Audubon Event Today

Today, Thursday, April 5, the Sanibel-Captiva Audubon Society is holding its last outdoor event of the season. It is a conducted tour in the Bailey Tract Wildlife Sanctuary on Tarpon Road, starting at 3 p.m.

Leader and speaker is Griffing Bancroft, vice president of the Society and vice chairman of the Sanibel-Captiva Conservation Foundation. One of Florida's leading ornithologists, Mr. Bancroft will offer interesting information and unusual insights into the conduct and habits of many species of birds. The mating and nesting season being at hand, he will dwell particularly on aspects of their way of life during the breeding months. As usual, the gathering is open to the public at no charge.

Incorporation Of Islands?

Registered voters on Sanibel and Captiva will shortly be receiving in the mail a report and a ballot about incorporation of the islands. Incorporation, or Home-Rule, as some prefer to call it, has been under study by a special committee of the Sanibel-Captiva Planning Board for more than a year.

The committee report was announced at the March 19 annual meeting of the Planning Board. The membership overwhelmingly endorsed the concept of exploring home-rule as an alternative to the present system and authorized the Planning Board to pursue the matter at once with the public-at-large on the islands.

The committee report neither favors nor opposes incorporation. Rather, it seeks to point out what the likely advantages and disadvantages might be under a certain type of self government. In brief, it shows that for a modest increase in taxes it would be possible for Sanibel-Captiva to adopt a mayor/council type government which would closely control building and zoning and which would provide round-the-clock police protection. The report concludes with the necessary steps of procedure for incorporation, should there be sufficient interest among island voters.

The ballot that will accompany the mailed report is unofficial and seeks primarily to determine if there is enough interest in the concept of home-rule at this time to explore the matter further. The voters are not asked to vote for or against incorporation. The ballot is also designed to obtain remarks from islanders about what form of government they think best for the present circumstances.

The Sanibel-Captiva Planning Board, which is sponsoring the mailing, believes that better controls and enforcement than now exist are necessary under the conditions of rapid growth facing the islands. The Planning Board's work on the Sanibel-Captiva Master Plan as well as its regular communication and cooperation with county officials and departments is aimed at promoting reasonable planned growth while preserving our unique natural assets, according to Vernon MacKenzie, Board President.

Nature Walk Scheduled

On Wednesday, April 11, we have a real treat in store. Aptly called "Look and Learn," this will be an exciting, educational walk through the "Nature Center" site -- one of the original purchases by the Sanibel-Captiva Conservation Foundation of the interior wetlands.

Led by William Hammond, this promises to be an outstanding experience for all. Most of us know of his success with young people on such tours. Now adults can have the advantage of "Look and Learn," and this is a fine chance to see one of the areas acquired through your generous contributions.

Be at the Sanibel Community House at 10 a.m. The date again, April 11. All Conservation Foundation members and guests are welcome.

HAVE YOU EVER SEEN
A WINE ALMOST AS RARE AS
A PICASSO?

WHO'S WHO AND WHY

Everyone seemed to be enjoying "The Blue Goose" at Pirate Playhouse Sunday evening, and it played to an almost packed house. We thought our island friends did an absolutely superb acting performance too, and if VIRGINIA BISSELL had not ended up slapping HELMA REYNOLDS face, we felt like doing so. All in the play, of course, with the characters assuming such realistic proportions! The HUNTERS were their usual, putting forth an outstanding performance, but what we did not know was that the islands are loaded with thespians, and really good ones at that. DON BISSELL was the dashing lover who really ought to get an offer from a producer, and JOHN REYNOLDS was equally proficient in his role. ELAINE PATTON emanates her theatrical background putting forth a professionally finished performance, and DONALD MODRALL was just perfect as the hen-pecked, but rebellious lover, and EARL REYNOLDS was just great. It was a truly entertaining evening, and those about us were enjoying it too.

Mr. & Mrs. CARL CUMMINS of St. Paul, Mo., are here and Mrs. MARGARET SMITH of Syazetta, Minn. Mr. & Mrs. FLOYD CHRISTOPHER of Waukesha, Wisc., are here for their fourth annual visit to the islands.

Miss MARION De COURSEY and Mrs. ROBERT MORRIS were here for their third visit, hoping to escape some wintry weather up north and hoping to return to spring time. They reported that Gasparilla has been serving some mighty tasty meals which they have been enjoying, and they have also been enjoying the bird trips by Mr. PORTHWICK, successful author of several books.

