7M BREAKABLE BONDS

CLOCKWISE FROM BELOW: 1. Julie Garszczal, Melissa DiStefano and Melinda Bojku have been inseparable throughout the years. 2. Emily Koliopoulos, Raluca Vlad, and Angela Spartalis practice their smiles for their own graduation in '95. 4. Nevin Cain and Elizabeth Gregory take time out in chemistry. 5. Leekeesha Lowrie and Sito Serrano are friends forever. 6. Erin Brennan and Karyn Datzko share a friendly hug in art class. 7. Scott Stroming, Mark Murphy, Chris Warner, and Bernardo Serra hang out in the lot after school, a common ritual practiced by these friends. 8. Tracey Toy, Abby Prommel, Dorene Zjawinski, and Naomi Wychules had a blast while touring the beautiful mountains of Spain. 9. Bob Bell and Angelos Kottas take a break from another hectic day. 10. Some things never change: this group of seniors has remained friends through the years.

TJ HEARD OF HOBBIES

CLOCKWISE: 1. Brian Peterson and Mark Wyrovsky prepare in the VHS parking lot for the upcoming hockey season. For many players, hockey becomes a year-round hobby, not just a seasonal sport. 2. Surf's up for Max Yaney, Eric Reilly, and Mark Steinman. These guys prove that surfing is not just a "California-thang." 3. "It's going to be a big one," says T.J. Onorato while concentrating on reeling in a monster fish. T.J. enjoyed his vacation to Florida because he was able to practice his fishing hobby. 4. Jeff Davidson shows what it takes to be successful drummer: concentration and practice. 5. James Skinner, Mike Magrans, and Tim Goodwin pause to enjoy the beautiful scenery on a Vermont ski trip. They all agree that it's never too cold to ski. 6. Liz Wojtal demonstrates her singing talent to Ryan Pifher and Megan Wojtal while performing the lead role in a presentation of *The Music Man*. 7. Danny Greco, Jessica Montagno, and Chris Roebuck show off their Tae Kwon Do uniforms before a session. The three white belts recently joined the martial arts class and can be counted on to keep order in VHS's halls. 8. Kelly Barrett displays her rock climbing prowess by skillfully scaling a slope. Kelly participates in such rock climbs in the many parks and reservations around Verona. 9. Melissa Spinella holds on for her dear life during a thrilling ride on water-skis. Water-skiing is one of Melissa's adventurous hobbies.

"Be what you want. Do what you do. Unusual hobbies diversify you." Kerri Small

7M USUAL TRENDS

COUNTERCLOCKWISE 1. T.J. Onorato and Tammy Heyman wear another fashion of the times. Texas have become very popular in the VHS halls. 2. Sara Gerhold and Tom Neglio are perfect examples of the hat wave that is sweeping Verona. Since hats are now allowed by the administration, both girls and boys are taking advantage of them to hide bad hair days. 3. Eric Reilly compliments Bernardo Serra on the way his bandanna accentuates his eyes. 4. Kelly Barrett's earring demonstrates a fad of the times. This year, earrings seemed to show up in some of the most unexpected places. 5. Emily Koliopoulos, Raluca Vlad, and Dorene Zjawinski get all decked out for a night on the town. 6. Keith Ferguson proudly shows off his goatee. Tom Daggs shows off his funky style.

