ZONING BOARD ACTION

The Lee County Zoning Board met Monday and approved a 208 acre tract for development of single family dwellings, apartments and a business center, despite disapproval by residents on Sanibel received through the Sanibel-Captiva Planning Board. Attorney Ronald W. Smalley, representing Nationwide Realty Corp., told Board members that the plan for the development had been completed so there would be about 292 single family residential units and about 142 multiple family housing units. The petition asked for the change of one part of the property from existing single family units to multiple family, and another general use part to single family residential. The land is north of the Sanibel-Captiva Road on Wulfurt Road. Dr. Vernon MacKenzie and Malcolm Beatty, representing the Sanibel-Captiva Planning Board asked that a decision be withheld until the County Commission meets to consider a master plan for the entire island. Smalley countered with since the ultimate approval rests with the commissioners, there could be no objection to giving approval on a tentative basis. Larry Webb made the motion for approval and this was seconded by A. T. Kidd. Don Thyer cast the dissenting vote, but the motion carried.

ELECTS NEW OFFICERS

The Sanibel-Captiva Chamber of Commerce elected a new slate of officers and directors at its annual general meeting Monday evening April 19. Joe Gault was elected president replacing John Rushworth, who served several terms, and was elected vice president on this slate of officers. Dan Moore was chosen as treasurer and Mary Funk named secretary. Others elected were Mark McClintick, Claire Walters, Bernard La Rue, Frank Price and Donald Bissell. Frances Roberts remains executive secretary with able assistance from Tom Hutsell.

VOLUNTEERS NEEDED

Some weeks ago, an appeal for volunteer workers was made by the Sanibel-Captiva Conservation Foundation. Response was good, but not sufficient to provide the pool of volunteers that is sought to make possible getting volunteer help when needed for special projects. Workers are also needed to help canvass the islands for memberships for an extensive membership-fund raising campaign planned for the next winter season -- if you volunteer for this, we won't bother you until late fall! Workers are also urgently needed to help with the summer program of Caretta Research; this is outdoor, physical work.

If you're interested in any of the above phases of volunteer work, please drop a card to Roy Bazire, P. O. Box 152, Sanibel, 33957, or phone him at 472-2329. Thank you.

Letter To The Editor

TO THE ISLANDER:

At the risk of being dubbed a confirmed Pollyanna, I invite my fellow islanders to take heart at the prospects for our future as it is seen by our freshman County Commissioner Walter Shirley.

The recent Sanibel-Captiva Lions Club meeting was the occasion for the new Commissioner to share with us his views on how the County Government can help the islands grow the way we wish them to. It was indeed reassuring to listen to this off-islander discuss in detail our problems and aspirations. His ready replies to the many questions from the floor on what the county is either already doing or planning in the way of solutions certainly gave the impression that he is doing his homework.

It also seemed to me that Commissioner Shirley is sincerely committed to the notion that Good Government is Good Politics. Maybe we have hit the jackpot this time!

/s/ Paul A. Howe
The Rocks, Sanibel.

TEACHER THANKS CHAMBER

Mrs. Anna Fay Bush, teacher of 35 third and fourth grade pupils in Porterville School, Robinson, Ill., visited the islands at Christmas vacation this year. Another teacher from the same school visited on Captiva at the same time, Mrs. Bush received 35 maps of the islands from Priscilla Murphy, and the Chamber of Commerce gave her a box of local shells to take back to her classroom. Both teachers took back glowing reports of our islands, and Mr. Cliff Ehorn told the children of his experiences shell collecting and scuba diving in the area.

As a result of these interesting mementos and stories, the children wrote several letters to the Chamber of Commerce thanking them and Priscilla Murphy for the shells and maps, and a story appeared in the Robinson Daily News about these, complete with pictures.

MARIO HUTTON PRESENTS EARTH DAY PROGRAM

Mario Hutton of the Audubon Society presented a fine Earth Day program to the children at Sanibel Elementary School in the auditorium on Thursday. He showed pictures concerning conservation, and the efforts made on Sanibel to further this cause. Children were enthusiastic in response to the program, as Mr. Hutton presents the subject with a special appeal to the youngsters in a simple approach.

NEW MANAGER AT "Ding" DARLING

Robert L. Barber arrived on the islands April 19 to become the new manager of the J. N. "Ding" Darling National Wildlife Refuge. Bob transferred from the National Bison Range, in Montana, where he had been the assistant manager for just over two years. He graduated from Colorado State University where he studied wildlife management. His career with the U. S. Fish and Wildlife Service began in 1960 at the Minidoka N.W.R. in Idaho where he was a student trainee. Other assignments have been at Benton Lake Refuge in Montana and Klamath Basin Refuges in northern California.

