Forever! FRIENDS

(Opposite page) Counterclockwise from bottom right: Sarah Zabriskie & Eryana Sunarso spend time together after an awards ceremony. Lauren Steberger, Marissa Antolino & Lauren Ercolano are all smiles on the Boardwalk. Nick Catena & Paolo Grefal are once again out of class, talking at their lockers. Dave Conlan, Palle Kuzma, Todd Neale & Levy Lorenzo take time away from their vacation for a picture. Senior year has brought Nick DeMaio and Sue Gaccione closer than ever.

Clockwise from top right: Seth Blender & Tim Drappl hang in the lot after school. Matt Spencer & Amanda Dolahan spend time together at Matt's house. Kristin Symons & Kerry Goodwin cuddle close on vacation. Andrew Baker and Matt Kloss have been good friends throughout high school. Laurie Bush, Sharon Gansevere & Dave Lubanski smile on the band trip bus. Erin Sheridan & Kathy Cirello show their school spirit.

HOBBIES

Keeping ourselves busy

Clockwise from above: Martin Francesco takes a break in between runs on his dirt bike, Janine Miska stars as Joanne in a production of *Godspell* at Seton Hall Prep. Beautiful music resonates through Carnegie Hall as Kathy Cirello gives another spectacular piano recital. Dana DePalo prepares for an exciting show with the Red Dogs Cheerleading Squad. In a summer production of *Oliver*, Sara Spektor brightens the stage with an amazing vocal performance. At a back-to-school gig, Brian Ferrel, Dave Lubanski, and Tim Egan jam together as Andy's Moonshine Band. Laurie Bush saddles up at Garret Mountain Riding Stables on her horse, King Arthur. Expert belayer, Laura Crudele exhibits her talent on an Adventure Club outing.

MEMORIES

of the way we were

When we were little we woke up early to Pee Wee's Playhouse, now we go to bed late with Jerry Seinfeld. When we were children we put on L.A. Gear and Osh Kosh, now we are sporting Adidas and Tommy Hilfiger. When we were small we relaxed during afternoon kickball, now we are stressing over everyday practice. When we were younger we danced to New Kids on the Block, now we are listening to Dave Mathews. Back then we slept out, today we sneak out. A few years back we ran away from the opposite sex, now we run to the opposite sex. In past years we had Reading Rainbow, now we're reading Hamlet and Macbeth. Back in time we cruised down the driveway on big wheels, now we cruise down the highway in real wheels. When we were growing up we went to bed at dusk, now we come home at dawn. When we were little we looked forward to being in high school, now high school is just another treasured memory.

Left side page: Sonja Schwartz and Andrea DeLisi. Right Page Row One: Dave Conlan and Nick Serpico. Gayle Bornstein, Quinn Walsh, Laura Crudele and Sara Spektor. Row Two: Amanda Chechetto, Lauren Ercolano and Kate Myers. Anthony Nigro, Peter Romanyshyn and Justin Fiory. Row Three: Phil Zaks and Ryan Bush. Jill DiGeronimo and Kristine Hill. Row Four: Janine Miscia and Whitney Buckholz. Josh Hunnex, Jim Aldworth and Tim Egan.

TRAVEL

a little time for

Counterclockwise from above: Andrea DeLisi and Quinn Walsh take a break from white water rafting on Outward Bound. Rachel Jacobs rappels off a mountain in Israel. Dave Ramos poses in front of the Eiffel Tower. Melissa Carsillo and Jaime Errico catch some rays at the Jersey Shore. Jeff Bennett, Owen McEnroe, Tim Egan and Matt Spencer take a rest after hiking on the Appalachian Mountains. Seth Blender and Megan McAleer spend some time in front of the Notre Dame Cathedral. Mimi Leznicki enjoys a beautiful afternoon on a gondola in Venice. Janie Banghart makes a new friend on a Mexican beach. Carolyn Scully, Lauren Ficolano, Elizabeth Ward and Kerry Goodyen enjoy a moment in the mountains of Kentucky. Phil Zaks poses in view of the breathtaking scenery of Israel.

