## *New Horizons*

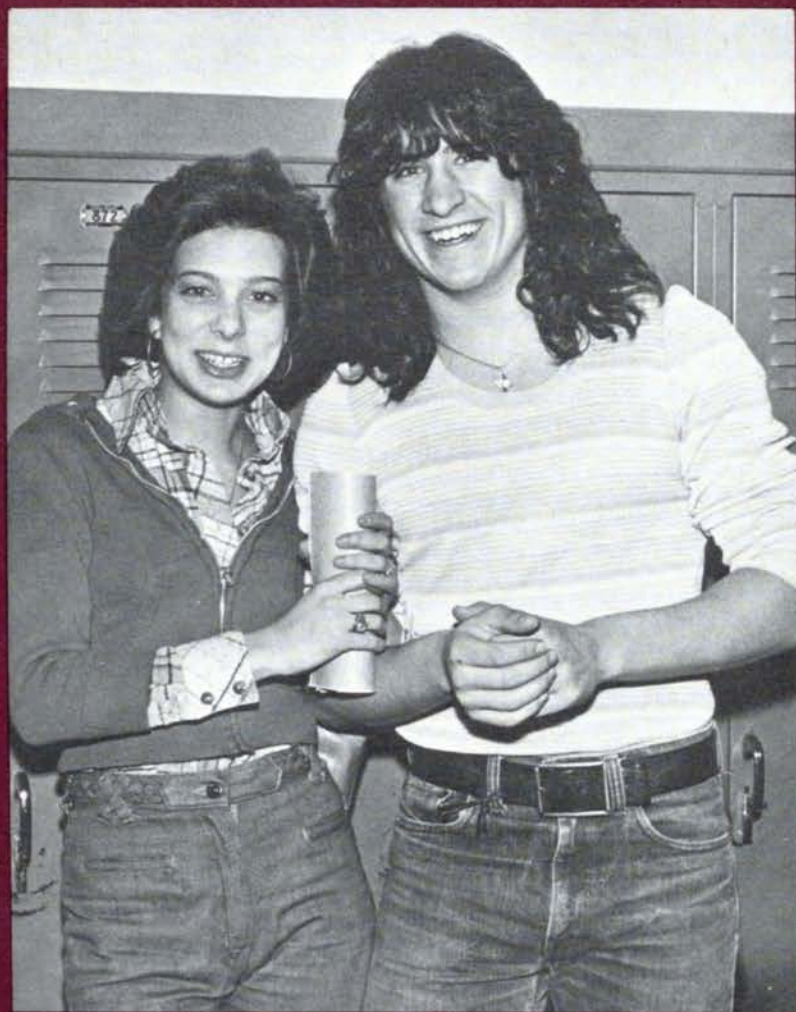

*Well I've had dreams enough for one  
and I've got love enough for three  
I have my hopes to comfort me,  
I've got my new horizons out to sea.*

*But I'm never gonna lose your precious gift,  
it will always be that way:  
And I know I'm gonna find my own  
peace of mind someday, someday.*

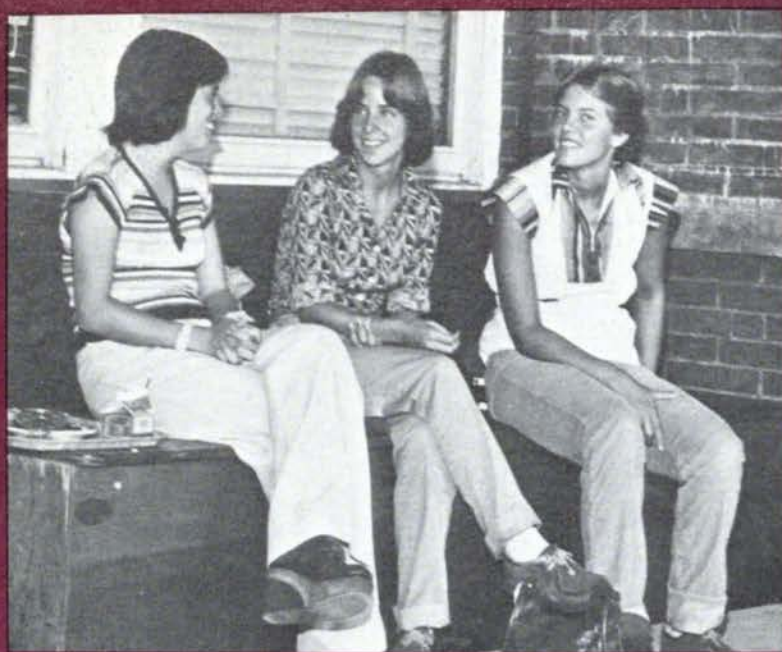

*Where is this place that we have found,  
nobody knows where we are bound.  
I long to hear, I need to see,  
cos' I've shed tears too many for me.*

