ASSASSEOR JOSEPH A. DILLON CITES HIS SERVICES FOR THE BEST INTERESTS OF TAXPAYERS AS WELL AS RENT PAYERS AS HE OBJECTS REMARKS OF COUNTY BOARD

Tax Assessor Joseph A. Dillon, of Waldwick, who has been more than fair with all the taxpayers and rent-payers of this community, was at the Waldwick Borough Council meeting last Friday night to object to what he termed "half-baked" and hasty comments made at the April 25 meeting by Councilman Angus A. Simpson who alleged the 5% increase in local property valuations ordered by the Bergen County Board of Taxation, resulting in a 4-point tax increase was due to Dillon's not attending a hearing of the county board to oppose the said hike.

Dillon said governing bodies in general oppose ob-ject to such an increase but Auditor John Peterstone said he had not been notified of such hearings. Dillon said his presence would not have made a big difference to the county board anyway, saying he has been fighting the County Board for 7 years without agreeing with their valuation yardsticks.

Dillon said actually Waldwick was not assessed or taxed by the county board and he received a notice of the increase and he noted that only local assessors are notified of such hearings. Dil-leeict to such an increase but

Nelson F. Stamler, in County Jail as a Special Visitor

Oh, yes, oh, yes, Deputy State Attorney-General Nelson F. Stamler, America's ace racket-buster, is in the Waldwick County Jail, recently and the editor of Jer-sey Parade who was visiting Sheriff Martin J. Ferber gave him the 5% increase story and the best man was Roger McGuth, brother-in-law of the groom. A reception was held at the home of the officiating minister. The bride was graduated from St. Luke's High School. The groom was also graduated from Ho-Re-Brook parochial school. After a brief honeymoon in Atlantic City the couple will reside on Delran Avenue. Wald-wick. The groom will soon leave for service in the United States Navy.

Mr. Stamler was a former athletic director of the high school and is a graduate of Montclair State College. He was a member of the Class of 1947, and is the son of Mr. and Mrs. Stamler. The couple will reside in the town of Waldwick and will be married next Saturday.

FOWARD J. HOPKINS'

TAKES BRIDE FROM LYNDHURST BOROUGH

The marriage of Miss Marie Margaret Courtneyn, of Lyndhurst, to Edward John Hop-kins, of 38 Bergen Avenue, Waldwick, was solemnized last Saturday at a matrimony mass at the Sacred Heart Church in Waldwick. The best man was Roger McGuth, brother-in-law of the groom. A reception was held at the home of the officiating minister. The bride was graduated from St. Luke's High School. The groom was also graduated from Ho-Re-Brook parochial school. After a brief honeymoon in Atlantic City the couple will reside on Delran Avenue. Wald-wick. The groom will soon leave for service in the United States Navy.

Mr. Stamler was a former athletic director of the high school and is a graduate of Montclair State College. He was a member of the Class of 1947, and is the son of Mr. and Mrs. Stamler. The couple will reside in the town of Waldwick and will be married next Saturday.

DE KORTE PLANS TO RUN FOR MAYOR IN WALDWICK BORO

Cornell De Korte, supervisor of the Waldwick Borough, has announced that he will be a candidate for the position of Mayor of the Borough in the fall elections.

Mr. De Korte is a former member of the Borough Council and has served the community for many years. He has a reputation for integrity and is well respected by all residents of the borough.

REAL ESTATE AND INSURANCE BUSINESS SINCE 1918 IN N. J.

Mr. Joseph A. Dillon, of Waldwick, has been a real estate and insurance agent since 1918. He has also been a representative for Home Telephone and Telegraph Co. in the Bergen County area.

He is a member of the Bergen County Board of Education and has been active in various community organizations.
specialty in this field.
On April 26th, four Ramsey High School girls went to Trenton for the first assembly program. Ramsey was represented by Barbara Ann Markham, Jean De Martine, Jean Beaulieu and Elizabeth Schlenker.

The play-day was held at Trenton State Teachers' College with the college girls leading the day's activities. The games played were mainly volleyball, play-track, running, contests and skills, which made an enjoyable day for all.

Exciting Parisian Can-Can dancers highlighted the spectacular program "Carnavale la France" ("Let's Get Accustomed with France"), which was presented by the French Department of Ramsey High School in an assembly program on Thursday, May 1. The program was a repeat performance of the one given Wednesday evening for the Eight Town League. Under the supervision of Miss Jean Parvis, characteristic dances and songs of many section of France, including Burgundy, the Pyrenees Region, the Riviera, Brittany, and Paris were presented in a novel fashion. The entire program was capably narrated by John Koole.

Representing Burgundy was a drinking song acted and sung by Dick Gannon, with Charles Kelly, Cynthia Adams, Nancy Kenyon, Louise Yertsea, Carol Cunningham, Marilyn Guidera, Jane LeValley, Jill Spratt, and Edith Brieser. From the same section, a peasant dance, "Je Chahutai," was performed by Elizabeth Mason, Kathleen Crawford, Carol Isbert, Jean Bryan, Gretchen Heidt, and Paula Staubring.

Representing the Pyrenees region came the lovely folk dance, "L'Entraillissade". It was performed by Lynn De Locas, Joal Van Woven, Grace Gillson, and Barch Vander Els.

France's famous Riviera contributed a beautiful salon let, "The Swan," which was capably executed by Phyllis Hadien and Joan Elberfield.

Paris, Europe's most beautiful city, was represented by the Apache Dance performed by Lynn Twemlow and Chester Ellis. Also from Paris came the world-famous Can-Can, danced by Latty Eisenhauer, Elizabeth Mason, June Ogodyke, Patricia De Vries, Grace Gillson, Phyllis Hadien, Joan Elberfield, Jean Beaupre, Jean Saunders, Margie Troutman and Janet Weingartner.