The thing I like most about my senior year is the work study program because I am able to leave school at 12 p.m. The worst thing is that first period now begins at 8 a.m. I am late every day. Melissa Matthews

Since my freshman year I have been waiting to go out to lunch with my friends. That is definitely the best part. The worst part of senior year is knowing that it is my last. Anthony Ramirez

Last year I envied all of my friends because they got their licenses and drove to school. This year it is my turn. I am least looking forward to leaving my friends after graduation. Marissa DeLuca

Clockwise from above: Amanda Checchetto and Erin Sheridan work studiously on their dreaded college applications. Jeff Borja asserts his seniority by shoving a freshman into his locker. Jessica Smith waves goodbye to her days of walking home from school. A swarm of senior guys rush to their cars after early dismissal. Michael Lutz, Seth Blender, Nick Serpico, Chris Siegel, Gary Venner and Tommy Kikos take advantage of their senior out-to-lunch privilege at BK. Senioritis strikes Steve Niewiadomski as he catches a quick nap in the library.

a day in the LIFE

MORNING For seniors the morning always comes too quickly. The buzzing of the alarm interrupts Whitney Buckholz's sound sleep. Josh Hunnex brushes his teeth before rushing out the door. And no matter how late they are, Rachel Jacobs and Carolyn Scully always make time for a quick stop at Dunkin' Donuts before school.

SCHOOL Levy Lorenzo clowns around with the model ear in an attempt to relieve some of his boredom. Joe Benyo, however, intently listens to his English lecture. Lauren Steberger and Sarah Federico light up their day with a little fire in Chemistry. But the day has not ended yet.

AFTER SCHOOL Jill DiGeronimo, Kristin Symons and Quinn Walsh have some fun while making money at Terry's. Todd Neale practices his sax in preparation for the big band competition. Kalpesh Parekh takes the lead at the cross-country meet.

NIGHT OUT But for some seniors, life just begins at the end of the day. Dana DePalo, Nicole Carollo, Andrea Molina and Marissa DeLuca get ready for a night out at Club Expo. Palie Kuzsma aims for the side pocket while playing pool. Vicki Saxon and Sharon Sansevere end the night at the Pilgrim Diner.

S E N I O R S

BIG FISH IN A LITTLE POND

And who will walk a mile with me
Along life's weary way?

A friend whose heart has eyes to see
The stars shine out o'er the darkening lea,
And the quiet rest at the end o' the day,-
A friend who knows, and dares to say,
The brave, sweet words that cheer the way
Where he walks a mile with me.

With such a comrade, such a friend,
I fain would walk till journey's end,
Through summer sunshine, winter rain,
And then?- Farewell, we shall meet again!

Elementary School Years

Counter-clockwise from above: Quinn Walsh and Marissa Antolino play with their favorite CareBears and Barbie Corvette. Jill DiGeronimo takes a peek through the tire swing while playing on the playground. Vicki Saxon, Laura Crudele, Sara Spektor, and Kristine Hill grab a bench after walking the streets of Philadelphia on a school trip. Matt Kloss and Brian Ferrel stop to say "cheese" while erasing the blackboard. Janine Miscia and Adam Gerenstein pose in front of the Statue of Liberty. Doug Peeler and Sarah Zabriskie get ready for their Halloween Parade. Todd Neale giggles at Tim Egan's funny joke.

Clockwise from above: Marissa DeLuca, Lisa Ritacco, and Emily Potts dance the night away at their 8th grade semi-formal. Amanda Dolahan and Melissa Carsillo spend their summer days and nights hanging out together. Jessica Smith and Joe Benyo stick out their red and blue tongues after sipping 7-Eleven slurpies. Sharon Sansevere and Jim Aldworth get close on their bus ride to Virginia Beach. Steve Niewiadomski, Chris Siegel, and Justin Fiory show their enthusiasm at the school dance. Gary Venner, Nick Serpico, Ryan Bush, Justin Baker, and Anthony Nigro have always been camera shy. Amanda Checchetto, Kristin Symons, Jill DiGeronimo, Kathy Cirello, and Erin Sheridan smile pretty before the Junior Prom.