"Style has no fixed laws; it is changed by the usage of the people, never the same for any length of time." - Seneca

WM EXPLORED FRONTIERS

COUNTERCLOCKWISE: 1. Laura Gambuzza tries to hold a perfect smile while Figment nibbles on her sunglasses. 3. Greg Marion, Brian Peterson, Lauren DiGeronimo, Sue Watkins, Suzanne Kuzsma, and Maria Trombino explore the ancient ruins of Stonehenge. This was only one of the fascinating sights they viewed in England during their Spring Break of '94. 4. James Skinner's smile complements the beautiful scenery of sunny Spain. 4. Tim Goodwin, Mike Magrans, and Steve McDermott take a leap out into the unknown. 6. Lynn Qualey seems most content in this beautiful environment. Her stay in Switzerland enabled her to broaden her horizons. 7. Maria Trombino and Kerri Small assume their normal spot in the back seat during one of their "fascination" bus tours during their trip to England last April. 8. Sarah Treffinger does her impression of Sleeping Beauty as the other members of the Model U.N. team look on. The team travelled to Boston last December to participate in the Harvard Model U.N. 9. Sharon Zaks doesn't need a license to ride this camel. She enjoyed her six-week stay in Israel during the summer of '94.

"An experience we shall always remember or an experience which, alas, we shall never forget."

-Julius Gordon

ESCAPABLE PRESSURE

CLOCKWISE 1. Katie Alworth and Lauren DiGeronimo soak up some sun at the Jersey shore during Memorial Day weekend of '94. 2. Nevin Cain drifts through his Creative Writing class. Drifting was common amongst many VHS seniors, especially towards the end of the year. 3. Leekeesha Lowrie and Tammy Heyman let off some steam before the VHS September pep rally. 4. Erin Brennan and Vanessa Almodovar impatiently await the end of the period. 5. Kerri O'Connor ponders the fate of McMurphy in Mrs. Sorkin's English IV Honors class. 6. "AARGHH!" grunts Matt Dadaian who is the perfect picture of a stressed out senior. 7. "Enough is enough!" says Swaroop Parekh. 8. Kelly Barrett struggles through another scheduling conflict. 9. Sharon Zaks, Jeff Liddle, and Chris Niedz are chilling in the lot. The lot has always been a popular hang out for seniors.

"Generally speaking anybody is more interesting doing nothing than doing anything."
-Gertrude Stein

UNLEASHED ENERGY

COUNTERCLOCKWISE: 1. Worn out from a tough week of classes and football, Joe Martino and Bryan DiRoma catch up on some lost sleep. 2. Erin Brennan wraps Kerri Schug's hair before going into the HORDE concert. Many VHS students attended the show at Waterloo Village during the summer of '94. 3. "This is the life," exclaims Valerie Tenore before she plunges in el mar. Valerie went on the school trip to Spain in April of 1994. 4. Anthony De Santis and James Skinner are bein' young, havin' fun, and drinkin' Pepsi. 5. Jeff Liddle and Tom Daggs are ready to go home after a long day at school. 6. Lynn Qualey, Matt Derella, Chris Malanga, Sarah Treffinger, and Greg Marion can't wait to see Billy Joel and Elton John together on stage at Giants Stadium. 7. Jenn Wohlrabe, Kerri O'Conner, and Suzie Kuzsma hang out "poolside" during the summer. 8. The Diner, Look-out, the movies . . . now that Matt Dadaian can drive he can't decide where to go. 9. Even a brutal snowstorm can't keep Sue Watkins and Cara Condorelli from venturing to the Pilgrim Diner for a late night snack.

IN MEMORIAM

TWO LITTLE BIRDS Dedicated to Cathy Bell (1979-1994)

Two little birds one day did meet,
Both so young, both so sweet.

Two little birds, always together,
Always flying feather to feather.

Years later the two little birds had shown
Just how much their friendship had grown.

Then one day as they did fly,
One little bird was left behind.

The other wanted to cry and cry,
But knew she had to continue to fly,
...never getting to say good-bye.

