U.S. Vetoes Jackson Ave. Span

Van Ness Bridge Plan Asked

Federal funds have been denied for the Jackson Ave. Bridge replacement and state funds are now being sought. The Federal Government was asked for $1,200,000 for a permanent bridge or $150,000 for a temporary span.

With the rejection of the appeal by the Federal Government, state funds from the $5-million area flood aid program are now being solicited and if necessary the two counties may foot the bill themselves according to officials.

The Jackson Avenue and Van Ness Bridges spanning Morris and Passaic Counties have been a perennial problem to the freeholders of both counties for many years, but it took the recent flood to bring the whole problem to a head.

The Jackson Avenue bridge linking Wayne to Pequannock was replaced several years ago with a modern span. This was washed out during construction of the Passaic Valley Water Commission Pumping Station and again replaced. It was

PO Delays Fair Housing Pledge Cards

Postal authorities have denied the Human Relations Commission a bulk mailing privilege on the grounds that it's a municipal organization and not a religious one.

The delay may cause the commission an additional $300 and a late start in mailing out its 15,000 fair housing pledge cards.

The commission was authorized $870 to mail the pledges by a 7-2 vote. Councilman Carter Gardner said then that the program could not be funded by the township because the commission was not a duly appointed municipal agency.

The commission must now prove to the post office that it is a religious group, in order to get mailing privileges.

KEN STEIN of the Wayne Jaycees showed three of the twelve finalists in the Miss Wayne Competition a diagram of the waiting area to be used during the Miss Wayne Pageant. Pictured are Linda Gargone, left, Janice Bucco, and Jean Boyd. (See other photo, Page 4.)

Miss Wayne Finalists Get Briefing

Finalists in the Miss Wayne competition met last night at the Wayne Manor with members of the Wayne Jaycees and Mrs. Frank Kapp, production manager for the Miss Wayne Pageant.

Ten of the finalists attended the meeting, Diane Warfield and Robyne Bielauskas being absent. Mrs. Kapp discussed each girl's talent with her and what band and prop assistance she would be allowed to use. The girls were given their numbers for the pageant and some pointers by Mrs. Kapp concerning stage presence and their manner of presentation.

Rehearsal scheduled were also set up, the first rehearsals being next Wednesday and Thursday evenings at the Wayne Manor.

The twelve finalists and their talents are: Robyne Bielauskas, dance or fashion show; Jean Boyd, singing; Jan-

Life-Saving Road Action Needed Now - Somerdyk

Lack of action for widening Ratzer Road was charged against the Republican majority on the Township Council, Mayor Edward Sisco's administration, and the GOP ruled Board of Chosen Freeholders, in an explosive denunciation by Democratic Councilman Harold Somerdyk at last night's meeting.

Somerdyk, a Democrat, said, "they have done a disservice to the people of Wayne and up county areas for political reasons only to prove a point".

He said the council was held to a "hard nose approach in that the Republican majority wants the county board to acquire the necessary property for the right-of-way." Somerdyk said this has never been done by the county, rather, each community obtains land needed for road improvements and the freeholders take over from there.

The councilman claimed the work should have been completed last year and further charged "the ineffectiveness of the Sisco administration has created a stalemate with the freeholders." He said plans and specifications had been pre-

(Continued on Page 2)

Mayor Receives Park Plan For Barbours Pond

Mayor Edward Sisco announced today that he had received from the Park Planning and Management Consulting firm of Kinsey Associates the Master Plan for the proposed Barbours Pond, which lies off the Paterson Hamburg Turnpike and what soon will be the Valley Road Extension from the Hamburg Turnpike to Berdan Avenue.

The Mayor said that the administration including Mr. Charles Kelly, Director of Recreation and Mr. Charles Kurzius, Director of Parks, were

Feddema, Mayor In Loud Row

By LORRAINE YODER

What was expected to be a swift, orderly consideration of normal routine business left from last week's regular Town Council meeting, erupted violently last night into name-calling, shouts, and accusations of "connivance", and wound up with a majority of the Council voting for an investigation by the Legal Department into the construction of the nursing home on Colfax Road and Terhune Drive.

Feddema (R-6th Ward) delivered the opening blast by saying that at the last Council meeting the Township Administration had been requested to prepare a report on the construction of the nursing home. This was received, in part but I do not feel it is an adequate report in fact, I would label it a fairy tale" he (Feddema) said the developers had agreed before the Board of Adjustment, filing for a variance which was granted, subject to exhibits. "An overall development of a nursing home was discussed and the exhibits show a particular type of construction and, with the connivance of someone of this town, we have a different home and a different location" he (Feddema)

He also claimed the soil removal ordinance has been violated, that residential property has been "desecrated", and demanded that the Legal Department be empowered to compile all the records and minutes of the Planning Board, the Board of Adjustment and the Council, check out the site and then set up a meeting to discuss the entire situation, at which time interested parties would be called in to give testimony. "I want the whole thing checked out", he said.

Feddema also insisted that he had been denied the right to examine site plans and all data pertaining to the construction, a charge which was repeatedly denied by Mayor Sisco. Sisco claimed he told Feddema the information would be available to him on last Monday night at 7:30, prior to a Planning Board conference meeting, but that when he arrived, Feddema had already left. Sisco went on to say he had a letter hand-delivered to Feddema's home on Tuesday, informing him that the material would again be available that evening, and if the time wasn't convenient, he should so inform the Mayor, who would arrange another time. "I didn't hear from him, nor did he show up", the Mayor charged. "This is the kind of individual he has proven himself. He is running true to form in not being honest. He

Wayne News In Brief

Arrested At Home On Warrant

Joel M. Leibow, 33, of 70½ Knox Terrace, Apt. 1A, was arrested at his home yesterday morning on a warrant from the Municipal Court of East Windsor Township, charging him with speeding.

A court reporter, Leibow was arrested by Patrolman Charles Vleck and released on $50 bail.

Mail Truck Catches Fire

A fire in a mail truck was extinguished by firemen summoned to 15 Surrey Drive yesterday afternoon by the Preakness Post Office. The driver of the truck, Robert Waneck, of 55 Beechwood Drive, removed the mail when he smelled smoke in the vehicle.

Malicious Damage To Mailbox

Malicious damage was reported done to the mailbox of Edgar Susi, 53 Ridge Place, yesterday when he notified police that one side of the name plate on the box had been ripped off. He said the incident occurred between 12 noon and 5:30 p.m.

Firemen Summoned To Home

Firemen were called to the home of Ted Teter, 283 Boulevard Drive, last night when the owner found smoke emitting from a kitchen wall.

Teter reportedly said he smelled something burning while sitting in the living room and entered the kitchen to see the smoke.

Police said the smoke stopped when he turned off the electricity and reported no visible signs of flames or damage.

One Slightly Hurt In Crash

A Wayne woman received minor injuries yesterday afternoon when the car in which she was riding was involved in a two vehicle collision on Hamburg Turnpike near Dawes Hihgway.

A neck injury was claimed at the scene by Nancy McDonnell, 28, of 33A Atherton Court, a passanger in a vehicle driven by Gerard J. McDonnell of the same address.

Police said a car driven by Billie G. Snook, 38, of 49 New Street, was stopped in the left northbound lane of the turnpike to make a turn, when struck in the rear by the McDonnell car.

Rain Contributes To Accident

Last night's rain contributed to a two vehicle collision on Route 23 near Packanack Road, in which no one was injured, according to police.

Police said the vehicle of William Cooper 65 of Main Street, Bloomingdale, stalled in the left northbound lane of the highway due to wet wires and was struck in the rear by a car driven by Fred Ernst, 68, of Stillwater.

Ernst told police he was unable to stop in time to avoid the collison due to the wet roads.

Hit And Run Collision

A hit and run accident was reported yesterday by Joseph D. Chastanet, 39, of 66 Brandywine Road, who said his vehicle was struck and when he went to call the police, the other driver left the scene.

Chastanet said he was driving east on Greenwood Avenue when he slowed for a puddle and his car was hit in the rear. The other driver reportedly got out of the car and spoke to him, but left before police arrived.

Six Fined By Judge

One person was fined $50 in Municipal Court yesterday and five others were fined $25 apiece when found guilty of charges, by Judge Joseph Gourley.

The $50 wine was levied on James J. Dacey of 2 Ridge Avenue, Little Falls, convicted of possession of alcoholic beverage in a motor vehicle by a minor.

Fined $25 each were Dormer Builders, Inc. of Lincoln Park, found guilty of failure to obtain a permit; Vasa Mohan, 126 Wayne Avenue, Paterson, swimming after hours; Feodor Duknasow, 37 Watson Street, Paterson, swimming after hours; Nicholas V. Ciriello of 78 Braemer Drive, assault and battery; and Joseph Vanderhoef of 210 Division Street, Boonton, trespassing.

CHRISTMAS IN JULY—Mrs. Florence Herd, playground supervisor, celebrated Christmas in July at Kaywin Park, yesterday. From left to right are Mrs. Florence Herd; Bonnie Tol, 10; Marie Jansen, 9; Jane Parker, 7; Cathy Eckert, 4, Miss Christmas; Carol Luisi, 4; Donald Suter, 7; and Joseph Crann, 5.

Sisco Blames Hughes For Delaying Judge

Senator Edward Sisco laid the responsibility for failure to enact Senate Bill 396, which would provide an additional magistrate for the City of Paterson, squarely on the shoulders of Governor Richard J. Hughes.

Recent newspaper articles in a local daily paper concerning this matter are erroneous. The senator continued that the bill was introduced by him on February 5th and passed the Senate on March 11th. The measure was held up for many weeks by the General Assembly and finally passed that house on May 6th, with amendments of the Assembly being concurred in by the Senate on May 20th. In an effort to expedite signing the measure into law the bill was called to the attention of the Governor asking that he act immediately in the best interest of the City of Paterson.

Under date of June 24th, Mr. Stanley C. Van Ness, Counsel to the Governor sent the following letter to the senator: "As I am sure you are aware, Assembly Bill No. 348 in which you have expressed an interest has been signed into law. Unfortunately, the other measure with which you are concerned, Senate Bill No. 396, provides for the appointment of an additional magistrate not only in the City of Paterson but in several other large cities of the State. We are at this moment attempting to ascertain the position of the Administrative Director of the Courts, Mr. Edward B. McConnell, as to the need for and desirability of having additional magistrates in those muncipalities other than Paterson. I can only assure you that we are making every effort to expedite the final disposition of Senate Bill No. 396."

