The public hearing granted E. J. Shaefer on his application for hotel license will be held Monday night, July 13th. Rev. Dr. C. M. Anderson, pastor of the Methodist Church, on Sunday morning last, requested from his congregation that every right thinking citizen be present at the public meeting Monday evening, July 13th and oppose the granting of the license. Dr. Anderson further stated that he would have more to say on the subject at a later date.

### WESTFIELDERS' ENJOY MUSHROOM DINNER.

Last Saturday afternoon Randolph Stern tendered a stage ride to about a dozen of his friends. The ride was followed by a genuine mushroom dinner at Pettifur's—a dinner such as only Pettifur can serve.

The jolly party left Westfield at about three o'clock and greatly enjoyed the ride through the mountains back of Plainfield. By the time Pettifur's was reached everyone had a mushroom appetite.

The return was made by 10:30 o'clock, the little party of friends, singing and enjoying themselves to their heart's content, while riding in the cool of the evening.

Those who enjoyed the trip were: Mr. and Mrs. Randolph Stern, Mrs. H. B. Tremaine, Mr. and Mrs. E. B. Prondt, Mr. and Mrs. A. E. B. Bogert, Mr. and Mrs. W. H. Gomes, Mr. and Mrs. Lawrence Bogert, and Miss Helen Gomes.

Secondly, To wit the Grand Old Republican Cannon which was follored to land Major McKinley, is reposing in the tall weeds in the rear lot off of where Dr. Morse restrains his Chickens. Said, that ye have no more Races sence John ny Pfeffer went beyond! And O, ye Republicans, is it to your Honor, to let the Doctor keep that cannon pinte at his Chicks to prevent them from going forth to destroy his Neighbor's Beans? Bring it IVth. ### PADEREWSKI IS HERE.

Mr. Leo Battalia is as great in re building and tuning pianos as Paderewski is in playing the piano. If you could see his large volume of bona-fide endorsements—over two thousand letters from musicians, piano manufacturers and citizens, you would feel safe in having him tune or rebuild your piano. In tuning, Mr. Battalia uses his harmony method, which brings forth a rich volume of mellow chords. Mr. Battalia is an Italian. His grandfather was, and his father is a piano maker, and he is from the old school of piano making, when pianos were made by hand, which gives him a full knowledge of the art of renovating. Old and worn parts replaced with new. Call at his place of business in the Darsh building, Broad street, and inspect the book of testimonials. Here for two weeks only. The following are a few of the orders for tuning and rebuilding pianos which have been left with him: J. F. Ooyperth, waits William S. Welch, A. K. Gale, A. N. Rae, J. F. Bray, Lines Groc Charles Clark, William Hamilton Jr., Rev. C. J. Greenwood, J. H. Towleley and Mountside Chapel.

### THE GAS RANGE BLEW UP.

Explosion Partially Wrecks Kitchen—Blows Out Windows—Other Damage Done.

About five o'clock Monday afternoon the gas range in the home of Mrs. Gildersleeve on Rutley Avenue, exploded with a terrific report. The kitchen windows were blown out, sash and all. A portion of the kitchen ceiling also tumbled down.

It is thought there was a leak in one of the gas pipes and when a servant attempted to light the range the gas ignited and a heavy explosion followed. Almost instantaneously the servant escaped injury.

The loud report attracted several neighbors to the scene but their services were not needed. Fortunately no fire followed the explosion.

### PETITIONS AND COMMUNICATIONS.

SUMMIT, N. J., May 21, 1903.

To the Board of Chosen Freeholders of Union County:

Gentlemen: At a meeting of the Common Council of the city of Summit, held on Tuesday evening, May 19th, I was directed to communicate with your board to ask permission of them for the purpose of being granted permission to open the county road from Bridge street, in East Summit, along Morris Avenue, to the county line in Millburn township, for the purpose of building one lateral sewer to connect with the Millburn-Summit branch of the trunk sewer.

Signed,

Yours very truly,

ROBERT J. MULDOWNEY, City Clerk.

On motion of Freeholder King received and referred to the county road committee.

The following petition was presented and read:

ELIZABETH, May 10, 1903.

Honorable Board of Freeholders:

The Calf Pasture Creek runs across Grier Avenue, Broad street and Maple Avenue, about 300 feet north of Summer street. If your honorable board would connect this water course (which is dry eight months of the year) to the sewer in Grier Avenue and Maple Avenue, with six inch pipe, it would be a benefit to the land, as it could be filled in, and thereby saving an expense in the future for opening ditch and keeping the brick walls in condition.

Signed,

Yours respectfully,

P. H. GILHOOGY and ANNA H. NORMAN, Per O. W. NORMAN.

Freeholder McCandless moved that the communication be received and referred to a special committee of three, which was so ordered.

#### NEW BUSINESS.

By Freeholder Robinson: Resolved, That a committee of three be appointed to consider the necessity and probable cost of repairing or rebuilding a culvert across Front street at the intersection of Park avenue, Scotch Plains, and report at next meeting.

On motion of Freeholder Krouse the resolution was adopted without dissent. The director appointed Freeholders Robinson, Connolly and Pierson as said committee.

By Freeholder Smith:

Whereas, The county road at the intersection of South Broad street and South avenue, in the town of Westfield, is not made in accordance with the line as laid down by the surveyors of highways in their original location of said South avenue in the year 1869, in consequence of which the county road at that point is now obstructed and traffic hampered and interfered with to an inconvenient and dangerous extent;

Resolved, That a committee be appointed to examine the matter and ascertain the probable cost of moving the obstruction and straightening the county road, to conform to the said original survey, and report to this board at the next meeting.

Freeholder Farrell moved that the entire matter referred to in the foregoing preamble and resolution be referred to the county road committee, which was so ordered without dissent.

Most of the presidents of Peru have been soldiers. They have attained power by the aid of the army, and at the expiration of their constitutional terms have usually endeavored to continue themselves in office by the same means. They have been practically dictators, and their rivalries have kept the country in a state of turmoil.—N. Y. Sun.

