

## HAVE THEMSELVES TO BLAME.

Women Are Often Responsible for Unwelcome Attention of Strange Men.

"It always amuses me to hear members of my own sex complaining of the unpleasant attentions they receive from men," said the college settlement girl, reports the Chicago Chronicle. "As a rule the complaining contingent is young. One sweet thing actually complained that men on the street looked at her. She did not also say that her street conduct was enough to compel them to. Coquettish glances in all directions and every foolish possible and impossible sort of self-consciousness are enough to draw the stares of the idle. From all I can learn even pretty women are seldom pursued if they absolutely keep their eyes where they belong and pursue a straight course. Should they happen to pass a street or a store into which they intended to turn and retrace their steps some loiterer might find the action suspicious and fancy his own fatal charms were the cause. He soon sees the mistake when there is a mistake. While it may be safe enough, I admit it is not very nice for a girl or woman to be on the streets alone at night. As far as I'm concerned, though, I have never had any man speak to me or offer any indignity even when returning at night through the slums entirely alone."

## MORMONS IN NEW MEXICO.

About Five Hundred Are Scattered Through Several of the Leading Counties.

There are to-day in New Mexico, out of an estimated population, at a very conservative estimate, of 240,000 people, not over 500 Mormons, men, women and children. These, says the Santa Fe New Mexican, are scattered and live in small settlements in San Juan, Rio Arriba and McKinley counties. They cut no more ice politically here than does a Tammany politician in the celestial empire. The immigration into New Mexico at this time is not coming from Utah, it is from Iowa, Nebraska, Kansas, Oklahoma and Texas, and no Mormons have been noticed in the numbers that have come into the territory during the past three years and are coming now. The senators and representatives from the state of New Mexico in congress, the officials of the new state, the members of the legislative assembly and the county officials will contain a large proportion of native New Mexicans, of Spanish or Mexican descent; in fact, they will be pretty evenly divided between this class of New Mexico citizens and the men who came to New Mexico years ago and have been citizens thereof for from ten to thirty and forty years.

## LO, THE POOR INDIAN.

Handsome and Fashionably Attired Choctaws Now Baffle the Common Expression.

A writer in Woman's Home Companion gives some facts about the residents of Indian Territory which are startling. He says:

"The Choctaws, by the way, are the wealthiest, and in most respects the most progressive, tribe of all. Purcell, their chief town, is a thoroughly modern little city, and the visitor who walks its streets for the first time can hardly believe he is in 'the Indian country.' The leading doctors, lawyers, bankers, preachers and business men are all Choctaws, and all men who would be a credit to any community. While sitting in front of a hotel there one evening recently, I watched with a great deal of interest the handsome and fashionably attired couples of young folks who were on their way to some entertainment, and I must confess that I never saw anywhere more prepossessing specimens of high civilization. An extremely pretty and stylish young woman was of the party, and I was assured upon competent authority that she was a typical Choctaw maiden."

## ONLY RACE OF STABILITY.

Statement That Caucasians Will Survive All Other People in the World.

A surprising statement was lately made by Rev. K. C. Jaeger, pastor of the German Presbyterian church, Brooklyn, when lecturing on "The Origin of the Human Species," reports an eastern paper. He said at the labor lyceum that in the white race only can be found men, the crowning work of God's creation. Men enjoy the possession of a soul, and for millions of years before the creation of mankind negroes, Malays, Mongolians and Indians might have been swarming over the world, but these things cannot be considered as men. Negroes and Malays have a good imitative ability, the pastor added, but they are not enabled to guarantee the progress of mankind. The Caucasian race only will survive and all non-Caucasians will disappear.

The Indians have almost perished. The Mongolians will perish by the fatal use of opium and there is no hope for the other races.

**Musical Disease.**  
The Society for the Culture of Musical Therapeutics in New York is investigating the influence of music in various diseases. One enthusiastic member believes that the time will come when musical instead of medical prescriptions will be given—"The Old Oaken Bucket" perhaps for diphtheria, tremulous patients, and "Jingle Bells" for sunstroke.

KEITH'S THEATRE.

There is no let down either in quantity or quality of the shows given at Keith's popular playhouse, in this, what is ordinarily considered the "off season," theatrically, which means that there is no curtailment in expense, a thing unknown at Keith's, and that the shows are fully up to the high standard set by Mr. Keith, and which has made his name known all over the world.

The bill for the coming week will contain one holdover, McIntyre & Henth. These kings of fun makers will do their new sketch "Dr. Lorenzobreak-bone." In the line of novelty will be seen the greatest of all illusionists, Howard Thurston.

Lenore & St. Claire, Beatrice Moreland, The Craigs, E. Foster and his musical dog "Mike," Wood & Ray, Myers & Rosa, Collius & North, Clifford & Dixon, Arnesen, Charles Kenna and a complete set of new scenes for the moving pictures will complete a bill that leaves nothing to be desired.

Literary Note of the July Designer.

The well-known home and fashion magazine, THE DESIGNER, published by the Standard Fashion Company of New York City, has been reduced in price from \$1.00 to 80 cents a year. The great aim of THE DESIGNER is to help women along all practical and beautiful lines, by gathering for them and giving to them the fullest information on all fashion and domestic matters.

Boer War Correspondents.

The movement to honor by a suitable memorial the English newspaper correspondents who lost their lives in the South African war revives the recollection of service performed under trying and perilous conditions. The committee of the Institute of Journalists has been compiling a list of the correspondents who were killed or died of disease while in the discharge of duty. "Killed at Wagon Hill," "Killed at Slingersfontein," "Killed at Mafeking," "Died of fever at Simons Town"—so runs the record. The cost of war in money falls into insignificance when compared with its cost in men. Try how they may, no class of men concerned in war can escape the fatal toll of the battlefield.—Youth's Companion.

Only Gloom Ahead.

The winter had been unusually severe, and the lake from which the ice company gathered its crop was frozen to a much greater depth than usual.

"I suppose, colonel," remarked a citizen to the president of the company one cold morning, "that you won't charge us so much for our ice next summer as you did last. You're getting a tremendous crop."

"We may have to charge more," stiffly replied the president. "Think of the trouble and expense involved in cutting ice three feet thick!"—Youth's Companion.

Animals and Poisons.

Certain substances which are deadly in their effects upon men can be taken by the brute creation with impunity. Horses can take large doses of antimony, dogs of mercury, goats of tobacco, mice of hemlock and rabbits of belladonna, without injury. On the other hand, dogs and cats are much more susceptible to the influence of chloroform than man, and are much sooner killed by it. If this invaluable anesthetic had been first tried upon animals we should probably have never enjoyed its blessings, as it would have been found to be so fatal that its discoverers would have been afraid to test its effects upon human beings. It is evident, then, that an experiment upon an animal can never be the means of any certain deductions so far as man is concerned.—Family Doctor.

His Platform.

"You have your own ideas as to the needs of the country," they said to the man who wanted to run for office.

"You bet I have," he replied. "The country needs me."

"And your political principles?"

"Oh, I'm loaded up with political principles, but the greatest principle of all is to get office."

"How about a platform?"

"That's where I am especially strong. My platform is to give the public any kind of a platform that it seems to want, and then, if I am elected, to live up to just as much or as little of it as suits me."

Thereupon they knew that they had a practical politician to deal with, and, following precedent, they gave him the nomination.—Brooklyn Eagle.