Everyone knows that the basic rule in high school is that freshmen and seniors are not supposed to mesh. Sometimes, however, a freshman entering high school has to live in the shadow of a senior sibling. Many of VHS's freshman/senior sibling pairs say they get along better now that they are in the same school. According to freshman Palie Kuzsma, "Having an older sister, I've found it to be an easier change from junior high school to high school. We do many things together, like go out with friends on weekends and hang out after school." His sister Suzie feels that, "Palie is like my best friend. He is the type of brother who actually understands me and is always there to help me out by giving me

advice or just listening." Tim Goodwin also enjoys having his sister Kerry here at the high school because, "she now understands my shenanigans." However, Tim admits to being bothered by the fact that "my friends say they want her

and were with her last night." Although many of our senior/freshman siblings get along well, Lauren DiGeronimo comments, "My sister and I get along occasionally, but not in the mornings and not when she thinks she can go out at night to the same place I am. It also doesn't help that she

smuggles my clothes out of the house and I see her with them on in school. I teach her nothing because like all the snotty little freshmen, she won't listen anyway!"

TEACHERS GET A LIFE

Have you ever wanted to tell your teacher to get a life?

Well, little did you know that many of your teachers here at VHS have some unexpected hobbies or interests that make their lives rather exciting.

Just as we students engage in our various sports, several of our faculty members enjoy athletics as well. Miss Warshaw spends a good deal of free time toning up with vigorous aerobic workouts, weight-training and biking. Miss Lanahan also keeps fit by participating in jazz step (dancing) and hiking. Mrs. Crawford's love for tennis has drawn her to the courts, particularly during the summer about three or four times a week. Max Morden enjoys tossing around his frisbee, a rather unique type of sport.

While these individuals are exercising their bodies, other teachers are struggling with more "brain straining" activities. Mrs. Solomon admits that she is a crossword puzzle freak, just as Mr. Treitler enjoys "cryptoquotes" and various types of mathematical problems.

In the area of music, there are several teachers with hidden talents. How many of you knew, for example, that Mrs. Young has been tuning up her piano skills for thirty years, or that Mrs. Engel sings regularly at weddings and christenings?

The fact that there are a couple of travelers

among our faculty may be surprising to you as well. Mrs. McGee loves to visit new places, particularly those with a lot of natural beauty. Her favorite place to visit is the English countryside. Mr. Moran has traveled to England as well, twice as a matter of fact. A rather experienced traveler, he has also visited Ireland three times and has been to forty of the fifty states. Miss Gonzalez-Roig enjoys traveling as well, preferably to warm places. She also takes pleasure in reading, a pastime we picture our teachers engaging in often. Miss Gonzalez-Roig reads both for entertainment and spiritual growth which involves the study of metaphysical and psychological type books. Mrs. Prendergast claims that she too is an avid reader.

Two of our teachers have interesting collections that have become hobbies for them. Ms. McGuiness is an antique collector, specializing in American country furniture and pottery. She has been collecting such items for twenty years and actually has her own antique shop. Ms. Onembo is a collector of various types of menus, a hobby that suits her as the cooking teacher here at VHS.

Who would have thought that the faculty members of VHS could have such exciting interests? Perhaps we should consult them about finding a hobby or two that would add some flavor to our lives!

Learning to Expect the Unexpected

What do picas, croppers, quad-packs, and lots o' pictures have in common? They can all be found in Mr. White's period 7 Journalism II class. Each student who enrolls in the class, has to have previously taken Journalism I. In this class, students learn the basic journalistic skills, such as caption writing, and layout design. This year, yearbook production began on July 6, at a yearbook camp. A small group of Journalism students traveled to Hillsborough High School where they attended workshops with other advisors and yearbook staffs. They gathered ideas and decided

on this year's theme *Expect the Unexpected*. They also met with an artist who helped to design the cover and other aspects of this year's book.

Once the year started, the staffs of *Shadows* and *The Fairviewer* were ready to begin publication production. This year, *The Fairviewer* was overseen by Executive Editor Bob Bell and Managing Editor T.J. Onorato. During the many hours spent after school to meet the December, January, February, March, and April deadlines, the staff of *Shadows* '95 learned to *Expect the Unexpected*.

