Sewer Referendum Subject Of Special Meeting

The Sanibel Community Association has arranged a special meeting for Tuesday, Feb. 20 at 8 o'clock at the Sanibel Community House to hear a complete discussion on the pros and cons of the new proposed Sanibel sewerage disposal plan. Every home or property owner on Sanibel is urged to attend and learn how this county project will effect him either now or later.

Mr. Bill Thompson, county engineer in charge of this project will be present with maps and figures to make a presentation and to answer questions.

Some of the questions Mr. Thompson will be prepared to answer will be:

What areas are to be effected at first?

How will it be financed?

How much will it cost every taxpayer on Sanibel?

Who will and will not be able to vote?

Where will the disposal plant be located?

How will it effect present local disposal plants?

If this is just Phase I what about Phase II and III?

What options or alternate plans are being considered?

How should I vote? For or against the plan?

What happens if it is defeated?

Other experts on the subject will be present to answer these and other questions.

The meeting starts at 8 o'clock at the Sanibel Community Association House Tuesday, February 20. This special program has been arranged by Duane White, Porter Goss and John Shepherd.

Sanibel Library To Be Built

"The new Sanibel Public Library will be built in 1973 even if we have to borrow some of the money to do it." That was the promise made by Sanibel Library President Robert C. Haynie at the first annual meeting of members held in the Sanibel Community House Thursday morning.

The campaign for funds to erect the new building on the lot donated by Mr. & Mrs. Gerald Martin is now underway, and treasurer Pat Siegenthaler announced that \$4,800 has been received since letters of solicitation went out a few days ago. In this initial response, 74 renewed their memberships (most with increased donations) and 26 new members joined the library.

With the \$2,500 realized on the Sanibel Arts and Crafts Fair held Feb. 3, and with money which has been accruing in the building fund for several years, Mr. Siegenthaler announced a total of \$35,000 in the building fund at this time. It is estimated that the new building will cost between \$50,000 and \$55,000, so the drive for funds is still far short of its mark.

The following directors were elected at the meeting: To serve one year: Marn Carnahan, Edie Levy, Betty Muench, Pat Siegenthaler and Don Simonds. For two years: Bob Haynie, Jean Denyes, Barbara Sur, George Tenney and Duane White. For three years: Jean Bair, Arthur Clark, Hal Harrison, Harriet Howe and Charles Werkheiser.

President Haynie announced that George Tenney will be general chairman for the Sanibel Arts and Crafts Fair next season.

In her annual report, Librarian Mary Margaret Emmons, stated that 1972 was a banner year with over 10,000 books in circulation among 1,090 patrons. January 1973 broke all previous monthly records when 1,444 books were circulated.

The building committee composed of Vic Hackler, Leigh Bair, Walter Emmons, Leon Levy and Arthur Clark are working with architect Frank Vellake on plans for the new library building.

SANDY BEND CONDOMINIUMS

Everybody is wishing Beatrice Kneen a happy birthday and greetings are coming in all the way from Washington, Conn. Mr. & Mrs. John Zimmerman are looking forward to returning to the cold country in Mount Wolfe, Pa., and leaving our sunny clime until next year.

Canadian visitors are Mr. & Mrs. R. Beaudet and family from Quebec. Down from Elmire, Ohio, are Mr. & Mrs. P. F. Consoniam and Mr. & Mrs. H. C. Mackall from Minneapolis, Minn., are return visitors who are renewing old friendships. Mr. Mackall once shared a cottage with Ding Darling on one of his visits to the Islands. Mr. & Mrs. Robert Taxman of St. Louis, Mo., are enjoying the sun and beach, and Dick and Jane Johnston are enjoying a few days in the sun; they brought Jane's father, Mr. R. Hand, down with them from Newark, Ohio, but must return in another few days.

BLIND PASS COTTAGES

Here from South Hampton, N.Y., for a week of sun are Mr. & Mrs. John Parkins. Honeymooners who are enjoying the beach are Mr. & Mrs. Christopher Lewis of Hollywood, Fla., and here for an extended winter vacation are Mr. & Mrs. Harold Myers of Huntsville, Ohio. Two good family friends are the Howard Heises and the Harold Willis' from Troy, Ohio, for a two week's winter vacation. From Lexington, Ky., are Dean and Mrs. Don Carroll and Mrs. Carroll's sister, Mrs. B. Bray. The honorable Judge Nicholls is also visiting at Blind Pass from Lexington, Ky. Mr. Bush Sneed is here enjoying fishing from Nashville, Tenn. And here for a month's vacation are the Roy Bushongs from Troy, Ohio. Mrs. M. R. Black is from Columbia, N.C., and reports some cool weather up that way too. Mrs. Murray Taylor is here from Cobalt, Conn.

SNOOK APARTMENTS

New arrivals at Snook Apartments are Mr. & Mrs. H. Claus, Mendotta, Ill.; Mr. & Mrs. A. Horne, Marietta, Ohio; Mr. & Mrs. J. Reller, Richmond, Va.; Mr. & Mrs. Carroll Jameson of Newburgh, Ind.; and Mrs. Williams and daughter.

Returning again are Mrs. James Ketchum of Stratford, Conn.; Mr. & Mrs. Brooks Brown of Birmingham, Mich.; and Mr. & Mrs. Carroll Goodel from Keene, N.H. Mrs. John Karabin is busy buying furnishings for her new home being built in Tahitian Shores.

Charles Williams and Jim Wheeler are keeping the men busy going netting fishing which they smoke in Snook's smoke house. Meanwhile the ladies are happily shelling. Vivian MacNamee has found some beautiful bright orange double pectins.

PEBBLES

Thoughts and quotations from a poet's journal:

You cannot teach a person anything. You can only help one to discover one's self. And that is enough, for all knowledge comes from within. DFM.