Glass That Will Not Crack.

A new kind of glass that resists great heat as well as sudden changes of temperature is made from Brazilian quartz pebbles. The pebbles are heated red-hot and then thrown into distilled water. The purest pieces are next selected and welded with the oxygen-hydrogen blow pipe into long stems like knitting needles, from which glass vessels of any shape can be made. At present the quartz glass is chiefly employed for making laboratory apparatus. Into a test-tube made in this way a white-hot coal can be dropped without breaking it. Vessels of other forms can be heated white-hot and then plunged into cold water without crack. ing.—Youth's Companion.

# Queen Quality

## Sure to Fit.

The privilege of choice from a lot of styles is equal to an extra ten per cent. of value. All stores agree on this. Do you realize that the "Queen Quality" shoe

originates nearly all the styles

of shoes worn by women?

"Queen Quality" is made in every possible style from original designs. In each style there is every size and shape for every kind of foot. We carry all this stock. It is practically impossible to produce a need for which there is not a "Queen Quality" shoe already designed and in our store today. And

they are original designs

found on no other shoe unless they are copied. It is equally impossible to produce a normal foot which we cannot accurately fit in this shoe. This is not true of other makes of women's shoes.

With any other shoe you may or may not be fitted; but with "Queen Quality" you have nearly twice as many styles and far greater differentiation in sizes and shape. If you want a "glove" fit in shoes you can get it only in "Queen Quality,"—remember that.

## CHAMPION CLUB TOWN.

Bloomington, Ill., Has That Distinction and Has Run Out of Names for Them.

Bloomington, Ill., should be given the prize, if there is a prize provided in such cases, for being the champion club town in the country, reports the Chicago Tribune. With a population of 25,000 people, Bloomington has 85 social organizations. Almost every kind of club ever heard of in the world is to be found in Bloomington. There are women's clubs and history clubs, culture clubs and cooking clubs, card clubs, bowling clubs, dancing clubs, reading circle clubs, musical clubs, church clubs, golfing clubs, outing clubs, and a large number that would come under the head of miscellaneous. The fact of there being such an enormous number of clubs in one small town has driven the various organizations which have been the latest in forming almost frantic in their attempt to get good names. Among the various romantic and oddly named clubs in Bloomington are the Jacques Rose Whist club, the Recherche Bowling and Dancing club, the Philadora club, the Shillelah club, the Mattenberg Fancy Work club, the Doers' club, the Everlasting Friendship club, the Ein Dutzend club, the Fourteen White Cornations, and the Vivian Bowling club. Anybody who knows of any appropriate club name that is not working would confer a favor by boxing it up neatly and forwarding to Bloomington. It can be used there.

## CHAMPION MONEY FINDER.

Philadelphia Man Who Has Found Two Million Dollars, and the Owners of It.

Isaac Banks, of this city, claims to have found and returned to the owners more valuables and money than any other man living, reports a Philadelphia exchange. A good many men have found valuables and not kept them, but Mr. Banks figures up that he has found \$2,000,000, and that every bit of this has gone back to the owner. He did not find this in a lump sum, nor did he find a check for the \$2,000,000. He made his finds during the course of a long life and he was just as fortunate in finding the owner each time.

It was not all cash, but nearly all of it was negotiable—negotiable bonds and stocks, and diamonds and pearls and sapphires, watches, rings and flares, things which are surely profitable enough. And Mr. Banks found, too, a good deal of cash—sufficient, indeed, had he kept it, to have made him a rich man. But of the whole \$2,000,000 not one penny did he keep.

It would seem that Mr. Banks must have gotten, for finding so much money, some very large and generous rewards. These are the rewards that he received for restoring valuables worth \$2,000,000 to their owners: In cash, \$50; in presents (gloves, neckties, books, etc.), \$100.

## A FAMOUS IRISHMAN.

In Whose Memory a Statue Was Erected in Hungary's Principal City.

A monument to Count John Butler, the Irish-Hungarian, famous for his charities, was lately unveiled amid much enthusiasm at Buda-Pesth, says a London report. Count John was a descendant of the Butler who assisted in the murder of Wallenstein, hero of the Thirty Years' War, for which deed the emperor of Germany rewarded him with a count's coronet. In the course of time the family acquired immense wealth, and is now among the biggest landowners in Hungary, as well as Bohemia and Bavaria, the head of the family, however, always choosing a military career. The Butler commemorated by the monument was as well known for his charities as for his matrimonial troubles. When a youth Count Dory compelled John, revolver in hand, to marry his daughter Josephine. He fled during the wedding night, and afterward refused to recognize Josephine's child. The divorce suit he brought against his wife lasted 36 years, until the day of his death. Even his change of religion, from Catholic to Protestant, did not obtain him a decree.

## NEW METAL DISCOVERED.

A Compound of Aluminum and It Is Proof Against Chemical Influence.

The Central Zeltung fuer Optik und Mechanik, of Berlin, states that a new metal has been discovered which will be put on the market under the name of meteorite. It is a compound of aluminum, is just as light as aluminum itself, and proof against chemical influences.

At the same time it is extremely pliable, so that it can be used for pipes, wiring, horseshoes, and in all cases where brass is now used. Its weight is one-third of that of brass and its price is the same.

To Cut the "Excelsior" Diamond. A syndicate has been formed at Amsterdam which will bear the great expense and risk attending the cutting of what is the largest diamond known—the Excelsior. The Excelsior was found at the Jagersfontein mines, South Africa, in 1893. It is the size of a hen's egg, and weighs in its present raw state 970 karats, which is nearly twice as much as the Kohinoor weighed before it was reduced to its present size.

## Express Train of the Future.

On the experimental railroad built by the German government, between Berlin and Zossen a new type of express train is to be tested next year. The specifications require that the train shall maintain a speed of 74½ miles an hour for three consecutive hours. In order to diminish the air resistance as much as possible, the entire train, including the locomotive, will be inclosed in a shell of sheet steel, jointed so as to secure flexibility in rounding curves, uniform in size from end to end, and presenting no projections to catch the air. The front of the engine will be wedge-shaped, and the wheels will all be of the disk, instead of the spoked pattern, and will be inclosed as far as possible by the protecting sheath. Steam is to be the motive power, the previous experiments having shown that electric motors at high speed unduly strain the track.—*Hallway Journal*

office.George L. Delastour was elected pres-  
ident of the board over Dr. J. B. Harri-  
son, the vote being 3 to 2.C. W. Harden was made secretary and  
registrar of vital statistics at a salary of  
\$50 per annum.Dr. J. B. Harrison was appointed  
medical officer and E. Edgar, sanitary  
inspector of the board at a salary of \$20  
per month.The regular meetings of the board will  
be held the first Friday of each month  
in the council rooms at eight o'clock.The W. M. Harrison nuisance was  
again before the board and the secretary  
was asked to notify Harrison to connect  
his house with the sewer within 10 days  
or the matter would be placed in the  
hands of the town attorney, with in-  
structions to proceed against him.Dr. Harrison and secretary Harden  
were appointed a committee to draft  
a suitable sanitary code and present it at  
the next meeting.