#### TONY PASTORS.

Here is Tony Pastor's bill for next week. The bill seems to grow stronger as the summer season advances:

The World-renowned Comedian, John Kern, popular, funny, original and unique monologue; Edward F. Reynard, the clever ventriloquist will play; Fyne & Dandy, comedy acrobats; Harry and Sadie Fields, the New York East Side couple; James & Bonnie Farley, comedy sketch. "The Messenger Boy;" Halley & Mehan, black-face comedy team; The Sanford Sisters, unique musical artists; Antrim & Peters, comedy "A Meal Under Difficulties;" Hamilton & Wiley, domestic comedy scene, "Hearts;" Morris & Daly, Irish comedy sketch team; Charles and Fannie Van, the ambrette and the Irishman; Lawrence & Sylrester, comedy ring gymnasts, and the American Vitagraph.

#### KEITH'S NEW THEATRE.

The desire to see Howard Thurston perform his wonderful feats of magic and illusion has been so great that Mr. Keith has retained this marvel for another week. This shows that the ability to deceive the senses is as much an attraction as it ever was.

But one act does not make a vaudeville show and in his usual liberal way, Mr. Keith has surrounded the above attraction with as strong a lot of artists as it is possible to get together. Mr. and Mrs. Robyns will be seen in their original sketch, "The Counsel for the Defense." It is said to be their best effort and one that is sure to please. Frank Bush, the celebrated story teller, will hand out a lot of new ones in his own inimitable way, while Ed. J. Rick, the monologist, will entertain with his imitations.

Emerson & Omega, in their farce, "Don't Notice It," will add to the comedy, as will Maude Remington and her company. The Bros. Taneau in an eccentric musical turn, and Trask & Glad den, the comedians, will be sure to get their share of the applause. Dolly Jordan, the vocalist, Palfrey & Hilton, James Weitzell, the sensational juggler; the Garrity Sisters, in songs and dances; and the Keith moving pictures with another of those children's delights, a fairy story, will complete the bill.

#### PROCTOR'S THEATRE.

A brilliant production—the first by the company at Proctor's Fifth Avenue—of David D. Lloyd and Sydney Rosenfeld's famous comedy, "The Senator," originally acted for many seasons with splendid success by William H. Crane, will be given at Proctor's Fifth Avenue next week. The vaudeville will contain Bert Baker, singing comedian; The Zellers, aerial artists; Curtis and Adams, German comedians; Ellen Richards, wire artist, and numerous other specialties.

Down in the shopping district, at Proctor's Twenty-third Street house, a cracker-jack show has been scheduled for next week. Falke and Semon, pioneer of musical comedy, will officiate as headliners. Kine and Gotthold, Louis Fialkowski, Derenda and Breen, Mozart Comedy Four, Meredith Sisters, and twenty other good acts will complete the splendid bill.

Proctor's One Hundred and Twenty-fifth Street will have a rattling revival of Mr. M. Hennequin's splendid comedy, "Pink Dominoes." The vaudeville list will include Chinese Johnny Williams, Comedian Magician, and other specialties.

Down on the East side, at Proctor's Fifty-eighth Street playhouse, a capital production will be given next week of Col. James Foster Milliken's roaring comedy, "Captain of the Nonsuch." The vaudeville contingent will include The De Faye Sisters, musicians; Louise Sator, balladist; and other clever "turns."

Proctor's playhouse at Newark will have a good all round comedy show next week, headed by Miss Mattie Keene and Company in an original sketch by Ella Wheeler Wilcox, entitled "Her First Divorce Case." Others on the bill will be Craig and Ardell, Lucy Monroe, Holden and Florence, Meeker-Baker trio, Pottingill and De Forest, and fifteen other clever specialties.

**Queen Quality**

**Sure to Fit.**

The privilege of choice from a lot of styles is equal to an extra ten per cent of value. All stores agree on this. Do you realize that the "Queen Quality" shoe originates nearly all the styles of shoes worn by women?

"Queen Quality" is made in every possible style from original designs. In each style there is every size and shape for every kind of foot. We carry all this stock. It is practically impossible to produce a need for which there is not a "Queen Quality" shoe already designed and in our store today. And

**they are original designs**

found on no other shoe unless they are copied. It is equally impossible to produce a normal foot which we cannot accurately fit in this shoe. This is not true of other makes of women's shoes. With any other shoe you may or may not be fitted; but with "Queen Quality" you have nearly twice as many styles and far greater differentiation in sizes and shape. If you want a "glove" fit in shoes you can get it only in "Queen Quality,"—remember that.

**Beginning of the End.**  
Miss Elderton—I offered Mr. De Auber \$100 to paint a portrait of me, but he declined. Said he was too busy.

**Lord's Prayer for Poles.**  
In Poland the patriots are now endeavoring to popularize the following curious version of the "Lord's prayer": "Our Father Who art in Heaven, restore to us the kingdom of Poland. Deliver us from slavery. Give us this day our daily bread, but not steeped in blood and poison through the wickedness of our enemies. Pardon us for the sins which are engraved on our swords. Suffer us not to fall into the temptation of becoming traitors to Poland, and deliver us from the domination of a foreign power, since that is our worst evil." Thousands of Poles have learned this prayer by heart, and invariably use it instead of the old and familiar version.—Chicago Chronicle.

**Cold April Every Hundred Years.**  
French meteorologists have worked out the theory that exceptionally frigid Aprils occur at intervals of exactly 100 years. In April, 1903, the gutters were frozen and snow fell in Paris. In April, 1703, the price of wood rose and people died of cold in the streets, while a chronicler of the period writes: "There is snow at Verdun, and we are perishing of cold at Paris at a season when the sun ought to be warming us. The north winds afflict us, bringing us cold from the mountains." Documentary evidence is not needed to prove that April, 1903, is also distinguished by low temperatures.—Chicago Chronicle.

## Manhattan Beach.

Palm inaugurated the amusement season at Manhattan Beach last Thursday evening with his magnificent new spectacle, "Lusts Days of Pompeii," followed by a gorgeous display of the world-renowned Manhattan Beach fireworks. The opening went off in a blaze of glory. The fame of the attraction drew a crowd of 3,200 people, despite the fact that the weather was still unsettled and the air uncomfortably cool. It is universally conceded by patrons whose memories run back a score of years that Palm has excelled himself in this season's production.

