**Bridge And Causeway In
 "Good Condition"**

The engineering firm of Ford, Bacon and Davis reported on Wednesday to the County Commission that from an engineering standpoint, the Sanibel bridge and causeway is in good condition in general maintenance and that the operation is "staffed with pleasant, dedicated personnel."

Robert O. Vernon, director of the State Division of Interior Resources, directed a letter to the commissioners asking that they consider an additional budget of \$6,000. Vernon stated that the State Dept. of Natural Resources will not be able to contribute to a study of the water resources of Lee County for the fiscal year of 1972-73, and suggested that the commission provide the money for the continuance of the U. S. Geological Survey with water resources study coordinated with it. The County Commissioners are studying this proposal to continue county water resources studies.

New Erosion Device

The Captiva Erosion Prevention District, headed by Paul Stahlin, is studying a plan for a device to prevent beach erosion. The plan was submitted to Stahlin by aeronautical engineer Arthur Whaley, who invented the device.

He at first told the County Commissioners of the device who referred him to the Captiva District, thinking they might be interested in testing the device, at a cost of \$5,000, but if it is successful, \$5,000 for 500 feet is a fair price if the triangular shaped gizmo will actually prevent beach erosion.

New Refuge Ass't. Manager

Glenn A. Carowan, Jr. arrived on the Island June 1, to become the new assistant manager at the J. N. Ding Darling National Wildlife Refuge. Glenn is a native of Pantego, N.C. He received a B.S. degree in Wildlife Management from North Carolina State University at Raleigh, where he was a member of Alpha Zeta, Ag. and Life Science Honorary Fraternity, and Farm House, Social Fraternity.

His career with the U. S. Fish and Wildlife Service began in 1971 at Mattamuskeet N.W.R. in North Carolina, where he was a student trainee. This is his first assignment to permanent duty. Glenn is single, and is currently residing at the old Dewey's Marina on Tarpon Bay.

Conservation Foundation Notes

Nathaniel P. Reed, Assistant Secretary for Fish and Wildlife and Parks, U. S. Department of the Interior, has written the Sanibel-Captiva Conservation Foundation regarding the interest of the federal government in the preservation of the Sanibel River and the Sanibel fresh water wetlands.

"The Department of the Interior has a very real interest in the ecological preservation and the wildlife enhancement aspects of the Sanibel-Captiva Conservation Foundation project areas. Our investment in the J. N. Ding Darling National Wildlife Refuge and the Department's broader concern for maintaining a healthy and viable environment for all Americans necessitate positive input from us wherever practical and when within our authorities.

"I am very much interested in the success of your project and will certainly be alert to assist you wherever I can," Secretary Reed stated.

Efforts to maintain the network of wells and recorders established on Sanibel by the U. S. Geological Survey to study and monitor its unique fresh water system have been initiated by the Sanibel-Captiva Conservation Foundation, with the Sanibel-Captiva Planning Board cooperating.

The network includes three water stage recorders on artesian wells, one recorder on the water table aquifer, one recorder on the Sanibel River, one recorder reflecting tide changes at Point Ybel, approximately 50 wells, both water table and artesian aquifers, and 40 locations in ponds, canals, and in the Sanibel River for obtaining chloride concentrations. Data collected from this network during the last year will be evaluated and reported to the Lee County Commissioners before the end of the calendar year, but the network itself may be discontinued unless funds are provided to maintain it effectively another year.

The current hydrological study of Sanibel's fresh water environment is conducted under a cooperative agreement with the Lee County Commissioners, with funds provided by the county, State of Florida, the Sanibel-Captiva Conservation Foundation and the U. S. Department of the Interior.

WHO'S WHO AND WHY

DEENA ALECK, 16, MARY ANN ALECK, 14, and ANNE KONTINOS, 14, are busy getting ready for their month long trip to Greece and some out islands. The girls were chosen through their church affiliation with the Greek Orthodox Church and they will be flying from New York by special charter plane arranged for by THE Mr. Onassis on July 4. They will enjoy a classical tour of Greece in the company of several other boys and girls from ages twelve to sixteen. They will stay in Ionian Camp Village and then go on to Athens to stay in dormitories there and from there will travel by boat to other islands in the area to study Greek culture, and the group will be well chaperoned. They will see the famed Greek guards and the changing of it and all the other famous sights, such as the Parthenon, and what a story they will have to tell on their return home!

ALICE ALECK, 17, will not be outdone by the younger girls. She is going to Europe too, and will attend the University of Salzburg for a study course. She will visit London and Calais, going by ferry and then on to Paris and back to Salzburg by rail. She will have a weekend in Venice and another in Vienna and also in Munich, where she will see the pre-Olympic trials. She will be attending all the Salzburg music festivals. Then on their way home, after six glorious weeks, they will stop off in Rome and from there will fly back home.