It is imperative that this measure be signed without further delay, Senator Sisco has advised the Governor. This legislation is permissive and not mandatory and the decision as to whether or not an appointment should be made rests with the local governing body.

Van Ness

(Continued from Page 1)

once more washed out in the big flood this year.

The Passaic County Freeholders at a meeting last night authorized George W. Mason, assistant county engineer, to draw up plans for a new four-lane bridge to replace the old two-lane Van Ness span linking Riverdale and Pompton Lakes over the objection of Pompton Lakes Mayor John D. Sterling. Local Riverdale officials and the Morris County the plan.

Freeholders also approve of

In other inter-county bridge action, the Morris County Freeholders blamed the Passaic County Freeholders for delays in replacing or repairing the Jackson Avenue Bridge which also spans the two counties between Wayne and Pequannock.

Sharp criticism of Passaic County's freeholders were voiced by the freeholders who noted that continuing efforts to replace the Van Ness bridge had failed because of a lack of cooperation from the adjoining county.

The Passaic County Board of Freeholders was told last night that the federal government has denied a request for emergency flood damage repair funds for the Jackson Avenue bridge, which was all but destroyed in the Memorial Day flood.

George W. Mason, assistant county engineer, told the board that the only potential source of million assistance program of assistance left is from the $5 the state.

Mason said that the county's bridge engineering consultant has said that work could begin on the Jackson Avenue bridge in two weeks if negotiations with Morris County "start now."

A meeting has been arranged with the Morris County and Passaic County Boards of Freeholders for 5 p.m. Monday at the Morris County Courthoucs, Morristown, to discuss the Jackson Avenue and Van Ness bridges.

'Christmas In July, Conducted

Christmas in July was held yesterday at Kaywin Park inspite of the brief showers during the day.

Mrs. Florence Herd, Kaywin Park supervisor said, "The event has been held every year for the past eight years. It was bigger in the beginning and there are not as many participants now."

Mrs. Herd was dressed in a red Santa Claus suit while several children dressed in various Christmas costumes such as candles, elves and packages, milled around an artificial decorated tree.

Kathy Eckert, 4, of Wayne wa scrowned "Little Miss Christmas" by Mrs. Herd and waspresented with a trophy by the Wayne Recreation Board. Kathy recently underwent open heart surgery and is now using a heart pacemaker.

Mrs. Herd explained that they used to sing carols, but now they just serve refreshments and give prizes for the best costumes.

Today's Weather

Mostly cloudy today with a chance of scattered showers followed by slow clearing during the afternoon.

Fair tonight and Friday, high both days in the 80s. Low tonight in the low to mid 60s.

Precipitation probability 30 per cent today, 10 per cent tonight and Friday.

Life - Saving

(Continued from Page 1)

pared for the work which has now been delayed, leaving motorists with no other choice than to face the same inconvenient and hazardous road for another winter.

The widening of Ratzer Road is "sorely needed," he said, as well as the work that was promised for Riverview Drive. He noted that Mayor Edward Sisco claimed the right-of-way had been obtained in Wayne for its share of the improvements on Riverview Drive and the county was only waiting for similar action in Totowa.

He claimed a funnel has been created by improving areas at either end of Riverview Drive leaving the middle with the same two lanes to create "monstrous traffic jams" each morning and evening.

"We should move as fast as possible on the widening of this primary road," he said, "Since Wayne is geographically in the center of the county, Riverview Drive is used not only by residents of the township, but by many other county residents as well."

"Politics be damned," he said, "if I can save one life, the battle is worth it."

Somerdyk noted Wayne is faced with a 52-point tax increase this year which includes a substantial county tax increase and is getting no increase in county services because of the stalemate. "This does not speak well of Wayne," he added.

"The freeholders have left Wayne," Somerdyk said.

Mayor

(Continued from Page 1)

extremely pleased with the work accomplished in designing for the ultimate development of Barbours Pond.

The plan, in addition to providing beach and swimming facilities, includes many of the standard recreation uses as well as several new innovations to the community. The proposal provides for such things as boat rentals, a boating and fishing area, a deer paddock complete with animal shelters, kiddie pool and adjacent play areas, volley ball, badminton courts, soft ball, base ball and soccer fields, a 100 yard archery range, tennis courts, 800 foot ski run, a 400 foot saucer run, a 600 foot sled run and a 900 foot toboggan run, family picknicking and camping facilities, many miles of paths for hiking, walking and bicycle riding as well as a P.A.L. and public pistol range.

Mayor Sisco said that in this year's current capital budget he has provided for $140,000 for additional land acquisition and the possible start of development of the area presently owned by the municipality.

The township presently owns approximately 10 acres of Barbours Pond and 5.5 acres of land surrounding the pond itself. Eventually, the township will own the entire lake with a 50 acre picturesque park.

Negro Peacemaker's Keep Lid On Cleveland

CLEVELAND, Ohio (AP) — Negro peacemakers strolling the teeming streets of the East Side maintained a measure of calm Wednesday night among crowds still restless over Tuesday's savage gun battle which left 11 dead.

Only minor incidents of looting and burning occurred during the night hours as 3,600 National Guardsmen were restricted to duty along the troubled area's perimeter and all white persons were banned from the Glenville neighborhood.

The only police in the area were Negroes.

Mayor Carl Stokes said today that his gamble on the Negro community leaders paid off: "We had no shooting and we had no deaths."

Stokes, first Negro mayor of a major U.S. city, said it was too early to consider releasing the guardsmen. "We are playing it hour by hour and minute by minute."

The plan to use "black community leadership" came in response to a challenge by Stokes who met with 109 Negro leaders Wednesday.

"I challenged them as to what the Negro community itself would do about the problem," he said. There were some 500 Negro leaders and about 100 Negro police in Glenville Wednesday night, uring residents to go home and curtailing minor outbreaks of looting.

Three white policemen and eight Negro civilians were killed in Tuesday night's exchange of gunfire. The 11th victim was identified by police Wednesday night as a looter shot by a patrolman.

Police said the body of the man, Marvin Krain, was released to members of the family soon after he was shot, and he was overlooked at first on the casualty lists.

Ten police and nine other persons were either wounded by gunfire or injured in the stoning, burning and looting that caused an estimated $1.5 million in damages in the Glenville neighborhood.

Police investigators continued probing the deadly uprising and the background of the Negro militants who Mayor Stokes said were responsible for the killings.

HIS GAMBLE APPEARS TO HAVE WON—Cleveland Mayor Carl Stokes talks with newsmen at a conference early Thursday morning. Wednesday, Stokes gambled and pulled out National Guardsmen and white policemen from the City's East Side, where the night before had sniper fire that left 11 dead, betting that Cleveland's black slums could keep their own peace. Today, Stokes appeared to have won the first round of his bet. (AP Wirephoto).

2 Planes Lost; B 52s Batter Enemy Camps

SAIGON (AP)—Fifty of America's most powerful bombers, the U.S. Air Force's B52s, attacked enemy base camps along the Cambodian border north of Saigon and in the central highlands Wednesday and today.

Senior U.S. officers said the heavy raids were made because of "a lot of enemy activity."

Flying in formations of five planes each, 10 waves of the Stratofortresses dropped 1,500 tons of explosives.

The U.S. Command also announced the loss of two more fighter-bombers, a Navy F4 Phantom downed about 150 miles north of the demilitarized zone and an Air Force Phantom which was hit by enemy fire in South Vietnam and crashed into Da Nang harbor.

All four fliers were rescued. The Navy plane was the 868th U.S. warplane lost in combat over North Vietnam, while the other Phantom was the 286th such combat loss in the South.

The prolonged lull in the ground war, now is in its fifth week, was reflected in the weekly casualty report. U.S. headquarters said 157 Americans were killed in combat last week, the lowest weekly total since early last October. It was the fourth consecutive week the total of U.S. deaths was below 200.

South Vietnamese and enemy casualties of 156 and 1,248 dead, respectively, were slightly less than the week before, but the number of Americans wounded increased considerably from 1,337 in the week that ended July 13 to 2,011 last week.

Twenty of the B52 bombers attacked elements of two North Vietnamese regiments believed massing along the Cambodian border 70 to 75 miles north of Saigon for the expected new Communist offensive. Some of the attacks were less than three miles from the border.

The strikes were aimed at easing pressure on the key government district headquarters town of Loc Ninh, where 1,500 Viet Cong and North Vietnamese were killed last November in an unsuccessful attempt to overrun the town.

$3 Million In Counterfeit Bills Netted In Bricktown; 8 Nabbed

BRICKTOWN, N. J. (AP)—The top Secret Service agent in New Jersey says more arrests are mminent in an anti-counterfeiting operation that netted about $3 million in bogus bills Wednesday from a ranch-style home in this seashore resort. Eight persons were arrested.

The haul, obtained in a raid by federal agents, was the second largest in bogus money ever confiscated in the nation.

Frank Wood, head of the Secret Service in the state, said that he expects more arrests in the case. Wood said the suspected "kingpin" of the operation is still at large.

The eight were arrested in coordinated raids in various parts of the state. Each was later released in a $25,000 personal recognizance bond.

Wood said the bills were found behind a trap door in a bedroom closet of a neat, one-family home occupied by Wallace Dixon, 37, and his wife, Susan Ann, 30, and their three children.

He said he believed that the printing press allegedly used in the operation was dumped in the nearby Atlantic Ocean, were found in the house.

Weak Gun Bill Voted

WASHINGTON (AP) — The House has approved a gun-control bill falling far short of President Johnson's recommendations and has sent it on to the Senate where final action is not expected until September.

At the same time Wednesday, the Senate Judiciarly approved a similar measure 9-3 and sent it to the floor.

The House bill was approved 304 to 118 after several amendments opposed by backers of stronger gun controls were tacked on.

One such amendment was sharply criticized by Rep. Emanuel Celler, D-N.Y. chairman of the House Judiciary Committee who said it would greatly benefit the National Rifle Association.

Czechs See Reds Playing It Softly

PRAGUE (AP) — The apparent isolation of the Kremlin and its hard-line allies in the dispute with the new reformist leaders of Czechoslovakia's Communist party is one of the chief reasons why the men in Prague are confident that they won't have to change course.

With the Communist world congress scheduled in Moscow for November, a congress that the Soviets have maneuvered for several years to arrange, the Czechoslovak leaders think the men in Moscow are not likely to get too tough with them.

