THE SUMMIT RECORD

Published every Saturday morning at Summit, New Jersey, by the Summit Record Co. Office No. 207 Broadway, New York City.

THOMAS H. LANEY, Editor and Publisher, Summit, N. J.

Five years ago the political atmosphere of the County of New York was filled with the warfare carried on by the Republicans, headed by the New York World, for the election of De Lancy Wood as District Attorney.

It is now a fact that the Republican party has been elected to the office of District Attorney, and the political atmosphere of the County of New York is again filled with the warfare carried on by the Republicans, headed by the New York World, for the election of De Lancy Wood as District Attorney.

Our readers will undoubtedly remember with the deep interest the Republic with Hon. B. M. Ford that is published in another column. Mr. Ford is no novice in public politics. He has been a member of the Assembly from Essex County for ten years.

It is true that the Morris & Essex railroad should support Mr. Ford. It is the duty of the railroad to support the best man for the job. It is the duty of the railroad to support the best man for the job.