In the group, are seven boys and three girls who are being sponsored by the American Institute of Foreign Study, under Werner Stocker. They will study German culture, Austrian cuisine and folk dancing, and will be joined by young people from all over the United States and from 36 other foreign countries. Imagine seeing the Bavarian Alps and all the other European wonders in the company of such a happy group. These girls will surely remember these wondrous trips a lifetime.

The PAUL STAHLINS of Captiva are welcoming home daughter SARA, who will be spending the summer months vacationing with them from Atlanta, Ga., where she attends school.

IRENE and PAUL ADAMS of the Seven Seas Shop have as guests their youngest daughter PATRICE MARIE REDFIELD and husband DENNIS from Illinois; also their young son, JEFFREY, who likes to come down and swim in Grandpa's big swimming pool -- the Gulf!

Mr. & Mrs. WILLIAM A. SOWERS, owners of Castaways, have returned to Rolla, Mo., for a visit, which is their first since taking over Castaways, and they visited friends and relatives and saw their daughter graduate from college, and we hope they won't get homesick and stay gone too long.

Mrs. GRIFFING BANCROFT, looking her lovely coolly beautiful self, says that her husband's new book, which is a Junior Literary Guild selection named "Vanishing Wings" is due out and on the stands momentarily, and we are all looking forward to this new effort, as "Snowy, the Egret" proved so popular to so many on the islands.

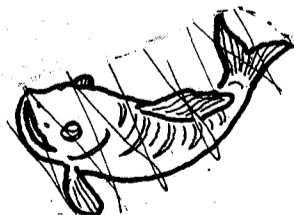

Mr. CHARLES PASCHELL is still in Lee Memorial Hospital, but is on the road to recovery, according to Mrs. Paschell.

Seen all over the island and being welcomed back enthusiastically are Dr. & Mrs. WILLIAM H. ALLEN, Jr. and boys, BILL and ELLIS. Dr. Allen is a professor of management and law at Auburn University and has been vacationing and resorting on the island since 1931, which is longer than some natives. They are staying at the Song of the Sea. "But we won't be able to come and live on the islands for awhile, or at least until we get the three children through college," said the professor, but we hope they will be around for a long while.

PEGGY FOWLKES found a real golden olive down at the Lighthouse end of the island. "And don't worry, if you ever find one, you will know it, as the shell is truly gold," she said.

ESPERANZA WOODRING will tell you that the strangler figs which are dark and ripe right now are delicious to eat. "Try one, you'll like it," she says.

And fellas, there is a wonderful new Pro at South Seas. She's a beauteous named DORIE, and can teach you a thing or six about the game.

LETTERS TO THE EDITOR

TO THE ISLANDER:

The letter by Wm. A. Way in the 5/11/72 issue interested me greatly. If Mr. Way wants to build his "mountain cabin" in a land of paved streets lined with condominiums and an occasional palm, that is his privilege. He has so many places he can do so; St. Petersburg, Sarasota, Fort Myers Beach, Miami and Palm Beach, to name a few.

Sanibel is rare so why spoil it, to my way of thinking, when he already has places made to order. Please let the few of us who like marshes, streams, natural trees and shrubs, birds and alligators, have one of the few places left for us to enjoy.

/s/ W. H. Tusler
Mound, Minn.

INFORMATION HEARING

Information hearing on corridor location of Interstate 75 is to be held at the Exhibition Hall in Fort Myers, June 15 at 1 p.m. The speakers will be Edwin Mueller from the Florida Dept. of Transportation, H. W. Lachner, engineering consultant for the D.O.T., and Mots DeOco, district engineer for the D.O.T. The D.O.T. has prepared visual aids to portray the corridor selection problem. The D.O.T. is recommending Alligator Alley corridor as the route which is most acceptable because of construction costs and ecological impact upon the area.

The meeting is open to the public and everyone is urged to attend.

SCHOOL NEWS

Thursday found teachers inventorying school books and generally getting ready for the summer vacation, but Principal G. L. Disette was planning a four week program for children to be able to check out library books from the school library. The library will be open on Tuesday mornings from 11 to 12 noon starting on June 20. Regular library rules will prevail, with books being checked out for a week, and then returned.

An enrollment of 15 in the reading enrichment program will start on June 16. Other activities for the children include the Thursday morning reading program sponsored by the Sanibel Public Library from 10 to 11 a.m. This is for younger children from pre-school through grade 2, and children will be allowed to take home books also.

