Illegal Signs

Snipe, Banner and Sandwich signs are among the several kinds of signs outlawed by the Sanibel-Captiva Island Sign Ordinance. Business as well as residential property owners and operators alike should have taken down this type sign by August 1971. If you are among the few who forgot, or did not know, please remove them.

According to the Ordinance, a SANDWICH SIGN is any double or single faced sign which is portable and may readily be moved from place to place. SNIPE SIGNS are any small signs tacked, nailed or attached in any way to trees or other objects. Cloth, paper or fabric signs (including awning signs) are called BANNER SIGNS and are also illegal.

The Sign Ordinance Coordinating Committee will make available copies of the sign ordinance for anyone interested. They are also available to help sign owners understand the law, and will handle violation reports from anyone. Committee members are reached through Ms. Roberts, at the Chamber of Commerce, 472-1080, daily 10 a.m. - 5 p.m. excluding Sunday. Next week: Sign regulations affecting new business.

Fishing Pier Fund

This is an account of the money donated to the Sanibel-Captiva fishing pier fund. The total to date is \$13,303.13, including the interest. Of this, \$8900.00 has been turned over to the Lee County Commissioners towards the bid price on the basic structure.

The bid was awarded to Foster Brothers Marine of Ft. Lauderdale for \$28,900.00. The state gave \$10,000; Lee County gave \$10,000 and \$8900 came from our Pier Fund. The balance in the fund now is \$2724.86. This money will be used for a covered area, lights, water, benches, and a fish cleaning area on the pier.

The contractor has a local firm, Rivers Construction, subcontracted to do the job. The material is on the job site and construction should start soon. We were held up awaiting approval of the State monies. A 90 day completion date after start of construction is in the contract. The new pier will be 300 feet west of the old structure.

The Sanibel-Captiva Chamber of Commerce would like to thank all members for the help and contributions towards this very much needed pier project. Special thanks to Dave Holtzman, Herb Purdy, Ella Mae Rasmussen and Don Case who were knocking on doors and twisting arms.

For those who couldn't or didn't give before, we are still accepting help towards the before mentioned extras. We would like this to be the finest fishing pier in the area.

Water Shirey, our District Commissioner did a tremendous job of getting the necessary permits and a large chunk of money. Our hats off to a hard working commissioner who wants to help with our problems on the Islands.

The following are most of the contributors to the pier fund:

The Colony, Sanibel Development Corp., Shell Harbor Inn, The Westwind Inn, The Surf Rider, Laughrey & Holtz Real Estate, Beachcomber Apts., Snook Apts., Island Enterprises Ltd., Estero Enterprises Ltd., Arehart, Patterson & Clark, J. Mr. & Mrs. Leslie Fenton, motion picture producer-director have just returned to their home in Pebble Beach, Calif., after a 10 day visit with Mr. & Mrs. Ronald Fenton of Sanibel Island and golf director for the South Seas Plantation on Captiva Island. For many years Leslie Fenton produced pictures with Fred MacMurray and also directed pictures starring Alan Ladd, William Bendix, Frederick March and other motion picture celebrities of the 30's and 40's.

During the second World War, while an officer in the British Navy, he participated with Lord Mountbatten in the invasion of St. Nazaire. As one of Lord Mountbatten's famous commandos he was decorated at Buckingham Palace by the King of England. For many years he played leading parts in the motion picture industry appearing with James Cagney, Eddie Robison, Jean Harlow and many others.

Mrs. Leslie Fenton is well known in California as the owner of the Howard racing stables with such famous thoroughbreds as Sea Biscuit, Prince Noor, Mioland and Kyak. The Fentons have not visited Florida for the past 15 years but enjoyed their visit so much and seeing the many changes that have taken place that they plan to return to Sanibel Island again next year.

PLUSH CONDOMINIUMS ON SANIBEL

Mr. Robert Stevens president of Stevens Construction Co. has just revealed his plans for a condominium development which will include a recreation club house with a swimming pool and many other recreation facilities for the use of the residents at his "King's Crown" project.

"This will be the only condominium development of its kind on Sanibel," said Stevens. "The architectural firm of Smith, Bechamps and Khoury of Miami are designers for the strictly luxury development."

Mr. Stevens is noted for his quality buildings on Sanibel and Captiva, where he has been in the construction business for 16 years, after coming here from St. Louis, Mo., where he owned a successful contracting business.