Donald Foscoe Modrall 1973

At JOHN and JONI STOCZEK'S Gumbo Limbo Apts. are Mr. MARVIN L. SMITH and Mr. VERN RICE who have returned this year and are enjoying their stay catching fish and moreover, eating them!

PRISCILLA MURPHY gave a gala party at her home on Feb. 1 for the members of her staff honoring the salesmen for their high rate of performance. Delicious chicken prepared true gourmet style (as only Priscilla can compound it) was enjoyed by everyone.

New residents to the island being welcomed are Mr. & Mrs. RON MYERS, new owners of Dairy Queen. They purchased it from the DON BISSELLS, and the new manager is Mr. CHARLIE DUTTON, who is doing a magnificent job of catering to the hungry and thirsty.

Others who are catering to the hungry and thirsty traveler are new managers of the Castaways Restaurant, Mr. & Mrs. ROBERT SOWERS, who also manage the Castaways Motel, and reports are that their new chef is a wizard at concocting mouth watering goodies.

And it goes almost without being repetitious that the Island Beach Club is giving out with some mighty delectable delights too under the management of BOB HOUSER.

BRUCE CHAPIN, chef extraordinaire at the Lighthouse Restaurant undoubtedly makes the best hamburgers of anybody, and if you want to join the "in" crowd don't miss having breakfast there, because everybody is there! And for that pleasant afternoon aperitif amongst pleasant people do go to the Sneak bar at the Flamingo Restaurant.

FAE MULLER, HOLLY MOORE and COOKY DUGGER have been working teaching to these many weeks, each Monday from 10 to 3 at the Community House on Sanibel. They have been giving their knowledge, know-how and help to any and all comers willing to lend a helping hand to make the coming Shell Fair the best ever. And to think it is only two weeks off! The ladies are making things from local shells like mad to sell in the Driftwood Shop at the Fair, such as animals, flowers, plaques, and all sorts of ingenious and wanted shell articles. They are also cleaning the island shells to sell. So any of you wanting to learn may attend. Just bring a sandwich to the Community House Monday; coffee is furnished.

WIEGERT-OWENS WED

In a double ring ceremony, Miss Rae Ann Wiegert became the bride of Gary Michael Owens on Friday, February 2.

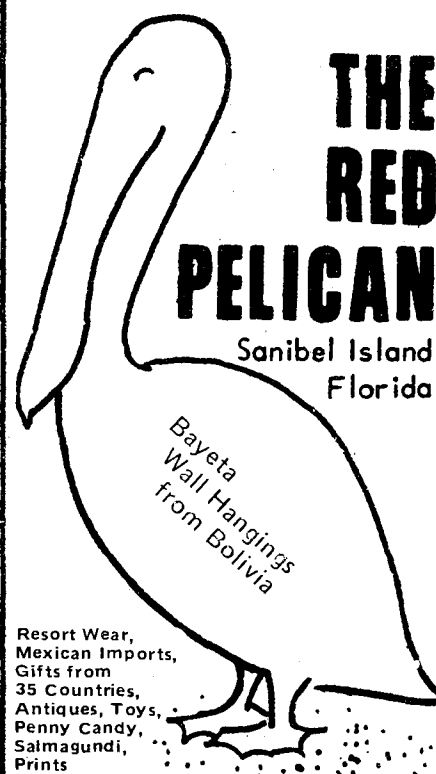

Dr. Arthur Lee Kinsolving officiated at the 4 p.m. service at Chapel by the Sea, Captiva. The bride's parents are Mr. & Mrs. Raymond F. Wiegert, 3013 Gulf Drive, Sanibel. Mr. Owens is the son of Mr. & Mrs. George M. Owens, Glenmoore, Pa.

Given in marriage by her father the bride chose an ankle length dress fashioned of white, self patterned pique, banded with yellow on collar and skirt. She carried a flower of the Islands, a single yellow hibiscus. The couple were attended by Mr. & Mrs. Charles A. Piper of Roscoe, Ill., cousins of the bride.

Following the ceremony, a reception was held at the home of the bride's parents. White fugi mums and daisies were used in both the chapel and home decorations. Mr. & Mrs. Owens will live in Naples, Florida, where both are employed in the golfing profession.

PTA HEARS OF NEW MILLAGE

The PTA met the third Tuesday in January and the Lee County School Finance Officer explained the millage referendum due to be voted on by Islanders on Feb. 27. He stressed the importance of the effect it will have on island children if passed, noting that a new high school would be built to relieve the overcrowding at Cypress Lake, which must go on double sessions in the fall due to overcrowding. Since a new school room must be built each three days in Lee County to accommodate the influx of children, the millage is long overdue, and he commended Sanibel and Captiva residents for approving the millage at the last referendum.

He also noted that with the passage of the millage, the Sanibel School could be air conditioned, a situation long needed also. The PTA adopted the project of raising money to help in the passage of the millage vote by donating \$100 from the treasury to the cause.

Several motels and condominiums got together and donated \$400 for the purchase of two new water coolers for the school, and these too were in need, and a vote of thanks was given the donors.

It was noted that the only real objections to the school millage increase were voiced by new retirees in the area, and it was pointed out that the homestead exemption has been doubled for persons over 65, which would more than make up for the millage increase. Anyhow, the increase would be for only two years, and each child deserves an education, and indeed must be assured of one since Thomas Jefferson inoved the public school system.

BLUE CIRCLE

Sarah Dennis and her beautiful "Bird House" on Captiva's coast was host to the Blue Circle for February. Among those present to roll bandages for the Catholic Medical Mission Board for the Sick Poor were Peg Racek, Pin Mills, Georgia Hemphill, Kay Schultz, Dorothy Robinson, Frances Shaver, Dorothy Dickey, Dorothy Seymour, Sally Kirby, Ginny Bissell, Margaret Fisher, Kathleen Perrin, Margaret Dunham, Mary Grace Dennis and Anna Marie McCord.

