## Gala Benefit By Mario Hutton

It has been announced that what promises to be one of the highlights of the current season will be held on the evenings of Friday, March 14, and Saturday, March 15, at 8 p.m. in the Sanibel Community House. It will take the form of a gala benefit, and will be

repeated on these two evenings in order to allow all interested Islanders and visitors to attend. All proceeds will go to the Building Fund of the Sanibel Community Association, which is planning the construction of a new auditorium with a capacity of almost 900 and other adequate facilities for the growing needs of our Island.

## Birds In Evolution

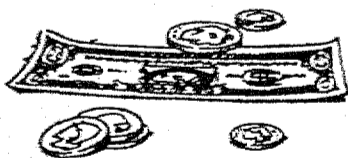

The eleventh program sponsored by the Sanibel-Captiva Audubon Society will be held tonight, Thursday, February 27, at 8 p.m. in the Sanibel Community House. Featured speaker will be Karen Eastman, who in previous years has presented a number of very successful shows reporting on birds of many countries, seen and photographed by her during her world-wide travels. In the course of these travels Mrs. Eastman has sighted an ever increasing number of exotic and rare species in every continent.

This year her presentation, titled "Birds in Evolution", represents a departure from previous shows, because the bird slides to be viewed constitute a sequence arranged in ornithological order, depicting the gradual degree of development of birds away from reptiles. Adaptations of a number of species for living in diversified habitats and eating various foods are explained. Some courtship displays are shown, including those of the Frigate-bird. Included is also a brief discussion of Darwin's evolutionary theory and his conflict with the church, not yet resolved to everybody's satisfaction.

As usual, the program is open to the public, and all are cordially invited.

As in past years, Mario Hutton will present on this occasion the premiere of his latest "photo-verse" features, completed during the past year, at least five of which have never before been shown here or elsewhere. The program will go under the general title of "Swan Song", an indirect reference to the fact that after a tenure of almost ten years Mr. Hutton will be retiring as president of the local Audubon in April. In addition to his new compositions he will include in his two-part program a selection of all-time favorites, covering a variety of subjects, that he has presented during the past eight years before audiences ranging from the National Audubon Society to the Smithsonian Institution Associates, from the Wilderness Society to the Nature Conservancy, and in over thirty Florida cities.

A committee headed by Mrs. Porter Goss is being formed to promote the event, and the names of the prominent ladies cooperating in the collection of donations amounting to \$5 per person will be published by the Islander in coming weeks, together with further information on the benefit.

## Budget, Bretzke, Approved By Sanibel Council

Tuesday morning was another calm one for Sanibel's councilmen. After accepting vice mayor Vernon MacKenzie's proposal to appoint Dave Bretzke as permanent city manager, rather than acting city manager, they got down to considering the budget.

The new city's budget appropriations for the fiscal year Nov. 5 1975 to Sept. 30, 1975, was approved. It calls for a total expenditure of \$219,775 against anticipated revenues of \$254,000, which should leave a balance of \$34,225. Dave Bretzke said that he already collected \$1,000 of an anticipated revenue from licenses and permits of \$4,000 during the fiscal year. The rest of the budget, which was drawn up from a combination of the proposed budgets by both Sanibel Tomorrow and the Chamber of Commerce, will be derived from short term loans of \$250,000. Bretzke said that first property taxes will be levied on Nov. 1, 1975.

The council then discussed other possible means of raising money, such as the resort tax now in effect on Miami Beach, and instructed Bretzke to investigate this and any other tax measures to bring more funds into the new city's coffers.

Gorden Tracey, president of the newly formed Sanibel Property Taxpayer's Association, then presented the council with a number of requests -- basically that bike paths and a turn-around at Periwinkle and the causeway road be given top priority in any budget considerations. Tracey also questioned the reason why almost half of the new city's budget was being spent on

the new city hall, furniture and the salaries of city hall employees, including the city manager, clerk and receptionist.

The council in turn thanked Tracey for his concern in city matters.