## A HOT COUNCIL MEETING.

Exciting Going on at Mountside—New  
Board of Health Members Appointed.Tuesday night the Mountside bor-  
ough council met, and for a while busi-  
ness looked up rather briskly. J. F.  
Dorvall, president of the board of health,  
appeared before the meeting and asked  
to have the two members of the board  
whose term had just expired, reappoint-  
ed, stating that the board had an im-  
portant law suit on and it would facili-  
tate matters to have the matter handled  
by the old board.Mr. Dorvall accused one of the main  
members of the council, one J. F. Mallette,  
of trying to defeat the board in its suit  
against Julius Ringlack. Mr. Dorvall's  
charge brought Mallette to his feet and  
some fairly warm talk followed.The officials whom Mr. Dorvall asked  
to have re-appointed were G. W. Smith  
and William DeVenu. Three nomi-  
nations were made as follows: John Bal-  
man, G. W. Smith and William De-  
Venu. Mr. Smith, on vote, was defeated.

## Not Much of a Dresser.

Moses Ashby, a Pocono (Conn.) wood-  
chopper, celebrated the seventy-eighth  
anniversary of his birth recently by  
buying a hat for the first time in 35  
years, and a suit of clothes for the first  
time in 40 years.—N. Y. Sun.

## GRADUATION EXERCISES.

REV. W. O. JARVIS TO PREACH BAC-  
CALAUREATE SERMON.Where the Exercises Will Be Held—Who  
the Graduates Are.The graduation exercises of the Wash-  
ington High School will begin on Sun-  
day evening next, when Rev. Wm.  
Oscar Jarvis, rector of St. Pauls church,  
will preach the baccalaureate sermon,  
in the Presbyterian Church. The  
Alumni teachers, and members of the  
Board of Education will meet in the  
Primary department of the chapel at  
7:45. Services will begin at eight o'clock.  
A fine musical program has been ar-  
ranged by the choir.The Senior Class Day exercises will  
take place on Wednesday afternoon at  
2:15 o'clock, in the Washington school  
hall. The program which has been ar-  
ranged is both novel and interesting.The regular commencement exercises  
will be held on Thursday evening in the  
Washington school auditorium. Music  
will be rendered by the scholars of the  
Grammar and High schools. The  
Salutatory will be given by Miss Alice  
Warncke and the Valedictory by Miss  
Jennie Bailey.The graduates are: The Misses Jen-  
nie Bailey, Bill Godshalk, Charlotte  
Cory, Virginia Ketchum, Pearl Welch,  
Ernesta Bachman, Estelle Hegeman,  
Alice Warncke, Oriole Lloyd, Lillian  
Hann, Ethelyn Terry, Mary Lambert,  
Lizzie Hart, Edith Wolcott, Anna  
Sorter, Messrs. Herbert Welch, Karl  
D. Robinson, and Joseph Sherman, Jr.  
Dr. Madison C. Peters of Baltimore,  
will deliver the address, and diplomas  
will be awarded by Martin Welles,  
President of the Board of Education.  
The Junior reception to the Seniors  
will take place on Friday evening, June  
19, and on the Monday evening follow-  
ing, June 22nd, the Alumni reception  
and dance will be held at the Westfield  
Club Hall.

## UNCLE SAM IN ALL HIS GLORY

Will Be Conspicuously Displayed in Colors  
in the Coming Great Fourth of July  
Edition of the Standard.The lithographed front cover page  
will show Uncle Sam in red, white and  
blue, blazing away with a seven shooter  
and a horse pistol. The great American  
Eagle wearing Uncle Sam's shapero,  
will also be seen enjoying himself with  
cannon fire crackers. The get-up of the  
front page for this edition is very at-  
tractive and it will be the endeavor of  
the Standard force to turn out equally  
attractive inside pages.The special edition will be aglow with  
wholesome reading matter and display  
announcements from some of the lead-  
ing business houses of the country.

## The General Public is Invited

To visit the new store in Plainfield of  
Woodhull and Martin. It is one of the  
largest enterprises of its kind in central  
New Jersey and is well worth a visit  
whether you intend to purchase or not.  
A trip through the new building, with  
its thousands and thousands of dollars  
worth of new dry goods, furniture, &c.,  
&c., so metropolitanly displayed, is a  
very unusual and interesting sight for  
this section.

## Alumni's Annual Reception.

The Westfield High School Alumni  
Association will hold one of their popu-  
lar annual receptions Monday evening  
June 22nd in the Westfield club hall.  
The committee in charge of the recep-  
tion promise a most enjoyable evening.

## William Gordon a Bad One.

Little William Gordon, a Westfield  
colored youth who was recently sent up  
for stealing a bicycle, escaped from the  
hands of the probation officer at Eliza-  
beth, and skipped to Bayonne where he  
got mixed up in robberies. He was lo-  
cated in Somerville and is once more  
within the clutches of the law. Gordon  
is but 14 years of age, but has been  
arrested many times.

## Letter to C. A. Smith,

Westfield.

Dear Sir:—Everybody considers paint-  
ing a necessary nuisance, and you are  
probably no exception.You can't abolish it altogether, but  
you can make it come half as often, and  
cost only two-thirds as much each time,  
and have your house look better all the  
time.Everybody knows that the sea-shore is  
hard on paint. The Farrington residence  
at Rockland, Maine, a sea-coast town,  
was painted with Devco seventeen years  
ago. The house has never been re-  
painted, and seems to be well painted yet.If you want to take the trouble to be  
convinced, we can send you a hundred  
other instances; but none so striking as  
this.This is not all. Devco Lead and Zinc  
not only wears longer, but it paints  
more square feet to the gallon than any  
other paint—especially mixed paints. It  
is the "Fewer gallons; wears longer"  
paint.Yours truly,  
F. W. Devco & Co.P. S. Chas. Orioleberger sells our  
paint.—Arrangements go with the Westfield  
ball team to Phillipsburg on June 20th.

## FIRE LADDIES DAY.

WILL GO TO LAKE HOPATCONG.

Guests of General Manager W. G. Besler  
of the Jersey Central—A Token of  
Appreciation of Railroad Officials  
For Work Done by Firemen at  
the Great Wreck and on Two  
Former Occasions.It is one thing to make a promise and  
another thing to fulfill it. But not so  
with General Manager W. G. Besler of  
the Jersey Central.Westfield firemen have always been  
willing and prompt to attend every call,  
not only when Westfield property was  
being destroyed by fire, but when rail-  
road property has been ablaze within  
the limits of the town. Three times  
within a year has the department been  
called to lend assistance at railroad  
fires, the last being at the fatal railroad  
wreck west of the Broad street crossing,  
where so many lives were lost.The firemen have done good work and  
they are about to be rewarded.Mr. Besler, after the great railroad  
disaster, promised to take the fire lad-  
dies, with their wives and sweethearts,  
for a trip along the line of the Jersey  
Central just as soon as the weather  
would permit. He is about to fulfill his  
promise.Ex fire chief Thomas O'Neill was sent  
for by Mr. Besler and informed that on  
Tuesday, June 23rd, he proposed to take  
the firemen to Lake Hopatcong in a  
special train leaving Westfield at 8  
o'clock in the morning. The trip will  
include a beautiful sail around the lake,  
a dinner at one of the hotels and a box  
lunch on the return trip.Of course this proposition pleases the  
firemen greatly and they and their  
wives and sweethearts are booked for a  
solid day's outing.Mr. Besler will make the trip person-  
ally and see to it that everything possi-  
ble is done to make the outing a pleasant  
one in every way.Chief Ira C. Lambert has had special  
tickets printed and every fireman will  
be presented with a ticket good for  
himself and one. Positively no children  
will be allowed on this trip. The  
tickets are not transferable.