The exhibition takes place in Palm's amphitheatre every night except Sundays, and will continue throughout the summer, with a change of bill nightly in the last part of the program.

**HAHNE & CO.****NOT WANTED.**

One of the principal sights in Tangiers, to a certain class of tourists, is the city jail, wherein the sultan of Morocco's subjects are kept chained amid surroundings that are inconceivable to European minds.

But the "trippers" do not see the old original prison that did duty in Mulay Hassan's time.

That was built deep down below sea-level, and was so unutterably loathsome that it was, in deference to the prejudices of the foreign consuls, closed outright by his majesty's express order.

This, however, did not suit the then governor of Tangiers. It seemed to him a wicked and wanton waste of valuable space. So he had the horrible place perfunctorily cleaned—in obedience to those ridiculous consular prejudices again—and utilized it as a storehouse for ripening bananas.—Stray Stories.

**Surgical Magnets.**

Not long ago a New England electrical engineer, who accidentally got a needle stuck into his leg, twisted some wires about a piece of iron, and connected the wires with a dynamo. Then, with a magnet thus made, he pulled the bit of steel from the wound.

About the same time an apprentice in the Mare Island navy yard, in California, was injured in the face by some bits of steel from a broken tool. The surgeon failed to extract all the pieces, and the wound inflamed. The chief electrician then improvised a magnet capable of lifting 500 pounds, and held it in front of the boy's face, when the remaining bit of steel flew out of the wound as promptly as if it had been sent for. Now, if some one would invent a magnet that would pull slivers out of a boy's fingers, thousands of young Americans would rise and call him blessed.—Youth's Companion.

**Richest Known Tract.**

The officers of the Indian office at Washington regard the Indian territory as the richest undeveloped tract of the earth's surface now known to man. It has iron, lead, zinc, oil, gas and manganese. Some of the coal is of the coking variety.—Cleveland Leader.

**He Heard Arlright.**

"I have always heard it said that your wife is a woman of her word," said Gazzam to Bickers.

"That's quite right," added Bickers, "quite right. She is not only a woman of her word, but a woman of a good many words."—Detroit Free Press.

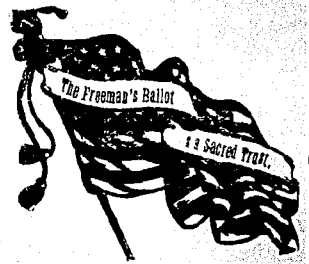

**Concerning Their Theft.**

Willie (scared)—Now we've milked the cow, what'll we do? Pop'll be awfully mad.

Jimmy (equal to the occasion)—We'll drive her down to the pond and fill her up with water.—Stray Stories.

field still further forward in the  
line of progression.The Westfield Base Ball Associa-  
tion have the right idea. Signs  
prohibiting betting on the games at  
Recreation Park have been conspic-  
uously placed about the grounds.The heavy rain storm of Monday  
morning again proved the inefficiency  
of the drainage system in Westfield's  
business section. It is unreasonable  
to expect that Broad street can care  
for all the surface water from Dund-  
by avenue to North avenue.There is just a bare possibility  
that the Elizabeth City officials will  
be indicted if they do not force the  
Sunday closing of saloons. The  
citizens are up in arms against them  
and evidently something is about to  
drop.Almost the first move of the new  
Public Service Corporation, which  
controls the Elizabeth, Plainfield  
and Central Jersey Trolley Co., was  
to increase employees salaries. The  
increase of pay will effect 4,000 men.In another column an ancient  
correspondent shows how the old  
field-piece that helped elect Mo-  
Kinley & Roosevelt is being used.  
If the late O. F. Conant's idea of a  
public square was but realized, that  
cannon might well become it. But  
why not have it on the Washington  
School grounds?A new law has been passed for  
the suppression of the pistol and toy  
pistol. It declares the sale of a gun,  
pistol, toy pistol or other firearm to  
any person under 15 years of age to  
be unlawful and a violation of  
this law is a misdemeanor. It is  
hoped that this law will be rigidly en-  
forced in Westfield and thus lessen  
the number of Fourth of July acci-  
dents.The Town Council's wave of re-  
form closed up Westfield bar rooms  
last Sunday and they were closed  
right, too. But the Town Council  
must not stop at that. If, in the  
opinion of the Council, it is legal to  
close the bar rooms, it must also be  
legal to close on the Sabbath, other  
places of business that have been  
ever looked, and the people will de-  
mand of the Council the closing of  
all places of business on the Sabbath.  
The Council must show no favoritism.For the fourth time the Newark  
Daily Advertiser's plant has been  
destroyed by fire. The last time  
fire visited them was Tuesday morn-  
ing when the plant was damaged to  
the extent of \$15,000.00. But the  
plucky Advertiser cannot be downed.  
They are having their paper printed  
in a neighboring print shop and  
will rush repairs on the damaged  
plant. Operations will begin "at  
home" again within a very short  
time.There won't be much of a pa-  
triotic nature doing in Westfield on  
the "Glorious" other than the  
legion of rising generation with  
their punk, fire crackers and toy  
pistols. Young and old America  
are deeply interested in the Ameri-  
can game—base ball, and it will beat Recreation Park large and  
wholesome. The Pearsons, in the  
morning, are a bunch of animated  
fire works and in the afternoon the  
St. Mary's and their Plainfield  
rooters will make a tin horn hill-  
balloo. Secure choice seats early in  
the grand stand for both games and  
you will be assured all kinds of ex-  
citement and Recreation Park is a  
restful place.The Delaware episode of the peo-  
ple taking law into their own hands  
instead of waiting for what would  
have been in this case, the sure pro-  
cess of the courts, is unworthy of  
citizens of a free country. The De-  
laware affair has created more  
than the usual interest. Just why  
it should, is hard to conceive. Put-  
ting aside those occurrences in the  
south there have been several cases in  
the north within the last three  
months. On April 16th a negro was  
burned at Joplin, Mo. On April 17th a negro was hanged at  
Thebes, Ill. On June 1st a negro was  
beaten to death at Pittsburgh, Pa.  
On June 6th a negro was burned in  
Belleville, Ill., and on June 22nd  
the Delaware burning took place.  
The record since January 1st, shows  
fourteen persons—12 negroes and  
two whites—summarily disposed of.  
These were divided as follows:  
Five negroes and one white in the  
north and seven negroes and one  
white in the south. When we take  
into account the vast negro popula-  
tion in the south and their half civi-  
lized condition, the preponderance  
of law and order is with the south-  
ern people. If the north had the  
vast hosts of colored people to deal  
with that the south has, records  
show that such cases would be more  
numerous here than there. Here  
with is a list of the cases both north  
and south since January 1st, 1903:  
(The list is not large when we con-  
sider our population of eighty mil-  
lions of people—yet the record  
should not show one person put to  
death without due process of law.)  
Negro burned near New Orleans, Jan-  
uary 27.  
Negro hanged, Wrightsville, Va., Feb-  
ruary 8.  
Negro hanged, Bluefield, W. Va.,  
March 20.  
Negro hanged, Tampa, Fla., March 10.  
Negro shot to death, Shreveport, La.,  
April 12.  
Negro burned, Joplin, Mo., April 16.  
Negro hanged, Thebes, Ill., April 17.  
Two negroes hanged, Haynes Bluff,  
Miss., May 4.  
White man hanged, Madison, Fla.,  
May 20.  
White man hanged, Newcastle, Wyo.,  
May 29.  
Negro beaten to death near Pittsburg,  
Pa., June 1.  
Negro burned, Belleville, Ill., June 6.  
Negro burned near Wilmington, Del.,  
June 22.We are well aware that the char-  
acter of the crime committed by  
these negroes is pleaded as a justifi-  
cation; but that will not do. If  
there is any justification for taking  
law into our own hands, there would  
be no dividing line, and soon we  
would find that some of the most  
trivial crimes would find their pun-  
ishment on the tree or at the stake.