Mr. & Mrs. WALTER KING of Marianna, Ga., are here for their third trip, planning to stay until July to see if they might like to retire here.

Mrs. W. R. SCHMIDT of Minneapolis, Minn., is building a home at Chateau Sur Mer, due to be completed in the spring, and we are hoping to see more of these lovely people.

Miss HARRIET SPENCER from Avon, Conn., has returned with a dear friend, too, and they have been getting a little sun and bird watching in.

Mr. & Mrs. WALTER SHELDON of Palm Beach are over to enjoy a little rest from the busy east coast and to get in a bit of shelling. "The shelling has been fantastic of late with high tides and extra low ones too," said Mr. Sheldon.

Mr. & Mrs. DAVID KLAUDER are back again from Granville, Ohio, to escape some pretty bad weather up north. "The first few days you have to get used to the sun gradually to avoid a bad burn," said Klauder, sporting a bit of red skin.

New to Sanibel school is little COLLEEN YATES who came from Torrence, Cal., to make her home with her grandmother, DONNA WILLIAMS, and we know Colleen will make some new friends here and have a good time with them.

STEVE REYNOLDS of the Clove Hitch has a salt water aquarium that never ceases to amaze. He has some little green grasses that turn out to be not grass at all but a species of small shrimp, exactly shaped like a blade of green grass, and of course, called grass shrimp. He also has other wierdies of the deep in the tank, such as a baby octopus, skates and others that make you think you must be seeing things, and you are.

And RALPH WOODRING of the Bait Box has a miraculous wonder called an oxygen tablet which you can put in your bait well. It has been known to keep shrimp alive for 36 hours before it becomes deactivated.

Our condolences to heroic PHIL VERDUNG of the Rescue Squad. Phil's mother passed away this week. Incidentally, we would like to add our thanks to Phil and all the other Rescue Squad members for a job well done all the time. One member was called away while talking with a client the other day, but he excused himself peremptorily and went to the emergency. We hope he did not lose a client. And did you know that our taxes buy the equipment for the Rescue Squad, in part, but the rest of the money must be donated? The Sanibel Community Association gave a dinner raising about \$200 for the Squad, and jump suits were purchased for the members, as they are a uniform easily gotten into. They do not solicit funds ever, but of course any donations are put to good use.

Driving on the islands we spotted a Florida otter on Island Inn Road (the dirt part). Florida otters are known as the playboys of the swampland. The silhouette is unmistakable, sort of an S shape, but of course that does not really describe them, but this is the first we have seen on the islands; they should be here in all the ponds and sloughs, that is, if Mr. Alligator will them.

We are sorry to learn of the EBBEN JOYS loss of their fine boxer puppy to the alligator near the Rocks. Seems alligators have a love for dogs, and JESSIE DUGGER tells us they grab the dog, who is totally unsuspecting of the terrific speed of an alligator out of water. Then they take the animal under water and make a quick end of him by drowning. Later he is carried off to the den for the family dinner. It is well to remember that no alligators are tame. They are essentially a wild creature and will revert to their wild manners at any time. People should remember this. They can run at speeds up to 45 miles per hour for short periods of time, and a person cannot outrun an alligator.

DAN and DEE FABIANO of Bloomfield, N.J., and GEORGE and SOPHIE PASTUSHOK of Green Brook, N.J., were house guests of TONY and IRENE ADAMS of Sanibel for several weeks. During their stay Dan Fabiano and Tony Adams defeated George Pastushok and MARSHALL TABACCHI in the Villa Capri doubles shuffleboard championship playoff. Marshall Tabacchi, however, is still out in front in the men's singles games.

Visiting the EMERY DURSTINES at their home on Sanibel are their daughter and son-in-law, MARY ANNE and CARL WEIFFENBACH and grandchildren, CURT and AMY of Columbus, Ohio. Accompanying Curt is his good friend DONNY DILLON.

On Friday, the Durstines will be joined by their friends from Columbus, JUNE and JOE SNELL.

SANUEL BERNEY of Sanibel found a 15 inch horse conch Sunday on the Sundial beach. It's a great looking shell, and congratulations.

JUDY FIELD, student at Ohio State University and house guest of the STAN JOHNSONS, found a beautiful junonia on the Sanibel beach near Nerita Street.

If you think you are seeing double, you are, for there are twin brothers, both doctors of some renown on the islands. They are Dr. GILMAN KIRK and Dr. ROBERT KIRK from Columbus, Ohio, and they are here at Sandy Bend Apts. enjoying a holiday from busy practices in the city.