Clockwise from above- Sharon Zaks and Jessica Smith, *Shadows* Editors-in-Chief (who wish to thank our honorary third editor in chief, Kelley- WeLoveU). Kelley Dippel and Katie Alworth rush to meet a deadline. Greg Marion works on a golf layout.

Jessica Smith, Angela Spartalis, Emily Kollopoulos, and Ralu Vlad work on the back pages of the yearbook. Editors Bob Bell and Sharon Zaks square off to see who can finish his or her publication first.

Bob Bell- Executive Editor of *The Fairviewer*. T.J. Onorato- Managing Editor of *The Fairviewer*.

Band Rocks the House

To the casual observer, it would appear that the Music Department underwent a "building year," due to the overwhelming number of incoming freshmen. A select group of upperclassmen, however, was able to resurrect the competition season as a result of their drive and determination.

August brought the start of the marching band season with an intense practice schedule. The Marching Maroon and White brought Moscow to VHS, as they incorporated the fiery sounds of Russian nationalists into their show. In cooperation with the Varsity Cheerleading Squad, the band brought school spirit to a new level. While no student could recite the school's Alma Mater, almost every VHS student was able to hum a few bars of "Stands Thing." The marching band was also incorporated into the Varsity Football Team's defensive strategy. In terms of competition, the band took first place laurels in all but two shows.

The marching band dedicated their season to the loving memory of their friend and fellow instrumentalist, Cathy Bell.

After months on their feet, band members were able to sit down and perform as the concert band.

From this group, a multitude of ensembles were created, including the Saxophone Quintet, Brass Choir, Brass Octet, Percussion Quintet, Woodwind Trio, and Flute Duet. These talented musicians received excellent and superior ratings at several solo and ensemble festivals.

Verona Jazz '95 received regional exposure as an elite group through opening for a professional big band and competing at several festivals. The jazz band was able to perform many genres of music, from the mellow sounds of the blues to the latin percussion of a salsa chart.

A few brave students sacrificed those extra "five minutes" of sleep to arrive at school at 7:15 for the Concert and Jazz Choirs.

All groups endured a ten hour bus ride to Toronto for the yearly trip. There, the musicians performed in competition on a national level, and came away with the highest accolades.

Mr. Tantillo liked to offer the following tongue-in-cheek advice before a competition: "If you don't win, don't bother coming home." Fortunately, Verona Music always managed to make it back.

The jazz band prepares to open for a professional band in a February concert in the VHS auditorium. The jazz band performs in the International Weekend concert. The concert band warms up before a performance. The jazz band entertains the foreign exchange students and hosts. Laying Down the Law

Contrary to popular opinion, many students actually do have a say in what goes on in Verona High School. Students in clubs that are involved in government activities participate in areas that range from organizing dances to traveling to Boston. These groups include Model U.N., Youth in Government, Student Council, and the Mock Trial team.

Students who participate in Model U.N. represent a specific country and play the role of that country in a simulated United Nations meeting. This year VHS represented Luxembourg and attended a Model U.N. weekend in Boston, Massachusetts. While in Boston, they were presented with world issues and responded with answers that best suited the opinions of their country.

The Youth in Government program at VHS consisted of fourteen seniors and simulated the actual

government of Verona. The members all played the roles of different people in Verona's government and toured the different government departments of Verona. They also sat in on a Town Council meeting and even had their own council meeting in which they touched on issues of town beautification.

Each year, the Student Council at VHS has representatives from every grade and plays a major role in organizing class projects. They raise money for classes and organize events, such as dances and spirit week.

This year, the Mock Trial team at VHS competed in the annual state-wide competition. The Mock Trial squad has a prosecution team and a defense team, which prepares to try a case and then competes against opposing high schools.