Nancy Kenyon performed a wonderful photograph record mimic of an operatic selection from Faust. Another folk dance typical of Brittany, "Les Gens de Locunol," was executed by the folk dancers, Elizabeth Mason, Kathleen Crawford, Carol Isbert, Jean Bryan, Gretchen Heidt, and Paula Staubring.

The new $365 bed building at Bergen Pines County Hospital will be dedicated on Saturday, June 7, at 2 p.m. Following brief ceremonies at which time the Board of Freeholders will turn over management of the building formally to the hospital Board of Managers, it will be open for public inspection.

Special invitations have been extended to the citizens of Bergen County, members of the Bergen County Medical and Dental Societies, health and welfare officials, administrators and medical staff of the Boards of Governors of the County's 5 private hospitals, and County officials.

Details of the dedication program will be announced at a later date, Freeholder Director, or Frank A. Leers stated.

Dr. Samuel Alexander chairman of the building committee of the Board of Freeholders, said that construction work has been completed and that most of the equipment has been installed. Laboratory and office equipment will be moved from Bergen Pines Finance offices for use in the new building.

Nine stories in height, the new building looks like a city skyscraper in the Paramus farmlands. It will be devoted to the care of acute medical and surgical cases, long term suffers and short term mental cases. In addition to the present treatment of tuberculosis and contagious diseases. Practically all industries in New Jersey are reaching this tremendous buying area today. And there are more new markets for local industry which can be reached with speed near as the Crossroads of the East.

The $4,877,700 expenditure by the County includes $165,000 for additions made to the central heating plant which also serves the County Home for the Indigent, as well as all Bergen Pines Buildings; $21,000 for expansion of laundry facilities and purchases of new laundry equipment; $165,000 for modernization and expansion of the hospital's sewage disposal plant, which also serves the County Home, and approximately $50,000 for landscaping of grounds, construction of parking area and widening and curbing of road leading to the hospital.

URGE ARC LIGHTS
ALL OVER WALDWICK

Residents of Waldwick are very much upset over the fact that some areas of the town we have small street lights and in some localities large arc lights. ‘It looks very peculiar and funny’ one taxpayer remarked, and that Waldwick is now a big municipality and all lights should be of uniform standard size.

This matter is referred to the street department for consideration and action.

One out of every five American cancer patients will develop cancer in the lifetime. Give to fight cancer. This matter is referred to the street department for consideration and action.

Mr. Buckley is still teaching us arithmetic in an easy to digest way. We have had two films on banking then to break the monotony he showed us a baseball.

On Saturday last we journeyed to New York leaving here at 7:35. We saw the Telegram newspaper establishment, then visited the Bell Telephone office where we saw the different means of communication used thru the ages, then to Washington Market, thru the flower markets next to St. Paul's where we saw Washington's pew and the memorial plaque on the building honoring General Montgomery then to Trinity with its bronze doors and interesting burial ground. As we walked down Broadway we saw the narrowest street of the city and entered the Curran Line offices to see the ship models, these were from sailing vessels, thru the paddle wheel period to the present time of steamers. We saw Thaddeus C. S. Morse, Elizabeth Bowling Green, the Custom House and Battery Park were seen in the walk to the subway which took us to the Queen Mary and Queen dels. these were from sailing days when the rain was magic. The ultimate in good luck is when Helen Keller walked in the rain as is this little girl who does not have the new Weather-pruf Salt. It alone would provide the good luck she seeks. For years of research have gone into the creation of this new product. Weather-pruf Salt defies the damp and is the very last word in pure, free-flowing, quickly-dissolving salt for table and home. No longer is there need to struggle with lumping and clogging salt shakers, nor to be dependent on a sunny day, as is this little girl, to get that flack of salt on the doorstep for luck.

SALT HAS ALWAYS been the symbol of good luck since the days when it was so hard to get. In Bible times the sun-dried crystals of salt on the shores of the Dead Sea provided the major supply. For centuries salt evaporation was the method by which it was obtained. Now we have knowledge of Nature’s endless provision of salt which we obtain in different ways. Secured through solar evaporation, or from wells or from mines, the vast supply of salt produced in the United States far exceeds the rest of the world’s production. But salt it is important in air to human life, so that its use as a good luck symbol long ago and even today is understandable.

IT IS THE ADDITION of a small percent of calcium silicate, which is a moisture absorbent, that allows the salt to pour regardless of humidity. At last the irritation of caking and sticking salt shakers, nor to be dependent on a sunny day, as is this little girl, to get that flack of salt on the doorstep for luck.

Imagine cooking convenience like this

1. LOOK! IT'S TWO OVENS! Each oven is separate—each has its own heat control. Competitive, budget— plenty of room for all normal needs.

2. PRESTO! IT'S ONE OVEN! Just drop center heating unit to its bottom position—and you have one giant oven, big enough for a 30-lb. turkey.

First Range of Its Kind! Two complete ovens in one big oven in just a twinkling. Now you can pair up casseroles with cake, pork, chops with pie—or broil and bake at the same time in the same oven.

Get These Other Advantages, Too! Beautiful new styling . . . new Cook-Master Clock Control that frees you from oven watching . . . powerful 5-speed Radiant-Aire unit . . . progressed Porcelain-on-steel finish, inside and out.

For cooking convenience, see the Frigidaire "Wonder Oven" Range now!

Cost of installation may be included in your purchase contract if you wish. This permits you to budget both payments. Maximum budget terms allowed.