Halloween

Clockwise from above: Anthony "Elvis" Nigro returns from the grave to entertain the student body. Matt Spencer decorates the halls of VHS. Bonnie and Clyde (Sara Spektor and Andrew Baker) devise strategies in preparation for their next robbery. Mr. Luks stands by his favorite entertainers, The Blues Brothers (Anthony DeVizio and Tom Hayes). Mother Superior Serpico leads Sister Verner and Sister Blender in prayer.

Counterclockwise from above: Nicole Carollo, Marissa DeLuca, and Megan McAleer are ready to get down at the disco. Peter Romanyshyn talks things over with his "girls" (Tommy Kikos, Jim Aldworth, Chris Siegel, Tim Drappi). Sarah Federico, Melissa Carsillo, and Jennifer Amadeo compare their costumes. The stress of senior year has caused Krissy Hill and Sue Gaccione to age quickly. Kate Myers and Jen Cecire put on their scary faces for Halloween.

Teachers and parents dread the arrival of the first symptoms of senioritis. During their senior year, the students' overall stresses seem to decrease as they anticipate the year to come. They tend to think not of homework and studying, but instead, of finding novel ways to relax and blow off some steam. Seniors often feel they have worked hard enough during their prior high school years and deserve some time to show their true colors and have a little fun. Although some students seem to have caught senioritis during their freshman year, VHS teachers are happy that for the most part this class has just recently become lax in their studies.

Clockwise: Elizabeth Ward is awaiting her breakfast when Kerry Goodwin's appetite takes over. The skeleton puts the moves on Danielle Pucciarello in science class. Jamie Errico questions why VHS students always insist on breaking the rules. Seth Blender makes a new friend in his backyard. Justin Baker, Matt Spencer, Owen McEnroe and Michael Passage test to see whether class is more interesting in 3-D. Sarah Federico, Marissa Antolino, Dave Lubanski, Andrea DeLisi, Lauren Steberger, Tommy Kikos and Tim Egan take a break from the rigors of Mr. Veitch's chemistry class. Nicole Carollo does her best impersonation of Cousin It.

Sophomores are stuck in the middle because...

you can't drive, but you're too
cool to walk.

you sit the bench on varsity, but
you are too good for the
freshmen team.

you don't have to take history,
but everyone does anyway.

you must pass the most
important test- the driver's ed.
written test, but you still have to
wait a year to get your license.

you have to take the HSPT's but
they don't even count.

you get a class ring, but it only
reminds you that you have two
more years to go.

You know you are freshman when...

you walk into someone's belt buckle.

you can't find the swimming pool.

you know everybody, but nobody knows you.

you realize that you cannot retake a test.

you learn to understand that notes from your mom will not excuse you from doing homework.

you are afraid to go into the bathroom.

you do not have recess at lunch

you are the little fish in a big pond.

Girls' Soccer Season Plagued by Injuries

This year's girls' soccer team's most distinguishing feature was the unfortunate plague of injuries. Although the absence of many talented players affected the team's performance and was a bit of a disappointment, the frequent injuries became a source of humor for the girls. They learned to expect not to survive an entire game without losing a player and were not surprised when there was no one left on the bench to substitute into the game.

The injuries started in August when Kerry Goodwin sprained her ankle badly during the final summer league soccer game, preventing her from playing a full game for most of the season. Mandy Shafer had to sit a couple of games due to a quadricep injury. Four minutes after she returned she was run into by an opposing team's player which resulted in her breaking her nose. Both Clare Benyo and Mindy Rossi faced knee injuries. Mindy Rossi's injury, however, led to surgery. Katie Treffinger was tripped during a game which triggered a recurring back problem. Erica Toth was forced to endure ankle problems throughout the season. Andrea DeLisi had to take a break from executing her goal kicks after she hurt her hamstring. Knocked down by the ball, Jamie Peterson was left momentarily unconscious and suffered a slight concussion. Shannon McCarthy suffered perhaps the most unusual soccer injury when she had to have a pebble surgically removed from her knee. The team faced its biggest upset when the team's irreplaceable goalie, Amanda Potts, bruised her quadricep. Senior Captain Marissa Antolino was fortunate enough to last the entire season injury-free and provided the needed source of stability for the team. Evidently, football is not the only full contact sport.