Ruth Hunter who founded the Blue Circle missed the bandage rolling for the first time in nine years. Ruth felt it essential she attend the hearing of the Sanibel-Captiva Master Plan committee in light of the unfortunate phrasing of the notice of the hearing in the Fort Myers News-Press which stated that it was the intent of the Master Plan Committee to "Phase Out" businesses on Periwinkle Way including the Pirate Playhouse.

PAT SLATER OF SONG OF THE SEA

When "Aaron Slick from Punkin Crick" opens Saturday, Feb. 17, for its fourth performance there will be a new "sweet young thing" in the person of Pat Slater who plays Gladys May Merriew.

Once Again Duane White in the city slicker role of Wilbur Merriew will twirl his black mustache, try to cheat the homespun widow Berry out of her farm and match wits with that rube Aaron Slick (played by Philip Hunter). Included in the cast who made such a hit in this funny play during the Christmas holidays are Barbara Nave as Sis Riggs, John Reynolds a mysterious young man, Helma Reynolds who sings Lili Marlene in German and Ruth Hunter as Widder Berry. Bob Dormer manages the stage and sings The Rose of Tralee in a Chicago cabaret.

Sunday, Feb. 18, Pirate Playhouse has scheduled The Bishop Misbehaves which has been playing to enthusiastic audiences since Jan. 6 with George Tenney, Glenn Carowan, Nancy Thompson, Grace Whitehead, Robert Dormer, the Hunters, Don Whitehead, Ted Fonda and Porter Goss.

WILLIAM NEWMAN

William F. Newman, 60, of Schooner Place, Sanibel Island died last week. Surviving are his wife, Katherine M. Newman; and sons William R. Newman of LaPlata, Md., and James A. Newman of Hersey, Pa.

A memorial service was held at the Sanibel Community Church with the Rev. H. E. Sheeley officiating. In lieu of flowers the family suggests contributions to the Sanibel Community Church. Leo W. Engelhardt Funeral Home was in charge of arrangements.

JOSEPH ABRAMS

Joseph Abrams of Sanibel died Tuesday, Feb. 6.

He is survived by his wife, Lorraine Phogue Abrams of Sanibel, and two brothers, Sidney and Edward Abrams. He was the son of Mrs. Dorothy Abrams and the late Martin W. Abrams.

Funeral service was held at Rosenbergs Raphael Sacks Funeral Home in Philadelphia, Pa. Burial was in Adath Jeshurun Cemetery.

The family suggests contributions in his memory to the Southeastern Heart Association or Delaware Valley Diabetic Association.

**MRS. ROBERTS & MRS. MILLS
CONTRIBUTE TO SANIBEL-CAPTIVA
CONSERVATION**

Mrs. Hervey Roberts and Mrs. Parker Mills, talented local artists who displayed and sold their wares: driftwood mobiles by Mrs. Mills, and "indigenous" weaving by Mrs. Roberts, turned over a check for \$356.00 representing their earnings from the sale of their artistic endeavors.

During their showing of Jan. 30 "approximately 200 people stopped in during the day. The came from 21 states, England and Canada. Of course, Sanibel and Captiva led the list; Illinois came next," said Hazel Roberts. "As a result of such a turnout, we had a complete sellout," she said. Hazel will be returning to her home in North Carolina in the spring, where she gleaned so many ideas and native grasses she so cleverly incorporated in her weavings. And Pintard Mills will be enlarging her collection of driftwood here on Captiva and probably continue to make some-interesting mobiles in her own original and inimitable manner.

Both ladies deserve a vote of thanks for their contribution to the Sanibel-Captiva Conservation Foundation.

THE COLONY GUESTS

Return winter guests at The Colony are Mr. & Mrs. Ray F. Ware from Hickory Corners, Mich.; Mr. & Mrs. L. A. Pidgeon from Knightstown, Ind.; the Barnard Gussetts from Des Moines, Iowa; Dr. & Mrs. John L. Peters from Oklahoma City, Okla.; Mr. & Mrs. Donald S. Smith, Jr. from Hartford, Conn.; the K. Lunds from Lindenhurst, N.Y.; and Mr. & Mrs. G. Osmer from Pittsburgh, Pa.

Also here are Mr. & Mrs. Daniel Kimpel, Mr. & Mrs. E. Robinson, and Mr. & Mrs. J. Christopher from Easton, Conn.; the Ed Mulvihill family of Park Forest, Ill.; Miss May Lytle and party from Lookout Mt., Tenn.; Mr. & Mrs. Sidney C. Smith from Wilmington, Del.; Mr. & Mrs. E. L. Brennan and daughter from Baldwin, N.Y.; Miss M. Riesner of Dayton, Ohio; the R. Russells from Hollywood, Fla.; the Joseph N. Gambles from New York, N.Y.; the Louis Bondon family from Upper Montclair, N.J., and Mr. & Mrs. Gilbert Andrews from Venice, Fla.

ISLAND INN

Guests at the Island Inn include Mr. & Mrs. Nelson Sanford of Naples, Fla.; Mrs. John Pace, Dallas, Texas; the R. M. Smiths, Toronto, Canada; Mrs. Edwin Winter of Lake Forest, Ill.; the R. W. Herseys, Tryon, N.C.; Prof. & Mrs. John Van Vleck of Boston, Mass.; Mrs. Nelson Webb, Montclair, N.J.; the Crawford Greenewalts of Wilmington, Del.; and Dr. & Mrs. Robert Zollinger from Columbus, Ohio.