Clockwise from above: Ralu Vlad, Emily Kollopoulos, and Angela Spartalis show that the Model UN Conference is not just stuffy committee meetings. Todd Piro directs his witness, John Alati, during a Mock Trial Competition. National Honor Society inductees Stephen McDermott and Tim Goodwin relax after the ceremony. Tracey Toy, James Skinner, Lynn Qualey, and Angelos Kottas discuss Verona's sanitation problems as Youth-in-Government members. NHS president Bob Bell swears in the new National Honor Society inductees. Mark Wyrovsky, Herb Malsenbacher, and Hetal Naik grab a bite to eat after the National Honor Society inductions.

Brains Not Brawn

Academics outside the classroom remained a major focus at VHS. With everything ranging from the National Honor Society to the High School Bowl, VHS students have opportunities to participate to demonstrate their superb abilities.

During the past four years, many came to expect the unexpected from the Class of 1995. This year, the class had an impressive 33 members inducted into the National Honor Society. In order to be inducted, a student must have a grade point average of 3.85 as a junior or 3.70 as a senior. Once inducted these students must maintain a high g.p.a. as well as proper scholarly conduct. Along with their devotion to VHS, these students donated their time to raising money to many needy causes such as Unicef. The High School Bowl Team had high

hopes because of three members returning as seniors. The team was rounded out by a new scorekeeper and prepared to compete in the regional "Challenge" Tournament hosted by Suburban Cablevision TV3. After many early morning practices, the team defeated Columbia High School in the first round. The second round semi-finals were held in January, when Verona faced off against Newark Academy. Despite the fact that the team was considered the "underdogs" for the match, Verona's experience led to a close game. Newark was able to pull the victory in the last seconds of the game. Even though the team was eliminated, members still felt proud in that they proved that VHS was not just a "small, insignificant, public high school."

What Language Barrier?

?Parlez-vous espanol? If you are one of the many estudiantes at VHS that took a foreign language, you should understand at least half of this statement. In addition to taking either French or Spanish during school, some students have demonstrated their interest in foreign languages through extra-curricular activities. Some examples of such "international" activities include the French Club, the French Honor Society, the Spanish Club, and Spanish Honor Society, International Weekend.

This year's French Club continued its trend of stimulating in the Francophonie world. This was attained through a trip to the French Institute in NYC where students saw a French movie followed by a visit to a French restaurant. Scholastic achievement in francais was rewarded through induction into the French Honor Society. The Society's main event was the Bake Sale held during the International Weekend Olympics. The purpose of this activity was to raise money to be put toward a scholarship that will be awarded to a deserving graduating senior.

The Spanish Club and Spanish Hon-

or Society pooled their resources this year in their quest to be more aware of those less fortunate in the Hispanic community. The organizations gathered and distributed food to needy Hispanic families. Additionally, the groups enjoyed and appreciated Hispanic culture through a fall field trip. The trip involved a Flamenco show in Parsippany, followed by a lunch at the world-renowned Don Pepe's Restaurant on Route 46. International Weekend is an annual event that all of VHS enjoys. The weekend usually takes place during the first week of February. However, this year's event extended into the end of February due to inclement weather. The foreign students were welcomed back to Verona 3 weeks after the original weekend date to finish the planned festivities. The entire International experience consisted of a welcoming, a band concert, panel discussions, a basketball game, an Olympics, and a dance. All of these events were able to occur as a result of the generosity of several VHS families who opened up their homes to the foreign students. As usual, International Weekend-plus was a big success!

VHS Students Get In Touch With Wellness

Being recognized as one of Verona High School's most rewarding clubs, Anorev runs two significant programs: the Wellness program and the HB Whitehome transition program. According to the supervisor, Student Assistance Coordinator Sharon McGee, the Wellness program is designed to teach fourth graders about "the different pieces of wellness." These pieces include physical, intellectual, environmental, community spiritual, emotional and social wellness. The program includes lessons on personal relationships and the acceptance of people with different backgrounds.

The HB Whitehome program is devised to aid the transition of elementary school kids into the middle school. It involves discussions about making friends, raising self-esteem, and not judging people by their appearances. This program enables students to work together for the purpose of getting to know each other better.