## How to Proceed to Secure Improvements.

Improvements to streets, sidewalks  
and curbs may be initiated at any time  
by a petition signed by one-sixth of the  
property owners on the street to be im-  
proved or by ten freeholders. A public  
hearing is given for objection and if the  
improvement is found advisable and is  
not objected to by two-thirds of the  
property owners on such streets the im-  
provement may be ordered. Such pe-  
tition must be accompanied by \$50.00 as

## Pleasure Trip Ends in Jail.

Early this week John Hogan and  
Katie Walsh of Brooklyn came to West-  
field to enjoy a few days' rest. They  
landed in an Italian boarding house on  
Sussex street and at once began to cele-  
brate. The celebration lasted until  
Wednesday afternoon when it wound  
up in a free-for-all fight among the men  
and women. The Walsh woman was  
knocked off the stoop, was cut and  
bruised and received a black eye. Of-  
ficer Toucey arrived on the scene and  
broke up the session. Hogan was sent  
down to await the action of the grand  
jury, and the Walsh woman was sent  
back to her city home.Union Electrical Co. Locates in Standard

## THE WRANGLING IS OVER.

THE DIRT AND GRADING QUESTION  
ON CLARK PROPERTYHas Been Settled and the Work Ordered  
Done—While Committees Wrangle Cit-  
izens Wade Through Mud and  
Water.For several weeks past the sidewalk  
committee and the road committee have  
been wrangling among themselves as to  
which committee should remove the  
high bank of earth along side of the re-  
cently laid stone sidewalk in front of  
the Clark homestead property on Broad  
street. During all this wrangling the  
citizens have been compelled to wade  
through mud and water. The matter is  
now in a fair way to be settled. At  
Monday night's Town Council meeting  
Councilman at-large, Welles, brought  
the affair to a head. He said the matter  
should be settled at once and the dirt  
removed. Councilman Pierson wanted  
the dirt but did not want to pay for  
carting it away. Chairman Winter of  
the sidewalk committee said he could  
dispose of the dirt at no cost to the town,  
but offered the dirt to the road commit-  
tee if they needed it. The matter was  
discussed at length. Chairman Welles  
finally authorized Councilman Winter  
to have the dirt removed. North  
Broad street citizens may expect  
soon to be able to walk past the Clark  
homestead property without the use of  
stilts.Several complaints were received re-  
garding the poor condition of Westfield  
roads. All were referred to the road  
committee.The treasurer's bond and the bonds  
of two constables were received and re-  
ferred to the law committee.The committee on law and rule sub-  
mitted an ordinance to prevent vice and  
immorality in the town. It was laid on  
the table and later referred back to the  
law committee.The treasurer was authorized to have  
a note discounted for \$1,000.The fire department ordinance was  
held over for two weeks in order that  
necessary changes could be made.A petition was received from ten free-  
holders requesting the curbing and lay-  
ing of a flag walk on Westfield avenue  
(both sides) from North avenue to South  
avenue.The sewer ordinance was passed on  
second reading, with several amend-  
ments.The clerk was authorized to advertise  
for bids for sign boards, painting and  
the placing of them about town. It is  
the intention of the council to nail the  
new metal street signs on these boards  
and wherever possible to securely fasten  
them on telephone and electric light  
poles.Mr. Pierson suggested that if the  
property owners along the block on Elm  
street from Broad street to North ave-  
nue, could be induced to purchase pav-  
ing brick for the gutters it would be up  
to the town to lay them and macada-  
mize the street from gutter to gutter.Westfield may yet have cross walks.  
The proposition was offered for consid-  
eration, the idea being to lay crushed  
stone cross walks. It is still under con-  
sideration.The committee on grade crossings re-  
ported "progress." It may mean that  
something will soon be done with this  
important proposition.The following appointments of com-  
missioners of appeal were made: O. D.  
Reese, 1 year; J. J. Cogger, 2 years, and  
F. S. Taggart and Patrick Traynor each  
for three years. The salary was fixed  
at \$300 per day each for every meeting.The council appointed W. W. Cou-  
nolly, W. E. Tuttle, Jr., and J. T. Pier-  
son, on the board of assessors at a salary  
of \$1.00 each per annum.The Wrestling Bout Takes Place To-  
morrow Night.The great championship wrestling  
bout between Herman Koerner of Gar-  
wood and Walter Sukumsky of Eliza-  
beth, will take place to-morrow night at  
Mooney's Hall, Garwood. The style of  
wrestling will be mixed, best two out of  
three falls. Both men are trained down  
to the minute and the bout will be for  
the championship of the State of New  
Jersey.Koerner has a great following in Gar-  
wood while Sukumsky is a popular fa-  
vorite with his Elizabeth friends.Fifteenth Celebration of Independence  
Day.The fifteenth celebration of Indepen-  
dence Day on the historic camp ground

