VERONA HIGH SCHOOL

INTRODUCTION

> Our theme expresses an enigma of human philosophy—the sorting of education from information. Using photography as its medium, *Shadows '71* tells the story of our search for the answer to this puzzle. What are we, the Hunters, actually looking for?

R. J.

3

The Eagle soars in the summit of Heaven, The Hunter with his dogs pursues his circuit. O perpetual revolution of configured stars, O perpetual recurrence of determined seasons, O world of spring and autumn, birth and dying! The endless cycle of idea and action, Endless invention, endless experiment, Brings knowledge of motion, but not of stillness; Knowledge of speech, but not of silence; Knowledge of words, and ignorance of the Word. All our knowledge brings us nearer to our ignorance, All our ignorance brings us nearer to death, But nearness to death no nearer to God. Where is the life we have lost in living? Where is the wisdom we have lost in knowledge? Where is the knowledge we have lost in information? The cycles of Heaven in twenty centuries Bring us farther from God and nearer to the Dust.

DEDICATION

VERONA HIGH SCHOOL VERONA, NEW JERSEY

EDWIN A. WILLARD PRINCIPAL TELEPHONE CENTER 9-3300

Dear Students:

I'm writing this on the first day of December, knowing only too well that I have only two more months as Principal of Verona High School. By the time these words appear in the 1971 SHADOWS I'll have been away for five months....and during those five months I'll miss you all very much.

For twelve and a half years Verona High School has been the consuming part of my life. I love it very much....especially the teachers and the students. You have been my firm friends, and I have received from you encouragement and strength. You and the Faculty have been tremendously loyal to me; and for this my gratitude knows no bounds. This High School and all of you will never be out of my thoughts. You must know that I want only the best for you and for the School in the future. I want each of you personally to meet with only successes throughout your lives. I want this High School to continue to advance and occupy an ever firmer place among High Schools in New Jersey.

I hope I will see you often in the future, that we will keep in close contact. Please know that every one of you can always feel free to call upon me if I can be of help to you. Know that I am your friend today and that this friendship will grow only stronger as the years go by.

Cordially yours,

Edwin A. Willard

MICHAEL WILLIAM WEISS Mike "Life is like a trombone slide, with its many ups and downs."

Known for a certain irregularity on the top of his head, "Weasel" will be remembered for his trombone and for the comfortable soccer bench that he has grown to know and love. While most proud of being second trombone in the N.J. All-State Band, this senior will never forget the weekend in Boston with Harry and the boys in the band. To V.H.S., Mike leaves his parking spot (first one on the right of the right of the middle exit).

RICHARD JAMES WILHELM Rich

"Champion the right to be yourself; Dare to be different and set your own pattern;

Live your own life and follow your own star."

Known for his great escapes from the doors of V.H.S. and his mighty V.W., "Willy" enjoyed working? at the Pathmark and talking to Mr. Stellfox. While he will always remember English with Miss Harmon, Rich is most proud of getting his "car". Future plans are college and a career as a lawyer or in business, and he would like to take this time to say a few boring words to the remainder of V.H.S., "Work hard to achieve that which you want most."

DAVID A. WILSON

Dave

DONNA REA WILSON

"Right on."

Known for her bright smile, this senior plans to major in elementary education in college. Donna, who enjoys music, singing, and dancing, remembers being embarassed in front of the whole school. Most proud of graduating, her advice to underclassmen is, "Don't worry, someday you'll be a senior."

AMY L. WIZDA

"Each man has only one genuine vocation to find the way to himself. His task is to discover his own destiny — not an arbitrary one — and live it out wholly and resolutely within himself."

Amy enjoys reading, listening to music, and going to football games. She will always remember the sophomores slumber parties, and she is most proud of getting her license. She feels that graduation will be the best part of V.H.S. Her future plans include college and travel.

ERICKSON D. YOUST Linc "Go placidly amid the noise and haste and remember what peace there may be in silence,"

"Jerry", who can usually be seen with the other Painchoads of the Chicago clan, is rumored to have won a whole nickel from Mr. Willard in a bet about his identity. Rick will never forget the cold shower at Hunter, various incidents in "the bus", and the Sab's answer to everything that got him through Physics: "Use your imagination." "Rick" is most proud of being the third member of the Mod Squad and hopes to continue solving "smashing" mysteries in his days at college.

JEREMY JEFFREY YOUST "So quietly death Stands staring, frigid Unaware of the coldness. . . ."

Jerry

"It is the peculiar quality of a fool to perceive the faults of others and to forget his own." "Phyl" enjoys reading novels and leaving school early to go to work. She is most proud of getting her license and will remember having fourth period lunch. Her future plans include a trip to Italy and perhaps college. She leaves these words, "The teachers aren't as bad as you think."

DEBRA LYNNE ZUKOSKY Debbie

"Walk on with love in your heart and you'll never walk alone."

A very healthy girl with near perfect attendance throughout the school years, "Zoo" will always remember Miss Fricke's study hall and the "smog" in the girls' room. Regarding her senior year as her best, Deb is most proud of obtaining her license. Debbie plans to make the secretarial field her future. Her advice to underclassmen is to, "Work hard in school and save the weekends for fun."

Mr. Stellfox would like to see the following . . .

and pappa bear said to mamma bear ...

Panchoad

"Quit rockin' the boat—I think I'm gettin' sea sick."

"Throw the switch, Igor."

This picture is rated $X \ldots R$ (?) . . . would you believe GP?

"How the \$"!&% # do you tie this thing?"

Hear no evil, see no evil, speak no evil.

"And who, disguised as a mild mannered Orange Tornado . . ."

The agony . . .

"Marc, I don't know how to tell you this, but . . ."