NEW BOOK ON NATIVE PLANTS

"Native Trees and Shrubs for Sanibel-Captiva Landscaping," by Mada Harrison will be published for the benefit of the Sanibel-Captiva Conservation Foundation.

Mrs. Harrison's book has many suggestions for gardeners who want to save what they have on their land, and she offers means of transplanting and propagation.

Some of the author's favorite plants are well worth knowing. Many resist a change, for example, the joewood and the seven-year apple. The joewood is known for its fragrant blossoms and the apple for its lovely leaves and blooms. So, if you are fortunate enough to have these shrubs on your property guard them well.

The coco plum, lovely in appearance, excellent bearer and fine for screening will grow anywhere, unlike other plants that need certain soil or shading.

The wild coffee shrub, with its shiny leaves and white blossoms in season, can be transplanted but certain rules should be followed. Use small plants or seedlings, pot them and give them a chance to re-root for a few weeks before putting them in the ground.

The publication date will be announced later.

SANIBEL-CAPTIVA ART LEAGUE

The Sanibel-Captiva Art League will meet at the Captiva Civic Center Monday, April 19 at 10 a.m. This will be a painting session so members should bring their work supplies and lunch.

Dorothy Robinson will give a mat cutting demonstration during the program.

SEGUNDA GUESTS

Guests vacationing at the Segunda this week include Judge & Mrs. Jack Berger and family back from Angola, Ind.; Mr. & Mrs. Robert E. Wright returning from Floyds Knobs, Ind.; Mrs. Dorothy Bushnell of Chatham Port, Mass.; and Miss Maurine Pittman of Atlanta, Ga.

Joining us during the week are the Jack Becker family of Suffield, Conn., and Dr. & Mrs. Allen Mollow and family of Wayside, N.J.

DUPLICATE BRIDGE

Winners at the Friday night duplicate game were Judy Carberry and Betty Wakefield first with 28+. Dora Gilmour and Edna Haviland were second with 28.

ANNUAL MEETING OF BOARD OF DIRECTORS OF THE SANIBEL-CAPTIVA PLANNING BOARD

The annual meeting of the Board of Directors of the Sanibel-Captiva Planning Board was held March 22, 1973 when four new members were welcomed: Porter Goss, George Tenney, Charles Holland and John Willard. Officers were elected for the coming year. They are, president, Vernon MacKenzie; first VP, Benton Blair; second VP, George Tenney; third VP, Charles Holland; recording secretary, Mrs. Charles Paschall; corresponding secretary, Mrs. Robert Dormer; treasurer, Don Marshall; assistant treasurer, Malcolm Beatty.

Committee chairmen were appointed as follows: Membership, Don Marshall; Zoning and related problems, Bob Haynie, Malcolm Beatty, co-chairmen; Sanibel-Captiva Incorporation, Porter Goss; Review of by-laws, Benton Blair; Publicity, John Willard; Causeway Refinancing, George Tenney.

Brief discussions of various problems involving the Planning Board indicated the great importance of rapid development of the Comprehensive Plan being studied by Lee County and the inclusion of the Island Comprehensive Plan in the discussions. Plans were made to send information regarding possible incorporation of Sanibel-Captiva as requested by the members at the annual meeting before arranging to obtain opinions regarding incorporation.

Other subjects for further consideration included sewerage disposal, protection of beaches, facility fees, and causeway re-financing. It is planned to keep the membership informed of further developments in these various fields.

NOTICE

New businesses on the Islands are invited to stop into the Chamber of Commerce office to pick up an application for membership in the Chamber of Commerce.

In order to be eligible to vote for officers for the coming fiscal year, dues must be paid prior to the general meeting which will be held on Tuesday, April 17, at 8 p.m. in the Chamber of Commerce office building.

UNDER NEW MANAGEMENT

HARRY & BETTY TRENER

THIS WEEK AT THE SANIBEL LIBRARY
by Hal H. Harrison

One of the major aims of the committee in charge of acquiring books for the Sanibel Public Library is to have on our shelves just as quickly as possible all the books that make the best seller list of the New York Times and other publications throughout the country; to bring to the people of Sanibel the books that people everywhere are reading when they are reading them. In many cases, the acquisition committee must make judgements regarding the books that are likely to appeal to Sanibel patrons and those that are not. In the case of best sellers, however, it is our policy to assume that a book that has reached that status is worthy of circulation on the Island.