After a lengthy discussion, with many changes made in the proposed planning ordinance, the council adopted unanimously an ordinance providing for the establishment of an appointed seven man planning commission for Sanibel.

The commission members will themselves elect a chairman and vice chairman, and will be aided by a non-member secretary, who will be appointed as a paid city employee by Bretzke.

During the afternoon session (too late for the ISLANDER deadline) the councilmen were going to consider the appointment of the seven member commission from a list of 28 names previously suggested for the committee. More on that next week.

The Planning Commission has been allotted \$500 for operating expenses, and \$15,000 for consultant fees during the fiscal year. Members themselves will serve without salary.

An interesting item on the afternoon's agenda was a continuation of the Hilton Hotel's hearing, following last week's four to one decision to grant Edward Dworetzky's hardship request, with a number of stipulations and a promise from him to drop any actual or proposed legal action against the new city. More on that next week.

A public hearing has been set for March 11, at which time the council will consider the adoption of five building codes for the city.

**What's Your Favorite Seafood Recipe?**

William Klose, Halfmoon Bay, California: "Oh boy. I eat them all. We like the shrimp mainly. I like the creole. My wife likes the curried shrimp."

Brigitte Schremmer, Manhasset, New York: "I hate seafood. Simply detest it."

Robert Vernum, Palisades, New York: "Lobster. Boiled lobster, with butter!"

Nick Dozoryst, Chicago, Illinois: "Langostinos cooked in olive oil with garlic salt and pepper!"

Nancy Burns, Sanibel: "Since none of us really eat seafood here, I guess I don't have one. We've lived here for three years, but we don't really like seafood. We catch quite a few fish and feed them to our cats."

Kay McRae, Sanibel: "My favorite seafood recipe? You can't get it down here. It's baked stuffed lobster, New England style. It's fabulous. Boil lobster, one and a half to two pounds, for twenty minutes. Take out the meat and substitute dressing buttered with soft shell New England clams. Replace in the body of the lobster, bake for twenty minutes or so, and serve. Sprinkle with paprika and serve with butter. You bet, it's good!"

## Around Town

"This is satellite stuff (out of this world)" exclaimed MAC and DOROTHY McINTYRE from Port Colborne, Ontario. They were talking about the crafts in the Craftsman and about Periwinkle Park.

BILL and SIB JOHNSTON from Corpus Christi, Texas, have moved to Periwinkle Park permanently. They like shelling and fishing.

JANET and JON HART and their children, PETER and BETH are from Wheaton, Ill. "We came 8 or 9 years ago. We loved it then. We hope that there are enough stable people (permanent residents) who will keep building under control.

BARTON and ELSIE PICKENS are from Gaylord, Mich. They told us, "If it weren't for the snow we'd stay in Michigan. It's beautiful here. We love Sanibel.

CECIL KROEGER and ETHEL SCHMIT are from Milwaukee, the beer capital of the world. They are visiting Mrs. Kroeger's sister, MERCEDAS and her husband, DICK SMITH. They told us that Ethel Schmit took her first plane ride to get here. The two of them came alone so they are free to do all sorts of things.

ELIZABETH and JOHN BOCH-ENEK are from Del Mar, N.Y., a suburb of Albany. They said, "We're very pleased with the whole thing (Sanibel)." It is their first trip here. They left in a snowstorm.

ALAN and MICHAEL BESSE and their children, PAIGE and NEIL, are from Little Silver, N.J., right on the sea coast. They said, "We took the autobrain and were pleased with it. The people were friendly. We also find people very friendly on Sanibel."

JOE and MABEL DULIN and her parents, ROBERT and EDITH BOE-CHER are from Kenton, Ohio. Mrs. Dulin told us, "We're all farmers back home. We raise cattle. This is our second trip to Sanibel. We are hoping to return and spend our full month's vacation here instead of traveling around."

ESTON and HELEN MATHIAS from Hershey, Pa., said, "Most glorious place we've ever spent a vacation in in our whole lives. We like it from stem to stern."