Girls' Tennis Team Adjusts to New Coaches

Over the last four years, the senior members of the 1997 Girls Tennis Team have learned to adjust to many new situations. Not only did each season bring an opportunity to surpass the successes of the previous year, but each year, the girls also welcomed a new coach. A coach may be considered the backbone of the team; one who is there for support and guidance during both the good times and the bad. Having to adjust each year is difficult, not only for the team member, but also for the coach.

The seniors began playing tennis at VHS under the leadership of Mr. Joe Sabaday, but he decided to retire after having dedicated four years to the team. Mr. Sabaday was replaced the following year by Amy Tortorella, who spent one year with the team but was unable to return due to another job offer. Mr. Jorge Valcarcel also put a year of hard work into the team, but he too decided to leave.

It appears, however, that this year's team finally met their match. Coach Stephen Ruggiero, the squad's fourth coach in four years, brought a sense of stability to the team. Though the senior members of the team will not be able to enjoy future seasons with Coach Ruggiero, they leave VHS with the knowledge that the upcoming tennis seasons are in good hands.

Successful Football Season Capped by Thanksgiving Trophy

For the past several years, Verona High School has been "pretty good" and "the best 4-5 team in the league." This season, the Hillbillies set out to change that. With the opening game to Immaculate slipping through their hands, they were able to bounce back to beat a Mountain Lakes team that went on to the state finals. With an emotional overtime win over an impressive Bayley Ellard team, Verona looked like they were on a one-way road to the playoffs. Two seven-point losses then turned the tables, and it was do or die. The Hillbillies' experience then shone through, as they tore up Pingry and Chatham in the next two weeks. With the difficulty of their schedule, Verona's 4-4 record at the playoff cutoff date left them just one power point short of making the states. Despite that disappointment, the Hillbillies still had one big one left. Although it was pushed back to the Saturday after, the Verona-Cedar Grove Thanksgiving rivalry was as heated as ever. Verona dominated the field in a 7-0 victory over the Panthers, handing them their first shutout in several seasons. The win also pushed the Hillbillies to a winning season and brought the Thanksgiving trophy back to Verona for the first time in six years.

Cheerleaders Bring Z100 to VHS

In addition to all the hard work they always put in to support their teams, this year's VHS Cheerleaders orchestrated some special events, including a *Grease* parody pep rally, and a visit to VHS from radio station Z100. The station's popular Lucas and Scottie B. arrived at Verona High School in the Z100 Red Hummer. The highlight of their visit was when they got the entire student body to cheer for their classmates who were chosen to participate in a game of musical chairs. Each grade had two students, both a girl and a boy, to represent their class in the race for a seat when the music stopped. Although Freshman Larry Velardi put up a good fight in the final round, Senior Tommy Kikos captured the victory, exemplifying the seniors' superiority. Z100 recorded the students' cheers as they enthusiastically supported the cheerleaders who were performing their dance and cheers, and VHS was aired later that evening on the radio. The pep rally ended with Lucas and Scottie B. showing their approval of the cheerleaders' efforts by distributing free Z100 T-shirts, CDs, and stickers.

Hillbillies Enjoy Successful Season; Capture Conference Title

The varsity boys basketball team, coached by Pat Brunner and Rob Romanyshyn, had a marvelous season. After a rocky start, the team rattled off a string of seven straight victories.

Justin Fiory proved that he was the team's go-to guy by hitting game winning shots against Bernards and Chatham, and leading the team in scoring. Nick Serpico, who led the team in rebounding and blocked shots, was a force on both the offensive and defensive ends of the floor.

Peter Romanyshyn and David Conlan were a solid one-two punch to complement Fiory and Serpico, while Joe Benyo orchestrated the offense from the point. Mike Passero and Rodger O'Callaghan, the only two underclassmen who saw significant playing time, emerged as important role players as the season wore on.

The team had impressive victories over Chatham and Bloomfield Tech and their overtime victory at Science clinched Verona's first Conference Championship since 1985. The team's 12-4 record at the state cutoff date secured Verona as the second seed in the state tournament.

In the state playoffs the Hillbillies were impressive in the first round, beating Science for the third time this season. Their season ended in the second round in a loss at home to Roselle Park.

