Conservation Foundation

Attorney General Robert L. Shevin and Mr. Ney C. Landrum, director of the Division of Recreation and Parks, Florida Department of Natural Resources, will be featured speakers at the fall meeting of The Florida Chapter, The Nature Conservancy on Sanibel Nov. 17-19. The meeting is hosted by the Sanibel-Captiva Conservation Foundation.

The three-day program will include a meeting of the state organization's Board of Trustees on Friday night, a panel session on "The Wonders of Sanibel" Saturday morning, a panel Saturday afternoon on some development problems in South Florida and what the state is doing to correct them. Scheduled to speak are Dr. John Betz of the University of South Florida, Mr. Joel Kuperberg, Executive Director of the Board of Trustees of the Internal Improvement Trust Fund and Mr. Vincent Patton, Executive Director of the Florida Department of Pollution Control.

* * * * *

Lee County Commissioners approved water resource studies for Lee County for next fiscal year, including continuation of work on Sanibel, giving the U. S. Geological Survey all that it had requested.

Total of \$21,000 in local funds will be matched by \$21,000 federal funds. Included is \$6,000 for monitoring through next year the system of wells and

measuring devices installed last year by Mr. Durward Boggess of the U. S. Geological Survey's Fort Myers office.

The Sanibel-Captiva Conservation Foundation is providing \$1,500 of the +3,000 county cost to maintain the Sanibel system, the County putting up \$1,500 and the Geological Survey \$3,000.

An extensive hydrological study of Sanibel's fresh water resources was undertaken last year with funds provided by the county, State of Florida, Sanibel-Captiva Conservation Foundation and the federal government.

At the recent budget hearings, Mr. Vernon MacKenzie, president of the Sanibel-Captiva Planning Board and Mr. Roy Bazire, executive director of the Sanibel-Captiva Conservation Foundation, thanked Commissioners for their assistance in making the Sanibel water study possible, and expressed support for continuing the Geological Survey's program in Lee County.

Community Assn. To Meet

Colonel Turon is to be the main speaker at the next meeting of the Sanibel Community Association dinner-meeting scheduled for Tuesday, August 1, at 6:30. The general public is invited to attend this main part of our meeting which starts at 8 o'clock.

Colonel Turon has divided his talk into three parts, the first will deal with: "How Soon Can We Expect A Hurricane?" the answer to be based on a government study, released in book form in 1968, telling of hurricanes that have hit this area over the past 100 years.

The second part of his talk will cover "What Type of Damage do Hurricanes Do?" which will be answered in a movie on "Hurricane Camille" and the destruction it caused.

The third part of his talk will be "How to Prepare for Such a Storm." Here he mentions things the average person who hasn't been through such an experience would never think of such as: what to do about food, medicine, clothes. For example, he warns us to wear heavy or sturdy shoes in case you have to wade water to protect against broken glass or boards with nails. 90% of the casualties from Camille, that had to be treated, were foot casualties. Oh yes, and don't forget your blanket and pillow for the public shelter --- and remember NO PETS.

Based on historical data, Sanibel is already two years overdue for a storm at least the magnitude of Hurricane Donna. What isn't known is when it is coming, where it will hit, from what direction, and with what force. So we must be prepared.

Since the general public is always welcome at these meetings it is hoped that at least one member of each family now on Sanibel will attend to learn first hand what to do when the warning comes.

The Association, in conjunction with Col. Turon's Department, hopes to have ready for distribution that night a check list of just what Sanibel residents should do.

In recognition of the fine work that is and has been done on this Island by the Volunteer Firemen, the Association is inviting the entire Squad to have dinner with us as guests of the Association.

In that respect all regular members attending the dinner meeting are requested to bring double the normal amount of food they generally prepare and to make it special for these boys who are always on call day or night for your protection. This is just one way we can show our appreciation and say thank you for a job well done.

JAMES EVANS of Sanibel River Estates has returned home from the week long realtors training school in Miami. He studied all about real estate fundamentals and many other aspects of the business and enjoyed some sightseeing, too.