In addition to Romania and Yugoslavia, virtually all West European Communist parties are siding with Prague. The West German party is believed to be the sole exception, but this counts for little since it is controlled by the East Germans.

See Kennedy Support Growing

WASHINGTON (AP)—Support reportedly is growing among some Democratic party leaders for a possible spot on the national ticket for Massachusetts Sen. Edward M. Kennedy.

Former Ohio Gov. Michael V. DiSalle said Wednesday many party leaders supporting Vice President Hubert H. Humhprey for the top sot on the Democratic ticket have told him they would back Kennedy as a running mate.

Kennecy's possible candidacy also got a strong boost Wednesday from Chicago Mayor Richard J. Daley, who declared, "I hope the convention will draft Ted Kennedy for the vice presidency."

Daley said he thinks Kennedy would make a "great running mate" for whomever the convention nominates as the party standard bearer.

DiSalle also said he has received favorable repsonse from convention delegates in eight states to his proposal to nominate Kennedy for president.

DiSalle, in a statement released in Washington, said the support came from Michigan, Maine, Nebraska, West Virginia, California, New York, Kansas and Iowa.

There was no comment from Kennedy, who has been publicly silent on all political matters since the assassination of his brother, Robert, last month.

The Kennedy candidacy reports were the political highlight in a day in which Humphrey delivered a speech before the International Platform Association in Washington and two Republican presidential hopefuls — Ronald Reagan and Nelson A. Rockefeller—toured in the South and Midwest.

Church Picnic Set Sunday

The Orthodox Christian Church of the Holy Resurrection, Wayne will hold its annual picnic Sunday, July 28, from noon til dusk at the church grounds, 285 French Hill Road, Wayne.

The picnic will feature many homemade, foreign and American dishes, music, games and fun for all. Bring the family and friends. Proceeds from the event will go to the Church Building Fund.

Nigeria OKs Relief Food

NIAMEY, Niger (AP) — Representatives of Nigeria and Biafra agreed Wednesday night on the transport through the Nigerian army's lines of desperately needed relief food to millions of refugees threatened with starvation.

The agreement before it takes effect must be ratified by the full delegations from the Nigerian government in Lagos and the secessionist Biafran regime which has been fighting to make eastern Nigeria independent.

DENISE DOLACK

This past week at Kilroy Park, the children held a pet show as part of their summer activities. Serving as judges were: Kathy McMahon, Mrs. Audrey Cohen, and John Yeager, age 13.

Entering a kitten that he had found abandoned at the park, Danny Blewit (11) won the prize for the smallest cat. Other winners included: Karen Beckvar (11) for best groomed dog; Barbara Tinger (12) for biggest cat; Theresa Jordan (11) for best groomed cat; Nancy Ernst (7) for the biggest dog; Elynn Cohen (11 for the smallest dog and last out not least a category for the strangest animal. Nancy Beckvar (12) won with her white angora guinea pig. This animal has long banks over its eyes and looks like a ball of white fur.

Two new events are being scheduled by Ellen Baron for the adults. One is for ladies interested in playing softball. A team will form to play for women 17 and up on three Tuesday's; August 6, 20, and September 3 at 7:00 p.m. in Kilroy Park. Also planned is a couples volleyball game which will play on August 13 and August 27 at 7:00 p.m. Anyone interested is asked to contact Mrs. Baron, in advance at the park.

Also in the planning stages is an idea to involve the teenagers, but Mrs. Baron is in need of a generator to carry out the idea. If one is available, please contact her at the park.

Claire Donadt of Pines Lake, who was the winner of the Name the Indian contest was surprised at the picture taking and general hullabaloo that went with winning the color television set. She mentioned that her daughter is especially happy about the color set, since she has done a lot of baby sitting in houses that have color, but had to come home to black and white. The Donadt family also had another contest winner in the same week. Son, Bruce, won a fishing contest at Pines Lake. Entered in the age 11-13 class, he came through with no less than 110 fish caught.

Ralph VanderMay, Chamber president was overwhelmed with the success of the contest with its 6,000 entries at future plans include another contest using the Indian symbol in the fall.

At the party naming the Indian, Milt Neil, originator of the character symbol entertained those present by drawing a full length picture of the little fellow who up to now has only been seen from the neck up. Mrs. Donadt was lucky enough to receive it as a souvenir.

Adult swimming classes have started at North Cove and a new class will begin at Tom's Lake on July 30 at 11:30 a.m.

Beauty, poise and personality. Those are the ingredients for the newest beauty contests. Miss Tom's Lake and Miss North Cove will be chosen on Saturday, August 10 at 2:00 p.m. at the respective parks.

Girls may enter the following categories: Little Miss, age 3-5; Jr. Miss, age 6-9; Miss Age 10-12. Registrants should give their names to the directors at each park, prior to the contest.

* * *

The Harold Sturman family of Lions Head Lake have been a busy one for the last few weeks. Everything seems to happen at once. Harold Sturman just returned from a week's business trip to London, England where he attended a machine tool exhibition. A native of that country, he used the time to also visit with his family in Coventry where they held a reunion. The rest of the family stayed here, but the transatlantic telephone calls were many, as Joan, his wife, was able to talk with her folks as well. After his return, the family spent the next week at Wildwood, on the Jersey shore. While there, they say the ocean swimming was a little restricted because of the sharks that were spotted. Daughter, Linda was not too happy about the ocean since she was bitten by a crab and thereafter retired to the pool. On their return to Wayne, the Sturmans will celebrate their 14th wedding anniversary, and son Neil celebrates his 9th birthday.

* * *

A specially designed course on small boat and self rescue will be given as a one day course at North Cove from 10 to 12 noon. Registration is on August 12 at 10:00 a.m. Children holding at least an intermediate card are eligible. Row boat, canoe and surf board technique, use of life jackets and other safety devices will be demonstrated.

STAGE DIRECTIONS—Mrs. Fran Kapp, production manager for the Miss Wayne Pageant, explained how the girls would enter and leave the stage at last night's meeting. From left to right are Mrs. Kapp, and four of the twelve finalists, Joanne Traynor, Dorothy Wall, Doreen Owens, and Jo Ann DiCicco.

Council Vetos Probe

(Continued from Page 1)

talks in big circles and generalities", Sisco went on.

President Leonard Pine intervened in this discussion, as he had been present on Monday afternoon when Feddema and Sisco had discussed viewing the plans. "There's been a mix-up and a misunderstanding. My interpreation was that the Mayor said the information would be available because it was on the agenda for the Planning Board. Instead, he said the Planning Board would be in conference and the material would be available at 7:30. I understand it is available at specific hours when the Mayor would be here. It is not to be taken out, as it is the only copy." Pine said later that "there are things that look odd to me now, but maybe it will look different a few months from now. I hope it's only temporary."

Feddema termed the existing building a "monstrosity", claiming the entire east-west wing has been moved, and that "an entirely different building exists". He insisted that some of the councilmen look at pictures he claimed were taken of the site yesterday. "Take a look, Carter Gardner . . . I wonder if you voted for that mess?" he said, alluding to a picture he said showed a huge sandpit on Arbor Terrace. "There was no soil removal permit, and now a side of a mountain is missing." Feddema claimed the pictures proved the area is "blighted", and that the natural beauty, which was to have been maintained, is now destroyed. In response, the Mayor said "I don't question his photography, but I do question his judgement on these things."

"The words, 'official investigation' have a very bad smell. If the Council wants to investigate, they have that right. All the facts and files are open." Sisco stated that the details of the soil removal were given the Council on uly 10, and that soil removal in conjunction with construction is sometimes necessary. He went on to say that the Township required the developer to lower the elevation of the building by three feet to prevent run-off from sudden rains which would damage surrounding property. "This is not a violation", he said.

Walter Hoffmann (D-2nd Ward) stated that whether it was to be called "clarification or investigation" was simply a matter of semantics. "Serious charges have been made. We must look into this matter and get the facts. When you do this, it constitutes an investigation", he said. The Democrats were warned by Sisco that they were "being led down the merry path" by voting for the investigation, after Harold Somerdy (D-5th Ward) stated that he wouldn't shy away from an investigation. "Once before, this has happened and Feddema got the support of the Democrats. It's politically smart", Sisco said.

Councilman Tumminello (R-at large) asked Feddema if he would consent to a conference meeting instead of an investigation, to which Feddema replied, "no." The morning after the council meeting, trucks began carrying out soil at 6:30 a.m. Tumminello expressed concern over what he termed "the excessive amount of soil that seems to have been removed" and voted for the investigation to "see if ther is anything they are taking out that they shouldn't."

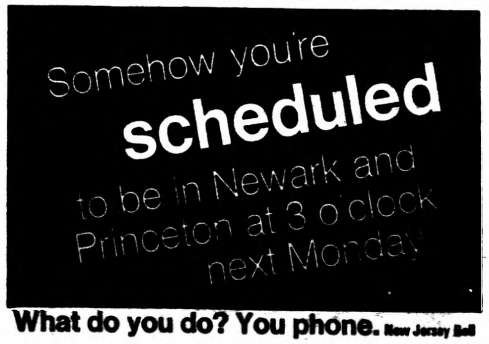

After the council voted for the investigation, President Pine asked the Council to consider a stop-work order until completion of the investigation. Township Attorney Vogel stated that the law calls for determination of whether or not violations exist befor a stop-order can be executed. Vogel expects to have all the details of the investigation ready for the Council meeting of August 7.

Before moving to the other business before the Council, President Pine stated that recently, a woman had charged that her father, who had come to help her clean up after the floods, had died of encephalitis. Dr. Pine said that Mr. Aquino, Township Health Officer, had obtained a copy of the death certifisat which showed that the man died of bronchial pneumonia.

Councilman Somerdyk also had pictures, not of construction, but of what he said constitutes a violation of the zoning ordinance, that of tires stockpiled at the Goodyear building in the Preakness Shopping Center. Mayor Sisco stated the zoning officer would investigate, and if a violation exists, the owner will be so notified.