RHODA WEIR is from Alberta, Canada. She is here with her brother and sister-in-law, HAROLD and HELEN SMITH from Baltimore, Md. Ms. Weir told us, "At home it was 25 degrees below zero on February 4. There was lots of snow at the start of our trip, but later we had beautiful weather. I love the little bird pond in the park."

JEFF and DAVID LEE, ages 8 & 11, celebrated their second day on Sanibel by jointly spotting a Junonia on the beach near the Castaways Resort. Dad and Mom, from Deulth, New York, were thrilled for the boys.

"It's a lot warmer here than it is at home," says ROBERT and ANNABELLE HECKMAN from Troy, Ohio, and GLEN and DOROTHY ADAMS from Portage, Ohio.

Renting a house in the Rocks West are BOB and ANN SHERMAN and their children, TOM and KATIE, from Ripton Vermont. They left at 8 below and arrived here at 85 degrees. They exclaimed, "Look out shells and fish, here we come!"

BURDENA BARLOND and her friend, NORMA RULAPPAUGH work together at G.M.P.D. (General Motors Parts Division) in Lansing, Michigan. They hate the idea of having to leave Sanibel because they love it down here. Norma is reminded of Hawaii.

MARVIN and LORETTA CASPER are renting a house on Sanibel. They are from Louisville, Ky. Marvin Casper came to the Craftsman Shop in P.P. to get information for a friend who wants to come here in the future. He is visiting EDWARD and DOROTHY AUBREY also from Louisville. All of them are having a good time.

### CAPTIVA RESIDENTS BECOME GRANDPARENTS

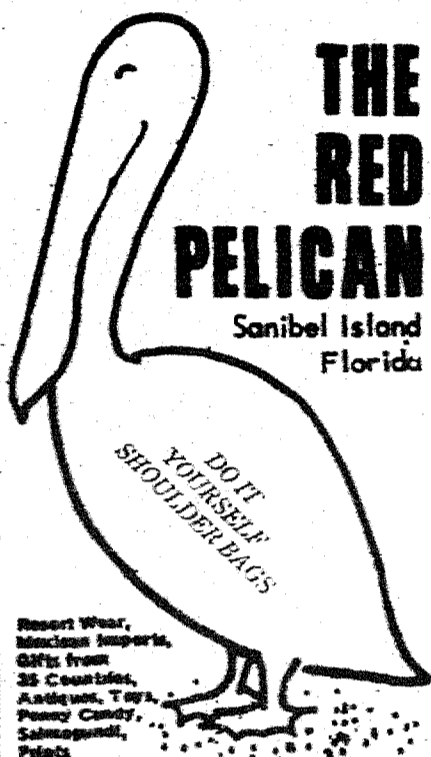

On Sunday, February 16th, a grandson was born to John and Antoinette Skoczek of Gumbo Limbo Apartments on Captiva. Mrs. Skoczek is a member of the Sanibel-Captiva Art League. The little one's name is Daniel Martin Dockery. His parents, Antoinette Marie Dockery and Capt. Charles Dockery III, live at Homestead Air Force Base in Homestead, Florida. Let us all take this opportunity to congratulate the Skoczeks on the the birth of their first grandchild, and to the Dockerys as well, who were likewise privy to the affair.

THE GIRLS IN 509

Brian Keefe, whose adventures start the minute the gong is sounded for curtain in "The Girls in 509" is shown here introducing a new member of the company, Sarah Gatman to Michael, the famous Pirate Playhouse cat. Patricia Slater on Keepe's right is gowned in blue satin from Bergdorf's of Fifth Avenue New York. And since 509 is a political satire, it might be noted that Pat's dress was designed and embroidered in rhinestones by Louis Feraud of Paris to be worn at a special party of President Johnson's.