Mrs. HELEN POPKIN, who is staying at the Island Tower at Fort Myers Beach, has been going over to Sanibel and has become quite a sheller. A few days ago she found a beautiful golden olive in the Blind Pass area near the Rocks and another golden olive in this same area about a week or so ago.

JERRY and JUNE MUENCH just returned from a two weeks camping trip to just all over. They took in Busch Gardens with all its beautiful birds. Then they travelled over to the Space Center and spent the day on a tour of it. Then on up to Signal Mountain, Tenn., with a wonderful stopover and visit in Atlanta, where they took in Six Flags Over Georgia and Stone Mountain. They got to visit at the Doug Magoon trailer park High Tower Falls in Cedartown, Ga., and so on back to Sanibel. "It's the first time we've been comfortable cool since we left," said June.

Another glamorous trip has just been completed by HAL HARRISON, who is writing a story for the International Wildlife magazine, and he had his son with him, who is connected with National Wildlife Magazine. They travelled hundreds of miles down the Amazon in native canoes and literally lost themselves on this mysterious river for a month. Appropriately enough, his story will be titled "We Lost Ourselves on the Amazon." And in the immediate future is another writing trip planned by Hal to the Yucatan Peninsula for another story for National Wildlife.

GEORGE WYMOETH reports the sighting of a pair of flamingoes again in the Sanctuary. They appeared on the 15th of May and then during Agnes were lost, but now they are back again. Many years ago, before man, the predator killed the fabulous plumed birds, many were around these parts. It has only been in the past year they have been seen again in their wild state. MARIO HUTTON has some good pictures of the pair, which we hope to have the pleasure of viewing.

**WATER CONTROL
FOR COUNTY**

Archie Grant of Johnson Engineering spoke to the Southwest Florida Conservation Clearinghouse last week about overall water management which is badly needed in Lee County. The subject came up earlier, but hurricane Agnes pushed interest aside, and Grant said that the plan should be implemented now before the area is overly developed.

He summarized the plan which was presented to the County Commission in June when 55 major watersheds were enumerated. He said, "The real problem we are going to have to face is the development along the Caloosahatchee River. People build along the river and fill. Then you get more surface fun-off and the small streams can't take it." The report emphasizes the importance of these stream-side zones as potential flood areas. Water management, evaluation and long range objectives and study with establishment of water conservation areas and back-water profiles were recommended.

**WHO'S WHO
AND WHY**

**IS MAN ON CALL
BILL VERDUNG**

Our apologies to Phil Verdune for the slip somewhere 'twixt pen and print, for he is the gallant fireman on call routinely during the day, who will take all messages on fires and other emergencies at 472-1414. Phil has pledged himself to be on hand faithfully to receive these calls and has cut quite a record for all to admire in his attendance to duty.

BETTY and AL MUENCH are on a two month's vacation again on their lovely cabin cruiser the Pelican, and they have tied up at Pier 66 in Fort Lauderdale and are enjoying marine life and city life combined. The HARLEY BROWNS and the TOM WALSH' too are at Pier 66, making Sanibel well represented there.

BOB and DORIS POTTS flew up to Allentown, Pa., (the town Egypt) to visit with son GREY and DIANNE POTTS, who are the bursting with pride parents of their first born ERIC.

HELEN and LEE ROY FRIDAY have sold their House of Treasures, as the business grew too big for them, but they have not retired. They will open a much smaller specialty shop next door to the House of Treasures, and Lee Roy will specialize in polishing jewels and making up original pieces, and maybe they will find time for a vacation even. They will just go along and do just the things they would like at a more leisurely pace so they can enjoy life too.

ELLEN SMITH of the Jade Butterfly has left CHET to mind the store while she took off for the International Jeweler's Show in New York City. She will probably go on a buying spree too, and surely return home with some goodies.

BEACH - BAY - BAYOU

More fine weather for those exploring and sealife dredging with Capt. Dick Frienan --- Mr. & Mrs. Joe Callahan, their son, Scott and his chum, Dave Dugger from Michigan, and grandparents Mr. & Mrs. Austin Kiser from Pompano; Dr. & Mrs. John Pagen and Johnny from Pontiac, Mich.; Mrs. Ruby Flanagan, Sara and Nancy Deshler, Gloria Weinberg and Peter. The WET PANTS also participated in the Sanibel-Captiva Shell Club outing to La Costa and Cabbage Key.