Ordinance 30, calling for a setback of 5 feet in certain industrial districts was once again tabled. Ordinance 32, revising the existing ordinances concerning regional retail business districts passed on first reading. Ordinance 33, prescribing that playing by a band or orchestra

WORKSHOP—Dave Delaney, a phone power specialist from Bell Telephone, conducted a telephone technique workshop with employees of the Matzner Publications Classified Advertising department yesterday. Terry Margliano, Pet department, seated, is using the phone. Her voice was taped, and her technique criticised by the rest of the girls and Delaney. From left to right, standing, are Linda Hillicker, Merchandise; Kuni Urciuolli, Autos and Merchandise; Elsie Campbell, Business Services; Carole Adornetto, Real Estate; Linda Feola, Real Estate and Autos; Suzanne Gardella, Rentals; Rita Merganthaler, Help Wanted; Pat Cook, Voluntary; and Emily Zauzig, supervisor.

Council Votes Probe

(Continued from Page 4)

after 12:00 on weekends or 11:00 on weeknights is prohibited in a residential area was approved on first reading. To date, while radios or records have been so prohibited, live music was not. Councilman Feddema attempted to introduce an ordinance to restrict the construction of automobile laundries only in special instances, but this was tabled.

Councilman Somerdyk introduced a motion that, if adopted as an ordinance, would drastically curtail the powers of the Planning Board. He asked that the Township Attorney draft an ordinance to provide that any major subdivision passed by the Planning Board would first go to the Council before final adoption. Mr. Vogel stated the law provides for "weak and strong planning boards", and that he would first have to study all existing ordinances before such ordinance could be drafted. The Council authorized him to do so, and to present such ordinance for first reading as soon as possible.

The Council approved applications for new restaurant licenses for A.B.C. Gladieux Food Corporation, to operate a cafeteria at PSTC, and Rudolpf Weth, to operate a restaurant at Preakness Shopping Center known as the International House of Pancakes. They tabled approval for Pizza Land at Bradlee's Shopping Center, as the Board of Health has not approved equipment.

Applications for liquor licenses by Allied Stores of New York (Stern's) and R. H. Macy & Co. (Bamberger's) were not discussed, even though they had been carried from the last meeting and appeared on the agenda. It is the opinion of at least two council members that Bamberger's last lost its retail consumption liquor license, even though the Council has been renewing it for several years, as a new ABC ruling states that specific plans must be filed showing location. The plans filed by Bamberger's show the location to be almost adjacent to the Associatted Testing Labatories, which does not now fit into the over-all development plans for Willowbrook.

Miss Wayne

(Continued from Page 1)

ice Busco, dance; Jo Ann DiCicco, speech, Linda Gargone, singing, Barbara Greenough, reciting poetry; Patricia McMahon, fashion show; Kathleen Murphy, dance; Doreen Owens, dramatic reading; Joanne Traynor, singing; Dorothy Wall, dance and Diane Warfield, piano.

This year's Miss Wayne Pageant is the second one to be sponsored by the Jaycees and will be held August 15 at the Wayne Manor. The girls will be driven through the town by car on August 10.

Tickets for the pageant may be purchased from any Jaycee or from the following stores: Martin Parian Jewelers, Preakness Fabrics, The Behr's, Fun n' Fashion, Joseph Henry Shoes, Bamberger's, and Greta Fashions.

Attends Art School

Miss Marcia Johnson, of Wayne, is one of 19 art students enrolled in the second term of University of South Carolina's Summer School of the Arts at Hilton Head Island.

USC's summer arts program is in its second year at the subtropical coastal resort. Miss Johnson and about 35 other art and drama students are attending accredited graduate and undergraduate courses in art and theatre in the modern air-conditioned facilities of Sea Pines Academy and participating in a varied program of cultural, recreational, and educational extra-curricular activities. The School is joint venture by the university and Sea Pines Plantation Co.

Students and professors present a series of plays and art exhibits as an integral part of their summer's work, and attend concerts by guest University of South Carolina artists. Drama students are staging Oscar Wilde's social comedy, "The Importance of Being Earnest," at the tent pavilion Hilton Head theatre through July 24. Other comedies remaining in the summer repertoire are "Blithe Spirit," which will run July 26-Aug. 11 and "The Fantastiks", opening Aug. 1 through Aug. 18.

At the end of the term Aug. 17-19, Miss Johnson and other art students will exhibit their work in a special "fence exhibition" near Sea Pines Academy. They are currently enrolled in classes taught by guest artist Victor Higgins, whose work is on display now in the William Hilton Inn, Hilton Road. Another comprehensive display of their work will be staged Aug. 19-23 in Planter's Hall.

Somehow you're **supposed** to be at somebody's house for dinner at 8. and you're not.

PANTS AND BALLOONS—Pants suit with belted, cropped jacket, left, was shown by Jean Louis Scherrer in Paris Monday as part of his collection for fall and winter. Shown by Phillippe Venet, the cocktail dress at right features a contrasting balloon miniskirt embroidered with white organdy cabbage roses. (AP Wirephoto)

Let Clothing Help Build Femininity

By VIVIAN BROWN

NEW YORK (AP) — Kooky dress is going out and feminine clothes are in for young girls, says well-known Hollywood couturier and film stylist, Helen Rose, a two-time Oscar winner.

"Girls are tired of being lonely," she explains. They've discovered femininity is as big an attraction to the male as it ever was. She has talked to numbers of manless models and girls in the design field.

"A man likes a feminine woman. He hates to see a woman smoke, drink to excess or use profanity, and he prefers girl-type clothes," she explains. "This generation has discovered that."

She has observed that no matter how masculine women dress or wear their hair, they'll change their grooming ways for a man.

"Oddly enough, it was the kids who started me in this business," muses Helen Rose, who resigned clothes for more than 200 important films before she began her own couturier business eight years ago.

"It was in the '40s head designer Irene at the studio didn't want to bother with the younger girls — Ava Gardner, Lana Turner, Elizabeth Taylor, Grace Kelly and dozens of others, so I took care of them. Pretty soon, they were big stars asking for me . . ."

What made them big stars was their utterly feminine ways, she points out.

She designed the first movie clothes worn by Elizabeth Taylor at 15 in "Date with Judy."

It was a feminine wardrobe, she says. She designed the wedding dress when Grace Kelly became Princess of Monaco.

Now that she has a successful couturier business, she still does many wardrobes for the movies, including the latest, Debbie Reynolds' clothes for "How Sweet It Is."

She likes to dress Debbie because she can wear youthful clothes, even though she is 35 "with lots of children."

"They don't build personalities like Debbie these days. Elizabeth, Ava, Lana and Grace — there will never be others like them.

"These were discreet wonderful personalities that studios helped build. It's something young girls should keep in mind. It takes a lot of work to build a feminine personality. In those days at studios, lots of people were involved, an entourage of wardrobe people, hair people, stylists, voice teachers, makeup people."

A young girl should always feel "put together," she says. Proper coordination of clothes, especially accessories, makes a costume complete.

"A young girl doesn't need too many clothes, but what she owns should be good looking—a basic costume dress with a jacket, a good basic coat, dance dresses, all worn with proper accessories, the right shoes and handbag make the difference.

Design is becoming pure, even in architecture, she says. In clothes, there will be no frills — feathers and ruffles, "and all that jazz."

Scribble To Fame, Fortune

By BETTY CANARY

My elementary school teachers failed miserably in teaching me penmanship. I didn't fail. I learned to make absolutely marvelous circle-O's and zigzags, which was all they seemed interested in having me pen in my little yellow writing book. And, as most of my contemporaries had the same problem, most of us learned to use a typewriter (there is only so much one can communicate with circle-O's) and we harbored no ill-will, no bad feelings towards our teachers. Now I wonder if we should continue with our all's-forgotten, all's-well attitude?

Consider the prices paid not only for original manuscripts of authors but also for their letters, journals, household lists and just plain scribblings.

H. G. Wells' papers were purchased by the University of Illinois for a paltry $40,000. The 26 notebooks of Dame Edith Sitwell went, at a London auction to the University of Texas for a mere $38,724. Upton Sinclair's papers (nine tons of them) are at the University of Indiana. It is rumored that the manuscripts, idea notebooks and letters of poetess Edna St. Vincent Millay are being held with an asking price of $250,000.

Now that most of the papers of dead literary greats have been rounded up and spoken for, some universities are collecting those of the living. And, since there just aren't that many literary giants around, they are going for the less-great. They don't have to be papers of authors. Syracuse University, for example, has the papers of writer Dorothy Thompson, Robert Moses, Gertrude Berg and Fulton Lewis.

The most longed-for treasure in this scramble for papers is the hand-written manuscript or letter. Which brings me back to my generation. I went through my papers and noticed none of the letters to me were handwritten. (I also noticed that none of them were from Upton Sinclair.) But, there were a few penned letters from my cousin Corrinne, and I am hanging on to them. Her poems, mostly of the Pink Sunsets, Canadian Hills genre, might be valuable someday merely because they were written with pen instead of IBM.

One thing I am doing is sending little notes off to my friends, telling them from now on I'm saving only hand-written letters. I'd like to send them each a quantity of papyrus or possibly some good quality vellum to use when writing to me. There's hardly any of that around any more.

Tips For Today

DEAR POLLY—Today facial tissues are so attractively boxed it seems a shame to throw away the empty containers. One, taped with transparent tape to the end of my sewing machine cabinet, is ideal for holding small sewing scraps and bits of threat. Another is used in the laundry area to hold clothing labels with washing instructions. Still another is perfect for holding soiled hose until I am ready to wash them.

Another idea for keeping the sewing area tidy is to place the divided section of an egg carton next to your machine to your machine to hold the assorted items used frequently.—JOAN

DEAR POLLY—Last summer, while at Expo 67, I saw a mother with a very clever way of keeping her family together in a crowd. She had made dresses from the same bright fabric for herself and her daughter. Shirts for her two sons were also made of the same material. If one should get separated from the others their clothing made it easier to spot the lost one or the rest of the family group.—DEBBIE

DEAR POLLY—My daughter used small, brass straight pins to fasten pennants on her wall as they leave only tiny holes. If the pennants are to stay in place until the room is redecorated, colored thumbtacks are fine but we think they are more noticeable than pins.

DEAR POLLY—Anyone having a small hole in a wall or where plumbing pipes go through the floor can fill in these holes with steel wool and keep out the mice.—MRS. R. W.

I read how Mrs. E. S. made two nice bedside tables out of her old vanity dresser. Remove the mirror from such a vanity, refinish and you will have a nice desk for a child's room. Replace the stool with a chair and you child has a wonderful place to do homework.—MARGARET

DEAR POLLY—Is there any way to keep white fiberglass drapes white?—MRS. G. K.