Bob is a native of Omaha, Nebraska, and his wife Julie comes from Valdosta, Ga. They met in Valdosta while Bob was in pilot-training at nearby Moody A.F.B. Bob spent about six years flying jet fighter-interceptors in the Air Force and Montana Air National Guard. The Barbers have two sons, Michael 4, and David 2. They are currently residing at Dewey's Marina on Tarpon Bay.

EITHER VOTE YES OR NO - BUT VOTE INFORMED!

The present structure of Lee County government was established by the 1885 Florida Constitution, with no local authority --- all power being vested at the state capital. Since this time the population has grown from 1,414 to over 105,000. Because of this growth, and similar growth in other counties, the 1968 Florida Constitution gives home-rule power to local governments, if they so choose. Because of this option, the Lee County Commissioners established a LEE COUNTY CHARTER COMMISSION which allowed 15 local citizens to examine their present government and attempt to mold a local government to fit the needs of today and tomorrow. The result of this study is the proposed CHARTER GOVERNMENT.

On Tuesday, May 19, 1971, the registered voters of Lee County will be asked to either say "YES" or "NO" on this new form of government for Lee County. It proposes a restructure and re-alignment of our present government system. This proposal is of extreme importance to all citizens of Lee County. You should become familiar with the provisions as set forth under the proposed structure.

You are urged to get all of the facts.

LOGGERHEAD TURTLE MOVIE

Charles LeBuff, head of Sanibel's National Wildlife Refuge will show his famous movie on the "Loggerhead Turtle" at the next Sanibel Community dinner, Tuesday, May 4.

This movie, all taken on Sanibel, deals with what Sanibel's Wildlife Refuge is doing to help save these world famous turtles from becoming extinct.

The movie will start at 8 p.m., following the regular business meeting of the Association and the public is invited to attend at that time.

The regular business meeting covering plans for expanding the Sanibel Community Association's activities will be conducted by the new elected officers and directors consisting of: Marty Holtz, President; Duane White, Vice President, Paul Mamet, Treasurer; Gizella Koncz, Secretary; and the following newly elected directors, Don Marshall, two years; Bob Vartdal, two years; and Dr. Simmons, two years. The following directors will continue to serve out their two year term: Blance Pflough, Sylvia Strong and John Shepherd. Priscilla Murphy, as past president, will also continue as a director.

The covered dish supper for members only will begin at 6:30. The business meeting at 7:30 will be followed by the movie at 8 to which the public is invited. The meeting will be held at the Sanibel Community Association building.

NEWS FROM CASA YBEL by bryce bryant

The smile on co-manager Dick Wolfe's face is something to behold. The first of May is drawing close rapidly, and he starts a long vacation all the way to the Grand Tetons with the very lovely and gracious Molly, his wonderful wife. We will miss Dick and Molly around the Casa Ybel, but our love goes with him. Perhaps someday he will again return to warm our hearts. A big Happy Anniversary to Dick and Molly, who were surprised at a big celebration put on by all the management and staff of Casa Ybel. We wish them more and more long years together, filled with happiness.

Of course the frown on Resident Manager Bryce Bryant's face is because he has over 30 days before he gets to go on his vacation, and his fishing arm is getting out of shape. "No phones, no people, just woods and streams." This is his motto for 30 days. We all know better; he will be seeking people before he has left the island, but he has some convinced.

A big welcome back to Casa Ybel to the William B. Wetherill family of Cape May, N.J. It was good to see them again and hope they will enjoy their three week vacation as always.

The Frank J. Lincoln family are enjoying a week long stay here. They are from Arlington, Mass.

For many years the Charles Newcomer family of Cleveland, Ohio, have been coming to Casa Ybel and this year is no exception, along with their son Charles, who is four years old. It is good having them back and renewing old friendships.

A big summer season is being planned at the beautiful Casa Ybel resort, as reservations are coming in strong, even as far as June 1972. It is a relief to know that Casa Ybel will remain unchanged, except for some repairs and redecorating, and perhaps the addition of a few new cottages to replace some of the ones lost through unfortunate fires in the past. Most of the staff will remain as it is now, and top management will be around to help the new guests and old guests returning to the resort, and of course to see that the owners are pleased with the place. Many changes have been made in the last two years. "We are not posh," and don't ever plan on being. We do want to keep the "rustic touch," and try to keep some semblance of Island living for people who come to Sanibel to get away from the noise, traffic, and smog of the metropolitan areas and want to rest and enjoy the island.