GULF BREEZE COTTAGES

The Happy Hour Banner is waving again every afternoon to welcome in Ann and Pete Azuka from Massapequa, N.Y.; Irene & Vern Bushmann of Falls Church, Va.; Art & Grace Goehring, Indiana, Pa.; Emma & Ingwold Namtvedt of Minneapolis, Minn.; Vi & Floyd Walker of Green Lake, Wis.; Gretchen & Pierce Jensen, Bradenton, Fla.; Francies Ricca and daughter Cecile of Baldwin, L.I.; Kent & Laura Hawks with two boys from White Plains, N.Y.; and Mother Salas of Coral Gables, Fla. (They are planning two Valentine birthday parties, mother and son.) George and Louise Stillman came for two days and stayed a week. They haven't been south in 30 years but now plan a yearly trip. Pat Codner and husband from Canada met with the Westalls. Mrs. John Gatch brought her granddaughter, Cathy, this year. George & Doris Halford of Cleveland, Ohio, made the 5 o'clock cocktail hour a success with a "Happy Hour" flag signally all that 'that' time is here! George Daudenspecks came from Huntington, Pa., while from Hollidaysburg, Pa., we welcomed Helen Duncan.

Dot and Bill Rabuck have bought a home in Fort Myers and after they leave here next month, will have open house to celebrate being a Florida resident. While Dot and Bill were sitting outside their cottage, in drove Loretta and Jim LaMarro (neighbors in N.J.) not knowing either one had reservations at Gulf Breeze. At the same time, Jason and Jean Warren (more N.J. neighbors) drove in -- what delightful shrieks, hugging, etc.

FASHION SHOW TOMORROW

The ladies of St. Michael's and All Angels Episcopal Church are giving a dessert fashion show on the church grounds at 1:30 Friday and many of our good looking Islanders will be modeling the newest in fashion from the Islands' charming and beautiful clothing shops.

Christa of Captiva, new boutique at South Seas, will be showing the latest along with Dotti of Sanibel, Open Gate, Marylou's, the Sea Horse Shop, and another new shop specializing in men's furnishings, The Clove Hitch.

Mrs. George Tenney is still receiving reservations and tickets can be purchased from her. Her number is 472-2143, and you are sure to love the luscious goodies and mingling with friends while enjoying a preview of the latest fashions.

SANIBEL-CAPTIVA CONSERVATION FOUNDATION

Mrs. George Winterbotham, chairman of the Sanibel-Captiva Conservation Foundation, announced this week that the Foundation will present three programs this winter as special events for their membership. Each program is intended to acquaint Conservation Foundation members with information on some of the functions of the organization.

First in the series will feature a discussion of the sea turtles, the giant 400 pound reptiles that nest on the beaches of Sanibel-Captiva, and the conservation work underway by the Foundation-sponsored Caretta Research project. The two part program will be held on Feb. 20 at 8 p.m. at the Sanibel Community House. Paul Zajicek, a Sanibel teenager who will be heading up the project's Cape Romano Project this summer, will present "The Next to Go: The Loggerhead Turtles of Cape Romano" (a slide lecture) and a film, "Operation Loggerhead" produced by E. J. Phillips. The movie was made on Sanibel-Captiva and covers scenes of the nesting habits of loggerhead turtles and the work of Caretta.

The other programs will be presented by William Hammond, director of the Lee County Environmental Education Center. On March 21, Mr. Hammond will present a program titled "Introduction to Sanibel Wetlands." On April 11, he will conduct a walk, "Look and Learn," on the proposed Nature Center site of the Foundation.

All members of the Sanibel-Captiva Conservation Foundation are urged to attend these programs and bring their guests.

SHELL CLUB

The Sanibel-Captiva Shell Club will meet Feb. 21 at 8 p.m. in the Sanibel Community House.

The fossils that many of the club members gathered on a recent trip will be shown and some given to those who could not make the trip. At last month's meeting on Captiva, President Crawford Cate introduced Mrs. Fae Muller of 1215 Seagrape Lane as the new president of the Shell Club, so come and meet the new president and spend an evening with the other shellers of Sanibel.

Slides will be shown on "Lovell Reeve - Amateur Conchologist" narrated by Jean M. Cate. Door prizes will be given. The first door prize at last month's meeting was a lovely pair of lions paws given by the Marshalls of

McCauls Gift Shop and second prize was a lovely pair of angel wings given by Mrs. Fae Muller. Mrs. Vivian Mills of Chicago, Ill., won the lions paws and Louise Baldwin of Westfield, N.J., won the angel wings. Many other door prizes were given so come join us for an evening of shells.

DUPLICATE BRIDGE

There were ten tables at last Friday's duplicate bridge session at the Community House.

Winners were: North-South, 1st, Ruth Carey and Albert Ford with a score of 105+. Second, Mr. & Mrs. W. D. Fletcher with 102+.

East-West, 1st, Mary Norris and Marie White with 108 and second, Margaret West and Joyce Irwin with 103+.

"DING'S" THINGS

The second beach tract of the J. N. Ding Darling National Wildlife Refuge is dominated by the 90 year old Sanibel Light and Lighthouse keepers' quarters. Constructed in the 1880's, the 98 foot landfall light was built primarily for cattle shippers on their runs between Key West and the Punta Rassa cattle markets. Since that time it has served shrimpers, commercial and sport fishermen, and pleasure boaters by marking Sanibel's eastern shore.

In 1950 the Bureau of Sport Fisheries and Wildlife through a special permit with the U. S. Coast Guard obtained use of the 23 acre lighthouse tract. Now the keepers' quarters are used as the refuge headquarters and residences. Here visitors may ask questions, make tour reservations, and avail themselves of free literature on the Darling Refuge and her satellite areas, recreational opportunities, and Ding Darling himself. Several prints of Mr. Darling's cartoons are now displayed in the front office as well as two original works of the Pulitzer Prize winning cartoonist and conservationist.