On hand to give audiences a fine performance this weekend will be Robert Buntreck, Marilyn Barry, Mark Heilmann, Al "Scotty" Duncan and the Hunters, Ruth and Philip, with Bill Krueger handling the technical part of the production. "The Girls in 509" by Howard Teichman—Saturday, March 1st, and Sunday, March 2nd, Curtain 8:15. Box office 472-2121.

### EXPERT ON COUNTY GOVT. TO SPEAK

Rodney L. Kendig, Director of County Resources Dept., National Assn. of Counties, will speak on "Modernizing County Governments to Meet the Challenges Ahead."

This will be held in the Edison Community College Room B-101, March 6, at 7:30 p.m. The public is cordially invited.

### LAWRENCE W. KNOEDLER

Lawrence W. Knoedler, 54, of Sanibel died last Saturday at his home, 547 Chert Court. He moved here two years ago from Long Island, N.Y., was a veteran of World War II and member of the Sanibel Community Church.

Survivors include his wife, Mrs. Margaret Knoedler, Sanibel; a son, Lawrence W. Knoedler; a daughter, Lynn Andersen, Freeport, L.I., N.Y. Services and burial were held in Levittown, L.I., N.Y.

### BUCCANEER BASEBALL TEAM READIES FOR OPENER

Edison Community College's Buccaneer baseball team opened its 37-game regular season last week, according to Dr. Paul Radcliff, in his eighth year as baseball coach at ECC.

"Our hitting is good," Radcliff says, "although our defense and pitching need improvement. Despite a rugged schedule we hope to do well if our many freshmen mature quickly." Radcliff states the team has suffered a rash of injuries to key personnel, one of whom will be lost for the season. Four top prospects went by the boards because of scholastic deficiencies during the past fall session, leaving only four returning letter-men on tap for the season. They are Cap Taylor, infielder/outfielder; Ron Pierce, pitcher; Gene Edgecomb, pitcher, and Don Hertzog, pitcher.

Admission is free to all games, and the public is invited.

### MEMBERSHIP TEA

The Lee County League of Women Voters will have a Membership Tea Thursday, Feb. 27, 1975, from 4 to 6 p.m., at Seven Lakes Auditorium.

The League is taking this opportunity to get acquainted with new members and to extend a special invitation to all citizens 18 years or over, who are interested in government, to be our guests.

Organized well over fifty years ago, the League of Women Voters is a national association dedicated to the principles of self-government established in the Constitution of the United States of America. Though nonpartisan, it works to promote political responsibility through informed and active participation of citizens in government.

### BILLY DANIELS OPENS AT WALT DISNEY WORLD IN FIRST APPEARANCE

Showman and singing star Billy Daniels opens in his first appearance at Walt Disney World's Top of the World supper club, March 3, presenting two shows nightly until March 16.

Originally from Jacksonville, Florida, Daniels has traveled extensively performing in the major night spots around the world.

# ASTROLOGICAL HINTS

by Madam Dorinda From **THE ZODIAC**

**ARIES:** This is a good time to form partnerships of any kind. You are likely to have financial assistance offered now without even asking for it. Use diplomacy in any domestic situation.

**TAURUS:** You will have a happy romantic encounter or an invitation that you really want. Disagreement with neighbors is probable. Be careful not to get short-changed in making change or buying.

**GEMINI:** This week favors publicity, but there could be an obstacle to a joint financial venture or some difficulty regarding money you owe or are trying to obtain. Family considerations are uppermost in importance.

**CANCER:** You are likely to take criticism in the wrong way, but you are able to benefit from it. Not a good time for signing contracts where money is involved. Keep things to yourself where gifts or mutual finances are concerned.

**LEO:** Change your pace to improve your health. Attention in details will be required and you will have a temporary change of scene. You may not be able to avoid an expense you didn't expect but show others consideration.

**VIRGO:** An accidental meeting can set off a chain in gaining the good will of others. Don't doubt your capabilities and finish up what you have already started before beginning new projects. Don't cut corners.

**LIBRA:** You are likely to have sudden and unexpected gains where career or work are concerned, also new opportunities which could involve travel. Your judgment is poor now where romance is concerned.