Along with the rest of Sanibel Island, we do pray for rain, not just here but all over the state to help the drought areas. It would be a welcome change to see a little mud (not too much) instead of this horrible dust we are eating.

Happy Birthday to Ruth Nickerson, Casa Ybel's chief housekeeper. Everyone of the employees and friends had a ball at a surprise party in her honor on Saturday, April 24 (one day early). We wish her all the best and at least 100 more.

A special note of interest to all Islanders: We promised the name of the book Mrs. Axel Rosin was writing. It will be of very special interest of the folks who live and love Sanibel Island, both permanent and visiting. The book is named, "Two Islands, Grand Manan and Sanibel," and Mrs. Rosin writes under her maiden name, Katherine Scherman. The book will appear on the newstands in June; be watching for it. We at Casa Ybel are anxious for a copy and wish Mrs. Rosin luck and a huge success of her book.

R/V SUSIO AT SANIBEL

R/V Susio, the Florida Institute of Oceanography's estuarine research floating laboratory and dormitory came in at Sanibel last weekend.

This was the first shakedown cruise down the entire west coast of Florida for the houseboat given to the Florida Institute of Oceanography by a client of Mr. A. Scott Hamilton, Jr., winter resident of Sanibel. The donation was made through the Sanibel-Captiva Conservation Foundation which was first offered the vessel.

Being used by seven state universities associated in the Florida Institute of Oceanography, R/V Susio can sleep eight persons, but has facilities to handle up to 24 persons. Dormitory accommodations permit faculty and graduate research personnel to live on board as well as do the variety of research projects possible with the equipment provided on board.

The first cruise started at Pensacola April 7 and is to cover Pensacola-Panama City, Turkey Point area, Fenholloway River, Steinhatchee River, Cedar Key, Tarpon Springs, Tampa Bay area, Siesta Key, Sanibel, Caloosahatchee area, Cape Sable, returning to the vessel's base at St. Petersburg May 5.

It is planned in the future to station the vessel for periods of up to three months in each of 3 or 4 west coast areas, Sanibel being one of these.

SANIBEL-CAPTIVA AMERICAN LEGION POST 123

The Sanibel-Captiva American Legion Post 123 has received a communication from the Commander of the American Legion Department of Florida regarding monetary contributions to appeal the verdict in the Lt. William Calley court martial.

Anyone wishing to send a contribution may do so by mailing it to: My Lai Defense Fund, P. O. Box 6, Jacksonville, Fla., 32201. American Legion Post 123 has previously contributed to the American Legion Department of Florida Fund set up to assure adequate funding so that Lt. Calley might have a fair trial and a proper defense in his case.

Post 123 extends its full moral support to Lt. Calley in these trying times for him. It also supports justice and truth and it feels that such will prevail in Lt. Calley's case. The Post further deplores the irreparable damage which such incidents as My Lai are having, and will have for years to come, on the morals and singular good reputation of our American fighting forces throughout the world. In all wars such incidents as My Lai have clouded and overshadowed countless other incidents where our fighting men have shown a greater capacity of mercy and compassion for the unfortunate civilian population caught up in the maelstrom of war. For every My Lai there have been countless unrecorded occasions when our American fighting men have exhibited such mercy and compassion many times beyond the call of duty and what was expected of them as soldiers. Would that the enemy could show the same humanity for helpless civilians. In this regard we seldom hear or read of their My Lai's.

American Legion Post 123 prays that America and the world will not judge all our fighting men because of My Lai, a judgment which would destroy the very foundation of America's defense posture around the world.

BROWSING AROUND

In browsing around over the Islands, seems we omitted some inadvertently favorite shops. One of these is the darling McCaul's Snell Shop on Captiva, and really, it is worth a special trip to visit this cute shop, with its specialty of specimen shells and unique gifts. It occupies one of the older and more picturesque buildings on the island, and its owner is most hospitable. Don't miss looking into this shop for that special someone's gift, or to take back an authentic souvenir of our still unique islands. Gifts are truly reasonably priced and yet are high in quality. Do look at the lovely imported cameo pins from Italy, and many other good gifts at a little price for a nice item.

The Island Store on Captiva has been sold to new owners, Mr. and Mrs. Richard Hahn of Orlando, Dick and Dolores will take over on May 1st, but Parker Mills who has owned the store for years and years said: 'I will stay right on Captiva. I wouldn't live any other place, retired or not.'