The King's Crown will be located on a 300 by 600 foot land parcel between West Gulf Drive and the Gulf of Mexico. Twenty-four attached two and three story buildings will house 72 apartments in phase one besides the recreation area and facilities. The Lathan Corporation will be financing the construction of the luxury setup.

On Feb. 28, 1973, the U. S. Magistrate in Lee County assessed one offender a fine of \$50.00 for the removal of five culms of the state and federally protected sea oat. The other cases are still pending.

On March 11, 1973, a man was found on a closed area of the refuge disturbing nesting ospreys. He was cited for trespassing in an area posted as closed to trespass. The U. S. Magistrate fined the violator \$50.00.

LETTERS TO THE EDITOR

TO THE ISLANDER:

This is to compliment Bob Kessler of Pelican Point for a job well done. Three girls, rafting off Blind Pass were being washed out to sea by a strong tide. They were almost out of sight. Bob took his boat out through the Pass and high waves and brought them in.

It is to be hoped that this will teach two things. 1st, the danger of rafting, especially on the wrong type of raft and also endangering the lives of whom ever goes to the rescue. 2nd, to alert the public to the Safe Boating courses being taught by the U. S. Power Squadron and the U. S. Coast Guard Auxiliary.

Bob had recently completed the Power Squadron course and was able to use the knowledge gained for himself and the girls.

/s/ Mrs. Ernest H. Dickey

ART EXHIBIT

The Lee County Adult Art Education will hold a free exhibit at Edison Home, Sunday, April 1, from 1 to 5 p.m. Sanibel students are among those participating. The public is invited to attend.

MUSEUM-PLANETARIUM PLANNED FOR SANIBEL

The campaign to back construction of a nature center and planetarium in Lee County came to Sanibel last week in the form of ex-County Commissioner Julian Hudson. Mr. Hudson, who is executive chairman of the campaign, presented slides, plans and information to a group of interested islanders on Tuesday evening, March 20.

Mr. Hudson noted that the museum/planetarium would be an environmental showcase illustrating Southwest Florida's delicate ecology for young and old alike. Outdoor nature trails on a hundred acre city-owned parcel south east of Fort Myers, a "touch" wildlife museum and an imaginative planetarium program will be the principal highlights.

The campaign has already attracted substantial financial support both because of its novelty and its wide-spread appeal. Mr. Hudson pointed out that in addition to being a fascinating educational facility for youngsters of Lee County, the museum/planetarium will be an attraction for both visitors and local residents. The campaign, sponsored by the Junior Welfare League of Lee County, is aimed almost entirely at broad-based private support.

Several island residents have pledged significant contributions to the project. "This is an appealing program which has much in common with many of our island activities," said an Island spokesman. "Granted we have plenty of problems on the Islands to devote

ourselves to, none the less, it's important to show the responsible leaders in Lee County that our environmental concerns go well beyond our own island interests."

Islanders wishing further information about the museum/planetarium or wishing to make a donation may contact Junior Museum and Planetarium Building Program, Fort Myers, Fla., or Mr. & Mrs. Porter J. Goss, Sanibel.

THE CARPET THING!

MAKING TRACKS with Sandy

This is such a funny story, I have to pass it on to you. I chuckle just thinking about it because it concerns Mr. Wilson Wright and Mr. Walter Woodham -- two cronies who enjoy neighborly rapport and droll witticisms.

Last year, Mr. Woodham went to England to attend his neice's wedding. As protocol demanded, he dressed each day in "morning attire" -- striped trousers, cut-away coat, waistcoat and top hat. (I understand he was happy, though, to return to Sanibel to the more casual dress of bathing shorts and sneakers.)

Mr. Wright, learning of his friend's return and wanting him to feel as "at home" as he was in England, decided to don his own striped trousers, cut-away coat, etc., and stroll over to the Woodham home next morning to pay his respects.

Calling, "Look, Walter, who's here!" Mrs. Woodham welcomed Wilson Wright in all his finery and the three had a good laugh as they sat on the porch in the sunshine.

Walking back to his house by way of the beach, Mr. Wright saw, sunning on the sand, a girl who he thought was his daughter's friend. She was lying on her back with a large hat over her face and he supposed the two children playing in the water were hers.

He picked up a tick, and, tickling her toes, said, "Shouldn't you be looking after your children?"

Imagine his utter amazement when a perfect stranger peered up at him from under the hat. No less amazing was the look on her face as her bewildered eyes took in his costume from head to toe.

Tipping his hat and bowing, he murmured an apology and proceeded on his way, recovering his composure and not daring to look back.