**SCORPIO:** Bad news from afar is likely, but try to look on the bright side for there is one. You will be in a hurry to finish things up, but be more perceptive and give consideration to elders.

**SAGITTARIUS:** Distant places or persons may make you take unnecessary trips. Don't draw premature conclusions where financial status of other people are concerned. Take care of financial obligations promptly.

**CAPRICORN:** Don't spend too much time daydreaming, fate will take charge of your affairs. A new personal or business relationship is likely, and you may have confusion or misunderstanding with spouse.

**AQUARIUS:** Good week for you to make financial decisions. Don't give way to dissatisfaction but get things started yourself. Advice or example of another can be helpful. Be calm if your space is violated.

**PISCES:** Good time to show sympathy and compassion for others and you will make a fortunate decision this week. You are likely to join forces with a group now. Domestic circumstances may be somewhat strained now.

BOWLING TOURNAMENT**

The Sixth Annual Frank Kusky Memorial Bowling Tournament will be held this year from March 10 through March 28. Any bowler currently affiliated in any Lee County League will be eligible to bowl at any of the bowling establishments in Lee County. Proceeds from the Tournament will be donated to the American Cancer Society. "Last year our bowlers raised over \$1,000 to help fight Cancer," Mr. Lowhorn, Tournament Director for the Lee County Bowlers Club, stated, "and we expect this to be our most successful tournament ever."

"There will be no 'losers,'" Mr. Lowhorn continued, "Bowlers will be bowling against themselves - that is, most pins average. And we will be awarding over 50 trophies for tournament champs as well as League champs." For further information, bowlers are asked to contact Mr. Lowhorn at 542-8588.

**FLORIDA LIONS EYE BANK - HISTORY & PURPOSE**

The eye Bank was incorporated in 1961 and formally opened in January 1962, in the Bascom Palmer Eye Institute, the Ophthalmology Department of the University of Miami School of Medicine, in Miami, FL. Its staff now consists of two pathology technicians, two secretaries and a voluntary staff consisting of the Executive Board of Directors, a Medical Director, and an ophthalmologist who supervises the training and teaching of corneal grafting technique to the eye Residents.

How successful has the Eye Bank been in its operation in these past thirteen years? We can best describe this by advising that 2,399 corneal grafts have been performed and 3,545 patients have donated their eyes. Donor eyes are available locally or statewide to any ophthalmologist in need of eyes for transplant. If these needs are fulfilled at the time of donation, then the donor eyes are sent to other cities in need of eyes or, at times, are shipped internationally. These efforts are accomplished through the cooperation of the Eye Bank Network, a group of volunteer amateur radio operators that check in every morning and every evening to fulfill the emergencies that may arise in Eye Banks throughout the world.

Pathologically, more than 7,621 specimens have been studied and reports sent to the contributing physician. The disease processes vary from trauma to tumors to inflammatory conditions to degenerating conditions of the eye. Specimens are submitted to the Eye Bank from many communities in Florida, as well as many other states.

The third purpose of the Eye Bank concerns teaching and research. Eyes that are not satisfactory for transplantation are used for teaching corneal transplantation technique to the Residents in training in ophthalmology. Eyes, from which the corneas have been removed for transplantation, are examined pathologically in the hopes of obtaining insight into the aging diseases of the eye since most of the donors are beyond middle age. Also, some of these specimens with corneas removed after transplantation make excellent eyes for the demonstration of gross anatomy to the medical students.

Some of the activity with respect to the research connected with the Eye Bank consists of improvements in the technique of storage of corneal material as well as an attempt to understand the process of wound healing and graft rejection in recipient eyes. Other projects which are inter-related with the facilities of the Eye Bank have been the study of retinal detachments, electron microscopy of the eye, fluorescence distribution in the eye, vascular diseases of the eye.

It is well to remember that this service is provided to the patient, physician, and community at no expense at all. The operation of the Eye Bank is totally supported by the Florida Lions Clubs.