Leaving A Delicate Problem Behind!

What really causes painful diaper rash? How can a mother prevent it? And how can she cure it where it already exists?

Helpful answers to these questions were given recently by William O. Elson, director of research of the Curity division of the Kendall Company, one of the world's largest manufacturers of regular and disposable diapers.

The real cause of most diaper rash is ammonia, according to Elson. Not the ammonia which might be used in washing diapers, but that which is formed by bacteria in wet diapers. If diapers are not properly laundered, this bacteria tends to build up in them, further aggravating the baby's rash, and the pain and discomfort which it brings. Soap or detergent left in diapers, because of inadequate rinsing, also will cause a rash.

There are several ways to prevent diaper rash, Elson said:

"First of all, mothers can generally avoid both bacteria and soap build-up by using either disposable diapers or diaper liners. The diaper liners are made either of paper or of fabric, such as the new, soft, non-woven cloth in Curity's Super-Dri liners.

"For mothers who use regular cloth diapers, there are two alternatives. Those women should either use a diaper service, or they must exercise great care in washing and rinsing the diapers themselves. If diapers are laundered at home, a mild soap, soap powder, or detergent is recommended, in plenty of very hot water. If the water is hard, at least four rinsings are necessary to remove all traces of soap or detergent which may irritate a baby's delicate skin.

"If you can manage to change your baby's diaper promptly," Elson continued, "you will avoid most chances of rash. Leaving a wet diaper on a baby too long will cancel out all other precautions.

"Your doctor or pediatrician is the person to consult if a rash is particularly painful or if it persists in spite of all these preventative measures," Elson said.

The research director pointed out that mothers might begin to treat less serious cases of diaper rash by following the directions given by the U.S. Department of Health, Education, and Welfare, through its Children's Bureau. A booklet issued by the bureau points out that exposing the baby's rash to light and air, by leaving off the diaper, will usually cure mild cases.

Beauty And The Beast

COUNT MARCO: *Don't Blame The Kids*

Children are an addition to marriage, not an excuse for avoiding the responsibilities that go with marriage. The disgusting spectacle of slatternly women greeting husbands at the door looking as if the trashman had left a deposit instead of picking one up is revolting.

To hear you complain, one would think your whole day was full of children, children, and more children. I'm inclined to think some of you American women force yourselves into having a couple of children just so you can spend the rest of your life blaming them for everything that goes wrong in your marriage.

Your hair gets stringier, your clothes spottier, your shoes worn; there's no pride left in you, just complaints. I'm surprised more husbands don't take to the hills.

Become less occupied with your children. Unless your child is completely helpless it needs no more attention than an animal.

All a baby needs is feeding on a schedule, and a change of diapers when necessary. If it takes 16 hours a day of your time, something is wrong somewhere; and I can put the finger right on you -if you won't.

One woman complained to me that she had ten children, and defied me to find time to take care of herself with that brood. I think she just added to her brood so she could really have an oversized excuse to avoid being neat, clean and womanly.

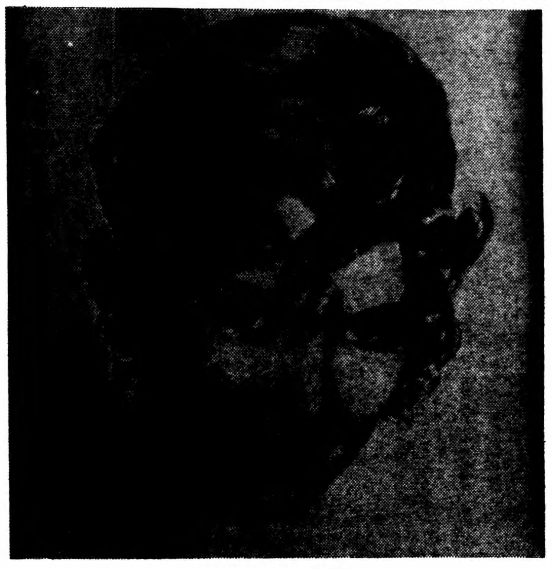

The more children you have, the easier it usually is to find time for yourself.

In Europe and the Orient the older children are taught family responsibilities, such as taking care of the younger. This is always good training for their marriage later in life. The mother rarely has much to do.

You'll never convince me or any other man that children are an excuse not to have your hair set, your body in trim, your wardrobe up to date.

Certainly children need clothes and you must set money aside for schooling, but they don't need as much time as you American mothers seem to like to waste on them. You need it more than they. After all, they have youth on their side.

I say, have all the children you want, but stay beautiful before during and after.

THE FLIRT CURL

Curves And Curls Atop The Head For Fall '68

Curls will continue to ride the crest of a big wave of popularity into the Fall hair fashion season, predicts the Official Hair Fashion Committee of the National Hairdressers and Cosmetologists Association However, advises this hair fashion authority of the beauty profession, Fall hair styles will feature an important addition of curves that blend with the curls.

The blend of curves and curls that is to be featured in your own particuular hair style will depend completely upon you, since this is one hair fashion season when you have a tremendous amount of freedom to express your own individualism. You may be funny, romantic, fragile, dramatic, nostalgic, or elegant, as you wish. But, whichever you choose, your hair style will continue to emphasize femininity. And, what can do it better than a comination of curves and curls!

Generally, the curves are modern and quite new in feeling, a far cry from the rigid finger waves of the thirties. They flow freely in a seemingly casual play of soft, loose waves, but actually are directed to bring out the best in your own particular facial proportions.

By the same token, curls, too, exhibit a great variety, but are selected always for the particular role you wish to play this Fall. Basically ornamental, the curls may be large and loopy circles, ringlet curls, spit curls, or corkscrew curls. Each reflects a personal taste, and each is influenced by the wave motions in the hair fashion. The curls may be placed around the hairline, both at the face and nape area, but must always look like a natural part of the design.

Of great importance in the new Fall hair fashions is the fact that hair at the top has found the natural contour of the head. This gives a small and neat head look with the accent on fit and flare. Where individual head proportions require, a slight rise may be dressed into the hair at the top, but definitely out is any effort to exaggerate volume.

From the closely fitted top of the head, hair will continue to follow the contour of the head, or it may flare out approximately below the eyebrow level. In many of the new styles, the hair flares out gently at the nape area, also. However, though hair is a little fuller in the nape area, it is still short. To have long hair, you still have to buy it.

Hair parts play a vital role in the new hair styles, distributing the movement of the waves and curls, and establishing areas of varying dramatic interest. Also important in the new hair styles is a feeling of quality, a richness and soft touch that is conveyed through the detailing of the design of curves and curls, as well as the texture of the hair.

To establish the fit and flare of the new styles, superb haircutting specifically concerned with your particular head proportions and hair texture is an absolute need. Soft professional permanent waving to give the supple fluid waves and soft curls an easy care and soft control is also an important consideration for the new styles, as is hair conditioning to make sure that any possible trace of summer damage is removed from your hair. For this Fall, particularly, your hair has to have a luxurious quality to top the richness of fabrics in the new couture collections.

In makeup, the general look will be soften, but lip colors will be stronger, particularly cherry lips. Heavier eye colors will also give the effect of Lots of eyes.

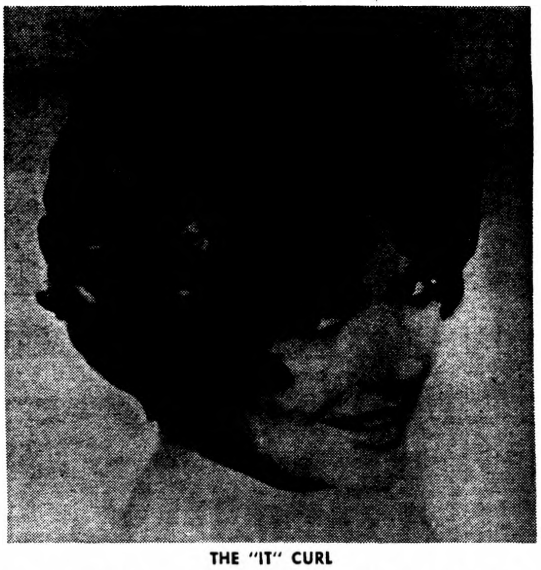

Stylish Trio Of Examples

The Flirt Curl Coiffure

Corkscrew curls at the center of the forehead and at the sides give a unique decorative note to the style, one of those designed for Autumn by the Official Hair Fashion Committee of the National Hairdressers and Cosmetologists Association at the 48th Annual Convention in Miami Beach this week. Decidedly amusing, the curls add a surprising touch of classic glamour.

A very important feature in this hair style is the soft sweep of waves that flows across the forehead from a parting at the left. Another new note, the hair is fuller at the nape area.

Expert haircutting and a soft professional permanent waving give the style its fit and flare and a soft touch of richness for the season.

THE "IT" CURL

The "It" Curl Coiffure

A head full of playful curls recalls the days of Clara Bow in this coiffure, another recently unveiled by the Association.

Important note is the center part which separates the softly curving waves that dip onto the forehead over each eye. Also, the spit curls in the center of the forehead.

Again, haircutting and permanent waving are essential.

Curvy Curl Coiffure

A sweep of fluid waves curves gracefully across the forehead from a side part at the right of this style, another example of the new Curve and Curl Hair Fashions introduced.

Note the low rise at the top where the hair follows the natural contour of the head, flaring out in curls at the sides. This gives the style a neat small head look of fit and flare.

Soft professional permanent waving give the supple waves and soft curls an easy control and the fit and flare are established with haircutting directed towards individual variations of head proportions and hair texture.

THE CURVY CURL

Somehow you're not sure
you told everybody what time the party starts.

Edward Kennedy--What Future?

By CORNELIUS F. HURLEY
Associated Press Writer

HYANNIS PORT, Mass. (AP) — What the future holds for Sen. Edward M. Kennedy, the last surviving brother of the Kennedy clan, is one of the major political questions of the hour. The question grows as the time draws near for the Democratic National Convention. There has been speculation whether he will become a candidate for vice president, or even whether he will remain in the Senate.

A meeting Monday at the Kennedy compound overlooking Nantucket Sound brought together some of the leading figures in the campaign and administration of the late President John F. Kennedy, and in the chief campaign of Sen. Robert F. Kennedy which ended with an assassin's bullet June 5.

