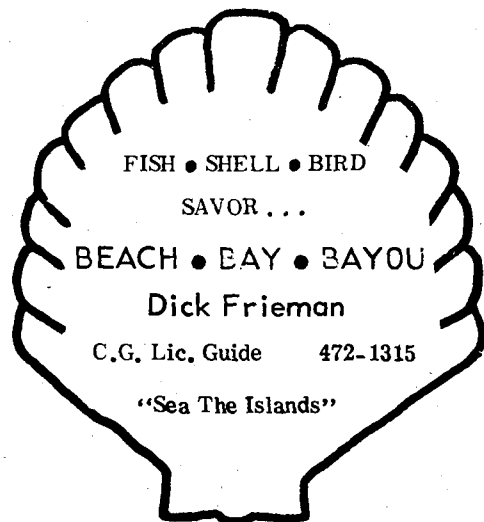

Preceding the meeting, the annual dinner will be held at the Coconut Grove Restaurant at 6 p.m. There is a choice of three dinners, roast beef, baked chicken and fried shrimp, and there is still time to call the Coconut Grove for reservations.

WILLIAM SCHAFF

William G. Schaff Jr., 58, of Elizabethton, Tenn., died last Sunday at Sanibel Island.

Survivors include his widow, Mrs. Jane H. Schaff; three sons, William L. Schaff, Robert L. Schaff, Frank L. Schaff, all of Elizabethton; sister, Mrs. Walter Weber of Pelham Manor, N.Y., and three grandchildren. He was a member of Katonah Methodist Church at Katonah, N.Y.

The body was sent to George T. Davis Funeral Home at New Rochelle, N.Y., for service and burial. Leo W. Engelhardt Funeral Home was in charge of local arrangements.

BROWSING AROUND

Now that the lovely home show has ended, and we have time on our hands, it has been fun just to browse around, and visit the shops. Marylou's is new and so nice and roomy, with a wide assortment of Easter finery with pants and shirt coordinates, and even some nice light straw hats and other coordinates. Dotti's is always dependable for the ladylike look, with completely flexible clothes to dress up or down as the mood suits. Seven Seas has the exclusive shop look, with everything in swim and casual clothes and some nice, well tailored look dresses, too, and one would have missed the boat if she did not get to the Red Pelican to see their way out (but "in") look clothes and all the quaint fantasy they have there. Many of the motels have shells and things, among them, Shell's Castaways and South Seas.

And the Black Pearl and its sea treasures; the Artison Shop with its out of the ordinary gifty items, and the Glory of the Sea, with its treasures from the deep.

Both the groceries, B-Hive and Baileys, on Sanibel have far more than groceries, and even have a sizeable selection of quite wearable and nice clothing too, plus some gift items.

The dear little Island Store on Captiva, under the able direction of Parker Mills, is a delight of the new and old and a little bit of everything-in-it sort of place to shop, with old country store atmosphere but with good things to eat, in the modern manner too. And speaking of good things to eat, don't miss the Island Huxter when thinking of mouth watering fresh things, and then we dare not go into the Island Bake Shop without taking home a whole bag of delicious cookies, cakes and all the most wonderful baked things known to man.

But to go on with our browsing, it is always a real thrill to go down toward the Lighthouse end of the Island and stop in the Sea Horse Shop and Aquarium. The Sea

Horse shop has a lovely full-size tree growing indoors in the foyer, and it is always amazing to go from room to room looking at the lovely and lavish gift selections. Their straw room is very nice with some select straws and nice rattan furnishings, and for further straw wonders and beauties, you must visit the Last Straw, where they have everything in this wonder material. But to continue with the Sea Horse Shop, in the ladies wear part, they have all kinds of styles from casual to dressy clothes for men, women and children. They even feature Egyptian white chiffon pantaloons with a gold waistband and an Arab djelaba, and in the men's wear, of equal versatility, you can find a matching fez for the sheik in your life. In casual wear there is an enormous selection of bathing suits and hot pants too, for large and small fry also.

Do not miss Friday's House of Treasures for the finest in jewelry and other fine gift assortments and don't fail to look into South Seas Shop all the way at the end of Captiva for surprise gifts of taste.

And for that boutique look, the Open Gate has just what it takes to show that milady has such good taste; a must is a pleated print pants dress. Happy hunting, ladies, and we feel sure you will find something to your liking in these shops for Easter, and do not overlook The Corner Shoppe for nice handmade gifts, Sanibel Originals for leather gifts, Thetan for lovely handcrafted fabrics and all, Searamics by Susan, Jim's Shell Shop and Serendipity Antiques, of all things, on Sanibel, and the Shell Net for that special gift item, and Elsie Malone's for specimen shells.