Girls Attribute Success to Coach Hemsley

After losing six seniors and a coach, the Verona Girls' Basketball team's future was not looking too bright. "I didn't know what to expect this season. Of the kids that were left, barely any of us had much varsity experience and all of a sudden it was us that became the Varsity team," commented Amanda Potts. As soon as coach Hemsley came, however, the potential for success suddenly became apparent to the girls. "She believed in us, and she always knew what we had inside," said Beth Noble, "she pushed us to give 100% of ourselves all the time, and that's what we did...everyday." Miss Hemsley drove the team to more and be better than they ever thought possible. It was her motivation this season that kept the team going and forced them to be the best that they could be.

SUCCESS

"To laugh often and much: to win the respect of intelligent people and the affection of children: to earn the appreciation of honest critics and endure the betrayal of false friends: to appreciate beauty: to find the best in others: to leave the world a bit better whether by a healthy child, a garden patch, or a redeemed social condition: to know even one life has breathed easier because you have lived. This is to have succeeded."

"The path of life has many crossroads, and at each one it's difficult to say good-bye and go our own separate ways, choosing the direction that is right for each of us. But the memory of being together will always remain, and there is always the chance that our paths will cross again. I'll miss you, my dear friend, and I know we will meet again. Your confident but unpredictable attitude towards life is always something I have admired. Thanks for being such a wonderful best friend and an awesome person - NEVER change! **Carolyn:** Thinking back to our '93 ND trip, I remember all the times that we have shared. Not only have you given me so many memories, your strength and genuine attitude have inspired me in many ways. All I have to do is hear your laughter and I'm reminded that the most important thing in life is to enjoy it. No one could ever ask for a more true best friend. **Kerry V:** Always remember the times we shared, especially Spring Lake, Susan Murphy's, sneaking our food onto the beach, Bay Head, lying about our ages, Hilton Head (sorry I got sick!), HOBY, our first lego fight, our career aspirations, #13, and MANY more...I always wanted a twin sister growing up and no one could have ever come as close to being one than you. No matter what happens, nothing can erase the memories we've made - not even time. I know I can always be myself when I'm with you and I hope you feel the same way. Love you like a sister! **Joe, Pete, Justin, Jim, Steve, and Kikos:** You guys can always make me laugh and have showed me how to make the best of any situation. I love you guys! **John:** We've shared many fun times that I'll always remember. You & Kerry better come visit next year so you can see who goes to the better school - jk! **Peg:** Few can have the privilege of having a sister like you. You have achieved so much in such a short time that you are someone who I look up to in so many ways. Thanks for everything you've given to me. Good luck in the "real world" next year. I Love You. **Mom and Dad:** Thank you for your constant love and support. I do not even want to begin to think what I would do without it. You've made me who I am today. Even though I'll be away next year, I'll always know where my home is: I'll miss you and will always love you. To all of my friends mentioned or not: I'd never thought our high school days would come to an end, but thanks to you guys, I've had the time of my life. You've all taught me how to live and each of you will always have a place in my heart. I love you all! "And when the morning came I had to go but I didn't want to say goodbye. As I leave this place behind me there's a smile on my face..." and a tear in my eye.

Carolyn- "I get by with a little help from my friends." We have always had this bond, a connection, that nothing could break and no one could fill. You are the best friend I could ever ask for. Our friendship has and always will mean so much to me. All our countless memories will stay close to my heart forever. I love you. **Matty:** Thinking back a year ago, I didn't know how lucky I was when I met you. Now I realize that not only did that day give me the best boyfriend in the world, but I got a best friend too. Having you in my life for this year has meant so much to me. We have shared and experienced so much together. Our countless, unforgettable memories will be something I will cherish forever. I love you. **Jamie:** We've been the closest of friends since elementary school, and have remained close through the years. You are the one person who always knows how to have a good time, and I'm glad we've shared countless great times together. These memories will never be forgotten. I love you. **Owen & Matty:** This year, I feel our friendship has really flourished. I'm so glad I've gotten a chance to have you as a part of my life because you both have given me so many memories. The times we've had together will always be remembered. I love you both. **Laura, Vicki, Katie, Brian, & Adam:** We've had so many great times together and I know they wouldn't have been so meaningful without each of you there sharing them with me. For some of you, our memories are more in the past, but they still mean as much to me now as they did then. The others have been a more recent part of my life, but mean a great deal to me too. I love you all. Once again, thank you all for being a part of my life, I'll never forget you all. I think the Golden Girls theme song said it best when they said, "Thank you for being a friend. Travel down the road and ask again. Your heart is true, you're a pal and a confidant. And if you threw a party, inviting everyone you knew. You would see the biggest gift would be from me, and the card attached would say - Thank you for being a friend!"