## ARGANUMITES TO PLAY BASE BALL.

The Reds and the Blues Will Battle at  
Recreation Park June 20th.There promises to be much fun at the  
coming great ball game between the  
"Reds" and the "Blues," two teams  
composed of members of Fireside Coun-  
cil Royal Arganum.The following "star" players will  
line up for the Blues: Harold Tice,  
Charles Taggart, Malmar, Randolph,  
Chas. Petty, Will Lynde, Fred Decker,  
Ira Lambert, Morton, Foster and  
Snyder.The "Reds" will show up with Har-  
ket, Gilly, Vervort, Davies, Ferris,  
Townley, Schmitt and Brownell. Bluer  
Affick and Andy Smith will attempt to  
upstage the game under special rules of  
their own. Both will be encased in a  
suit of steel.Visitors from Roselle and Summit,  
Rahway and Plainfield will witness the  
game and it is expected that everyone  
will have their money's worth. Tickets  
may be obtained from E. G. Hanford or  
at the gate. Tomorrow both teams will  
have their final practice on the Moun-  
tain avenue diamond.

## W. C. T. U. Notes.

Willard W. C. T. U. held a birthday  
social at their hall on Prospect street on  
Tuesday afternoon. The committee in  
charge had provided a most enjoyable  
program, consisting of music and recita-  
tions. Miss Adele Baker and little Miss  
App entertained with piano selections,  
and Miss Heinlein favored with the  
banjo. The recitations by Mrs. Watts,  
of Elm street, were beautifully given  
and much enjoyed. The day being  
"Flower Mission" day, Miss Florence  
Brewer recited, very appropriately,  
"The Marriage of the Flowers." The  
birthday offering of the members of the  
Union, together with the gifts of friends  
present, netted the Union a neat little  
sum. After a social half hour, accom-  
panied with refreshments, the company  
broke up, having spent a very pleasant  
afternoon.

## Looked For Trouble and Found It.

Tuesday night Matthew Clark started  
out to hunt for trouble. He made a  
threat to "lick" one Preston Ross but  
Ross got at him and drew first blood.  
Then Clark had his opponent arrested.  
After hearing both sides of the case  
Recorder Toncey dismissed Ross. Both  
participants to the affray are colored  
men.

## Jimmie Kelly Is Dead.

Last week the Standard told how  
James Kelly, a former workman for  
florist Berner, tried to commit suicide  
by taking a dose of Paris green.  
"Jimmie's" attempt to kill himself was  
successful he having died Friday last in  
the Elizabeth General Hospital.—The Westfield Phillipsburg ball  
game will be a corker. Join the rooters  
and go with the team. Train leaves  
Westfield at 1.55. Special rate.

ion, he expects a compliment.—Atch-  
ison Globe.

## WESTFIELDER'S IN WRECK

ESCAPE WITH BRUISES AND NERVOUS  
SHOCK.Motorman Almost Instantly Killed—Oth-  
ers in Wrecked Car Seriously Injured.A fatal trolley car wreck occurred on  
the Elizabeth, Plainfield & Central Jer-  
sey trolley line Wednesday night. The  
accident happened at Loraine and ap-  
peared to be caused by the motorman's  
lack of control of the car while speeding  
down grade. The car left Elizabeth  
about midnight and was well filled, ten  
of the passengers being members of  
Central Council 181, Jr. O. U. A. M., of  
Westfield, who had been visiting a  
brother lodge in Elizabeth.As the car, which was an open one,  
nearly the Loraine curve it was noticed  
by the passengers that it was going at  
an unusual high speed. At the curve  
the car jumped the track and ploughed  
into an iron trolley pole with terrific  
force. Passengers were thrown over  
the seats and several of them landed in  
the gutters along side of the tracks.  
Motorman Jas. Chrysty struck the trol-  
ley pole and was almost instantly killed.Conductor Joseph Durea, of Plain  
field, received a severe cut on the knee.  
Two ladies from Plainfield were con-  
siderably cut and bruised and a Roselle  
man had his face horribly cut by being  
thrown off the car.Richard Peniston, a carpenter of  
Westfield, was slightly injured and is  
under the care of a physician.Among the Westfield people on the  
car at the time of the accident were:  
E. S. Hall, Bert Woodruff, Geo. Han-  
kins, A. E. Snyder, Nelson Archibald,  
Engene Lear, C. A. Briant, Thomas  
Welles and Mr. and Mrs. Fred Winter.Dr. Sinclair, of Westfield, was sent  
for by the trolley company, and soon  
arrived at the scene of accident in a  
special car.

## CHILDREN'S COUNTRY HOME NOTES.

The second party of twenty chil-  
dren came out to the Home this after-  
noon in charge of one of the nurses and  
visitors of the New York City Mission.One boy of the first party was by the  
advice of Dr. Sinclair, the visiting phy-  
sician of the month, sent back last week  
to the hospital from whence he had  
come, as needing greater care and at-  
tention than could be given him at the  
Home.Mr. Barton's stage has been engaged  
for the season for the transportation of  
the children between the station and  
Home.The Board of Managers has now its  
full complement of members by the  
election of Mrs. John Platt, Mrs. Henry  
Evans and Mrs. Stratten Halstead in the  
places of Mrs. A. S. Clark, Mrs. Ran-  
dolph Perkins and Mrs. N. L. Newcomb,  
resigned.The net result of the May Festival  
held in the Club House Hall on Decora-  
tion Day was about \$32.00, a gratifying  
sum in view of the discouraging circum-  
stances under which it was held.The managers have decided to hold  
the Fair at the next annual benefit for  
the Home, on December 4th and 5th.  
The whole community will be invited to  
co-operate to make the affair a grand  
success.

## This Hobo Flies High.

Monday night John Sullivan, hobo,  
was arrested for being drunk and using  
the gutter for a bed. Recorder Toncey  
sent him down the line for 30 days.When Sullivan heard the sentence he  
informed the Recorder that he would  
carry the case before John Keau or to  
the Supreme Court. He said he knew  
all the Republican leaders of the county  
and would pull wires and secure his  
freedom.

## Forty Hours of Devotion Over.

The forty hours of devotion which  
commenced in Holy Trinity R. C. church  
last Sunday, High Mass being observed,  
closed on Tuesday evening. The ser-  
vices were all well attended. The  
closing services on Tuesday evening were  
quite elaborate and were participated  
in by four priests. Rev. Father Dolan  
delivered the sermon and Rev. Father  
Kane of Elizabethport gave the blessing.  
The music was a special feature being  
rendered by Plainfield people. A num-  
ber of people from Plainfield, Cranford  
and Roselle were present.

## Beware of Ointments for Catarrh that

Contains Mercury.  
As mercury will surely destroy the sense of  
smell and completely derange the whole sys-  
tem when entering it through the mucous sur-  
faces. Such articles should never be used ex-  
cept on prescriptions from reputable phy-  
sicians, as the damage they will do is ten fold  
to the good you can possibly derive from them.  
Hall's Catarrh Cure, manufactured by F. J.  
Cheney & Co., Toledo, O., contains no mercury,  
and is taken internally, acting directly upon  
the blood and mucous surfaces of the system.  
In buying Hall's Catarrh Cure be sure you get  
the genuine. It is taken internally and made  
in Toledo, Ohio, by F. J. Cheney & Co. Treat-  
ment by Druggists. Price 75c per bottle.  
Hall's Family Pills are the best.