**PERTINENT INFORMATION**

One is never too young or too old to donate his eyes. Color of eyes, sex, age, race, or the quality of your vision does not matter.

Persons who have diseases of the eye may also donate them to the Eye Bank. These eyes are invaluable for the purpose of research. In this way, their donation can help advance our knowledge and prevent the loss of sight in this and future generations.

Eyes must be removed as soon as possible after death - preferably within six hours. One's appearance remains unchanged after eyes are removed.

All major religious faiths approve and endorse this humanitarian effort to help one's fellowman.

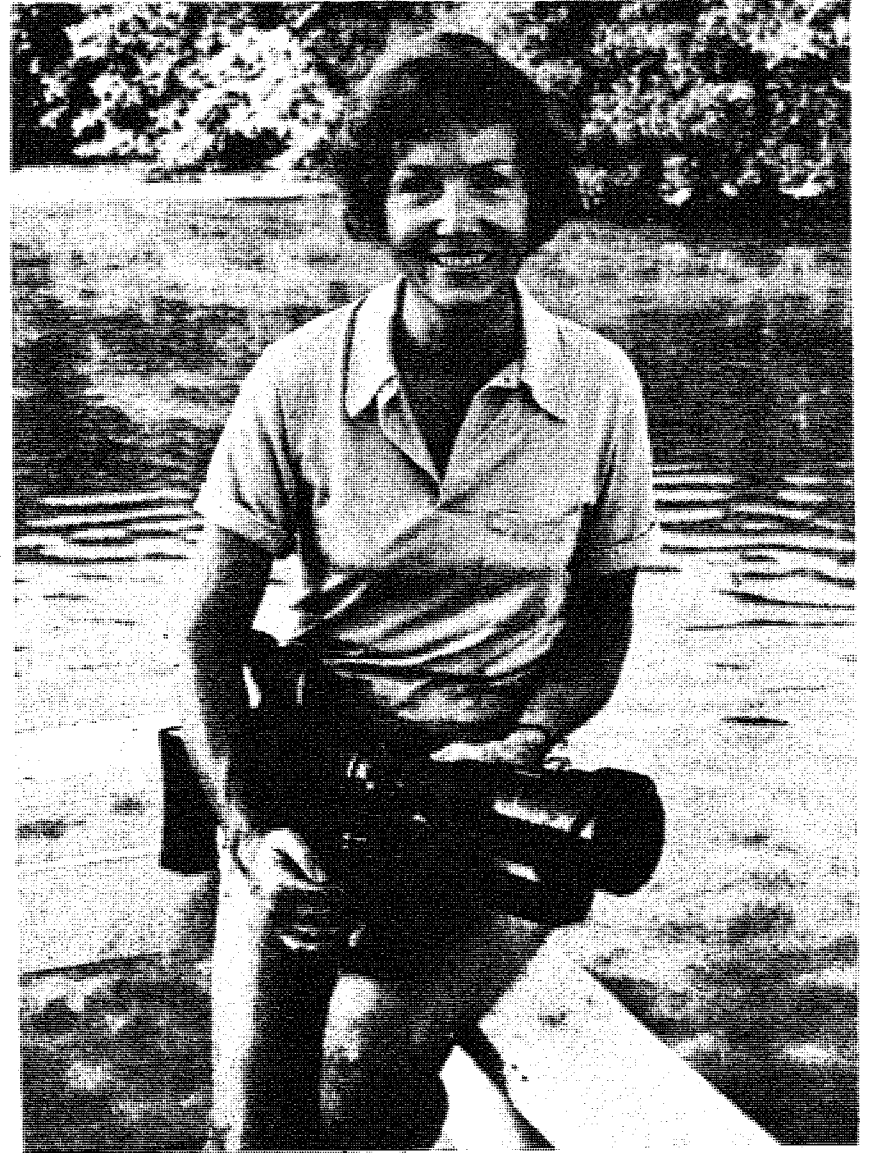

If you would like to donate your eyes after death, in order to help others, please use this form. Or, for more information you may write to them at the same address.