Such a book is "Dr. Atkins' Diet Revolution," by Robert C. Atkins, M.D. Not that some of us on Sanibel do not need all the advice that we can get when it comes to dieting, but circulation of "diet books" has not been a great factor in the Sanibel Library. But any book that can knock "I'm OK, You're OK" out of No. 1 in non-fiction, must have a lot going for it. So we have the book for you to read. According to the advance publicity it is the high calorie way to stay thin forever; an incredible diet discovery that makes your body burn up its own fat.

To quote further from the blurb concerning the book: "Amazingly successful even in cases where all other diets have failed, the Atkins Diet has gained wide approval, acclaim and use --- it is a diet you can live with in comfort and enjoyment for the rest of your life."

So, if you don't get thin, don't blame the library. We tried.

Speaking of eating, we have a new book by an expert in the field; "Stalking the Good Life," by Euell Gibbons. You will remember him best as the author of "Stalking the Wild Asparagus" and "Stalking the Blue-eyed Scallop." In this, Gibbons' sixth book, he tells of his love affair with nature. To him, the good life is sharing and enjoying nature, and maintaining an environment where natural things can flourish unhampered by man's carelessness or indifference to the bounty and privilege nature offers all of us.

If the conservation overtones of that review strike a response to you, I can offer you another by Paul Brooks, the author of "Roadless Area" and "The House of Life (Story of Rachael Carson)." It is "The Pursuit of Wilderness," a book that tells what we are doing to save our remaining virgin wilderness. Brooks describes six continuing battles in defense of the American earth, together with examples of wildlife destruction and protection in all parts of the world. Each chapter includes an account of a personal wilderness experience. The illustration by Philip Hyde, Fred Truslow and others are excellent.

And finally, a real shocker in the ecology field is "The End of the Dream" by Phillip Wylie, written shortly before his death in 1971. In this one Wylie trains his sights on the ultimate catastrophe --- man's destruction of the world through his unheeded and willful poisoning of the atmosphere, land, seas, rivers and finally the human race itself.

THE BATTERS BOX by June Muench

Here it is, a chance for you to mark your calendars for the Sanibel-Captiva Softball Team. As you can see, games are on Monday and Wednesday evenings at Waterway (W) field or Shady Oaks (SO). This is the first part of the schedule:

Monday	April 2	9 p.m.	W
Wednesday	April 4	6:45 p.m.	SO
Monday	April 9	7:55 p.m.	W
Wednesday	April 11	9 p.m.	SO
Monday	April 16	6:45 p.m.	W
Wednesday	April 18	9 p.m.	SO
Monday	April 18	7:55 p.m.	SO
Wednesday	April 25	7:55 p.m.	W
Monday	April 30	9 p.m.	W
Wednesday	May 2	6:45 p.m.	SO
Monday	May 7	7:55 p.m.	W
Wednesday	May 9	9 p.m.	SO
Monday	May 14	6:45 p.m.	W
Wednesday	May 16	7:55 p.m.	SO

PUNTA YBEL PLAZA UNDERWAY

Punta Ybel Plaza is a building on the corner of Periwinkle and Buttonwood, under the direction of the Arthur Clarks. The Plaza will house "The Needle's Eye," a shop of creative stitchery which will be run by Anne Boland, who has been a regular visitor on the islands. Anne owned a boutique in Hinsdale, Ill., and she will use her knowledge gained there in the operation of this shop, and she will feature instructions in such diverse things as needlepoint, afghan making, crewel, crochet, macrame, candle making, hooked rug making and patchwork quilts. Anne, a successful and dynamic person, will be on hand to teach and demonstrate her techniques to all.

And a new beauty shop for milady will open under the able sponsorship of Mary Aleck.

Jeanne Hopwood will open Jeannie's Cantina to dispense all the goodies she used to have at the Snack Shack.

The decor of the complex will be seafaring Spanish. A rope railing will edge the lanais, and three apartments will be featured. One will be done in contemporary styling, another in Oriental and the third will show the Spanish influence. Balconies overlooking a garden will enhance the apartments. All of the buildings will have unique lighting and lamps made by Brice Mac Namara and the doors and woodwork will be especially designed to convey the Spanish influence. A garden will occupy the back portion, and it will be of delightful formal planting with bright tropical flowering growth.

Another business expected to materialize is a tackle shop for the active angler. The talented and versatile Carol Quillinan drew the plans for the structure.

UFOLOGY? WELL, IT'S A
FLY-BY-NIGHT CLASS

Seen any strange objects flying around the skies lately?

If you have and haven't been able to identify them, Edison Community College can help you.