Both programs are presented by the high school participants of Anorev, who, according to Miss McGee, "work very hard to put these successful presentations together."

For all of us high school students who need to express ourselves and our feelings every so often, Peer Leadership is the answer. This program allows students to share their emotions with their peers and to receive helpful advice from them as

well. Through their interactions with peers in this program, students are able to relieve their stress and to get to know each other better.

VHS's Adventure Club is another program that encourages self-confidence. This club is all about setting and accomplishing personal goals while still having fun. Whether you are seeking to overcome a personal fear, or are simply looking for a challenge, the Adventure Club is definitely the club to be in. Through this program, students learn all about the significance of teamwork and the elements that define a good team. These elements include communication, patience, imagination, and a strong desire to have a good time. Some of the activities and trips that the Adventure Club has been involved in are the building of Verona's first ropes course, a backpacking and camping expedition through the forests of Pennsylvania, and a canoeing experience through the rivers of the Poconos.

Though the Adventure Club boasts of some fantastic escapades, all of VHS's clubs and activities provide their own memorable experiences. A day in the life of any VHS students is truly an adventure in itself!

Clockwise from left: Jessica Montagno and Dan Greco demonstrate their taekwondo skills for the Child Development Program. Dorene Zjawinski enjoys a forkful of paella during the Spanish Club trip to Don Pepe's restaurant. Ralu Vlad assembles a Valentine Candygram for the French Club. Lynn Qualey and Eric Reilly demonstrate an incredible feat as they walk the high ropes at Verona's Ropes Course. T.J. Onorato and Devon Ercolano look really "hip" for their ANOREV sixth grade presentation.

Clockwise from above: The Spotlight Players prepare several numbers for their spring production of *Broadway Gold*. The aerobics club works up a sweat. Cast members rehearse a scene from the fall production of *The Miracle Worker*. Cara Condorelli informs VHS as to what is in store for the day.

Express Yourself!

Although the classroom atmosphere at VHS fosters much creativity, students tend to best express themselves through their involvement in clubs and activities.

The *Avant Garde* literary magazine offers VHS's talented young writers and artists a chance to creatively convey their interpretation of a particular theme. This year's theme was *Reality is the Best Fantasy of All*. As members of the Publicity Club, students with a flair for writing can also demonstrate their ability in writing for *Highlights*, a newsletter designed to keep parents informed of school issues.

While some students perfect their writing and artistic skills, others best express themselves through music. Both WVHS and the Pro-Arte Club offer the opportunity for students to share their musical interests and talents. WVHS, on the air each morning before school, exposes the diverse student body to a variety of music. The Pro-Arte Club members write and perform their own pieces to be critiqued. They also learn about the music industry itself in terms of engineering and business. Morning Announcements offer yet another means of self-expression to students. Students are challenged to demonstrate their aptitude for public

speaking.

The Cooperative Business Education class is a 15 credit class offered to juniors and seniors who want the opportunity to get a hands-on working experience in the real world. For every 100 hours that they work, they gain one credit. This year the CBE class established the first annual Type-a-thon. They also participated in the annual Christmas Toy Drive for patients at the Children's Hospital of New Jersey.

DECA, the Distributive Education Club of America, is the largest student organization in the world, and has a chapter at VHS run by Mr. Throne. Students compete statewide and nationally, answering questions, and in role playing situations concerning the marketing world. In addition to this time consuming competition, the DECA class still finds time to participate in the Jeanne Byrne Career Fair which is held annually at VHS.

The *Spotlight Players*, the school's theatrical club, put together two major productions this year. In the fall, *The Miracle Worker* came to VHS, featuring Elizabeth Wojtal and Christen Tassin in starring roles. In the spring, a cast of thousands brought the Great White Way to Verona with *Broadway Gold*, a revue of scenes and musical numbers from famous shows.