The Lighthouse tract also offers a variety of outdoor activities. Shellers have only to search and explore a few yards to make use of both bay-side and Gulf beaches. Many sea and seaside creatures can be located on the Pt. Ybel beaches. Tunicates, parchment worms, jelly fish, sea pigeons, sea cucumbers, starfish, sand dollars, crabs, shorebirds, and waterbirds keep the beachcomber busy.

Beach ecology receives an impetus from the well-defined plant zones at the Lighthouse. The salt purslane, sea blite, saltgrass, and stately sea oats attract botanists in ever increasing numbers. For those of you who are tempted to remove these beach plants, no plant may be taken from the refuge, and sea oats are protected by both State and Federal law, as plant picking refuge visitors have discovered via violation slips.

Fishermen know that Pt. Ybel is a good beach from which to wet a line and bring home dinner, and with the new fishing pier in the offing the bay fishes had better beware. Those of you interested in projects involved with animal populations will be pleased to find the sea turtle hatchery of Caretta Research on the Gulf beach behind the refuge offices. A new interpretive sign has recently been installed at the hatchery for the curious visitor.

**PRATT SAYS BIKE PATHS
"FEASIBLE"**

County Transportation Director Ben Pratt said last week that publicly owned and maintained lanes designed for exclusive use as bicycle routes "are entirely feasible."

Commenting on a proposed regulation that developers provide bike paths, Pratt said: "Developers can include a paved lane in conjunction with their major thoroughfares, arterial and collector streets."

Pratt said he agreed with a recommendation by the Adley Associates consulting firm of Sarasota which called for widened right-of-ways to include bicycle routes.

The recommendation was for 125 feet for major thoroughfares, 100 feet for arterial streets and 75 feet for collector streets.

Present right-of-ways are inadequate due to heavy traffic, Pratt said, and addition of the bike paths would tend to relieve some of the volume in addition to serving as needed safety features.

ANNOUNCEMENT

Sanibel Island Postmaster announces that substitute rural carrier examination will be open beginning Feb. 12 and continuing through April 12. Interested persons may obtain application at the Sanibel Post Office.

BEACHVIEW COTTAGES

All of the "Old Timers," returning guests of the Beachview are back and firmly established in their domains. These include the William Browders of Nashville, Tenn.; the Henry Klahrs of Albany, N.Y.; the Walter Davidsons of Cheverly, Md.; the Wm. Keys of Downers Grove, Ill.; the John Burnetts of Hamilton, Ohio; the James Burgetts of Center Line, Mich.; and the David Ovans of Chatham, Mass. All have been welcomed by the Prof. and Louise Wilson who arrive in the fall before the snows push them down.

Hank Klahr found an albino welk this week while his wife Betty found a golden olive; Mrs. Burgett was lucky with a junonia. When the Walt Davidsons aren't fishing he is playing horse shoes with Hank Klahr. The John Burnetts are resting when not entertaining their many guests from Ohio. They all gather on the beach in the mornings with other friends in the neighborhood, and hold great discussions.

Other guests at the Beachview are the Carl Blakers who came in November, had to leave for Christmas, and then returned for more of the peaceful life. The Fred Deans who came for two weeks decided to stay another month. The "Island Fever" is catching -- the Nelson Rungers of Pittsburg, Pa., are starting to relax and he is looking for golf partners. Mr. & Mrs. Lloyd Richmond and Mrs. James Parker of Northbrook, Ill., are enjoying the island for the first time. Other guests are the Russell Moberlys, Lexington, Ky.; Charles Merkel and family, Brookfield, Wis.; Mr. & Mrs. Edwin Weeks, Riverton, N.J.; the Joe Johnson family, Evanston, Ill.; Dr. & Mrs. Bruce Hiller with three daughters, and the Ron Abrams family who came for two days and stayed for two weeks; said the weather and schools in Galena, Ohio could wait till they returned.

SEGUNDA GUESTS

Returned guests at the Segunda Apartments this week include the Ernest Tillsons of Wellesley, Mass.; the F. L. Bollingers of Marietta, Ohio; the Harrison Brailsfords, Harrison, N.Y.; the William Hollises, Fort Wayne, Ind.; and Mrs. Robert Wise of Hanover, Pa., with friend, Mrs. Charles Brough.

Also with us are first time Segunda visitors Mr. & Mrs. H. S. Dawson and friends, Mr. & Mrs. George Sandwell, all of Champagn, Ill.; Mr. & Mrs. Alfred Willoughby of Hillsdale, N.Y.; and Mr. & Mrs. A. J. Daley, new Canadian friends from Quebec.

Expected during the week are Mr. & Mrs. William Soules of Wayzata, Minn.; and returning guests, Dr. & Mrs. Edwin Ober of Painted Post, N.Y., joined by Mr. & Mrs. Joseph Ober from Elmira, N.Y.

ANNUAL CAPTIVA CIVIC ASSOCIATION SALE

The annual ABC (Attic, Basement and Closet) sale of the Captiva Civic Association will be held on Friday, March 9 at the Civic Center. The doors will open at 10 a.m. and continue until sell out -- one o'clock. This is the fund raising occasion of the Association as well as fun raising time.

Mrs. Wm. S. Dennis, Jr. will announce soon the committee chairmen and the members of the committees. There will be a food table of jellies, cookies and cakes. Also books, furniture, household articles and plants.

Those desiring to contribute articles for the sale are asked to leave at the Civic Center on Wednesday, March 7 from 9 to 12 o'clock or phone Mrs. Dennis, 472-1361.

THIS WEEK AT THE SANIBEL LIBRARY
by Hal H. Harrison

Christmas may be long gone at your house but not at the Sanibel Library. Boxes with new books for you to borrow keep coming every week, and, although they are not gift wrapped, they certainly contain some "goodies."