Beginning on April 25, the school will offer an eight-week continuing education course in Ufology, the study of unidentified flying objects (UFOs).

Everett R. Walter will teach the course, which will cover a history of the UFO phenomenon, scientific research in the field, hoaxes, unexplained reports and famous sightings and incidents.

Walter was formerly a field investigator for the Aerial Phenomena Research Organization.

The course will meet every Wednesday from 7 to 9:30 p.m.

Further information may be obtained by contacting the college's continuing education division.

It's only a little way to South Seas Plantation, and the most luxurious evening--or weekend--you'd care to have. Loafing and strolling, golf and tennis, complete marina facilities if you'd rather come in your boat. Our lodgings are unassailable, our cocktail lounge beyond reproach, and our dining room offers the area's largest selection of flaming cuisine. Let South Seas Plantation be the high point of your visit to the Islands.

CAMERA CLUB MEETING

The next meeting of the Sanibel Camera Club will be held Tuesday, April 10 at 8 o'clock at the Sanibel Community House.

W. H. Tusler of Morend, Minn., will describe the method and equipment he uses to take close-ups of insects, spiders, flowers, etc. He will welcome questions from the audience and a comparison of other equipment used for the same purpose.

The title of his talk could well be "Photography in your own back yard." He will also show some slides to illustrate the results of his painstaking work and will appreciate any helpful comments from other "shutter bugs" - no pun intended.

Each person attending is urged to bring five of their best slides for projection and comment (this is the way to learn and to advance the art of amateur photography.) Also please bring any slides or pictures taken of the Sanibel Shell Fair.

If time permits there may also be some sound recordings that can be used as background material for your slide film essays. Also a discussion of three dimension titling.

The meeting starts at 8 o'clock and will be open to the public and is being sponsored by the Sanibel Community Association. Any questions call Mr. Tusler, Hurricane House or John Shepherd, Sanibel.

HIGH SIERRA SHOWN

A capacity crowd last Sunday evening enjoyed the film John Muir's High Sierra created by DeWitt Jones, Jr. The film, 18 months in the making, brought the majesty of the rugged California mountain range to the viewers and portrayed a true wilderness adventure.

Mr. Jones, son of Mr. & Mrs. DeWitt Jones, Sr., of Captiva, narrated the film and answered questions about his experience.

Proceeds from the event were contributed to the Sanibel-Captiva Conservation Foundation.

BEN F. HARTMAN

Ben F. Hartman, 84, died at his home in Camden, Del., March 27. For many years he was a Sanibel winter resident on Gulf Drive. He is survived by his wife, Margaret.

DICK FRIEMAN PHONE 472-1315

LETTERS TO THE EDITOR

TO THE ISLANDER:

Twice during the last week I have encountered Sanibel beach visitors carrying sea oats. One was a woman from Canada and the other a little girl who had found a stalk lying on the sand. Both were one day visitors who were completely unaware of the restrictions regarding cutting of sea oats until someone stopped to tell them of the penalties involved. They were both visibly embarrassed when they found they had violated an island regulation. The little girl lay down the sea oats and covered it with sand. A beautiful day at Sanibel was tarnished with guilt and self reproach.

I believe there must be a more effective way to protect our beach and island. For a long time I have felt all visitors would welcome and benefit from information about Sanibel, its unique place in our national ecology and how they would participate in its preservation. Those of us who are here for longer or permanent residents, of course, have many opportunities to learn these things through the intensive Audubon Society and Conservation Foundation programs, but the first time or one day visitors do not.

A small natural history museum at the site of the Chamber of Commerce building with a short film on island plants, birds, animals, fishing information, beach access and parking, etc., would be the ideal way to solve the problem. Until such a dream can be a reality, a simple, brief brochure handed out at the bridge toll station and placed in motel rooms and restaurants would do much to make a day at Sanibel a happy learning experience.

Sanibel residents are asked day after day to share a treasure with a great many people, for the Gulf, the beach and the bird sanctuary belong to everyone from the occasional, casual sheller and fisherman to the permanent resident. Every visitor to whom I have spoken hopes to return.

There are the exploiters and spoilers, but I believe the majority would be happy to contribute toward finding a Sanibel as lovely on each return visit as it was on the first. We can help by presenting vital conservation information in a kind and intelligent manner.

/s/ Elinor Denney

TO SANIBEL RESIDENTS:

We have just recently returned home from Sanibel and we just wanted to let you all know how much we enjoy your Island.