BLIND PASS COTTAGES

The following letter and poem was written by Miss Toni Jones of Troy, Ohio, while she was a guest at Blind Pass Cottages.

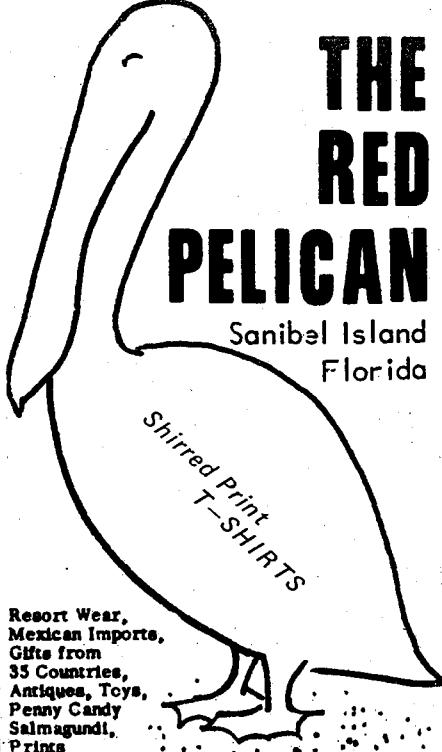

Dear Mrs. Casparis:

I am really sad to return home after such a beautiful time in Florida. Thanks so much for letting us stay with you. I'll never forget Sanibel and hope to visit you often if I go to school in Florida. I have even tried to capture my feeling about your beautiful island in a poem, so here it is:

FOR SANIBEL

My mind is like a broken hourglass
 My sands of thought spill aimlessly
 Blending with the timeless
 tranquility of the virgin beach,
 Where I lie embracing the morning sun.
 The bleached conches echo my desires;
 To grasp the seas's salty mane
 And race with the wind
 To pironette through the sky;
 Leading a troupe of gulls to heaven.
 Day melloes, like the driftwood
 The roughness is smoothed
 The stars are hermits no more,
 But bards of the universe
 Each with his own song of joy.
 I sing too, because for one
 precious day
 I have been part of the untamed
 beauty around me.

Lion Bill Van Duzer installing New President Fred Bunnell

Lion of the Year Award presented to John Cook by President Duane White

SANIBEL-CAPTIVA LIONS CLUB

Wednesday, July 19, at the Island Beach Club there was a very gala affair. Lights, music, decorations, banners, flags, long tables with snow white cloths, and soft sweet music provided by Mrs. Mary Clark at the organ. The decorations were under the guidance of the clever hands of Charlotte White, wife of the president.

The occasion? Oh, yes. The installation of the officers for the coming year for the Sanibel-Captiva Lions Club. There was a delightful social hour beginning at 6:30 p.m., then at 7:30 p.m., President Duane White called the affair to order and Lions

were led in singing by Lion LeeRoy Friday, and Pledge of Allegiance to our flag by all. Lion John Cook gave the invocation. Then all the Lions and their lovely ladies sat down to a delightful dinner of prime ribs of beef and all the trimmings.

At 8:15 President White introduced guests of members; some from Canada, some from Maine, etc. Then Lion White made the presentations for the year. For outstanding service, beyond the call of duty, "Lion of the Year" award went to Lion John Cook; to past president, Lion Bob Dormer, an award for outstanding service; to Bob Vartdal for his job as secretary; and a very special award to Lion Charles Muller for his fine work for the past year.

Lion President White then gave his farewell address and introduced to the Lions and their ladies and guests Lion Bill Van Duzer, who has served as President of the Fort Myers Beach Club, served as zone chairman, as Deputy District Governor, and certainly there was no one better qualified to handle the installation of the new officers for 1972-73.