The new best seller by Adam Smith (George J. W. Goodman) is one of the best. I refer to "Supermoney," successor to "The Money Game," which was on the N.Y. Times best-seller list for so many weeks I lost count. Now, "Supermoney" has been on the list for over four months. The Times refers to it as "the best book there is about the stock market and all that goes with it." Life's review said, "The charm of 'Adam Smith' is that he treats money as if he were writing about love, or art, or religion but heavens, not business." The book is an insider's view of what goes on in the new world of high finance.

For Sanibel residents, an appropriate and informative book is William C. Anderson's "Hurricane Hunters." Anderson is a former commander of a hurricane-hunter squadron in the air weather service. His story about flying into the eye of a hurricane and recording its progress makes for exciting (and scary?) reading.

Harcourt Brace Javanovich has just republished one of Helen MacInnes' early mysteries, "Assignment in Brittany." Although the Sanibel Library has 10 other novels by MacInnes, this one has never circulated here --- and it is one of her best. Incidentally, this book was one of about 50 new books donated to the library by Burnett Ball of Sanibel, executive vice president of Harcourt Brace Javanovich.

Among other fiction just received are Muriel Spark's "Not to Disturb;" Elizabeth Spencer's "The Snare" (author of "The Light in the Plaza"), which is set in New Orleans; a happy new book by MacKinlay Kantor, "I Love You, Irene;" "Enemies, A Love Story," a bittersweet, deeply moving novel by Isaac Bashevis Singer (New York in the 1940's is the setting); Winspear's "Tawny Sands;" and a collection of short stories by Pierre Boulle (author of "The Bridge on the River Kwai" and "Planet of the Apes") titled "Because it is Absurd."

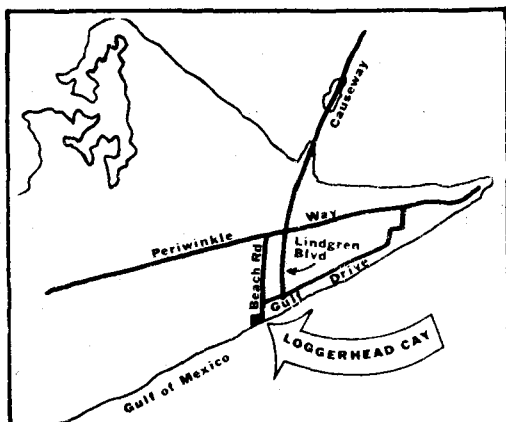

For photographers, art lovers and bird watchers, Robert Northshiled has put a life time of work into his 300+ black and white photos that make up "The People's Birds." The author relates the stories behind the pictures.

Conservationists will enjoy "Let Them Live," a worldwide survey of animals threatened with extinction written by Kai Curry Lindahl, a Swedish ecologist who also wrote "Conservation for Survival."

LOGGERHEAD CAY PRESENTED LIFE SIZE REPLICA OF LOGGERHEAD SEA TURTLE

A custom-crafted, life-size model of a female loggerhead sea turtle was presented Saturday, Feb. 10 to Robert F. Buntrock one of the developers of Loggerhead Cay Condominium on Sanibel Island. The model will be displayed in the office and model of Loggerhead Cay.

It was fabricated by George Weymouth of Sanibel. Weymouth is noted for his abilities in wildlife art and sculpture and is involved in Loggerhead Turtle conservation with the Caretta Research project based on Sanibel.

When Loggerhead Cay Condominiums are completed in three years the model Loggerhead will be donated back to the Caretta Research group for their use and display.

The loggerhead turtle is now considered by biologists as a threatened species. It has been known for some time that the sea turtles of the Gulf of Mexico are rapidly approaching the endangered status. One factor which is influencing this reduction is the development on ancestral nesting beaches. Lights produced by development (houses, motels, condominiums, etc.) alter normal behavior of nesting sea turtles and disorients young turtles upon leaving the nest which causes them to head for the lights instead of the water.

Loggerhead Cay's management has agreed to control lighting on their beach during sea turtle nesting and hatching time, May through October. This policy makes Loggerhead Cay a pioneer in this aspect of sea turtle conservation.

On October 21, 1971, we broke ground for the first building at the Moorings. A lot of nice things have been happening ever since: over half of the units are now finished and occupied. Boat docks, both pools, the Party House, and a good deal of the common areas are complete as well. The way things are going, we'll be ship-shape and 100% complete by late Spring. You'll notice that we've saved every tree possible and added many new ones, along with professional landscaping. We still have some very nice apartments available at modest prices. If you haven't seen the Moorings yet (or haven't seen it since last year), stop by and take a close look. We think you'll like what you see.

Two bedroom, two bath condominium apartments from \$31,900. Contact sales office on East Gulf Drive or local Island brokers.

MAKING TRACKS with Sandy

Sanibel had its first auction one sunny afternoon last week and we joined friends, neighbors and visitors to the island to watch the proceedings. Those of us who planned to stay brought chairs in order to have good front row comfort. I was interested, of course, in the furniture and other household effects to be sold, but I was mainly there to hear and see Bill Alquist, an old time Sanibel friend, who was the auctioneer. Bill (who bears a resemblance to Lee Marvin, the actor) normally is a soft-spoken man with a delightful eastern accent and so I couldn't imagine him in the role of an auctioneer. I was to see a new side to our friend who had never let on to us or anyone that he had this special talent.

At precisely 1 p.m., Bill stepped up to the microphone and with the adroitness of the professional that he is, began one sale. With triple-tongued smoothness he cajoled and coaxed his audience and the audience never let him down. For four hours he kept up his fast firing tactics and we loved it. Marvelling at the fact that he still had a voice after it was over, I asked him how he could keep up such a pace and not show it.