The Boy Scouts, under the direction of Mr. Karl Wightman, are hoping to continue their program throughout the summer months also. Saturday, the troop went on an overnight trip to Upper Captiva, traveling by boat and staying in tents. No sea urchins were warded off by pic coils and also mosquitoes and netting, and a good time was had by all.

COMMUNITY ASSOCIATION MEETS

The Tuesday night meeting at the Sanibel Community Hall of the Community Association has attracted wide comment because of the originality of the program, which was truly entertaining and informative. Over 200 members and guests attended the meeting, including children, who were interested in the tiny creatures being displayed and told of and some of the wild pets belonged to them.

There were little turtles, frogs, lizards, chameleons, toads and even the Remus' baby 'possum, used to display and illustrate the fine program which Charles LeBuff and George Weymouth of the Ding Darling National Wildlife Refuge and also director of the Big Cypress Nature Center put on. A live alligator was used in explaining how to tag one for identification, and again visitors to the wilds were warned against having any kind of to-do with them, as they are wild, potentially dangerous at all times. Gophers, the land turtles native to Florida, were exhibited and also box turtles.

All in all, it was the best meeting of the year, according to many, and surely enjoyed a varied audience all with enthusiastic response to the program.

JOSH

Here is one view of Josh, a blue-gray heron meeting the cruiser "Dorothy Ann," named for the charming wife of the captain, Don Seymour. The Seymours and Ruth and Philip Hunter (seen here) have just returned from a trip to Cabbage Key and a delightful luncheon at the former home of the novelist Mary Roberts Rhinehart. And Josh is pretty sure they will have a fish for he sights the

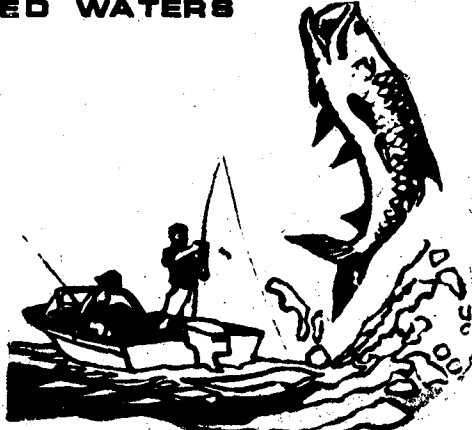

"Dorothy Ann" 50 yards up the bay and then flies to the dock to get his goody. This unusual heron has been repeating this performance for quite some time which is why his feathers are so shiny!

Along with enjoying the scenery, they had a great time recalling sailing days; the Seymours with their boat and the Hunters aboard their craft, "Seafarer" to Half Moon, Loyds Harbor, Port Jefferson, Orient Point and other colorful ports up Long Island Sound.

**GUESTS AT
SEGUNDA APARTMENTS**

With schools recessed throughout the country, many happy family groups are arriving at the Segunda to enjoy vacations well-earned by parents and kiddies alike.

From Shippensburg, Pa., come the six members of the William Beyers family and from Momence, Ill., the family of Mr. Jack Peterson. Representing Ohio, are the families of Dr. & Mrs. Edward Sommer and Mr. & Mrs. Hugh Lindsey from Bryan; and Mr. & Mrs. Dwight Harrison of Smithville. Here from Elsberry, Mo., are the Joseph Wayman family, and coming from Smyrna, Ga., are Mr. & Mrs. Ray A. Ward.

Florida is likewise well represented. Returning from South Miami, are Mr. & Mrs. Frederick Hafner and family, together with son Edward and a group of his friends. The Hafners, in turn, are kinfolk of Mr. & Mrs. R. F. Tomcavage, returning with their family from Winter Park. From Jacksonville, are Mr. & Mrs. S. N. Lawrence and from Hialeah, Mr. & Mrs. Jerry Moorehead. And last but not least, we welcome back Mrs. H. J. Tompkins, our good friend from nearby Lehigh Acres.

SURFRIDER

Mr. & Mrs. Ron TeBeest from Kennesaw, Ga., left their two little ones home to get some rest and quiet; Ron is a professor at the local college and Mrs. TeBeest is a music teacher. Mr. & Mrs. Robert Dawson and two children from Kokomo, Ind., are here for rest and sunshine and they're getting a lot of both. Also from Indiana are Mr. & Mrs. Tom Kelly and their active family of six children, who are enjoying the gulf, boating and fishing, along with swimming.

The reason our weather is so good is because we have a Meteorologist with us who checked his sensitive toe to see if our weather would be good and it came up positive so here are Robert and Marta Krebs and children, Robin, who celebrated her 14th birthday this week, along with Missy and Peter. Robert and Marta celebrated their anniversary also; Marta has found some beautiful shells along with the help from the rest of the family. By the way, they are from Overland Park, Kansas.