## This Was a Leaver's Work.

Late Tuesday night just before  
Barkowitz and Braskin closed their cig-  
ar store on Prospect street, some young  
loafer threw a lighted giant fire cracker  
in one of the open rear windows of the  
store. The explosion was terrific and  
jarred boxes and cases off shelves and  
shook the entire building. The name  
of the young rascal who stooped so low  
as to do such a piece of business is known  
to the police and his movements will be  
watched.—Leonard LaRosa and daughter,  
Elsie, of Meriden, Ct., are visiting rela-  
tives in Westfield.—There will be an informal dance to-

OUR NEW steam shirt  
press. The most modern  
piece of laundry ma-  
chinery yet invented.

## SHALL WE GET ACQUAINTED?

We have adopted a new system for ironing. We iron  
all shirts by a new steam heated machine which presses in-  
stead of rubs. We press them perfectly flat, giving you a  
perfect fit. The button-holes and eyelets always match.

## We Will Do Our Part.

The old way of ironing was to put them through a machine under heavy  
pressure with rolls running in opposite directions to get a friction. You will see  
how that wears the linen. The new way there is positively no friction, that's how  
we save linen.We don't believe you would be content with the ordinary way of laundering  
after trying our superior methods. Bosoms never bulge.  
We render you better service, but our prices are no higher.

If you want the NEWS read the Standard.

Third Fourth of July Pete been content to follow the footsies of his worthy parents, might have and from rank in the community, as a youth he was a general favorite of all the gossip, declare that he and Ellen Marbury, only daughter of the leading merchant of the town, were sure to make a match. But Pete had no inclination to work, and little more for study. He spent whole days in the woods or on the river's bank. He was the best wing shot, the cleverest fisherman, and the surest guide in all that country read. He was the life of "bees" and "raisings," could play the fiddle with a dash and spirit that would set the heels of the oldest goid, but he did none of these things with any profit to himself. The game and fish taken he gave away, and the services, with or without his fiddle, were as free as sunshine. He was soon known as a "good-for-nothing" and society, which is, much the same, be it in a country village or a metropolis, ostracized him; not because he was idle, but because he neglected to conform to custom.

But one thing Pete would not part with. About his neck hung a small chamole skin bag which he guarded with the greatest care. He had worn it since his sixteenth birthday. On that occasion Ellen Mayberry had presented him with a small sliver of flax. "It is the most appropriate present," she had said with a light laugh; "you are

PRESENTED HIM WITH A FLAG.

"Stand ready, men, to take him when he is lowered," was the order, and a man, pushing his way through the crowd, sprang across the space cleared by the heat and through the door of the burning store.

"He is Fourth-of-July Pete," cried one.

"It is mad," shouted another. The crowd stood breathless, waiting. At the rear of the long storeroom stood a rack on which were wound coils of rope. Snatching one of the spindles from the frame, Pete threw it over his shoulder and sought his way

WAVED A MESSAGE OF HOPE.

In a little graveyard on the hill overlooking the town there is a modest stone on which is inscribed: "Sacred to the memory of Peter Daniels, Hero and every Fourth of July an elderly woman may be seen kneeling beside the mound watering the flowers with her tears. And often she says, as she stoops above the sacred dust: 'A greater glory than this no man may know.'"

## ANOTHER VICTORY EARNED.

Westfield Ball Tossers Play the Game With a Snap That Carries Victory With It—Score Six to Two.

The Brooklyn Field Club were in against a hard proposition on Saturday when they tackled Captain Mallen's crackers in Recreation Park. It was way along in the seventh inning before they managed to get a man across the plate and they did the same in the eighth giving them the only two runs they could scrape together, while Westfield gathered in six.

Varney, for Westfield, pitched a good game but at no time was it necessary for him to let himself out to the limit.

The great Hops, the man Rochester had early in the season, did the twirling for Brooklyn but the local boys found him enough times to tally six runs.

Umpire Callum did honest work and his decisions were accurate and satisfactory in the extreme to the some three hundred fans who occupied the grand stand.

The score follows:

Goldberg's hot one to short was forwarded to 1st ahead of Goldy. Mallen walked. Burch slugged. McDonald hit to Pechold who forced Mallen at 3rd. Burch and McDonald engineered a pretty double steal. Beck out, Hope to Fleishman.—No runs.

Beck slugged to left scoring Goldberg and McDonald. Fleishman fumbled Pechold's throw of Barry's rap and Barry was safe. Burke doubled to left, scoring Beck and Barry. Hope threw Jones out at 1st.—4 runs.

4th inning—Titus walked but was caught stealing 2nd, Burke to Jones. Brehm batted but the ball reached 1st before him, Burke furnishing the motive power. Varney threw Pechold out at 1st. No runs.

Goldberg walked but was caught trying to make 3rd on Mallen's single to right. Kasper and Pechold did the assisting. Burch fled out to Kessler. Mallen tried to reach 3rd on the out but Kessler's throw was too quick for him and Brehm tagged him.—No runs.

8th inning—Clemmons fled out to Mallen. Kasper singled between 1st and 2nd. Hops singled past short. Titus singled over 2nd scoring Kasper. Burke threw to Jones to catch Titus stealing and Hope tried to score. Jones returned the ball to Burke who tagged Hope out. Brehm walked. Pechold fled out to Beck.—1 run.

Burch was out, Pechold to 1st. Jones out, Brehm to 1st. Varney hit to Fleishman who touched 1st.—No runs.

9th inning—Ward struck out. Burch's careless handling of Fleishman's bound, or gave the latter a life. Kessler struck out. Clemmons flies out to Burch.—No runs.