Wouldn't you just love to know what the girl had to say when she got home? It probably started out like this: "Guess what happened to me today? There was this guy ----."

DING'S THINGS

An endangered species that a number of Islanders have found exciting is our national bird, the Southern Bald Eagle, a pair of which have been nesting on Captiva for several years running. Quite often resident and visitor alike have glanced up to watch a vulture soaring overhead only to catch sight of a dazzling white-feathered head and tail which identify the adult bald eagle.

Once this eagle was more widely found in the southern United States from Atlantic to Pacific Oceans. Now these populations are greatly reduced. Major eagle nesting areas have succumbed to the demands of an increasing human population for housing and industrial areas. Nesting birds are disturbed and will abandon partially incubated eggs. Illegal shooting in western states has significantly affected the eagle. In one state in the year between Sept. 1970, and August, 1971, more than 500 eagles, both bald and golden, were killed in spite of a 1940 federal law protecting these birds. Nesting trees have been lost due to habitat destruction. But perhaps the most insidious threat to the bald eagle, and to many other creatures susceptible to the same, is that of indiscriminant pesticide use. Reducing populations by thinning egg shells, causing infertility of eggs and sterility of adults, and sapping the vigor of both the hatchling and adult, pesticides have brought the bald eagle one step closer to extinction.

Protective measures have been initiated in an effort to sustain and enhance the dwindling eagle numbers. As mentioned earlier, federal law protects both bald and golden eagles. In addition, numerous agencies and groups are cooperating and pooling information gathered on these birds. The National Audubon Society conducts intensive studies on the status, distribution, breeding biology, and factors which limit eagle populations. The State Audubon Societies are working with landowners to set aside areas for eagle sanctuaries. The National Wildlife Refuge System has undertaken defensive methods to protect eagles nesting on federal lands. Effects of pesticides on eagles are investigated; access to nesting areas is restricted; timber cutting, road traffic, and the use of pesticides have been reduced or eliminated; and cooperation is being sought with the public in the vicinity of the refuge to reduce activities near eagle sites. Possible nesting trees are left standing, and experiments are underway to find a method to enhance captive breeding.

For the fifth straight year, the Captiva bald eagles were unsuccessful in their nesting attempts. After ascertaining that the nest was unsuccessful, one egg was removed for chemical analysis and as yet the results of that analysis have not been released.

AUDUBON PROGRAM TONIGHT

Tonight, Thursday, March 29 the Sanibel-Captiva Audubon will present the fifteenth program of the current season at 8 p.m. at the Sanibel Community House. It will consist of a fascinating color slide presentation entitled "Underwater Wonderland," dealing with the teeming wildlife and vegetation found in the Florida Keys. The photos and commentary will be by Michael Stuart, chairman of the Southwest Florida Conservation Clearinghouse, who is an expert in this field, and has a doctorate in marine biology in Sarasota. At the present time Mr. Stuart is on the staff of the Environmental Education Center in Fort Myers, and very active in the defense of Lee County's ecological wealth.

As usual, the program is open to the public, and all are cordially invited.

RIDE A BIKE

Alleviate the gasoline shortage. Ride a bike. It's better for your heart, your lungs, your legs, and your pocketbook. It's also better for the Island's wildlife. Have you ever seen a racoon run over by a bicycle?

Most of the bicycle signs are up. The yellow signs designate bicycle crossings. The green signs show which roads are to be used by bicycles. These roads are: Gulf Drive (east and west), Casa Ybel Rd., Tarpon Bay Road, Rabbit Rd., and Lighthouse Rd. The speed limit on these roads is 35 mph or less, and the bicycles have the same rights as cars. Cyclists, please ride on the correct side of the road. For those who may not know, bicycles should stay on the right hand side, the same as automobiles.

The purpose of these bicycle routes is to try and divert bicycle traffic off congested parts of Periwinkle Way. Please, if you are riding your bicycle for fun and exercise use the designated bike routes.

This is the best we can do until enough funds are collected to start on proper bicycle paths. We are grateful to Mr. Larry Gnagey of the Div. of Community Services of Lee County for getting these signs up for us.

At present, there is \$500 in the Bike Path Fund. When you think it costs \$2 a foot for a paved path, we have a long way to go.

Any bicycling vacationers that would care to help us in our efforts will find donation jugs at the Chamber of Commerce building, the West Wind Inn., The Artesan Shop, The Nutmeg House, and Periwinkle trailer Park, or send your donation % Muriel Goss, 3869 Gulf Drive, Sanibel.