## A Powerful Poison.

A certain professor in this city  
amused his students the other day  
during a chemistry lecture by relat-  
ing a story about an old German  
professor who, narrating the fact  
that cyanide of potassium was a very  
deadly poison, went so far as to  
say that "one drop of this stuff  
placed on the tongue of a rabbit  
would kill the strongest man!"

As the earth was poked round the roots of a tree planted in front of a school on Arbor day last month a little girl exclaimed: "My New York!" soon he a woods if we children keep on!" The interest of the children of the crowded city districts in green and growing things is pathetic, and Arbor day has done as much for them as for the rural districts.

## LOCAL PARAGRAPHS

### BASE BALL

**To-morrow Recreation Park.**  
Westfield vs. Scotch Plains.  
**Game called at 4 p. m.**

—William Bastable is visiting friends in town.

—Miss Etta LaRosa is clerking in Miss L. A. Piker's store.

—Read page 7 for base ball, golf, tennis, and Westfield club notes.

—Dr. W. W. Moffett, of Bridgeton, occupied the pulpit in the Methodist church on Sunday evening last.

—The degree of Ph. D. was conferred upon Prof. Savitz last week, by the New York University.

—Harry J. Greenwood left yesterday morning for Homer and Cortlandt, New York, where he expects to spend the summer.

—Mrs. R. P. Grant and daughter, Winifred, will leave on Wednesday next for Haines Falls, New York, where they will spend the summer.

—Mrs. G. W. Trexler and Mrs. Frank Bright, of Allentown, have been guests at the home of Frank R. Peulington, of Broad street.

—Mr. and Mrs. Louis J. Kidd, of Mt. Glove, Mexico, spent Sunday at the home of W. R. Fishbough on Elm street.

—Mr. and Mrs. William Smith and Mr. and Mrs. Harry Neesen, of Brooklyn, spent Sunday at the home of Frank Brownell, on Broad street.

—Mrs. Harry Gardiner has returned to her home in New York city after a pleasant visit of two weeks at the home of her brother, W. R. Fishbough of Elm street.

—Dr. W. W. Moffett and wife and Miss Lillian Kennedy have returned to their home in Bridgeton, after spending a week with friends and relatives in Westfield.

—Miss Connolly whose wedding to John H. Peuchosa will take place on Tuesday evening next at the Congregational church, gave a very pleasant luncheon on Tuesday last, to her maid of honor and six bridesmaids, at which time she presented them with gold hat pins as souvenirs. The entire decorations were pink.

—"Jack" Field, a brother of C. C. Field of Westfield, witnessed the ball game at Recreation Park on Saturday. Mr. Field is the crack first baseman of the Rockville Centre, (L. I.) team and is considered one of the best first basemen outside of the league. He expressed himself as well pleased with the work of the local boys.

—Scotch Plains will send her very best down to-morrow afternoon to tackle the Westfield ball team at Recreation Park. The Plains aggregation have played wonderfully fast ball this season and have defeated some of the best semi-professional teams in this section.

—One week from to-morrow, June 20th, it's "Phillipsburg first stop," and then the great game of base ball between the North Ends of that city and the Westfield cracks. It promises to be a hair raising sort and it is hoped that a large number of the local faithfuls will make the journey and root good and hard for Westfield.

—A lawn party will be given to the scholars of the Baptist Sunday school to-morrow afternoon from two to five o'clock on the church lawn. It is expected that all Superintendents from the inception of the school in 1869, will be present. Arrangements have been made with Photographer Baumann to be on hand with his camera.

—The Union Electrical Co., electrical contractors, has taken an office in the Standard building and are now prepared to take orders for all kinds of electrical work and to complete contracts of any size in the best workmanlike manner and in the shortest possible time.

—Richard Carpenter, of the big woods, sponsor for the late James Reilly, started on a spree Sunday and wound up in the local police headquarters. After having been given an opportunity to sober up Recorder Toucey fined him \$3.00.

—Saturday night two of Westfield's young rising generation proceeded to load up on fire water and when sufficiently full started to fight on Elm street. They had it out for about five minutes when Officer O'Neill took them in tow to the police station. They were comfortably housed for the night and Sunday morning fined \$3.00.

—The funeral service of the late Mrs. Alice Smith, who was found dead near Plainfield last week, took place at the home of John Deers on Central avenue, last Saturday morning at 10.30 o'clock. Dr. C. M. Anderson, officiated. Interment took place at the Methodist cemetery, Springfield.

### HARDEN-STOWE WEDDING.

The wedding of Miss Grace Marinda, daughter of Rev. Dr. LeRoy Sumner Stowe, to Robert Willard Harden took place on Wednesday evening at 8.30 o'clock, at St. Pauls Church. Rev. William Oscar Jarvis, the rector, officiated. The pretty church decorations were green and white, and consisted of palms, lilies and daisies. They were under the supervision of Mrs. Jarvis and were the handiwork of the Altar Guild and choir, of which Mr. Harden is a member and the bride organist.

The bride's gown was a creation of white silk with Mechlin lace trimming. Her tulle veil was fastened with white bride roses. She carried a white satin prayer book from which the ceremony was read at the altar, the betrothal service being at the chancel.

The bridesmaids were the Misses S. E. Stowe, Gertrude F. Stowe, sisters of the bride, Miss Jennie G. Hanna, of Sangeries, N. Y., and Miss Grace M. Harlan, sister of the groom. They were gowned in Nile green silk milles with lace trimming. They wore picture hats, trimmed with lace and daisies, and carried bouquets of daisies. The best man was Aubrey B. Smith, and the ushers were Elliot C. Moody, Fred P. Condit, William J. Bogart, Jr., of Westfield, and Thomas LeClear of Rutherford.

A fine program of music was rendered by W. Whitney Fredenburgh of Klugston, N. Y. A reception followed the church service, at the home of the bride, No. 18 Summit Avenue, which was attended by the bridal party and immediate relatives only. The bride received many beautiful and substantial gifts, among them a handsome china closet from members of the choir of St. Pauls, and a chest of silver from members of the I. O. S. Mr. and Mrs. Harden will be at home to receive their friends, 284 North Avenue, after July first.

### SALOON LICENSE REDUCED.

**COUNCIL DECIDES ON A \$50 REDUCTION.**

Westfield Has But One Constable, the Others Elected Not Having Qualified.

At Monday night's meeting of the Town council the excise ordinance was amended and passed on first reading. The only important change was the reduction in amount of license fee to be paid. The original amount, \$300, as suggested by the excise commission, was cut down to \$350. Councilman Smith made a motion to have the closing hour changed from 11.30 to 12 o'clock midnight. His motion was seconded by Mr. Wittke but when put to a vote was lost.

A communication was received from Charles W. Schoonoven asking the council to take some action which would cause a vicious dog belonging to Mrs. Koenig, of Broad street, to be chained up. Mr. Schoonoven told how the dog had chased him and grabbed him by the leg tearing his trousers. The letter was referred to the committee on law.