The installation started with 3rd vice president, Myton Ireland, 2nd vice president, William Kildow, 1st vice president, Robert Vartdal, then secretary, William Haskell, treasurer, Norman Chambers, Lion Tamer Robert Dormer, and Tail Twister Robert Barber. Mr. Van Duzer gave these men a thumbnail's sketch of their duties and the challenge for the coming year.

The installation officer then called up Lion Fred Bunnell, the new president for the coming year, introduced him and announced that Lion Fred was also the Zone Chairman for our district and a member of the Governor's Cabinet. He will have a job to do for the coming year, but he felt that there was no one better qualified than this gentleman and he was looking forward to a great year. He challenged Lion Fred with his duties and then new officers were considered installed.

The ceremony of passing the gavel from Lion Past President White to the new President Fred Bunnell took place amid flash bulbs and cheers and Lion President Bunnell then presented an award to Past President White for his fine work and exchanged pins for his lapel.

One of the highlights of the evening was the presentation of a very high honor in Lionism to an outstanding Lion in community service for his fine work and he was presented with a "Key Award"; this went to Lion Doc Simmons for a job well done. Lion Sims is a very busy man serving as director of nine organizations and president of another, but the old adage of, if you want something done ask a busy man to do it and it will be done.

President Bunnell made his acceptance speech and called for the festivities of the evening to begin. There was ballroom dancing until midnight.

DISCUSS ISLAND ZONING AGAIN

The Art Center on Donora Blvd. on Fort Myers Beach was crowded Friday night when another meeting of the Citizens for Environmental Quality chaired by Clarence Naas was held with Dr. Vernon McKenzie of the Sanibel-Captiva Planning Committee also speaking.

Dr. McKenzie explained the importance of planning for the use of land and facilities. Community development was important and what was needed, he said, was a master plan for the islands in Lee County. "We need an organization to serve as a voice of the people who live here and are most concerned."

He also said that he felt Adley Associates had never been given the opportunity to draw up a real master plan and he felt the two new zoning classifications RU4 and 5 needed more explanation. He went on to say that what was needed was political action; that the people must go before the Commission at their meetings and fight for what they thought was best.

Many people said Clarence Naas did not realize that a mounting population meant ever increasing taxes.

The Sanibel-Captiva Planning Board's aim, McKenzie explained, was to preserve the natural beauties and the subtropical atmosphere of the islands as well as pure air and water and the preservation of the region's wildlife. Dues for membership were \$15 for the individual and \$25 for organizations and at present, he said, they had around 460 members.

It was two years ago that the County Commission enacted the 35 ft. height limit and put a moratorium density of 18 for apartments and 22 per acre for motels. He said that in spite of the height and density provisions on Sanibel and Captiva, nobody, but nobody had lost money or property on that account.

In closing, Naas recommended that all interested persons should attend the Wednesday, July 26 commission meeting to express their opinions.

**SANIBEL COMMUNITY ASSN.
TO HONOR VOLUNTEER FIREMEN**

The Sanibel Community Association has invited the entire Sanibel Volunteer Fire Department and their wives to be the guests of the Association at their next regular dinner meeting scheduled for Tuesday, August 1 at 6:30 at the Community House.

In recognition of the fine work and contribution which these Volunteers have and are making to the community the following letter, dated July 12, was sent to Alan Nave, Fire Chief by Duane White, president of the Sanibel Community Association:
Dear Alan:

The Sanibel Community Association greatly appreciates the outstanding services given our Island by the Volunteer Fire Department. We would like to give the Department special recognition in our next Dinner-Meeting at the Community House on Tuesday, August 1, at 6:30 p.m.

This invitation to be our guests is extended to all members of the Department and their wives. Will you please make this known at your next meeting?

Col. I. J. Turon, director of Civil Defense for Lee County, will give a program on hurricanes following the dinner. This will, of course, be of interest to us all.

We all look forward to greeting the Sanibel Volunteer Fire Department on August 1.

/s/ C. D. White, President
Sanibel Community Assn.