Burch certainly covers acres of ground at second bag. He is always in the right spot at the right time.

Captain Mallen keeps his players good natured. They are working on the clock work order.

The Brooklyn F. C. defeated the Aeolian's 4-2. Westfield defeated the Brooklyn F. C. 6-2. It would seem that this would place Westfield in a position to eat the Aeolian's (base ball speaking) if the opportunity presented itself.

The quality of ball put up by the Equitable team Saturday against the Aeolian players was away below their average playing. Hopper was at his worst and the organ grinders trimmed him in good style. Friedberg, Reinecker and Lamar of the insurance team, as well as their team mates, were making errors by the dozen while the Aeolian's kept right on playing their little tune which resulted in their win by a score of 10 to 9.

## WESTFIELD CLUB TENNIS NOTES.

The Tennis Committee wish to announce to the members of the Club that arrangements for the season of 1903 have been made to increase general interest in tennis.

It has been decided to hold tournaments to be followed by a "Tennis Tea" and informal subscription dance.

The growing popularity of tennis has induced the Club to make this a special feature for this season. To do this will necessitate the hearty co-operation of all the members of the Club.

Due notice will be sent to every member before the tournament.

## SCHEDULE OF TOURNAMENTS.

Saturday, July 4th, 1903—Club singles; No entry fee, informal dance.

Saturday, July 25th, 1903—Mixed doubles, open entry fee, \$1 for each team. "Tennis Tea" and informal dance.

Saturday, August 22nd, 1903—Men's singles, open. Entry fee, 50 cents. "Tennis Tea" and informal dance.

Monday, September 7th, 1903—Men's doubles, open. Entry fee, \$1 for each team. "Tennis Tea" and informal dance.

## BIG SHOW SCHEDULE.

Here are the dates ahead that will interest base ball fans in this section:

July 4th, a. m., Pearsall A. C.

July 4th, p. m., St. Mary's of Plainfield.

July 11th, Summit A. C.

July 18th, Scotch Plains.

July 25th, at Milburn-Springfield.

August 1st, Allis of Plainfield.

August 8th, at Scotch Plains.

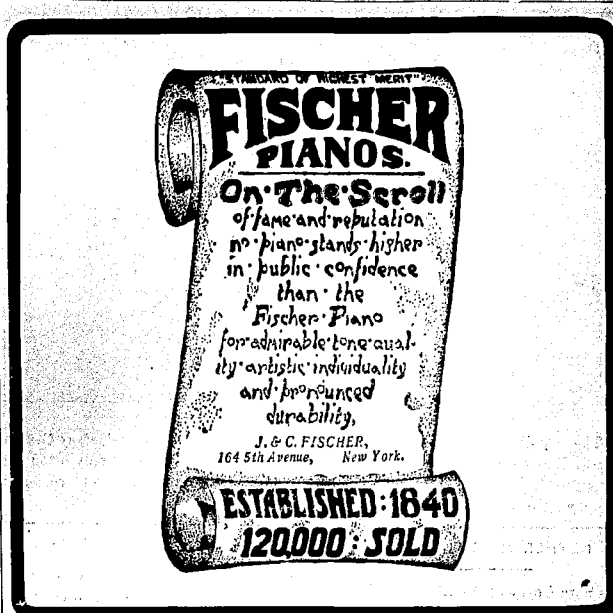

August 16th, Chatham F. C.

It is stated that "Warry" McLaughlin will pitch regularly for the Allis team of Plainfield.

Westfield's former 1st left fielder, McManus, made good Saturday with Scotch Plains. He swatted out a 3 bagger and made three of the 6 runs tallied.

At the Vailburg Board Track, July 4, a splendid cycle tournament will be held at which the crack amateur and professional sprinters in this section will compete. A special feature will be a team match race between Champion Frank Krumer and W. S. Fenn on one side, and Iver Lawson and Floyd MacFarland on the other. They will race a best two in three heats for a \$350 purse.

The two Jersey teams—that representing Jersey in the Eastern League and the aggregation from Jersey City—will meet in a championship contest at Wiedenmayer's Park, Newark, Fourth

of July afternoon. On the morning of the Fourth the teams will play in Jersey City.

Great rivalry, aside from the desire to get ahead in the Eastern League championship battle, exists between these two teams. Newark to date has the best of the argument, having won three of the five games in which the clubs have participated. Jersey City had a little slump in form in the games played last week in Toronto but more than made up for it in Buffalo, where they trimmed the Bisons in good shape.

The Fourth of July game is scheduled to begin at 4 o'clock.

L. S. Plant & Co.'s Great Annual July Bargain Sale.

Always the supreme event of Mid-Summer Merchandising will begin Monday, July 6th. The policy of this concern as everyone knows, is a broad one—Merchandise is never carried over from season to season—not if price can help it.

The importance of this year's sale is absolutely incalculable, inasmuch as all of the Summer weather is yet to come. In fact many have been able to conveniently defer purchasing in anticipation of the Bee Hive's July Bargains. The offerings this season are greater and better than ever before—a determined effort being made to outdo the business of any previous July, and that they have succeeded admirably will be forcibly demonstrated when you acquaint yourself with the quality of the values offered. Not a single department has escaped the mark down pencil—so in justice to yourself, no matter what your needs may be, investigate the economies of this great sale. If interested in price details, write to L. S. Plant & Co., Newark, for their list.

We direct attention to the fact that this store will be closed all day Saturday July 4th, and open Friday evening; otherwise during July and August will close at noon Saturdays, remaining open the Friday evenings before.

## IN MODERN ATHENS.

No place is more renowned as a tourist resort than the glorious City of Boston. First as a seat of learning and second as an historical centre about which is gathered innumerable revolutionary associations than which none are more renowned or more interesting. The City is famed for its hospitality, and nothing is left undone to make the sojourn of the delegate or tourist a period of delight. Within the confines of the City are the notable landmarks—Faneuil Hall, better known as the "Cradle of Liberty"—The old State House, now a museum of revolutionary relics—The North and South Churches, which figured prominently in the early struggle—Bunker Hill and its interesting surroundings. The scene of the Boston Massacre and the location of the Boston Tea Party, while within a short distance of the historic spots of Plymouth, Salem of witchcraft fame, Lexington and Concord, where the most eventful fray occurred, while Medford, Cambridge, Hudson, Lynn, Marblehead, team with the memories of events well known in history.