To motorists who consider bicycles a large nuisance, instead of complaining, help us to get the bicycles off the road and on to a bicycle path by making a donation.

**ELECTION OF OFFICERS AT
NEXT COMMUNITY ASSN. MEETING**

The next Sanibel Community Association meeting, to be held Tuesday, April 3, will be devoted to the following items of business:

A final and complete report on the Shell Fair.

Reports of individual committee chairmen on the year's progress.

Election of officers for the coming year.

Officers to be elected for a one year term will be for president, vice president, treasurer, and secretary. There will also be elected three directors who will serve for two years. Through the resignation of Mrs. Alice MacKenzie a fourth director will be elected for one year to complete her unexpired term. The two directors elected last year for a two year term and will continue in office are Syliva Strong and John Shepherd.

A nominating committee consisting of Mrs. Sherry Vartdal, Mrs. "Cookie" Dugger, Mike Ireland, Dan Moore, and John Shepherd, chairman, have been at work on a slate of candidates. Nominations will also be accepted from the floor.

This April meeting, because of the election of officers, will be for members in good standing only. Members not attending the covered dish supper which starts at 6:30 are urged to attend the business meeting starting at 7:30. There is no entertainment planned for this meeting. It will be strictly business and is NOT open to the public.

THIS WEEK AT THE SANIBEL LIBRARY
by Hal H. Harrison

During a fortnight holiday in London last fall, my wife and I, along with Bob and Phoebe Haynie, made a list of the shows we wanted to see. No. 1 on the list was Agatha Christie's record-breaking mystery drame, "The Mouse Trap." It has played in London non-stop for over 20 years. At the end of the first of two acts, the Haynies left for their hotel. Mada and I stayed although we were sure who the murderer was long before intermission.

But such is the reputation and the tremendous drawing power of Agatha Christie. The writings of no other English author except Shakespeare have been translated as often as the works of this great mystery writer whose full name is Agatha Mary Clarissa Miller Christie Mallowan. In her native England, she is known as Lady Mallowan. Or, as honored by Queen Elizabeth, she is also Dame Agatha.

All of which brings me to the announcement that the Sanibel Library now has Agatha Christie's latest mystery, "Elephants Can Remember." Long-time Christie fans will find this book as rewarding as many of her others, for, as the New York Times puts it, "Criticize 'Elephants Can Remember?' As well criticize the Brooklyn Bridge or the Tower of London."

In this book, a middle-aged author of detective stories enlists Poirot to look into an old mystery, which, needless to say, Poirot solves in his usual suave manner. It is only that the reader will also solve the mystery long before the book ends, but this is the stage Christie.

The Sanibel Library now offers its patrons 25 books by Agatha Christie. If we have more by any other author I am not conscious of it.

How old is Dame Christie? Believe it or not, she is 83; and she still turns out at least one new mystery book every year. She was born in Devonshire in 1890, the second daughter of an Anglo-American marriage, and her name was Agatha Miller. In 1914, Miss Miller married Archibold Christie. She divorced him in 1928 and in 1930 married a distinguished British archeologist, Max E. I. Mallowan. Prof. Mallowan was eventually knighted by Elizabeth II and became Sir Max and his famous wife became Lady Mallowan.

Agatha Christie's first thriller was published in 1921 after six rejections. It was "The Mysterious Affair at Styles." Hercule Poirot, the famous Belgian detective, was introduced in the first book. It was 10 years later before Dame Agatha introduced her second famous character, Jane Marple, in a mystery titled "Murder at the Vicarage."

In all, Agatha Christie has authored 63 mystery novels, 17 plays, innumerable short stories, and two non-fiction works. She has also written a number of novels under the pen name of Mary Westmacott. Her favorite book? "Crooked House," published in 1949. Her worst book? She rates "The Mystery of the Blue Train" in that category.

She has two unpublished novels, one given to her daughter and one to her husband. They will be published posthumously.

**GIRL SCOUTS TO SPONSOR
"HELPING HANDS" WEEK**

Sanibel-Captiva Cadette Girl Scout Troop 258 is sponsoring a "Helping Hands" project the week of March 29 - April 5, 1973. The girls have made themselves available to do those chores around your home or office that you have been putting off until later or that

you have been looking for someone to do or that you would like done before the hot weather sets in -- washing windows or screens, weeding, washing your car, painting the lawn furniture, cleaning your beach -- whatever job that needs doing that girls can help with.

You decide what the job to be done is worth to you to have done. Then call 472-1679 to set up a time and place and pair or pairs of "helping hands."