*On the wind, soaring free, spread your wings,  
I'm beginning to see.  
Out of mind, far from view, beyond the reach  
of the nightmare come true.*

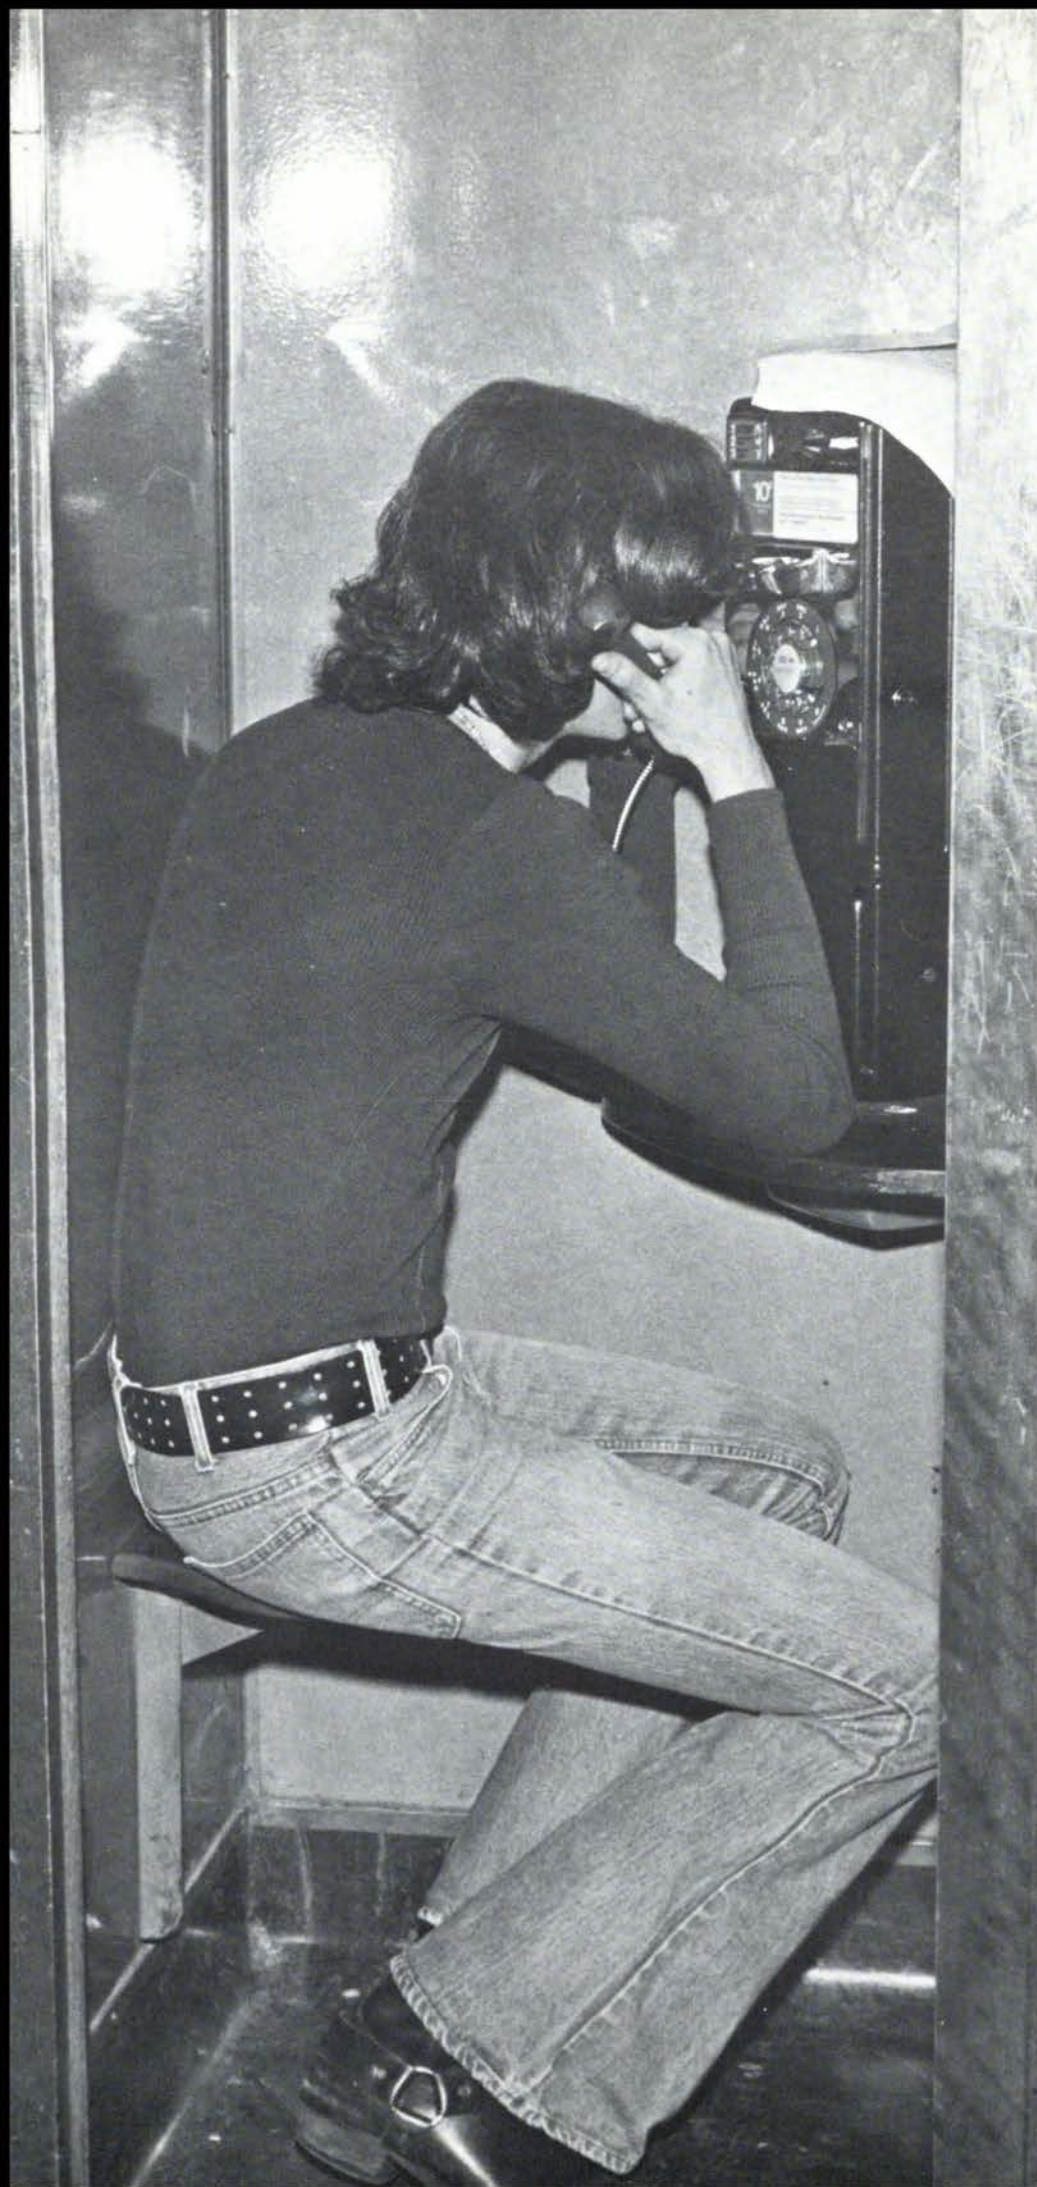

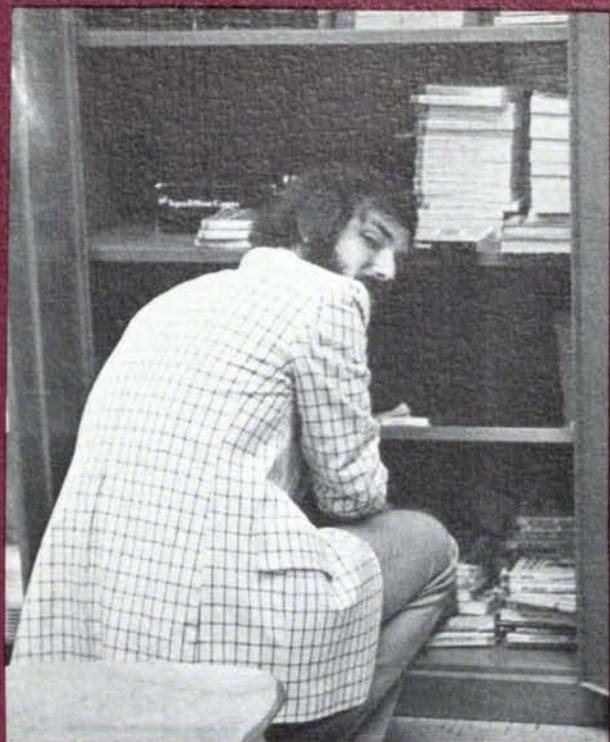