Upon Death, I wish to donate my eyes to aid in sight restoration to the FLORIDA LIONS EYE BANK, 1638 Northwest 10th Avenue, Miami, FL 33136.

Upon receipt of this Eye Donor Form, an identification card will be forwarded to you with further instructions. Through the donation of your eyes, a part of you may live on giving someone else the blessings of sight.

# Art Exhibit Of Bird Portraits At Fur, Feather & Scales

Laura Riley, Nature Writer & Photographer

An exhibit of bird portraits by Laura Riley, nature writer and photographer whose work has appeared in various national publications, will be held at the Fur, Feathers and Scales Wildlife Art Gallery on Periwinkle Way on Sanibel, Saturday, March 1 from 11 a.m. to 4 p.m.

This is the third year in which the gallery has scheduled a special showing of new nature portraits by Mrs. Riley whose photographs and articles have been bought by National Wildlife Magazine, the Ladies Home Journal, Sail, Ranger Rick, Encyclopedia

Brittanica, the Philadelphia Academy of Natural Sciences, and various others, as well as for books and advertising and promotional publications.

Mrs. Riley, with her husband, William Riley, make their home on a farm in New Jersey, but for numbers of years have spent winters on Sanibel and Captiva, and the photographs exhibited at the gallery are of birds native to the Islands. Proceeds of those purchased here go entirely to aid the work of C.R.O.W. --- Care and Rehabilitation of Wildlife --- and establishment of a refuge for injured birds and animals on Sanibel.

**FISH 'N SHIPS...**

Those crazy Kentuckians are back at the Castaways again doing their thing! Pictured above are only a third of the sheephead caught in the surf off Turner's Beach last week. Also missing are Mr. Lewis Oliver, who caught twenty four, got tired and quit, and Mrs.

Anna Oliver, who beat everyone fishing the day before, was at the pool resting when the picture was taken!

Pictured are Senator Walter SeGastian, George and Mrs. S. Estes, Frank and Mrs. Zweifel, all from Lexington, Ky., and long time returnees to the Castaways.

**New Police Chief On Sanibel**

**John Butler**

As of last Wednesday, February 19th, there is yet another new city official in Sanibel City Hall. He is none other than the new Chief of Police for the city, Mr. John Butler.

Mr. Butler does not come to Sanibel as a novice in his trade, having served for twenty-six years on the police force of Mansfield, Ohio, his home town. He started as a patrolman in 1948 and rose through the ranks by way of diligent and meritorious service to lieutenant, then captain, and finally to chief in 1966, which position he held until 1974, when in June he retired and moved to Ft. Myers Beach, residing at 320 Randy Lane.

John Butler was educated with an eye toward police service. He attended Ohio State University and then went on to graduate from the Southern Police Institute at the University of Louisville in Kentucky. He also served in the United States Marine Corps for four years before returning to Mansfield to settle down to a position with the police department.

The forty-nine-year-old Butler is married, has two children and two

grandchildren.

Mr. Butler was appointed by acting city manager Dave Bretzke during the morning session of the February 18th city council meeting. The selection had been made by Bretzke after reviewing a field of twenty-four applicants for the position.

When asked about his goals with respect to Sanibel, Chief Butler stated: "I am very happy with the faith which Mr. Bretzke has shown me. I have just one objective, and that's to serve the citizens of Sanibel." Butler also mentioned that he and his wife would probably be moving to Sanibel in the very near future.

So now there is a Police Chief in city hall, with a small police force soon to follow, we hope. According to Dave Bretzke, the police force will be installed in the city's second floor offices in Periwinkle Place, adjoining the present city hall, as soon as the furniture and necessary equipment can be procured. Let us suggest that Islanders in difficulty now direct their calls and complaints there, rather than to our already overburdened councilmen.