The Police ordinance was passed on second reading with slight amendments. Several other ordinances were presented for passage including ordinance Supt. of streets, Supt. of sewers and sidewalks.

The committee on grade crossings reported progress.

E. C. Winter presented, gratis, a plan for the new sewer farm barn. It was shown that G. W. Peek, Jr., was at present the only constable in Westfield the others recently elected not having qualified.

### WESTFIELD

### UNDER WATER.

**DRAINAGE SYSTEM INADEQUATE TO CARRY**

Off Surface Water After This Morning's Heavy Shower—Broad Street Almost a Raging River.

The business section of Westfield was, for the best part, under water this morning. The heavy shower sent torrents of water down Elm street and down Prospect street completely flooding parts of Broad street. Cellars were filled and perhaps stored merchandise damaged.

Westfield's drainage system is severely handicapped when it comes to caring for a heavy downpour. The recent storm sewer put in on Broad Street failed to do the work expected of it and it is very evident that something must be done to carry the water away from Broadstreet. As it is now the main business thoroughfare is deluged with all surface water from Dudley avenue to North avenue at every rain storm.

The Standard building for an hour or two to-day was on an island and it was impossible for pedestrians to reach the mainland without the use of a boat.

The depot park on the south side was flooded much to the inconvenience of commuters, as was also the tunnel at the depot.

### THE WESTFIELD TRUST CO. ELECTS OFFICERS.

Many Westfield Business Men on Board of Directors of New Institution.

By a unanimous vote of the shareholders of the First National Bank of Westfield it has been decided to change to The Westfield Trust Co., said change taking effect July 1st.

The officers of the new institution are Richard J. Scoles, president; Gen. B. W. Spencer, vice-president and J. R. Connolly, secretary and treasurer.

The board of directors include Oakleigh Thorn, of New York, Gen. B. W. Spencer, Richard J. Scoles and Andrew McLean of Passaic, Thos. A. Sperry of Cranford, H. B. Hollis and Henry B. Shoemaker of New York. Westfielder's on the board are Dr. J. B. Harrison, H. L. Fink, J. R. Connolly, A. J. Wilson, Martin Welles, R. A. Fairbairn and H. B. Tremaine.

The new trust company is capitalized at \$100,000.

### Miss Ferris' Parlor Musicals.

An enjoyable parlor musicale was given by a portion of Miss Ferris' class at her residence on Friday evening June fifth. The rooms were prettily decorated with flowers, and an appreciative audience filled the chairs provided. The program was pronounced a success by all. The work of the young beginners was highly commended and the duos for two pianos especially appreciated. Refreshments were served and a pleasant social time followed.

### NOW WILL YOU BE GOOD!

YOU WANTED A ROSELLE GAME AND IT'S OVER.

Visitors Play Like a Bunch of School Boys. The Game a Farce and Runs Were Talled in Bunches.

If you, dear reader, are one of those enthusiastic fans who tormented the life out of the Westfield management and fairly demanded a game with the great, strong, undefeated, and truly wonderful Roselle ball-players, you should certainly be satisfied after witnessing Saturday's game.

The management of the Westfield Base Ball Association did not consider the Roselle team strong enough to battle successfully with the local cracks, but to satisfy the public demand the game was booked and the result was 21 to a great big goose egg, the latter belonging to the visitors.

The Roselle's playing was merely a comedy of errors from beginning to end and it was seldom that they had a man as far as second bag.

Talking about the second bag—did you notice that elongated individual who attempted to cover it? He was a circus by himself and handled the ball—when he found it—as he would a pot of hot lead.

Holland, of whom the Roselle Manager expected wonders in the pitching line, was an easy mark for the Westfield boys and they batted him at will all over the field. He was taken out in the 4th and Barfrede was substituted with hardly a perceptible change for the better. Captain Mallen's ponies kept on rapping 'em out and bringing in runs until the score reached 21 to 0. It could have been 100 to 0 if the local artists cared to work over time.

Bradley, who covered first bag for Westfield so creditably, batted out hits with the speed of a cannon ball, while Mallen, Goldberg, Barry and others did equally well. The locals' base running was something of a feature of the game. Bases were stolen by the bakers' dozen. Well, here is what tells the story:

Summary—Two base hit—Schroeder. Three base hit—Mallen. First on balls—off Holland 3, off Barfrede 2, off Montross 2. Struck out—by Barfrede 2, by Montross 1. Left on bases—Roselle 3, Westfield 4. Double play—Barfrede, Tabor and Schroeder. Passed balls—O'Neill 4. First on errors—Roselle 2; Westfield 7. Hit by Pitcher—Barke of Westfield. Time of game—1 hour and 55 minutes. Umpire Mr. Traubgen.

1st inning:—Eley started the game for Roselle with a hit down by 2nd. Burch managed to stop the ball with one hand while on a run, but it was impossible to field the ball to 1st in time to retire the runner. Weber forced Eley at 2nd, Montross to Burch. Burke fled to Burch. Tabor's rap went through Barry's legs. Chappell struck out.—No runs.

Goldberg hit to Tabor and was out at 1st. Mallen walked and as he started to steal 2nd O'Neill threw high over 2nd baseman's head and Mallen never stopped till he had completed the circuit. Burch walked but was forced at 3rd by Beck, Schroeder to Burke. Bradley out, Schroeder to Tabor.—1 run.

2nd inning:—Schroeder doubled to right center. Kelly fouled out to Barry. O'Neill fled out to Goldberg. Montross threw Holland out at 1st.—No runs.

Barry fled out to Weber. Jones got 1st on Schroeder's error. Burke singled. Montross hit to Chappell who forced Jones at 3rd. Goldberg out, Burke to 1st.—No runs.

3rd inning:—Eley fled out to Mallen. Montross threw Weber out at 1st. Montross gathered in Burke's infield fly.—No runs.

Mallen walked. Burch bunted neatly toward 3rd and got 1st. Beck hit to Holland, who after juggling, threw to Schroeder, who muffed and Mallen came home; Burch took 3rd and Beck 2nd. O'Neill couldn't hold one of Holland's hot ones and Burch scored. Bradley scored Beck with a single to center. Barry advanced Bradley to 3rd with a single to right. Burke was hit by the ball and went to 1st. With the bases

full Montross hit to Holland who forced Bradley at the plate. Goldberg cleared the bases with a single to center. Mallen out, Schroeder to 1st.—6 runs.

4th inning:—Tabor got 1st on Barry's fumble. Chappell struck out. Schroeder walked. Kelly hit to center and Tabor attempted to score but was nipped at the plate, Goldberg and Jones assisting. O'Neill struck out.—No runs.

Barfrede relieved Holland in the box. Burch hit to Barfrede and was out at 1st. Beck hit to center for a base and continued to 2nd on Eley's wild throw to 2nd. Bradley scored Beck with a single over 2d. O'Neill threw wild to 2nd to catch Bradley stealing and the latter went to 3rd. Barry walked.

Jones hit to 2nd who after fumbling, threw to the grandstand. Bradley and Barry scored while Jones didn't stop till he reached 2d. Burke scored. Jones with a single past short. Barfrede caught Burke asleep on 1st. Montross out, Barfrede to 1st.—4 runs.

5th inning:—Barfrede out, Montross to 1st. Eley out. Burch to 1st. Weber walked. Burke struck out.—No runs.