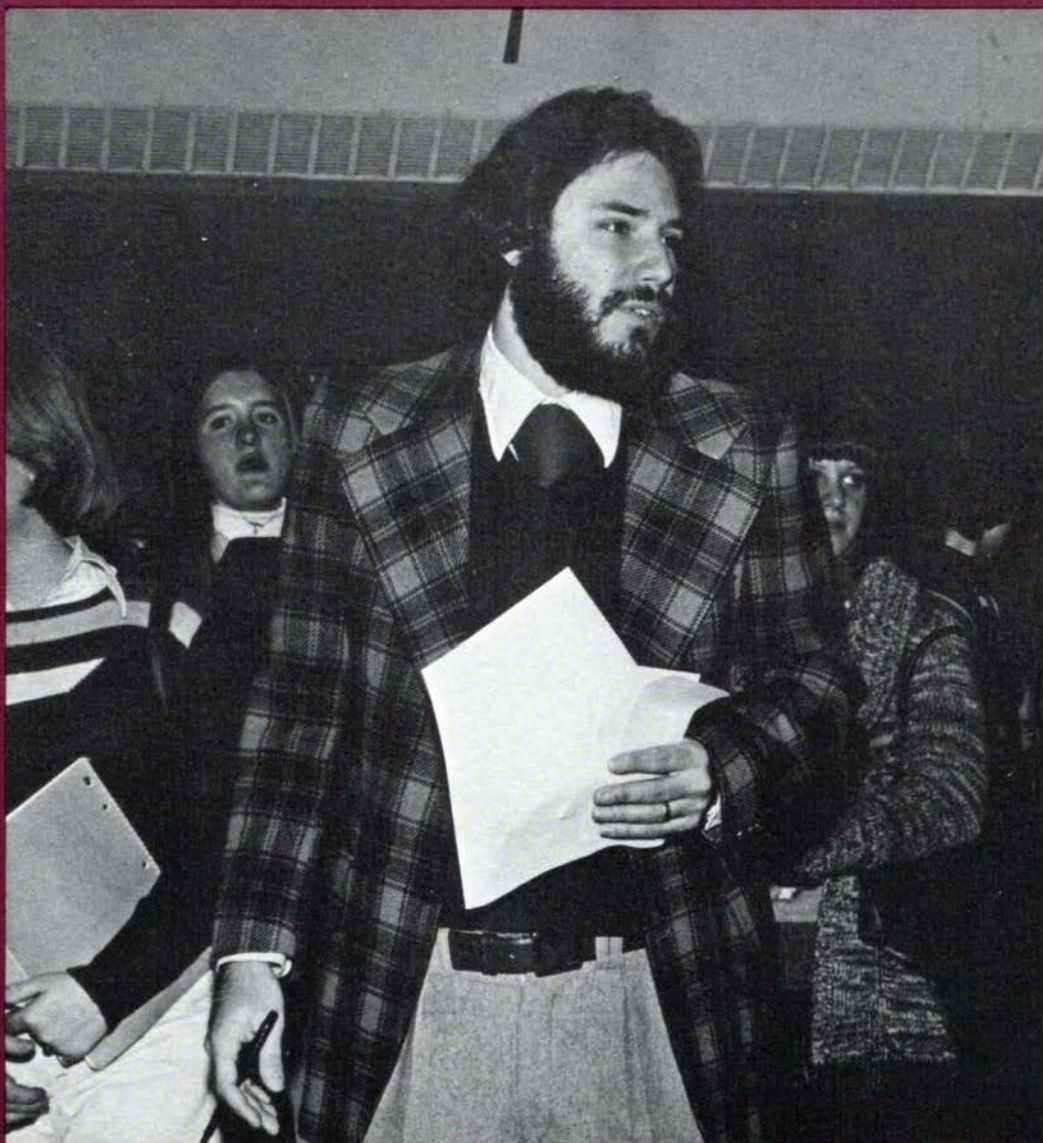

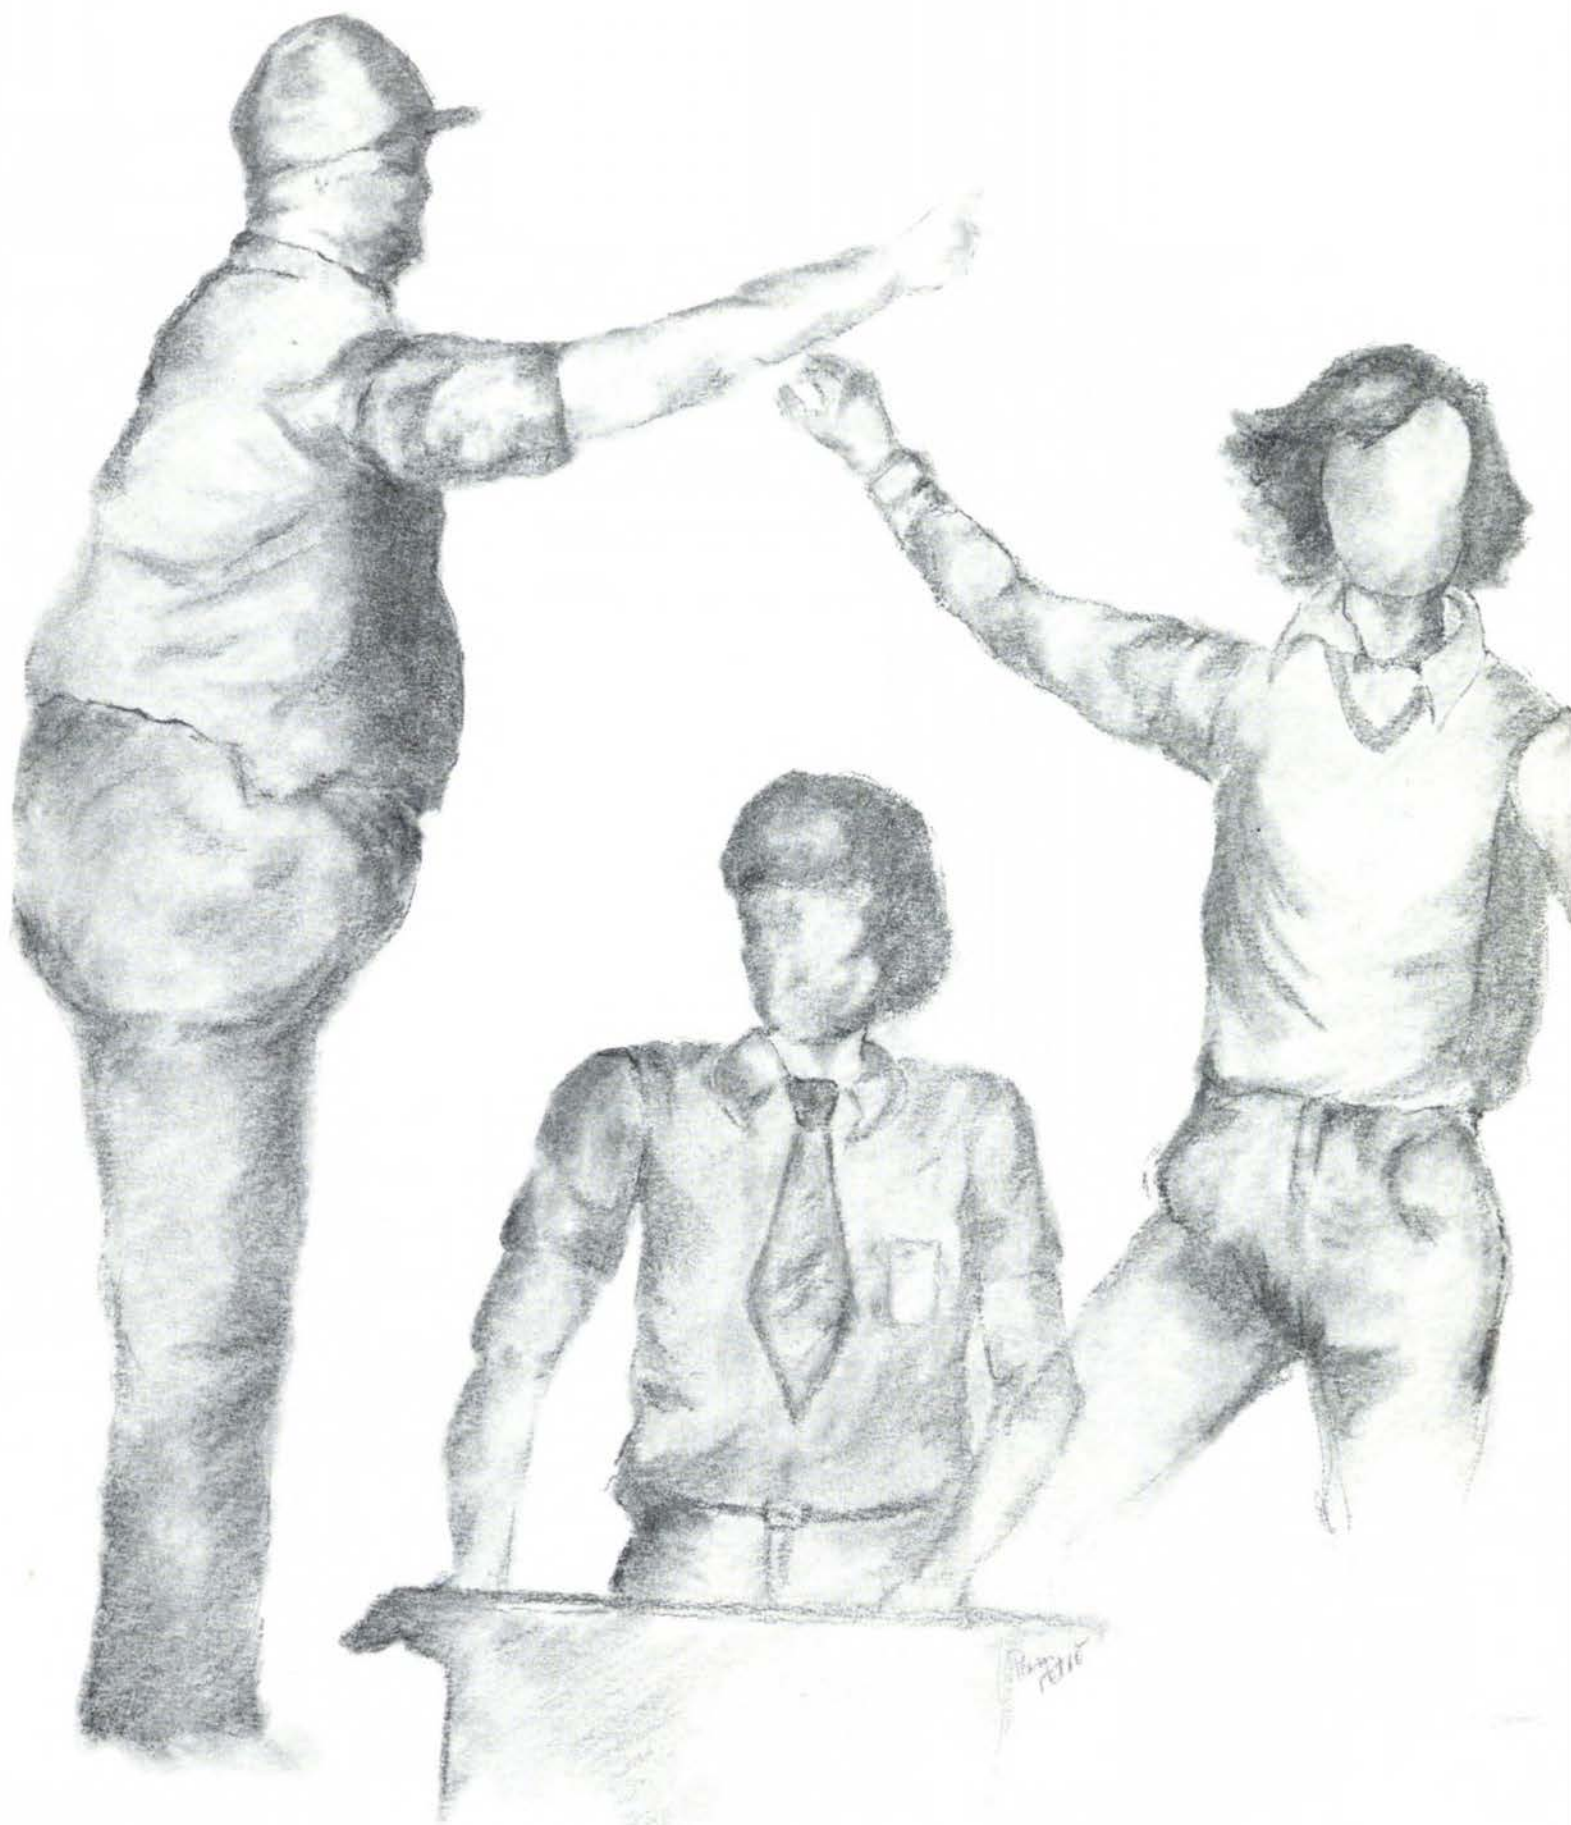

# *Dedication*

## *Kenneth Luks*

A part of Verona High School for less time than its graduating Seniors, Ken Luks has dedicated much of his time and effort to the Class of 1977. As energetic in the classroom teaching English as after school directing extra-curricular activities, he has shown his concern for the student body of Verona High School. The Senior Class of 1977 takes great pride in dedicating this yearbook to a terrific person who has done so much. — MR. KENNETH LUKS

*Principal*

To the Graduating Class of 1977:

The 1976-77 academic year has been a particularly unique experience for me personally, largely because so many of you have demonstrated considerable effort to enrich the quality of life at Verona High School. The growth of an institution depends upon human growth. You can be proud of your individual and collective attempts to make our school a better place than when you found it.