The Parks in Boston are grand productions of the landscape artist, and these reservations cover hundreds of acres all easily accessible. Cambridge, close to Boston, is the seat of famous Harvard, while Concord treasures memories of Hawthorne, Emerson, Alcott, Thoreau and others, fully as illustrious. The National Educational Association meets in Boston, July 6th to 10th, and the New Jersey Central is prepared to furnish reduced rate tickets for this occasion from all points on its line. ## SUPERANNOUS.

"To what do you attribute the remarkable majority by which you were elected senator?" asked the confidential friend.

"I have just told you," replied Senator Loteman, with some irritation, "what my election expenses were."—Chicago Tribune.

## Lifetime Work of the Heart.

The human heart is practically a force pump about six inches in length and four inches in diameter. It beats 70 times per minute, 4,200 times per hour, 100,800 times per day and 36,792,000 times per year, and 2,575,440,000—say two thousand five hundred and seventy-five million four hundred and forty thousand—times in 70 years, which is "man's appointed three-score years and ten." At each of these beats it forces 2½ ounces of blood through the system, 175 ounces per minute, 650½ pounds per hour, or 7½ tons per day. All the blood of the body, which is about 30 pounds, passes through the heart every three minutes. This little organ pumps every day what is equal to lifting 122 tons one foot high or one ton 122 feet high—that is, one ton to the top of a 40-yard mill chimney, or 16 persons weighing 125 pounds each to the same height. During the 70 years of a man's life this marvellous little pump, without a single moment's rest, night or day, discharges the enormous quantity of 175,350 tons of blood.—Southern California Practitioner.

## Teaching a Dog to Read.

The intelligence of animals seems, as a rule, to be underrated, rather than overrated. A dog breeder described the other day a wonderful collie that had belonged to Sir John Lubbock. "This dog," he said, "would, when it was hungry, lay at its master's feet a card marked 'food.' When it was thirsty it would fetch a card marked 'drink.' When it wanted to take a walk it would bring a card marked 'out.' Sir John Lubbock trained it to do this trick in less than a month. He put the 'food' card over the dog's food, and made it bring the card to him before he would allow it to eat, and in the matter of drinking and going out he used a like method. The cards were similar in shape and color; nothing but the writing on them differed. Since, therefore, the dog distinguished them by the writing alone, it may truly be said that the animal could read."—Nature.

## How Could She?

She had been naughty, there was no doubt about that, and her mamma was administering corporal punishment. All morning she had been perverse, and now, as the maternal hand fell with depressing force upon her small person, she yelled lustily. "Be still, I tell you!" said her mother, without interrupting the business in hand. "Stop crying! Stop this minute!" The small person turned defiantly. "Well, how am I again to stop crying?" she sobbed, "when you keep a-spankin' me all the time to make me cry?"—N. Y. Times.

## Not an English Bulldog.

A snobbish young Englishman, accompanied by a small dog, recently got into a street car and sat down opposite an Irishman. The latter was immediately attracted by the animal, and after some advances, which were brightly received by the master, asked outright what kind of a dog it was. "It is a cross between an ape and an Irishman," was the loud-voiced reply. "Faith, him we're both related to," the "baste" retorted. The Irishman, cheerfully—London Star.

## Private Entrance for President.

The president of the United States will have a private entrance for himself and family in the fine new railroad station now being constructed in Washington. Mr. Cleveland used to escape the crowds by having his driver take him to the forward ends of the trains, instead of entering at the front of the station, but even this refuge is no longer practicable, so the private entrance has been arranged.

## At the Musicate.

He (enthusiastically)—How true to life Miss Warble sang that coon song! She (acidly)—Well, I should say so! Why, she was black in the face.—Judge.

## It Is Just Sense If You Do.

Do you oppose some things just because some person you don't like is for them?—Washington (Ia.) Democrat.

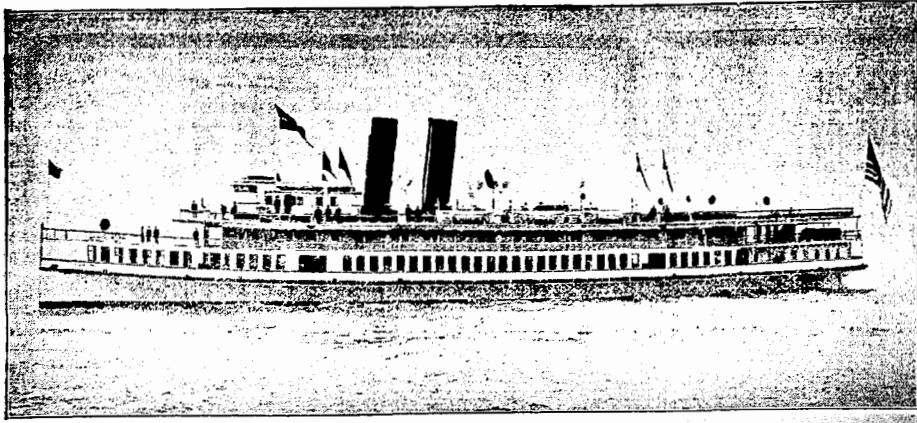

## SECRETARY.

"She doesn't regard their engagement as anything serious." "Why, I supposed he was her intended." "No; only her pretended."—Puck.

## Give Others a Chance.

Don't expect everything; make some concessions to the other side.—Atchison Globe.

The handsome Steamer "Asbury Park" recently added to the Jersey Central's Sandy Hook fleet. It is the fastest Passenger Express Steamer of its kind in New York Bay and is luxuriously fitted out. Patrons of the Jersey coast resorts who use the Jersey Central can congratulate themselves on being able to travel to and from business to their summer homes on such a palatial Steamer.