Matty: Mom, Dad, and Christina- thanks for always being there for me, you mean the world to me. **Adam:** Many long nights hanging out, great shows, and good times in A.C. **Owen:** My fellow Maintenance Man, many great nights hanging out and memories in A.C. Never forget the Mass. trip. Take it easy, buddy. **Brian:** We've been good friends since sixth grade. I'll never forget all the great times and memories we had. **Katie and Mimi:** Girltalk was fun and...interesting. Thanks for all the rides, Katie. **Laura and Vicki:** Many good times in the A.C., Laura, and in Spanish, Vicki. Prom Weekend was great. **Jamie:** had a great time at all those shows we went to. **Amanda:** Lots of wonderful memories since freshman year in Mrs. Engel's class and at the VCP. **Staci and Marisa:** Great times at Marisa's house, the Phish show and in A.C. **Jeff:** You have always been a good friend. I'll never forget all the great trips we went on, especially Mass. To all of you I'd like to say thanks for everything, and "Fare you well, fare you well, I love you more than words can tell"- Hunter.

Mimi: First I'd like to thank my parents for always being there for me and for putting up with me during the past few years and Marie for being more than just "my little sister". I love you more than you could ever imagine. Through the years many people have passed through my life helping me become who I am today. Although many of these relationships have faded, a few have endured the test of time and will never be forgotten. To my best friends: Katie- you're honestly the best friend anyone can have and I've been lucky to have you. Thank you for always being there for me. I love you and I'll never forget you. Laura and Vicki- from our early morning gatherings to our late nights, our friendship has grown into something words cannot describe. You guys are my best friends and without you my life would be so much less. I love you and I'll always treasure the times we've spent together. Amanda- where to begin?...oh yeah!... nuns. The times we've shared are innumerable and will stay with me forever. You're pretty hot and that's why I sweat you. Brian- your friendship means a lot to me and I hope that we'll stay together in touch. I'll never forget the starlit cemetery, English, Fridays with the little kids and countless other times and I love neither do you. I'd also like to send my love to Owen for always making me laugh, Matty for girltalk, Jamie and Brian for always knowing how to have fun, Katie Brono for talking. Jeff Bennett for all the fun times, Marissa for her crossword talent, Quinn, Elvis, Staci for her partitive favor, the VCP crew, Kerry for being an honest role model and anyone else who has contributed to my high school years. Vicki: we've known each other ever since we were small, and if you asked me then I never would have guessed we'd become as good of friends as we are now. I can't describe how reluctant I am that we have found each other, and grown as close as we have. Mimi: it's funny how you could know someone for so long, and not truly come to find them as a friend until a while afterwards. Never forget all of the things we've done together. You've been there for me when I needed you most. You're a great friend no one could ever replace. Mimi and Vicki: We've had countless moments and memories together which I will treasure forever. I won't truly know the pain of loss until we are due to part. My love for both of you will never fade. **Jeff:** I can't put in words what we've experienced together. You'll always have a special place in my heart. **Erin:** You were there for me from the beginning, and you are someone I will never forget and always love. **NINJAS NEVER DIE!** Jordan: I see it in your eyes. St. Ex.

Katie Brono: Well, I don't know. Can't believe it's over. It's been long and fun... but, it really had to end. Summer '96, '97, and to come, '98- don't even know about it. Jamie's gigs were always much fun. That weekend down the shore, out to lunch, as a Junior. Nice to see you - always a pleasure, your mom, meow, 4.20, to my out of school friends, especially Annie & Kyra- you know I sweat you guys. It seems like high school's been so long- but it's so hard to remember it. Sitting down and contemplating the past- all I can think is it's a big blur. A good one, though. We've all had lots of fun- n many activities were done. I'm almost sad to leave. We're going to have to grow up sometime.