We also would like to commend the management of the Coconut Grove for the consistent good job they do three times a day, seven days a week.

I has been our good fortune to have been on Sanibel at the time of the Shell Fair for the last four years. Hoping to be back at the Reef again in 1974.

/s/ Mr. & Mrs. H. W. Carsten
Pittsburgh, Pa.

TO THE ISLANDER:

I want to thank you for putting a summary and repetition of the Sign Ordinance on the Islands in the paper last week so that we may continue to keep our islands uniquely beautiful, but there are still some who do not know the rules or choose to ignore them.

It is illegal to nail signs to trees. Also, we do not have litter laws, and why can't we put teeth in them by fining persons who litter? Whatever happened to the Citizen's Arrest? Since we do not have a deputy on the islands, we believe it is up to each individual to point out illegalities and try to make the individual perpetrators correct them.

/s/ Mary Clark

TO THE ISLANDER:

We thought it would be good to let you know what a wonderful group our Rescue Squad is composed of on the Islands. When son Steve was burned accidentally, the Rescue Squad was on the spot in minutes, administering first aid and treating him for shock. He was transported to Lee Memorial Hospital with dispatch, and there, too, he received miraculously wonderful treatment. Our family physician Dr. Norman Agel called in specialist Dr. S. Cornish to treat the burns, and due to the quick action of everyone, Steve may be spared scars on his face and forearms.

Our special thanks go to Phil Verdung, Jerry Muench and Marty Holtz for their quick thinking and action, and we wish to thank all those who have inquired about Steve. The Emergency Room at the hospital was right on the ball too. They met the ambulance and began treatment immediately, as there is a doctor on duty there at all times.

Thanks again to all the Island people who have called and offered help and felicitations to Steve and us.

/s/ Woody and Ruth Anderson

PLANS TO FORM KIWANIS CLUB FOR SANIBEL-CAPTIVA

Each Thursday for the past month a group of businessmen from Sanibel and Captiva have met with the members of the Edison Kiwanis Club of Fort Myers in an effort to form a new Kiwanis Club for Sanibel-Captiva. The group has been meeting at the Golden Sands Restaurant for lunch and will continue to do so until the club is formally organized and definite time and place of meeting established.

At the meeting last week, Mrs. Lavon Wisher, the Lee County Administrator, talked to the group about on-going plans for taking an inventory of the recreational resources and the recreational needs of the more remote parts of the county. The main idea is to determine the population concentration and composition of these areas and to develop the recreational areas to meet the particular needs.

The men forming the club are interested in helping develop this program. The next meeting will hear a representative of the county's parks and

recreation department spell out some specific ways in which such a Kiwanis Club can help.

Temporary chairman of the group, Lee Woods, extends an invitation to any businessman or retired businessman to join them for lunch and to look into joining the group to be a charter member of the Kiwanis Club of Sanibel-Captiva.

A FINE IDEA ALL UNDER HEAVEN

The Sanibel Library is so fortunate to have so many of Pearl Buck's works. Wouldn't it be a great idea if every time a reader enjoys one of these 19 fine books he or she sends a dollar to the Pearl Buck Foundation care of the publisher to help the more than 2000 Asian children who were fathered and abandoned by American service men!

"We know of nothing which would honor her memory more," say the Hunters, who met the famous author through a mutual friend, Shanghai lawyer, Cecelia Tzung, "for she devoted her life to this cause."

DOLL SHOW

For the final exhibit of "Art in the Afternoon" in Pirate Alley at the Pirate Playhouse, Ruth Hunter will have on display her own collection of lovely dolls along with the Alice in Wonderland dolls of Hazel Whitehead of Shawnee, Oklahoma.

You will see the Dormouse, the March Hare, the White Rabbit, etc. Ruth's own collection starts with her very first doll of lumpty years ago which has a real bisque head, as well as Toto the famous English clown and a

parachute doll invented by Elvy Kalep, the Naples artist. Bids on the charming paintings of Lester Baker will be taken. All proceeds from the sale of these beautiful pictures as well as a percentage of the price of the dolls will go to Right to Life to save the lives of precious babies and toward a bicycle path for Sanibel to guard the lives of bikers. A donation of 50 cents per person is divided between these projects. The date is Wednesday, April 11, 3:30 p.m. to 4:30 p.m., and the music, the marches of Sousa and the U. S. Navy Band.

Sanibel Moorings is a quality Gulf front condominium development nearing completion.

Prices have been held at last season levels reflecting lower construction costs when building started.

All recreational facilities are in.