Mr. Roy Webb, that plucky gentleman who not only had a plastic valve in his heart but now has a new foot to replace the one he had to lose in Sept, walked for the first time since then. He said: 'You don't know how wonderful it was to walk again!' We wish Roy the best of luck, and we believe he is one of the bravest heroes we know, for he always faces the world with much good cheer, and greets customers to the Golden Sands Restaurant with a smile.

We never know whether we will see an alligator, or even more amazing a black swan on the Periwinkle Apts. Lake. They never appear together, for obvious reasons, and then we saw a flock of white ducks on the street, wandering along looking lost today.

Mrs. Barry O. Shiflett, Jr. of Montgomery, Ala. and a guest at Castaways found a live right handed - whelk, and was much thrilled to find this rather rare shell.

With the approach of warm weather many of the eating places are featuring ice cream for dessert, but even the low calorie kind has a few more than one can stand as a steady diet. There are so many places one can eat on the islands that are good from a gourmet standpoint that soon we plan to visit them and tell you the mouthwatering story. - We can hardly wait!

The Ross Gambels of South Seas Plantation celebrated their 25th wedding anniversary on Friday May 23rd with dinner and a gift of silver from friends at the Plantation. We decided they must have been child bride and bridegroom, from their looks.

Incidentally, the South Seas Gift Shop still has some of the pretty and unusual Coquina Craft jewelry that has proved so popular, and so far, it has been an exclusive line with them.

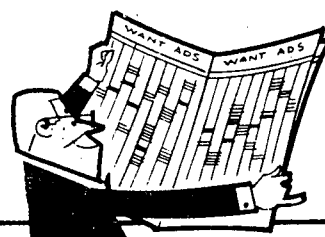

If you get a chance, they are something to see --- the lovely wood occasional or cocktail tables at Thetan. One is of rough Australian pine, and a real work of art. Another is lovely cherry wood, and many of the other crafted items in the store are worthy of note. Incidentally, don't let eudaemonic arts throw you. It just means pertaining to happiness.

Also, the cozy little Corner Shoppe which features such nice gifts in such an atmosphere of incense and myrrh, is about to outgrow itself. We are sure that the shop will continue the charm it has in a more commodious location.

CHILDREN GO TO
CAPE KENNEDY

Fifth and sixth grade pupils at the Sanibel Elementary School will board a Greyhound bus at Bailey's store May 1 at 7 a.m., enroute to Cape Kennedy for a tour of the Cape and the Space Center. The boys and girls raised the money for the trip by selling candy, showing school movies and holding a car wash. They will be chaperoned by teachers and parents on the all day trip, and will return at 9:30 that night.

RIDGE'S SANIBEL ISLAND TRAILER PARK SOLD

Ridge's Sanibel Island Trailer Park was purchased by John and Claire Hallward from Mrs. Ida Velna Tracey Ridge for \$244,000. The sale included about nine acres located just west of Shell Harbor S/D.

James D. Newton of Fort Myers Beach, who handled the sales negotiations, said the trailer park has been operating on the gulf front parcel for many years. Mrs. Ridge has been employed by the Hallwards to continue as manager of the Park.

Hallward, a Sanibel property investor for several years, said he plans to continue the operation of the park for the time being but he has no plans for making changes in the future.

FLORIDA DRYING UP ?

It has been about seven months since Southwest Florida has had any rain to speak of, and there are fires in the Everglades, and the wild animals are dying for lack of water. On recent trips, even just down to Naples, the smoke was heavy and hazy in the usually wine-clear air. We feel the drought on the islands, but not as much as many other Floridians, but make no mistake, it affects us greatly, in that our water supply comes from the mainland, and right now is very short and unable to meet the demands placed on it. The situation can only become worse, before it can get better because the rainy season is not due for at least four weeks.

Florida's Attorney General Robert Shevin has advised the state cabinet to bring suit in Monroe County Circuit Court to block further inroads and incursions in Everglades National Park by developers who are dynamiting and dredging and draining to make land in the glades. Landowners and developers, anxious for new agricultural field and residences for the continued influx of new residents in Florida, are busy draining south of U. S. 41 in the Everglades Park. The "private development" threatens to cut off water that flows south into the glades in a shallow sheet, and it is known that deleterious substances such as pesticides used in farming will eventually reach the coastal waters and pollute them, even causing fish kills.