Gathering to discuss creation of a memorial to Robert Kennedy were such men as Robert S. McNamara, Arthur M. Schlesinger Jr., Theodore C. Sorensen, and Kenneth P. O'Donnell.. There were about a dozen others for the meeting on the memorial plans.

McNamara was secretary of defense in the Kennedy and Johnson admnistrations until his appointment as president of the World Bank.

Schlesinger, former Harvard historian, and now at City College of New York, was a White House staff member.

Sorensen was a White House aide to President Kennedy and had been on his Washington staff when Kennedy was a senator.

O'Donnell has been a Kennedy campaigner for years, and also was in the White House.

Also at the meeting was Frank Mankiewicz who was on Robert Kennedy's staff. He said on hs return to Washington that the meeting was the second of a series to plan a "living" memorial to the senator.

He said that a possible foundation was discussed.

"There wasn't anything political in the meeting," he added.

Sen. Kennedy, 36, back from a week sailing off the Maine coast on a chartered sailboat with family members and some friends, was on hand. He has made no comment on his political plans.

Richard Cardinal Cushing of Boston, an old family friend, said a few weeks ago Kennedy should retire from politics and public life to be more available to the 12 fatherless children of his two slain brothers.

Michael V. DiSalle, former governor and U.S. senator from Ohio, has announced he will place Kennedy's name in nomination for president at the Democratic National Convention next month.

Vice President Hubert H. Humphrey let it be known last week he'd be happy to have Kennedy as his running mate on the Democratic ticket. But he said Monday night in a New York interview, that whether he will invite Kennedy to run is "greatly dependent on Mr. Kennedy's wishes and views."

BERRY'S WORLD

"If you're so smart—why aren't you DE GAULLE?"

Plan Ready Soon

Every council member, as well as every taxpayer has the right of criticism, and of inquiry. The desire to know, dosenot in anyway reflect an obstinate, or objectable characteristic.

Pre-mature exposure, however, can bring with it problems that may not be resolved. Perhaps this is the reason why the Planning Board is willing to face up to criticism regarding the Master Plan.

Yes, there is a Master Plan. No, it is not ready for public exposure. The plan presented by the consultants employed for that purpose to the Planning Board, attracted some difference of opinion. Suggestions were made regarding changes. These went back to the consultants. They will be reviewed again, and if in the opinion of the Planning Board, there still remain differences, back they go to the consultants.

Councilman Walter Hoffmann, or any other member is within the right of a public servant to criticize and to question delays. But the members of the Council must also realize that a Master Plan is not for today, or one year from today. The Master Plan is Wayne's present and future. It will not retard planning and programing of the many projects that will aid the expansion of Wayne. It will come, when the Master Plan is just that; an overall guide, a formula, and a structure that does not permit variance and evasion.

The Master Plan will be ready for public airing shortly .There is no need for irritation at the painstaking efforts of the Planning Board to assure an airtight and workable code.

Doesn't Fit Pattern

All around Wayne, there are symptons of public resentment towards autonomous, or separately constituted authorities, benefitting from services to the people of those communities.

This should serve as a warning to township residents of the ease with which public supervised operations can be entangled into autonomous combines that permit practical dictatorial powers of its leadership.

Wayne's municipal council must be that liberal in its approach to community situations as to forget party affiliations. There cannot be a Big Four and a minority 'Three'. Not if the community is to benefit. Wayne is fortunate in many respects. The foremost township in North Jersey, destined to big city status within a decade, it does not have the weakened foundations of other municipalities.

The township is a gold mine of ratables, because of foresight of the administration in bringing industry into the community. There are excellent urban renewal development plans, to add to the ratables. On the educational side, Wayne is progressing. It can meet the problem of additional classroom space, to provide for the population explosion.

On the whole, the Wayne Council does an admirable job. The individual members are aware of community needs and do not hesitate to battle for that which represents township thinking.

It is only when the political position is jeopardized that individual council members lose perspective and revert back to the ward leader classification.

Wayne cannot afford such limited thinking. There is too much to be done. Administration and Council are coordinating links and when one pulls in an opposite direction, there is trouble.

We feel there is need for closer affiliation among the council members. The coalition of a major four and a minor three, doesn't fit in with Wayne's growth pattern.

PAT-POURRI

NEW CHEMICAL FIRM TO COME TO PARSIPPANY

The Badische Anilin-Soda-Fabrik Ag of West Germany, one of the world's leading chemical firms is going to locate a subsidiary headquarters in Parsippany-Troy Hills shortly. The firm, the tenth largest chemical company in the world, intends construction at a site adjoining Interpace Corp's plant at 260 Cherry Hill Road. BASF anticipates breaking ground in September and open by February 1970 with an initial staff of 175. According to tax assessor Charles Fouquet the move will bring an estimated $125,000 to $150,000 in additional tax revenue to the township.

FOOD HANDLERS RECEIVE NEW MAINTENANCE CODE PRESENTED TO COUNCIL

A special committee formed to draft a property maintenance code and ordinance have presented their findings to the Township Council for final review this week. It is expected to be presented to the public sometime in September. Some changes and innovations have already been made. The special committee recommended that new provisions in the 1969 budget be made for more housing inspectors who might better enforce the provisions of the code and police garden apartments. The code, generally provides for the upkeep of apartments, commercial buildings, offices and industrial complexes.

DRIVE-IN BANK APPROVED

The Parsippany-Troy Hills Planning Board approved a site plan for drive-in facilities at the Trust Company National Bank's Lake Hiawatha office this week. The Board requested further time to study a site plan submitted by Bornstein Associates for a restaurant which is planned for Littleton Road. The Planning Board is concerned by the Board of Adjustment's refusal to give a variance to Bornstein for a parking lot. Approval was given a site plan for an addition to the Leslie Co. Plant on Jefferson Road. The small addition will be used to store materials outside the main plant. Cyril Farny, who is developing a 58-lot major sub-division which will be developed near High Country Estates off Route 10 received preliminary approval.

PERMITS

Max Schubert, township health officer reported that all applicants for food handlers permits have been issued. Three establishments, one grocery and two restaurants facing the loss of the permits for the coming year made major efforts to comply with the latest health code and qualified at the last minute. Issuance of permits and their continuance are contingent upon continued compliance with the health code and any infractions could make the establishments face the loss of the permit and subject to fines which could cost as much as $100 per day.

COMPLETION

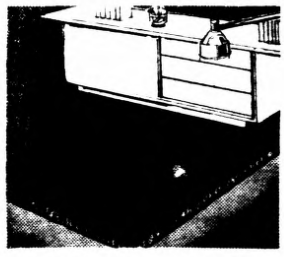

The new Morris County Library located on Hanover Avenue in Hanover is scheduled to open in August or September. The long red-brick and cream building of neo-colonial design will house 150,000 books and provide 150 readers chairs at carrells and tables in its carpeted reading room.

UPSTAGING daddy, one of David Niven's two daughters steals the spotlight from the famous actor as he, his wife and children arrive at Nice, France, for a holiday on the French Riviera.

Hogan's Hero Is Extra Shy

Being heroic around a prisoner of war camp isn't Bob Crane's only act of bravery. The star of CBS' Hogan's Heroes — like every Hollywood leading man — must be heroic every day about girls.

"The hardest job I have," Bob says, "is to convince Anne (his charming wife) that all the glamorous girls I work with after awhile seem just like men. And they do. For a girl to be an actress, she must be like a man, competitive, hard, unfeminine."

He says they do nothing for him — even Elke Sommer, his co-star in "The Wicked Dreams of Paula Schultz," or Sue Lyon, his co-star in a recent television adaptation of "Arsenic and Old Lace."

"The only temptation for an actor," he says, "is from the extras not the stars. On a set, the extras come around, wiggling their bottoms, and they have nothing to lose and everything to gain to get a male star worked up. All you have to do is to say to one of them, 'Will you have lunch with me?', and you're in big trouble. So you stay away from them — and you get a reputation for coldness.

"Dick Crenna was that way. On Slattery's People, he had the rep of being cold. Nonsense — it was just that he had enough sense to stay clear of the extra girls."

Then there are the nuts.

"I got a call from a girl in San Francisco," Bob says, "She wanted to come down and see me. I asked her if I knew her. She said, 'Oh, come on now — we only had a child together.' Turned out she was a nut."

There are times when a prisoner of war camp looks good to Hogan.

Susan Strasberg is, maybe, five feet tall, if she stretches.

TWO-TIME Oscar winner Luise Rainer appeared in Spoleto, Italy, at a reception honoring the 11th anniversary of the annual summer music festival there. The famed actress was named the year's best for her roles in "The Great Ziegfeld" (1936) and "The Good Earth" (1937).

This natural shrimpiness is about the only limitation she has, and one gets the distinct impression that it frustrates her.

She was talking about the kinds of parts she plays. A fine young actress, Susan has played all sorts — Indians, Chinese, Italians, everything.

"Of course," she says, stretching to her tallest, "I have to face the fact of my physical limitations. I couldn't play a six-foot Amazon. I'm just not a horse, although if I was asked to play a horse, I'm a good enough actress so I could play a horse and play it pretty well."

Susan makes her home here now, and is happy about it.

"I'm much happier than I was in New York," she says. "There I was up tight, anxiety-ridden all the time. Here I'm relaxed.

I've heard people say they're lonely in California. That's because, if you're lonely in New York, you can always go out and find someplace to go, something to do. But it's just a cover-up for loneliness, just a frantic cover-up for the same old loneliness."

NOTABLES' QUOTABLES:

"There's too much abnormal sex in movies. It always seems as though it were directed at either the oversexed or undersexed, not at normal people." — Edward G. Robinson.

"I'll never go into politics. I don't feel qualified, and I have the old-fashioned idea that a man should be qualified before he runs for office." — Dick Van Dyke.

"My oldest son — he's 15 — thinks I'm too mod. He just asked me for a Navy blue blazer and black knit tie, so maybe there's hope for all of us." — Eileen Heckart.

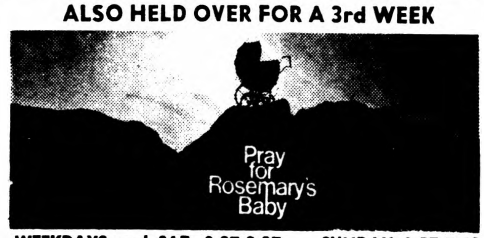

"I won't pose for any beefcake pictures. The actors who do it — or the actresses who do nude scenes — do it because they're really not actors at all." — James Garner.