The girls are sponsoring this project to earn money to pay their way to a council-wide Cadette Scouting event at Disney World, so your generosity will be appreciated. And you will appreciate the help these young ladies can give you.

MOODY-BURFIEND WED

Judith Ann Moody, daughter of the Fred Bunnels, was married in an afternoon ceremony at St. Michael's and All Angels Church on Sunday, March 25. Father Thomas A. Maddon performed the nuptial services. The bride wore a street length gown of blue lace knit with a solid skirt. Her attendant was her sister, Mrs. Mel Canterbury of Miami, and she wore a tangerine knit dress with white accessories. The mother of the bride wore a turquoise dress with jewel trim.

The groom's only attendant was Mr. Mel Canterbury of Miami, also. An intimate family reception followed the services at the Island Beach Club, where a buffet was served and traditional tiered wedding cake.

Mr. & Mrs. Burfiend will make their home in North Fort Myers.

Out-of-town guests who attended were Mrs. Burfiend's sister Sadie McKelvey of Miami, Mrs. Lillian Morrill from Connecticut, and long-time family friends, Mr. & Mrs. Harry Turbitt from Elliott Lake, Ont., Mr. & Mrs. Welles Steane from Hartford, Conn., Mrs. Gilbert Speake from Naples and Miss Charlotte Shea from Sanibel. The William Suchs have just returned from a trip to New Jersey, and their daughter and son-in-law, Dave and Helene Jorgensen, also attended the wedding with the Suchs. The Jorgensens had their three children, Jeffrey, Jennifer and Jon with them, who are on spring vacation from school.

BEACH-BAY-BAYOU

Visits to nearby nesting islands have been a high point for those adventuring recently aboard the Wet Pants with Capt. Dick Frieman; Mr & Mrs. Charles J. Wilson, Sanibel; Mr. & Mrs. Thomas A. Sharp, Berwyn, Pa.; Mr. & Mrs. Francis J. Wilcox, Eau Claire, Wisc.; Dr. & Mrs. R. M. Norris, Jacksonville, Ill.; and Col. & Mrs. Bentley Courtenay, Madison, Wis.

Also Mr. & Mrs. D. R. Terry and Alison from Chicago; Mr. & Mrs. Guy Carlton with daughter Cindy and Jane Davis; Mr. & Mrs. Forest Miller, Fort Myers; and Dr. & Mrs. Al Haynes of Nashua, N.H.

Drumming showers made real Wet Panters of Mr. & Mrs. Abbott Byfield from Ephriam, Wisc., their daughter Anne, Mr. & Mrs. J. Russell Ward, Neenah, Wisc., and Miss Susan Briddel, Boothbay Harbor, Maine, but it was birding at its best.

SUSAN'S SEARAMICS

For Art in the Afternoon at the Pirate Playhouse on April 4, Susan Karr will have an exhibit of her decorative and very usable pottery as well as ceramic art works which only Susan herself can create. She's been doing this for the last 15 years and her specialty is sea grape plates and salad bowls, so realistic with red veins and all; they are known the world over. As someone put it, "Viewing Susan's searamics is like sailing on a sea of beauty."

There will be Hazel Whitehead's dolls on display and for sale. The donation of 50 cents is to save the lives of precious babies through Right to Life and for a much needed bicycle path on Sanibel to guard the lives of bikers. Records will be Living Strings, Music of the Sea, loaned by Sylvia Olling.

Pirate Alley, April 4, 3:30 to 4:30 p.m.

ART COUNCIL OF SOUTHWEST FLORIDA, INC.

The Tenth Annual Juried Art Exhibition of the Art Council of Southwest Florida, Inc. will open Sunday, April 1 at Edison Community College in Fort Myers with a reception from 2 to 4, award ceremony at 2:30. The art director of the Ringling School of Art in Sarasota, Robert W. Larsen, will judge the show. The Fort Myers Beach Art Association is one of the twelve art groups who make up the Art Council, whose members had had their work accepted for the shows over the past years.

The show will be on display during the month of April during school hours.

Seeing is Believing

Having been to Sanibel and loved the quiet, casual family atmosphere (so difficult to find in this day and age), we want Island Families to know about the comparable atmosphere at Lakeside Hotel on Clear Lake in Indiana. We don't have Sanibel's sea shells, but we do have a beautiful sandy beach. Lakeside is a Charming Family Hotel where grandparents, bring grandchildren, parents bring children, and entire families meet to be together during the Summer.

Write for brochure and pictures.