"Once, back home in Connecticut, I did it for a whole day," he said with his usual smile, "and I began at nine in the morning. I took two hours off during the day

for lunch and dinner and ended at midnight. That was the longest day I've ever spent. But that was entirely for charity."

I learned that if an auctioneer doesn't continually work, he must "warm up" before hand much as a singer does before a concert. "This time I walked the beach vocalizing and people probably thought I was crazy," Bill confessed, "but I must keep in practice or my voice would tire."

Bill and his darling wife Anne have recently sold their resort business in Salem, Conn., and now call Sanibel their permanent home. The Alquists enjoy boating and fishing, but Bill wants to keep his "finger in the pie" as far as auctioneering is concerned.

"I was in the business for 30 years," he went on to explain, "and from the time I was 12 years old I knew that this was what I wanted to do in life." Nowadays, there are auctioneering schools but Bill had to learn on his own. This entailed the serious study of antique furniture, paintings, coins, stamps, old and new books, glassware, dishes, etc., for the auctioneer must set the pace and have the first-hand knowledge of the goods he is selling.

There's no doubt about the fact that Bill Alquist, who is licensed to practice in Connecticut and Florida, loves his work -- "the oldest profession in the world" and that he appropriately uses the slogan: "Have Voice - Will Travel!"

SONS OF AMERICAN REVOLUTION TO HOLD CHARTER BANQUET

The newly organized Caloosa Chapter, Sons of the American Revolution, will receive its charter at a banquet meeting 6:30 p.m., Feb. 22, the traditional birthday of George Washington. The meeting will be held at the Fort Myers Country Club on McGregor Blvd.

The charger will be presented by Matthew B. Sellers of Ft. Lauderdale, senior vice president and membership chairman of the Florida Society SAR.

There are 38 charter members in the new chapter representing Fort Myers, Fort Myers Beach, Sanibel Island, Cape Coral, St. James City, Estero, Port Charlotte and Arcadia.

The Florida Society, SAR, will award the SAR Medal of Appreciation to Mrs. Sidney Scott King, Jr. at the banquet also. This medal is reserved for members of the DAR who have rendered outstanding assistance to the SAR. Mrs. King is a member of the Caloosahatchie Chapter, DAR.

Herbert L. Bowers, Sarasota, central regional vice president of the Florida Society SAR, will make the presentation.

Any SAR and DAR members visiting in the area are invited to attend the banquet. All reservations must be made by Feb. 19 with Nevin E. Salot, 3311 W. Riverside Dr., Fort Myers, 334-6840.

All SAR and DAR members are asked to bring their spouses with them.

**SANIBEL CHILDREN
GO TO CIRCUS**

Sanibel Elementary School children had a busy week culminated by their trip to Sarasota on Saturday to the Ringling Bros. Circus which was paid for by Mr. & Mrs. Robert Potts of Island Huxter's and Mr. & Mrs. Don Bissell, former owners of the Dairy Queen.

Seventy-three Sanibel Elementary School children went on the circus trip, and thoroughly enjoyed every moment of it down to the treats afterwards at McDonald's in Sarasota before the trip

home for a tired but happy bus load. Twenty-three parents and middle school children accompanied the group as chaperones.

On Monday, the two weeks-long library inventory was completed and Dr. William Cooper, Lee County School Oral Hygienist and Dental specialist, talked to the third grade group in Mrs. Winan's room. He demonstrated good dental hygiene habits and tooth care, with a special "junk" test. All the children were given new toothbrushes and after a demonstration on how to properly clean the teeth, the acid test was applied in the form of a red pill which coated all remaining particles missed in the tooth cleaning session, pointing out the need for further brushing.

Mrs. Krabill was ill the first two days of the school week with the flu, and Ruth Wittig substituted for her in the Kindergarten and first grade.

Mrs. R. Rhea was called in to substitute for Mr. Runnels on Tuesday while he attended a loom project

workshop in Fort Myers, and Mrs. Rhea taught the children in the 4th and 5th grades Haiku, the art of Japanese poetry writing. When Mr. Runnels returned the children received rather shocking instruction in the study of electricity by Mr. Dissette and Mr. Runnels.

Mrs. Winans' third graders planted a flower and vegetable garden with tomatoes and corn interspersed with snapdragons, petunias, phlox and marigolds.

**GOURMET RECIPE OF THE WEEK
FROM THE B-HIVE
GOURMETS EXTRAORDINAIRE**

ELEPHANT STEW:

- 1 elephant, medium size
- 2 rabbits (optional)
- Salt and pepper to taste
- Brown gravy

Cut elephant into bite sized pieces; this should take a bit of time, so plan accordingly. Put in a large pot, add gravy to cover. Cook over low fire (300 degrees) until grey (about 4 weeks). This will serve about 3800 to 3850 people. If you are expecting more, two more rabbits may be added, but do this only if necessary as most people do not like to find a little hare in their stew.

AUDUBON OUTDOOR PROGRAM

An Audubon outdoor event that in past years has been rated as one of the most successful will be held today, Thursday, February 15.

Mario Hutton, president, will conduct a tour for the benefit of those interested in nature photography. In language understandable to experts and beginners alike, he will offer practical advice and suggestions on wildlife and scenic picture taking. "Meeting Nature Halfway" is the title of this informal presentation, that will start at 2 p.m. at the entrance of the Ding Darling Sanctuary on the road to Captiva. There is no charge, and all are cordially invited.

SANIBEL SEWER PROPOSAL

HOW WILL IT AFFECT YOU?