Person to Person

JERRY ATKINS

We read that research pointed up the following facts about seat belts or harnesses: "They increase comfort in terms of support, and reduced fatigue. They improve control on sharp curves and in sudden stops. It is an indication of intelligence and consideration to be a habitual wearer of them, just as it is adolescent to believe it a sign of being "chicken" to wear them. Surveys suggest that the very act of wearing protection improves a driver's alertness and thus contributes to the avoidance of accidents. After a bad accident a lot of people will rush to buy or start wearing harnesses or seat belts . . . how much better to insure safety before the accident even happens!" Our aim is to be helpful in every way . . . may we SERVE you?

Mathis Favored Over 6' 9" Beattie

BLOOMINGTON, Minn. (AP)—Superior speed and boxing ability of Buster Mathis makes him a strong favorite over Jumbo Jim Beattie in their 10-round heavyweight scrap tonight at Metropolitan Sports Center.

The 24-year-old Mathis, who weighed 229 pounds when he finished training, is attempting to rebound from a technical knockout at the hands of Joe Frazier his only loss in 25 pro starts.

The Grand Rapids, Mich., native, who weighed 330 as an amateur, has peeled off 15 pounds since his loss to Frazier in the hopes of gaining speed and stamina.

"I really don't think I'll ever learn how to lose," said Mathis. "I want the other guy I'm in the ring with to get that feeling. I want very bad to have him learn to lose."

The two fought once as amateurs but Mathis says, "I can't recall a thing about our first meeting. I only remember I won the fight but Beattie won some award as a good fighter."

Mathis compared the 6-foot-9, 247-pound Beattie to Sonny Liston, "good punch but slow. But please don't say Beattie can't think. I don't know him or his style that well."

Beattie's forte in carving out a 30-4 pro record is his left hook, but he's been working hard on developing a right. He'll have an edge in reach, weight and experience.

"I am ready for anything," Beattie vowed, "a dirty fight or a clean fight. I expect Mathis to come out fighting and to try to take me out early If he does I have some surprises for him.

"Sure, I'm a little worried and just a bit nervous, but I think it's something you'd expect at the game. One thing I do know—I'm more ready than I've ever been for a fight."

Asked if he were afraid of his bigger opponent, Mathis replied:

"You bet I am, and I'm scared to death. If a psychiatrist examined me an hour before the fight, he would put me in the nut house. That's how excited and emotional I get."

Promoter Wally Karbo expects a crowd of 5,000 to 6,000. Tickets are scaled from $3 to $10 in the 14,500-seat Sports Center.

'We'll Be Stronger,' Says Colt Coach

WESTMINSTER, Md. (AP) "If we are going to be stronger it's going to be by improvement of our young people" says Coach Don Shula of the Baltimore Colts. And to hear him say it, he expects improvement. On a record last season of 11-2-1? And with the simultaneous retirement of three one time stars, tackle Jim Parker, end Raymond Berry and halfback Lenny Moore?

Yes. Shula learned the hard way last season that going through 13 games without defeat wasn't enough. The Colts lost the last scheduled game and the Coastal Division title of the National Football league to the Los Angeles Rams.

"Our attitude now is that we have to do whatever is necessary to win." Shula said at the Western Maryland College training site of the Colts.

Actually, the combined loss of Parker, Moore and Berry wasn't as much of a jolt as it seemed.

"Ray Perkins was being groomed to replace Berry," pointed out Shula, "and we were very happy with him up until his injury."

Perkins had to undergo a knee operation, but the Alabama flash is running around at full speed.

Shula also noted that Parker was hurt early in the second game of the season and Sam Ball stepped in without a hitch. It really was the rookie year for Ball since he was sidelined most of 1966 after being the first Colt draft choice.

Moore already was being used very sparingly at halfback and Shula admits "finding depth at that position is our biggest problem." He though he had helped it during the winter by trading defensive back Alvin Haymond to the Philadelphia Eagles for Timmy Brown. But Brown decided to become an actor.

Tom Matte is the No. 1 running back and Shula is trying what he calls a long shot to back him up. Preston Pearson, who played no college football at Illinois where he starred in basketball and was a defensive sub for the Colts last season, is being tried as a runner.

"I'm anxious to see him," says Shula.

Two rookies also being given thhe eye are Tony Andrews out Cole from Indiana.

Shula is looking elsewhere for signs of improvement at a "healthy Mike Curtis" at linebacker, defensive back Charles Stukes, the "emergence of Willie Richardson" at flanker and Bubba Smith, the giant defensive lineman.

Curtis was put out of action in the third game last season. Richardson took over as flanker when Jimmy Orr was hurt and Stukes likewise filled in while Lenny Lyles was laid up.

Orr, a 10-year veteran, will be shifted to the split end back of Perkins where the all-round Alex Hawkins also is available.

Smith, No. 1 draft choice of 1967, has been moved from tackle to end.

Howie Post: Top Wayne Chucker, Gained Mound Record Of 20-2

By KEN KOSTENBADER Jr.
Sports Editor

WAYNE "I enjoy getting out there and pitching three nights a week. I hope I can do it until I'm 60. I love every minute of it."

So says Howie Post, the winningest pitcher in all of Wayne's numerous softball leagues.

This season he found himself with a record of 21-2. No matter how you look at it that's quite a feat.

The quick armed right hander played on both the Preakness Pharmacy Class A softball team which finished second in its league and the undefeated Preakness Reform Church team in Church League softball.

Last year the fine chucker came up with an even better record of 23 wins.

His pitching ability is not the only thing Howie does well in the sport. The 32 year old surveyor is sought after by every team in the league for his hitting prowess which almost matches the magic he produces on the mound. Thus far this season Howie's average is going along at a 320 clip in Class A fast pitch and a hefty 400 in Church League competition.

Playing ball and playing it well is nothing new to Howie

HOWIE POST

Post who is married and lives with his wife Arlene at 72 Farmingdale Road.

Playing his high school ball at West Orange he was offered a contract by the then Boston Braves. However, before he had a chance to sign his army obligation came along.

But that had little to do with deterring Post from his favorite pastime. Howie joined a league while in Germany and ended up leading all mound aces in that country.

Returning home, Howie joined Demarest Ford in the North Jersey Baseball League where he played through the 1954 and 1955 seasons.

Then one day it happened; like so many other fine chuckers he found he had developed a sore arm. No matter what he did the sore arm seemed destined to stay with him, thus ending his hard ball throwing days.

Seven years ago, Howie decided to try softball. "I was having a lot of trouble whenever I tossed the hard ball, but I found I had no trouble at all when I pitched the softball."

Thus Howie Post joined a league and has been setting records ever since.

He's the best softball chucker around this area and if he gets his wish ("I'd like to play until I'm 60") he'll be the best for a long time to

Cram Session

In a classroom atmosphere Joe Namath, the New York Jets veteran quarterback, makes note of material in notebook of newly-acquired Babe Parelli at Jets Hofstra University training camp at Hempstead today. Peering over their shoulders is Jets coach and general manager Weeb Eubank. Parelli was obtained from Boston Patriots to understudy Namath.

Negro Colleges To Clash, To Play At Yankee Stadium

NEW YORK (AP)—Grambling College of Louisiana and Morgan State of Baltimore, will meet in a Negro college football game at Yankee Stadium Sept. 28, it was announced Wednesday night.

The game is being billed as the first Invitational Football Classic and will mark the start of a campaign by the newly organized Football Coaches' Foundation to raise funds for New York's Urban League Street Academy program.

Richard Griebel, president of P. Ballantine & Sons, told a news conference that "we are guaranteeing everything, teams, Yankee Stadium and expenses of the event."

Eddie Robinson, Grambling coach, Earl Banks, Morgan State coach, and Alonzo Gaither, Florida A&M coach, were present at the announcement. They are the founders of the Football Coaches Foundation.

Pitcher's Duel

Chicago Cubs Blank Giants, 2-0

Win On Santo Homer

Ron Santo settled a duel between Chicago's Ken Holtzman and Gaylord Perry of San Francisco by blasting a two-run opposite field home run in the ninth inning Wednesday and the Cubs beat the Giants 2-0.

Santo's clout, his 15th, over the right field fence came after Billy Williams had singled with one out for the fourth hit off Perry, 8-9. Perry had not allowed a Cub to get beyond second base to that point.

Holtzman, raising his record to 6-7, allowed only seven hits and had to work out of a bases loaded one out situation in the sixth inning and a bases loaded two out threat in the eighth. He got Willie McCovey to pop up and struck out Jim Hart in the sixth and then got Hart on a grounder in the eighth.

TWO PERFECT GAMES

COSTA MESA, Calif. (AP) When Dick Stoeffler bowled a pair of 300 games on Jan. 4 he became the sixth man in history with consecutive perfect games, reports the American Bowling Congress.

Stoeffler's first game was 255 and his two perfect games gave the manager of the Kona lanes here at 825 series.

McCovey Makes It In The Stretch

San Francisco first baseman Willie McCovey (44) stretches his long legs as he beats out an infield grounder in eighth inning today at Candlestick Park. Chicago Cubs first baseman Dick Nen, left, was charged with an error when he bobbled the ball. Covering first is winning pitcher Ken Holzman (30) who shutout the Giants, with help of Ron Santo's two-run homer in ninth. (AP Wirephoto).

Canadian Club Head Quits, Montreal Baseball Ebbing

MONTREAL (AP)—J. Louis Levesque, chairman of the sponsoring committee for Montreal's baseball entry into the National League for 1969, has withdrawn his support of the fledging project, it was announced Wednesday.

Charles Bronfman, vice-chairman of the committee, said at a news conference that Levesque, a multi-millionaire financier, had advised Mayor Jean Drapeau of Montreal and committee members of his decision on Tuesday.

Funeral director Marc Bourgie, another of the seven original backers of the team, also announced his withdrawal Tuesday.

Bronfman said he and the four other remaining shareholders, Montrealers John Newman, Sidney Maislin, and Lorne Webster, and Robert Isray of Chicago, are not disheartened by the withdrawals and are working with the city to replace Levesque and Bourgie.

Casey Stengel To Manage Again

OAKLAND, Calif. (AP)—Casey Stengel, a chippery 77, wil return to managing a baseball team on his 40th wedding anniversary Aug. 18.