As you prepare to enter the world of work or to continue your education, remember that enthusiasm, courage, diligence and the ability to learn from your mistakes will be indispensable ingredients to your success. It is important to realize that if you cannot do great things, do small things in a great way.

I am pleased to extend my congratulations to the Class of 1977.

Sincerely,  
WILLIAM B. ATKINSON

Oh Henry !!!!

CHAIRPERSONS

Vice President: Gregg Weinglass; Treasurer: Nancy Mascera.

See my new hickey??

Mr. President . . . .

The Student Council, with the co-operation of the student body has reached many of the objectives that it set out to accomplish during this school year, 1976-77.

The Student Council obtained a smoking lounge to help alleviate the smoking problem in the bathrooms. In previous years, this proposal had been considered a dead issue, however this year's council convinced the Board to allow a smoking area on a trial basis.

Other accomplishments of the Student Council included an out-to-lunch program for seniors, during the fourth marking period, and providing the funds for a debating team for next year. The council held two successful movie features, "Tommy" and "White Line Fever". Also, the council organized and presented an assembly, *The Gong Show*, with both teachers and students demonstrating their talents. In addition, this year's council sponsored a rock concert, *Smyle*, with the help of a filmmaking club.

Greater student involvement was one of the primary goals of this year's student council. This goal was achieved through the creation of a school radio station, WVHS, staffed totally by students and through numerous school dances. Student co-operation and involvement was the key to a successful year for the VHS student council.

The V.H.S. Band, proud of being the only group that performs and competes in the fall, winter, and spring; continued its tradition of hard work and success during the '76-'77 year. The Band members could often be found on the football field, or in the auditorium, or in the music room, or selling hoagies, or . . . well, just about anywhere. Energetically led by Mr. Owens, the highlight of the year was the three-day trip to Toronto, Canada, in which the Marching, Concert, Jazz, Color Guard, and Twirler groups all participated.

## NATIONAL HONOR SOCIETY

The Verona Chapter of the National Honor Society was involved in many activities during the 1976-77 school year. Honor Society members served as hosts for various school and community functions, including Go-to-School Night and the dedication of the new gymnasium. The highlight of the year's activities came in December, with the induction of twenty-two seniors into the Honor Society and the annual Wassail Party for all VHS alumni. The members of the Honor Society became adept at raising funds through numerous bake sales and car washes. In June, the money raised was awarded, in the form of scholarships, to two members of the Senior class at the annual Senior Awards Assembly.

## FRENCH CLUB

The French Club at Verona High School consists of those students who are interested in learning more about the French culture and language. Along with their advisor, Mrs. Delia Polifroni, these students have already made one interesting and entertaining excursion this year, and have several more notable events planned.

On Tuesday, Nov. 30, members of the French Club and additional French students not in the Club, went to the Bellevue Theater in Upper Montclair to view the film "Small Change." The film, a Francois Truffaut, is a charming story of the trials and tribulations of children living in a small French community. This afforded an excellent opportunity for the students to hear spoken French, and English subtitles were provided in addition. The trip was both informative and entertaining, and everyone seemed to have a good time.

The French Club has several ambitious projects in the planning stages. The club members hope, in April, to take a trip to the Metropolitan Opera House to see the opera "Carmen". A trip to the French Embassy has also been planned. The students want to set up a meeting with French diplomats at the Embassy so as to be more informed on how the French are dealing with us politically and culturally. Then there is the annual Christmas party, where the club will taste traditional French holiday foods.

## PICKUPS AND SPLASHES

Lately, some people have been reminding me that my name has not appeared under an article for several weeks. Every word of that is true. However, I firmly agree with what F. Scott Fitzgerald once said: "Write not to say something, but write if you have something to say."

We have been speaking our piece all year, and you have failed to respond. That's right, not one single letter, comment, or even a spelling correction. Sharon and I have always been polite about the situation, but we are beginning to wonder about you folks. I guess I'll just have to assume that you loyal, red-blooded taxpayers simply do not care about where your dollars are going. What do you think about that?

If you will lick one stamp, then I will apologize for my trite title.