It is unbelievable the diversity of the shops on Sanibel and Captiva, and the diversity of things offered, and if one leaves without taking some of these specialties home with them, they will be the poorer for it.

EVENING AT THE BALLET

This Saturday night, April 10, the curtain will rise for this year's gala "Evening at the Ballet." It will be presented by the Island School of Dance, under the direction of Coralie Rumbold. Set artists, Martha Brown and Alelaide Bailey, are busy creating scenery for a segment of the program entitled, "The Dancing World at Your Feet," featuring dances from other countries. There will be a Russian peasant dance, a Swiss Doll in a music box, and even the Hawaiian war chant. A group of our Island's grade school girls will perform an intricate Philippino folk dance called the Tinikling, in which they jump between bamboo poles beating a rhythm. An added feature will be Miss Lynda Cherry, this year's guest artist, dancing an authentic Maori festival dance.

The second portion of the program will be a classical ballet called "Dance of the Hours," taken from the opera La Gioconda, with special choreography by Coralie Rumbold.

CASA YBEL NEWS

Casa Ybel Resort is experiencing one of the largest season in history, in fact one of the largest years. With the upgrading of their units and the improvement of the grounds, more and more of the people are finding Casa Ybel. One of the greatest things to happen in years was the Casa Ybel buffet, a gourmet's delight in eating pleasure. The restaurant has closed now, but will reopen again next year for the pleasure of all the Islanders and guests who discovered real eating pleasure this year.

Casa Ybel has been visited again this year as in the past by some of the famous of the world. For her 20th year at Casa Ybel comes Loren Ford, one of the most gracious and loveable ladies of all times, with a heart full of love for all of God's creatures. How else could her hands paint such beauty without the love that goes into it. She must return soon to Sheepfold, her home in Bethlehem, Conn. We here will all shed a tear, and until next year, there will be an empty space in our hearts, for the love of everyone at Casa Ybel goes with our beloved Loren.

Another very welcome visitor is famous author-lecturer-teacher, Mr. Thorton Wilder. We are sure that many of the Islanders as well as guests and employees of Casa Ybel, are more than familiar with Mr. Wilder's creations and have spent many a happy day and evening reading his many works. We do welcome him back to Casa Ybel, and hope this will not be his last visit. We are sure it will not, as he has expressed his joy at being here.

A wonderful surprise, as Pere Olaf Lowdin, lovely wife, daughter Anna and three guests appeared on the scene. We are not used to seeing the very busy Professor Lowdin, except for the first three weeks of January, and it is good to know that the Quantum Scientists will again return to beautiful Casa Ybel for the 1972 workshop and symposium.

We will again be honored this August with the week-long visit of the Gulfoast Girl Scouts, Miss Betty Ethal and Miss Elinor Crawford of the executive committee of this organization spent a day at the resort, and a week-long stay was agreed upon. What a wonderful group of girls. Everyone remarked last year that they did not even know the group was here, they were so well organized and orderly. We are eagerly looking forward to their visit in August.

Bernard Kahn, sportswriter for the Daytona Herald, a very welcome friend and visitor here, along with his beautiful and very charming wife, Jay Bird, is staying for three short weeks. While he has been with us, his two sons and families have visited, along with many of his friends. Bernard is to undergo very serious surgery, and is at Casa Ybel to rest before going to the hospital. We all pray for a speedy recovery and a quick return to the Resort.

Mrs. Virginia Hill, assistant administrator of Columbia University, visited here for ten days and in that ten days she endeared herself to all of us. We will miss her happy ways and smiles until she returns again next year.

Welcome back for the Easter Holidays to Chief M. F. Duclou, his charming wife, Donna, and their four fine sons, Dukie, David, Billy and Robert. "Duke" is security chief at Miami International.

Many dear friends have returned this year; the Kiecheffers, a wonderful family, and we did miss Jamie who is now serving with the Navy. The Brundred spent two weeks, and it was a joy to have them back. They will return next year.

We must mention Alex Rosen and his wife, a famous author in her own right. Alex is the president and publisher of the Book of the Month Club. Mrs. Rosen has a new book coming out in June. Don't know the name as yet, but will be sure and tell all of our friends in a future column the name of the book and when it will be on the stands. Loads of luck to both of them, and we will look forward to their visit again next year.

Co-manager Dick Wolfe is leaving for the Grand Tetons on May 1 and hopes to return by June 1 so that the Resident Manager Bryce Bryant will be able to take a thirty day vacation in the north land; possible to get in some good Canadian fishing. Then the Albert Nickersons, he is chief of maintenance and she, head of housekeeping, will head north to the grand state of Maine to dispose of property and relax. Vacation time being over, the whole crew will put in a lot of hard working hours getting the place in tip top shape for coming conventions and winter guests.