Goldberg singled, stole 2nd and scored on Mallen's single to right. Mallen stole 2nd and scored on Burch's single past short. Beck single scored Burch. Bradley struck out. Barry got 1st on Barfrede's error. Beck scored. Jones hit to Barfrede who threw him out at 1st. Tabor threw to 3rd, catching Barry. 4 runs.

6th inning:—Tabor bunted safe. Chappell fled out to Burch. Schroeder struck out. Kelly singled but was forced at 2nd by O'Neill.—No runs.

Burke got 1st on Chappell's error, 2nd on a passed ball and scored on Montross' single. Montross got 3rd on Goldberg's single and scored on a passed ball. Barfrede caught Mallen's liner. Burch struck out. Beck got 1st on Tabor's error and Goldberg scored. Bradley fled out to 1st.—3 runs.

7th inning:—Barfrede fouled out to Burke. Eley fled out to Bradley. Goldberg made a great catch of Weber's fly.—No runs.

Barry fled out to Weber. Jones walked, stole 2nd and 3rd. Burke walked. Montross scored with a single past short. Burke scored on Goldberg's out. Burke to Tabor. Mallen scored Montross with a triple to left field fence. Burch fled out to center.—3 runs.

8th inning:—Burke fled out to Jones. Tabor fled out to Beck. Chappell singled but was forced at 2nd by Schroeder.—No runs.

Beck walked. Bradley out, Chappell to 1st. Barry struck out, Jones out, Schroeder to 1st.—No runs.

9th inning:—Kelly bunted in front of the plate but Burke's throw beat him to 1st. O'Neill fled out to Barry. Barfrede struck out.—No runs.

To-morrow afternoon when Manager Johnson brings his crack Scotch Plains colts to Recreation Park it will be with the sole purpose of putting it all over Captain Mallen's ball tossers. Scotch Plains has been defeating so many of the strong teams in the Metropolitan circle that it is safe to say that Westfield will have to wake up and play ball for all they are worth in order to make a satisfactory showing. The visitors will have their very best team in the field and it can be said that Captain Mallen, of the locals, will go in the game with a good purpose in view.

Umpire Traubgen's decisions were extremely satisfying to all concerned at the Westfield-Roselle game.

For Fourth of July afternoon the management of the Westfield Base Ball Association has been fortunate enough to secure the St. Mary's of the Plainfield league as the attraction. This team is head and shoulders above any of the Plainfield teams and a fast game is assured from the moment the umpire calls "play ball" until the last man is out in the ninth inning.

Van Sant, a former pitcher on the Westfield team, is now playing with the Woonsocket, (R. I.) team.

The Aeolian team defeated the second team of the Watessings on Saturday 2-1. The regular Watessing team played the Forest Hill team.

It must be galling for the bleachers knuckers to have to sit through a game and see the many knuckers the players whom the bleachers knuckers have knocked, knock out to deep centre, long line drives and cannon ball singles. This is knocking some.

Matty McIntyre, the Buffalo outfielder, and a former Westfield player, made his first error of the season on Monday against Worcester. He had accepted seventy-five chances without a slip up.

### BIG SHOWS JUNE SCHEDULE.

June 13th, Scotch Plains (first of series.)

June 20th, North Ends at Phillipsburg.

June 27th, Brooklyn F. C.

Games called at 4 o'clock.

The Aeolians will tackle the Mauje's of Brooklyn to-morrow at Garwood.

### GOLF CLUB NOTES.

Last Saturday's competition at the Westfield Golf Club was a "Mixed Four-somes" event, which was won by Miss Noe and W. J. Bygert, Jr.

The Westfield Golf Club will play a match with the Westchester Golf Club (N. Y.) to-morrow on the latter's links. The Westfield team will be R. L. Parot, C. E. Halstead, E. O. Rynor, Jr., J. A. Woodward, R. I. Towmley and E. I. Serrail.

The Summer schedule will soon be issued by the Handicap Committee of the Westfield Golf Club. This will cover the President's competition for which an artistic silver loving cup has been presented by the president, E. R. Perkins.

### TENNIS NOTES.

An active season in tennis is looked for on the Elm St. courts of the Westfield Club. New back-stops have been put in and the courts worked out some what so that in another week or two they should be in fair shape. Many tennis enthusiasts will take advantage of the "Summer Membership" and add their interest to the "regulars."

### WESTFIELD CLUB NOTES.

The board of trustees of the Westfield Club, acting on the recommendation at the annual meeting of the club relative to a tennis membership, have established a "Summer Membership" to cover the months of June, July, August and September, at a fee of five dollars. Any person over 17 years old is eligible to the membership which carries the privileges of the club, except a right to vote. This will give summer residents an opportunity to enjoy the advantages of the club house and grounds at a nominal sum. Applications are to be made in the regular way, and undoubtedly there will be many of them.

### OFF FOR PHILLIPSBURG.

A special round trip rate has been secured for game with North End A. C. at Phillipsburg, Saturday, June 20th. On a guarantee of 100 tickets sold the rate will be \$1.62; on a guarantee of 50 tickets sold the rate will be \$1.16. All to go on train leaving New York at 1:30 which will stop at Westfield at 1:55. Returning leaves Phillipsburg at 8 p. m. As it is necessary to know by Wednesday, June 17th, whether 100 or 50 ticket rate will be taken, please notify the undersigned at once whether it is your intention to go, also the number of friends you want tickets for. The trip is a delightful excursion and the North End A. C. is the swiftest team in this section.

H. L. ABRAMS, Sec'y.

### Wobles Who Come to Woe.

Just enough alliances between American fortunes and European titles turn out well in the conventional sense to give substance to the good-natured wish, which undoubtedly is entertained in the case of every new alliance, that it will be "a happy match." Among the four-score American peereesses in the old world there may be a score of happy women—or rather of women who have not been violently disillusioned. For the most of these international matches, such as they are, American women—the mothers and daughters—are responsible. "The old man" is usually Protestant, but he does not run his own household. The mother and daughter take things out of his hands. The responsibility is theirs and the suffering, if any, is theirs—the mother's, whose foolish dreams of admission into European society in her daughter's train lead her up squarely against the blind wall of caste and privilege; the daughter's, whose vain, imperious young will and confiding nature are brought into contact with the realities that a clearer vision might have read between the lines of the ante-nuptial dowry contract.—N. Y. Mail and Express.

### The Difference.

Teacher.—What is the difference between a monarchy and a republic.  
Pupil.—Oh! The people think they run a republic.—Puck.

### Requires Generalship.

It requires a good general to win a battle, and an equally good one to conduct a retreat when it becomes necessary.—Chicago Journal.

## RAILWAY MEN SPRUCED UP.

Dapper Men Always Appear as Dapper as Strollers on the Boulevard.

One railroad company with offices in Chicago has long made the study of etiquette one of the duties of its trainmen. The men must not swear, nor use slang, nor be peevish, nor discourteous, says the Chicago Inter Ocean.

The Erie Railroad company now comes along with still a newer idea. The trainmen must always appear as dapper as a stroller on the boulevard. They must keep their shoes well shined. Their clothes must fit them faultlessly, and most of all, there must be creases in the trousers of every uniformed employee of the road.