#### NETHERWOOD HOUSE.

Miss Sara Curry of the Little Missionary Day Nursery, 98 St. Marks Place, New York, with 150 of her children, came out to their Summer Home at Netherwood on Friday, July 3. The house has been enlarged to meet Miss Curry's need of more room than heretofore. It has been papered throughout, painted inside and out, a large annex building erected for the mothers, also a building for the fathers, permitting them thus to come out on Saturdays and be with their families over Sunday. Marvelous has been the growth of this work under God's guidance.

W. H. Burton has asked the privilege of taking the children from the station to the home, in the new and commodious stages he has just put on. Though very busy he has always had time to look for the children.

#### REV. B. G. COLTORTI ORDAINED.

Rev. Bismarck G. Coltorti, pastor of the Italian Mission of this place, was ordained on Monday evening last, by the Presbytery of Newark. The service took place in the First Italian Presbyterian Church of Newark. There was a large attendance, including friends from Montclair and Westfield. Prayer was offered by Rev. Julius Wolff, Jr., and Rev. David W. Lusk read the Scripture lesson from the sixth chapter of Isaiah. Rev. David Fraser, D. D., gave an address from the words, "I heard the voice of the Lord, saying Whom shall I send, and who will go for us? Then said I, Here am I, send me."

The constitutional questions were propounded by Rev. Nelson B. Chester, moderator of the Presbytery. The charge to the candidate was given by Rev. F. Pesaturo, and the benediction was pronounced by the newly ordained

#### AN ENJOYABLE AFFAIR AT THE RESIDENCE OF MR. AND MRS. LAWRENCE BOGERT.

A very pleasant reception commemorating a friendship of years was given to the eminent Saxophone Virtuoso E. A. Lefebvre, so many years the soloist of Gilmore's Band, at the residence of Mr. and Mrs. Lawrence Bogert on Carlton Place, Tuesday evening last. The interior of the house presented a very attractive appearance as it was tastefully and prettily decorated with the stars and stripes.

The entertainment part consisted of several solos by Lefebvre in which all his old time artistic ability was displayed.

"The Pilgrims' Chorus" (Tannhauser), "Lost Chord" "Nocturne" of Chopin, and the ever favorite "Killarney" were among the numbers rendered by him. Miss Helen Gomez, who is a sister to Mrs. Ambrose Bogert and is very celebrated as a reader, recited several selections among which was "Hagar" and a Negro Courtin' Scene with much effect. The Royal Arcanum Male Quartette of Fireside Council, the members of which are Messrs. Robert E. Perry, Moreland T. Townley, Lawrence Bogert and George B. Taylor, rendered among other selections, "Auld Lang Syne," the popular "Heidelberg Quartette" from Prince of Pilsen and as a finale the always favorite good-night quartette, "The Soldiers' Farewell" and Mr. Perry and Mr. Taylor also sang two solos each. Mr. Randolph Stern gave a fine baritone solo. The whole affair was most enjoyable and many of our residents, friends of Mr. Lefebvre, were present.

A little compliment to Mr. Lefebvre, in whose honor the reception was tendered, a card uniquely gotten up, bearing several bars of the song "Killarney" which was one of his famous renditions was inscribed with these lines:

All power to the Saxophone;  
And to its worthy Master.  
May Music's Muse protect him still,  
And guard him from disaster!  
A wizard he, to melt the heart  
With strains, so sweet, so grand;  
Time rolls away; but in his play  
Lefebvre beats the Band!

The occasion concluded with "America" rendered by the Saxophone and chorus of those present. During the evening Mr. Lawrence Bogert officiated at the piano in his luminable, artistic accompanying of the various musical numbers.

One of the unique features of the colation was the serving of ice cream with an American Flag waving from the top of each cream brick.

#### BRANCH MILLS.

C. W. Schoonhoven led the U. E. meeting Sunday evening.

Mrs. R. A. Fowler and family arrived at their home here on Tuesday for the summer months.

Charles French of Newark spent Sunday with Charles French.

The Camp Fire Club of Springfield gave an entertainment at the Branch Mills Chapel Tuesday evening.

Mrs. Hannah Miller is still very ill at her home.

#### Garwood.

The Asolian works are closed down on account of stock taking.

C. W. Littlefield, proprietor of the Manhattan hotel, is considering changing the name of his hotel property to "The Elks." Mr. Littlefield comes to Garwood with an excellent reputation as an hotel man.

The Asolian base ball manager feels quite elated over Saturday's victory over the crack Equitable Life team of ball tossers.

L. J. Coombs, former proprietor of the Manhattan Hotel, has taken the Westfield agency for the United States Long Distance Automobile Co.

Mayor Morse is quite an enthusiast over base ball. Nearly every Saturday he is a patron of the Garwood A. O. and has proven to be quite a rooter for the home team.

—Miss Helen Gomez, of Brooklyn, is the guest at the home of Mr. and Mrs. W. H. Gomez, of Carleton place.

Of Dr. Pierce's Golden Medical Discovery," writes Mr. Hilary Koons, of Queens, W. Va. "When I commenced to take this medicine I weighed one hundred and thirty pounds. I have taken six bottles of Dr. Pierce's Golden Medical Discovery and three vials of his 'Pleasant Pellets,' and am glad to say I feel like a new man. I now weigh one hundred and seventy-five pounds. When I had used one bottle of the medicine I could feel it was helping me. I realize Dr. Pierce's Golden Medical Discovery is the best medicine on earth."

Dr. Pierce's Golden Medical Discovery purifies the blood and entirely eradicates the poisons that breed and feed disease. It cures scrofula, eczema, erysipelas, boils, pimples and other eruptions that mar and scar the skin. Pure blood is essential to good health. The weak, run-down, debilitated condition which so many people experience is commonly the effect of impure blood. Dr. Pierce's Golden Medical Discovery not only cleanses the blood of impurities, but it increases the activity of the blood-making glands, and it enriches the body with an abundant supply of pure, rich blood.

FREE. Dr. Pierce's Common Sense Medical Adviser is sent free on receipt of stamps to pay expense of mailing only. Send 21 one-cent stamps for the book in paper covers, or 31 stamps for the cloth-bound volume. Address Dr. R. V. Pierce, Buffalo, N. Y.