THE COLONY GUESTS

Guests enjoying The Colony from Florida are Mr. & Mrs. George T. Rosselle and family, Mr. & Mrs. W. R. Irey and family, Mr. & Mrs. Al Burt, and Mr. & Mrs. Philip Everingham from Miami; Mr. & Mrs. Victor N. Yellen and Mr. & Mrs. David Royce from Gainesville; the John B. Whites from Jacksonville; Mr. & Mrs. T. Hutchings and Mr. & Mrs. C. Bruggemann from Babson Park; the L. C. McKee family of Lakeland; Mr. & Mrs. Jay Reissman from North Miami Beach and LCDR William J. Rodriguez and family from Orange Park.

Also Mr. & Mrs. William Murray from Atlanta, Ga.; the John D. House family of Akron, Ohio; Mrs. Rosemary Haase and party from Lexington, Ky.; Mr. & Mrs. George Kime from Columbus, Ohio; Dr. & Mrs. E. E. Jeansone from New Orleans, La.; Rabbi and Mrs. Mayer W. Selekman and family from Bala Cynwyd, Pa.; the Thomas White family from Skokie, Ill.; the William Burke family from Elmhurst, Ill.; and Mr. & Mrs. R. T. Hutcheson and family from Bel Air, Md.

SURFRIDER

Other guests at the Surfrider include Bill and Judy Fisher and two children from Pompano Beach, Fla., here to relax and shell; Mr. & Mrs. James D. Owens and daughters on a return visit from Pompano Beach; Dr. & Mrs. William M. Cleveland and two children from Miami; also from Miami, Dr. & Mrs. Robert B. Lawson, relaxing and sunning; the Franklin Joyces and party from St. Petersburg; Dr. & Mrs. Ralph Perry and children, Laura, Todd, and Wally from Sharron, Pa., who are enjoying the Gulf shelling and relaxing and Mr. & Mrs. Fred Frances and two children from Hollywood.

EDISON COLLEGE COURSES

Edison Community College is offering about 125 college level courses, and the range of subjects is very versatile. Just about any interest one may have can be studied. Applications are being taken as soon as possible for the 1972 session which runs for 16 weeks, beginning Aug. 28 through Dec. 15. Admissions office hours are Monday through Friday through Aug. 31, 9 to 12 and 1 to 4 p.m. and Aug. 16 from 6:30 to 8:30 p.m.

Evening classes begin Aug. 28, 29, 30 and 31, and students may register 6:30 to 8:30 on those dates if space is available in the class preferred. Evening bulletins, scheduling credit classes and the non-credit offerings, are available through the CE office on request. Phone 481-4434.

Any of the credit courses are also offered on a non-credit basis by registering as an audit student only. Further information may be obtained by visiting the Admissions Office, Bldg. E or call the college office, 481-2121.

Also, the annual Arts Festival opens at the college on Aug. 4 and nearly 100 performers including dancers, actors, musicians, vocalists, and gymnasts will perform. Paintings, sculpture and crafts will also be featured in the festival, says Dean McMahon, director and producer of the show. Bill Crayton will act as Master of Ceremonies, and people will be attending and also participating from all over Southwest Florida.

REAL ESTATE NEWS

Laughrey & Holtz Island Real Estate, Inc. reports the following sales: From the Bank of Naples, Trustee to Kenleen, Inc., of Lima, Ohio, 300 feet of multiple-zoned Gulf frontage in Sanibel Estates.

From Mr. L. L. Anderson to Mr. & Mrs. Thomas Schnabel of Sanibel, 100 feet of commercial road frontage along Periwinkle Way.

COUNTY BOARD ACTION

Mrs. Lavon Wisner brought up the matter of refinancing the Cape Coral and Sanibel bridges to tired County Commissioners after a long hard day at the office. She said the refinancing would bring in some \$15 million for lowering bridge tolls, providing funds for another bridge across the Caloosahatchee and other needed road projects. Other items not in this year's budget are for the Sanibel fishing pier, plus some new expenses for the County Airport and money for a referendum in five sewer districts, including Sanibel-Captiva. These items would have to be taken into account in next year's budget, and Walter Shirey proposed the inclusion in this year's budget money for the Sanibel pier. He said modifications could be made so that the 16 foot pier could be built for the original \$10,000 earmarked for it.