Down in Indiana, at a division point, three of four tailors are kept busy pressing uniforms. Both in Chicago and at the other end of the run bootblacks are employed to keep clean the "boots" of the employees.

The idea of making a dapper-looking company out of the employees is new to Chicago, although the idea has been tried in the east for several weeks. At Jersey City six tailors are constantly employed and the bootblacks are kept busy.

Each employee is given two tickets, one of which passes current with the tailor, while the other is as good as a dime with the bootblack. Each employee is told to use the tickets freely, to look well all times, and not to be bashful about asking for new tickets when the old ones are gone.

## THE NATIONAL GAME.

Bankers and Errand Boys Stand Side by Side in Baseball Season.

The baseball fever is no respecter of persons. The broker with the high hat and the bank account and the barefooted boy stand side by side and eagerly await the next inning. But there is some little interest when it comes out that the "fever" that comes with the first game reaches the dignified ecclesiastic. But it does, and it sometimes goes very high, says the Philadelphia Public Ledger.

One day last summer, when the leading teams were running very close, a reporter called on Cardinal Gibbons to ask him some questions regarding the pope's encyclical which had recently been published. The cardinal granted the interview and the reporter left the room. He was going down the steps when his eminence, leaning over the landing, called out:

"Have you heard to-day's score?" "Yes," said the surprised reporter, "it was 2 to 3 and in our favor."

"Good," said the cardinal, with a smile, "that put us two points ahead. Doesn't it?"

The reporter didn't know, but he realized that the cardinal knew a great many things that he didn't know.

## MR. JOHNSON FINDS ERRORS.

Thinks Town Treasurer is Up Against Tough Proposition in Complying With New Town Laws and State Laws.

Westfield, June 9th, 1903. Editor Union County Standard.

Dear Sir:—Having recently been a resident and office holder of another town, I have taken an interest in the formation of your town government and the ordinances as they were published, and I must take exception to Section 3 of the ordinance of fixing salaries and defining the duties of officers that reads as follows:

Section 3. Treasurer. The Town Treasurer shall receive a salary of three hundred and twenty-five dollars (\$325.00) per year. He shall give bonds to the town, with sufficient sureties, in the amount of fifteen thousand dollars (\$15,000.00), conditioned for the faithful performance of his duties as Treasurer, and the honest and accurate keeping of all moneys, vouchers, papers, and accounts of the town. It shall be the duty of the Treasurer to receive, safely keep and disburse under the direction of the Council all moneys belonging to or under the control of the town. He shall keep an accurate account of all receipts and disbursements, in such manner as the Council shall direct. No money shall be paid out of the treasury except on warrants signed by the Chairman of the Council, and attested by the Town Clerk, excepting payments of State and County taxes, and moneys raised or received for public school purposes. The Treasurer also shall receive, safely keep and disburse all moneys raised and received for public school purposes, keeping a true and accurate account thereof, and pay the same out only on warrants signed by the Chairman of the Board of Education.

The Treasurer shall also at least once in every month, and oftener if required, furnish to the Council a statement in form prescribed by the Council of all moneys received and expended by him; including the school moneys, and annually on the first day of April make a full and complete report of the Council of all his receipts and expenditures.

He shall, whenever required, lay before the Council for examination and audit, all books, papers and vouchers pertaining to his office. He shall also do and perform all acts and duties enjoined upon him by the school laws of the State, and such other acts and duties as are now or may hereafter from time to time be prescribed by law, or by the Town Council.

This says "The Treasurer also shall receive, safely keep and disburse all moneys raised or received for public school purposes."

The School Law of 1902, Sec. 184, says: "The Collector or Treasurer shall pay to the Custodian of the School moneys—the amount ordered to be assessed and collected—for the use of the public schools." This section of the ordinance also makes the Board of Education draw their warrants on the Treasurer.

See Sec. 181 of the School Law which says they must be drawn on the custodian.

This part of the ordinance is so faulty it would be well to publish the following parts of the school law and allow the people to draw their own conclusions:—

Section 181. In each school district there shall be a custodian of school moneys; who shall receive and hold in trust the school moneys belonging to such school district; whether received from the State appropriation, State school tax, district tax, appropriation, or from other sources, and shall pay out of the same only on orders signed by the president and district clerk or secretary of the Board of Education. Each order shall specify the object for which it shall be given, and shall be payable to the order of and shall be indorsed by the person entitled to receive the amount named therein.

Section 182. The collector, or other person designated by law, as the custodian of the moneys belonging to the municipality in which a school district shall be situated, shall be the custodian of the school moneys of such district and shall receive and hold in trust the moneys of the school district, common council or other governing body of such municipality shall determine, which compensation shall be paid by said township committee, common council, or other governing body from the fund of the township, incorporated town, borough, city or other municipality, and the bonds given by said collector or other person for the faithful performance of his duty as such officer, shall be held to cover and secure the faithful performance of his duty as custodian of school moneys and the bondsman thereon shall be liable therefor. Nothing in this article shall be construed as giving to the township committee, common council or other governing body of any municipality any control over moneys belonging to the school district in the hands of the custodian of the school moneys of said district, but said moneys shall be held by said custodian in trust, and shall be paid out by him only on orders signed and signed by the president and district clerk or secretary of the board of education. Any ordinance, by-law or resolution of a township committee, common council or other governing body of any municipality, authorizing the payment of school moneys in any way except to the custodian of the school moneys of the school district, from paying the orders of the board of education as and when they shall be presented for payment shall be absolutely void and of no effect.

Section 183. The collector or treasurer of each municipality in which a school district shall be situated, shall pay to the custodian of the school moneys of such school district the amount ordered to be assessed, levied and collected in such municipality for the use of the public schools therein, exclusive of the State school tax, on the requisition or requisitions of the Board of Education.

Section 184. Whenever any order for payment of the current expenses of a public school shall be drawn and issued by the Board of Education on the custodian of the school moneys of such district, and there shall be no funds in the hands of such custodian to pay the same such order shall bear legal interest until such time as said custodian shall have funds to pay the same, of which fact he shall give public notice, whereupon said interest shall cease.

Section 2 of the same ordinance, compels the clerk to take a receipt for all warrants on the stub of the warrant book. I should like to know how the town is to pay its out-of-town accounts. If the clerk tears out the stub to enable him to mail it so that it can be receipted, he mutilates the public record and must take the consequences. The attorney probably expects the clerk to travel around the country with his warrant book under his arm.

The same ordinance also says the Treasurer shall pay out no money except on warrants signed by the clerk and the chairman of council. The law under which the health ordinance is drawn says "The appropriation so allowed (to the health board) shall be paid by the treasurer to the board of health by their written order drawn upon the treasurer and signed by the president of the board (of health) and attested by the secretary."

The treasurer will have a hard time complying with all the laws laid down by the town and the State.

Yours respectfully, WILLARD T. JOHNSON.

Not Very Filling.

Mrs. Andrews was the most conscientious visitor of the district, but for various reasons she was not popular among the poor people whom she longed to help.

"I don't want to see that peaked-looking woman in my room again, nor I won't!" said the grandmother of the nine ragged Palmer.

"I read my Bible with the best of folks," went on the old lady, "but there's times for some things and times for others, and I think Andrews woman is without the sense to know the one from the other. What was the motto she brought us yesterday, all in red and gold letters, and we with empty stomachs? 'Be filled with faith!'"—Youth's Companion.