The action by these developers flies in the face of a 1970 ruling by the late Circuit Judge Aquilino Lopez, Jr. of Key West, who prohibited the same developers from draining the same land in question with a \$2.2 million canal network. Shevin said the developers were circumventing the Lopez ruling.

He stated, "The implication is clear, if you own enough land and have enough money, the drainage district statues can be circumvented with impunity; if you are poor you must comply with the law."

MARTHA MARY UHL

Mrs. Martha Mary Uhl, 61, of Sanibel Island died Wednesday. Coming from Greenville, Ohio, she had resided here for the past three years.

She is survived by her husband, Erwin A. Uhl of Sanibel; two sons, Richard E. Uhl and Donald C. Uhl both of Indianapolis, Ind.; two brothers, Arnold Grillot of Fort Myers and Richard Grillot of Versailles, Ohio; one sister, Mrs. Dorothy Trentmann of Dayton, Ky., and four grandchildren.

Funeral service will be held Friday at 11 a.m., at the Chapel of Memorial Gardens Mausoleum with Father J. Normand Hardy, pastor of St. Isabel's Mission, Sanibel, officiating. Arrangements were handled by the Harvey Funeral Home.

EDSON C. ELDRIDGE

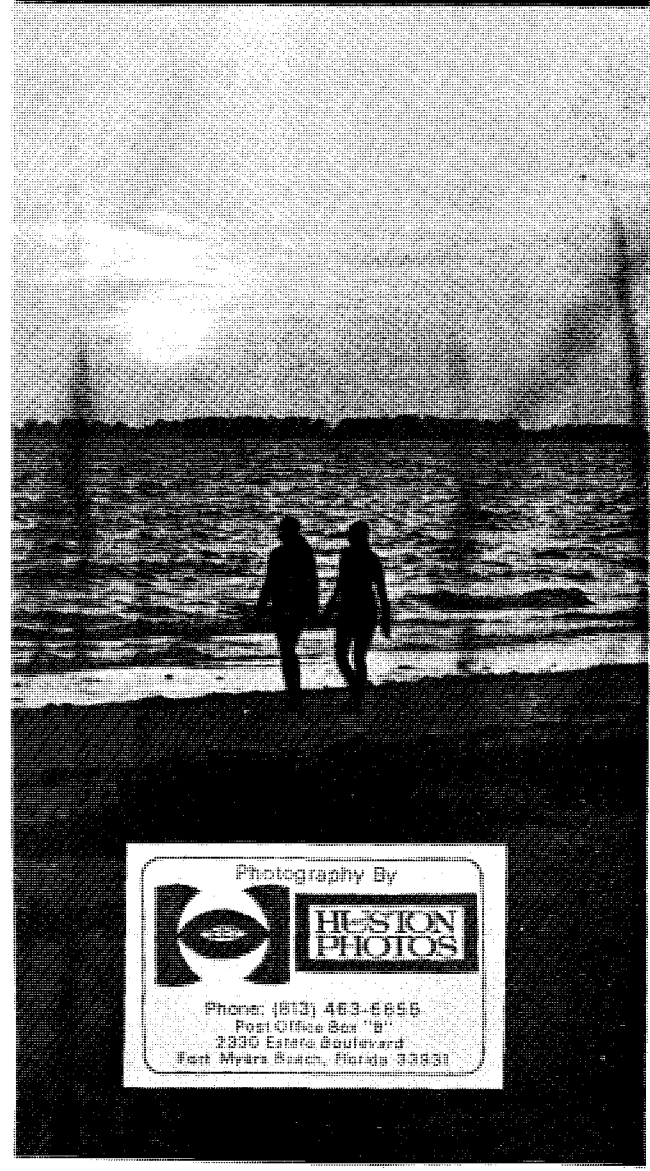

Edson C. Eldredge, co-owner and manager of Shalimar Cottages, died April 18, 1971. He was a resident of Sanibel Island for the last eleven years, and he was a very active member of the Chamber of Commerce during its formative years of 1963 through 1965.

His love of the Island was known to his many friends who were conscious of his never ending effort to help perpetuate its natural beauty.

Survivors include his widow, Mrs. Mary Eldredge of Sanibel; a daughter, Mrs. James P. Nelson of Orlando; a son, Richard E. Eldredge of Hillcrest Heights, Md.; brothers, Roy E. Eldredge of Palatine, Ill., Charles J. Eldredge of Spain; one sister, Mrs. B. V. Wright, Jr., of New York City and five grandchildren.

Funeral service was held Wednesday at Leo W. Englehardt Funeral Home, with the Rev. Hansel Tower officiating. Burial will be at a later date.
