ACTOR'S GUILD...

SPOTLIGHT PLAYERS

This year's Spotlight Players performed three successful productions. The Importance of Being Earnest and Leader of the Pack were student directed by Andrea Krushefski and Jenna Tamburello respectively. The spring musical, On the Town, proved to be a huge success bringing in an audience of hundreds with the addition of a Saturday matinee. More than 70 students were involved in either the cast, crew, pit, or design team. The ongoing rehearsals and crew calls paid off in a fun-filled performance, the annual pilgrimage to Six Brothers' Diner, and the best cast party the Spotlight Players has ever seen. But the players were not finished. This year, the team housed the first "One Act Night" with numerous performances of student directed oneact plays. Two of these plays proceeded on to the annual Bucks' County competition where they scored very well with the judges and the audience.

The Spotlight Payers wish to extend a heartfelt thank you to Mr. Maurice Moran, who is retiring at the end of this school year. Mr. Moran, who directed. produced and served as drama adviser for nearly 30 years, (and who is pictured at left "back in the day") touched the lives of many aspiring actors and actresses at VHS. He will be greatly missed and we wish him the best of luck in his retirement.

You know you're are a part of the 2007 tennis team when...

- your captain tells you to get into her car but drives away when you're about to get in
- your coach has to text you every day to stay sane
- you always clear your throat when you see Rachel Yeager
- the only freshman you can pick on is short story [Paige Zebrowski]
- you can always go to the twins for something to eat
- you have Zoe Kroessler and Brittany Wolfson always cheering for you during your matches
- you're always yelling at Ashley Conroy to say "I'M PUMPED"
- -you know that Tess Langan takes so long during her matches because she's too busy befriending her opponent
- you can mock Monica Leung by running like a bird
- -you play truth or R-truth on bus rides

On the day you took those first tentative steps into kindergarten, you had the whole world before you. You were ready to learn, make friends, and have fun. High school seemed light years away.

hirteen years later, you stand on the edge of adulthood. And, as you gather together one last time, you again have the whole world before you. Whether you are continuing on in academics or performing arts, joining the military, or going straight into the business world, we hope you enjoy and reap the benefits of every new lesson, new friendship, and each new experience.

I hope the days come easy and the moments pass slow,
And each road leads where you want it to go,
And if you're faced with a choice, and you have to choose,
I hope you choose the one that means the most to you.
And if one door opens to another one closed,
I hope you keep on walkin' til you find the window,
If it's cold outside, show the world the warmth of your smile,...

...I hope you never look back, but ya never forget
All the ones who love you, in the place that you left,
I hope you always forgive, and you never regret,
And you help somebody every chance you get,
Oh, and find God's grace in every mistake,
And you always give more than you take.

But more than anything, yeah, more than anything,
My wish, for you, is that this life becomes all that you want it to,
Your dreams stay big, and your worries stay small,
You never need to carry more than you can hold,
And while you're out there gettin' where you're gettin' to,
I hope you know somebody loves you, and wants the same thing's t

The world would like to change you: There are pressures all around. You must decide just who you are, Then firmly hold your ground. You have an image of yourself, An ideal sense of you; And to this vision you must always Struggle to be true. You know what you are good at, And you know where talents lie; But if you're ruled by others, Your uniqueness could pass by. Remember, there is much to learn: But all new things aren't good. Wisdom lies in what you've learned And what you have withstood. So be yourself and don't allow The world to take control. Preserving your identity Is life's most precious goal. B. Wilmer

We should consider every day lost in which we have not danced at least once.

Graduation is a pinnacle of a longtime dream. Not an end unto itself, but a starting point is seems.

Your life will be different with many things new. Develop your visions and dreams to pursue.

Reach high for the stars; be true to your soul.

Use your talents and ambitions to reach every goal.

Friends will travel on paths and go separate ways, But the memories you share will last for all days.

Don't choose paths to follow, but rather leave trails Where others may walk, not afraid should they fail.

Be mindful of trails made, for all steps will show The pathways you choose, like footprints snow.

You know the power of change and how it is tough To sometimes keep fighting with fortitude enough.

To fail and make mistakes is surely no sin. The loser will fall and not get up again.

You've never been a quitter; Taekwondo has taught you that, Followed by softball trials, you kept spirit and got up at bat.

Today will never come again and yesterday is through, Sunrise starts a new day where you can start anew.

The world is before you, full of energy and fun. Grasp all that life offers whether it storms or there's sun.

May the good Lord be with you down every road you roam, and may sunshine and happiness surround you where you're far from home; and may you grow to be proud dignified and true, and do unto others as you'd have done to you; be courageous and be brave and in my heart you'll always stay forever young, forever young; and when you finally fly away, I'll be hoping that I served you well, for all the wisdom of a lifetime no one can ever tell: but whatever road you choose I'm right behind you, win or lose, forever young, forever young.