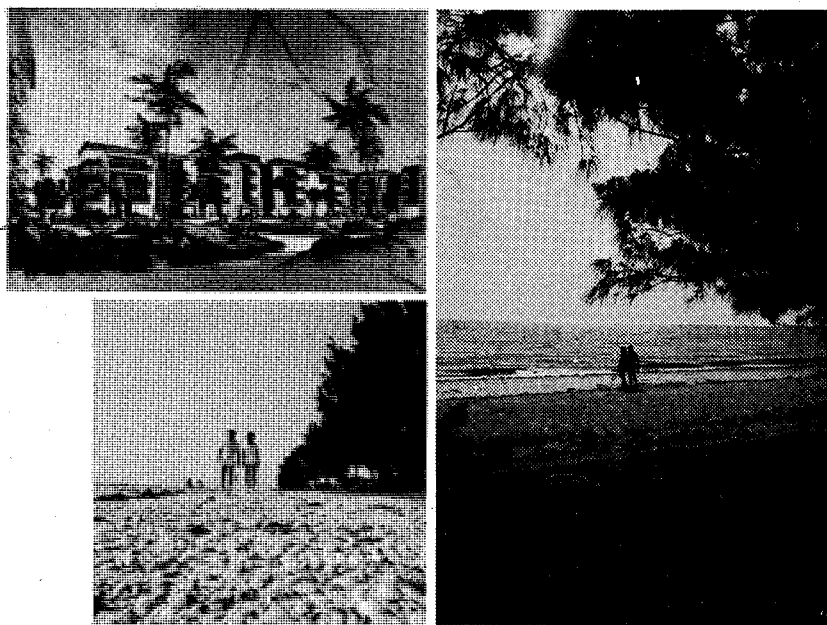

Mrs. Aleitha Walker and son and daughter from Cullman, Ala., are enjoying a return visit at the Surfrider; Harry and Agnes Pardee from Akron, Ohio, are also here on a return visit.

They had planned to come earlier but Harry suffered a little problem with his ticker while in Arizona, but are making up for it now, by resting and getting a great tan. Mr. & Mrs. Frank Whitson and children from Johnson City, Tenn., decided to try living in the flatlands for a while here on Sanibel, but decided to head for the mountains again; we miss them.

Other guests include Mr. & Mrs. Bill Mando and Mr. & Mrs. Gordon McGhee and children from Covington, Ky.; the Everett Force family from Valdosta, Ga.; and Mr. & Mrs. Russell Roberts and children and Mr. & Mrs. John Osborn and sons, Gregory and Bryan, here from Orlando, just resting and enjoying the peach and tranquility. Mrs. Osborn's parents have joined them for a few days. Dr. & Mrs. Sinski and 8 children from Milwaukee, Wis., are here again just having a ball.

Here from Irvin, Pa., are the T. R. Glew family; Mr. & Mrs. T. L. Braddock and five children from Belle Glade, Fla.; Mr. & Mrs. Richard Macheck and children, Carol and Kim, from Delray Beach, who have deserted the east coast for some peace and quiet and shelling and birdwatching; and Mr. & Mrs. Nolan Lee and children from Columbus, Ga. Mrs. D. Reid and Miss Virginia Reid are

from St. Paul, Minn.; Mr. & Mrs. John B. Bates and children hail from Lisle, Ill.; the Wm. H. Crains and children from Miami; and Mr. & Mrs. Jack Harris and children from Bloomfield, Ill., are here for the first time and love our pleasant surroundings, beaches, birds and shells.

LIONS AGAIN SPONSOR SWIM CLASSES

The Sanibel-Captiva Lions Club is sponsoring Red Cross swimming lessons for Sanibel and Captiva Elementary School children, and 36 have signed up as being interested in the classes, which will be held at the Tahiti Shores home of Cecil Rhodes.

Classes are scheduled to begin on Tuesday, June 20, and will last from 10 until 12 noon. Due to the high enrollment of children in the younger age group, there will be a need for the assistance of several mothers to help in supervision, according to Mr. Howard Hoffman, chairman of the Boys and Girls Committee.

Instructors from the Red Cross are Mrs. A. F. Hughes and Miss Kathy Smith. The course will last for six weeks, and Mr. Hoffman stresses the fact that mothers need not be swimmers, but of course it helps, and if you are a non-swimming mother, you are bound to learn something about it, too. So join in the fun with your child and volunteer to help. Mr. Hughes may be contacted at 472-2425.