SPECIAL MEETING:

FEBRUARY 20th 8p.m. COMMUNITY HOUSE

- * what areas will be affected?**
- * how will it be financed?**
- * what will it cost the individual homeowner?**
- * where will the disposal plant be located?**
- * will present disposal plants be affected?**
- * what happens if it is voted down?**
- * what options or alternate plans do we have?**

Mr. William Thompson, County Engineer, will be present to answer your questions concerning the Master Sewer Plant for Sanibel Island. He will have maps, graphs and charts for you to see. The Sewer Referendum will be voted on Tuesday, February 27, 1973 and it could well be one of the most important elections facing Sanibel Islanders. Regardless of where you live on Sanibel you should attend this important meeting. Other experts will be there to answer your questions.

Special Meeting: February 20th 8p.m. Community House

LETTERS TO THE EDITOR

TO THE ISLANDER:

On Oct. 1, 1972, Florida Statute 316.065 was amended. This statute provides for the immediate reporting of all accidents. Under the prior law, an accident was only required to be reported if the damages to property exceeded a certain amount. Under the new law, all accidents are required to be reported without regard to amount of property loss. Florida law also requires a person with a damaged automobile to obtain a damage release sticker before a repair shop repairs the damage.

A typical fact situation would be as follows: Mr. A backs into Mr. B's car while parking his car. The only damage to either car is a scratch which would cost \$10.00 to repair. Both parties not being aware of the law, do not report this minor accident. Mr. A takes his car the very next day to ABC garage to have his car repaired. ABC garage tells Mr. A that he can't have his car repaired unless he obtains a damage release sticker from the Sheriff's Dept. or other law enforcement agency. Mr. A then goes to the Sheriff's Dept. and tries to obtain the damage release sticker; when he tells the officer the date of the accident, the officer gives Mr. A a citation for failure to immediately report an accident.

I am sure Judge Orosz joins me in my feeling that people must be made aware of this law in order to avoid technical violations. I would appreciate any publication of this problem that you would be able to give.

/s/ William J. Nelson
Judge of the County Court

TO THE ISLANDER:

Say if all the people that like Sanibel got together one day and dug a big deep ditch, perhaps those big ugly block and cement forts they call condominiums would float away.

If that didn't work we could then build a 35 ft. high fence around them.

/s/ Len Wilkinson

ON WEDNESDAY NEXT

Second in the series of art in the afternoon at the Pirate Playhouse for the benefit of bikes and babies will be an exhibit of the paintings of Wilb Snyder, noted Island artist, among them "September Skies," "Sunset on the Gulf" and "Gulf of Captiva."

These Island watercolors are on display in addition to the charming Alice in Wonderland dolls of Hazel Whitehead, the remarkable artist from Shawnee, Oklahoma, who has created these unusual characters for exhibits all around the country, including a Washington, D.C. public library.

The music for art in the afternoon on Wednesday, Feb. 21 will be Mischa Elman playing the works of Mozart. A donation of 50 cents per person as well as a percentage of the sale of dolls and paintings will go toward having a bicycle and foot path on the Island so that people will not be killed walking and cycling and toward Americans United for Life to save the lives of precious babies.

Pirate Alley, Feb. 21, 3 p.m. to 4:30 p.m.

SANIBEL-CAPTIVA PLANNING BOARD HAS ACTIVE YEAR

The Sanibel-Captiva Planning Board, which will be entering its 5th year of operation on March 19, has been active in meeting the objectives for which it was organized, and it is through the active support of its hundreds of members that this has been accomplished. The main purposes of the Planning Board have been to protect the unique character of the islands, and to ward off urban congestion, while preserving and protecting the quality of the general environment. The Board has been active in promoting and conducting land and resource planning, and in order to continue needs the support both financial and participating of new and old members.

It has been actively cooperative with other organizations, and reviews zoning and developer plans, representing the membership in dealing with state and local agencies. The Planning Board has been successful in limiting the heights of buildings and in density limitations. It has been successful in modifying land use in specific zoning cases and in the control of canals and excavations.

It has been successful in starting a master plan for Sanibel-Captiva with improved planning by the County. It has assisted in the acquisition of land by the Conservation Foundation and the Federal Government, and has helped in the formulation of state laws in the fields of land use and water resources.

Currently, the Board is promoting a study for a comprehensive plan for the islands, in gathering facts and data concerning land use, population growth and zoning changes. And as a result, a comprehensive plan for the islands is underway. A committee of nine members is working on this judgmental analysis and study. Two of these members are from the Planning Board, two are County Commissioners, two are from the County Zoning Board, and one each are from the Sanibel-Captiva Chamber of Commerce, the Community Association, and the U. S. Fish and Wildlife Service.

The Planning Board is currently involved in an incorporation study for Sanibel-Captiva, but the study is strictly fact-finding and in no way promotional, and Mr. Don Seymour is chairman of this committee.

All committees need the continued support of both old and new members, and the Membership Committee is composed of Don Marshall, J. E. Scholefield, Lillian Paschall and Parker Mills, who will be happy to hear from you. The only revenue the Board receives is from dues and donations which are necessary in meeting expenses, and a widespread membership is necessary for the Sanibel-Captiva Planning Board to continue actively.

Other officers of the Board who will be glad to accept dues or further explain the Board's activities are: President, Vernon MacKenzie; Vice President, Malcolm Beattie; Treasurer, Don J. Marshall; Secretary, Mrs. Charles B. Paschall; Corresponding Secretary, Mrs. Robert L. Dormer. The next meeting of the Board is March 19 and you are invited to come and be a participating member.

DECORATOR'S DIARY,
Nostalgia for Imperialism . . .
Perhaps this was the secret of Juliette Recamier, a French woman of such beauty & grace that she set Napoleon himself scheming. This design sofa, that became her namesake, had a similar version in the empire days of Rome, when it was designated a Roman daybed. It is a happy alliance between a chaise lounge and a sofa. It is interesting to see how the recamier sofa is all elegant curves & undulant plushness. It is available and on display in our showroom floor.