**Reel Eel Tips**

by Skip Purdy

This week I'll start out with a boom of interesting information. Snook were being caught under the first bridge of the Sanibel Causeway from sunset on for a few hours during high tide. The lucky fishermen were using live "educated" shrimp with just enough weight to sink the line to the bottom.

There are still a lot of trout and sheephead being taken in the local fishing areas.

Good grief, the fishermen are here, ready and raring to fish. Those who are unfamiliar with fishing in our area often ask me what they should use for bait. I must say, live "educated" shrimp is the most popular and well liked by just about any fish. There are several methods of hooking your shrimp depending on what you're fishing for. Hooking through the head will keep the shrimp active which is the best method in most fishing situations. Avoid puncturing the dark spot because that will kill the little fellows instantly.

For whiting and red fish hook the whrimp through the tail allowing him to move with the tide, leaving the line behind him. Bottom fish will strike at the head first positioning the hook to catch the fish's lip.

Frozen shrimp, threaded on the hook will work just as well for catching sheephead, mangrove snapper and many smaller fish. Sandfleas are good

bait for pompano. To let them attract the fish with some motion, place the hook through the rear.

If you're using live bait fish, I suggest gently hooking through the back at the front edge of the dorsal fin.

There is also a large variety of salt water lures to choose from. The simplest and most practical lures to buy are jigs. There are two things to consider when picking out a jig: the size of the fish and the depth of the water. Yellow, white and a red-white combination are the most popular to select from. Many more lures are on the market which I have not mentioned, including various plugs and spoons.

Visit me at the Real Eel and tell me of your good luck.

**SHELL CLUB MEETS**  
by Bill & Ginger ConEiff

Shell Club meeting held Wednesday, February 19, had a large attendance of 105 members and guests. The theme of the evening was an inspiring talk by Lt. Col. Corrine Edwards on Seashell, Starfish and Sea Urchins, which was most interesting. Our members and guests came away from the meeting with a greater knowledge of conchology. After the meeting refreshments were enjoyed by all.

# The Freys Of "Sanibel Homes"

A relatively new business to the Islands is Sanibel Homes, a division of North American Contracting Corporation, which is actually just a very austere corporate name for two very nice people: Mr. and Mrs. M. William Frey.

For a young couple with three school-age boys, the Freys are wise beyond their years. Bill holds a number of academic degrees and honors, among them a B.S. from Penn State University, an M.A. from the University of Connecticut, and a Ph.D. in Administration and Economics from Penn State. He taught Administration and Management at Penn State for seven years and at the University of Massachusetts for three years. Mrs. Frey is also an ex-teacher, having taught Family Economics at Penn State for some years.

Before moving to Sanibel and starting their business a year and a half ago, the Freys lived in Pinellas County, Florida, Massachusetts, Pennsylvania, and points north.

Sanibel Homes specializes in single family dwellings, with the emphasis on economy. They provide a complete package deal, including design, lot, construction, and even basic preliminary furnishings such as carpeting. Their particular forte is the wooden frame home that coincides so well with the beautiful tropical setting inherent on Sanibel.

On February 12th, Sanibel Homes joined the HOW warranty program along with other Lee County realtors. The program imposes a quality control on every builder who is a member. Mr. Frey seemed very happy with HOW, saying, "It gives the property holder protection for a period much longer than the usual

warranty--ten years, in fact--and even covers major structural defects."

When asked about his building goals, Mr. Frey said, "We started the Sanibel Highlands development to meet the needs of families looking for modestly priced homes, built to custom specifications. Our homes are an alternative to condominium-style living--single-family dwellings at a reasonable price. In just a year, we've sold out over fifty percent of our homes. The important thing about Sanibel Homes is that we're working on designs that are quite livable, while at the same time meeting with the impending Federal Flood Regulations. Our goals are to build fine custom homes, regardless of the size. I find it a challenge to fit the design to a particular family's needs."

The Freys are hoping to open their new model at the entrance to the Dunes by May 1st. Their model on Atlanta Plaza Drive, off of Casa Ybel Road, is presently open from ten to four daily.