In other board action, a new public hearing on the Greater Pine Island Water Association's revised rate schedule, as proposed by a Tampa fiscal consultant will be held at a later date. This hearing will be open to the public and they will ask for an increase in rates to cover mounting expenses.

A new Florida law was summarized allowing the imposition of a one cent tax by the county on every gallon of gasoline or fuel if such tax is approved at a referendum vote.

Sarasota County Administrator Edward S. Hoyt spoke to the County Commission about the Dept. of Housing and Urban Development and government subsidized flood insurance. Federal guidelines of 13.5 feet elevation on Gulf frontage and 10 feet elevation inland have been adopted in Sarasota and "anyone wishing to build at lower elevations must obtain a variance which is recorded and warns anyone purchasing the property that it would not qualify for the lower rates of federally subsidized insurance," he said.

Hoyt also discussed computerized printouts which Sarasota, along with 35 other counties, will receive about what to expect from various kinds of hurricanes. He said that a county would be able to take from their files a disaster plan for the particular type hurricane approaching and be prepared to deal with it according to previous experiences in such conditions. Interest was generated by Hoyt in Commissioners in having Lee County join in the computer setup.

**NEW EFFICIENCY COLONY
PLANNED FOR CAPTIVA**

Lou Blaufuss, general manager of the famous Spring Lake Golf & Country Club on the Jersey Shore (with his wife Nonie and son Bill) announces plans for building a small apartment colony on property purchased from Paul Stahlin through Laughrey and Holtz.

The Spring Lake Club has hosted many national celebrities down through the years. The most prominent of which was President Richard Nixon during his vice presidency. It was at this club President Nixon learned much of his golf game.

The Blaufuss family hope to join the Captiva year rounders within the next few years. Lou and Nonie advises that Red Keathley of Carter-Keathley, have just completed erecting two of the five buildings in the plans. An interesting sidelight is that these two buildings may be models offered in module form by Carter-Keathley, if their manufacturing plans finalize.

LITTLE LEAGUE SCORES

The Sanibel-Captiva Little League Baseball team did themselves proud. They came out fourth in their division in the Fort Myers Softball League. It is the first time they had such a successful showing, and we are happy they were able to finish the year out so successfully. Now they will not be playing again until February, and then they will play again through July, and we hope they will go on to greater glories.

PLEASURE IN THE BEAUTY AND WONDER OF NATURE"

OPEN: 9:30 AM - 4:30 PM MON-SAT.

Dr. & Mrs. A. J. Barker and Mr. & Mrs. W. L. Brown of St. Petersburg with 14 snook brought in on the Jenny T. Jack Thomas was guide.

Mrs. W. L. Yelverton of St. Petersburg caught this monster at Red Fish Pass. It was 42 inches long but the weight was uncertain as it was weighted on a 28 lb. maximum scale and it broke the scale but it was fun to catch.

TEN CENTS A POUND!

Sunset Distributors, Inc., of Fort Myers, has joined anti-litter forces and will pay the public 10 cents a pound for all-aluminum beverage cans at a newly established collection point.

Sunset Distributors, Inc. is the area distributor of Miller High Life Beer, which is packaged in all-aluminum cans. The Miller distributor, at 3955 Edwards Street, will be open each Wednesday from 12 noon to 5 p.m. to accept all-aluminum cans.

Reynolds Aluminum will reclaim the cans and recycle them. Paul Hayden, regional manager for

Reynolds' recycling division, said that seven Miller distributors in Florida have joined the recycling program.

"We are happy to welcome Miller into the program. With their collection points, Florida now has one of the most complete aluminum recycling programs in the nation.

"Our network of beverage distributor collection points, Reynolds reclamation centers, and mobile collection units is such that no one in Florida is further than 60 miles from a point where their all-aluminum cans may be redeemed at the 10 cents a pound rate."

Before you buy a home, read the Michigan Story.

Send for your FREE copy of this colorful book. With plans and elevations for 17 designs, it's the next best thing to visiting any of our many furnished display homes in Naples, Fort Myers, and Sanibel Island. Now building from Port Charlotte to Marco Island.