Tradition

OUR ROOTS GO DOWN DEEP.

We've grown up in Verona and the surrounding areas. We know its families, its traditions, and you know us.

You know that we've been serving your family, your parents and their parents for many years. The Prout name has been relied on since 1924 to provide compassionate assistance and efficient service at a time of great distress and anxiety. At a time when you need a friend, and afterwards as well.

YOU'VE MADE US WHAT WE ARE—a tradition in Essex County. Your family and our family go a long way back, our history together goes down deep.

YOUR FAMILY AND OUR FAMILY, We've been friends a long, long time.

Remember . . .

A dream is not enough —
unless you pursue it.

Knowing right from wrong isn't enough —
unless you are strong enough to do it.

Belonging to a group makes you feel accepted —
But if it doesn't represent your ideals then
you are better without it.

In your quest for knowledge and truth —
you must also accept responsibility to live it.

It is not enough to reach for love —
unless you care enough to give it.

Best of luck in the future. We are proud of you!

WE LOVE YOU,

MOM, DAD AND ANTHONY

Brian,

If there could be only one thing
in life for me to teach you,
I would teach you to love . . .

To respect others so that you may
find respect in yourself
To learn the value of giving,
so that if ever there comes a time
in your life that someone really
needs, you will give
To act in a manner that you would
wish to be treated, to be proud
of yourself
To laugh and smile as much as you
can, in order to help bring joy
back into this world
To have faith in others, to be
understanding . . .

To stand tall in this world and
to learn to depend on yourself
To only take from this earth those
things which you really need,
so there will be enough for others
To not depend on money or material
things for your happiness, but
To learn to appreciate the people
who love you, the simple beauty
that God gave you and to find
peace and security within
yourself

To you, my child, I hope I have
taught all of these things,
for they are love.

— Donna Dargis —

I would like to thank all of my brothers and sisters for all the great times during my high school years. Mom and Dad, thanks for all the love and support. I would also like to thank Patty and Bruce Brech. You have also given me the love and support that I have needed to get through high school.
Ed: Thank you very much for what you have done for me. Sometimes I don't know how you put up with me. I want you to know that I will love you always and forever.
Julie: Since we have become friends just recently in the past two years, we have had so much fun together. Our telephone conversations, Friendly's and Krauser's runs. Senior year out-to-lunch was the best. I'm looking forward to the rest of senior year and even after school. I wish you the best of luck in future college years.
Missy (Melissa): Double dates! Child development was a lot of fun. Bennigans and car rides with Shane. Senior out-to-lunch was the best. Thanks so much for being there when I needed you.
Kerri O': We've had so much fun! "Pump it up!"-gym class 8th period. Thanks for being there when I needed you. September of '94! The park, Friendly's, Pilgrim Diner, pool parking lot, and the mall. Brown, mall, school shopping, and our phone conversations. Good luck in college and don't worry, we'll still be friends!

IT WAS A RELIGIOUS EXPERIENCE!!!

I've got a bike — you can ride it if you like — it's got a basket, a bell that rings, and things to make it look good — I'd give it to you if I could — but I borrowed it. I'll give you anything, everything if you want things. I've got a cloak, it's a bit of a joke - it's got a tear up the front, it's red and black, I've had it for months — if you think it could look good than I guess it should. I know a mouse and he hasn't got a house. I don't know why I call him Gerald — he's getting rather old but he's a good mouse.-Pink Floyd

This bridge will only take you
halfway there
To those mysterious lands you
long to see:
Through gypsy camps and swirling
Arab fairs
And moonlit woods where
unicorns run free.
So come and walk awhile with me
and share
The twisting trails and wondrous
worlds I've known.
But this bridge will only take you
halfway there-
The last few steps you'll have to
take alone.

Shel Silverstein

Goodbye and Good Luck to all of our
friends, teachers, and classmates. Thanks
for everything.