Chris Hartman

## The All New FAIRVIEWER

## SMOKING LOUNGE

In the area of the smoking Lounge, it was generally agreed that affirmative action should be taken against the problem of "suffocation in the lavatories." Due again to the work of the Student Council in research and preparation, the Board was confronted with statistics stating that surrounding schools, particularly Millburn, had had tremendous results in the cut-down of lavatory smoking after the establishment of a lounge or area.

Mrs. Mamchur, who objects strongly to smoking, seemed in favor of a smoking area on a trial basis, preferably the patio, which, out of the way, would not be an eyesore. Mr. Carson also seemed in favor of a trial basis.

## COE, CIE, DE

Work? at Verona High? Yes, but not only in school. Three work experience programs which may be found at the high school include Cooperative Office Education, Cooperative Industrial Education, and Distributive Education. Over five percent of the student body is enrolled in these programs.

Cooperative Education here at Verona High is intended to bridge the gap for the secondary school student between graduation and the beginning of a useful career in the business world. Under COE, type-writing, bookkeeping, and stenography skills are taught while the students are enrolled in school on a full-time basis. According to Jeanne Byrne, coordinator of COE, the program is also "an exploratory venture whereby students may be exposed to a number of employment situations as they may better choose the occupations for which they are best suited."

The Cooperative Industrial Education program aims to educate the student-trainee in the working world while attending school on a part-time basis. Students participating in this program not only receive valuable working experience but also receive credits necessary to qualify them for a high school diploma.

One of the goals set by the CIE program, according to John Moran, CIE coordinator, "is that the student will acquire those skills necessary to equip him for a full-time employment opportunity."

Joseph Pirrello is the coordinator for the Distributive Education program. According to Mr. Pirrello, "DE combines the academic discipline of marketing with a practical, developmental part-time job experience." He also stated, "most of our employers indicate a strong desire to employ DE students primarily because they have found them to be cooperative employees who can be easily trained."

Obviously school isn't the three R's anymore but in addition such programs as Cooperative Office, Cooperative Industrial, and Distributive Education help students to become more than just a student but also a responsible, mature, and competent member of the working community.

### STATE SOCCER CHAMPIONS!

When you're Number 1, you know it; and this year's soccer team showed that they knew it all. Led by Coach George Stiefbold and Co-Captains Mark Brown and Charlie McSpirtt, the booters captured the Conference, County, and State Championships; while amassing a 21-1 record, posting fifteen shutouts and gaining a Number 1 state ranking from the New Jersey Soccer Coaches Association. Even though the Varsity boasted several outstanding players, team work was the secret to bringing Coach Stiefbold his sixth State Championship and 251st win in twenty-one years as Varsity coach at Verona.

### *Your Life My Friend — Orleans*

There you are at a fork in the road  
Don't know where you're going,  
So you're just going slow  
You're afraid if you have to choose  
You win less than you lose  
Don't you know . . .  
Everybody's got to take a chance  
Everybody's got to make a stand  
You'll be choosing in the end  
'Cause this is your life my friend  
Ain't nobody can put the ropes on you  
But keeping your freedom,  
Has you tied up too  
While you sit trying to decide  
There's so many things that you  
Could have tried  
Everybody's got to take a chance  
Everybody's got make a stand  
You'll be choosing in the end  
'Cause this is your life my friend  
Something final in a closing door  
Reminds you that you're not  
So young anymore  
And you see your death presaged  
The turning of a heart  
The turning of a page . . .

## Growin' Up

Bruce Springsteen

I stood Stone-like at midnight  
suspended in my masquerade  
I combed my hair till it was just right  
and commanded the night brigade  
I was open to pain and crossed by the rain  
and I walked on a crooked crutch  
I strolled all alone through a fallout zone  
and came out with my soul untouched  
I hid in the clouded wrath of the crowd  
but when they said "Sit down," I stood up.  
Ooh . . . growin' up.  
The flag of piracy flew from my mast,  
my sails were set to wing.  
I had a jukebox graduate for first mate,  
she couldn't sail but she sure could sing,  
I pushed B-52 and bombed 'em with the blues  
with my gear set stubborn on standing  
I broke all the rules, strafed my old high school,  
never once gave thought to landing,  
I hid in the clouded warmth of the crowd  
but when they said, "Come down," I threw up,  
Ooh . . . growin' up.  
I took month-long vacations in the  
stratosphere and you know it's really hard to hold your breath,  
I swear I lost everything I ever loved or feared,  
I was the cosmic kid in full costume dress,  
Well, my feet they finally took root  
in the earth but I got me a nice little place in the stars  
And I swear I found the key to the  
universe in the engine of an old parked car  
I hid in the mother breast of the crowd  
but when they said, "Pull down," I pulled up  
Ooh . . . growin' up. Ooh . . . growin' up.