Owen: The people who made high school worth attending and every weekend, a celebration - **Matt:** Thanks for turning every weekend into a circus act. You are one of the few to ever laugh at my humor. - Great times hiking and I hope to keep it up with you. **Adam:** Great 4 years. Matt and I thank you for driving us around. "We saw THE WHO!" **Katie:** Don't ever forget Chem-com, cause that's where it all started. It's been an "upward spiral" ever since. You never cease to crack me up. **Amanda:** My little punk rock friend, I thank you (and Katie) for all the abuse in Chem-com. I won't forget the songs. **Mimi:** Thanks for always being the only one to ever understand and listen enthusiastically to my stories.

Jamie: Thanks for showing us all how to have fun. You were the one with all the ideas. **Laura:** Thanks for being so sarcastic all the time. I had fun joking with you and I hope to keep hiking with you. **Katie B.:** Don't ever stop being a cat. **Vicki:** Thanks for switching into my art class and showing me how to draw myself. **Brian:** Thanks for being such a joker all the time. Good luck to everyone in what you do. "The adventure would have been impossible without you."

Vicki: "Through all kinds of weather, what if the sky should fall; just as long as we're together, it doesn't matter at all." (Judy B.) To all of my friends: I know that with you in my life, I can accomplish anything. **Mimi & Laura:** Until I met you two, I was always a firm believer in the cliché that states, "Two's company but three's a crowd." Never could I imagine the amount of laughter, fun, and joy that two individuals could bring me. Without you, my life would not be nearly as happy and fulfilling as it is now. You guys have stayed by my side, through all kinds of weather, and have proved (over and over again) that every cloud has a silver lining. You two are the best friends a person could ever ask for and I will always treasure our friendship. Just remember, you can "Come and knock on my door, I'll be waiting for you... do-do-do, do-do-do, doo... Three's company too!" **Kris:** You've not only been my very best friend for ten years, you've been my friend in my life, & I thank you for being a part of my family. I love you & have faith that neither time nor distance with cripple our friendship. **Passage:** Thanks for being there whenever I needed a shoulder to cry on or a swift kick in the a--.

You've always been there for me & I can't thank you enough for your support. I love you. **To the Crew (Owen, Matty, Katie, Jamie, Amanda, Katie B., Brian, & Adam)** You are the best bunch of friends a person could ask for. I could write paragraphs about each & every one of you but, unfortunately, we don't have the space. I can count on all of you to always show me a good time & to make me laugh harder than I ever have before. You are all incredibly special people & I love you all. **James, Quinn, Sharon, Marissa & Brian F.:** Thanks for always being there. I love you guys. **Mr. White:** Thank you for opening my eyes & teaching me how to be a better writer and a better person. **My Family (Mom, Dad, Sue, Mike & Happy - Dog)** You guys have made me who I am & if I must say so, you didn't do a half bad job. Thanks for all the love, support & money. I love you all.

Amanda: "We're going to get to that place where we really want to go and we'll walk in the sun." -B. Springsteen. **Katie M.:** "Yesterday brought the beginning, tomorrow brings the end, but somewhere in the middle, we've become the best of friends." I can't sum up all of our memories, there are just too many. But the best memory of all is our lasting friendship. I love you guys. **Mimi:** One word-Dittrani. One more-nun. 'nough said, Bellotti (deaf people), stay cool, I don't like you much anymore... I love ya. **Andy Pop:** Thanks for always making me smile, "I'm a little teapot", (me/Kyra) love ya. **Matt:** I'll never forget you. You mean a lot to me. Thanks for making me less of a Mark Jobber. Love always. Everyone else- I love you guys. Thanks for everything. I'll never forget each and everyone of you. "So we are on this journey of life whether we want to be or not."

Are you going to walk nonchalantly along missing all the sights, or will you join me and press as hard as you can?

Will you join me and race toward the light instead of lingering in the darkness? Are you ready? Are you willing?

Come on. Here we go. Take my hand. Jump..."