Owners have experienced good rental demand this season—with repeat customers for next year.

Two bedroom, two bath apartments from \$31,900.

Contact our sales office on East Gulf Drive, or island brokers.

SCHOOL PREREGISTRATION SET

Preregistration for new kindergarten and first grade students for the 1973-74 school year will be held in May.

All new kindergarten and first grade students must have a certificate of immunization, a physical examination and proof of birth date at preregistration time.

Mrs. Bessie Fowler, Lee County Health Dept. nursing director, said parents should have their children immunized now, either by their own doctor or at the health department.

Mrs. Fowler said if children had been immunized in the past year they would need only booster shots now.

She said families on Medicaid could make appointments with the health department for the immunizations.

SONG OF THE SEA
by Betty Garrabrant

Oh the song of the pines
And the song of the sea
On Sanibel Isle
They blend perfectly

Then, the palms add their bit
To the rondelay
The music is sweet
And at moments, quite gay

For the palms and the pines
Border the sea
And each in its turn
Takes the clear melody

While the alto or bass
Is sung by the rest
In nature's true choir
This song is the best.

Your dream of Utopian living can come true at Sanibel Arms West. Here's why. Individual residences are quality built, fully equipped, roomy and laid out for efficiency. Your neighborhood is informally attractive, inviting enjoyment and sociability, with both beautiful Gulf beach and lagoon frontage. Amenities are first rate and extensive . . . as tennis courts, Maytag laundromat, storage lockers, screened heated pool, spacious game lounge, carpeted sundeck, central water and sewer. There's no land-lease and monthly maintenance is only \$55. It's care-free, garden-type living in an enviable location with superb climate. Won't you join us?

MANGROVES VALUE HAS GONE UP

Joel Christianson of the Environmental Education Center gave a talk the other evening to persons at Shell Point under the aegis of the Adult Education program and we hope he will be come to address islanders in the near future about mangroves and their value to all of us.

Some of the highlights of his talk pointed out that one acre of mangroves is worth \$35,000 a year ecologically and economically. "The adventitious or aerial roots of the common red mangrove, which is indigenous to almost all of our islands around here, trap detritus material in the amount of 8 tons a year," he pointed out. "Not only does this build up land, but in the process, symbiotic processes occur that feed our shrimp industry, which is the second largest in the state, and also our sport and food fish."

The West Coast is the best and last tarpon grounds in the Gulf of Mexico, and the brown pelican nursery is the largest in the state, and all of these are dependent on the mangrove for life, he stated. He strongly urges the protection of our mangroves from destroying them by dredging, uprooting or draining land, and he stated emphatically that we must protect our mangroves to protect our own lives here in Southwest Florida.

POWER SQUADRON PICNIC

On Saturday, April 14, the fearless skippers, first mates and guests of the San Carlos Bay Power Squadron will rendezvous for the first cruise of 1973 at Cayo Costa Island for a sumptuous picnic.

Tomorrow, April 6, is the last day for reservations, so call Lt. Harley Brown, 472-1395, or James Robson, 472-1264. We need to know now in order to plan the food and beverages.