The Oakland Athletics of the American League Wednesday proclaimed that day "Casey Stengel Day." For three innings, Old Case will manage oldtimers of the 1948 Oakland Oaks of the Pacific Coast League against '48 oldtimers of the San Francisco Seals under Lefty O'Doul.

Stengel and O'Doul actually managed those teams on which such stars as Brooks Holder and Cookie Lavagetto played for the Oaks, Gene Woodling and Con Dempsey for the Seals.

The three-inning game will precede a clash of the Athletics with the New York Yankees, a team that Old Case managed to seven world championships five of them in a row, 1949 to 1953.

SHAVING STROKES

by Frank Beard

Club Does Work

I have mentioned before, almost to the point of being repetitious, the idea of letting the club do all of the work. As far as I am concerned, this is the most important aspect of swinging at the ball properly. Any time you try to do the club's work or to add anything extra into the shot, your results will be unsuccessful.

After you have convinced yourself that you have good equipment and that it has been engineered and constructed propery to do the job it was made for, then you must begin working on a swing which will let the club do its job.

Such a swing is based primarily on rhythm and tempo alone and is completely devoid of any home-grown mechanisms to help the shot along. You must concentrate on swinging the club exactly the same every time under any circumstances.

Rhythm in a golf swing is much the same as in dancing you just flow with whatever comes along- don't force yourself or your club.

When I am swinging my best I always have the feeling that I have too much club for a particular shot. In this way, I never overexert a swing I am always trying to hold back and swing smoothly. I only get into trouble when I have the feeling that I don't have enough club and try to swing too hard and get more out of shot than I can.

So the tip I pass along in your attempt to develop rhytam and the proper tempo is never to overswing or exert yourself. Always take a little more club and get the feeling that you have the club and your swing under complete control. Let the club do all of the work, and you take a rest!

Hoyt Wilhelm

(Continued from Back Page)

watch on the off season is keeping my weight down," he added.

"I do a lot of hunting and play a lot of golf. I don't need to mess around with the baseball, and I don't."

Wlhelm's achievement is a great one, but it has little tarnish for Cy Young's memorable marks. After all, Mr. Knuckleball's appearances mainly were in relief. Cy hurled 751 complete games. And Cy pitcher 7,377 innings to 2,052 for Hoyt.

Cy doesn't have to move over

Green Bay Vs. Green Bay

Super Duper Bowl For Packer Team

Pro football's Super Duper Bowl will be played tonight Green Bay vs. Green Bay.

Actually, it's only an intrasquad game, but Phil Bengtson, the Packers' new coach, will be watching as if another championship were at stake.

The main objects of Bengtson's interest will be fullback Jim Grabowski and halfback Elijah Pitts. Both missed the Super Bowl game with injuries and if they are recovered it will lighten Bengtson's already tough task of following in the exacting footsteps of Vince Lombardi.

Bengtson said he will field essentially the same offensive and defensive units that started the Super Bowl game against Oakland, including quarterback Bart Starr, five pounds lighter after several days of intestinal flu. Starr said he felt okay after Wednesday's scrimmage.

There was some action Wednesday night. Jim Corcoran, leading passer in the Atlantic Coast Football League last season, threw three touchdown passes as the New York Jets' rookies beat Bridgeport, their ACFL farm club, 28-0.

Corcoran connected with Harvey Nairn of Southern University on a 75-yard scoring play and also threw for TDs of 15 yards to Tom Burnett and 14 to Wayne Richardson. Burnett and Richardson also played in the ACFL last year.

Elsewhere, there were the usual number of injuries.

Pete Gent, a regular flanker for the Dallas Cowboys two years ago, was move to tight end and promptly pulled a leg muscle. Offensive guard Chuck Walton of the Detroit Lions will undergo surgery to repair tendon damage in his right elbow.

Ernie Ladd, Kansas City's giant defensive end pulled a groin muscle and rookie Lindon Endsley injured a foot. Split end Jerry Simmons, regarded as a starter for the Atlanta Falcons, was sidelined with a nervous stomach.

In the Philadelphia Eagles' camp, rookie halfback Milt Masin collided with Ike Kelley during a scrimmage and was carried off the field with a sprained ankle. Tight end Mike Ditka complained of a slight muscle pull and fullback Tom Woodeschick said his hands were bothering him in the 90-degree-plus heat.

Wilhelm Sets New Pitching Mark

Appears In 907th, 908th Game Exceeds Cy Young By Two

CHICAGO (AP)—The Chicago White Sox dropped a doubleheader to the Oakland A's 1-0 and 2-1 Wednesday night but 20,000 fans didn't much care.

They came out to see Hoyt Wilhelm set a major league record that this generation, and maybe the next, probably won't see broken.

The knuckleball specialist strode to the mound in the ninth inning of the opener for his 907th game appearance. This erased Cy Younng's 906 mark that had stood since 1911 and once was considered invincible.

Wilhelm got the A's out in order but the Sox couldn't come through in their half of the ninth and lost to Jim Nash's sparkling four-hitter.

Wilhelm, who has been pitching the flutterball since high school days, also appeared in the ninth inning of the nightcap.

But he lost his 908th appearance when the A's scored a tie-breaking run to back up John "Blue Moon" Odom's six-hitter.

In 43 appearances this season Wilhelm has yielded only 10 earned runs.

Between games, Wilhelm celebrated a premature birthday at home plate as the fans gave him rounds of a standing ovation. He will be 45 Friday.

Proudly at his side at the ceremonies were his wife Peggy; daughters Patti, 15, and Pam, 13, and son Jimmy 10. Congratulatory telegrams were read from Commssioner William D. Eckert and American League President Joe Cronin.

It was a sentimental sight as the Medicine Man—one of Wilhelm's monickers—modestly heard praise heaped upon him while he cut his birthday cake.

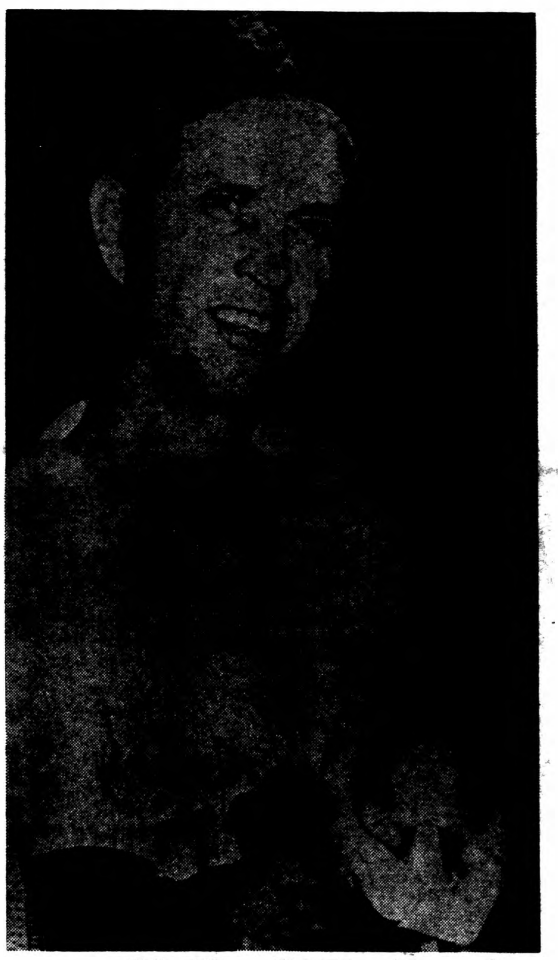

Gifts included a hunting rifle from teammates, a bag and set of golf clubs from the Sox management, a red carpet, a barrel of beer, a 45-inch salami, certificate for 13 bottles of pop and 45 ice cream sundaes.

The ball he twirled in his 907th appearance will be gold plated and given to him.

After it was all over, Wilhelm said his goal is 1,000 appearances and that he should be able to continue "because the knuckler doesn't take much out of the arm or shoulder."

"The only thing I need to

(Continued on Page 23)

Ole Man Of The Mound

Chicago White Sox knuckleball specialist Hoyt Wilhelm holds a ball that symbolizes his 907th mound appearance —that was made tonight in Chicago—breaking Cy Young's mark that had stood since 1911. Wilhelm, who will be 45 Friday, was presented with an assortment of gifts in ceremonies between games with Oakland tonight.

Cards Completes 3 Game Sweep

ST. LOUIS (AP) — The St. Louis Cardinals completed a three-game sweep Wednesday night, polishing off the Philadelphia Phillies 3-1 in a rain-soaked match that gave the Phils their sixth loss in a row.

The Cards' Ray Washburn ran his winning streak to six games, holding the Phils to only three hits in eight innings after Rich Allen's sacrifice fly scored the Phillies only run in the first inning.

Reliever Joe Hoerner worked the ninth for Washburn, after the game was halted for 55 minutes because of rain.

The win gave the Cards 18 triumphs out of their last 22 games in July. It also gave them a 12½ game lead over the second place Atlanta Braves in the National League — the biggest lead held by any team in more than a decade.

Astros Edge Dodgers, 1-0, Drysdale Hits 151st Batter

LOS ANGELES (AP)—Don Drysdale, owner of an impressive major league record for hurling 58 consecutive scoreless innings earlier this year, now is approachng a National League mark he'd rather not reach—the record for hit batsmen.

Two hit batters in a row cost the veteran right-hander a run Wednesday night and enabled Don Wilson and the Houston Astros to beat the Dodgers 1-0.

Drysdale hit three batters in eight innings, raising his career total to 151 and putting him only one shy of the league record set 60 years ago by the Dodgers' "Iron Man" Joe McGinnity.

"I wasn't throwing at anyone —those pitches just got away from me," Drysdale said after suffering his seventh loss against 12 victories.

He lost the game in the fifth inning after Denis Menke and Ben Johnson singled. Drysdale hit Rond Brand with a pitch, loading the bases, then hit Wilson to force in the only run.

"Both Brand and Wilson crowd the plate and neither pitch was very much inside,"

Drysdale sighed. The 32-year-old veteran combined with Don Sutton to hurl a five-hitter but they couldn't match Wilson.

Lopez Doing Well

CHICAGO (AP) — Chicago White Sox Manager Al Lopez, who underwent emergency surgery for appendicitis Tuesday night, was in "very good condition" in Mercy Hospital Wednesday.

Dr. William Allen said Lopez had spent a very good night, was restin gcomfortably and "there were no complications."

Dr. Allen said Lopez will remain in the hospital for about two weeks and will recuperate at home for an additional two weeks.