SHELL CHARACTERS

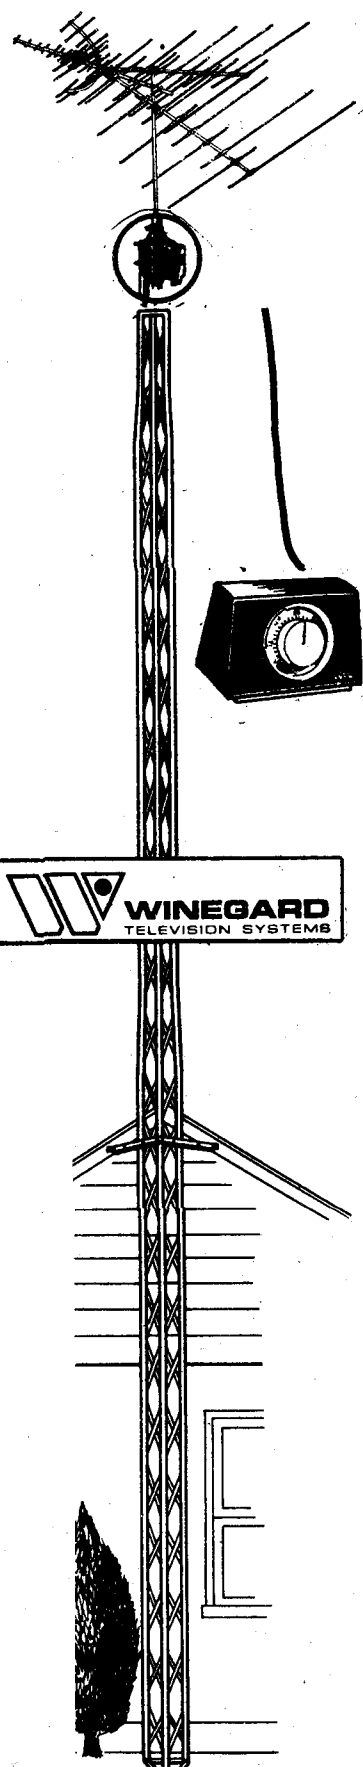

A last minute addition to "Art in the Afternoon" at the Pirate Playhouse on April 11 will be the charming shell characters created by Marjorie Reynolds, just returned from the Bahamas.

Her dowagers with fantastic hats, all shaped from shells, make for many laughs and are tremendous gifts from the islands to take back home. These unique characters will be on sale for the benefit of bikes and babies.

ISLAND INN

Guests at Island Inn are Mr. & Mrs. Clinton McNeill of Winchester, Mass.; the John B. Lewis family, St. Louis, Mo.; Mrs. C. B. Ford and family, Wilton, Conn.; Dr. & Mrs. William E. Delicate of Edwardsville, Ill.; Mr. & Mrs. Ned Gehris, Edgemont, Pa.; Dr. & Mrs. Donald Fuhrmann and family, Deerfield, Ill.; Mr. & Mrs. Michael Miles, Hartford, Conn.; the Sam DuPrees, Akron, Ohio; Mrs. Harry B. Bartley, Philadelphia, Pa.; the Herb Cramer family of South Bend, Ind.; and from Lincolnville, Maine, Mrs. Fay Alexander and Mr. & Mrs. T. A. Tyler.

Other guests include Mr. & Mrs. Charles Devine from Cleveland, Ohio; the K. C. Emersons, Arlington, Va.; Mr. & Mrs. S. B. Harper and grandson, Madison, Wisc.; the Geddes W. Carringtons of Winnetka, Ill.; the G. P. Chaney family, Delray Beach, Fla.; the John McCormicks, Manchester Depot, Vermont; Mr. & Mrs. Archie M. Richards of Sarasota, Fla.; Miss Margaret Campbell and Miss Marian Morrison of Sewickley, Pa.; the Louis Hill family from St. Paul, Minn.; Mr. & Mrs. J. Herbert Neill, Summit, N.J.; Mr. & Mrs. B. W. Carrington, Jr. of Lantana, Fla.; and from Bethesda, Md., Mrs. J. Compitello.

Seeing is Believing

Having been to Sanibel and loved the quiet, casual family atmosphere (so difficult to find in this day and age), we want Island Families to know about the comparable atmosphere at Lakeside Hotel on Clear Lake in Indiana. We don't have Sanibel's sea shells, but we do have a beautiful sandy beach. Lakeside is a Charming Family Hotel where grandparents bring grandchildren, parents bring children, and entire families meet to be together during the Summer.

Write for brochure and pictures.

ADD SPIRIT TO HOME-MADE RELISH

What's easy to prepare, unusual to serve and makes a great gift? Why, home-made relishes, of course; preserved in extra spicy and high-spirited marinades.

So, if you'd like to give your parties and friends a deliciously different kind of lift, try blending these recipes with liquor and spice and other things nice:

Gin-uine Olives

- 1 jar (7 oz.) green olives
- ¼ cup gin

Drain ¼ cup of the brine from olives, replace with gin. Wash outside of jar and relabel in your own design. Cover. Marinate 24 hours or longer.

Scotched Beans

- 1 pound whole green beans, cleaned
- 1 cup water
- 1 teaspoon salt
- ¼ teaspoon pickling spice
- ¼ cup Scotch

Cook green beans 10 minutes in salted water. Drain, reserving cooking water. Pack beans upright in tall, narrow glass container. Pour pickling spice and Scotch over beans. Fill container with hot cooking water. Cover. Marinate 24 hours.

Bourbon Beets

- 1 can (1 pound) sliced beets
- ½ teaspoon salt
- 1 teaspoon sugar
- 1 tablespoon vinegar
- 1/3 cup Bourbon

Drain beets, reserving liquid. Place beets in a glass container. Add seasonings, vinegar, Bourbon and beet liquid to fill. Cover. Marinate 24 hours or longer.
